

Acknowledgments

This document was prepared by the Education and Information Division (EID), Paul Schulte, Ph.D., Director. Thomas Lentz, Ph.D.; Kathleen MacMahon, D.V.M.; Ralph Zumwalde; and Clayton Doak were the principle authors of this document. Other members of the Document Development Branch, in particular Marie Haring Sweeney, Ph.D., were extremely helpful in providing technical reviews and comments.

For contributions to the technical content and review of this document, the authors gratefully acknowledge the following NIOSH personnel:

Education and Information Division

Heinz Ahlers, J.D.
John Bailer, Ph.D.
Jeff Bryant
David Dankovic, Ph.D.
Jerome Flesch
Charles Geraci, Ph.D.
Stephen Gilbert
G. Kent Hatfield, Ph.D.
Eileen Kuempel, Ph.D.
Bonita Malit, M.D.
Richard Niemeier, Ph.D.
Ronald Schuler
John Sheehy, Ph.D.
Randall Smith
Leslie Stayner, Ph.D.
David Votaw
Joann Wess
John Whalen

Division of Applied Research and Technology

Paul Baron, Ph.D.
Kevin H. Dunn
Joseph Fernback
Laurence Reed
Lloyd Stettler, Ph.D.
Mark Toraason, Ph.D.

Division of Surveillance, Hazard Evaluations, and Field Studies

Mitchell Singal, M.D.

Division of Respiratory Disease Studies

Donald Campbell
Robert Castellan, M.D.
Daniel Hewett
Paul Hewett, Ph.D.
Mark Hoover, Ph.D.
Paul Middendorf, Ph.D.
Ernest Moyer, Ph.D.
John Parker, M.D.
Lee Petsonk, M.D.

Health Effects Laboratory Division

Vincent Castranova, Ph.D.
Dan Lewis
Kenneth Weber, Ph.D.

Pittsburgh Research Laboratory

Andrew Cecala

Office of the Director

Frank Hearl, P.E.
Anita Schill, Ph.D.
Rosemary Sokas, M.D.

Acknowledgments

The authors wish to thank Susan Afanuh, Vanessa Becks, Gino Fazio, Anne Hamilton, and Jane Weber for their editorial support and contributions to the design and layout of this document. Clerical support in preparing this document was provided by Judith Curless, Pamela Graydon, Rosmarie Hagedorn, Norma Lou Helton, and Kristina Wasmund.

Finally, special appreciation is expressed to the following individuals and organizations for serving as independent external reviewers and providing comments that contributed to the development of this document:

Chris Burley
European Ceramic Fibres
Industry Association
Paris, France

John Cherrie, Ph.D.
Liberty Safe Work Research Centre
Aberdeen, United Kingdom

John Dement, Ph.D.
Duke University Medical Center
Durham, NC

William Kojola
AFL-CIO, Safety and Health Department
Washington, DC

David Lai, Ph.D.
Office of Pollution Prevention and Toxics
U.S. Environmental Protection Agency
Washington, DC

Grace LeMasters, Ph.D.
University of Cincinnati, College of Medicine
Cincinnati, OH

Morton Lippmann, Ph.D.
New York University, School of Medicine
Tuxedo, NY

James Lockey, M.D.
University of Cincinnati, College of Medicine
Cincinnati, OH

Peter McClure, Ph.D.
Syracuse Research Corporation
North Syracuse, NY

Eugene McConnell, D.V.M.
ToxPath
Raleigh, NC

National Insulation Association
Alexandria, VA

Dennis O'Brien, Ph.D.
United Automobile, Aerospace and
Agricultural Implement Workers of America
Detroit, MI

Refractory Ceramic Fibers Coalition
Washington, DC

Carol Rice, Ph.D.
University of Cincinnati, College of Medicine
Cincinnati, OH

Jolanda Rijnkels, Ph.D.
Health Council of the Netherlands
Den Haag, The Netherlands

Scott Schneider
Laborers' Health and Safety Fund
of North America
Washington, DC

Jay Turim, Ph.D.
Sciences International, Inc.
Alexandria, VA
