

Building A North Plaza Closure

Entrance will be closed to restore the granite, repair the waterproofing and install new lighting.

Dates: June 1, 2009 - January 1, 2010

Notes: ADA Entrance Temporarily Relocated to South Entrance

From June 1st, 2009 to January 2010, the ADA-accessible entrance to Court Building A will be on the *south* side of the building, rather than the north side, where it has been previously. This means that those requiring an ADA-accessible entrance should go to the entrance that is on E Street, just east of 5th Street, rather than going to the F Street entrance.
