SUPPLEMENTARY INFORMATION: Effective March 22, 2006, the Commission established a schedule for the conduct of the subject full reviews (71 FR 16178, March 30, 2006). Subsequently, counsel on behalf of domestic interested parties, IPSCO Steel, Inc., Mittal Steel, Nucor, and Oregon Steel Mills, requested that the Commission postpone its deadline for the filing of prehearing briefs for the cut-to-length plate portion of the reviews by one day. Counsel cited the burden of filing prehearing briefs on cut-to-length plate and corrosion-resistant steel on the same day.¹ No party to the reviews objected to the requested postponement. The Commission, therefore, is revising its schedule to incorporate this change to the schedule of the reviews.

The Commission's new schedule for the reviews is as follows: the deadline for filing prehearing briefs for the CTL steel plate portion of the reviews is October 6, 2006.

For further information concerning these reviews see the Commission's notice cited above and the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

¹ Correspondence of September 5, 2006, from Wiley Rein & Fielding, Schagrin Associates, and Stewart and Stewart.

AUTHORITY: These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission.
