MEMORANDUM FOR CEMVN-ED-F
CEMVN-ED-H
CEMVN-ED-S
CEMVN-ED-C
CEMVN-ED-G
CEMVN-ED-L

SUBJECT: Lake Pontchartrain, LA and Vicinity Hurricane Protection, High level Plan, Orleans Parish, Review of Plans and Specifications for London Avenue Outfall Canal, Floodproofing Robert E. Lee Blvd. Bridge

1. The Orleans Levee Board entered into a contract with a local engineering firm to prepare plans and specifications for the subject project. The enclosed plans and specifications are being submitted by the firm to meet their **95%** input submittal requirement. The responses to your 50% review comments (if any made) are enclosed.
2. Please review the plans and specifications to detect and correct errors or conflicts and return them, along with your comments, at the earliest practicable date, but not later than **14 April 03**. All major comments must be addressed in the responding memorandum. Only minor comments should be marked in the specifications or on the drawings.
3. Charge all review work to labor code ~~130022~~ ^{L67271}.
4. Points of contact are Craig Waugaman, X-2673 or Darryl Bonura, X-2653.

JORGE A. ROMERO, P.E.
Functional Team Leader (FTL)
