

NON-TAX COLLECTED REVENUE  
SURVEY  
2008

LEGISLATIVE BUDGET BOARD

## ARTICLE IX SECTION 7.08

### Reporting of Fees, Fines, and Penalties

- (a) Before November 1 of each fiscal year, each state agency and institution of higher education shall report to the Legislative Budget Board in the manner prescribed by the Legislative Budget Board all fees, fines, and penalties assessed and all fees, fines, and penalties assessed but not collected by the agency or institution during the prior fiscal year.
- (b) Each report made under this section shall detail the effort made by the reporting state agency or institutions of higher education to collect fees, fines, and penalties that are more than ninety days past due.

### ARTICLE I - GENERAL GOVERNMENT

#### 542 Cancer Prevention and Research Institute of Texas

From 9/01/07-06/30/08, the Texas Cancer Council (Agy 527) collected, \$8,816 from the sale of the Texans Conquer Cancer License Plate. From 07/01/08-8/31/08, the Texas Cancer Council transferred into the Cancer Prevention and Research Institute (Agy 542). At this point, deposits from the sale of the license plate were deposited into the new agency for a 2 month total of \$2,040. All deposits are reported under agency 542, because agency 527 did not have the revenue information established.

TXDOT collects all proceeds from the sale of the license plates and makes the deposits to the GR-D fund 5090.

#### 304 Comptroller of Public Accounts

\*Note: (Object Code 3196-Racing Pool/State Share/Greyhound)

There were three number of Individual/Groups assessed in the first four months of the fiscal year.

\*\*Note: (Object Code 3206-Insurance Companies Fees, Certified Capital Companies)

Figures for fiscal year 2008 include 10 companies paying \$5,000 in renewal fees for now expired Program 1 and nine companies paying \$7,500 in registration fees for new Program 2.

\*\*\*Note: (Object Code 3215-Life Valuation Fees)

Eliminated by HB 1849, 80th Legislature, effective September 1, 2008.

\*\*\*\*Note: (Object Code 3593-Waste Tire Fee)

Fee expired December 1997. Various entities are making payments due to audit assessments, unpaid returns, and bankruptcy payouts.

\*\*\*\*\*Note: (Object Code 3704-Judicial Compensation Increases, Juvenile Probation Hearings)

The total amount collected in FY 2008 includes Object Code 3704-Order of Non-Disclosure and Object Code 3704 Drug Court.

#### 303 Facilities Commission

Programs reported in prior years for TBPC have since transferred to the CPA pursuant to HB 3560, 80R.

### ARTICLE III - AGENCIES OF EDUCATION

#### 714 The University of Texas at Arlington

Flat rate tuition consists of Designated tuition before deregulation, which is \$46/sch, and Designated tuition after deregulation(over \$46 sch). The deregulated Designated Tuition fee rate per SCH varies from \$74.72 to \$189.42 based on the number of semester credit hours a student takes.

Enhanced Designated Tuition for Business, Nursing, and Engineering is included in the Designated Tuition amount with fees as follows:

Business - Upper & lower level courses \$15/sch; Graduate level courses \$30/sch

Nursing - Upper level courses \$20/sch; Graduate level courses \$30/sch

Engineering - Lower level courses \$10/sch; Upper level courses \$15/sch; Graduate level courses \$25/sch

Other Miscellaneous Fees (net of amount not collected) are made up of the following:

Undergrad application fees	\$665,421.55
US Grad Application admission deferral fee	12,600.00
Graduation application fees	229,105.99
US Student application fee	110,860.00
International Grad student readmission fee	246,326.69
International grad application admissions deferral fee	15,690.00
Grad reinstatement fee	16,800.00
Field trip fee	47,453.72
Transcript fee	307,001.30
Duplicate diploma fee	7,544.52
Payment deadline fee and drop fee	100,490.19
Tuition installment fee	143,823.30
Optional student fees	406,746.71
Library fines	58,145.23
Lost charges	48,672.61
Late registration fee	56,860.85
Returned check fee	8,974.73
College of business grad services fee	7,452.00
Forfeited deposits - housing	92,500.00
Career services fee	23,371.45
Student fee	23,607.66

## Agency/Detail

---

until fee caps at \$250.00.

- 6 Includes the following fees: Career Practical Training, Reinstatement, Check cashing, Return check, Installment interest, library fines; Orientation, Industrial Practical Program, ATEC, Comet Card replacement and Student Insurance. Transcript Fee, Short Term Loan Late Fees

### 724 The University of Texas at El Paso

Collections reported are collections for all years, not just the specified fiscal year, i.e. collections for FY 2007 includes collections for assessments in 2007 and prior years' outstanding balances.

Lab & Course Fees/Miscellaneous Fees - cannot accurately provide a number of individuals assessed as it may result in duplicate counting as these fees may affect the same student multiple times.

### 742 The University of Texas of the Permian Basin

Parking permit fees vary according to parking location on campus and type of permit (student or staff/faculty). Fees range from \$17.50 to \$115 per permit.

Other miscellaneous fees are various incidental type fees such as add/drop fee, transcript fee, or graduation fee. Fees range from \$5 to \$65 per transaction.

### 743 The University of Texas at San Antonio

During fiscal year 2008, approximately 0.34% of all fees, fines or penalties assessed by UTSA, are currently uncollected. In other words, over 99.7% of all revenues assessed during fiscal year 2008 have been collected. The amount of accounts receivable write-offs (for balances over 2 years past due, e.g. uncollectible fees originally charged in FY0506) totaled \$550,143 (0.37%) out of a total student revenue of \$148,092,185.

The revenue types with the largest uncollectible rates as a percentage of total revenue continue to be from loan late fees and interest due which we have less leverage to collect the outstanding debt, or in circumstances where we are already working with the student to pay the debt owed. These amounts are relatively insignificant when compared to the total of all revenue collected. The fees that have the largest receivable dollar amounts are designated tuition and housing charges. However, the bad debt rates on these fees as compared to the total revenue collected are very small. Apparently our payment and hold policies are working as expected.

### 758 Texas State University System

Paul Klein closed this agency per phone call from Claire Jackson.

# Footnotes

## Agency/Detail

---

### 993 El Paso Community College

At this time, we are unable to determine how much of the revenues have been collected. That is why only the assessed amount has been reported as in the previous year.

### 948 South Texas College

Currently South Texas College practices internal collections and uses the following tactics:

- Mailed statements
- Courtesy calls to notify students a balance is coming due
- Past due phone notification once an account is in default
- Collection calls
- After South Texas College has worked on a past due account for an average of three months it is then transferred over to a third party collection agency.
- Once an account is at a third party collection agency the student's balance is turned over to the credit bureau within a month to reflect the student's credit worthiness.
- Students with delinquent accounts will be denied registration and have holds placed on their records until payment is rendered.

The amounts reflected on this report are based on unaudited financial statements and reflect information available as of November 13, 2008.

### 980 Southwest Texas Junior College

In addition to the uncollected amounts presented, \$4,618,183 of tuition, fees and auxiliary revenue was from federal and state grants to students. Amounts accounted for as not collected do not include exemptions and waivers in the amount of \$874,421.

### 986 Victoria College

All returned checks are given 10 days to repay the check, plus fees. Those who have not paid by 10 days are turned over to the Victoria County Criminal District Attorney for collection and prosecution.

### 727 Texas Transportation Institute

Agency 727 (Texas Transportation Institute) does not have any non-tax collected revenue (NCR) such as fines, fees and penalties for the reporting period Fiscal Year 2008.

# Footnotes

## Agency/Detail

### ARTICLE IV - THE JUDICIARY

#### 201 Supreme Court of Texas

Fees for other services are due before the service is performed. If a payment for a license fee is returned to the Court for insufficient funds, the Clerk's office notifies the licensee that the license may be revoked if payment is not received within (30) days. This process has produced a 100% collection rate on licenses.

Because fees are collected before matters are forwarded to the Court for consideration and before a service is performed, past due fees are not tracked.

#### 221 First Court of Appeals District, Houston

Please note that these are reported revenues and that "Not Collected" plus "Collected" may not add up to "Assessed". The reason being that the "assessed" amount includes "not collected" and "collected" in addition to "exempt", "indigent", "refund", "transfer", and "unknown" payment status.

Also, during pendency of an appeal, the Clerk issues a series of letters relating to payment of the filing fee, and other fees associated with prosecution of an appeal. Failure to pay a filing fee can result in dismissal of the appeal. The judgment directs that unpaid fees be paid.

#### 222 Second Court of Appeals District, Fort Worth

Of the amounts reported as "Not Collected", \$6,825 (or 2.6%) relate to cases where a notice of appeal was filed, payment was not received and the case was dismissed for various reasons, such as lack of jurisdiction, before the case went through the "submission" process at the court.

#### 223 Third Court of Appeals District, Austin

Of the amounts reported above as "Not Paid", \$3640.00 or 4.79% of assessed fees are related to cases where a notice of appeal was filed; payment was not received; and the case was dismissed for various reasons (i.e. lack of jurisdiction) before the case went through the Court's "submission" process. The remaining uncollected fees, due to end of year filings, should be collected in the following weeks.

#### 226 Sixth Court of Appeals District, Texarkana

Of the amounts reported above as "Not Collected," \$1,450 relates to cases where a notice of appeal was filed, payment was not received, and the case was dismissed for various reasons, such as lack of jurisdiction, before the case went through the "submission" process at the court.

#### 228 Eighth Court of Appeals District, El Paso

The Court continues to make every effort possible to collect all required filing fees in a timely manner. However, due to the nature of the appellate process there are cases filed and dismissed prior to collection. Of the amount not collected (\$2,802), \$2,525.00 relates to cases dismissed prior to collection (case did not go through the complete "submission" process and was dismissed for various reasons, such as lack of jurisdiction), making collection impossible.

The Court did dismiss one case (\$175.00) for failure to pay the filing fee, and two (\$250.00) original proceedings did continue through the appellate process without payment but were both filed by a pro se.

#### 229 Ninth Court of Appeals District, Beaumont

Of the fees reported as "Amount Not Collected", \$3270.00 involves cases wherein Notice of Appeals were filed, payment of fees were not received, and cases were dismissed.

#### 230 Tenth Court of Appeals District, Waco

A total of \$1,935 (\$1150 filing, \$200 supreme court, \$100 indigent, \$65 motion, \$20 fax fee) was written off during FY 2008. This amount is included in the amount assessed & amount not collected categories.

# Footnotes

## Agency/Detail

---

### 233 Thirteenth Court of Appeals District, Corpus Christi-Edinburg

The Court continues to make every effort to collect as much revenue as possible. Of the amounts reported above as "not paid", these amounts relate to cases where a notice of appeal was filed, payment was not received, and the case was dismissed for various reasons, such as lack of jurisdiction, before the case went through the "submission" process at the court.

### 234 Fourteenth Court of Appeals District, Houston

Of the amounts reported above as "Not Paid," those not collected relate to cases where a notice of appeal was filed, payment was not received, and the case was dismissed for various reasons, such as lack of jurisdiction, before the case went through the "submission" process at the court. The court continues to make every effort to collect all fees relating to each case at the time of filing, followed by reminder notices when applicable.

### 212 Office of Court Administration, Texas Judicial Council

In accordance with Texas Government Code, Chapter 52, the Court Reporters Certification Board is charged with setting fees, subject to approval by the supreme court, for the court reporting profession. In accordance with Texas Government Code, Title J, Chapter 111, the Guardianship Certification Board is charged with setting fees, subject to the approval of the supreme court, for certified professional guardians. The fees set by both of these governing boards and collected by OCA are presented in this schedule.

### ARTICLE V - PUBLIC SAFETY AND CRIMINAL JUSTICE

#### 401 Adjutant General's Department

The Adjutant General's Department does not collect license, registration, certification, professional, or subscription fees.

#### 458 Alcoholic Beverage Commission

The Texas Alcoholic Beverage Commission (TABC) converted to a new licensing system in the Summer of 2005. With this system, funds are deposited into the agency's suspense account then assigned by Licensing Staff to the proper Agency Revenue Object and Comptroller Revenue Object based on permit type. The revenue is then recognized and moved from our suspense account into the proper revenue code.

At the time this report was compiled, TABC had \$191,732 in unassigned revenue in our suspense account. Based on fees collected in FY 2008, 38% of the unassigned revenue is estimated to be recognized as surcharges and 62% is estimated to be recognized as permit/license fees. Therefore, this fee survey estimates the unassigned surcharges to be \$72,858 and the unassigned permit/license fees to be \$118,874.

#### 665 Juvenile Probation Commission

During the fiscal year 2008, approximately 8% of all registration fees not collected were due to speaker and TJPC staff waivers.

Additionally, the \$2,888 shown in the "Amount Not Collected" field, for sale of publications was received after fiscal year 2008 ended.

#### 694 Youth Commission

The Texas Youth Commission does not have Non-Tax Collected Revenue.

There is nothing to report in accordance with HB 1, 80th Leg, RS, Art IX, Sec 7.08. Reporting Fees, Fines and Penalties.

# Footnotes

---

### ARTICLE VI - NATURAL RESOURCES

#### 551 Department of Agriculture

COBJ 3175 Professional Fees and COBJ 3770 Administrative Penalties were added 9/1/2007 with the addition of Structural Pest Control Service.

COBJ 3400 (AOBJ 4411) Pesticide Dealer licenses- increase in 2008 due to biennial renewal cycle.

COBJ 3400 (AOBJ 4414) Public Weigher fees -Increase in fees for 2008 due to license change. Each individual Public Weigher must now have their own license.

COBJ 3404 (AOBJ 4404) Citrus Budwood & Grove Cert - decrease in 2008 due to citrus varieties that have been removed.

COBJ 3410 (AOBJ 4410) Pesticide Product registration - increase in 2008 due to biennial renewal cycle.

COBJ 3414 (AOBJ 4441) Citrus Maturity Stamp Fees - In 2008 a reimbursement for \$84,444.18 was erroneously coded as revenue. The revenue amount in USAS will show \$115,731.01 and it should only be \$31,286.83.

COBJ 3420 (AOBJ 4420) Livestock Import/Export processing fees - increase in 2008 due to Texas/Mexico border opening for cattle 5/21/08.

COBJ 3435 (AOBJ 4436) Aquaculture/Shrimp Assist - increase in 2008 due to invoices mailed out to collect from Shrimp farms for prior years that did not pay into program.

#### 554 Animal Health Commission

Certificate of Veterinary Inspections (Health Certificate)

This fee is for the purchase of health certificate forms. The fee is paid prior to shipment of forms, so there are no collection issues.

Fowl Registration

This fee is collected at the time the seller/distributor/transporter completes the registration form so there are no collection issues. The registration is valid for one year and renewal notices are sent to registrants each year. The registrant must complete a new registration form and submit it with their fee if they are still a seller/distributor/transporter.

#### 592 Soil and Water Conservation Board

No fees

# Footnotes

## Agency/Detail

---

### ARTICLE VIII - REGULATORY

#### 360 State Office of Administrative Hearings

The State Office of Administrative Hearings (SOAH) does not issue licenses or assess fees; however, SOAH does bill monthly for reimbursement of services and recognizes this as Hearing Services Revenue (COBJ 3765). The entities billed for these services include both state agencies and institutions of higher education.

#### 508 Board of Chiropractic Examiners

The Board of Chiropractic Examiners does not use agency codes to track revenues to the detail on this report. The numbers reported are the best estimates of management based on licensing data available. The totals reported do match the revenues recorded in USAS for FY 2008 for each of the 3 revenue codes.

#### 504 Texas State Board of Dental Examiners

The total amount collected in FY2008 may not match the amount assessed due to collections received from prior fiscal years.

#### 454 Department of Insurance

Revenue from the following funds are not included in this document for the reasons explained below.

##### Texas Workers' Compensation Self Insurance Security Trust Fund

The Texas Department of Insurance does not believe these funds should be included in the collected revenue report because they are fiduciary type funds. The funds are held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs.

##### Catastrophe Reserve Trust Fund

The Texas Department of Insurance does not believe these funds should be included in the collected revenue report because they are fiduciary type funds. The funds are held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs.

##### Unclaimed Dividend Trust Fund

The Texas Department of Insurance does not believe these funds should be included in the collected revenue report because they are fiduciary type funds. The funds are held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs.

##### Private Purpose Insurance Estates Fund

The Texas Department of Insurance does not believe these funds should be included in the collected revenue report because they are fiduciary type funds. The funds are held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs.

#### 450 Department of Savings and Mortgage Lending

Two registered financial services companies were assessed \$330,763 for FY08. One of the companies prepaid their FY09 fee and the agency collected total of \$530,763 during FY08.

#### 473 Public Utility Commission of Texas

Included in the "Amount Not Collected" is an assessment of \$500,000 made on 8/29/2008 and due 9/28/2008 that was collected on 9/15/2008.

## APPENDIX B

### PAST DUE COLLECTION SUMMARY

# Past Due Collection Summary

(As Submitted by Agencies)

## Agency/Comments

---

### ARTICLE I - GENERAL GOVERNMENT

#### 813 Commission on the Arts

Texas Commission on the Arts does not have any fees, fines or penalties that are more than 90 days past due.

#### 302 Office of the Attorney General

Object Code 3014 Motor Vehicle Registration Fees: Big Brothers/Big Sisters License Plate Fees and AG Volunteer Advocate Program (CASA) License Plate Fees. These fees are collected by the Texas Department of Transportation (TxDOT) and transferred to the OAG. TxDOT has the detail on the collections.

#### 356 Texas Ethics Commission

When a required report is not filed or filed late, a letter is sent to the filer notifying them that a late penalty has been assessed. This letter is sent 15 business days after the filing deadline. When payment is received, the collection process stops. If we receive an affidavit raising a defense as to the lateness, the account is placed on hold until validation is made regarding the defense. First the commission staff determines whether it has the authority to administratively waive the fine. If the staff does not have that authority then the defense is presented to the commission. If the fine is waived, the collection process ends. If the defense is rejected, the filer has 30 days to pay the fine before being referred to the Office of the Attorney General (OAG) for collection.

If we don't hear from the filer within 15 days after the initial letter is sent, a second letter goes out informing the filer that he/she is being referred to the OAG for collection. If we receive an affidavit of defense after the filer receives the second late letter, the account is placed on hold until a determination is made whether to waive the fine or present the filer's defense before the commissioners. If the fine is waived, the collection process ends. If the defense is rejected, the filer has 30 days to pay the fine. If we have not heard from the filer after sending the 1st and 2nd late letters, the filer's account will be sent to the OAG for collection.

When the delinquent filer is referred to the OAG they are also placed on warrant hold status with the Comptroller's Office which will prevent the filer from receiving any payments from the state (with the exception of payroll payments) until the delinquent amounts are paid. Additionally, we post a list of delinquent filers to the Texas Register for publication. An affidavit of defense or a request for reconsideration of a determination by the commission can be received at any time and will be considered unless the OAG has begun litigation proceedings.

We also provide payment plan options for individuals which meet the following terms:

1. The fine, fee, or penalty is greater than \$500, but less than \$1,000; and
2. The individual can make an initial payment of 50% of the total fine; and
3. The payment plan cannot exceed six months.

We are waiving any and all late fees contingent upon the individual making payment arrangements before the due date of the fee, fine, or penalty.

We verbally advise individuals of their payment options, as well as providing a printed sheet with the same options at the time of the fee, fine, or penalty is assessed.

# Past Due Collection Summary

## Agency/Comments

---

### ARTICLE II - HEALTH AND HUMAN SERVICES

#### 537 State Health Services, Department of

Statement Provided by DSHS Regulatory Services -

Pursuant to Texas Govt. Code Chapter 2107, the Department reports uncollected and delinquent obligations to the Attorney General for further collection no later than 90 days after the debt become delinquent. We have always complied with that mandate. Our process in Enforcement is as follows:

Immediately after a debt becomes delinquent, we issue a Demand Letter via certified/regular mail advising the debtor should they not pay the delinquent debt within a specified timeframe, their case will be forwarded to the Office of the Attorney General (OA) for the State of Texas for collection. Further, that any lawsuit filed by the Attorney General's Office for collection would include the full amount of the debt, plus interest, court costs and attorney fees.

We typically have a 65% response rate after issuing a Demand Letter. In those cases where no response is received, we immediately prepare a referral to the OAG and forward that referral to our General Counsel by the 60th day after the debt came due, who then forwards the case to the AG for collection.

#### 529 Health and Human Services Commission

Global Settlements cases are cases that are worked by other entities, such as the Texas Office of the Attorney General (OAG), the U. S. Justice Department, etc. The State via OIG ultimately receives/recovers the administrative penalties in these cases. NOTE: If the 18 settlement case was worked by the OAG's Medicaid Fraud Control Unit (MFCU) and the OAG is reporting the recovery of administrative penalties in these Global Settlement cases, then the recovery may be counted twice by the LBB.

# Past Due Collection Summary

(As Submitted by Agencies)

## Agency/Comments

### ARTICLE III - AGENCIES OF EDUCATION

#### 720 The University of Texas System Administration

U. T. System Administration collects all parking fees through either payroll deductions or in advance.

#### 714 The University of Texas at Arlington

The University of Texas at Arlington utilizes the following methods to collect the fees, fines, and penalties that are more than ninety days past due:

- (1) Transcript holds are placed on all past due accounts.
- (2) Various delinquent notices are mailed to students.
- (3) Monthly account statements are mailed, with assessment of delinquent accounts receivable fee.
- (4) Students who owe prior semester debt, regardless of the age of the debt, are required to pay all past due amounts, plus the minimum required current semester payment to prevent withdraw for non-payment in subsequent semesters.

Write-off occurs when a student is no longer enrolled, and any portion of the student's account is past due 90 days. Upon write-off, transcript and enrollment holds are placed on student accounts, and they are submitted to a collection agency, with collection fee assessment. Each collection agency maintains the account for one year, credit bureau reporting, and returns the account to the university after one year of no activity. The university continues submitting the student's account to a total of five agencies, until the debt is collected. Debt in excess of \$250, not collected by collection agencies, is forwarded to the Office of General Counsel for litigation.

#### 721 The University of Texas at Austin

Tuition & Fee Collection Procedures: Students who have unpaid tuition bills at the time of established payment due dates have their registration cancelled. Therefore, all enrolled students must pay their original tuition registration bill or one-half of the bill amount if the student selects the installment payment plan. Students electing to pay on the three-payment installment plan must sign a promissory note.

Students who have unpaid add bills or installment bills have a "financial bar" placed on their account. The bar prohibits them from registering for the next semester, receiving grades, transcripts, or diplomas until the balance is paid in full.

At the end of each semester, students with past-due tuition and fee balances are contacted and informed that the balance will be reported as delinquent to a credit bureau. Students are given the opportunity to sign a payment agreement, which, if maintained, will prevent the negative credit report but will not remove the financial bar.

#### 738 The University of Texas at Dallas

We are utilizing two internet skip tracing tools to locate students with outstanding balances. The first tool Metronet, an Experian product, has been in production since fall of 2004.

The second tool, Public Data.com, went into production October of 2005. The students often move and change their location, therefore these tools will assist us in contacting students who maybe unaware of their balances. These products will also assist us with the due diligence process ensuring that those students who choose to ignore balances are notified of the consequences.

Additional collection efforts include a dedicated Tuition and Fee Collections Counselor who contacts students personally, through letters/emails, final demand letters; after which, the unpaid balances are turned over to outside collection agencies.

The ultimate goal of our collection efforts is to contact each account personally with the smaller accounts being contacted through skip tracing and letters. All accounts which do not set up a repayment schedule will be forwarded to outside collection agencies for the final stage of the collections effort. If the agencies are unsuccessful the accounts are sent to The Office of General Counsel for legal action.

# Past Due Collection Summary

(As Submitted by Agencies)

## Agency/Comments

---

With a concerted collection effort utilizing the latest collection tools, a more focused internal collections effort, additional collections personnel, and the use of outside collection agencies; the collections department will be able to maximize collections while ensuring full circle collections efforts have been completed.

### 724 The University of Texas at El Paso

Student accounts with a promissory note are identified and forwarded to a Collection agency before being 90 days past due. Student accounts without a promissory note and an account balance greater than \$100.00 are identified and mailed a 30 day due diligence letter. If a student replies within the 30 days, a written repayment agreement is negotiated with the student. If a student does not respond to the 30 day due diligence letter, the account is forwarded to a Collection agency. Student accounts with balances from \$50.00 to \$99.99 are identified and are mailed a letter advising of account balance. These accounts are not forwarded to a Collection agency. Student accounts under \$50 are identified but no collection effort is initiated.

### 736 The University of Texas - Pan American

#### Collection Efforts

Accounts are considered delinquent at 90 days old. Students with balances are mailed two statements each semester. Delinquent accounts are submitted to the Texas Identification Number System (TINS) maintained by the Office of the State Comptroller for establishment of a warrant hold pursuant to TEX. GOV'T CODE ANN. §403.055 (Vernon Supp. 2003). The university's threshold for submission to TINS is currently \$250. The university may lower the TINS submission threshold in the future to further increase collections.

### 747 The University of Texas at Brownsville

#### Past Due Collection Summary

Ongoing efforts are diligently performed to collect past due balances from all students, whether they have a delinquent payment plan in effect or simply have a residual balance due to the University for registration activities occurring during and after the first class day. The collection efforts include semi-monthly telephone calls, electronic & paper invoicing and email notifications encouraging communication and payment of all outstanding balances. It is the University's policy to place a "Hold" on the student's account so that future registration or financial transactions initiated by the student will be blocked and they will be required to contact the Business Office to work out payment arrangements before this "Hold" can be lifted.

Although many students have unique financial problems, the following are some general options we provide to the student when they visit the Business Office to make payment arrangements for their outstanding balances:

1. Monthly payment schedules are set up according to the financial obligation the student's budget can support, but the goal is to payoff the balance before the end of the current semester;
2. Late payment fees are negotiated and forgiven if the debt is various years old and the fees constitute a large amount of the debt; and
3. The student is encouraged to apply for Financial Aid as a form of future resources.

In addition to these arrangements, the Business Office has created a new Student Financial Services area within the department. This area will design and implement a new financial counseling program for students and their parents in the areas of alternative financing and debt management. We believe that this new counseling service will greatly aid in the collection of outstanding, delinquent accounts.

### 742 The University of Texas of the Permian Basin

UTPB forwards all past due accounts to a collection agency after late registration ends the following semester in which the debt was incurred. If the account is returned to UTPB from the collection agency, UTPB forwards to a second collection agency. Debts greater than \$250 returned from the second collection agency are forwarded to the Office of General Counsel (OGC) for collection. Students whose debts are forwarded to OGC are also put on vendor hold with the State of Texas Comptroller of Public Accounts.

# Past Due Collection Summary

### Agency/Comments

---

#### 743 The University of Texas at San Antonio

If all tuition and fees are not paid in full by the specified deadline in the Schedule of Classes, a hold is placed and a 30 day overdue notice will be sent to the student.

Any student who has a financial obligation to UTSA will have a financial hold placed on his/her record. Until the financial hold is removed upon full payment of the obligation, such students are not allowed to register, obtain transcripts, receive grades or a diploma, obtain release of financial aid or scholarship checks or receive other services from the University. UTSA wishes to avoid incurring additional collection costs and invites students to make payment arrangements with the Director of Financial Services & University Bursar. Each student's situation is unique, so arrangements will vary, but we begin by asking the student to pay 50% of the balance with monthly payments throughout the next six months. We will accept less and in many cases set up future payments without any up-front payment; however, if for example, they want a transcript, they must pay the 50% down payment as a minimum. If the student is currently enrolled or has made recent payments, they are skipped from the collections process (which includes professional collections agencies, State Comptroller holds and submission to OGC for legal action). There are no fees for payment plans, but loan interest will continue to accrue.

Our past-due letters encourage the students to call in to make payment arrangements or they will be placed for collections. Additionally any students who call in to ask about their balance and state they cannot pay delinquent portions in full are referred to a UTSA collection specialist or Financial Services. If the debt is not resolved after initial overdue letter is sent out, and the grace period has elapsed, the following will occur:

Student account is sent to a contracted collection agency to attempt debt recovery. Reasonable collection costs are added to the current balance. If the collection agency is unsuccessful, the account is forwarded to the Office of General Counsel for legal action and reported to the State Comptroller to have a hold placed, not only with UTSA, but any state university. The student's account is also reported to a credit bureau.

#### 750 The University of Texas at Tyler

Student debts such as intallments and emergency loans are sent to a collection agency once the following letters have been sent in an attempt to collect the debt:

1. Reminder letter of the debt prior to it being due.
2. Past due letter sent after the payment has been missed.
3. Collection letter sent saying the debtor has 30 days to make arrangements or the debt will be sent to a collection agency.

Interest is accrued on emergency loans, but we will waive those fees to get the debt paid in full.

A minimal late fee is charged on the two installment payments if they are missed.

We allow a student with a past due debt to reenroll if they pay half of the old debt and make payment arrangements for the remaining balance. We also allow a student to reenroll if they have already been approved for financial aid for the upcoming semester and it is enough to cover the current tuition and fees and the past due debt.

#### 710 Texas A&M University System Administrative and General Offices

Texas A&M University System Admin does not have any fees, fines and penalties to report for the 2008 Non-Tax Collected Revenue Survey.

#### 711 Texas A&M University

All accounts reaching 90 days past due have been assessed any applicable late charges and blocked from registration and transcripts. Emails are sent to students notifying them of the block.

Students who are blocked for a past due student account balance and wish to continue their education must come in and speak with a debt counselor in our Student Debt Management office to explore available university resources and, if necessary, set up a repayment agreement. Students are only allowed to register for future semesters once they have made sufficient arrangements for payment of their past due debt.

Diplomas are withheld for students who fail to pay a student account balance or make arrangements with our Student Debt Management office for repayment of the debt.

# Past Due Collection Summary

## Agency/Comments

---

Once a student leaves the university with an outstanding account balance, their student account is placed with an internal collector in our Student Debt Management office. The collector monitors the account for payments and performs necessary collection efforts including letters, phone calls, emails, skip tracing, etc. to obtain payment in full or establish a repayment agreement with students who left the university without paying their student account balance in full or setting up a repayment agreement.

If the collector is unsuccessful in his/her attempts to obtain payment in full or a repayment agreement, the account is placed with an external collection agency for debt recovery efforts.

### 718 Texas A&M University at Galveston

All accounts reaching 90 days past due have been assessed any applicable late charges and blocked from registration and transcripts. Emails are sent to students notifying them of the block.

### 713 Tarleton State University

During fiscal year 2008, approximately 99.8% of all fees assessed were collected. The .2% uncollected remains a substantial sum of money. The addition of a new staff member responsible for past due account collection and the enforcement of state holds has improved our collection process. We have implemented a new on-line student billing program which provides students and parents a more convenient way to pay with more options in hopes to improve our collection efforts. The following actions are performed each year in order to collect fee balances owed:

\* Statements are mailed to pre-registered students prior to the start of the semester. Those who enroll later are provided e-bill statements which they can view on-line. In addition, numerous email reminders are sent to students prior to the payment deadline. Three additional bills are sent during the semester for students who are on a payment plan or who have received an institutional emergency loan. After the due dates for the installments and loans has passed, a hold is placed on the student record which prohibits registration for future courses or the ability to obtain transcripts of their past course work. Students are reinstated in good standing after receipt of the past due balances.

\* Past due accounts are mailed a collections letter approximately 30 days after the end of the semester and a final reminder after 60 days. The letters mailed offer the student the opportunity to set up a payment arrangement to avoid additional collection efforts. In addition, we provide formal payment agreements with students to allow them to continue to attend the University.

\* Accounts 90 to 120 days past due are turned over to an external collection company. We plan to go into contract with a 2nd collection agency for FY09 in an effort to improve collections on past due accounts. The company collects both the original fees and their collection costs.

\* Accounts past due are placed on hold with the State Comptroller at the time they are submitted to the external collection agency. These holds are monitored and adjusted as payments are received.

### 760 Texas A&M University - Corpus Christi

# Past Due Collection Summary

## (As Submitted by Agencies)

### Agency/Comments

---

1. Once the due date has past, letters are sent to all students who have an outstanding balance and their accounts are placed on hold with the university. If the balance is less than one hundred \$100 the students transcripts are placed on hold. If the balance is greater than or equal to one hundred dollars then the student is unable to register for another term plus their transcripts will not be released.
2. After the census date for the next long semester all outstanding balances from the prior term are placed on hold with the State of Texas if their balance is greater than five dollars. Letters are generated and mailed to the student to inform them of this new action.
3. Forty-five to sixty days after state holds have been placed on the outstanding accounts those that are \$150 or more are sent to a third party collection agency. Letters are generated and mailed to the student to notify them of this new action. For accounts that are smaller than \$150, past due billing statements are sent to them. Currently less than 5% of total fees, fines and penalties for a term are sent to a collection agency.
4. If a third party collection agency is unable to collect a debt that the university has turned over to them the account is proposed for write off unless the amount is greater than \$4,999.99. Those accounts that are greater than \$4,999.99 are sent to the Attorney Generals Office for permission to write off. The students account will still remain on hold with the university and the state until the debt is paid in full.

#### 757 West Texas A&M University

- \*Email messages are sent to students after the end of the semester notifying them that restrictions have been placed on their account so that they cannot register or receive a transcript.
- \* Ninety (90) days after the close of the semester, letters are sent to students informing them that we are preparing their accounts to be sent for collection and we are giving them six weeks to make payment arrangements.
- \* Within two months of notification, the student accounts are turned over to the Credit Bureau of the High Plains for collection (first placement). When the CBHP determines the account uncollectible based on their collection efforts, the account is rotated to National Credit Management (second placement).

#### 730 University of Houston

During FY08, student receivables which were less than 120 days past due were managed in-house by Bursar Office Staff. UH is a university with a total student population of 34,663 students. Written notices served as the primary means of contact with students regarding outstanding obligations. Students were mailed three written notices throughout a 90 day duration. The first two notices reminded students of the past due obligation and requested payment of the debt. If the student failed to take any action within 30 days of receiving the first notice, a second notice was generated and mailed to the student. Again, if no action was taken within 30 days of receiving the second notice, a third (final) notice was generated and mailed to the student. The final notice advised students 1)of available payment options 2) their account would be transferred to an outside collection agency should they fail to take required action stated in final notice letter 3)addition collection fees would be assessed if their account was transferred to collections and 4)the delinquent balance would be reported to the State of Texas at the time of collection assignment. However, if before any student account was submitted to collections UH attempted a final courtesy call to students encouraging them to take required action to prevent collection assignment. If there was no response to UH internal collection efforts, individual student files were processed and forwarded to collections. Typically the collection agency works each assigned account for a period of one year. After a one year period, accounts with no payment activity are returned to UH. Accounts returned to UH remain reported to the State of Texas. Additionally, a financial stop preventing future registration at any UH campus remained on the student's account. Upon payment in full, all the above mentioned stops and holds are cleared and the student is allowed to register with the UHS System.

#### 759 University of Houston - Clear Lake

The University attempts to collect all outstanding student tuition and fees within state guidelines. Once a student is past due for any financial obligation, they are placed on a stop roster. This stop prevents the student from registering for future semesters and withholds transcripts and diplomas. Students are allowed to register by becoming current with payments or working out agreeable repayment plans. If necessary extremely past due accounts may be placed with outside collections agencies for collection.

#### 765 University of Houston - Victoria

Student accounts that are 60 days past due are forwarded to the collection agency. The collection agency works each assigned account for a period of one year. After a one year period, accounts with no payment activity are returned to UHV. Accounts returned to UHV remain reported to the credit bureau and the State of Texas. Additionally, a financial stop preventing future registration at any UH campus remains on the student's account. Upon payment in full, all the above mentioned stops and holds are cleared and the student is allowed to register with the UHS system.

#### 769 University of North Texas System Administration

UNT System Administration does not collect any fees.

#### 752 University of North Texas

## Agency/Comments

---

Students who fail to make full payment of fees, fines and penalties by the end of a semester are blocked from obtaining official transcripts and are required to submit the outstanding payment with the initial amount owed in future semesters in which they enroll. Additional internal collection efforts to collect unpaid fees, fines and penalties begin at the end of each semester and include phone calls and written correspondence. The individuals are counseled by trained employees who analyze their situations.

Some unpaid fees, fines and penalties are assigned to external collection agencies if internal collection efforts are not successful. Students with accounts in collections are blocked from registration and obtaining official transcripts.

Aged receivables are reviewed annually to analyze collection results and to adjust procedures as needed.

Uncollected amounts are not removed from student accounts. Collection efforts continue until the outstanding amounts are repaid.

### 733 Texas Tech University

Debt prevention:

A signed Student Payment Agreement is obtained from each enrolled student on a payment option plan or emergency enrollment loan.

Students who fail to make required tuition and fee payments by the 20th class day(15th for summer terms) are cancelled from their enrollment for the current term.

Debt collection:

Students who fail to make full payment of tuition and fees are placed on hold by the institution to prevent the student from future registrations and obtaining official transcripts.

Institution contracts with external collection agencies for collection efforts after the student exits the institution.

Aged receivables are reviewed after each term and at the end of each fiscal year to adjust collection procedures as needed.

### 788 Lamar State College - Port Arthur

Lamar State College Port Arthur invoices each student with a balance 3 times over the length of a semester. If no payment is received the student's account will be placed on hold. The student will be denied future registration and/or a transcript until the outstanding balance is satisfied. Once the account is 90 days past due, a final invoice is sent to the student alerting he or she that unless the balance is paid in full or the bursar's office is contacted for payment arrangement the delinquency will be reported to the local credit bureau.

### 753 Sam Houston State University

Sam Houston State University has a systematic process for collecting all past due accounts from all persons, including students and employees of SHSU. It is recognized that past due accounts may be generated from certain programs and activities, including but not limited to student payment plans including tuition and fees, housing and dining, student loan programs, medical services rendered, parking fines, library fines, returned checks, the rental of property, and any damage, loss, or liabilities to the institution.

If there has been no payment activity on past due accounts within 180 days of the last payment the university has received, the account will be turned over to a collection agency where the total outstanding balance will incur an additional 25% charge for 1st submissions accounts and a 33.3% charge for 2nd submissions accounts.

Once an account is with the collection agency, any inquiries about the account including payments will be through the collection agency.

### 756 Sul Ross State University

Sul Ross State University employs the following steps to collect fees, fines, and penalties that are more than ninety days past due:

1. We place registration and transcript holds on student accounts the first day the account becomes delinquent. We send the student and email notifying them of the past due balance and the resulting holds.
2. Many accounts are collecting during the registration process the next semester. After late registration in the following semester, we begin our formal in-house collections process.
3. The first step of in-house collections is a series of 2 letters sent to the student permanent address.

# Past Due Collection Summary

(As Submitted by Agencies)

## Agency/Comments

---

4. The next step is certified letter sent to the student permanent address and/or a phone call to the student permanent address.
5. In cases where in-house measures have failed, the student is submitted to external collection agency.
6. After 4 years with the collections agency, accounts with little or no activity are recalled and written off as uncollectible.

Sul Ross State University employs the following steps to collect fees, fines and penalties for students who withdraw each semester:

1. We send a certified letter within 2 weeks of the student's withdrawal, with instructions about amounts due and who to contact for payment arrangements.
2. We place registration and transcript holds on withdrawn students who owe a balance.
3. Students who have not paid or entered into a repayment agreement within 3 months are sent to our external collection agency.
4. After 4 years with the collection agency, accounts with little or no activity are recalled and written off as uncollectible.

### 729 The University of Texas Southwestern Medical Center at Dallas

UT Southwestern Medical Center makes every effort to work with students regarding the timely payment of tuition and fees. If a student is delinquent in paying, the Legal Department at UTSW is contacted and provided with the information. In addition, paperwork is submitted to place the student on warrant hold in the Comptroller's Warrant Hold system. Only 8 students were delinquent with past due payments at the end of FY08 for a total of \$780.00.

### 744 The University of Texas Health Science Center at Houston

An institutional HOLD is placed on all delinquent student accounts prior to the end of each academic term. This process prevents students from registering for future classes, graduating or receiving a transcript until the debt is paid in full. The collection process is coordinated between the Bursar's Office and the academic and professional student affairs departments using a series of escalating phone calls, emails and memos.

The Harris County Psychiatric Center (HCPC) maintains a non-discriminatory collection practice which tries to enhance cash flow and reduce bad debt. As a significant portion of HCPC patient income is unsponsored charity care, it is recognized that patients may not be able to reimburse HCPC for the full balance due upon receipt of their bill. Collection activities shall commence upon admission and continue until the account is paid or is referred to an outside Collection Agency. All patients shall receive a bill within thirty (30) days of the determination of any patient or self-pay balance due or within 30 days of discharge, whichever is later. Collection activities are determined by the balance due and available documentation and shall be defined as follows: Preadmission or admission payments on account; Billing statements or demand statements; Collection follow-up letters; Telephone contact; Personal contact; Collection agency or Attorney activity.

In the UTHSCH Dental Branch DDS undergrad clinics, the patients are required to pay at the time of service, often prepaying based on treatment plan. Our offsite graduate clinics have inhouse staff that is responsible for following up on insurance and responsible party payments via claims denials or aging reports.

### 745 The University of Texas Health Science Center at San Antonio

#### Tuition

Students are contacted monthly for past due balances. If the student has withdrawn, payment arrangements are made. Students with past due balances are barred from registering for subsequent course work, barred from graduation proceedings, and/or barred from obtaining transcripts or graduation records. In addition, the Comptroller's Office is notified of outstanding balances and a hold is placed on the student so as to prevent the State from processing payment. Outstanding balances are netted against payments to the student, and funds are routed to the agency that placed the hold.

#### Patient Income

Of the \$117,062 reported as not collected, \$43,528 represents unsponsored charity care charges while \$73,534 represents bad debt expenses. Payment for services in the pre-doctoral clinic is typically due at the time of treatment. Some patients are unable to pay but in serious need for service, and financing arrangements are made. Some services require multiple procedures and partial payments are accepted so long as the entire balance is paid by the last appointment. In the event payment is not made, patients are refused additional appointments until their account is current. At this time, past due accounts are worked internally and are not turned over to a collection agency.

### 506 The University of Texas M.D. Anderson Cancer Center

# Past Due Collection Summary

## (As Submitted by Agencies)

### Agency/Comments

---

The due diligence (collection) process begins with statements of account sent out at 30 day intervals following the patient receiving a final patient bill. The patient will normally receive at least 4 such statements. Should the account remain unpaid, a series of two demand letters will be sent to the patient requesting immediate payment and informing the patient that unpaid accounts are placed with a commercial collection agency. Accounts that remain delinquent after multiple statements and collection letters are turned over to a commercial collection agency. Accounts that remain delinquent and are returned from the collection agency after they have exhausted all collection efforts will be treated as uncollectible bad debt, unless further collection efforts are deemed appropriate by the institution's Chief Business Officer. If appropriate, these receivables are referred to the UT System Office of General Counsel (OGC) for further collection attempts. Accounts that remain uncollected after OGC processing are submitted for write-off to either the federal agency or institutional director. The University of Texas M. D. Anderson Cancer Center remains in compliance with the federal standard of less than a 5% default rate.

#### 785 The University of Texas Health Science Center at Tyler

Balances over \$5,000, for all payers, are reviewed by The University of Texas Health Science Center at Tyler (UTHSCT) reimbursement analyst who coordinates follow-up with collection staff and management. Balances for non-title payers are referred to an "Early Out" vendor who follows up with both, the payer, and the patient, for accounts under \$750.00 and over 60 days old. Balances over \$750 are followed up by UTHSCT Patient Financial Services staff. Patients receive a statement after all dollars on the account are considered "Self-Pay" (patient responsibility). These accounts also go to an "Early Out" vendor for follow up. UTHSCT's "Early Out" vendor has 90 days to collect from the patient once, the balance is entirely considered patient responsibility, or reasonable payment arrangements have been made; note that the patient will continue to get a statement. Unpaid accounts are then placed in "bad debt" status and sent to a collection agency who will have 120 days to attempt resolution. Once the account goes to a collection agency, UTHSCT no longer sends the patient a statement. Accounts that are deemed uncollectable are returned to UTHSCT from the collection agency and at that time are considered "worthless." UTHSCT does not currently use a secondary agency, nor report accounts to any credit reporting agency.

#### 739 Texas Tech University Health Sciences Center

##### Debt prevention:

A signed Student Payment Agreement/Master Promissory Note is obtained from each enrolled student

Students who fail to make required tuition and fee payments by the 20th class day (15th class day for summer terms) are cancelled from their enrollment for the current term.

##### Debt collection:

Students who fail to make full payment of tuition and fees are placed on hold by the institution to prevent the student from future registrations and obtaining official transcripts.

Institution contracts with an external collection agency for collection efforts after the student exits the institution.

Aged receivables are reviewed after each term and at the end of each fiscal year to adjust collection procedures as needed.

#### 71C Texas State Technical College - West Texas

Texas State Technical College West Texas sends all accounts that are 30 days past due a collection notice giving the students 30 days to pay or face stronger actions. Those that do not pay are sent a second notice that if payment or arrangements for a payment plan are not made within ten days they will be turned over to our collection agency. We then send those accounts to a contracted collection agency for collection. The collection agency then makes an effort to collect those funds.

#### 71E Texas State Technical College - Marshall

We send monthly bills to individuals who owe a balance. When an amount owed is more than 90 days past due, we use a three-step collection process. The first step is to send a past due letter notifying the individual that their account is past due and requesting that the individual either pay the balance in full or contact us to make payment arrangements. The second step is a letter notifying the individual that their account is seriously past due and is being reviewed for collection. The third step is to send a letter (return receipt request) notifying the individual that if they do not contact us within seven days their account will be turned over to a collection agency.

#### 555 Texas AgriLife Extension Service

All payments are due within thirty days of the invoice date. Units are responsible for following up on past due accounts. Past due accounts are reviewed annually to determine collectibility. Accounts deemed uncollectible by a unit are submitted to the AgriLife Cash Management office for approval to write off as uncollectible. Once an account has been written off as uncollectible, no further credit should be issued to that customer.

---

### 712 Texas Engineering Experiment Station

During fiscal year 2008, a total of \$1,270 in course fees were not collected, representing .0277% of the total \$4,580,460 assessed. The Texas Engineering Experiment Station (TEES) has a low non-payment rate due to its efforts in monitoring accounts receivable.

Collection efforts are the responsibility of the TEES departments that prepare the invoices. Monthly financial statements are available online to the departments to assist them in tracking their receivables. All feedback from customers that result in a dispute are forwarded to the TEES Fiscal Office for further review and resolution. Quarterly reviews are conducted by the TEES Fiscal Office, where any receivables that are 9 months or older are considered for write-offs. At this time, a memo is sent to the invoicing department informing them of the potential write-offs. If payment is not received within 30 days of the memo, then the receivables are cancelled and are offset against TEES' allowance for bad debt account.

### 716 Texas Engineering Extension Service

During the fiscal year 2008, a total of \$3,298.95 of course fees were not collected. This equated to .000106% of the total \$31,202,379.52 assessed. The Texas Engineering Extension Service has a very low non-payment rate due to its efforts in monitoring accounts receivable.

The TEEX Division sends the first letter to a customer when a receivable is 46 days past due. If no response or payment is received when the receivable is 56 days past due, the Division follows up with a telephone call. If the receivable becomes 91 days past due, the Division sends a second letter to the customer informing them they will be placed on State Warrant Hold if not paid within 30 days, if the receivable becomes 121 days past due, the TEEX Associate Agency Director/CFO will determine if the invoice will be forwarded to the TAMUS Office of General Counsel for further handling. TEEX Financial Services sends a letter to the customer informing them they have been placed on Warrant Hold with the State and any future services from TEEX will require payment in advance.

### 576 Texas Forest Service

During fiscal year 2008, 19.2% of all fees, fines, or penalties assessed were not collected. However, none are more than 90 days past due and all but 3.87% were collected in Sept 2008. The uncollected amounts at year end are all from state agencies, and are collectible. The department involved followed up with the agencies involved to ensure we collect all balances due.

#### ARTICLE IV - THE JUDICIARY

##### 201 Supreme Court of Texas

The Supreme Court's collection process is entirely in-house. When the Clerk's office receives a document tendered for filing without a correct fee, the Clerk's office personally contacts the individual filing the document, to the extent the contact information is available, and notifies the individual that the matter filed will be dismissed unless the correct fee is tendered with ten (10) days. If the fee is not tendered within that time period, the matter is dismissed for lack of payment. Once the matter is dismissed, the Clerk's office makes no additional effort to collect the outstanding fee even though the fee technically remains "assessed". This is the primary explanation for the Court's minor collection variance. Moreover, fees assessed in cases involving the Office of Attorney General are billed by Interagency Transaction Voucher when the Court disposes of the case. This delayed payment accounts for most of the fees that are assessed but not collected.

##### 222 Second Court of Appeals District, Fort Worth

The \$175 filing fee to file a civil appeal is due upon the filing of the notice of appeal. If the fee is not paid when the notice of appeal is filed, we give the party 10 days to pay the fee and notify them that their appeal will be dismissed if they do not pay. See Tex. R. App. P. 42.3. After this 10 days, if the fee is still not paid, we send a second notice giving the party another 10 days to pay the fee and again notify them that the case will be dismissed if the fee is not paid. After two warnings, if the fee is still not paid, we dismiss their appeal. In addition, fees are generally not collected in cases that are dismissed for want of jurisdiction.

The \$10 filing fee on all civil motions and \$15 filing fee for civil motions for rehearing are due with the filing of the motion. Generally, the motion will not be submitted to the court and an order will not be released until the filing fee is paid.

Fees for copies of records, tapes of oral argument, express fees to send records to the Supreme Court, and fees to retrieve case files from remote storage are due before services are rendered. Generally, the service will not be provided until the fee is paid.

On occasion we are unable to collect a filing fee even after follow up attempts are made. These are usually due from pro se litigants or government entities that are not exempt from payment. When our court issues mandate to the trial court, this court includes a bill of costs with the mandate. The bill of costs will include any unpaid filing fees for the trial court to act upon when sorting costs. In addition, we regularly monitor our unpaid fee reports and send follow up notices to parties on a regular basis.

##### 226 Sixth Court of Appeals District, Texarkana

Notices are sent on fees that are more than thirty days past due. Any unpaid fees remaining at the conclusion of the case are included in the Bill of Costs presented to the responsible party.

##### 227 Seventh Court of Appeals District, Amarillo

The fees reported as "Amount Not Collected" and continue to be past due over 90 days involve three cases.

In the first case, the fees are not paid due to pending action by this Court on a motion filed by appellant requesting to proceed in forma pauperis. The filing fees and motion fee totaling \$185.00 are waiting on the courts action.

In the second and third cases, an express fee and motion fee that together total \$18.56 must be processed by an Interagency Transaction Voucher and are currently in the process of being collected.

The remaining fees assessed and not collected, in the amount of \$2,160.00, are a result of several cases dismissed by this Court for non payment and will not be collected.

##### 212 Office of Court Administration, Texas Judicial Council

For administrative penalties that are more than 90 days overdue, the Court Reporters Certification Board (CRCB) sends a demand letter by first class mail and certified mail. If payment is not remitted, the matter is turned over to the Office of the Attorney General (OAG) for collection. Currently, the (CRCB) has one unpaid fine that was due April 11, 2008. Staff is working with the OAG to determine how to proceed.

### ARTICLE V - PUBLIC SAFETY AND CRIMINAL JUSTICE

#### 401 Adjutant General's Department

The Adjutant General's Department does not collect license, registration, certification, professional, or subscription fees.

#### 458 Alcoholic Beverage Commission

Does not apply -- no fees are past due

#### 696 Department of Criminal Justice

Inmate Health Care-The Local Funds System was created to provide an automatic collection process of this fee. The fee is automatically taken from the offender's account. If the account is insufficient, the system will deduct 50% of each deposit made until the total is paid.

Supervision Fees are assessed when an offender is placed on mandatory supervision or parole. The case status of the offenders who are assessed this fee includes active parolees, absconders, detainer and pre-revocation. The Parole Division is responsible for the collection of these fees.

#### 405 Department of Public Safety

Reinstatement Fees: Variances between amount assessed and collected for reinstatement fees is due to the "Allen Ruling" court case which states that reinstatement fees do not have to be collected until it is time for the individual to renew their driver license. Reinstatement fee notices are sent at the time the action occurs. However, it could be up to six years before the reinstatement is collected.

State Parking Violations: Variances between the amount assessed and the amount collected is dependent upon three things:

1. Tickets may be dismissed.
2. Tickets may not be paid until next fiscal year.
3. The current computer program counts warnings as tickets.

Driver Responsibility Fees: During fiscal year 2008, approximately 63% of all surcharge assessments were not collected. These assessments require the person being fined to either pay the assessment in full or enter into an installment agreement. Those persons who cannot pay in full, may enter an installment agreement and pay the assessment over a twelve (12) month period. Those who enter an installment agreement and default, must pay the remaining balance for the resulting suspension to be lifted from the driving record. Although payments may continue to be made until the balance is paid, not all persons continue to send payments. Some wait until the full balance can be paid to send the payment.

Furthermore, the assessments are various amounts based upon the underlying conviction(s). These include points assessments for six (6) or more points on the history, driving while intoxicated, driving while license invalid, no liability insurance, and driving without a valid license. The assessments are applied to a driver license, identification card and unlicensed record. The assessments range from \$100 to \$2,000. Due to the amounts assessed and the assessment being applied to non-driver license records, not all persons comply with the surcharge assessment requirements.

In an effort to increase our collection rate, the Department has implemented the following processes:

1. A monthly reminder notice is mailed to all persons who have entered an installment agreement.
2. Online service for payment were made available to all persons in the surcharge program.

# Past Due Collection Summary

(As Submitted by Agencies)

## Agency/Comments

---

3. An IVR system for telephonic payments was made available to all persons in the surcharge program.
4. The vendor has contracted with the U.S. Postal Service to verify addresses and obtain forwarding addresses to send subsequent notices to a more current address.
5. Spanish translation for the online information and payment services was made available in January 2007, for spanish speaking persons in the surcharge program.

Controlled Substance Registration: The collection rate is dependent on three things.

1. The defendant is found guilty of a drug offense.
2. The defendant receives probation.
3. The restitution is ordered by the court.

Since the Courts are responsible for ordering the defendants to pay and the Department is not aware of who is ordered to pay and if the full amount has been ordered to pay, the collection efforts are minimal.

Due to collection efforts by the Department, the collection rate has continued to increase each fiscal year. The collection rates for fiscal year 2005 to fiscal year 2007 were 23%, 30%, and 33% respectively. The collection rate for fiscal year 2008 increased to 37%. Due to the reasons for non-collections addressed above, the Department cannot forecast the collection rate for fiscal year 2009, but will monitor the collection rate on a weekly and annual basis.

Returned Checks: The Accounting Department sends a first notice and then a second notice twenty (20) days later. Consequences for non-payment varies for each division within the Department.

Sex Offender Registration Reimbursement: Under CCP Chapter 62.056(c), the Department shall establish procedures for a person with respect to whom notice is provided under Subsection (a), other than a person subject to registration on the basis of an adjudication of delinquent conduct, to pay to the Department all costs incurred by the Department providing the notice. The person shall pay those costs in accordance with the procedures established under this subsection.

There may be statutory mandates to assess the cost of neighborhood notifications to the relevant sex offender registrant. However, there are not penalties or repercussions defined for administrative non-compliance. The Department generates delinquent, past due, or balance due notices to the registrant on a monthly basis.

Document Sales: The amount of \$176,775 listed in the "Not Collected" column is not past due, but is the amount for which services have been rendered.

### ARTICLE VI - NATURAL RESOURCES

#### 554 Animal Health Commission

The Texas Animal Health Commission has no collections that are 90 days past due.

#### 305 General Land Office and Veterans' Land Board

The majority of the fees imposed by the General Land Office (GLO) and Veterans Land Board are for tangible items such as archival maps and booklets, or for services such as research application fees and coastal lease fees and appraisals, therefore, the fee must be received in house before the service is provided to the customer.

When penalties are assessed, the GLO has various collection procedures. Oil Spill violations result in an administrative penalty against the responsible party (RP) of coastal oil spills. The RP is billed for response costs after the fact. Penalties are imposed by Notice of Violation and followed with orders sent certified mail through the Legal division. The Oil Spill division sends the RP two certified demands for response costs payment. Payment plans are agreed upon as necessary. If the RP does not pay the penalty(ies) and/or the response costs and the total unpaid amount meets the OAG threshold of \$1,000, the case is referred to the OAG for collection. If the response was consistent with the National Contingency Plan, the response costs are submitted as a claim for reimbursement to the National Pollution Funds Center (NPFC) provided the response costs were not paid by the RP or when no RP was identified.

The Veterans Land Board can write off unpaid balances due by State Veterans Home former residents when it appears that the collection of the amount would either be unjust or further collection efforts would not be economically viable. Prior to this action, the financial manager works with the GLO legal staff to propose a reasonable settlement or payment plan. If this plan is not implemented, the file will be forwarded to the OAG for further collection proceedings. If the OAG does not implement collection proceedings, the financial manager recommends that the account be written off, which will occur only upon approval by agency executive management. Among all homes, a total of 724 of the accounts are delinquent. Land loans that are not paid will accrue penalties and interest once they become delinquent. After a determined number of days in delinquency status, the veterans property is in danger of forfeiture. The veteran is notified several times of their delinquency, then receives by certified mail notification the property is in forfeiture and ordered for sale.

Coastal Lease agreement delinquent accounts are reviewed and addressed quarterly. The Professional Services division works with the lease managers to ensure that the lease payments are kept current. Some delinquencies are addressed during the renewal process, requiring past due balances to be paid before a new term is approved. When there is difficulty with collecting balances or when circumstances involve bankruptcies or litigation, Professional Services works through our Legal Division to collect past due amounts as well. Only 0.6% of these accounts are past 90 days.

### ARTICLE VII - BUSINESS AND ECONOMIC DEVELOPMENT

#### 332 Department of Housing and Community Affairs

##### Bond, Application, and Compliance Fees Past Due Statement

On occasion, the Texas Department of Housing and Community Affairs experiences delinquencies in collecting its bond administration, multifamily, tax credit, and compliance fees. To address this, the Department mails past due notices to its developers who are 45 days delinquent and subsequent calls are made after 60 days delinquent to development owners and/or management companies. Contact is continuous until collection issues are resolved. To further increase the chances of the Department collecting its fees, developers with outstanding fees are ineligible to participate in future awards from the Department. This rule has helped the Department significantly reduce the delinquency rate among its developers.

##### Manufactured Housing Division Past Due Statement

No fines were found to be uncollectible in FY 2008. An administrative penalty that is not paid with reasonable promptness is referred to the Office of the Attorney General for collection. Fees for various transactions are, from time to time, paid with checks that are returned, typically for "NSF". Because of the small amounts of these individual fees, traditional collection referrals are not cost-effective. If the fee is for a license, the Division advises that the license is not effective because the fee remains unpaid. If the fee is for the issuance of a Statement of Ownership and Location (SOL), the maker is advised that the SOL will be revoked or suspended if the fee is not paid. People who have written checks with insufficient funds are required by rule to handle any future transaction in cashier's checks or money order.

### ARTICLE VIII - REGULATORY

#### 360 State Office of Administrative Hearings

In FY2008, SOAH billed 20 individual entities (agencies or institutions of higher education) for reimbursement of hearing services; however, we prepared a total of 168 bills over the 12-month period. During this time period, SOAH provided services to approximately 51 agencies and institutions of higher education; however, SOAH received direct funding for 37 agencies. (See H.B. 1, 2008-09 biennium, 80th Leg, ppVIII 4-5, Rider 9C)

Amount assessed but not collected in FY2008 = \$254,756

Included in this amount are the monthly billings for reimbursement for hearing services provided during July 2008 (mailed out late August 2008) and August 2008 (mailed 9/17/08) totalling \$193,221.65. Due to the timing of the preparation of the bills for these two months, it is not feasible for these reimbursements to be received in FY2008.

SOAH anticipates collecting all amounts due.

Total Amount Collected in FY2008 = \$2,377,736

This includes money received during FY2008 (\$140,592) but billed in FY2007 (as explained above, due to the timing of the July and August 2007 billing).

#### 508 Board of Chiropractic Examiners

The agency has no accounts that are 90 days or more past due.

#### 466 Office of Consumer Credit Commissioner

The number of individuals/groups assessed are estimates.

The Office of Consumer Credit Commissioner is a regulatory agency. We regulate finance companies, payday lenders, mortgage companies, pawnshops, motor vehicle sales finance companies, refund anticipation loan facilitators, property tax lien lenders, and debt management service providers and registered creditors. The agency will not license or register an entity before all fees and/or penalties are paid.

During the renewal period if a licensee or registrant decides not to pay their fees and surrenders their license/registration, the fees would never be collected and are not considered owed. If a licensee does not pay their fees and continues to be in the business, we take administrative action against them and either collect the fees or revoke their license.

All publications and consumer education displays must be prepaid before shipping.

We currently allow applicants to pay late filing fees or administrative penalties over a 90 day time frame, if requested, but they are not allowed to be in the business and a license is not issued until all charges are paid.

#### 504 Texas State Board of Dental Examiners

Note A: Late fees---90 days or less--1 1/2 times the normal renewal fee

More than 90 days, but less than 1 year--2 times the normal renewal fee

More than 1 year may not renew and must reapply

Note B: Late fees---90 days or less-- 1/2 of the renewal fee

More than 90 days, but less than 1 year--1/2 of the renewal fee

More than 1 year may not renew and must reapply

#### 454 Department of Insurance

For COBJ 3222, penalties in lieu of suspension, during fiscal year 2008, approximately \$2.0 million of the \$9.3 million of fines or penalties assessed by the agency were not collected.

# Past Due Collection Summary

(As Submitted by Agencies)

## Agency/Comments

---

The \$2,016,993 million consists of:

\$ 255,000.00 Delinquent debt, already past due;  
\$ 427,012 Debt not delinquent, but may be difficult to collect; this is generally unauthorized insurance and license revocation,  
\$ 204,194 Penalties that are assessed in FY08 but due in FY'09 within 60days, this includes penalties to be paid on installment plans;  
\$ 1,130,789 Penalties that are assessed in FY08 but due in FY'09 or later; and this includes penalties to be paid on installment plans

Why don't violators pay fines?

\* Individuals and entities that hold no license to engage in the business of insurance have no incentive to pay fines assessed by TDI.  
\* A subset of this category consists of agents whose licenses have been revoked. Because they are no longer eligible to sell insurance, they often refuse to comply with orders requiring payment of a fine. Many of these fines are relatively small, making collection efforts difficult to justify from a cost/benefit standpoint.  
\* Another subset of this group is individuals and companies who have never held a license issued by TDI. Many of the entities are located out of state or out of the country. Some of them file bankruptcy; many of them dissolve and the principals relocate, sometimes taking on aliases. Because of TDI's aggressive action toward unlicensed entities, who often operate outside the borders of Texas, we expect that a significant percentage of fines will not be collectible.

Tools to force payment include:

\* Obtain warrant hold, thereby precluding receipt by debtor of any state funds;  
\* Revocation of license, if debtor holds a license; and  
\* Referral to Attorney General for litigation.

### 456 Board of Plumbing Examiners

Past due collections only occur on administrative penalties that have been assessed. Some offenders may request a hearing at the State Office of Administrative Hearings (SOAH). After the hearing, an administrative penalty may be assessed to the offender. If the penalty is not paid within 90 days, offenders are turned over to the Office of the Attorney General (OAG), Bankruptcy and Collections Division. At that time the Board requests that the OAG avail itself of all remedies under the law in order to collect the administrative penalty. The OAG makes the determination of whether or not an account is collectible or uncollectible. During FY 2008, the OAG determined that \$118,608 (includes past years) was uncollectible. This amount was reported to the Comptroller's Office during the preparation of the FY 2008 Annual Financial Report.

### 512 Board of Podiatric Medical Examiners

The past due fees in Penalty Fees, Renewal Fees, OPP Renewal and TexasOnline are all related to licensees who did not renew their license last year. They are sent Cease & Desist Letters in December telling them that they are not allowed to practice. In September, they are sent a Notice of Cancellation. If they don't renew by November 1st then their license is cancelled. The past due fees for Certification Letters and Verifications are sent an invoice when we process the request. They are then sent reminder notices quarterly.

### 370 Residential Construction Commission

The Texas Residential Construction Commission has a compliance section that handles all enforcement issues. This section investigates, sends notices of violations and sends agreed orders. The section also works closely with the State Office of Administrative Hearings and the Office of the Attorney General after exhausting all previous attempts to collect money.

# Past Due Collection Summary

(As Submitted by Agencies)

## **Agency/Comments**

---

### 450 Department of Savings and Mortgage Lending

Licensees were assessed \$801,863 in administrative penalties other than late filing of annual reports during FY08. Most of the uncollected \$477,708 is not likely to be collected because the licenses have been revoked and the individuals are no longer in business.

Licensees were assessed \$462,750 in penalties related to non-filing or late filing of annual reports during FY08. \$176,780 has been collected. These licenses have been suspended and most of the penalties are not deemed to be collectible. If a person decides to reenter the business, the agency will not issue a license before all fees and/or penalties are paid.

Amounts due are being reported to the Comptroller through the warrant hold and to the Attorney General's Office according to their procedures.

### 473 Public Utility Commission of Texas

For penalties that are not paid in accordance with the PUC Order that assessed the penalty, the PUC staff has contacted the companies at issue in order to obtain receipt of the penalty. These efforts are normally sufficient to obtain compliance. If the companies do not pay the penalty in accordance with the PUC's Order after being contacted, the Executive Director will initiate additional administrative action to compel immediate payment of the penalty. PUC may put a "Hold" on payments to the delinquent company processed through the Uniform Statewide Accounting System and refer the matter to the Attorney General for collection.
