

What is DARS?

The Department of Assistive and Rehabilitative Services, or DARS, administers programs that ensure Texas is a state where people with disabilities, and children who have developmental delays, enjoy the same opportunities as other Texans to live independent and productive lives.

The department has four divisions:

- [Rehabilitation Services](#)
- [Early Childhood Intervention Services](#)
- [Blind Services](#)
- [Disability Determination Services](#)

Through these divisions, DARS administers programs that help Texans with disabilities find jobs through vocational rehabilitation, ensure that Texans with disabilities live independently in their communities, and assist families in helping their children under age 3 with disabilities and delays in development reach their full potential.

Servicios para Tejanos
