

Texas Animal Health Commission Trichomoniasis Virgin Status Certificate

The animals individually identified with an official identification described below are virgin male bovine under 24 months of age *or* are between 24 and 30 months of age and breeder's veterinarian certifies that the breeder has sufficient management practices and facilities to ensure animals are virgins (veterinarian signature required). Only bulls located in Texas can be certified as virgin between 24 and 30 months of age. This extension of age does not apply to out of state bulls entering Texas.
