

An LEA is eligible for REAP Flexibility and an award under the SRSA program if -

(a) the total number of students in average daily attendance at all of the schools served by the LEA is fewer than 600; or each county in which a school served by the LEA is located has a total population density of fewer than 10 persons per square mile; and

(b) All of the schools served by the LEA are designated with a school locale code of 7 or 8 by the Department's National Center for Education Statistics; or the Secretary has determined, based on a demonstration by the LEA and concurrence of the SEA, that the LEA is located in an area of the State defined as rural by a governmental agency of the State. (In instances in which a State agency defines the area in which an LEA is located as rural, the U.S. Department of Education must agree to the rural designation before the LEA may participate in either REAP-Flex or the SRSA grant program.)
