

CHAPTER 26. SUBSTANTIVE RULES APPLICABLE TO TELECOMMUNICATIONS SERVICE PROVIDERS.

Subchapter I. ALTERNATIVE REGULATION.

§26.171. Small Incumbent Local Exchange Company Regulatory Flexibility.

(a) **Purpose and application.**

- (1) **Purpose.** The purpose of this section is to establish procedures and pricing guidelines that small incumbent local exchange companies (ILECs), because of their special characteristics, may use to expedite commission approval of services and rates in accordance with the Public Utility Regulatory Act (PURA), Chapter 53, Subchapter G. Through this section, the commission encourages the provision of adequate and efficient telecommunications service by facilitating the ability of small ILECs' to offer technologically advanced services that are generally available in metropolitan areas from large ILECs.
- (2) **Application.** This section applies to any small ILEC as that term is defined in §26.5 of this title (relating to Definitions), except that this section does not apply to a cooperative corporation partially deregulated under PURA, Chapter 53, Subchapter H. Nothing in this section precludes a small ILEC from offering a new service or proposing a change in rates under other applicable sections of the PURA. Nothing in this section prohibits the commission from conducting a review in accordance with PURA, Chapter 53, Subchapter D. Notwithstanding limitations contained within §26.121 of this title (relating to Privacy Issues), §26.121 of this title applies to statements of intent filed under this section.

(b) **Definition.** The term "affected customer" when used in this section means a customer that is in the class of customers, and in the exchange or exchanges, affected by the statement of intent filed in accordance with the provisions of this section.

(c) **Filing.** By following procedures outlined in this section, a small ILEC may offer extended local calling service or a new service on an optional basis or make a minor change in its rates or tariffs.

- (1) **Statement of intent.** At least 91 calendar days before the effective date of the proposed change, the small ILEC shall file six copies of a statement of intent with the commission's Filing Clerk and shall serve a copy upon the Office of Public Utility Counsel. Such statement of intent shall include:
 - (A) a copy of the notice required by subsection (d) of this section;
 - (B) a sufficient description of how notice will be provided to allow the presiding officer to rule on the sufficiency of the notice;
 - (C) any request for a good cause waiver to the requirements of this section, and sufficient justification for the good cause exception to allow the presiding officer to rule on the request;
 - (D) a copy of the resolution adopted by the small ILEC's board of directors approving the proposed change;
 - (E) the proposed effective date of the change;
 - (F) a description of the affected services and the category of customers affected by the proposed change;
 - (G) a copy of the proposed tariff;
 - (H) the number of access lines the small ILEC and each of its affiliates has in service in the state;
 - (I) the amount by which the small ILEC's total regulated intrastate gross annual revenues will increase or decrease as a result of the proposed change, and, if the proposal is for a rate change, sufficient information to demonstrate that the proposed change is a minor change;
