**§25.225(D)(1) continued**

- (A) Price ceilings. This subparagraph specifies the price ceilings for certain nonbasic services. Except as specified in this subparagraph, nonbasic services have no price ceiling.
  - (i) Until September 1, 2005, a nonbasic service listed in subsection (c)(1)(A)-(D) of this section shall be priced at or below the price in effect on September 1, 1999.
  - (ii) Until September 1, 2005, a Basic Rate Interface (BRI) ISDN service, which comprises up to two 64 Kbps B-channels and one 16 Kbps D-channel, shall be priced at or below the price in effect on September 1, 1999.
  - (iii) An electing company shall provide to a residential customer the first three local directory assistance inquiries in a monthly billing cycle at a maximum price of zero dollars (\$.00) until July 1, 2006.

- (B) Price floors. A price that is set at or above the long run incremental cost of providing a service is presumed not to be a predatory price. The long run incremental cost of a nonbasic service must be established before the price floor of a nonbasic service can be determined, pursuant to PURA §58.152. Establishment of a long run incremental cost requires commission approval of a cost study prepared by an electing company pursuant to the standards in §26.214 of this title (relating to Long Run Incremental Cost (LRIC) Methodology for Services Provided by Certain Incumbent Local Exchange Companies (ILECS)) or §26.215 of this title (relating to Long Run Incremental Cost Methodology for Dominant Certificated Telecommunications Utility (DCTU) Services), as applicable. Any application to establish or modify a long run incremental cost shall be filed by an electing company with the commission's Filing Clerk on or before the date a related informational notice is filed. Such an application shall be filed separately from the related informational notice. The minimum price of a nonbasic service shall be the lesser of:
  - (i) the price for the service in effect on September 1, 1999, except that this clause shall not be considered for services that had either a rate of zero or no existing rate on September 1, 1999; or
  - (ii) the long run incremental cost of the service in accordance with the imputation rules and requirements prescribed by or under PURA, Chapter 60, Subchapter D.
- (2) **Separately tariffed services.** Any nonbasic service offered by an electing company to customers as a component of a package or other pricing flexibility offering shall also be offered by the electing company as a separately tariffed service.
- (e) **New service.**
  - (1) A new service, as the term is defined in §26.5 of this title (relating to Definitions), is a nonbasic service under subsection (c)(1)(K) of this section.
  - (2) To introduce a new service tariff, an electing company shall follow the requirements in this section and the procedures in §26.227 of this title. If a new service is offered by an electing company as a component of a package, the new service shall also be offered as a separately
