9. Defendant, OLD UNITED LIFE INSURANCE COMPANY, is an insurance company that writes credit life and credit accident and health insurance (hereafter collectively referred to as "credit insurance") in the State of Texas through a network of motor vehicle dealers that are appointed as its agents. Virtually all policies sold by Defendant to motor vehicle buyers are "single premium policies" where the entire period of insurance coverage, which can be as much as six years, is paid for in one payment and added to the insured's retail installment contract for the purchase of a motor vehicle.

10. The Texas Insurance Code requires that each individual or group policy issued in Texas "shall provide that if the underlying debt or the insurance terminates before the scheduled maturity date of the debt, including the termination of a debt by renewing or refinancing the debt,

the refund of any amount paid by or charged to the debtor for insurance shall be paid or credited promptly to the person entitled to the refund.” TEX. INS. CODE § 1153.202.

11. In selling single premium credit insurance policies, Defendant represents that if an insured’s underlying debt is paid off early or their insurance terminates, Defendant will refund the unearned portion of the credit insurance premium.

12. Defendant has refused or failed to promptly refund unearned credit insurance premiums to insureds and has unlawfully retained these premiums, unjustly enriching itself.

13. Defendant maintains business policies and practices that require insureds to fulfill conditions not required by their insurance policies or by law as a precondition to obtaining refunds of unearned credit insurance premiums.

14. Defendant has failed to establish procedures that are sufficient to ensure that it will receive timely notifications from creditors holding motor vehicle retail installment contracts that the loans of the Defendant’s insureds have terminated early.

15. Defendant delegates premium intake and refund functions to its agents, but fails to implement any meaningful audit procedures to ensure that its agents are making timely refunds owed to insureds.
