Availability of Funds

The source of state funds is a biennial appropriation by the Texas Legislature, these funds are constitutionally dedicated. Texas Code of Criminal Procedure, Article 56.541(e) authorizes the OAG to use money appropriated from the Texas Compensation to Victims of Crime Fund for grant contracts supporting victim-related services or assistance. Additional funding comes from parole fees pursuant to Texas Code of Criminal Procedure, Article 42.12, Section 19(e) and Texas Government Code, Section 508.189. All funding is contingent upon an appropriation to the OAG by the Texas Legislature. The OAG makes no commitment that an application, once submitted, or a grant, once funded, will receive subsequent funding.

Grant Contract Period - Up to Two Years

The term of this grant contract is up to two years from September 1, 2009 through August 31, 2011, subject to and contingent on funding and approval by the OAG. If the grant contract period extends for more than one state fiscal year, the grantee may be required to submit additional documentation relating to the second fiscal year of the grant contract period, including an updated budget. The OAG may base its decision for the second fiscal year funding amounts on the grantee's first year performance, including but not limited to: the timeliness and thoroughness of reporting, effective and efficient use of grant funds and the success of the project in meeting its goals.

The OAG is not obligated to award a grant at the total amount requested and/or within the budget categories requested. The OAG reserves the right to make awards at amounts above and/or below the stated funding levels.

Funding Priority

The OAG reserves the right to consider all other appropriations or funding an Applicant currently receives when making funding decisions. The OAG may give priority to Applicants that do not receive other sources of funding, including funding that originates from the Texas Compensation to Victims of Crime Fund (Fund 469).

The OAG reserves the right to give priority to projects that provide direct victim services with grant funds, that provide information and education about victim rights in their community, or projects that utilize volunteers in providing services. The OAG reserves the right to give priority to projects that provide services in certain geographic or programmatic areas.

Grant Award Notification

The Applicant shall be notified in writing of the OAG's decision regarding a grant award.

The OAG may utilize a grant contract document and/or a notice of grant document once a decision is made to award a grant. The Applicant will be given a deadline to act to accept the grant award and to return the appropriate document to the OAG within the time prescribed by the OAG. An Applicant's failure to return the signed document to the OAG within the prescribed time period will be construed as a rejection of the grant award, and the OAG may de-obligate funds.

Special Conditions

The OAG may assign special conditions at the time of the award. Until satisfied, these special conditions may affect the Applicant's ability to receive funds. If special conditions are not resolved, the OAG may de-obligate funds up to the entire amount of the grant award.

If a message appears when the Excel workbook is opened stating that “Macros in this workbook are disabled...” the Applicant should select “OK”.

Each time a new tab is selected, make sure to scroll up to the top as well as across the Tab to ensure all cells are viewed.

In order to cut and paste text into a cell, it may be necessary to double click the cursor into the cell, rather than simply selecting the cell.

Not all questions on this Application have instructions listed below, these are to clarify and provide specific information where necessary. Be sure to answer every question in the Excel document.

- The percentage of fringe benefits may not exceed the percentage requested for the salary of the corresponding position.
- A grantee must provide grant-funded personnel the same fringe benefits provided to all other non-grant-funded personnel of the grantee, and it should be offered/covered in the entity's written policies for the organization regardless of whether the costs for fringe benefits are paid through that OAG grant.

TAB H—PROFESSIONAL AND CONSULTANT SERVICES & TRAVEL CATEGORIES

Professional and Consultant Services

- "Professional and Consultant Services" is defined as a service for which the grantee used an outside source for necessary support. Professional and Consultant Services include, but are not limited to tax services, accounting services, counseling, legal services, and computer support.
- This category is appropriate when contracting with an individual or organization to provide professional services (e.g., training, expert consultant, etc.) for a fee but not as an employee of the grantee organization.
- Any contract or agreement entered into by a grantee that obligates grant funds must be in writing and consistent with Texas contract law.
- Grantees must maintain adequate documentation supporting budget items for a contractor's time, services, and rates of compensation. Grantees must establish a contract administration and monitoring system to regularly and consistently ensure that contract deliverables are provided as specified in the contract.
- Grant funds may not be used to pay for any professional and consultant service for a person or vendor who participated directly in writing a grant application.
- Provide a justification for each item. This should include how it supports the goal of the grant.

Travel

- Grant funds requested in the travel category should be for grant related travel performed by grant funded staff and volunteers assigned to the grant only.
- All Applicants are required to include in their budget funds to attend the November 2009 OAG conference in Austin. Estimated travel costs to attend the conference should be

included here. If the Applicant budgets for but does not attend this conference, the travel costs may only be applied to another OAG sponsored training.

- Travel expenses may be reimbursed according to the Texas State Travel Guidelines, unless a grantee's travel policy provides for a lesser reimbursement. The reimbursement rate for mileage, in-state per diem, hotel, car rental, and airfare expenses can be found in the Texas State Travel Guidelines at:
<https://fm.xcpa.state.tx.us/fm/travel/milerate/index.php>
- Travel must relate directly to the delivery of services that supports the program funded by the OAG grant.
- Do not include conference registration fees in the travel budget category. Conference registration fees should be listed in the "Other Direct Operating Expenses" budget category.
- Grant funds may not be used to pay for out-of-state travel.
- If mileage is to be paid, provide the number of miles and the cost per mile in the justification.
- Provide a justification describing the travel staff members will perform. This should include the location to be traveled to, the number of trips planned, the title of the staff member who will be making the trips, and how the travel supports the goal of the grant.

TAB I—EQUIPMENT, SUPPLIES AND OTHER DIRECT OPERATING EXPENSES (ODOE)

Equipment

- "Equipment" is defined as an article of non expendable, tangible personal property having a useful life of more than one (1) year and a per unit acquisition cost which equals the lesser of the capitalization level established by the grantee for financial statement purposes or \$5,000.
- A grantee may use equipment paid for with OAG funds only for grant-related purposes.
- Computers, regardless of cost, should be included under equipment.
- Each Applicant is required to have access to a computer in order to perform data collection and reporting to the OAG. If the Applicant does not currently have a computer, then one may be budgeted as part of this grant or secured through other means.
- Do not include maintenance or rental fees for equipment in the equipment budget category. Equipment maintenance or rental fees should be listed in the "Other Direct Operating Expenses" budget category.
- Provide a justification for each item. This should include the title of the staff member who will be using each piece of equipment and how the use supports the goal of the grant.

Supplies

- "Supplies" is defined as consumable items directly related to the day to day operation of the grant program. Allowable items include, but are not limited to, office supplies, paper, postage, and education resource materials.
- The OAG will not approve funds for the purchase of program promotional items or recreational activities.
- Costs for supplies should be allocated for the employees listed on this Application.

- Provide a justification for each item. This should include how it supports the goal of the grant.

Other Direct Operating Expenses

- "Other Direct Operating Expenses" is defined as those costs not included in other budget categories and which are directly related to the day to day operation of the grant program. Examples: Utilities, rent, insurance, security fees, or maintenance fees.
- Registration fees for conferences and other training sessions should be included in this category. The registration cost for the OAG November 2009 conference is \$250.
- Funds may not be used to purchase food and beverages.
- Provide a justification for each item. This should include how it supports the goal of the grant.

ODOE and Cost Allocation

- Other Direct Operating Expenses that benefit more than one grant should be allocated proportionately to the benefit or service received. The method used to allocate cost should be a reasonable and measurable means of distributing the cost to those grants, and consistently applied for that type of cost.
- It is acceptable to use different allocation methods for different types of ODOE expense, as long as the allocation method is applied consistently for those expenses.
- Four common and acceptable allocation methods for ODOE expenses are: (1) funding, (2) full time equivalents (FTE), (3) square footage, and (4) direct use. Allowable methods related to specific costs are shown in the table below:

ALLOWABLE ALLOCATION METHODS

Cost Type	Square			
	Funding	FTE	Footage	Direct Use
Copiers	x	x		x
Data Line	x	x		
Equip Maint.	x	x		
Janitorial	x	x	x	
Postage	x	x		x
Printing	x	x		x
Rent	x	x	x	
Telephones	x	x		
Utilities	x	x	x	

The following are descriptions and examples of the acceptable methods:

(1) Funding Source Based: The proportion of expense borne by each funding source is allocated based on the proportion of funding provided. For example:

Funding Source Based Example

Total Operating Budget of Grantee A \$ 475,000

OAG Grant Funds \$ 75,000

=75,000 divided by 475,000 = 0.16

OAG Grant portion of the expense = 16%

The OAG Grant could not be charged more than 16% of the allowable ODOE costs.

(2) Full-time equivalents (FTE) Based: FTE is the numerical representation of full and part-time work activities. A person working full time represents 1.00 FTE; a person working half-time represents .50 FTE. Actual time worked is translated into a unit of effort, with all staff being equal.

Steps to calculate the annual number of FTE's:

1. Determine the total number of hours worked for all employees.
2. Divide that number by 2080 to arrive at the overall total number of FTE's.
3. To obtain the number of FTE's charged to the grant, determine the total number of hours to be directly charged to the grant and divide by 2080.
4. To obtain percentage of the grant FTE's , divide the FTE total for the grant by the total of FTE's of the organization calculated in step 2.
5. This calculation will provide the percentage of ODOE cost that could be allocated to the grant.

FTE Based Example	
Annual FTE Calculation	20,800 total hours charged for all staff (based on time sheets or payroll records)
	20,800 / 2080 = 10 FTE's overall
	5,600 staff hours charged to grant A (based on time sheets or payroll records)
	5,600 / 2080 = 2.7 FTE's charged to that grant A
	2.7 (FTE charged to grant A) / 10 (FTE's overall) = .27 (27%)
	27% x ODOE expense = amount to be allocated to grant A

(3) Square Footage Based: This is calculated by measuring the square footage to get the allocation percentage for direct use and common area. For example:

Direct Use is defined as an area occupied by funded grant staff under this contract.
Common Area is defined as an area shared by all employees of the entity.

Total Sq. Footage = 1250; Rent = \$1200 per month; \$1200 / 1250 = \$.96 per sq ft

Suite 1 (Program A) 10 x 13.8 = 138 sq ft Suite 2 (Program B) 10 x 13.8 = 138 sq ft
 Suite 3 (Program C) 10 x 13.8 = 138 sq ft Suite 4 (Program D) 10 x 13.8 = 138 sq ft Conf.
 Rm (Common Area) 22 x 15 = 330 sq ft Rest Rm 1 (Common Area) 6 x 8 = 48 sq ft
 Break Area (Common Area) 8 x 8 = 64 sq ft
 Storage Rm (Common Area) 8 x 8 = 64 sq ft Hallway (Common Area) 48 x 4 = 192 sq ft

Program A (Direct Use) 138 sq ft x .96 = \$132.48
 Program B (Direct Use) 138 sq ft x .96 = \$132.48
 Program C (Direct Use) 138 sq ft x .96 = \$132.48
 Program D (Direct Use) 138 sq ft x .96 = \$132.48
 Common Area (Allocable ODOE Expense) 698 sq ft x .96 = \$670.08

Steps to Calculate Square Footage

1. Calculate the total square footage and divide by the monthly rent to get the cost per square foot.
2. Multiply the direct use square footage by the cost per square foot. This gives you the direct use cost.
3. Add the total square feet of all the direct use areas (Program A+ Program B + Program C+ Program D) = Program ABCD direct use (138 + 138 + 138 + 138 = 552)
4. Divide each direct use space by the total direct use to obtain % to distribute Common Area cost (Program A is 138 / 552 = 25%)
5. Multiply this percentage by the cost of the common area to obtain the additional cost for each program common areas. (Program A = 25% X Common Area cost of \$670.08 = \$167.52)
6. Program A is allocated the \$132.48 based on direct use and \$167.52 for the proportionate common area. Program A allocation for Rent based on square footage is \$132.48 + \$167.52 = \$300.00. *Repeat for Program B, Program C and Program D.*

(4) Direct Use Based: This is used when the ODOE cost can be directly charged to a grant by using meter readings, copy counts, etc.
