balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

TARIFF CODE: DS RRC TARIFF NO: 9489

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas

DESCRIPTION

master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC / NV CPCR = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-CTX-OS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory</p>

RATE SCHEDULESCHEDULE IDDESCRIPTION

authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly

DESCRIPTION

balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual

DESCRIPTION

inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC NV CPRC = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1,

SCHEDULE ID	DESCRIPTION
1-CTX-OS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory</p>

DESCRIPTION

authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly

DESCRIPTION

balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

DESCRIPTION

pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas

DESCRIPTION

master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC / NV CPRC = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation

SCHEDULE ID	DESCRIPTION
1-CTX-OS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory</p>

RATE SCHEDULESCHEDULE IDDESCRIPTION

authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly

DESCRIPTION

balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

DESCRIPTION

pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas

DESCRIPTION

master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC / NV CPCR = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-CTX-OS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory</p>

RATE SCHEDULESCHEDULE IDDESCRIPTION

authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly

DESCRIPTION

balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

DESCRIPTION

amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee

DESCRIPTION

on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = $\frac{CPRC \cdot NV}{CPRC}$ CPRC = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The

SCHEDULE ID	DESCRIPTION
1-CTX-OS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory</p>

RATE SCHEDULESCHEDULE IDDESCRIPTION

authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly

DESCRIPTION

balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

DESCRIPTION

SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual

DESCRIPTION

inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. Source Note: The provisions of this 8.201 adopted to be effective September 8, 2003, 28 TexReg 7682; amended to be effective November 24, 2004, 29 TexReg 10733; amended to be effective May 15, 2005, 30 TexReg 2849; amended to be effective December 19, 2005, 30 TexReg 8428; amended to be effective April 18, 2007, 32 TexReg 2136; amended to be effective November 12, 2007, 32 Tex Reg 8121 Supersedes Same Sheet Dated Meters Read On and After March 31,2008 March 31, 2009

RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC NV CPRC = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1,

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-CTX-OS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory</p>

DESCRIPTION

authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly

DESCRIPTION

balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

DESCRIPTION

system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to

RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CP/RC NV CP = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. A schedule showing RCR collections. Supersedes Same Rate Sheet Dated Meters Read On and After

SCHEDULE ID	DESCRIPTION
PSF-All-ISOS-PipeFee	<p>TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105,</p>

DESCRIPTION

shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority

DESCRIPTION

(Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC NV CPRC = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. A schedule showing RCR collections. 1-CTX-OS-COG

TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of

GAS SERVICES DIVISION

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s).

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate.

E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly.

F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas.

H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2.

DESCRIPTION

A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-INC-CTXnoAu-IS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1-INC Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Sunset Valley, Rollingwood, West Lake Hills and Cedar Park in its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, the Relocation Cost Recovery Rate and the revenue associated fees (including franchise fees) and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the accounting month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of franchise fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers and the known volumes of gas that may be otherwise accounted for, including but not limited to Company used gas, liquid extracting, meter errors due to inaccurate calibration or temperature fluctuations and accidental discharges of gas from the Company's system during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will</p>

TARIFF CODE: DS RRC TARIFF NO: 9497

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s).

8. Relocation Cost Recovery Rate - The rate per billing unit pursuant to Rate Schedule RCR.

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. Notwithstanding anything herein to the contrary, in addition to the Rates set forth above, the Company shall bill each general sales customer, in the incorporated area of Austin only, a surcharge of \$0.0010 per Ccf during the billing period in accordance with City of Austin letter dated October 3, 2006 authorizing the recovery of audit and program review costs related to the gas franchise renewal. The surcharge shall be effective only until the aforementioned costs have been collected by the Company.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate.

E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or, (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly.

F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the appropriate

DESCRIPTION

Relocation Cost Recovery Rate; (f) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; (g) the Cost of Gas calculation; and (h) the beginning and ending date of the billing period . The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly imbalances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period.

This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After January 2, 2007 June 2, 2008 (Sunset Valley, Rollingwood, West Lake Hills and Cedar Park only)

DESCRIPTION

of this rate schedule and not for other purposes. The gas taken under this rate will be separately metered.2. This rate will not be available for standby use. 3. For the purpose of this rate, the annual load factor must be 60% or greater. The annual load factor is defined as the customer's total annual consumption divided by the customers peak month consumption times twelve. If less than a 60 percent load factor occurs for a twelve-month period, the rate charged will be the rate that the customer would otherwise be served under for months in which the annual load factor did not equal 60%.4. To qualify for the summer discounts, the customer's peak summer load must be at least 75% of the customers peak winter load. Failure to meet this requirement will result in summer bills being issued at winter rates.5. The curtailment priority of any customer served under this rate schedule shall be the same as the curtailment priority which would pertain if gas were used directly to provide energy for uses as defined and listed in Section 1.08.02 of the Company's Central Texas Rules of Service.6. Subject in all respects to applicable laws, rules, and regulations from time to time in effect. Supersedes Interim Rate Dated Meters Read On and After December 21, 1987 February 22, 1988

PSF-All-ISOS-PipeFee

TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is

DESCRIPTION

defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6)

Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. DESCRIPTION

26, 27, 30, 31, 32, 33, 40, 41, 42, 43, 44, 48, CNG-1, C-1, T020, T021, T022, T023, T030, T031, T032, T033, T040, T041, T042, T043, T044, T048, T049, T0C-1, CNGT B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPCR + PPRC NV CPCR = Relocation costs for the current recovery period. PPRC = Under collection or over collection from any prior RCR rates. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. RCR rates may be revised each quarter. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 10, 14, 15, 16, 20, 21, 22, 23, 24, 25, 26, 27, 30, 31, 32, 33, 40, 41, 42, 43, 44, 48, CNG-1, C-1, T020, T021, T022, T023, T030, T031, T032, T033, T040, T041, T042, T043, T044, T048, T049, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. A schedule showing RCR collections, including any over or under collections from prior RCR rate applications. Supersedes Same Sheet Dated Meters Read On and After May 24, 2002 November 30, 2005

TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net

RATE SCHEDULESCHEDULE IDDESCRIPTION

of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost

DESCRIPTION

multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. Companies affiliated with the Company shall not be allowed to charge fees for transactions related to natural gas financial instruments utilized for purposes in this Cost of Gas Clause and hence can not realize a profit in this regard. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B (3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of franchise fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers and the known volumes of gas that may be otherwise accounted for, including but not limited to Company used gas, liquid extracting, meter errors due to inaccurate calibration or temperature fluctuations and accidental discharges of gas from the Company's system during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined

DESCRIPTION

to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or, (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation, including the gains and losses from hedging activities for the month; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the hedging activities conducted each month during the twelve months ending June 30, including the types of transaction used, resulting gains and losses, any changes in the hedging program implemented during the period and the rationale for the changes. The report should include the customer impact of hedging activities stated as costs to the average residential and commercial customer during the period. 5. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly imbalances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is

SCHEDULE ID	DESCRIPTION
PSF-All-ISOS-PipeFee	<p>TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105,</p>

DESCRIPTION

shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority

DESCRIPTION

(Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC NV CPRC = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. A schedule showing RCR collections. TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of

GAS SERVICES DIVISION

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 9498

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s).

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate.

E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly.

F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas.

H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2.

GAS SERVICES DIVISION
GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

CNG-1-CTX-OS

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE CNG-1 COMPRESSED NATURAL GAS SERVICE RATE APPLICABILITY Service under this rate schedule is available to any customer for usage where customer purchases natural gas which will be compressed and used as a motor fuel. Service will be separately metered. This rate does not include compression by the Company beyond normal meter sales pressure. TERRITORY All unincorporated areas served by the Company in its Central Texas Region. COST OF SERVICE RATE During each monthly billing period: A customer charge of \$30.00 plus All Ccf per monthly billing period @ \$.0850 per Ccf COST OF GAS In addition to the Cost of Service set forth above, each customer's bill shall include the Cost of Gas for the billing month determined in accordance with the provisions of the Cost of Gas Clause, Rate Schedule No. 1 for unincorporated areas. CONDITIONS 1. Subject in all respects to applicable laws, rules, and regulations from time to time in effect. 2. Delivery of gas hereunder may be interrupted or curtailed at the discretion of the Company, in case of shortage or threaten shortage of gas supply from any cause whatsoever, to conserve gas for residential and other consumers served. 3. The Company's Budget Billing Plan is not available to customers taking this service. 4. This rate does not include any road use fees, permits, or taxes etc. It provides for the delivery of uncompressed natural gas only. 5. Customer must provide affidavit to the Company certifying that the gas delivered will be compressed for use as motor fuel. 6. Compressor station subject to inspection by Company engineers.

Date Effective January 1, 1988

(applicable to unincorporated areas only effective

06/30/09,)

PSF-All-ISOS-PipeFee	<p>TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service</p>

DESCRIPTION

line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-Kyle-IS-Reloc

TEXAS GAS SERVICE COMPANY Kyle Service Area - Central Texas Region RATE SCHEDULE RCR RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the incorporated areas of the Kyle Service Area: 10, 20, TO20. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 9748

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

formula: RCR Rate = CPCR + PPRC NV CPCR = Relocation costs for the current recovery period. PPRC = Under collection or over collection from any prior RCR rates. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. RCR rates may be revised each quarter. All applicable fees and taxes will be added to the RCR rates. BILLING 1. The RCR rate, pursuant to Rate Schedule RCR-RIDER, shall be included as a component of the Company's Cost of Gas (per Ccf rate) for rate schedules: 10, 20. 2. The RCR rate, pursuant to Rate Schedule RCR-RIDER, shall be added to the applicable cost of service usage charge (per Ccf rate) for rate schedules: T020. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. 1-INC-Kyle-IS-COG

TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1-INC Kyle Service Area - Central Texas Region COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of its Kyle Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, the Relocation Cost Recovery Rate and the revenue associated fees (including franchise fees) and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility. No costs of natural gas financial instruments with companies affiliated with Texas Gas Service shall be included. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month

DESCRIPTION

from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the accounting month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company to provide service to its general service customers during the period, including prudently incurred gains or losses on natural gas financial instruments(b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of franchise fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases.Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority.7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, including prudently incurred gains or losses incurred on natural gas financial instruments, (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s).8. Relocation Cost Recovery Rate - The rate per billing unit pursuant to Rate Schedule RCR.C. COST OF GASIn addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENTIf the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. INTEREST ON FUNDSConcurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 6% per annum compounded monthly; or, (2) an amount equal to the

DESCRIPTION

outstanding under collected balance multiplied by interest of 6% per annum compounded monthly.F. SURCHARGE OR REFUND PROCEDURESIn the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account.Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above.G. COST OF GAS STATEMENTThe Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the appropriate Relocation Cost Recovery Rate; (f) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; (g) the Cost of Gas calculation; and (h) the beginning and ending date of the billing period . The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas.. ANNUAL RECONCILIATION REPORTThe Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to:1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly imbalances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

PSF-All-ISOS-PipeFee

TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to

DESCRIPTION

the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected

RCR-Kyle-IS-Reloc	<p>TEXAS GAS SERVICE COMPANY Kyle Service Area - Central Texas Region RATE SCHEDULE RCR RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the incorporated areas of the Kyle Service Area: 10, 20, T020. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC + PPRC NV CPRC = Relocation costs for the current recovery period. PPRC = Under collection or over collection from any prior RCR rates. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. RCR rates may be revised each quarter. All applicable fees and taxes will be added to the RCR rates. BILLING 1. The RCR rate, pursuant to Rate Schedule RCR-RIDER, shall be included as a component of the Company's Cost of Gas (per Ccf rate) for rate schedules: 10, 20. 2. The RCR rate, pursuant to Rate Schedule RCR-RIDER, shall be added to the applicable cost of service usage charge (per Ccf rate) for rate schedules: T020. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. A schedule showing RCR collections, including any over or under collections from prior RCR rate applications. Initial Rate Meters Read On and After December 29, 2003</p>

PSF-All-ISOS-PipeFee	<p>TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105,</p>

shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. TEXAS GAS SERVICE COMPANY
RATE SCHEDULE NO. 1
Dripping Springs Service Area
COST OF GAS CLAUSE

A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Dripping Springs Service Area.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds.
2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 15405

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

Ratio.

3. Cost of Purchased Gas - The cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility.

4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit.

5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company to provide service to its general service customers during the period, including prudently incurred gains or losses on natural gas financial instruments (b) the revenues received from operation of the provisions of this cost of gas clause, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s), and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, including prudently incurred gains or losses incurred on natural gas financial instruments, (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s).

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 15405

RATE SCHEDULESCHEDULE IDDESCRIPTION

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate.

E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 6% per annum compounded monthly; or, (2) an amount equal to the outstanding under collected balance multiplied by interest of 6% per annum compounded monthly.

F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the Cost of Gas calculation; and (f) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas.

H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date.
4. A description of the imbalance payments made to and received from the Company's

transportation customers within the service area, including monthly imbalances incurred, the monthly imbalances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION
PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS
SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline
Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission
establishes a pipeline safety inspection fee, to be assessed annually against
operators of natural gas distribution pipelines and pipeline facilities and natural
gas master metered pipelines and pipeline facilities subject to the Commission's
pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total
amount of revenue estimated to be collected under this section does not exceed the
amount the Commission estimates to be necessary to recover the costs of
administering the pipeline safety program under Texas Utilities Code, Chapter 121,
excluding costs that are fully funded by federal sources, for any fiscal year.
(b) The Commission hereby assesses each operator of a natural gas distribution
system an annual pipeline safety program fee of \$0.50 for each service (service
line) reported to be in service at the end of each calendar year by each system
operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15
of each year. (1) Each operator of a natural gas distribution system shall
calculate the total amount of the annual pipeline safety program fee to be paid to
the Commission by multiplying the number of services listed in Part B, Section 3,
of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1,
due to be filed on March 15 of each year, by \$0.50. (2) Each operator of
a natural gas distribution system shall remit to the Commission on March 15 of each
year, the amount calculated under paragraph (1) of this subsection. (3) Each
operator of a natural gas distribution system shall recover, by a surcharge to its
existing rates, the amount the operator paid to the Commission under paragraph (1)
of this subsection. The surcharge: (A) shall be a flat rate, one-time
surcharge; (B) shall not be billed before the operator remits the
pipeline safety program fee to the Commission; (C) shall be applied in
the billing cycle or cycles immediately following the date on which the operator
paid the Commission; (D) shall not exceed \$0.50 per service or service
line (For calendar year 2009 the annual pipeline safety program fee, effective with
meters read on and after March 31, 2009, Texas Gas Service Company will bill all
customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service
line) ; and (E) shall not be billed to a state agency, as that term is
defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the
last billing cycle in which the pipeline safety program fee surcharge is billed to
customers, each operator of a natural gas distribution system shall file with the
Commission's Gas Services Division and the Safety Division a report showing:
(A) the pipeline safety program fee amount paid to the Commission; (B)
the unit rate and total amount of the surcharge billed to each customer;
(C) the date or dates on which the surcharge was billed to customers; and
(D) the total amount collected from customers from the surcharge. (5) Each
operator of a natural gas distribution system that is a utility subject to the
jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105,
shall file a generally applicable tariff for its surcharge in conformance with the
requirements of 7.315 of this title, relating to Filing of Tariffs. (6)
Amounts recovered from customers under this subsection by an investor-owned natural
gas distribution system or a cooperatively owned natural gas distribution system
shall not be included in the revenue or gross receipts of the system for the
purpose of calculating municipal franchise fees or any tax imposed under Subchapter
B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject

DESCRIPTION

to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. SCHEDULE ID	DESCRIPTION
1-INC-R-Weath-IS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE 1-INC-R North Texas Area Page 1 of 1 RIDER TO THE COST OF GAS CLAUSE, Rate Schedule 1-INC Applicable in the incorporated area of Weatherford, TX. The related fees referenced in Paragraph B, Section 1 of the Cost of Gas Clause shall expressly include the full amount necessary for the Company to recover the franchise fees payable upon both the base rates and gas costs of its General Service customers in accordance with the applicable franchise ordinance. Additionally, the franchise fees collected by the Company from its customers and to be remitted to the City in accordance with the franchise ordinance shall not be included as part of the Reconciliation Audit set forth in Paragraph B, Section 5 or the Cost of Gas Statement set forth in Paragraph G. Supersedes Same Sheet Dated September 25, 2001 (City of Weatherford)</p> <p>Meters Read On and After April 28, 2006 (City of Weatherford)</p>
1-1-NTX-IS-COSadj	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson and Weatherford, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. The actual percentage change in the revenue requirement after gross-ups in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement after gross-ups is computed by comparing the revenue requirement after gross-ups for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) * Based on last city- approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the</p>

TARIFF CODE: DS RRC TARIFF NO: 17036

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows:
Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Multiplied by: Tax Factor (.35/(1-.35) or .53846) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections D.1 through D.4 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service. D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than ninety (90) days within which to review the proposed annual rate adjustment prior to its taking effect with the first billing cycle of August of each year. If a City takes no action within ninety (90) days, the proposed annual rate adjustment will be deemed approved by the City. A city or group of cities may retain a consultant to review the annual rate adjustment filing, and the Company agrees to reimburse the actual, aggregate cost of such review(s) up to an amount not to exceed \$15,000 per year. Any reimbursement of such costs will be recoverable through the Company's annual cost of service adjustment rate. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Texas Gas Service Company shall not appeal to the Railroad Commission of Texas the denial of its annual rate adjustment by one or more of the cities. However, such denial shall not preclude Texas Gas Service Company from filing a Statement of Intent to increase rates pursuant to section 104.102 of the Texas Utilities Code in such cities. 1-INC-NTX-IS-COG

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson, Texas . B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a reconciliation component related fees (including franchise fees), and other purchased gas expenses. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

TARIFF CODE: DS RRC TARIFF NO: 17036

RATE SCHEDULESCHEDULE IDDESCRIPTION

its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 8. General Service Customers - those customers served under general service rate schedules. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing

DESCRIPTION

cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement. H. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31. 2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues. 3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date. 4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any. 5. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December. Supersedes Rate Schedules:

DESCRIPTION

administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year.

(3) Each operator of a natural gas master meter system

WNA-NTX-IS	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE WNA Page 1 of 1 WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson: 10, 20, 25, 40, and 45. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the City monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the City an annual report verifying the past year's WNA collections or refunds. Supersedes Same Sheet Dated Sept. 22, 2000 (Weatherford), Oct. 31, 2000 (Willow Park, Aledo and Hudson Oaks), May 25, 2001 (Mineral Wells), July 26, 2001 (Graford and Millsap) Meters Read On and After April 28, 2006 (Other cities) June 5, 2006 (Breckenridge)</p>

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-NTX-IS-COSadj	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson and Weatherford, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. The actual percentage change in the revenue requirement after gross-ups in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement after gross-ups is computed by comparing the revenue requirement after gross-ups for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Multiplied by: Tax Factor (.35/(1-.35) or .53846) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections D.1 through D.4 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by</p>

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

weather-normalized volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than ninety (90) days within which to review the proposed annual rate adjustment prior to its taking effect with the first billing cycle of August of each year. If a City takes no action within ninety (90) days, the proposed annual rate adjustment will be deemed approved by the City. A city or group of cities may retain a consultant to review the annual rate adjustment filing, and the Company agrees to reimburse the actual, aggregate cost of such review(s) up to an amount not to exceed \$15,000 per year. Any reimbursement of such costs will be recoverable through the Company's annual cost of service adjustment rate. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Texas Gas Service Company shall not appeal to the Railroad Commission of Texas the denial of its annual rate adjustment by one or more of the cities. However, such denial shall not preclude Texas Gas Service Company from filing a Statement of Intent to increase rates pursuant to section 104.102 of the Texas Utilities Code in such cities.

1-INC-NTX-IS-COG

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson, Texas . B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a reconciliation component related fees (including franchise fees), and other purchased gas expenses. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine:

TARIFF CODE: DS RRC TARIFF NO: 17037

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

(a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 8. General Service Customers - those customers served under general service rate schedules. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are

DESCRIPTION

retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. Transition from the preceeding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

SCHEDULE IDDESCRIPTION

pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas

master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. WNA-NTX-IS

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE WNA Page 1 of 1
WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson: 10, 20, 25, 40, and 45. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the City monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the City an annual report verifying the past year's WNA collections or refunds. Supersedes Same Sheet Dated Sept. 22, 2000 (Weatherford), Oct. 31, 2000 (Willow Park, Aledo and Hudson Oaks), May 25, 2001 (Mineral Wells), July 26, 2001 (Graford and Millsap)

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-NTX-IS-COSadj	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson and Weatherford, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. The actual percentage change in the revenue requirement after gross-ups in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement after gross-ups is computed by comparing the revenue requirement after gross-ups for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Multiplied by: Tax Factor (.35/(1-.35) or .53846) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections D.1 through D.4 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by</p>

TARIFF CODE: DS RRC TARIFF NO: 17038

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

weather-normalized volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than ninety (90) days within which to review the proposed annual rate adjustment prior to its taking effect with the first billing cycle of August of each year. If a City takes no action within ninety (90) days, the proposed annual rate adjustment will be deemed approved by the City. A city or group of cities may retain a consultant to review the annual rate adjustment filing, and the Company agrees to reimburse the actual, aggregate cost of such review(s) up to an amount not to exceed \$15,000 per year. Any reimbursement of such costs will be recoverable through the Company's annual cost of service adjustment rate. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Texas Gas Service Company shall not appeal to the Railroad Commission of Texas the denial of its annual rate adjustment by one or more of the cities. However, such denial shall not preclude Texas Gas Service Company from filing a Statement of Intent to increase rates pursuant to section 104.102 of the Texas Utilities Code in such cities.

1-INC-NTX-IS-COG

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson, Texas . B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a reconciliation component related fees (including franchise fees), and other purchased gas expenses. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine:

TARIFF CODE: DS RRC TARIFF NO: 17038

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

(a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 8. General Service Customers - those customers served under general service rate schedules. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are

DESCRIPTION

retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. Transition from the preceeding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas

master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. WNA-NTX-IS

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE WNA Page 1 of 1
WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson: 10, 20, 25, 40, and 45. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the City monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the City an annual report verifying the past year's WNA collections or refunds. Supersedes Same Sheet Dated Sept. 22, 2000 (Weatherford), Oct. 31, 2000 (Willow Park, Aledo and Hudson Oaks), May 25, 2001 (Mineral Wells), July 26, 2001 (Graford and Millsap)

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-NTX-IS-COSadj	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson and Weatherford, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. The actual percentage change in the revenue requirement after gross-ups in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement after gross-ups is computed by comparing the revenue requirement after gross-ups for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Multiplied by: Tax Factor (.35/(1-.35) or .53846) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections D.1 through D.4 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by</p>

DESCRIPTION

weather-normalized volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service. D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than ninety (90) days within which to review the proposed annual rate adjustment prior to its taking effect with the first billing cycle of August of each year. If a City takes no action within ninety (90) days, the proposed annual rate adjustment will be deemed approved by the City. A city or group of cities may retain a consultant to review the annual rate adjustment filing, and the Company agrees to reimburse the actual, aggregate cost of such review(s) up to an amount not to exceed \$15,000 per year. Any reimbursement of such costs will be recoverable through the Company's annual cost of service adjustment rate. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Texas Gas Service Company shall not appeal to the Railroad Commission of Texas the denial of its annual rate adjustment by one or more of the cities. However, such denial shall not preclude Texas Gas Service Company from filing a Statement of Intent to increase rates pursuant to section 104.102 of the Texas Utilities Code in such cities. 1-INC-NTX-IS-COG

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-INC COST OF GAS
CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general
service rate schedules of Texas Gas Service Company (The Company) in the
incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells,
Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson, Texas . B.
DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation
under this clause, consisting of the commodity cost, a reconciliation component
related fees (including franchise fees), and other purchased gas expenses. 2.
Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.
3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from
its suppliers or the estimated weighted average cost for gas purchased by the
Company from all sources where applicable. Such cost shall include not only the
purchase cost of natural gas, but shall also include all reasonable fees for
services such as gathering, treating, processing, transportation, capacity and/or
supply reservation fees, storage, balancing, and swing services necessary for the
movement of gas to the Company's citygate delivery points. The Cost of Purchased
Gas shall also include gains or losses from the utilization of natural gas
financial instruments that are executed by the Company for the purpose of
mitigating high prices and price volatility. 4. Reconciliation Component - The
amount to be returned to or recovered from customers each month from December
through August as a result of the Reconciliation Audit. Reconciliation Audit - An
annual review of the Company's books and records for each twelve month period
ending with the production month of August to determine the amount of over or under
collection occurring during such twelve month period. The audit shall determine:

TARIFF CODE: DS RRC TARIFF NO: 17039

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

(a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 8. General Service Customers - those customers served under general service rate schedules. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are

DESCRIPTION

retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. Transition from the preceeding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission

DESCRIPTION

shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-NTX-IS-COSadj	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson and Weatherford, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. The actual percentage change in the revenue requirement after gross-ups in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement after gross-ups is computed by comparing the revenue requirement after gross-ups for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Multiplied by: Tax Factor (.35/(1-.35) or .53846) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections D.1 through D.4 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by</p>

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

weather-normalized volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service. D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than ninety (90) days within which to review the proposed annual rate adjustment prior to its taking effect with the first billing cycle of August of each year. If a City takes no action within ninety (90) days, the proposed annual rate adjustment will be deemed approved by the City. A city or group of cities may retain a consultant to review the annual rate adjustment filing, and the Company agrees to reimburse the actual, aggregate cost of such review(s) up to an amount not to exceed \$15,000 per year. Any reimbursement of such costs will be recoverable through the Company's annual cost of service adjustment rate. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Texas Gas Service Company shall not appeal to the Railroad Commission of Texas the denial of its annual rate adjustment by one or more of the cities. However, such denial shall not preclude Texas Gas Service Company from filing a Statement of Intent to increase rates pursuant to section 104.102 of the Texas Utilities Code in such cities. 1-INC-NTX-IS-COG

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-INC COST OF GAS
CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general
service rate schedules of Texas Gas Service Company (The Company) in the
incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells,
Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson, Texas . B.
DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation
under this clause, consisting of the commodity cost, a reconciliation component
related fees (including franchise fees), and other purchased gas expenses. 2.
Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.
3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from
its suppliers or the estimated weighted average cost for gas purchased by the
Company from all sources where applicable. Such cost shall include not only the
purchase cost of natural gas, but shall also include all reasonable fees for
services such as gathering, treating, processing, transportation, capacity and/or
supply reservation fees, storage, balancing, and swing services necessary for the
movement of gas to the Company's citygate delivery points. The Cost of Purchased
Gas shall also include gains or losses from the utilization of natural gas
financial instruments that are executed by the Company for the purpose of
mitigating high prices and price volatility. 4. Reconciliation Component - The
amount to be returned to or recovered from customers each month from December
through August as a result of the Reconciliation Audit. Reconciliation Audit - An
annual review of the Company's books and records for each twelve month period
ending with the production month of August to determine the amount of over or under
collection occurring during such twelve month period. The audit shall determine:

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 17040

RATE SCHEDULESCHEDULE IDDESCRIPTION

(a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 8. General Service Customers - those customers served under general service rate schedules. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are

DESCRIPTION

retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. Transition from the preceeding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

DESCRIPTION

operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6)

Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission

DESCRIPTION

shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-NTX-IS-COSadj	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson and Weatherford, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. The actual percentage change in the revenue requirement after gross-ups in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement after gross-ups is computed by comparing the revenue requirement after gross-ups for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Multiplied by: Tax Factor (.35/(1-.35) or .53846) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections D.1 through D.4 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by</p>

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

weather-normalized volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service. D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than ninety (90) days within which to review the proposed annual rate adjustment prior to its taking effect with the first billing cycle of August of each year. If a City takes no action within ninety (90) days, the proposed annual rate adjustment will be deemed approved by the City. A city or group of cities may retain a consultant to review the annual rate adjustment filing, and the Company agrees to reimburse the actual, aggregate cost of such review(s) up to an amount not to exceed \$15,000 per year. Any reimbursement of such costs will be recoverable through the Company's annual cost of service adjustment rate. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Texas Gas Service Company shall not appeal to the Railroad Commission of Texas the denial of its annual rate adjustment by one or more of the cities. However, such denial shall not preclude Texas Gas Service Company from filing a Statement of Intent to increase rates pursuant to section 104.102 of the Texas Utilities Code in such cities. 1-INC-NTX-IS-COG

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-INC COST OF GAS
CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general
service rate schedules of Texas Gas Service Company (The Company) in the
incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells,
Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson, Texas . B.
DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation
under this clause, consisting of the commodity cost, a reconciliation component
related fees (including franchise fees), and other purchased gas expenses. 2.
Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.
3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from
its suppliers or the estimated weighted average cost for gas purchased by the
Company from all sources where applicable. Such cost shall include not only the
purchase cost of natural gas, but shall also include all reasonable fees for
services such as gathering, treating, processing, transportation, capacity and/or
supply reservation fees, storage, balancing, and swing services necessary for the
movement of gas to the Company's citygate delivery points. The Cost of Purchased
Gas shall also include gains or losses from the utilization of natural gas
financial instruments that are executed by the Company for the purpose of
mitigating high prices and price volatility. 4. Reconciliation Component - The
amount to be returned to or recovered from customers each month from December
through August as a result of the Reconciliation Audit. Reconciliation Audit - An
annual review of the Company's books and records for each twelve month period
ending with the production month of August to determine the amount of over or under
collection occurring during such twelve month period. The audit shall determine:

TARIFF CODE: DS RRC TARIFF NO: 17041

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

(a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 8. General Service Customers - those customers served under general service rate schedules. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are

DESCRIPTION

retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. Transition from the preceeding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later

DESCRIPTION

than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. WNA-NTX-IS

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE WNA Page 1 of 1
WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson: 10, 20, 25, 40, and 45. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the City monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the City an annual report verifying the past year's WNA collections or refunds. Supersedes Same Sheet Dated Sept. 22, 2000 (Weatherford), Oct. 31, 2000 (Willow Park, Aledo and Hudson Oaks), May 25, 2001 (Mineral Wells), July 26, 2001 (Graford and Millsap)

SCHEDULE ID	DESCRIPTION
1-1-NTX-IS-COSadj	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson and Weatherford, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. The actual percentage change in the revenue requirement after gross-ups in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement after gross-ups is computed by comparing the revenue requirement after gross-ups for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Multiplied by: Tax Factor (.35/(1-.35) or .53846) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections D.1 through D.4 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by</p>

TARIFF CODE: DS RRC TARIFF NO: 17042

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

weather-normalized volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than ninety (90) days within which to review the proposed annual rate adjustment prior to its taking effect with the first billing cycle of August of each year. If a City takes no action within ninety (90) days, the proposed annual rate adjustment will be deemed approved by the City. A city or group of cities may retain a consultant to review the annual rate adjustment filing, and the Company agrees to reimburse the actual, aggregate cost of such review(s) up to an amount not to exceed \$15,000 per year. Any reimbursement of such costs will be recoverable through the Company's annual cost of service adjustment rate. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Texas Gas Service Company shall not appeal to the Railroad Commission of Texas the denial of its annual rate adjustment by one or more of the cities. However, such denial shall not preclude Texas Gas Service Company from filing a Statement of Intent to increase rates pursuant to section 104.102 of the Texas Utilities Code in such cities.

1-INC-NTX-IS-COG

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson, Texas . B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a reconciliation component related fees (including franchise fees), and other purchased gas expenses. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine:

TARIFF CODE: DS RRC TARIFF NO: 17042

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

(a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 8. General Service Customers - those customers served under general service rate schedules. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are

DESCRIPTION

retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement. H. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31. 2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues. 3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date. 4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any. 5. Transition from the preceeding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December. Supersedes Rate Schedules: 1-INC dated 8/24/01 (Weatherford, Willow Park, Aledo, Hudson Oaks, Mineral Wells, Grafrod, Millsap, Jacksboro, Bryson, Graham) 1 dated 6/23/2000 (Breckenridge) Meters Read On and After April 28, 2006 (Other cities) June 5, 2006 (Breckenridge)

DESCRIPTION

gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later

than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. WNA-NTX-IS

TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE WNA Page 1 of 1
WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro and Bryson: 10, 20, 25, 40, and 45. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the City monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the City an annual report verifying the past year's WNA collections or refunds. Supersedes Same Sheet Dated Sept. 22, 2000 (Weatherford), Oct. 31, 2000 (Willow Park, Aledo and Hudson Oaks), May 25, 2001 (Mineral Wells), July 26, 2001 (Graford and Millsap)

RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority

DESCRIPTION

(Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC NV CPRC = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. A schedule showing RCR collections. TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of

RATE SCHEDULESCHEDULE IDDESCRIPTION

Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2.

DESCRIPTION

A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-CTX-OS-COG	<p>TEXAS GAS SERVICE COMPANY RATE SCHEDULE NO. 1 Central Texas Service Area COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Central Texas Service Area. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, and the revenue associated fees and taxes. 2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase/Sales Ratio. 3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records (per Section B(3) above), (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory</p>

RATE SCHEDULESCHEDULE IDDESCRIPTION

authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s). C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate. E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 9% per annum compounded monthly; or (2) an amount equal to the outstanding under collected balance multiplied by interest of 9% per annum compounded monthly. F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above. G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the Cost of Gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly

DESCRIPTION

balances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination. I. QUARTERLY IMBALANCE REPORTS The Company shall file a Quarterly Report with the Regulatory Authority that provides information concerning imbalances created by the Company's transportation customers. The report is due 45 days after the close of each calendar quarter and shall contain the following information: 1. Monthly imbalances by supplier and the system total, 2. Cumulative imbalance by supplier and the system total, 3. Amount of cash transactions between the Company and gas supplier for each month, and 4. Calculation of the monthly WACOG for the Company for the Company gas supplies, including volume and prices. Supersedes Same Sheet Dated Meters Read On and After December 23, 2002 June 2, 2008

DESCRIPTION

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last

RCR-ENV-CTX-OS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR-ENV RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for the unincorporated areas of the Central Texas Service Area: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = $\frac{CPRC}{NV}$ CPRC = Relocation costs for the current recovery period. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-ENV-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for rate schedules: 1D, 1E, 1Z, 2A, 2B, 2C, 2D, 2E, 2Z, 3A, 3B, 3C, 3Z, 4A, 4B, 4C, 4D, 4H, 4Z, CNG-1, C-1, T02A, T02B, T02C, T02Z, T03A, T03B, T03C, T03Z, T04A, T04B, T04C, T04H, T04Z, T0C-1, CNGT. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of a RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. A schedule showing RCR

SCHEDULE ID	DESCRIPTION
PSF-All-ISOS-PipeFee	<p>TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105,</p>

DESCRIPTION

shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. TEXAS GAS SERVICE COMPANY
RATE SCHEDULE NO. 1
Kyle/Buda Service Area - Central Texas Region

COST OF GAS CLAUSE

A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of its Kyle/Buda Service Area.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, the Relocation Cost Recovery Rate and the revenue associated fees (including franchise fees) and taxes.

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 19848

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.
3. Cost of Purchased Gas - The cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility. No costs of natural gas financial instruments with companies affiliated with Texas Gas Service shall be included.
4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit.
5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the accounting month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company to provide service to its general service customers during the period, including prudently incurred gains or losses on natural gas financial instruments (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of franchise fees and applicable taxes, and (e) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases.
6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.
7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, including prudently incurred gains or losses incurred on natural gas financial instruments, (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, and (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s).
8. Relocation Cost Recovery Rate - The rate per billing unit pursuant to Rate Schedule RCR.

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

TARIFF CODE: DS RRC TARIFF NO: 19848

RATE SCHEDULESCHEDULE IDDESCRIPTION

the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate.

E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 6% per annum compounded monthly; or, (2) an amount equal to the outstanding under collected balance multiplied by interest of 6% per annum compounded monthly.

F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the appropriate Relocation Cost Recovery Rate; (f) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; (g) the Cost of Gas calculation; and (h) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas.

H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers

DESCRIPTION

and related Cost of Gas clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly imbalances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the appropriate Relocation Cost Recovery Rate; (f) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; (g) the Cost of Gas calculation; and (h) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas.

H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly imbalances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

PSF-All-ISOS-PipeFee	<p>TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. DESCRIPTION

jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. WNA BorgSk-IS	<p>TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE WNA WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Borger and Skellytown, Texas: 10, 20, 40 and 48. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over- collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the Cities monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the Cities an annual report verifying the past year's WNA collections or refunds. Initial Rate Schedule Meters Read On and After November 4, 2008</p>
1-1-BorgSk-IS-COSAdj	<p>TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all gas sales rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Borger and Skellytown, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing at least thirty (30) days prior to the first billing cycle of July each year at which time rate adjustments will become effective. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment and federal income taxes. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement for the prior calendar year. The rate adjustment will be spread evenly across all weather normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing gas sales rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account Nos. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer</p>

GAS SERVICES DIVISION
GSD - 1 TARIFF REPORT

TARIFF CODE: DS RRC TARIFF NO: 20406

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. **Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items*** Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes ***These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.

3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Investment Tax Credit (remaining unamortized credit) Multiplied by: Tax Factor (.35/(1-.35) or .53846) Less: Investment Tax Credit (remaining unamortized credit) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (****) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each gas sales rate code. **** The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than thirty (30) days within which to review the proposed annual rate adjustment prior to its taking effect each year for meters read on or after the first billing cycle of July. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. This Rate Schedule replaces Cost of Service Adj. Clause Meters Read On and After 1-1 dated 7/29/92 (Borger) and 5/30/90 (Skellytown) November 4, 2008

1-INC-BorgSk-IS-COG

TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Borger and Skellytown, Texas. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, a Reconciliation Component, and applicable fees (including franchise fees) and taxes. 2. Commodity Cost - The estimated Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus any adjustment deemed prudent by the Company to correct any known and quantifiable under or over collection prior to the end of the reconciliation period for the objective of minimizing the impact of under or over collection by the reconciliation factor in the next year. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its supplier or the

GAS SERVICES DIVISION

TARIFF CODE: DS RRC TARIFF NO: 20406

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

weighted average cost for gas purchased by the Company from all sources where applicable. The Cost of Purchased Gas may include prudently incurred costs necessarily incurred for transportation, storage and associated services. The Cost of Purchased Gas shall also include any surcharge or refund the Company may incur from its gas suppliers or service providers. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of surcharges or refunds made to customers during the period and any other revenues, costs, or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, and (e) an adjustment, if necessary, for lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased for general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.73 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of fees (including franchise fees) and taxes, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, and (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December

DESCRIPTION

billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had over collected during the period, it shall credit into the Reconciliation Account an amount equal to the average balance multiplied by six percent (6%). If on the average, the Company had under collected during the period, it shall debit into the reconciliation account an amount equal to the average balance multiplied by six percent (6%). F. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (d) the Reconciliation Component; (e) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; and (f) the Cost of Gas which is the total of items (b) through (e). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement. G. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date. 4. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 5. A summary of charges related to uncollectible accounts as described in Section B. 5. (d). This report shall be filed concurrently with the Cost of Gas Statement for December. RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-BorgSk-IS-COSAdj	<p>TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE</p> <p>A. APPLICABILITY This Cost of Service Adjustment Clause applies to all gas sales rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Borger and Skellytown, Texas.</p> <p>B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing at least thirty (30) days prior to the first billing cycle of July each year at which time rate adjustments will become effective.</p> <p>C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment and federal income taxes. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement for the prior calendar year. The rate adjustment will be spread evenly across all weather normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing gas sales rates for each rate code.</p> <p>1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account Nos. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. **Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations.</p> <p>2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items*** Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes ***These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.</p> <p>3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Investment Tax Credit (remaining unamortized credit) Multiplied by: Tax Factor (.35/(1-.35) or .53846) Less: Investment Tax Credit (remaining unamortized credit)</p> <p>4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the</p>

DESCRIPTION

amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (****) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each gas sales rate code. **** The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than thirty (30) days within which to review the proposed annual rate adjustment prior to its taking effect each year for meters read on or after the first billing cycle of July. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. This Rate Schedule replaces Cost of Service Adj. Clause Meters Read On and After 1-1 dated 7/29/92 (Borger) and 5/30/90 (Skellytown) November 4, 2008

1-INC-BorgSk-IS-COG

TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Borger and Skellytown, Texas. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, a Reconciliation Component, and applicable fees (including franchise fees) and taxes. 2. Commodity Cost - The estimated Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus any adjustment deemed prudent by the Company to correct any known and quantifiable under or over collection prior to the end of the reconciliation period for the objective of minimizing the impact of under or over collection by the reconciliation factor in the next year. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its supplier or the weighted average cost for gas purchased by the Company from all sources where applicable. The Cost of Purchased Gas may include prudently incurred costs necessarily incurred for transportation, storage and associated services. The Cost of Purchased Gas shall also include any surcharge or refund the Company may incur from its gas suppliers or service providers. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of surcharges or refunds made to customers during the period and any other revenues, costs, or credits received by the Company

DESCRIPTION

as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, and (e) an adjustment, if necessary, for lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased for general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.73 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of fees (including franchise fees) and taxes, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, and (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had over collected during the period, it shall credit into the Reconciliation Account an amount equal to the average balance multiplied by six percent (6%). If on the average, the Company had under collected during the period, it shall debit into the reconciliation account an amount equal to the average balance multiplied by six percent (6%). F. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (d) the Reconciliation Component; (e) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; and (f) the Cost of Gas which is the total of items (b) through (e). The statement shall include all data necessary for the Regulatory Authority to

review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement. G. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date. 4. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 5. A summary of charges related to uncollectible accounts as described in Section B. 5. (d). This report shall be filed concurrently with the Cost of Gas Statement for December. This Rate Schedule replaces Cost of Gas Clause: Meters Read On and After 1-INC dated 8/24/01 (Borger) and 8/24/01 (Skellytown) November 4, 2008

PSF-All-ISOS-PipeFee

TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to

the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected

WNA BorgSk-IS

TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE WNA
WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Borger and Skellytown, Texas: 10, 20, 40 and 48. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the Cities monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the Cities an annual report verifying the past year's WNA collections or refunds. Initial Rate Schedule Meters Read On and After

amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (****) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each gas sales rate code. **** The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than thirty (30) days within which to review the proposed annual rate adjustment prior to its taking effect each year for meters read on or after the first billing cycle of July. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. This Rate Schedule replaces Cost of Service Adj. Clause Meters Read On and After 1-1 dated 7/29/92 (Borger) and 5/30/90 (Skellytown) November 4, 2008

1-INC-BorgSk-IS-COG

TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Borger and Skellytown, Texas. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, a Reconciliation Component, and applicable fees (including franchise fees) and taxes. 2. Commodity Cost - The estimated Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus any adjustment deemed prudent by the Company to correct any known and quantifiable under or over collection prior to the end of the reconciliation period for the objective of minimizing the impact of under or over collection by the reconciliation factor in the next year. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its supplier or the weighted average cost for gas purchased by the Company from all sources where applicable. The Cost of Purchased Gas may include prudently incurred costs necessarily incurred for transportation, storage and associated services. The Cost of Purchased Gas shall also include any surcharge or refund the Company may incur from its gas suppliers or service providers. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of surcharges or refunds made to customers during the period and any other revenues, costs, or credits received by the Company

RATE SCHEDULESCHEDULE IDDESCRIPTION

as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, and (e) an adjustment, if necessary, for lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased for general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.73 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of fees (including franchise fees) and taxes, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, and (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had over collected during the period, it shall credit into the Reconciliation Account an amount equal to the average balance multiplied by six percent (6%). If on the average, the Company had under collected during the period, it shall debit into the reconciliation account an amount equal to the average balance multiplied by six percent (6%). F. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (d) the Reconciliation Component; (e) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; and (f) the Cost of Gas which is the total of items (b) through (e). The statement shall include all data necessary for the Regulatory Authority to

PSF-All-ISOS-PipeFee

TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to

the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected

WNA BorgSk-IS	<p>from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. Source Note: The provisions of this 8.201 adopted to be effective September 8, 2003, 28 TexReg 7682; amended to be effective November 24, 2004, 29 TexReg 10733; amended to be effective May 15, 2005, 30 TexReg 2849; amended to be effective December 19, 2005, 30 TexReg 8428; amended to be effective April 18, 2007, 32 TexReg 2136; amended to be effective November 12, 2007, 32 Tex Reg 8121 Supersedes Same Sheet Dated Meters Read On and After March 31,2008 March 31, 2009</p> <p>TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE WNA WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Borger and Skellytown, Texas: 10, 20, 40 and 48. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the Cities monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the Cities an annual report verifying the past year's WNA collections or refunds. Initial Rate Schedule Meters Read On and After November 4, 2008</p>

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-BorgSk-IS-COSAdj	<p>TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE</p> <p>A. APPLICABILITY This Cost of Service Adjustment Clause applies to all gas sales rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Borger and Skellytown, Texas.</p> <p>B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing at least thirty (30) days prior to the first billing cycle of July each year at which time rate adjustments will become effective.</p> <p>C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment and federal income taxes. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement for the prior calendar year. The rate adjustment will be spread evenly across all weather normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing gas sales rates for each rate code.</p> <p>1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account Nos. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. **Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations.</p> <p>2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items*** Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes ***These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.</p> <p>3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Investment Tax Credit (remaining unamortized credit) Multiplied by: Tax Factor (.35/(1-.35) or .53846) Less: Investment Tax Credit (remaining unamortized credit)</p> <p>4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the</p>

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (****) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each gas sales rate code. **** The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than thirty (30) days within which to review the proposed annual rate adjustment prior to its taking effect each year for meters read on or after the first billing cycle of July. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. This Rate Schedule replaces Cost of Service Adj. Clause Meters Read On and After 1-1 dated 7/29/92 (Borger) and 5/30/90 (Skellytown) November 4, 2008

1-INC-BorgSk-IS-COG

TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Borger and Skellytown, Texas. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, a Reconciliation Component, and applicable fees (including franchise fees) and taxes. 2. Commodity Cost - The estimated Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus any adjustment deemed prudent by the Company to correct any known and quantifiable under or over collection prior to the end of the reconciliation period for the objective of minimizing the impact of under or over collection by the reconciliation factor in the next year. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its supplier or the weighted average cost for gas purchased by the Company from all sources where applicable. The Cost of Purchased Gas may include prudently incurred costs necessarily incurred for transportation, storage and associated services. The Cost of Purchased Gas shall also include any surcharge or refund the Company may incur from its gas suppliers or service providers. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of surcharges or refunds made to customers during the period and any other revenues, costs, or credits received by the Company

as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, and (e) an adjustment, if necessary, for lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased for general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.73 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of fees (including franchise fees) and taxes, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, and (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had over collected during the period, it shall credit into the Reconciliation Account an amount equal to the average balance multiplied by six percent (6%). If on the average, the Company had under collected during the period, it shall debit into the reconciliation account an amount equal to the average balance multiplied by six percent (6%). F. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (d) the Reconciliation Component; (e) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; and (f) the Cost of Gas which is the total of items (b) through (e). The statement shall include all data necessary for the Regulatory Authority to

TERRITORY All of the Company's service area within the incorporated areas of Borger and Skellytown, Texas. COST OF SERVICE RATE During each monthly billing period: A Customer Charge of \$ 40.00 plus All Ccf at \$ 0.1512 per Ccf OTHER ADJUSTMENTS Cost of Gas: The basic rates for cost of service set forth above shall be increased by the amount of the Cost of Gas for the billing month computed in accordance with the provisions of Rate Schedule 1-INC. Weather Normalization Adjustment: The billing shall reflect adjustments in accordance with the provisions of the Weather Normalization Adjustment Clause, Rate Schedule WNA. Taxes: Plus applicable taxes and fees (including franchise fees) related to above. OTHER CONDITIONS Subject to applicable laws and orders, and the Company's Rules and Regulations on file with the regulatory authority. This Rate Schedule replaces School and Municipal Rate Schedule: Meters Read On and After 48 dated 7/1/07 (Borger) November 4, 2008

PSF-All-ISOS-PipeFee

TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to

DESCRIPTION

the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected

(d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. Source Note: The provisions of this 8.201 adopted to be effective September 8, 2003, 28 TexReg 7682; amended to be effective November 24, 2004, 29 TexReg 10733; amended to be effective May 15, 2005, 30 TexReg 2849; amended to be effective December 19, 2005, 30 TexReg 8428; amended to be effective April 18, 2007, 32 TexReg 2136; amended to be effective November 12, 2007, 32 Tex Reg 8121 Supersedes Same Sheet Dated Meters Read On and After March 31,2008 March 31, 2009</p> <p>TEXAS GAS SERVICE COMPANY Borger/Skellytown Service Area RATE SCHEDULE WNA WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Borger and Skellytown, Texas: 10, 20, 40 and 48. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. D. FILING WITH THE CITIES The Company will file with the Cities monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the Cities an annual report verifying the past year's WNA collections or refunds. Initial Rate Schedule Meters Read On and After November 4, 2008</p>

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing at least thirty (30) days prior to the first billing cycle of July each year at which time rate adjustments will become effective. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment and federal income taxes. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement for the prior calendar year. The rate adjustment will be spread evenly across all weather normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing gas sales rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. C. COMPONENTS OF RATE ADJUSTMENT (CONT.) 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Investment Tax Credit (remaining unamortized credit) Multiplied by: Tax Factor (.35/(1-.35) or .53846) Less: Investment Tax Credit (remaining unamortized credit) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each gas sales rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service. D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than thirty (30) days within which to review the proposed

This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Initial Rate Schedule for the new Permian Service Area Meters Read On and After This Rate Schedule replaces Cost of Service Adj. Clauses November 4, 2008 1-1 dated 4/1/91 (Crane Svc Area) and 4/18/91 (McCamey Svc Area)</p> <p>TEXAS GAS SERVICE COMPANY Permian Service Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, a Reconciliation Component, and applicable fees and taxes, including franchise fees. 2. Commodity Cost - The estimated Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus any adjustment deemed prudent by the Company to correct any known and quantifiable under or over collection prior to the end of the reconciliation period for the objective of minimizing the impact of under or over collection by the reconciliation factor in the next year. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its supplier or the weighted average cost for gas purchased by the Company from all sources where applicable. The Cost of Purchased Gas may include prudently incurred costs necessarily incurred for transportation, storage and associated services. The Cost of Purchased Gas shall also include any surcharge or refund the Company may incur from its gas suppliers or service providers. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of surcharges or refunds made to customers during the period and any other revenues, costs, or credits received by the Company as a result of relevant gas purchases or operation of this cost of gas clause, (d) the total amount accrued for imbalance provisions under the transportation rate schedule(s) net of franchise fees and applicable taxes and, (e) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, and (f) an adjustment, if necessary, for lost and unaccounted for gas during the period in excess of five (5) percent of purchases. 6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased for general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.73 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. 1/(1 - .05) unless expressly</p>

DESCRIPTION

authorized by the applicable regulatory authority. 7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of fees (including franchise fees) and taxes, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalance provisions under the transportation rate schedule(s) net of franchise fees and applicable taxes, and (e) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period. C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill. D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined. E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had over collected during the period, it shall credit into the Reconciliation Account an amount equal to the average balance multiplied by six percent (6%). If on the average, the Company had under collected during the period, it shall debit into the reconciliation account an amount equal to the average balance multiplied by six percent (6%). F. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the Reconciliation Component; (d) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement. G. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month. 2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues. 3. A summary of all other costs and refunds made during the year

The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the</p>

requirements of 7.315 of this title, relating to Filing of Tariffs. (6)
 Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. WNA-Perm-IS

TEXAS GAS SERVICE COMPANY Permian Service Area - West Texas Region RATE
 SCHEDULE WNA WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY
 The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas: 10, 20, and 40. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and

DESCRIPTION

by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \text{WNAD}, \quad \text{where} \quad \text{CV} \quad \text{WNAD} = \text{Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula: } \text{WNAD} = (\text{HDD Diff} * \text{CB} * \text{WF}) * \text{COS rate, where } \text{HDD Diff} = (\text{Normal HDD} - \text{Actual HDD}), \text{ the difference between normal and actual heating degree days for the billing period. } \text{CB} = \text{Number of customers billed for the billing period. } \text{WF} = \text{Weather factor determined for each rate schedule in the most recent rate case. } \text{CV} = \text{Current Volumes for the billing period.}$$

 D. FILING WITH THE CITIES The Company will file with the Cities monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the Cities an annual report verifying the past year's WNA collections or refunds. Initial rate schedule for Monahans and Pecos This Rate Schedule replaces: Meters Read On and After

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-Perm-IS-COSAdj	<p>TEXAS GAS SERVICE COMPANY Permian Service Area - West Texas Region RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all gas sales rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Barstow, Crane, McCamey, Thorntonville, Wickett and Wink, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing at least thirty (30) days prior to the first billing cycle of July each year at which time rate adjustments will become effective. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment and federal income taxes. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement for the prior calendar year. The rate adjustment will be spread evenly across all weather normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing gas sales rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. C. COMPONENTS OF RATE ADJUSTMENT (CONT.) 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Investment Tax Credit (remaining unamortized credit) Multiplied by: Tax Factor (.35/(1-.35) or .53846) Less: Investment Tax Credit (remaining unamortized credit) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar</p>

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each gas sales rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service. D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than thirty (30) days within which to review the proposed annual rate adjustment prior to its taking effect each year for meters read on or after the first billing cycle of July. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Initial Rate Schedule for the new Permian Service Area Meters Read On and After This Rate Schedule replaces Cost of Service Adj. Clauses November 4, 2008 1-1 dated 4/1/91 (Crane Svc Area) and 4/18/91 (McCamey Svc Area)

1-INC-Perm-IS-COG

TEXAS GAS SERVICE COMPANY Permian Service Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, a Reconciliation Component, and applicable fees and taxes, including franchise fees. 2. Commodity Cost - The estimated Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus any adjustment deemed prudent by the Company to correct any known and quantifiable under or over collection prior to the end of the reconciliation period for the objective of minimizing the impact of under or over collection by the reconciliation factor in the next year. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its supplier or the weighted average cost for gas purchased by the Company from all sources where applicable. The Cost of Purchased Gas may include prudently incurred costs necessarily incurred for transportation, storage and associated services. The Cost of Purchased Gas shall also include any surcharge or refund the Company may incur from its gas suppliers or service providers. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of surcharges or refunds made to customers during the period and any other revenues, costs, or credits received by the Company

as a result of relevant gas purchases or operation of this cost of gas clause, (d) the total amount accrued for imbalance provisions under the transportation rate schedule(s) net of franchise fees and applicable taxes and, (e) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, and (f) an adjustment, if necessary, for lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased for general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.73 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of fees (including franchise fees) and taxes, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalance provisions under the transportation rate schedule(s) net of franchise fees and applicable taxes, and (e) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period.

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had over collected during the period, it shall credit into the Reconciliation Account an amount equal to the average balance multiplied by six percent (6%). If on the average, the Company had under collected during the period, it shall debit into the reconciliation account an amount equal to the average balance multiplied by six percent (6%).

F. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the Reconciliation

DESCRIPTION

Component; (d) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement. G. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month. 2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues. 3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date. 4. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 5. A summary of charges related to uncollectible accounts as described in Section B. 5. (e). 6. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a Permian area wide basis for the 12 production months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December. This Rate Schedule replaces Cost of Gas Clauses: Meters Read On and After 1-INC for Andrews Pecos, Monahans, Pyote all dated 8/24/01 & February 27, 2009 1-INC for Barstow, Crane, McCamey, Thorntonville, Wickett, Wink dated 11/4/08

DESCRIPTION

administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year.

(3) Each operator of a natural gas master meter system

shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. WNA-Perm-IS

TEXAS GAS SERVICE COMPANY Permian Service Area - West Texas Region RATE SCHEDULE WNA WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas: 10, 20, and 40. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \text{WNAD} \times \text{CV}$$
 where $\text{WNAD} = \text{Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula: } \text{WNAD} = (\text{HDD Diff} * \text{CB} * \text{WF}) * \text{COS rate, where } \text{HDD Diff} = (\text{Normal HDD} - \text{Actual HDD}), \text{ the difference between normal and actual heating degree days for the billing period. } \text{CB} = \text{Number of customers billed for the billing period. } \text{WF} = \text{Weather factor determined for each rate schedule in the most recent rate case. } \text{CV} = \text{Current Volumes for the billing period.}$
 D. FILING WITH THE CITIES The Company will file with the Cities monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the Cities an annual report verifying the past year's WNA collections or refunds. Initial rate schedule for Monahans and

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-Perm-IS-COSAdj	<p>TEXAS GAS SERVICE COMPANY Permian Service Area - West Texas Region RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all gas sales rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Barstow, Crane, McCamey, Thorntonville, Wickett and Wink, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing at least thirty (30) days prior to the first billing cycle of July each year at which time rate adjustments will become effective. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment and federal income taxes. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement for the prior calendar year. The rate adjustment will be spread evenly across all weather normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing gas sales rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. C. COMPONENTS OF RATE ADJUSTMENT (CONT.) 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Investment Tax Credit (remaining unamortized credit) Multiplied by: Tax Factor (.35/(1-.35) or .53846) Less: Investment Tax Credit (remaining unamortized credit) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar</p>

TARIFF CODE: DS RRC TARIFF NO: 20413

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each gas sales rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service. D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than thirty (30) days within which to review the proposed annual rate adjustment prior to its taking effect each year for meters read on or after the first billing cycle of July. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Initial Rate Schedule for the new Permian Service Area Meters Read On and After This Rate Schedule replaces Cost of Service Adj. Clauses November 4, 2008 1-1 dated 4/1/91 (Crane Svc Area) and 4/18/91 (McCamey Svc Area)

1-INC-Perm-IS-COG

TEXAS GAS SERVICE COMPANY Permian Service Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, a Reconciliation Component, and applicable fees and taxes, including franchise fees. 2. Commodity Cost - The estimated Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus any adjustment deemed prudent by the Company to correct any known and quantifiable under or over collection prior to the end of the reconciliation period for the objective of minimizing the impact of under or over collection by the reconciliation factor in the next year. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its supplier or the weighted average cost for gas purchased by the Company from all sources where applicable. The Cost of Purchased Gas may include prudently incurred costs necessarily incurred for transportation, storage and associated services. The Cost of Purchased Gas shall also include any surcharge or refund the Company may incur from its gas suppliers or service providers. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of surcharges or refunds made to customers during the period and any other revenues, costs, or credits received by the Company

GAS SERVICES DIVISION

TARIFF CODE: DS RRC TARIFF NO: 20413

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

as a result of relevant gas purchases or operation of this cost of gas clause, (d) the total amount accrued for imbalance provisions under the transportation rate schedule(s) net of franchise fees and applicable taxes and, (e) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, and (f) an adjustment, if necessary, for lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased for general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.73 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of fees (including franchise fees) and taxes, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalance provisions under the transportation rate schedule(s) net of franchise fees and applicable taxes, and (e) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period.

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had over collected during the period, it shall credit into the Reconciliation Account an amount equal to the average balance multiplied by six percent (6%). If on the average, the Company had under collected during the period, it shall debit into the reconciliation account an amount equal to the average balance multiplied by six percent (6%).

F. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the Reconciliation

DESCRIPTION

Component; (d) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement. G. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month. 2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues. 3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date. 4. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 5. A summary of charges related to uncollectible accounts as described in Section B. 5. (e). 6. Transition from the preceeding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a Permian area wide basis for the 12 production months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December. This Rate Schedule replaces Cost of Gas Clauses: Meters Read On and After 1-INC for Andrews Pecos, Monahans, Pyote all dated 8/24/01 & February 27, 2009 1-INC for Barstow, Crane, McCamey, Thorntonville, Wickett, Wink dated 11/4/08

DESCRIPTION

amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master

WNA-Perm-IS

TEXAS GAS SERVICE COMPANY Permian Service Area - West Texas Region RATE SCHEDULE WNA WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas: 10, 20, and 40. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \text{WNAD} \times \text{CV}$$
 where $\text{WNAD} = \text{Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula: } \text{WNAD} = (\text{HDD Diff} * \text{CB} * \text{WF}) * \text{COS rate, where } \text{HDD Diff} = (\text{Normal HDD} - \text{Actual HDD}), \text{ the difference between normal and actual heating degree days for the billing period. } \text{CB} = \text{Number of customers billed for the billing period. } \text{WF} = \text{Weather factor determined for each rate schedule in the most recent rate case. } \text{CV} = \text{Current Volumes for the billing period.}$
 D. FILING WITH THE CITIES The Company will file with the Cities monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-Perm-IS-COSAdj	<p>TEXAS GAS SERVICE COMPANY Permian Service Area - West Texas Region RATE SCHEDULE 1-1 COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all gas sales rate schedules of Texas Gas Service Company currently in force in the Company's service area within the incorporated areas of Barstow, Crane, McCamey, Thorntonville, Wickett and Wink, Texas. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing at least thirty (30) days prior to the first billing cycle of July each year at which time rate adjustments will become effective. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment and federal income taxes. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement for the prior calendar year. The rate adjustment will be spread evenly across all weather normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing gas sales rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932) Interest on Customer Deposits (Account No. 431) * Based on last city-approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax. This information will be presented with supporting calculations. 2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of: Net Plant in Service Plus: Other Rate Base Items* Less: Customer Deposits (Account No. 235) Customer Advances (Account No. 252) Deferred Federal Income Taxes * These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case. C. COMPONENTS OF RATE ADJUSTMENT (CONT.) 3. Federal Income Taxes Calendar year federal income taxes will be calculated as follows: Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case) Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base) Investment Tax Credit (remaining unamortized credit) Multiplied by: Tax Factor (.35/(1-.35) or .53846) Less: Investment Tax Credit (remaining unamortized credit) 4. Cost of Service Adjustment Rate The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar</p>

TARIFF CODE: DS RRC TARIFF NO: 20414

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be added to the cost of service rate approved in the most recent rate case for each gas sales rate code. * The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service. D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT The cities will have a period of not less than thirty (30) days within which to review the proposed annual rate adjustment prior to its taking effect each year for meters read on or after the first billing cycle of July. This Cost of Service Adjustment Clause does not limit the legal rights and duties of the cities. Texas Gas Service Company's annual rate adjustment will be made in accordance with all applicable laws. Initial Rate Schedule for the new Permian Service Area Meters Read On and After This Rate Schedule replaces Cost of Service Adj. Clauses November 4, 2008 1-1 dated 4/1/91 (Crane Svc Area) and 4/18/91 (McCamey Svc Area)

1-INC-Perm-IS-COG

TEXAS GAS SERVICE COMPANY Permian Service Area RATE SCHEDULE 1-INC COST OF GAS CLAUSE A. APPLICABILITY This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the incorporated areas of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas. B. DEFINITIONS 1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, a Reconciliation Component, and applicable fees and taxes, including franchise fees. 2. Commodity Cost - The estimated Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus any adjustment deemed prudent by the Company to correct any known and quantifiable under or over collection prior to the end of the reconciliation period for the objective of minimizing the impact of under or over collection by the reconciliation factor in the next year. 3. Cost of Purchased Gas - The cost for gas purchased by the Company from its supplier or the weighted average cost for gas purchased by the Company from all sources where applicable. The Cost of Purchased Gas may include prudently incurred costs necessarily incurred for transportation, storage and associated services. The Cost of Purchased Gas shall also include any surcharge or refund the Company may incur from its gas suppliers or service providers. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. 4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit. 5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of surcharges or refunds made to customers during the period and any other revenues, costs, or credits received by the Company

TARIFF CODE: DS RRC TARIFF NO: 20414

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

as a result of relevant gas purchases or operation of this cost of gas clause, (d) the total amount accrued for imbalance provisions under the transportation rate schedule(s) net of franchise fees and applicable taxes and, (e) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, and (f) an adjustment, if necessary, for lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased for general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.73 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total prudently incurred amount paid for the Cost of Purchased Gas as defined in Section B.3. of this Cost of Gas Clause to provide service to its customers during the period, including prudently incurred gains or losses on natural gas financial instruments, (b) the revenues received from operation of the provisions of this cost of gas clause reduced by the amount of fees (including franchise fees) and taxes, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalance provisions under the transportation rate schedule(s) net of franchise fees and applicable taxes, and (e) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period.

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average, the Company had over collected during the period, it shall credit into the Reconciliation Account an amount equal to the average balance multiplied by six percent (6%). If on the average, the Company had under collected during the period, it shall debit into the reconciliation account an amount equal to the average balance multiplied by six percent (6%).

F. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the Reconciliation

DESCRIPTION

Component; (d) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement. G. ANNUAL RECONCILIATION REPORT The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month. 2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues. 3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date. 4. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3. 5. A summary of charges related to uncollectible accounts as described in Section B. 5. (e). 6. Transition from the preceeding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a Permian area wide basis for the 12 production months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December. This Rate Schedule replaces Cost of Gas Clauses: Meters Read On and After 1-INC for Andrews Pecos, Monahans, Pyote all dated 8/24/01 & February 27, 2009 1-INC for Barstow, Crane, McCamey, Thorntonville, Wickett, Wink dated 11/4/08

ORD-PERM-IS

TEXAS GAS SERVICE COMPANY Permian Service Area - West Texas Region RATE SCHEDULE ORD-PERM CITY ORDINANCE LISTING APPLICABILITY Applicable to all gas sales and standard transport customers. TERRITORY All customers in the incorporated area of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas DESCRIPTION Per TGS rate case filed 09/30/2008, the cities approved changes to the Cost of Gas Clause, Cost of Service Adjustment Clause, Weather Normalization Clause, Rules of Service and Cost of Service rates. Pursuant to a 2/11/09 Settlement Agreement, the cities of Andrews, Pecos, Monahans and Pyote did not approve the Cost of Service Adjustment (COSA). However, the COSA that became eff. 11/04/08 for the cities of Barstow, Crane, McCamey, Thorntonville, Wickett and Wink is still applicable for those cities. All Permian Service Area cities are now on the same rates. Revised rate schedules were filed with the cities of Barstow, Crane, McCamey, Thorntonville, Wickett and Wink, Texas. City approvals are as follows: City Ordinance or Resolution # Date Ordinance Passed Effective Date of Gas Sales Rate Schedules Andrews Ordinance # 1431 02/5/08 02/27/08 Barstow Operation of Law 11/04/08 02/27/08 Crane Ordinance # 454 10/13/08 02/27/08 McCamey Ordinance # 214 10/13/08 02/27/08 Monahans Ordinance # 1103 02/24/08 02/27/08 Pecos Ordinance # 09-02-01 02/12/08 02/27/08 Pyote City Council vote 02/18/08 02/27/08 Thorntonville Operation of Law 11/04/08 02/27/08 Wickett City Council vote 10/08/08 02/27/08 Wink City Council vote 10/06/08 02/27/08 Supercedes same sheet dated November 4, 2008 Effective for meters read on or after February 27, 2009

PSF-All-ISOS-PipeFee

TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total

TARIFF CODE: DS RRC TARIFF NO: 20414

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year.

(b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year.

(1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50.

(2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection.

(3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge:

(A) shall be a flat rate, one-time surcharge;

(B) shall not be billed before the operator remits the pipeline safety program fee to the Commission;

(C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission;

(D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and

(E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003.

(4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing:

(A) the pipeline safety program fee amount paid to the Commission;

(B) the unit rate and total amount of the surcharge billed to each customer;

(C) the date or dates on which the surcharge was billed to customers; and

(D) the total amount collected from customers from the surcharge.

(5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs.

(6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code.

(c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system.

(1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year.

(2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master

meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. WNA-Perm-IS

TEXAS GAS SERVICE COMPANY Permian Service Area - West Texas Region RATE SCHEDULE WNA WEATHER NORMALIZATION ADJUSTMENT CLAUSE A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the incorporated areas of Andrews, Barstow, Crane, McCamey, Monahans, Pecos, Pyote, Thorntonville, Wickett and Wink, Texas: 10, 20, and 40. The WNA shall be effective during the September through May billing cycles. B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \text{WNAD} \times \text{CV}$$
 where $\text{WNAD} = \text{Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula: } \text{WNAD} = (\text{HDD Diff} * \text{CB} * \text{WF}) * \text{COS rate, where } \text{HDD Diff} = (\text{Normal HDD} - \text{Actual HDD}), \text{ the difference between normal and actual heating degree days for the billing period. } \text{CB} = \text{Number of customers billed for the billing period. } \text{WF} = \text{Weather factor determined for each rate schedule in the most recent rate case. } \text{CV} = \text{Current Volumes for the billing period.}$
 D. FILING WITH THE CITIES The Company will file with the Cities monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each

TARIFF CODE: DS RRC TARIFF NO: 21336

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

later than April 1, with rate adjustments to be effective the first billing cycle of August each year.

C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. All information will be presented by FERC account number with supporting calculations at the time of filing.

The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all weather-normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code.

1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) Uncollectible expense factor to remain constant at 0.0078684. * Based on the last city and Commission (RRC) approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax.

2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of:

Net Plant in Service

Plus: Other Rate Base Items*

Less: Customer Deposits (Account No. 235)

Customer Advances (Account No. 252)

Deferred Federal Income Taxes

* These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.

3. Federal Income Taxes

Calendar year federal income taxes will be calculated as follows:

Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case)

Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base)

Multiplied by: Tax Factor (.35/(1-.35) or .53846)

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21336

RATE SCHEDULESCHEDULE IDDESCRIPTION

4. Cost of Service Adjustment Rate

The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be shown as a separate line item on the customer's monthly bill..

* The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

5. Attestation

A sworn statement shall be filed by the Company's Manager of Rates of Texas Gas Service Company, affirming that the filed schedules are in compliance with the provisions of this tariff and are true and correct to the best of his/her knowledge, information, and belief. No testimony shall be filed.

6. Proof of Revenues

The Company shall also provide a schedule demonstrating the proof of revenues relied upon to calculate the proposed cost of service adjustment rate. The proposed rates shall conform as closely as practicable to the revenue allocation principles in effect prior to the adjustment.

7. Notice

Notice of the annual Cost of Service Adjustment shall be published in a newspaper having general circulation in a form similar to that required under Section 104.103, TEX. UTIL. CODE ANN. no later than forty-five (45) days after the Company makes its annual filing pursuant to this rate schedule with the regulatory authority. The notice to customers shall include the following information:

- a) a description of the proposed revision of rates and schedules;
- b) the effect the proposed revision of rates is expected to have on the rates applicable to each customer class and on an average bill for each affected customer class;
- c) the service area or areas in which the proposed rate adjustment would apply;
- d) the date the proposed rate adjustment was filed with the regulatory authority; and
- e) the Company's address, telephone number, and website where information concerning the proposed cost of service adjustment may be obtained.

D. REGULATORY REVIEW OF ANNUAL RATE ADJUSTMENT

The RRC will have a period of not less than ninety (90) days within which to review the proposed annual rate adjustment prior to its taking effect with the first billing cycle of August of each year. If the RRC takes no action within ninety (90) days, the proposed annual rate adjustment will be deemed approved by the RRC. The Company agrees to reimburse the actual cost of the RRC's review up to an amount

1-ENV-NTX-OS-COG

TEXAS GAS SERVICE COMPANY
North Texas Area
RATE SCHEDULE 1-ENV

COST OF GAS CLAUSE

A. APPLICABILITY

This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyyn, Palo Pinto, Perrin, Whitt, Possum Kingdom, and Punkin Center, Texas.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a Reconciliation Component and related fees and taxes, and other purchased gas expenses.

2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.

3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility.

4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit.

5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers

GAS SERVICES DIVISION

RATE SCHEDULESCHEDULE IDDESCRIPTION

during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

8. General Service Customers - those customers served under general service rate schedules.

C. COST OF GAS

In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT

If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS

Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average,

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

TARIFF CODE: DS RRC TARIFF NO: 21336

RATE SCHEDULESCHEDULE IDDESCRIPTION

the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%).

F. SURCHARGE OR REFUND PROCEDURES

In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT

The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. Along with the Cost of Gas Statement, the Company shall include a detailed description of financial instruments executed by the Company as described in Section B.3. Definition of Cost of Purchased Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT

The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3.
6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3.
7. This report shall be filed concurrently with the Cost of Gas Statement for

DESCRIPTION

October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

8. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

WNA-NTX-OS

TEXAS GAS SERVICE COMPANY
 North Texas Area
 RATE SCHEDULE WNA-ENV

WEATHER NORMALIZATION ADJUSTMENT CLAUSE

A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas: 1A, 2A, 2B, 4A, and 4B. The WNA shall be effective during the September through May billing cycles.

B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing.

C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the

GAS SERVICES DIVISION
 GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21336

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis.

The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \frac{\text{WNAD}}{\text{CV}}, \text{ where}$$

WNAD = Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula:

$$\text{WNAD} = (\text{HDD Diff} * \text{CB} * \text{WF}) * \text{COS rate}, \text{ where}$$

HDD Diff = (Normal HDD - Actual HDD), the difference between normal and actual heating degree days for the billing period.

CB = Number of customers billed for the billing period.

WF = Weather factor determined for each rate schedule in the most recent rate case as listed below.

CV = Current Volumes for the billing period.

Weather Factors from most recent rate case by class:

- Residential 0.13197
- Commercial 0.37721
- Large Commercial 10.64749
- Public Authority 1.73743
- Large Public Authority 15.61800

Applicable weather station is Abilene, Texas.

D. FILING WITH THE RAILROAD COMMISSION OF TEXAS (RRC)

The Company will file with the RRC monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the RRC an annual report verifying the past year's WNA collections or refunds.

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-ENV-NTX-OS-COSAD	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1-ENV</p> <p>COST OF SERVICE ADJUSTMENT CLAUSE</p> <p>A. APPLICABILITY</p> <p>This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the unincorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Puntkin Center, Texas. A filing under this tariff is made in lieu of a filing under the Gas Reliability Infrastructure Program (GRIP) statute, Texas Utilities Code Ann, Section 104.301. The Company may not seek recovery under both the COSA tariff and the GRIP statute for the same time period.</p> <p>B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year.</p> <p>C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. All information will be presented by FERC account number with supporting calculations at the time of filing.</p> <p>The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all weather-normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code.</p> <p>1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) Uncollectible expense factor to remain constant at 0.0078684. * Based on the last city and Commission</p>

GAS SERVICES DIVISION

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21337

RATE SCHEDULESCHEDULE IDDESCRIPTION

(RRC) approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax.

2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of:

Net Plant in Service

Plus: Other Rate Base Items*

Less: Customer Deposits (Account No. 235)

Customer Advances (Account No. 252)

Deferred Federal Income Taxes

* These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.

3. Federal Income Taxes

Calendar year federal income taxes will be calculated as follows:

Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case)

Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base)

Multiplied by: Tax Factor (.35/(1-.35) or .53846)

4. Cost of Service Adjustment Rate

The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be shown as a separate line item on the customer's monthly bill..

* The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

5. Attestation

A sworn statement shall be filed by the Company's Manager of Rates of Texas Gas Service Company, affirming that the filed schedules are in compliance with the provisions of this tariff and are true and correct to the best of his/her knowledge, information, and belief. No testimony shall be filed.

6. Proof of Revenues

The Company shall also provide a schedule demonstrating the proof of revenues relied upon to calculate the proposed cost of service adjustment rate. The proposed rates shall conform as closely as practicable to the revenue allocation

1-ENV-NTX-OS-COG	TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-ENV
------------------	--

COST OF GAS CLAUSE

A. APPLICABILITY

This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyrn, Palo Pinto, Perrin, Whitt, Possum Kingdom, and Punkin Center, Texas.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a Reconciliation Component and related fees and taxes, and other purchased gas expenses.
2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.
3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility.
4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit.
5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21337

RATE SCHEDULESCHEDULE IDDESCRIPTION

during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

8. General Service Customers - those customers served under general service rate schedules.

C. COST OF GAS

In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT

If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS

Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average,

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21337

RATE SCHEDULESCHEDULE IDDESCRIPTION

the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%).

F. SURCHARGE OR REFUND PROCEDURES

In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT

The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. Along with the Cost of Gas Statement, the Company shall include a detailed description of financial instruments executed by the Company as described in Section B.3. Definition of Cost of Purchased Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT

The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3.
6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3.
7. This report shall be filed concurrently with the Cost of Gas Statement for

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

8. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

WNA-NTX-OS

TEXAS GAS SERVICE COMPANY
North Texas Area
RATE SCHEDULE WNA-ENV

WEATHER NORMALIZATION ADJUSTMENT CLAUSE

A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas: 1A, 2A, 2B, 4A, and 4B. The WNA shall be effective during the September through May billing cycles.

B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing.

C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the

GAS SERVICES DIVISION
GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21337

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis.
The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \frac{\text{WNAD}}{\text{CV}}, \quad \text{where}$$

WNAD = Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula:

$$\text{WNAD} = (\text{HDD Diff} * \text{CB} * \text{WF}) * \text{COS rate}, \quad \text{where}$$

HDD Diff = (Normal HDD - Actual HDD), the difference between normal and actual heating degree days for the billing period.

CB = Number of customers billed for the billing period.

WF = Weather factor determined for each rate schedule in the most recent rate case as listed below.

CV = Current Volumes for the billing period.

Weather Factors from most recent rate case by class:

- Residential 0.13197
- Commercial 0.37721
- Large Commercial 10.64749
- Public Authority 1.73743
- Large Public Authority 15.61800

Applicable weather station is Abilene, Texas.

D. FILING WITH THE RAILROAD COMMISSION OF TEXAS (RRC)

The Company will file with the RRC monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the RRC an annual report verifying the past year's WNA collections or refunds.

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-ENV-NTX-OS-COSAD	<p>TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1-ENV</p> <p>COST OF SERVICE ADJUSTMENT CLAUSE</p> <p>A. APPLICABILITY</p> <p>This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the unincorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas. A filing under this tariff is made in lieu of a filing under the Gas Reliability Infrastructure Program (GRIP) statute, Texas Utilities Code Ann, Section 104.301. The Company may not seek recovery under both the COSA tariff and the GRIP statute for the same time period.</p> <p>B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year.</p> <p>C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. All information will be presented by FERC account number with supporting calculations at the time of filing.</p> <p>The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all weather-normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code.</p> <p>1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) Uncollectible expense factor to remain constant at 0.0078684. * Based on the last city and Commission</p>

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21338

RATE SCHEDULESCHEDULE IDDESCRIPTION

(RRC) approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax.

2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of:

Net Plant in Service

Plus: Other Rate Base Items*

Less: Customer Deposits (Account No. 235)

Customer Advances (Account No. 252)

Deferred Federal Income Taxes

* These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.

3. Federal Income Taxes

Calendar year federal income taxes will be calculated as follows:

Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case)

Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base)

Multiplied by: Tax Factor (.35/(1-.35) or .53846)

4. Cost of Service Adjustment Rate

The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be shown as a separate line item on the customer's monthly bill..

* The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

5. Attestation

A sworn statement shall be filed by the Company's Manager of Rates of Texas Gas Service Company, affirming that the filed schedules are in compliance with the provisions of this tariff and are true and correct to the best of his/her knowledge, information, and belief. No testimony shall be filed.

6. Proof of Revenues

The Company shall also provide a schedule demonstrating the proof of revenues relied upon to calculate the proposed cost of service adjustment rate. The proposed rates shall conform as closely as practicable to the revenue allocation

1-ENV-NTX-OS-COG	TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-ENV
------------------	--

COST OF GAS CLAUSE

A. APPLICABILITY

This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyrn, Palo Pinto, Perrin, Whitt, Possum Kingdom, and Punkin Center, Texas.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a Reconciliation Component and related fees and taxes, and other purchased gas expenses.

2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.

3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility.

4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit.

5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers

RATE SCHEDULESCHEDULE IDDESCRIPTION

during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

8. General Service Customers - those customers served under general service rate schedules.

C. COST OF GAS

In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT

If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS

Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average,

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

TARIFF CODE: DS RRC TARIFF NO: 21338

RATE SCHEDULESCHEDULE IDDESCRIPTION

the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%).

F. SURCHARGE OR REFUND PROCEDURES

In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT

The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. Along with the Cost of Gas Statement, the Company shall include a detailed description of financial instruments executed by the Company as described in Section B.3. Definition of Cost of Purchased Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT

The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3.
6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3.
7. This report shall be filed concurrently with the Cost of Gas Statement for

GAS SERVICES DIVISION

RATE SCHEDULESCHEDULE IDDESCRIPTION

October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

8. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

RATE SCHEDULE WNA-ENV

WEATHER NORMALIZATION ADJUSTMENT CLAUSE

A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas: 1A, 2A, 2B, 4A, and 4B. The WNA shall be effective during the September through May billing cycles.

B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing.

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21338

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis.

The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \text{WNAD} \times \text{CV} \quad \text{where}$$

WNAD = Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula:

$$\text{WNAD} = (\text{HDD Diff} \times \text{CB} \times \text{WF}) \times \text{COS rate, where}$$

HDD Diff = (Normal HDD - Actual HDD), the difference between normal and actual heating degree days for the billing period.

CB = Number of customers billed for the billing period.

WF = Weather factor determined for each rate schedule in the most recent rate case as listed below.

CV = Current Volumes for the billing period.

Weather Factors from most recent rate case by class:

Residential 0.13197

Commercial 0.37721

Large Commercial 10.64749

Public Authority 1.73743

Large Public Authority 15.61800

Applicable weather station is Abilene, Texas.

D. FILING WITH THE RAILROAD COMMISSION OF TEXAS (RRC)

The Company will file with the RRC monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the RRC an annual report verifying the past year's WNA collections or refunds.

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-ENV-NTX-OS-COSAD	TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1-ENV COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the unincorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas. A filing under this tariff is made in lieu of a filing under the Gas Reliability Infrastructure Program (GRIP) statute, Texas Utilities Code Ann, Section 104.301. The Company may not seek recovery under both the COSA tariff and the GRIP statute for the same time period. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. All information will be presented by FERC account number with supporting calculations at the time of filing. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all weather-normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) Uncollectible expense factor to remain constant at 0.0078684. * Based on the last city and Commission

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21339

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

(RRC) approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax.

2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of:

Net Plant in Service

Plus: Other Rate Base Items*

Less: Customer Deposits (Account No. 235)

Customer Advances (Account No. 252)

Deferred Federal Income Taxes

* These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.

3. Federal Income Taxes

Calendar year federal income taxes will be calculated as follows:

Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case)

Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base)

Multiplied by: Tax Factor (.35/(1-.35) or .53846)

4. Cost of Service Adjustment Rate

The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be shown as a separate line item on the customer's monthly bill..

* The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

5. Attestation

A sworn statement shall be filed by the Company's Manager of Rates of Texas Gas Service Company, affirming that the filed schedules are in compliance with the provisions of this tariff and are true and correct to the best of his/her knowledge, information, and belief. No testimony shall be filed.

6. Proof of Revenues

The Company shall also provide a schedule demonstrating the proof of revenues relied upon to calculate the proposed cost of service adjustment rate. The proposed rates shall conform as closely as practicable to the revenue allocation

1-ENV-NTX-OS-COG

TEXAS GAS SERVICE COMPANY
 North Texas Area
 RATE SCHEDULE 1-ENV

COST OF GAS CLAUSE

A. APPLICABILITY

This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyrn, Palo Pinto, Perrin, Whitt, Possum Kingdom, and Punkin Center, Texas.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a Reconciliation Component and related fees and taxes, and other purchased gas expenses.

2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.

3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility.

4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit.

5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21339

RATE SCHEDULESCHEDULE IDDESCRIPTION

during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

8. General Service Customers - those customers served under general service rate schedules.

C. COST OF GAS

In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT

If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS

Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average,

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21339

RATE SCHEDULESCHEDULE IDDESCRIPTION

the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%).

F. SURCHARGE OR REFUND PROCEDURES

In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT

The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. Along with the Cost of Gas Statement, the Company shall include a detailed description of financial instruments executed by the Company as described in Section B.3. Definition of Cost of Purchased Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT

The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3.
6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3.
7. This report shall be filed concurrently with the Cost of Gas Statement for

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

8. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

OTHER ADJUSTMENTS

Cost of Gas Component: The basic rates for cost of service set forth above shall be increased by the amount of the Cost of Gas Component for the billing month computed in accordance with the provisions of Rate Schedule 1-ENV.

Cost of Service Adjustment: The billing shall reflect adjustments in accordance with the provisions of the Cost of Service Adjustment Rider, Rate Schedule 1-1-ENV RIDER.

Taxes: Plus applicable taxes and fees related to above.

CONDITIONS

1. Subject to all applicable laws and orders, and the Company's Rules and Regulations on file with the regulatory authority.

2. Delivery of gas hereunder may be interrupted or curtailed at the discretion of the Company, in case of shortage or threatened shortage of gas supply from any cause whatsoever, to conserve gas for residential and other consumers served.

This Rate Schedule replaces Industrial Rate Schedules:

WNA-NTX-OS

TEXAS GAS SERVICE COMPANY
North Texas Area
RATE SCHEDULE WNA-ENV

WEATHER NORMALIZATION ADJUSTMENT CLAUSE

A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas: 1A, 2A, 2B, 4A, and 4B. The WNA shall be effective during the September through May billing cycles.

B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing.

C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle

GAS SERVICES DIVISION
GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21339

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis.

The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$WNA \text{ Rate} = WNAD, \quad \text{where}$$

$$CV$$

WNAD = Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula:

$$WNAD = (HDD \text{ Diff} * CB * WF) * \text{COS rate}, \text{ where}$$

HDD Diff = (Normal HDD - Actual HDD), the difference between normal and actual heating degree days for the billing period.

CB = Number of customers billed for the billing period.

WF = Weather factor determined for each rate schedule in the most recent rate case as listed below.

CV = Current Volumes for the billing period.

Weather Factors from most recent rate case by class:

- Residential 0.13197
- Commercial 0.37721
- Large Commercial 10.64749
- Public Authority 1.73743
- Large Public Authority 15.61800

Applicable weather station is Abilene, Texas.

D. FILING WITH THE RAILROAD COMMISSION OF TEXAS (RRC)

The Company will file with the RRC monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the RRC an annual report verifying the past year's WNA collections or refunds.

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-ENV-NTX-OS-COSAD	TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1-ENV COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the unincorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Puntkin Center, Texas. A filing under this tariff is made in lieu of a filing under the Gas Reliability Infrastructure Program (GRIP) statute, Texas Utilities Code Ann, Section 104.301. The Company may not seek recovery under both the COSA tariff and the GRIP statute for the same time period. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. All information will be presented by FERC account number with supporting calculations at the time of filing. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all weather-normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) Uncollectible expense factor to remain constant at 0.0078684. * Based on the last city and Commission

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21340

RATE SCHEDULESCHEDULE IDDESCRIPTION

(RRC) approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax.

2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of:

Net Plant in Service

Plus: Other Rate Base Items*

Less: Customer Deposits (Account No. 235)

Customer Advances (Account No. 252)

Deferred Federal Income Taxes

* These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.

3. Federal Income Taxes

Calendar year federal income taxes will be calculated as follows:

Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case)

Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base)

Multiplied by: Tax Factor (.35/(1-.35) or .53846)

4. Cost of Service Adjustment Rate

The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be shown as a separate line item on the customer's monthly bill..

* The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

5. Attestation

A sworn statement shall be filed by the Company's Manager of Rates of Texas Gas Service Company, affirming that the filed schedules are in compliance with the provisions of this tariff and are true and correct to the best of his/her knowledge, information, and belief. No testimony shall be filed.

6. Proof of Revenues

The Company shall also provide a schedule demonstrating the proof of revenues relied upon to calculate the proposed cost of service adjustment rate. The proposed rates shall conform as closely as practicable to the revenue allocation

 RATE SCHEDULE 1-ENV

COST OF GAS CLAUSE

A. APPLICABILITY

This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyrn, Palo Pinto, Perrin, Whitt, Possum Kingdom, and Punkin Center, Texas.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a Reconciliation Component and related fees and taxes, and other purchased gas expenses.

2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.

3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility.

4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit.

5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21340

RATE SCHEDULESCHEDULE IDDESCRIPTION

during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

8. General Service Customers - those customers served under general service rate schedules.

C. COST OF GAS

In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT

If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS

Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average,

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21340

RATE SCHEDULESCHEDULE IDDESCRIPTION

the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%).

F. SURCHARGE OR REFUND PROCEDURES

In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT

The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. Along with the Cost of Gas Statement, the Company shall include a detailed description of financial instruments executed by the Company as described in Section B.3. Definition of Cost of Purchased Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT

The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3.
6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3.
7. This report shall be filed concurrently with the Cost of Gas Statement for

DESCRIPTION

October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

8. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

3B-NTX-OS

TEXAS GAS SERVICE COMPANY
 North Texas Area
 RATE SCHEDULE 3B

LARGE VOLUME INDUSTRIAL SERVICE RATE

APPLICABILITY

Service under this rate schedule is available to any customer whose primary business activity at the location served is included in one of the following classifications of the Standard Industrial Classification Manual of the U.S. Government, with monthly usage greater than 2,900 Ccf, on average.

- Division B - Mining - all Major Groups
- Division D - Manufacturing - all Major Groups
- Divisions E and J - Utility and Government - facilities generating power for Resale only.

TERRITORY

All customers served by the Company in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom, and Punkin Center, Texas.

DESCRIPTION

During each monthly billing period:
 A Customer Charge of \$ 400.00 plus
 All Ccf at \$ 0.13680 per Ccf

OTHER ADJUSTMENTS

Cost of Gas Component: The basic rates for cost of service set forth above shall be increased by the amount of the Cost of Gas Component for the billing month computed in accordance with the provisions of Rate Schedule 1-ENV.

Cost of Service Adjustment: The billing shall reflect adjustments in accordance with the provisions of the Cost of Service Adjustment Rider, Rate Schedule 1-1-ENV RIDER. Taxes: Plus applicable taxes and fees related to above.

CONDITIONS

1. Subject to all applicable laws and orders, and the Company's Rules and Regulations on file with the regulatory authority.

2. Delivery of gas hereunder may be interrupted or curtailed at the discretion of the Company, in case of shortage or threatened shortage of gas supply from any cause whatsoever, to conserve gas for residential and other consumers served.

This Rate Schedule replaces Large Volume Industrial Rate Schedules:

- 3A dated 11/27/00 (Unincorp. Jacksboro and Jermyn)
- 3C dated 5/25/01 (Unincorp. Weatherford, Aledo, Hudson Oaks, Willow Park and Punkin Center)

WNA-NTX-OS

TEXAS GAS SERVICE COMPANY
North Texas Area
RATE SCHEDULE WNA-ENV

WEATHER NORMALIZATION ADJUSTMENT CLAUSE

A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas: 1A, 2A, 2B, 4A, and 4B. The WNA shall be effective during the September through May billing cycles.

B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing.

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21340

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis.

The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \text{WNAD} \times \text{CV} \quad \text{where}$$

WNAD = Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula:

$$\text{WNAD} = (\text{HDD Diff} \times \text{CB} \times \text{WF}) \times \text{COS rate, where}$$

HDD Diff = (Normal HDD - Actual HDD), the difference between normal and actual heating degree days for the billing period.

CB = Number of customers billed for the billing period.

WF = Weather factor determined for each rate schedule in the most recent rate case as listed below.

CV = Current Volumes for the billing period.

Weather Factors from most recent rate case by class:

Residential 0.13197

Commercial 0.37721

Large Commercial 10.64749

Public Authority 1.73743

Large Public Authority 15.61800

Applicable weather station is Abilene, Texas.

D. FILING WITH THE RAILROAD COMMISSION OF TEXAS (RRC)

The Company will file with the RRC monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the RRC an annual report verifying the past year's WNA collections or refunds.

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-ENV-NTX-OS-COSAD	TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1-ENV COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the unincorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas. A filing under this tariff is made in lieu of a filing under the Gas Reliability Infrastructure Program (GRIP) statute, Texas Utilities Code Ann, Section 104.301. The Company may not seek recovery under both the COSA tariff and the GRIP statute for the same time period. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. All information will be presented by FERC account number with supporting calculations at the time of filing. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all weather-normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) Uncollectible expense factor to remain constant at 0.0078684. * Based on the last city and Commission

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21341

RATE SCHEDULESCHEDULE IDDESCRIPTION

(RRC) approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax.

2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of:

Net Plant in Service

Plus: Other Rate Base Items*

Less: Customer Deposits (Account No. 235)

Customer Advances (Account No. 252)

Deferred Federal Income Taxes

* These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.

3. Federal Income Taxes

Calendar year federal income taxes will be calculated as follows:

Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case)

Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base)

Multiplied by: Tax Factor (.35/(1-.35) or .53846)

4. Cost of Service Adjustment Rate

The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be shown as a separate line item on the customer's monthly bill..

* The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

5. Attestation

A sworn statement shall be filed by the Company's Manager of Rates of Texas Gas Service Company, affirming that the filed schedules are in compliance with the provisions of this tariff and are true and correct to the best of his/her knowledge, information, and belief. No testimony shall be filed.

6. Proof of Revenues

The Company shall also provide a schedule demonstrating the proof of revenues relied upon to calculate the proposed cost of service adjustment rate. The proposed rates shall conform as closely as practicable to the revenue allocation

TEXAS GAS SERVICE COMPANY
 North Texas Area
 RATE SCHEDULE 1-ENV

COST OF GAS CLAUSE

A. APPLICABILITY

This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyrn, Palo Pinto, Perrin, Whitt, Possum Kingdom, and Punkin Center, Texas.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a Reconciliation Component and related fees and taxes, and other purchased gas expenses.

2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.

3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility.

4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit.

5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

TARIFF CODE: DS RRC TARIFF NO: 21341

RATE SCHEDULESCHEDULE IDDESCRIPTION

during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

8. General Service Customers - those customers served under general service rate schedules.

C. COST OF GAS

In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT

If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS

Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average,

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21341

RATE SCHEDULESCHEDULE IDDESCRIPTION

the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%).

F. SURCHARGE OR REFUND PROCEDURES

In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT

The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. Along with the Cost of Gas Statement, the Company shall include a detailed description of financial instruments executed by the Company as described in Section B.3. Definition of Cost of Purchased Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT

The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3.
6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3.
7. This report shall be filed concurrently with the Cost of Gas Statement for

DESCRIPTION

October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

8. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

WNA-NTX-OS

TEXAS GAS SERVICE COMPANY

North Texas Area

RATE SCHEDULE WNA-ENV

WEATHER NORMALIZATION ADJUSTMENT CLAUSE

A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas: 1A, 2A, 2B, 4A, and 4B. The WNA shall be effective during the September through May billing cycles.

B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing.

C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is

GAS SERVICES DIVISION
 GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21341

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis.

The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \text{WNAD} \cdot \text{CV} \quad \text{where}$$

WNAD = Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula:

$$\text{WNAD} = (\text{HDD Diff} \cdot \text{CB} \cdot \text{WF}) \cdot \text{COS rate, where}$$

HDD Diff = (Normal HDD - Actual HDD), the difference between normal and actual heating degree days for the billing period.

CB = Number of customers billed for the billing period.

WF = Weather factor determined for each rate schedule in the most recent rate case as listed below.

CV = Current Volumes for the billing period.

Weather Factors from most recent rate case by class:

- Residential 0.13197
- Commercial 0.37721
- Large Commercial 10.64749
- Public Authority 1.73743
- Large Public Authority 15.61800

Applicable weather station is Abilene, Texas.

D. FILING WITH THE RAILROAD COMMISSION OF TEXAS (RRC)

The Company will file with the RRC monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the RRC an annual report verifying the past year's WNA collections or refunds.

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
1-1-ENV-NTX-OS-COSAD	TEXAS GAS SERVICE COMPANY North Texas Area RATE SCHEDULE 1-1-ENV COST OF SERVICE ADJUSTMENT CLAUSE A. APPLICABILITY This Cost of Service Adjustment Clause applies to all general service rate schedules of Texas Gas Service Company currently in force in the Company's service area within the unincorporated areas of Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas. A filing under this tariff is made in lieu of a filing under the Gas Reliability Infrastructure Program (GRIP) statute, Texas Utilities Code Ann, Section 104.301. The Company may not seek recovery under both the COSA tariff and the GRIP statute for the same time period. B. EFFECTIVE DATE Rate adjustments shall be made in accordance with the procedures described below on an annual basis. The Company shall make its annual filing no later than April 1, with rate adjustments to be effective the first billing cycle of August each year. C. COMPONENTS OF RATE ADJUSTMENT Calculation of the rate adjustment will be based on calendar year operating expenses, return on investment, federal income taxes and revenue related taxes. All information will be presented by FERC account number with supporting calculations at the time of filing. The actual percentage change in the revenue requirement in any year shall not exceed the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) from December of the prior calendar year to December of the current calendar year. The actual percentage change in the revenue requirement is computed by comparing the revenue requirement for the current calendar year to the revenue requirement after gross-ups for the prior calendar year. The rate adjustment will be spread evenly across all weather-normalized gas sales volumes for the calendar year to determine an adjustment amount per Ccf to be added to existing rates for each rate code. 1. Operating Expenses Operating expenses will be determined by the ending balances for the applicable calendar year. The applicable expenses are: Depreciation and Amortization Expense (Account No. 403-405)* Taxes Other Than FIT (Account No. 408)** Distribution Expenses (Account Nos. 870-894) Customer Related Expenses (Account Nos. 901-916) Administrative & General Expenses (Account Nos. 920-932, except 928) Interest on Customer Deposits (Account No. 431) Uncollectible expense factor to remain constant at 0.0078684. * Based on the last city and Commission

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21342

RATE SCHEDULESCHEDULE IDDESCRIPTION

(RRC) approved depreciation methods and lives. ** Excluding City Franchise, Gross Receipts, and any other revenue-based tax.

2. Return on Investment The rate of return will remain constant at the level authorized in the most recent rate case. The return on investment is the rate of return multiplied by the rate base balance for the applicable calendar year end. The rate base balance is composed of:

Net Plant in Service

Plus: Other Rate Base Items*

Less: Customer Deposits (Account No. 235)

Customer Advances (Account No. 252)

Deferred Federal Income Taxes

* These items will reflect the Materials and Supplies inventories and prepayments levels approved in the most recent general rate case.

3. Federal Income Taxes

Calendar year federal income taxes will be calculated as follows:

Net Taxable Income (calendar year end rate base multiplied by rate of return from the most recent general rate case)

Less: Interest on Long Term Debt (debt cost component of return from the most recent general rate case multiplied by rate base)

Multiplied by: Tax Factor (.35/(1-.35) or .53846)

4. Cost of Service Adjustment Rate

The amount to be collected through the cost of service adjustment rate will be the sum of the amounts from Sections C.1 through C.3 (the revenue requirement) less the calendar year customer charge revenue and other revenue (i.e., transportation revenue and service charges). Dividing this amount by weather-normalized gas sales volumes for the applicable calendar year will yield a per unit rate for the calendar year. The difference between this calendar year per unit rate and the per unit rate from the most recent rate case (*) will result in the cost of service adjustment rate for the calendar year. The cost of service adjustment rate for the calendar year will be shown as a separate line item on the customer's monthly bill..

* The per unit rate from the most recent rate case will be the weighted average per unit cost of service rate for all classes of gas sales service.

5. Attestation

A sworn statement shall be filed by the Company's Manager of Rates of Texas Gas Service Company, affirming that the filed schedules are in compliance with the provisions of this tariff and are true and correct to the best of his/her knowledge, information, and belief. No testimony shall be filed.

6. Proof of Revenues

The Company shall also provide a schedule demonstrating the proof of revenues relied upon to calculate the proposed cost of service adjustment rate. The proposed rates shall conform as closely as practicable to the revenue allocation

TEXAS GAS SERVICE COMPANY
North Texas Area
RATE SCHEDULE 1-ENV

COST OF GAS CLAUSE

A. APPLICABILITY

This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyrn, Palo Pinto, Perrin, Whitt, Possum Kingdom, and Punkin Center, Texas.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the commodity cost, a Reconciliation Component and related fees and taxes, and other purchased gas expenses.

2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio.

3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable fees for services such as gathering, treating, processing, transportation, capacity and/or supply reservation fees, storage, balancing, and swing services necessary for the movement of gas to the Company's citygate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating high prices and price volatility.

4. Reconciliation Component - The amount to be returned to or recovered from customers each month from December through August as a result of the Reconciliation Audit.

5. Reconciliation Audit - An annual review of the Company's books and records for each twelve month period ending with the production month of August to determine the amount of over or under collection occurring during such twelve month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B(3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this cost of gas, (c) the total amount of refunds made to customers

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21342

RATE SCHEDULESCHEDULE IDDESCRIPTION

during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased of a general service customer during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers during the same period. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the cost of gas clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this cost of gas clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) the total amount of uncollectible accounts that are attributable to charges calculated under this tariff during the period, not to exceed 0.82% of cost of gas revenues and (e) an adjustment, if necessary, to exclude lost and unaccounted for gas during the period in excess of five (5) percent of purchases.

8. General Service Customers - those customers served under general service rate schedules.

C. COST OF GAS

In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT

If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the December billing cycle last preceding through the August billing cycle. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied for a nine (9) month period beginning with the next following December billing cycle and continuing through the next following August billing cycle at which time it will terminate until a new Reconciliation Component is determined.

E. PAYMENT FOR FUNDS

Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month including any cost of gas inventory in storage within the period of audit. If, on the average,

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21342

RATE SCHEDULESCHEDULE IDDESCRIPTION

the Company had overcollected during the period, it shall credit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%). If on the average, the Company had undercollected during the period, it shall debit into the Reconciliation Account during November an amount equal to the average balance multiplied by nine percent (9%).

F. SURCHARGE OR REFUND PROCEDURES

In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Payment for Funds, above.

G. COST OF GAS STATEMENT

The Company shall file a Cost of Gas Statement with the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; and (e) the Cost of Gas which is the total of items (b) through (d). The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas. Along with the Cost of Gas Statement, the Company shall include a detailed description of financial instruments executed by the Company as described in Section B.3. Definition of Cost of Purchased Gas. The date on which billing using the Cost of Gas is to begin is to be specified in the statement.

H. ANNUAL RECONCILIATION REPORT

The Company shall file an annual report with the Regulatory Authority which shall include but not necessarily be limited to:

1. A tabulation of volumes of gas purchased and costs incurred by month for the twelve months ending August 31.
2. A tabulation of gas units sold to general service customers and related Cost of Gas clause revenues.
3. A summary of all other costs and refunds made during the year and the status of the operations of the Cost of Gas Clause to date.
4. A tabulation of the uncollectible accounts attributable to charges calculated under this tariff, including monthly amounts charged off, and monthly charged off amounts later collected, if any.
5. A detailed description of the settlement and impact of financial instruments utilized by the Company as described in Section B.3.
6. An affidavit signed by an officer of the utility stating that neither TGS, its parent company ONEOK, Inc., nor an affiliate has made a profit on the utilization of financial instruments that are executed by the Company for the purpose of mitigating price volatility, as described in Section B.3.
7. This report shall be filed concurrently with the Cost of Gas Statement for

GAS SERVICES DIVISION

GSD - 1 TARIFF REPORT

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21342

RATE SCHEDULESCHEDULE IDDESCRIPTION

October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.

8. Transition from the preceding Cost of Gas Clauses to this Cost of Gas Clause will occur simultaneously with the effective date of this tariff. All existing under or over recoveries will be aggregated to an area wide reconciliation. The first reconciliation under this new tariff will be filed on a North Texas Area wide basis for 12 months ending August in the next reconciliation report. This report shall be filed concurrently with the Cost of Gas Statement for December.

DESCRIPTION

computed in accordance with the provisions of Rate Schedule 1-ENV.

Weather Normalization Adjustment: The billing shall reflect adjustments in accordance with the provisions of the Weather Normalization Adjustment Clause, Rate Schedule WNA.

Cost of Service Adjustment: The billing shall reflect adjustments in accordance with the provisions of the Cost of Service Adjustment Rider, Rate Schedule 1-1-ENV RIDER.

Taxes: Plus applicable taxes and fees related to above.

CONDITIONS

1. Subject to all applicable laws and orders, and the Company's Rules and Regulations on file with the regulatory authority.

2. Delivery of gas hereunder may be interrupted or curtailed at the discretion of the Company, in case of shortage or threatened shortage of gas supply from any cause whatsoever, to conserve gas for residential and other customers served.

This Rate Schedule replaces Large Volume Public Authority Rate Schedules:

4A dated 11/27/00 (Unincorp. Jacksboro and Jermyn)

4B dated 11/27/00 (Unincorp. Bryson)

4C dated 5/25/01 (Unincorp. Weatherford, Aledo, Hudson Oaks, Willow Park and Punkin Center)

4F dated 11/26/01 (Unincorp. Mineral Wells, Graford, Millsap, Palo Pinto, Perrin & Whitt)

TEXAS GAS SERVICE COMPANY

North Texas Area

RATE SCHEDULE WNA-ENV

WEATHER NORMALIZATION ADJUSTMENT CLAUSE

A. APPLICABILITY The Weather Normalization Adjustment Clause (WNA) shall apply to the following general service rate schedules of Texas Gas Service Company in the unincorporated areas of Weatherford, Aledo, Hudson Oaks, Willow Park, Mineral Wells, Graford, Millsap, Breckenridge, Graham, Jacksboro, Bryson, Jermyn, Palo Pinto, Perrin, Whitt, Possum Kingdom and Punkin Center, Texas: 1A, 2A, 2B, 4A, and 4B. The WNA shall be effective during the September through May billing cycles.

B. PURPOSE The WNA refunds over-collections or surcharges under-collections of revenue due to colder or warmer than normal weather, as established in the Company's most recent rate filing.

C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis.

The WNA for each billing cycle and rate schedule shall be based on the following formula:

$$\text{WNA Rate} = \frac{\text{WNAD}}{\text{CV}}, \quad \text{where}$$

WNAD = Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula:

$$\text{WNAD} = (\text{HDD Diff} * \text{CB} * \text{WF}) * \text{COS rate}, \quad \text{where}$$

HDD Diff = (Normal HDD - Actual HDD), the difference between normal and actual heating degree days for the billing period.

CB = Number of customers billed for the billing period.

WF = Weather factor determined for each rate schedule in the most recent rate case as listed below.

CV = Current Volumes for the billing period.

Weather Factors from most recent rate case by class:

- Residential 0.13197
- Commercial 0.37721
- Large Commercial 10.64749
- Public Authority 1.73743
- Large Public Authority 15.61800

Applicable weather station is Abilene, Texas.

D. FILING WITH THE RAILROAD COMMISSION OF TEXAS (RRC)

The Company will file with the RRC monthly reports showing the rate adjustments for each applicable rate schedule. Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the RRC an annual report verifying the past year's WNA collections or refunds.

RATE SCHEDULE

SCHEDULE ID	DESCRIPTION
CAC-CTX-IS-Conser	<p>TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE CAC CONSERVATION ADJUSTMENT CLAUSE A. APPLICABILITY The Conservation Adjustment Clause (CAC) shall apply to all rate schedules of Texas Gas Service Company (Company) in all incorporated areas served by the Company in its Central Texas Service Area which includes Austin, Cedar Park, Kyle, Rollingwood, Sunset Valley and West Lake Hills, Texas. The CAC rate shall be adjusted annually and applied to subsequent usage for each customer class. B. COMPUTATION OF CAC RATE The CAC rate for a given year will be separately calculated for each individual customer class according to the following: CAC Rate = (BCD + PYUC) or (BCD - PYOC) NV BCD = Budgeted conservation dollars for each individual rate class during the upcoming fiscal year. These dollars will be submitted for the City of Austin's approval 30 days prior to the beginning of the upcoming fiscal year. If no action is taken by the City of Austin within 30 days, the budget will automatically be approved. PYUC = Accumulated under collection from prior years for each individual rate class, or the actual amount collected in prior years minus the actual amount disbursed in prior years. PYOC = Accumulated over collection from prior years for each individual rate class, or the actual amount collected in prior years minus the actual amount disbursed in prior years. NV = Actual volumes from the prior fiscal year (normalized for weather and growth/attrition) listed in Ccf for each rate class. C. FILING WITH THE CITY OF AUSTIN The following documents will be filed with the City of Austin: a) A schedule indicating the new CAC rates for each of the effected rate classes, to be filed within 30 days of implementation. b) An annual report of the prior fiscal year collections and disbursements, to be filed within 90 days of the prior fiscal year end. Meters Read On and After June 30, 2009 (Other Cities) July 17, 2009 (City of Cedar Park) Supersedes Same Sheet Dated September 24, 2002 (Austin) December 23, 2002 (Sunset Valley)</p>
CNG-1-CTX-IS	<p>TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE CNG-1 COMPRESSED NATURAL GAS SERVICE RATE APPLICABILITY Applicable to any non-residential customer for usage where customer purchases natural gas which will be compressed and used as a motor fuel. PSF-All-ISOS-PipeFee

TEXAS GAS SERVICE COMPANY All Service Areas RATE SCHEDULE PSF PIPELINE SAFETY PROGRAM FEES TEXAS ADMINISTRATIVE CODE TITLE 16 ECONOMIC REGULATION PART 1 RAILROAD COMMISSION OF TEXAS CHAPTER 8 PIPELINE SAFETY REGULATIONS SUBCHAPTER C REQUIREMENTS FOR NATURAL GAS PIPELINES ONLY Rule 8.201 Pipeline Safety Program Fees (a) Pursuant to Texas Utilities Code, 121.211, the Commission establishes a pipeline safety inspection fee, to be assessed annually against operators of natural gas distribution pipelines and pipeline facilities and natural gas master metered pipelines and pipeline facilities subject to the Commission's pipeline safety jurisdiction under Texas Utilities Code, Chapter 121. The total amount of revenue estimated to be collected under this section does not exceed the amount the Commission estimates to be necessary to recover the costs of administering the pipeline safety program under Texas Utilities Code, Chapter 121, excluding costs that are fully funded by federal sources, for any fiscal year. (b) The Commission hereby assesses each operator of a natural gas distribution system an annual pipeline safety program fee of \$0.50 for each service (service line) reported to be in service at the end of each calendar year by each system operator on the Distribution Annual Report, Form F7100.1-1, to be filed on March 15 of each year. (1) Each operator of a natural gas distribution system shall calculate the total amount of the annual pipeline safety program fee to be paid to the Commission by multiplying the number of services listed in Part B, Section 3, of Department of Transportation (DOT) Distribution Annual Report, Form F7100.1-1, due to be filed on March 15 of each year, by \$0.50. (2) Each operator of a natural gas distribution system shall remit to the Commission on March 15 of each year, the amount calculated under paragraph (1) of this subsection. (3) Each operator of a natural gas distribution system shall recover, by a surcharge to its existing rates, the amount the operator paid to the Commission under paragraph (1) of this subsection. The surcharge: (A) shall be a flat rate, one-time surcharge; (B) shall not be billed before the operator remits the pipeline safety program fee to the Commission; (C) shall be applied in the billing cycle or cycles immediately following the date on which the operator paid the Commission; (D) shall not exceed \$0.50 per service or service line (For calendar year 2009 the annual pipeline safety program fee, effective with meters read on and after March 31, 2009, Texas Gas Service Company will bill all customers a one-time customer charge per bill of \$0.46, based on \$0.50 per service line) ; and (E) shall not be billed to a state agency, as that term is defined in Texas Utilities Code, 101.003. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each operator of a natural gas distribution system shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer;

DESCRIPTION

(C) the date or dates on which the surcharge was billed to customers; and
 (D) the total amount collected from customers from the surcharge. (5) Each operator of a natural gas distribution system that is a utility subject to the jurisdiction of the Commission pursuant to Texas Utilities Code, Chapters 101-105, shall file a generally applicable tariff for its surcharge in conformance with the requirements of 7.315 of this title, relating to Filing of Tariffs. (6) Amounts recovered from customers under this subsection by an investor-owned natural gas distribution system or a cooperatively owned natural gas distribution system shall not be included in the revenue or gross receipts of the system for the purpose of calculating municipal franchise fees or any tax imposed under Subchapter B, Chapter 182, Tax Code, or under Chapter 122, nor shall such amounts be subject to a sales and use tax imposed by Chapter 151, Tax Code, or Subtitle C, Title 3, Tax Code. (c) The Commission hereby assesses each master meter system an annual inspection fee of \$100 per master meter system. (1) Each operator of a natural gas master meter system shall pay the annual inspection fee of \$100 per master meter system no later than June 30 of each year. (2) The Commission shall send an invoice to each affected natural gas master meter operator no later than April 30 of each year as a courtesy reminder. The failure of a natural gas master meter operator to receive an invoice shall not exempt the natural gas master meter operator from its obligation to remit the annual pipeline safety program fee on June 30 each year. (3) Each operator of a natural gas master meter system shall recover as a surcharge to its existing rates the amounts paid to the Commission under this subsection. (4) No later than 90 days after the last billing cycle in which the pipeline safety program fee surcharge is billed to customers, each master meter operator shall file with the Commission's Gas Services Division and the Safety Division a report showing: (A) the pipeline safety program fee amount paid to the Commission; (B) the unit rate and total amount of the surcharge billed to each customer; (C) the date or dates on which the surcharge was billed to customers; and (D) the total amount collected from customers from the surcharge. (d) If an operator of a natural gas distribution system or a natural gas master meter system does not submit payment of the annual inspection fee to the Commission within 30 days of the due date, the Commission shall assess a late payment penalty of 10 percent of the total assessment due under subsection (b) or (c) of this section, as applicable, and shall notify the operator. RCR-CTX-IS-Reloc

TEXAS GAS SERVICE COMPANY Central Texas Service Area RATE SCHEDULE RCR
 RELOCATION COST RECOVERY A. APPLICABILITY This Relocation Cost Recovery (RCR) rate schedule shall apply to the following rate schedules for all incorporated areas served by the Company in its Central Texas Service Area which includes Austin, Cedar Park, Kyle, Rollingwood, Sunset Valley and West Lake Hills, Texas: 10, 20, 22, 30, 32, 40, 42, 48, CNG-1 and T-1. B. PURPOSE Section 104.112 of the Texas Utility Code, effective on September 1, 1999, allows recovery of the costs of relocating natural gas facilities to accommodate construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or

DESCRIPTION

another entity having the power of eminent domain that are not reimbursed by the entity requiring the relocation. This rate schedule establishes the cost recovery provisions consistent with Subchapter C, Chapter 104, Texas Utilities Code. RCR rates shall be established through applications filed with the regulatory authority (Section E) consistent with this rate schedule. C. COMPUTATION OF RCR RATE The RCR rate for a given recovery period will be calculated according to the following formula: RCR Rate = CPRC + PPRC NV CPRC = Relocation costs for the current recovery period. PPRC = Under collection or over collection from any prior RCR rates. NV = Normalized volumes (in Ccf) for the recovery period (for the applicable rate schedules). Recovery Period = No less than one year or more than three years. RCR rates may be revised each quarter. All applicable fees and taxes will be added to the RCR rates. D. BILLING The RCR rate, pursuant to Rate Schedule RCR-RIDER, shall be included as a separate adjustment (per Ccf rate) to the base bill for the rate schedules listed in Section A above. E. FILING WITH THE REGULATORY AUTHORITY No less than thirty-five days before implementation of an RCR rate, the Company shall file an application with the appropriate regulatory authority that shall include the following: 1. Documentation demonstrating the requirement of each relocation. 2. Documentation demonstrating the entity requesting each relocation. 3. Schedules showing the costs incurred for each project, considering the costs of comparable facilities. 4. The RCR rate to be implemented with supporting calculations. 5. Documentation demonstrating that reasonable efforts were made to receive reimbursement from the entity requiring each relocation, if applicable. 6. A schedule showing RCR collections, including any over or under collections from prior RCR rate applications. Meters Read On and After June 30, 2009 (Other Cities) July 17, 2009 (City of Cedar Park) Supersedes Same Sheet Dated November 30, 2005 and replaces Rate Sch RCR dated 12/29/03 (Kyle)

TARIFF CODE: DS RRC TARIFF NO: 21465

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

or warmer than normal weather, as established in the Company's most recent rate filing. C. WNA MECHANISM In order to reflect weather effects in a timely and accurate manner, the WNA adjustment shall be calculated separately for each billing cycle and rate schedule. The weather factor, determined for each rate schedule in the most recent rate case, shows the effect of one heating degree day on consumption for that rate schedule. During each billing cycle, the weather factor is multiplied by the difference between normal and actual heating degree days for the billing period and by the number of customers billed. This WNA volume adjustment is priced at the current cost of service rate per Ccf to determine a WNA revenue adjustment, which is spread to the customers in the billing cycle on a prorata basis. The WNA for each billing cycle and rate schedule shall be based on the following formula: $WNA\ Rate = WNAD,$ where

CV $WNAD =$ Weather Normalization Adjustment Dollars to be collected from each billing cycle and rate schedule. This factor shall be based on the following formula: $WNAD = (HDD\ Diff * CB * WF) * COS\ rate,$ where $HDD\ Diff = (Normal\ HDD - Actual\ HDD),$ the difference between normal and actual heating degree days for the billing period. $CB =$ Number of customers billed for the billing period. $WF =$ Weather factor determined for each rate schedule in the most recent rate case. $CV =$ Current Volumes for the billing period. D. FILING WITH THE CITIES AND THE RAILROAD COMMISSION OF TEXAS (RRC) The Company will file with the Cities and the RRC monthly reports showing the rate adjustments for each applicable rate schedule.

Supporting documentation will be made available for review upon request. By each October 1, the Company will file with the Cities and the RRC an annual report verifying the past year's WNA collections or refunds. Meters Read On and After June 30, 2009 (Other Cities) July 17, 2009 (City of Cedar Park) This Rate Schedule Replaces Weather Normalization Clause: WNC dated 7/1/93 (for CTX - excluding Cedar Park)

1-INC-CTX-IS-COG

TEXAS GAS SERVICE COMPANY
RATE SCHEDULE NO. 1-INC
Central Texas Service Area
COST OF GAS CLAUSE

A. APPLICABILITY

This Cost of Gas Clause shall apply to all general service rate schedules of Texas Gas Service Company (The Company) in all incorporated areas served by the Company in its Central Texas Service Area which includes Austin, Cedar Park, Kyle, Rollingwood, Sunset Valley and West Lake Hills, Texas.

B. DEFINITIONS

1. Cost of Gas - The rate per billing unit or the total calculation under this clause, consisting of the Commodity Cost, the Reconciliation Component, any surcharges or refunds, Uncollectible Cost of Gas, and the revenue associated fees (including franchise fees) and taxes.

2. Commodity Cost - The Cost of Purchased Gas multiplied by the Purchase Sales Ratio plus an adjustment for any known and quantifiable under or over collection prior to the end of the reconciliation period.

3. Cost of Purchased Gas - The estimated cost for gas purchased by the Company from its suppliers or the estimated weighted average cost for gas purchased by the

GAS SERVICES DIVISION

RRC COID: 6310 COMPANY NAME: TEXAS GAS SERVICE COMPANY

TARIFF CODE: DS RRC TARIFF NO: 21465

RATE SCHEDULESCHEDULE IDDESCRIPTION

Company from all sources where applicable. Such cost shall include not only the purchase cost of natural gas, but shall also include all reasonable costs for services such as gathering, treating, processing, transportation, capacity and/or supply reservation, storage, balancing including penalties, and swing services necessary for the movement of gas to the Company's city gate delivery points. The Cost of Purchased Gas shall also include gains or losses from the utilization of natural gas financial instruments that are executed by the Company for the purpose of mitigating price volatility. Companies affiliated with the Company shall not be allowed to charge fees for transactions related to natural gas financial instruments utilized for purposes in this Cost of Gas Clause and hence can not realize a profit in this regard. The Cost of Purchased Gas may also include costs related to the purchase and transportation of Renewable Natural Gas (RNG).

4. Reconciliation Component - The amount to be returned to or recovered from customers each month from October through June as a result of the Reconciliation Audit.

5. Reconciliation Audit - An annual review of the Company's books and records for each twelve-month period ending with the production month of June to determine the amount of over or under collection occurring during such twelve-month period. The audit shall determine: (a) the total amount paid for gas purchased by the Company (per Section B (3) above) to provide service to its general service customers during the period, (b) the revenues received from operation of the provisions of this Cost of Gas Clause reduced by the amount of revenue associated fees (including franchise fees) and taxes paid by the Company on those revenues, (c) the total amount of refunds made to customers during the period and any other revenues or credits received by the Company as a result of relevant gas purchases or operation of this Cost of Gas Clause, (d) the total amount accrued for imbalances under the transportation rate schedule(s) net of franchise fees and applicable taxes, (e) the total amount of Uncollectible Cost of Gas during the period, (f) the total amount of Pipeline Integrity costs during the period and (g) an adjustment, if necessary, to remove lost and unaccounted for gas costs during the period for volumes in excess of five (5) percent of purchases.

6. Purchase/Sales Ratio - A ratio determined by dividing the total volumes purchased by general service customers during the twelve (12) month period ending June 30 by the sum of the volumes sold to general service customers. For the purpose of this computation all volumes shall be stated at 14.65 psia. Such ratio as determined shall in no event exceed 1.0526 i.e. $1/(1 - .05)$ unless expressly authorized by the applicable regulatory authority.

7. Reconciliation Account - The account maintained by the Company to assure that over time it will neither over nor under collect revenues as a result of the operation of the Cost of Gas Clause. Entries shall be made monthly to reflect, (a) the total amounts paid to the Company's supplier(s) for gas applicable to general service customers as recorded on the Company's books and records, (per Section B(3) above) (b) the revenues produced by the operation of this Cost of Gas Clause, (c) refunds, payments, or charges provided for herein or as approved by the regulatory authority, (d) amounts accrued pursuant to the treatment of imbalances under any transportation rate schedule(s), (e) total amount of Uncollectible Cost of Gas during the period, and (f) total amount of Pipeline Integrity costs during the

RATE SCHEDULE

SCHEDULE IDDESCRIPTION

period.

8. Uncollectible Cost of Gas - the amounts actually written off after the effective date of this rate schedule related to cost of gas.

9. Pipeline Integrity Costs - the costs incurred in order to comply with the Texas Railroad Commission's Pipeline Integrity Assessment and Management Plan rule, 16 Tex. Admin. Code Section 8.101 and any other future Railroad Commission rules related to integrity management plans.

C. COST OF GAS In addition to the cost of service as provided under its general service rate schedules, the Company shall bill each general service customer for the Cost of Gas incurred during the billing period. The Cost of Gas shall be clearly identified on each customer bill.

D. DETERMINATION AND APPLICATION OF THE RECONCILIATION COMPONENT If the Reconciliation Audit reflects either an over recovery or under recovery of revenues, such amount, plus or minus the amount of interest calculated pursuant to Section E below, if any, shall be divided by the general service sales volumes, adjusted for the effects of weather, growth, and conservation for the period beginning with the October billing cycle through the June billing cycle preceding the filing of the Reconciliation Audit. The Reconciliation Component so determined to collect any revenue shortfall or to return any excess revenue shall be applied, subject to refund, for a nine (9) month period beginning with the October billing cycle and continuing through the next June billing cycle at which time it will terminate.

E. INTEREST ON FUNDS Concurrently with the Reconciliation Audit, the Company shall determine the amount by which the Cost of Gas was over or under collected for each month within the period of audit. The Company shall debit or credit to the Reconciliation Account for each month of the reconciliation period: (1) an amount equal to the outstanding over collected balance multiplied by interest of 6% per annum compounded monthly; or, (2) an amount equal to the outstanding under collected balance multiplied by interest of 6% per annum compounded monthly. The Company shall also be allowed to recover a carrying charge calculated based on the arithmetic average of the beginning and ending balance of gas in storage inventory for the prior calendar month times the authorized rate of return.

F. SURCHARGE OR REFUND PROCEDURES In the event that the rates and charges of the Company's supplier are retroactively reduced and a refund of any previous payments is made to the Company, the Company shall make a similar refund to its general service customers. Similarly, the Company may surcharge its general service customers for retroactive payments made for gas previously delivered into the system. Any surcharge or refund amount will be included in the Reconciliation Account. Refunds or charges shall be entered into the Reconciliation Account as they are collected from or returned to the customers. For the purpose of this Section F, the entry shall be made on the same basis used to determine the refund or charge component of the Cost of Gas and shall be subject to the calculation set forth in Section (E) Interest on Funds, above.

G. COST OF GAS STATEMENT The Company shall file a Cost of Gas Statement with

TARIFF CODE: DS RRC TARIFF NO: 21465

RATE SCHEDULE

SCHEDULE ID

DESCRIPTION

the Regulatory Authority by the beginning of each billing month. The Cost of Gas Statement shall set forth (a) the estimated Cost of Purchased Gas; (b) that cost multiplied by the Purchase/Sales Ratio; (c) the amount of the cost of gas caused by any surcharge or refund; (d) the Reconciliation Component; (e) the revenue associated fees (including franchise fees) and taxes to be applied to revenues generated by the Cost of Gas; (f) the Cost of Gas calculation, including the gains and losses from hedging activities for the month; and (g) the beginning and ending date of the billing period. The statement shall include all data necessary for the Regulatory Authority to review and verify the calculations of the Cost of Gas.

H. ANNUAL RECONCILIATION REPORT The Company shall file an Annual Reconciliation Report with the Regulatory Authority which shall include but not necessarily be limited to: 1. A tabulation of volumes of gas purchased and costs incurred listed by account or type of gas, supplier and source by month for the twelve months ending June 30. 2. A tabulation of gas units sold to general service customers and related Cost of Gas Clause revenues. 3. A description of all other costs and refunds made during the year and their effect on the Cost of Gas Clause to date. 4. A description of the hedging activities conducted each month during the twelve months ending June 30, including the types of transaction used, resulting gains and losses, any changes in the hedging program implemented during the period and the rationale for the changes. The report should include the customer impact of hedging activities stated as costs to the average residential and commercial customer during the period. 5. A description of the imbalance payments made to and received from the Company's transportation customers within the service area, including monthly imbalances incurred, the monthly imbalances resolved, and the amount of the cumulative imbalance. The description should reflect the system imbalance and imbalance amount for each supplier using the Company's distribution system during the reconciliation period. 6. A description of uncollectible cost of gas during the period and its effect on the Cost of Gas Clause to date. 7. A description of pipeline integrity costs during the period and its effect on the Cost of Gas Clause to date. This report shall be filed concurrently with the Cost of Gas Statement for October. If the Regulatory Authority thereafter determines that an adjustment to the Reconciliation Component is required, such adjustment shall be included in the Reconciliation Component for the next annual Reconciliation Audit following the date of such determination.
