

CHAPTER 108. FEES

§ 108.1. Charges for Copies of Public Information.

- (a) The charge to any person requesting access to public information or copies of public information from the commission will be the charges established by the Government Code, Chapter 552, the Texas Building and Procurement Commission rules, 1 TAC §111.61 et seq., as amended, and the Texas Labor Code.
- (b) The charge provisions established by the Texas Building and Procurement Commission do not apply to authorized requests for copies of commission confidential information or to publications compiled and printed by the commission. Charges for these items are established by the commission's fee schedule and the commission's Publications Price List, which are available upon request from the Publications Department in the Public Information Division of the commission.
- (c) All other requests for public information, including those for which the Government Code, Texas Labor Code or the Texas Building and Procurement Commission have not established a charge will be charged at the actual cost, including costs of materials, labor and overhead, to the commission to provide the item.

The provisions of this §108.1 adopted to be effective February 2, 1996, 21 TexReg 510; amended to be effective December 2, 1997, 22 TexReg 11692; amended to be effective March 10, 2005, 30 TexReg 1289.
