Public testimony to board committees is limited to the topics posted for action or discussion on committee agendas at that specific committee meeting.

Public testimony at general meetings of the State Board of Education is limited to topics NOT posted for action or discussion at the corresponding regular committee meetings or information published in the information section of the agenda.

If the number of registrations received indicates that testimony would exceed the time allotted, the board will determine which testimony will be taken, giving priority to new speakers and, to the extent possible, alternating testimony by viewpoint.

Three-minute time limits on individual public testimony will be imposed unless modified by the presiding chair. Speakers will be informed if it appears that time constraints will not permit all speakers to make their presentation within the allotted time.

Registrants shall provide thirty-five (35) copies of their testimony for distribution to board members and staff.
