

# Tap into Texas-sized business opportunities. One list. Don't miss out.

Register with the **Centralized  
Master Bidders List (CMBL)**.

Texas state government has a complex and vital series of duties — and it relies on the private sector to help accomplish them. To meet the needs of its citizens, the state spent more than \$1.5 billion in fiscal 2006 on various goods and services provided by hundreds of companies large and small.

The Centralized Master Bidders List (CMBL) is an online directory of businesses that have registered with the state of Texas. State agencies, colleges, universities and local governments use the CMBL to find sellers for products and services. Active members are notified for available opportunities that relate to their businesses.

It's easy to register for the CMBL. Sign up today!
