PUBLIC UTILITY REGULATORY ACT

Title II, Texas Utilities Code

PUBLIC UTILITY COMMISSION OF TEXAS

1701 N. Congress Avenue • P.O. Box 13326 • Austin, Texas 78711-3326 • 512/936-7000

[BLANK PAGE]

FOREWORD

This edition of the Public Utility Regulatory Act contains amendments adopted through the 80th Legislature, Regular Session. In general, the effect of the amendments was clear and the resulting text changes were straight-forward and did not require any editorial discretion. Except as explained below, editorial discretion was exercised in reconciling multiple amendments to the same section. In the majority of these cases, there was no irreconcilable conflict and all of the amendments could be given effect. In some cases, an act expressly amended a provision as added or amended by another act. In the few cases where an irreconcilable conflict was found, the act with the later date of enactment was given effect, with the other provisions italicized below.

The annotations following each section have two components. First, the annotation from the previous version of this document is retained. This annotation shows the derivation of the section either citing to the Public Utility Regulatory Act of 1995 or showing the section as new to the code. The second component identifies subsequent amendments and may also have two components. First, the bill or bills that amend the section are identified. Second, where two or more bills amend a section, a brief summary of each of the amendments is given and, where appropriate, a reference to related provisions or material.

TEXAS UTILITIES CODE

TITLE I. GENERAL PROVISIONS

CHAPTER 1. GENERAL PROVISIONS

Sec. 1.001. PURPOSE OF CODE.

(a) This code is enacted as a part of the state's continuing statutory revision program, begun by the Texas Legislative Council in 1963 as directed by the legislature in the law codified as Section 323.007, Government Code. The program contemplates a topic-by-topic revision of the state's general and permanent statute law without substantive change.

(b) Consistent with the objectives of the statutory revision program, the purpose of this code is to make the law encompassed by this code more accessible and understandable by:

- (1) rearranging the statutes into a more logical order;
- (2) employing a format and numbering system designed to facilitate citation of the law and to accommodate future expansion of the law;
- (3) eliminating repealed, duplicative, unconstitutional, expired, executed, and other ineffective provisions; and
- (4) restating the law in modern American English to the greatest extent possible.

(Acts 1997, 75th Leg., R.S., ch. 166, § 1, eff. Sept. 1, 1997.)

Sec. 1.002. CONSTRUCTION OF CODE.

Chapter 311, Government Code (Codes Construction Act), applies to the construction of each provision in this code except as otherwise expressly provided by this code.

(Acts 1997, 75th Leg., R.S., ch. 166, § 1, eff. Sept. 1, 1997.)

Sec. 1.003. REFERENCE IN LAW TO STATUTE REVISED BY CODE.

A reference in a law to a statute or a part of a statute revised by this code is considered to be a reference to the part of this code that revises that statute or part of that statute.

(Acts 1997, 75th Leg., R.S., ch. 166, § 1, eff. Sept. 1, 1997.)

TITLE II. PUBLIC UTILITY REGULATORY ACT

SUBTITLE A. PROVISIONS APPLICABLE TO ALL UTILITIES

CHAPTER 11. GENERAL PROVISIONS

Sec. 11.001. SHORT TITLE.

This title may be cited as the Public Utility Regulatory Act.

(V.A.C.S. Art. 1446c-0, Sec. 1.001.)

Sec. 11.002. PURPOSE AND FINDINGS.

(a) This title is enacted to protect the public interest inherent in the rates and services of public utilities. The purpose of this title is to establish a comprehensive and adequate regulatory system for public utilities to assure rates, operations, and services that are just and reasonable to the consumers and to the utilities.

(b) Public utilities traditionally are by definition monopolies in the areas they serve. As a result, the normal forces of competition that regulate prices in a free enterprise society do not operate. Public agencies regulate utility rates, operations, and services as a substitute for competition.

(c) Significant changes have occurred in the telecommunications and electric power industries since the Public Utility Regulatory Act was originally adopted. Changes in technology and market structure have increased the need for minimum standards of service quality, customer service, and fair business practices to ensure high-quality service to customers and a healthy marketplace where competition is permitted by law. It is the purpose of this title to grant the Public Utility Commission of Texas authority to make and enforce rules necessary to protect customers of telecommunications and electric services consistent with the public interest.

(V.A.C.S. Art. 1446c-0, Sec. 1.002.) (Amended by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 1.)

Sec. 11.003. DEFINITIONS.

In this title:

(1) "Affected person" means:

(A) a public utility or electric cooperative affected by an action of a regulatory authority;

(B) a person whose utility service or rates are affected by a proceeding before a regulatory authority; or

(C) a person who:

(i) is a competitor of a public utility with respect to a service performed by the utility; or

(ii) wants to enter into competition with a public utility.

(2) "Affiliate" means:

(A) a person who directly or indirectly owns or holds at least five percent of the voting securities of a public utility;

(B) a person in a chain of successive ownership of at least five percent of the voting securities of a public utility;

(C) a corporation that has at least five percent of its voting securities owned or controlled, directly or indirectly, by a public utility;

(D) a corporation that has at least five percent of its voting securities owned or controlled, directly or indirectly, by:

(i) a person who directly or indirectly owns or controls at least five percent of the voting securities of a public utility; or

(ii) a person in a chain of successive ownership of at least five percent of the voting securities of a public utility;

(E) a person who is an officer or director of a public utility or of a corporation in a chain of successive ownership of at least five percent of the voting securities of a public utility; or

(F) a person determined to be an affiliate under Section 11.006.

(3) "Allocation" means the division among municipalities or among municipalities and unincorporated areas of the plant, revenues, expenses, taxes, and reserves of a utility used to provide public utility service in a municipality or for a municipality and unincorporated areas.

(4) "Commission" means the Public Utility Commission of Texas.

(5) "Commissioner" means a member of the Public Utility Commission of Texas.

(6) "Cooperative corporation" means:

(A) an electric cooperative; or

(B) a telephone cooperative corporation organized under Chapter 162 or a predecessor statute to Chapter 162 and operating under that chapter.

(7) "Corporation" means a domestic or foreign corporation, joint-stock company, or association, and each lessee, assignee, trustee, receiver, or other successor in interest of the corporation, company, or association, that has any of the powers or privileges of a corporation not possessed by an individual or partnership. The term does not include a municipal corporation or electric cooperative, except as expressly provided by this title.

(8) "Counsellor" means the public utility counsel.

(9) "Electric cooperative" means:

(A) a corporation organized under Chapter 161 or a predecessor statute to Chapter 161 and operating under that chapter; or

(B) a corporation organized as an electric cooperative in a state other than Texas that has obtained a certificate of authority to conduct affairs in the State of Texas.

(10) "Facilities" means all of the plant and equipment of a public utility, and includes the tangible and intangible property, without limitation, owned, operated, leased, licensed, used, controlled, or supplied for, by, or in connection with the business of the public utility.

(11) "Municipally owned utility" means a utility owned, operated, and controlled by a municipality or by a nonprofit corporation the directors of which are appointed by one or more municipalities.

(12) "Office" means the Office of Public Utility Counsel.

(13) "Order" means all or a part of a final disposition by a regulatory authority in a matter other than rulemaking, without regard to whether the disposition is affirmative or negative or injunctive or declaratory. The term includes:

(A) the issuance of a certificate of convenience and necessity; and

(B) the setting of a rate.

(14) "Person" includes an individual, a partnership of two or more persons having a joint or common interest, a mutual or cooperative association, and a corporation, but does not include an electric cooperative.

(15) "Proceeding" means a hearing, investigation, inquiry, or other procedure for finding facts or making a decision under this title. The term includes a denial of relief or dismissal of a complaint.

(16) "Rate" includes:

(A) any compensation, tariff, charge, fare, toll, rental, or classification that is directly or indirectly demanded, observed, charged, or collected by a public utility for a service, product, or commodity described in the definition of utility in Section 31.002 or 51.002; and

(B) a rule, practice, or contract affecting the compensation, tariff, charge, fare, toll, rental, or classification.

(17) "Ratemaking proceeding" means a proceeding in which a rate is changed.

(18) "Regulatory authority" means either the commission or the governing body of a municipality, in accordance with the context.

(19) "Service" has its broadest and most inclusive meaning. The term includes any act performed, anything supplied, and any facilities used or supplied by a public utility in the performance of the utility's duties under this title to its patrons, employees, other public utilities, an electric cooperative, and the public. The term also includes the interchange of facilities between two or more public utilities. The term does not include the printing, distribution, or sale of advertising in a telephone directory.

(20) "Test year" means the most recent 12 months, beginning on the first day of a calendar or fiscal year quarter, for which operating data for a public utility are available.

(21) "Trade association" means a nonprofit, cooperative, and voluntarily joined association of business or professional persons who are employed by public utilities or utility competitors to assist the public utility industry, a utility competitor, or the industry's or competitor's employees in dealing with mutual business or professional problems and in promoting their common interest.

(V.A.C.S. Art. 1446c-0, Secs. 1.003(1), (2) (part), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), (13A), (14), (15), (16), (17), (18).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 1; Acts 2003, 78th Leg., R.S., ch. 1327 (SB 1280) § 1.)

Sec. 11.004. DEFINITION OF UTILITY.

In Subtitle A, "public utility" or "utility" means:

(1) an electric utility, as that term is defined by Section 31.002; or

(2) a public utility or utility, as those terms are defined by Section 51.002.

(V.A.C.S. Art. 1446c-0, Sec. 1.004.)

Sec. 11.0042. DEFINITION OF AFFILIATE.

(a) The term "person" or "corporation" as used in the definition of "affiliate" provided by Section 11.003(2) does not include:

(1) a broker or dealer registered under the Securities Exchange Act of 1934 (15 U.S.C. Section 78a et seq.), as amended;

(2) a bank or insurance company as defined under the Securities Exchange Act of 1934 (15 U.S.C. Section 78a et seq.), as amended;

(3) an investment adviser registered under state law or the Investment Advisers Act of 1940 (15 U.S.C. Section 80b-1 et seq.); or

(4) an investment company registered under the Investment Company Act of 1940 (15 U.S.C. Section 80a-1 et seq.); or

(5) an employee benefit plan, pension fund, endowment fund, or other similar entity that may, directly or indirectly, own, hold, or control five percent or more of the voting securities of a public utility or the parent corporation of a public utility if the entity did not acquire the voting securities:

(A) for the purpose of or with the effect of changing or influencing the control of the issuer of the securities; or

(B) in connection with or as a participant in any transaction that changes or influences the control of the issuer of the securities.

(b) For the purpose of determining whether a person is an affiliate under Section 11.006(a)(3), the term "person" does not include an entity that may, directly or indirectly, own, hold, or control the voting securities of a public utility or the parent corporation of a public utility if the entity did not acquire the voting securities:

(1) for the purpose of or with the effect of changing or influencing the control of the issuer of the securities; or

(2) in connection with or as a participant in any transaction that changes or influences the control of the issuer of the securities.

(c) A report filed by an entity described by Subsection (a)(5) or (b) with the Securities and Exchange Commission is conclusive evidence of the entity's intent if the report confirms that the voting securities were not acquired:

(1) for the purpose of or with the effect of changing or influencing the control of the issuer of the securities; or

(2) in connection with or as a participant in any transaction that changes or influences the control of the issuer of the securities.

(Added by Acts 2005, 79th Leg., R.S. ch. 413 (SB 1668) § 2.)

Sec. 11.005. ENTITY, COMPETITOR, OR SUPPLIER AFFECTED IN MANNER OTHER THAN BY SETTING OF RATES.

In this title, an entity, including a utility competitor or utility supplier, is considered to be affected in a manner other than by the setting of rates for that class of customer if during a relevant calendar year the entity provides fuel, utility-related goods, utility-related products, or utility-related services to a regulated or unregulated provider of telecommunications or electric services or to an affiliate in an amount equal to the greater of \$10,000 or 10 percent of the person's business.

(V.A.C.S. Art. 1446c-0, Sec. 1.006.)

Sec. 11.006. PERSON DETERMINED TO BE AFFILIATE.

(a) The commission may determine that a person is an affiliate for purposes of this title if the commission after notice and hearing finds that the person:

- (1) actually exercises substantial influence or control over the policies and actions of a public utility;
- (2) is a person over which a public utility exercises the control described by Subdivision (1);
- (3) is under common control with a public utility; or
- (4) together with one or more persons with whom the person is related by ownership or blood relationship, or by action in concert, actually exercises substantial influence over the policies and actions of a public utility even though neither person may qualify as an affiliate individually.

(b) For purposes of Subsection (a)(3), "common control with a public utility" means the direct or indirect possession of the power to direct or cause the direction of the management and policies of another, without regard to whether that power is established through ownership or voting of securities or by any other direct or indirect means.

(V.A.C.S. Art. 1446c-0, Sec. 1.003(2) (part).)

Sec. 11.007. ADMINISTRATIVE PROCEDURE.

(a) Chapter 2001, Government Code, applies to a proceeding under this title except to the extent inconsistent with this title.

(b) A communication of a member or employee of the commission with any person, including a party or a party's representative, is governed by Section 2001.061, Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 1.005(a).)

Sec. 11.008. LIBERAL CONSTRUCTION.

This title shall be construed liberally to promote the effectiveness and efficiency of regulation of public utilities to the extent that this construction preserves the validity of this title and its provisions.

(V.A.C.S. Art. 1446c-0, Sec. 1.404 (part).)

Sec. 11.009. CONSTRUCTION WITH FEDERAL AUTHORITY.

This title shall be construed to apply so as not to conflict with any authority of the United States.

(V.A.C.S. Art. 1446c-0, Sec. 1.404 (part).)

CHAPTER 12. ORGANIZATION OF COMMISSION

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 12.001. PUBLIC UTILITY COMMISSION OF TEXAS.

The Public Utility Commission of Texas exercises the jurisdiction and powers conferred by this title.

(V.A.C.S. Art. 1446c-0, Sec. 1.021(a) (part).)

Sec. 12.002. OFFICE.

(a) The principal office of the commission is in Austin.

(b) The office shall be open daily during usual business hours. The office is not required to be open on Saturday, Sunday, or a legal holiday.

(V.A.C.S. Art. 1446c-0, Sec. 1.031(a) (part).)

Sec. 12.003. SEAL.

(a) The commission has a seal bearing the inscription: "Public Utility Commission of Texas."

(b) The seal shall be affixed to each record and to an authentication of a copy of a record. The commission may require the seal to be affixed to other instruments.

(c) A court of this state shall take judicial notice of the seal.

(V.A.C.S. Art. 1446c-0, Sec. 1.032.)

Sec. 12.004. REPRESENTATION BY THE ATTORNEY GENERAL.

The attorney general shall represent the commission in a matter before a state court, a court of the United States, or a federal public utility regulatory commission.

(V.A.C.S. Art. 1446c-0, Secs. 1.037, 1.301 (part).)

Sec. 12.005. APPLICATION OF SUNSET ACT.

The Public Utility Commission of Texas is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter or by Chapter 39, the commission is abolished and this title expires September 1, 2011.

(V.A.C.S. Art. 1446c-0, Sec. 1.022 (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 2; Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 1; Acts 1999, 76th Leg., R.S., ch. 1449 (HB 2954) § 2.03 (did not take effect by terms of § 6.04); Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 1; Acts 2005, 79th Leg., R.S., ch. 1227 (HB 1116) § 3.06(a).)

SUBCHAPTER B. COMMISSION APPOINTMENT AND FUNCTIONS

Sec. 12.051. APPOINTMENT; TERM.

(a) The commission is composed of three commissioners appointed by the governor with the advice and consent of the senate.

(b) An appointment to the commission shall be made without regard to the race, color, disability, sex, religion, age, or national origin of the appointee.

(c) Commissioners serve staggered, six-year terms.

(V.A.C.S. Art. 1446c-0, Secs. 1.021(a) (part), (d).)

Sec. 12.052. PRESIDING OFFICER.

- (a) The governor shall designate a commissioner as the presiding officer.
- (b) The presiding officer serves in that capacity at the pleasure of the governor.
(V.A.C.S. Art. 1446c-0, Sec. 1.021(c).)

Sec. 12.053. MEMBERSHIP QUALIFICATIONS.

- (a) To be eligible for appointment, a commissioner must be:
 - (1) a qualified voter;
 - (2) a citizen of the United States; and
 - (3) a representative of the general public.
- (b) A person is not eligible for appointment as a commissioner if the person:
 - (1) at any time during the two years preceding appointment:
 - (A) personally served as an officer, director, owner, employee, partner, or legal representative of a public utility, affiliate, or direct competitor of a public utility; or
 - (B) owned or controlled, directly or indirectly, stocks or bonds of any class with a value of \$10,000 or more in a public utility, affiliate, or direct competitor of a public utility; or
 - (2) is not qualified to serve under Section 12.151, 12.152, or 12.153.

(V.A.C.S. Art. 1446c-0, Secs. 1.023(a) (part), (c).)

Sec. 12.054. REMOVAL OF COMMISSIONER.

- (a) It is a ground for removal from the commission if a commissioner:
 - (1) does not have at the time of appointment or maintain during service on the commission the qualifications required by Section 12.053;
 - (2) violates a prohibition provided by Section 12.053 or by Subchapter D;
 - (3) cannot discharge the commissioner's duties for a substantial part of the term for which the commissioner is appointed because of illness or disability; or
 - (4) is absent from more than half of the regularly scheduled commission meetings that the commissioner is eligible to attend during a calendar year unless the absence is excused by majority vote of the commission.
- (b) The validity of an action of the commission is not affected by the fact that the action is taken when a ground for removal of a commissioner exists.
- (c) If the executive director has knowledge that a potential ground for removal exists, the executive director shall notify the presiding officer of the commission of the potential ground. The presiding officer shall then notify the governor and the attorney general that a potential ground for removal exists. If the potential ground for removal involves the presiding officer, the executive director shall notify the next highest officer of the commission, who shall notify the governor and the attorney general that a potential ground for removal exists.

(V.A.C.S. Art. 1446c-0, Secs. 1.026(a), (b), (c).)

Sec. 12.055. PROHIBITION ON SEEKING ANOTHER OFFICE.

A person may not seek nomination or election to another civil office of this state or of the United States while serving as a commissioner. If a commissioner files for nomination or election to another civil office of this state or of the United States, the person's office as commissioner immediately becomes vacant, and the governor shall appoint a successor.

(V.A.C.S. Art. 1446c-0, Sec. 1.024(f).)

Sec. 12.056. EFFECT OF VACANCY.

A vacancy or disqualification does not prevent the remaining commissioner or commissioners from exercising the powers of the commission.

(V.A.C.S. Art. 1446c-0, Sec. 1.033 (part).)

Sec. 12.057. COMPENSATION.

The annual salary of the commissioners is determined by the legislature.

(V.A.C.S. Art. 1446c-0, Sec. 1.030.)

Sec. 12.058. MEETINGS.

The commission shall hold meetings at its office and at other convenient places in this state as expedient and necessary for the proper performance of the commission's duties.

(V.A.C.S. Art. 1446c-0, Sec. 1.031(a) (part).)

Sec. 12.059. TRAINING PROGRAM FOR COMMISSIONERS.

(a) Before a commissioner may assume the commissioner's duties and before the commissioner may be confirmed by the senate, the commissioner must complete at least one course of the training program established under this section.

(b) A training program established under this section shall provide information to the commissioner regarding:

- (1) the enabling legislation that created the commission and its policymaking body to which the commissioner is appointed to serve;
- (2) the programs operated by the commission;
- (3) the role and functions of the commission;
- (4) the rules of the commission with an emphasis on the rules that relate to disciplinary and investigatory authority;
- (5) the current budget for the commission;
- (6) the results of the most recent formal audit of the commission;
- (7) the requirements of Chapters 551, 552, and 2001, Government Code;
- (8) the requirements of the conflict of interest laws and other laws relating to public officials; and
- (9) any applicable ethics policies adopted by the commission or the Texas Ethics Commission.

(c) A person who is appointed to the commission is entitled to reimbursement, as provided by the General Appropriations Act, for the travel expenses incurred in attending the training program regardless of whether the attendance at the program occurs before or after the person qualifies for office.

(V.A.C.S. Art. 1446c-0, Secs. 1.026(d), (e).) (Amended by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 2.)

SUBCHAPTER C. COMMISSION PERSONNEL

Sec. 12.101. COMMISSION EMPLOYEES.

The commission shall employ:

- (1) an executive director; and
- (2) officers and other employees the commission considers necessary to administer this title.

(V.A.C.S. Art. 1446c-0, Sec. 1.028(a) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 3.)

Sec. 12.102. DUTIES OF EMPLOYEES.

The commission shall develop and implement policies that clearly separate the policymaking responsibilities of the commission and the management responsibilities of the commission employees.

(V.A.C.S. Art. 1446c-0, Sec. 1.028(a) (part).) (Amended by Acts 2005, 79th Leg., R.S., ch. 797(SB 408) § 3.)

Sec. 12.103. DUTIES OF EXECUTIVE DIRECTOR.

The executive director is responsible for the daily operations of the commission and shall coordinate the activities of commission employees.

(V.A.C.S. Art. 1446c-0, Sec. 1.028(b).)

Sec. 12.104. [REPEALED].

(V.A.C.S. Art. 1446c-0, Secs. 1.028(c), (d).) (Repealed by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 61.)

Sec. 12.105. CAREER LADDER PROGRAM; PERFORMANCE EVALUATIONS; MERIT PAY.

(a) The executive director or the executive director's designee shall develop an intra-agency career ladder program that addresses opportunities for mobility and advancement for commission employees. The program shall require intra-agency posting of each position concurrently with any public posting.

(b) The executive director or the executive director's designee shall develop a system of annual performance evaluations that are based on documented employee performance. Merit pay for commission employees must be based on the system established under this subsection.

(V.A.C.S. Art. 1446c-0, Sec. 1.029(a).)

Sec. 12.106. EQUAL EMPLOYMENT OPPORTUNITY POLICY STATEMENT.

(a) The executive director or the executive director's designee shall prepare and maintain a written policy statement to ensure implementation of a program of equal employment opportunity under which all personnel transactions are made without regard to race, color, disability, sex, religion, age, or national origin.

(b) The policy statement under Subsection (a) must include:

- (1) personnel policies, including policies related to recruitment, evaluation, selection, appointment, training, and promotion of personnel, that are in compliance with the requirements of Chapter 21, Labor Code;
- (2) a comprehensive analysis of the commission workforce that meets federal and state guidelines;
- (3) procedures by which a determination can be made about the extent of underuse in the commission workforce of all persons for whom federal or state guidelines encourage a more equitable balance; and

- (4) reasonable methods to appropriately address the underuse.
- (c) A policy statement prepared under Subsection (b) must:
 - (1) cover an annual period;
 - (2) be updated at least annually;
 - (3) be reviewed by the Commission on Human Rights for compliance with Subsection (b)(1); and
 - (4) be filed with the governor's office.

(d) The governor's office shall deliver a biennial report to the legislature based on the information received under Subsection (c). The report may be made separately or as a part of other biennial reports to the legislature.

(V.A.C.S. Art. 1446c-0, Secs. 1.029(b), (c), (d).)

SUBCHAPTER D. PROHIBITED RELATIONSHIPS AND ACTIVITIES

Sec. 12.151. REGISTERED LOBBYIST.

A person required to register as a lobbyist under Chapter 305, Government Code, because of the person's activities for compensation on behalf of a profession related to the operation of the commission may not serve as a commissioner.

(V.A.C.S. Art. 1446c-0, Sec. 1.023(d) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 4.)

Sec. 12.152. CONFLICT OF INTEREST.

(a) A person is not eligible for appointment as a commissioner or executive director of the commission if:

(1) the person serves on the board of directors of a company that supplies fuel, utility-related services, or utility-related products to regulated or unregulated electric or telecommunications utilities;
or

(2) the person or the person's spouse:

(A) is employed by or participates in the management of a business entity or other organization that is regulated by or receives funds from the commission;

(B) directly or indirectly owns or controls more than a 10 percent interest or a pecuniary interest with a value exceeding \$10,000 in:

(i) a business entity or other organization that is regulated by or receives funds from the commission; or

(ii) a utility competitor, utility supplier, or other entity affected by a commission decision in a manner other than by the setting of rates for that class of customer;

(C) uses or receives a substantial amount of tangible goods, services, or funds from the commission, other than compensation or reimbursement authorized by law for commission membership, attendance, or expenses; or

(D) notwithstanding Paragraph (B), has an interest in a mutual fund or retirement fund in which more than 10 percent of the fund's holdings at the time of appointment is in a single utility, utility competitor, or utility supplier in this state and the person does not disclose this information to the governor, senate, commission, or other entity, as appropriate.

(b) A person otherwise ineligible because of Subsection (a)(2)(B) may be appointed to the commission and serve as a commissioner or may be employed as executive director if the person:

- (1) notifies the attorney general and commission that the person is ineligible because of Subsection (a)(2)(B); and
- (2) divests the person or the person's spouse of the ownership or control:
 - (A) before beginning service or employment; or
 - (B) if the person is already serving or employed, within a reasonable time.

(V.A.C.S. Art. 1446c-0, Secs. 1.023(e), (f).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 4.)

Sec. 12.153. RELATIONSHIP WITH TRADE ASSOCIATION.

A person may not serve as a commissioner or be a commission employee who is employed in a "bona fide executive, administrative, or professional capacity," as that phrase is used for purposes of establishing an exemption to the overtime provisions of the federal Fair Labor Standards Act of 1938 (29 U.S.C. Section 201 et seq.), if the person is:

- (1) an officer, employee, or paid consultant of a trade association; or
- (2) the spouse of an officer, manager, or paid consultant of a trade association.

(V.A.C.S. Art. 1446c-0, Secs. 1.023(g), (h).) (Amended by Acts 2005, 79th Leg., R.S., ch.797 (SB 408) § 4.)

Sec. 12.154. PROHIBITED ACTIVITIES.

(a) During the period of service with the commission, a commissioner or commission employee may not:

- (1) have a pecuniary interest, including an interest as an officer, director, partner, owner, employee, attorney, or consultant, in:
 - (A) a public utility or affiliate; or
 - (B) a person a significant portion of whose business consists of furnishing goods or services to public utilities or affiliates;
- (2) directly or indirectly own or control securities in a public utility, affiliate, or direct competitor of a public utility; or
- (3) accept a gift, gratuity, or entertainment from:
 - (A) a public utility, affiliate, or direct competitor of a public utility;
 - (B) a person a significant portion of whose business consists of furnishing goods or services to public utilities, affiliates, or direct competitors of public utilities; or
 - (C) an agent, representative, attorney, employee, officer, owner, director, or partner of a person described by Paragraph (A) or (B).

(b) A commissioner or a commission employee may not directly or indirectly solicit, request from, or suggest or recommend to a public utility or an agent, representative, attorney, employee, officer, owner, director, or partner of a public utility the appointment to a position or the employment of a person by the public utility or affiliate.

(c) A person may not give or offer to give a gift, gratuity, employment, or entertainment to a commissioner or commission employee if that person is:

- (1) a public utility, affiliate, or direct competitor of a public utility;
- (2) a person who furnishes goods or services to a public utility, affiliate, or direct competitor of a public utility; or
- (3) an agent, representative, attorney, employee, officer, owner, director, or partner of a person described by Subdivision (1) or (2).

(d) A public utility, affiliate, or direct competitor of a public utility or a person furnishing goods or services to a public utility, affiliate, or direct competitor of a public utility may not aid, abet, or participate with a commissioner, commission employee, or former commission employee in conduct that violates Subsection (a)(3) or (c).

(e) Subsection (a)(1) does not apply to an interest in a nonprofit group or association, other than a trade association, that is solely supported by gratuitous contributions of money, property, or services.

(f) It is not a violation of this section if a commissioner or commission employee, on becoming the owner of stocks, bonds, or another pecuniary interest in a public utility, affiliate, or direct competitor of a public utility otherwise than voluntarily, informs the commission and the attorney general of the ownership and divests the ownership or interest within a reasonable time.

(g) It is not a violation of this section if a pecuniary interest is held indirectly by ownership of an interest in a retirement system, institution, or fund that in the normal course of business invests in diverse securities independently of the control of the commissioner or commission employee.

(h) This section does not apply to a contract for a public utility product or service or equipment for use of a public utility product when a commissioner or commission employee is acting as a consumer.

(i) In this section, a "pecuniary interest" includes income, compensation, and payment of any kind, in addition to an ownership interest.

(V.A.C.S. Art. 1446c-0, Secs. 1.024(a) (part), (b), (c), (d), (e).)

Sec. 12.155. PROHIBITION ON EMPLOYMENT OR REPRESENTATION.

(a) A commissioner, a commission employee, or an employee of the State Office of Administrative Hearings involved in hearing utility cases may not:

- (1) be employed by a public utility that was in the scope of the commissioner's or employee's official responsibility while the commissioner or employee was associated with the commission or the State Office of Administrative Hearings; or

- (2) represent a person before the commission or State Office of Administrative Hearings or a court in a matter:

- (A) in which the commissioner or employee was personally involved while associated with the commission or State Office of Administrative Hearings; or

- (B) that was within the commissioner's or employee's official responsibility while the commissioner or employee was associated with the commission or State Office of Administrative Hearings.

(b) The prohibition of Subsection (a)(1) applies until the:

- (1) second anniversary of the date the commissioner ceases to serve as a commissioner; and

- (2) first anniversary of the date the employee's employment with the commission or State Office of Administrative Hearings ceases.

(c) The prohibition of Subsection (a)(2) applies while a commissioner, commission employee, or employee of the State Office of Administrative Hearings involved in hearing utility cases is associated with the commission or State Office of Administrative Hearings and at any time after.

(V.A.C.S. Art. 1446c-0, Secs. 1.025(a), (b).)

Sec. 12.156. QUALIFICATIONS AND STANDARDS OF CONDUCT INFORMATION.

The executive director or the executive director's designee shall provide to commissioners and commission employees as often as necessary information regarding their:

- (1) qualifications for office or employment under this title; and
- (2) responsibilities under applicable laws relating to standards of conduct for state officers and employees.

(V.A.C.S. Art. 1446c-0, Sec. 1.025(c).)

SUBCHAPTER E. PUBLIC INTEREST INFORMATION AND REPORTS

Sec. 12.201. PUBLIC INTEREST INFORMATION.

(a) The commission shall prepare information of public interest describing the functions of the commission and the commission's procedures by which a complaint is filed with and resolved by the commission. The commission shall make the information available to the public and appropriate state agencies.

(b) The commission by rule shall establish methods by which consumers and service recipients are notified of the name, mailing address, and telephone number of the commission for the purpose of directing complaints to the commission.

(V.A.C.S. Art. 1446c-0, Secs. 1.036(a), (b).)

Sec. 12.202. PUBLIC PARTICIPATION.

(a) The commission shall develop and implement policies that provide the public with a reasonable opportunity to appear before the commission and to speak on any issue under the jurisdiction of the commission.

(b) The commission shall comply with federal and state laws related to program and facility accessibility.

(c) The commission shall prepare and maintain a written plan that describes how a person who does not speak English may be provided reasonable access to the commission's programs and services.

(V.A.C.S. Art. 1446c-0, Secs. 1.031(b), 1.036(c).)

Sec. 12.203. ANNUAL REPORT.

(a) The commission shall prepare annually a complete and detailed written report accounting for all funds received and disbursed by the commission during the preceding fiscal year. The annual report must meet the reporting requirements applicable to financial reporting in the General Appropriations Act.

(b) In the annual report issued in the year preceding the convening of each regular session of the legislature, the commission shall make suggestions regarding modification and improvement of the commission's statutory authority and for the improvement of utility regulation in general that the commission considers appropriate for protecting and furthering the interest of the public.

(V.A.C.S. Art. 1446c-0, Sec. 1.035.)

SUBCHAPTER F. HISTORICALLY UNDERUTILIZED BUSINESSES

Sec. 12.251. DEFINITION.

In this subchapter, "historically underutilized business" has the meaning assigned by Section 481.101, Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 1.407(c).)

Sec. 12.252. COMMISSION AUTHORITY.

The commission, after notice and hearing, may require each utility subject to regulation under this title to make an effort to overcome the underuse of historically underutilized businesses.

(V.A.C.S. Art. 1446c-0, Sec. 1.407(a).)

Sec. 12.253. REPORT REQUIRED.

The commission shall require each utility subject to regulation under this title to prepare and submit to the commission a comprehensive annual report detailing its use of historically underutilized businesses.

(V.A.C.S. Art. 1446c-0, Sec. 1.407(b).)

Sec. 12.254. DISCRIMINATION PROHIBITED.

The rules adopted under this subchapter may not be used to discriminate against a citizen on the basis of sex, race, color, creed, or national origin.

(V.A.C.S. Art. 1446c-0, Sec. 1.407(d).)

Sec. 12.255. CAUSE OF ACTION NOT CREATED.

This subchapter does not create a public or private cause of action.

(V.A.C.S. Art. 1446c-0, Sec. 1.407(e).)

CHAPTER 13. OFFICE OF PUBLIC UTILITY COUNSEL

SUBCHAPTER A. GENERAL PROVISIONS; POWERS AND DUTIES

Sec. 13.001. OFFICE OF PUBLIC UTILITY COUNSEL.

The independent office of public utility counsel represents the interests of residential and small commercial consumers.

(V.A.C.S. Art. 1446c-0, Sec. 1.051(a).)

Sec. 13.002. APPLICATION OF SUNSET ACT.

The Office of Public Utility Counsel is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the office is abolished and this chapter expires September 1, 2011.

(V.A.C.S. Art. 1446c-0, Sec. 1.022 (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 5; Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 2; Acts 1999, 76th Leg., R.S., ch. 1449 (HB 2954) § 2.04; Acts 2005, 79th Leg., R.S., ch. 300 (SB 409) § 1; Acts 2005, 79th Leg., R.S., ch. 1227 (HB 1116) § 1.)

Sec. 13.003. OFFICE POWERS AND DUTIES.

(a) The office:

(1) shall assess the effect of utility rate changes and other regulatory actions on residential consumers in this state;

(2) shall advocate in the office's own name a position determined by the counsellor to be most advantageous to a substantial number of residential consumers;

(3) may appear or intervene, as a party or otherwise, as a matter of right on behalf of:

(A) residential consumers, as a class, in any proceeding before the commission, including an alternative dispute resolution proceeding; and

(B) small commercial consumers, as a class, in any proceeding in which the counsellor determines that small commercial consumers are in need of representation, including an alternative dispute resolution proceeding;

(4) may initiate or intervene as a matter of right or otherwise appear in a judicial proceeding:

(A) that involves an action taken by an administrative agency in a proceeding, including an alternative dispute resolution proceeding, in which the counsellor is authorized to appear; or

(B) in which the counsellor determines that residential electricity consumers or small commercial electricity consumers are in need of representation;

(5) is entitled to the same access as a party, other than commission staff, to records gathered by the commission under Section 14.204;

(6) is entitled to discovery of any nonprivileged matter that is relevant to the subject matter of a proceeding or petition before the commission;

(7) may represent an individual residential or small commercial consumer with respect to the consumer's disputed complaint concerning utility services that is unresolved before the commission; and

(8) may recommend legislation to the legislature that the office determines would positively affect the interests of residential and small commercial consumers.

(b) This section does not limit the authority of the commission to represent residential or small commercial consumers.

(c) The appearance of the counsellor in a proceeding does not preclude the appearance of other parties on behalf of residential or small commercial consumers. The counsellor may not be grouped with any other party.

(V.A.C.S. Art. 1446c-0, Sec. 1.054.) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 6.)

Sec. 13.004. ALTERNATIVE DISPUTE RESOLUTION PROCEDURES.

(a) The counsellor shall develop and implement a policy to encourage the use of appropriate alternative dispute resolution procedures under Chapter 2009, Government Code, to assist in the resolution of internal disputes under the office's jurisdiction.

(b) The office's procedures relating to alternative dispute resolution must conform, to the extent possible, to any model guidelines issued by the State Office of Administrative Hearings for the use of alternative dispute resolution by state agencies.

(c) The counsellor shall designate a trained person to:

(1) coordinate the implementation of the policy adopted under Subsection (a);

(2) serve as a resource for any training needed to implement the procedures for alternative dispute resolution; and

(3) collect data concerning the effectiveness of those procedures, as implemented by the office.

(Added by Acts 2005, 79th Leg., R.S., ch. 300 (SB 409), § 2.)

Sec. 13.005. COMPLAINTS.

(a) The office shall maintain a system to promptly and efficiently act on complaints filed with the office that the office has the authority to resolve. The office shall maintain information about parties to the complaint, the subject matter of the complaint, a summary of the results of the review or investigation of the complaint, and its disposition.

(b) The office shall make information available describing its procedures for complaint investigation and resolution.

(c) The office shall periodically notify the complaint parties of the status of the complaint until final disposition.

(Added by Acts 2005, 79th Leg., R.S., ch. 300 (SB 409) § 2.)

Sec. 13.006. TECHNOLOGY POLICY.

The counsellor shall implement a policy requiring the office to use appropriate technological solutions to improve the office's ability to perform its functions. The policy must ensure that the public is able to interact with the office on the Internet.

(Added by Acts 2005, 79th Leg., R.S., ch. 300 (SB 409) § 2.)

Sec. 13.007. MANAGEMENT AUDIT. (EXPIRED)

(Added by Acts 2005, 79th Leg., R.S., ch. 300 (SB 409) § 2.)

SUBCHAPTER B. PUBLIC UTILITY COUNSEL

Sec. 13.021. APPOINTMENT; TERM.

- (a) The chief executive of the office is the counsellor.
 - (b) The counsellor is appointed by the governor with the advice and consent of the senate.
 - (c) The appointment of the counsellor shall be made without regard to the race, color, disability, sex, religion, age, or national origin of the appointee.
 - (d) The counsellor serves a two-year term that expires on February 1 of the final year of the term.
- (V.A.C.S. Art. 1446c-0, Sec. 1.051(b).)

Sec. 13.022. QUALIFICATIONS.

- (a) The counsellor must:
 - (1) be licensed to practice law in this state;
 - (2) have demonstrated a strong commitment to and involvement in efforts to safeguard the rights of the public; and
 - (3) possess the knowledge and experience necessary to practice effectively in utility proceedings.
- (b) A person is not eligible for appointment as counsellor if:
 - (1) the person or the person's spouse:
 - (A) is employed by or participates in the management of a business entity or other organization that is regulated by or receives funds from the commission;
 - (B) directly or indirectly owns or controls more than a 10 percent interest or a pecuniary interest with a value exceeding \$10,000 in:
 - (i) a business entity or other organization that is regulated by or receives funds from the commission or the office; or
 - (ii) a utility competitor, utility supplier, or other entity affected by a commission decision in a manner other than by the setting of rates for that class of customer;
 - (C) uses or receives a substantial amount of tangible goods, services, or funds from the commission or the office, other than compensation or reimbursement authorized by law for service as counsellor or for commission membership, attendance, or expenses; or
 - (D) notwithstanding Paragraph (B), has an interest in a mutual fund or retirement fund in which more than 10 percent of the fund's holdings is in a single utility, utility competitor, or utility supplier in this state and the person does not disclose this information to the governor, senate, or other entity, as appropriate; or
 - (2) the person is not qualified to serve under Section 13.042.
- (c) [REPEALED.]
- (d) A person otherwise ineligible because of Subsection (b)(1)(B) may be appointed and serve as counsellor if the person:
 - (1) notifies the attorney general and commission that the person is ineligible because of Subsection (b)(1)(B); and

- (2) divests the person or the person's spouse of the ownership or control:
 - (A) before beginning service; or
 - (B) if the person is already serving, within a reasonable time.

(V.A.C.S. Art. 1446c-0, Secs. 1.023(d) (part), 1.051(c), (d), (e), (g).) (Amended by 2005 Acts, 79th Leg., R.S., ch. 300 (SB 409) § 6 (repealed subsection (c)).)

Sec. 13.023. GROUNDS FOR REMOVAL.

(a) It is a ground for removal from office if the counsellor:

- (1) does not have at the time of taking office or maintain during service as counsellor the qualifications required by Section 13.022;
- (2) is ineligible for service as counselor under Section 13.022, 13.042, or 13.043; or
- (3) cannot discharge the counsellor's duties for a substantial part of the term for which the counsellor is appointed because of illness or disability.

(b) The validity of an action of the office is not affected by the fact that the action is taken when a ground for removal of the counsellor exists.

(c) If an employee has knowledge that a potential ground for removal of the counsellor exists, the employee shall notify the next highest ranking employee of the office, other than the counsellor, who shall then notify the governor and the attorney general that a potential ground for removal exists.

(V.A.C.S. Art. 1446c-0, Sec. 1.0511.) (Amended by Acts 2005, 79th Leg., R.S., ch. 300 (SB 409) § 3.)

Sec. 13.024. PROHIBITED ACTS.

(a) The counsellor may not have a direct or indirect interest in a utility company regulated under this title, its parent, or its subsidiary companies, corporations, or cooperatives or a utility competitor, utility supplier, or other entity affected in a manner other than by the setting of rates for that class of customer.

(b) The prohibition under Subsection (a) applies during the period of the counsellor's service.

(V.A.C.S. Art. 1446c-0, Sec. 1.052.) (Amended by Acts 1999, 76th Leg., R.S., ch.405 (SB 7) § 7.)

SUBCHAPTER C. OFFICE PERSONNEL

Sec. 13.041. PERSONNEL.

(a) The counsellor may employ lawyers, economists, engineers, consultants, statisticians, accountants, clerical staff, and other employees as the counsellor considers necessary to carry out this chapter.

(b) An employee receives compensation as prescribed by the legislature from the assessment imposed by Subchapter A, Chapter 16.

(V.A.C.S. Art. 1446c-0, Sec. 1.053(a).)

Sec. 13.042. CONFLICT OF INTEREST.

(a) In this section, "Texas trade association" means a cooperative and voluntarily joined statewide association of business or professional competitors in this state designed to assist its members and its industry or profession in dealing with mutual business or professional problems and in promoting their common interest.

(b) A person may not serve as counsellor or be an employee of the office employed in a "bona fide executive, administrative, or professional capacity," as that phrase is used for purposes of establishing an

exemption to the overtime provisions of the federal Fair Labor Standards Act of 1938 (29 U.S.C. Section 201 et seq.) if the person is:

- (1) an officer, employee, or paid consultant of a Texas trade association in the field of utilities; or
- (2) the spouse of an officer, manager, or paid consultant of a Texas trade association in the field of utilities.

(c) A person may not serve as counsellor or act as the general counsel to the office if the person is required to register as a lobbyist under Chapter 305, Government Code, because of the person's activities for compensation on behalf of a profession related to the operation of the office.

(V.A.C.S. Art. 1446c-0, Sec. 1.051(f.)) (Amended by Acts 2005, 79th Leg., R.S., ch. 300 (SB 409) § 4.)

Sec. 13.043. PROHIBITION ON EMPLOYMENT OR REPRESENTATION.

(a) A former counsel may not make any communication to or appearance before the commission or an officer or employee of the commission before the second anniversary of the date the person ceases to serve as counsel if the communication or appearance is made:

- (1) on behalf of another person in connection with any matter on which the person seeks official action; or
- (2) with the intent to influence a commission decision or action, unless acting on his or her own behalf and without remuneration.

(b) A former counsel may not represent any person or receive compensation for services rendered on behalf of any person regarding a matter before the commission before the second anniversary of the date the person ceases to serve as counsel.

(c) A person commits an offense if the person violates this section. An offense under this subsection is a Class A misdemeanor.

(d) An employee of the office may not:

- (1) be employed by a public utility that was in the scope of the employee's official responsibility while the counsellor or employee was associated with the office; or
- (2) represent a person before the commission or a court in a matter:
 - (A) in which the employee was personally involved while associated with the office; or
 - (B) that was within the employee's official responsibility while the employee was associated with the office.

(e) The prohibition of Subsection (d)(1) applies until the first anniversary of the date the employee's employment with the office ceases.

(f) The prohibition of Subsection (d)(2) applies while an employee of the office is associated with the office and at any time after

(g) For purposes of this section, "person" includes an electric cooperative.

(V.A.C.S. Art. 1446c-0, Sec. 1.0512.) (Amended by Acts 1999, 76th Leg., R.S., ch.405 (SB 7) § 8.)

Sec. 13.044. CAREER LADDER PROGRAM; PERFORMANCE EVALUATIONS; MERIT PAY.

(a) The counsellor or the counsellor's designee shall develop an intra-agency career ladder program that addresses opportunities for mobility and advancement for office employees. The program shall require intra-agency postings of each position concurrently with any public posting.

(b) The counsellor or the counsellor's designee shall develop a system of annual performance evaluations that are based on documented employee performance. Merit pay for office employees must be based on the system established under this subsection.

(V.A.C.S. Art. 1446c-0, Sec. 1.053(b).)

Sec. 13.045. EQUAL EMPLOYMENT OPPORTUNITY POLICY STATEMENT.

(a) The counsellor or the counsellor's designee shall prepare and maintain a written policy statement to ensure implementation of a program of equal employment opportunity under which all personnel transactions are made without regard to race, color, disability, sex, religion, age, or national origin.

(b) The policy statement under Subsection (a) must include:

(1) personnel policies, including policies related to recruitment, evaluation, selection, appointment, training, and promotion of personnel, that are in compliance with the requirements of Chapter 21, Labor Code;

(2) a comprehensive analysis of the office workforce that meets federal and state guidelines;

(3) procedures by which a determination can be made about the extent of underuse in the office workforce of all persons for whom federal or state guidelines encourage a more equitable balance; and

(4) reasonable methods to appropriately address the underuse.

(c) A policy statement prepared under Subsection (b) must:

(1) cover an annual period;

(2) be updated at least annually;

(3) be reviewed by the Commission on Human Rights for compliance with Subsection (b)(1); and

(4) be filed with the governor's office.

(d) The governor's office shall deliver a biennial report to the legislature based on the information received under Subsection (c). The report may be made separately or as a part of other biennial reports to the legislature.

(V.A.C.S. Art. 1446c-0, Secs. 1.053(c), (d).)

Sec. 13.046. QUALIFICATIONS AND STANDARDS OF CONDUCT INFORMATION.

The office shall provide to office employees as often as necessary information regarding their:

(1) qualifications for employment under this title; and

(2) responsibilities under applicable laws relating to standards of conduct for employees.

(V.A.C.S. Art. 1446c-0, Sec. 1.053(e).)

SUBCHAPTER D. PUBLIC INTEREST INFORMATION AND REPORTS

Sec. 13.061. PUBLIC INTEREST INFORMATION.

The office shall prepare information of public interest describing the functions of the office. The office shall make the information available to the public and appropriate state agencies.

(V.A.C.S. Art. 1446c-0, Sec. 1.0513(b).)

Sec. 13.062. PUBLIC PARTICIPATION.

(a) The office shall comply with federal and state laws related to program and facility accessibility.

(b) The office shall prepare and maintain a written plan that describes how a person who does not speak English may be provided reasonable access to the office's programs and services.

(V.A.C.S. Art. 1446c-0, Sec. 1.0513(c).)

Sec. 13.063. ANNUAL REPORTS.

(a) The office shall prepare annually a complete and detailed written report accounting for all funds received and disbursed by the office during the preceding fiscal year. The annual report must meet the reporting requirements applicable to financial reporting in the General Appropriations Act.

(b) The office shall prepare annually a report on the office's activities during the preceding year and submit the report to the standing legislative committees that have jurisdiction over the office, the house appropriations committee, the senate finance committee, and the Sunset Advisory Commission. At a minimum, the report must include:

- (1) a list of the types of activities conducted by the office and the time spent by the office on each activity;
- (2) the number of hours billed by the office for representing residential or small commercial consumers in proceedings;
- (3) the number of staff positions and the type of work performed by each position; and
- (4) the office's rate of success in representing residential or small commercial consumers in appealing commission decisions.

(V.A.C.S. Art. 1446c-0, Sec. 1.0513(a).) (Amended by Acts 2005, 79th Leg., R.S., ch. 300 (SB 409) § 5.)

Sec. 13.064. PUBLIC HEARING.

(a) The office annually shall conduct a public hearing to assist the office in developing a plan of priorities and to give the public, including residential and small commercial consumers, an opportunity to comment on the office's functions and effectiveness.

(b) A public hearing held under this section is not subject to Chapter 551, Government Code.

(c) The office shall file notice of a public hearing held under this section with the secretary of state for publication in the Texas Register.

(Added by Acts 2005, 79th Leg., R.S., ch. 300 (SB 409) § 6.)

CHAPTER 14. JURISDICTION AND POWERS OF COMMISSION AND OTHER REGULATORY AUTHORITIES

SUBCHAPTER A. GENERAL POWERS OF COMMISSION

Sec. 14.001. POWER TO REGULATE AND SUPERVISE.

The commission has the general power to regulate and supervise the business of each public utility within its jurisdiction and to do anything specifically designated or implied by this title that is necessary and convenient to the exercise of that power and jurisdiction.

(V.A.C.S. Art. 1446c-0, Sec. 1.101(a).)

Sec. 14.002. RULES.

The commission shall adopt and enforce rules reasonably required in the exercise of its powers and jurisdiction.

(V.A.C.S. Art. 1446c-0, Sec. 1.101(b) (part).)

Sec. 14.0025. NEGOTIATED RULEMAKING AND ALTERNATIVE DISPUTE RESOLUTION.

(a) The commission shall develop and implement a policy to encourage the use of:

(1) negotiated rulemaking procedures under Chapter 2008, Government Code, for the adoption of commission rules; and

(2) appropriate alternative dispute resolution procedures under Chapter 2009, Government Code, to assist in the resolution of internal and external disputes under the commission's jurisdiction.

(b) The commission's procedures relating to alternative dispute resolution must conform, to the extent possible, to any model guidelines issued by the State Office of Administrative Hearings for the use of alternative dispute resolution by state agencies.

(c) The commission shall designate a trained person to:

(1) coordinate the implementation of the policy adopted under Subsection (a);

(2) serve as a resource for any training needed to implement the procedures for negotiated rulemaking or alternative dispute resolution; and

(3) collect data concerning the effectiveness of those procedures, as implemented by the commission.

(Added by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 5.)

Sec. 14.003. COMMISSION POWERS RELATING TO REPORTS.

The commission may:

(1) require a public utility to report to the commission information relating to:

(A) the utility; and

(B) a transaction between the utility and an affiliate inside or outside this state, to the extent that the transaction is subject to the commission's jurisdiction;

(2) establish the form for a report;

(3) determine the time for a report and the frequency with which the report is to be made;

- (4) require that a report be made under oath;
- (5) require the filing with the commission of a copy of:
 - (A) a contract or arrangement between a public utility and an affiliate;
 - (B) a report filed with a federal agency or a governmental agency or body of another state; and
 - (C) an annual report that shows each payment of compensation, other than salary or wages subject to federal income tax withholding:
 - (i) to residents of this state;
 - (ii) with respect to legal, administrative, or legislative matters in this state; or
 - (iii) for representation before the legislature of this state or any governmental agency or body; and
- (6) require that a contract or arrangement described by Subdivision (5)(A) that is not in writing be reduced to writing and filed with the commission.

(V.A.C.S. Art. 1446c-0, Sec. 1.202(a).)

Sec. 14.004. REPORT OF SUBSTANTIAL INTEREST.

The commission may require disclosure of the identity and respective interests of each owner of at least one percent of the voting securities of a public utility or its affiliate.

(V.A.C.S. Art. 1446c-0, Sec. 1.272.)

Sec. 14.005. CRITERIA AND GUIDELINES GOVERNING TERMINATION OF SERVICES TO ELDERLY AND DISABLED.

The commission may establish criteria and guidelines with the utility industry relating to industry procedures used in terminating services to the elderly and disabled.

(V.A.C.S. Art. 1446c-0, Sec. 1.405.)

Sec. 14.006. INTERFERENCE WITH TERMS OR CONDITIONS OF EMPLOYMENT; PRESUMPTION OF REASONABLENESS.

The commission may not interfere with employee wages and benefits, working conditions, or other terms or conditions of employment that are the product of a collective bargaining agreement recognized under federal law. An employee wage rate or benefit that is the product of the collective bargaining is presumed to be reasonable.

(V.A.C.S. Art. 1446c-0, Sec. 1.206.)

Sec. 14.007. ASSISTANCE TO MUNICIPALITY.

On request by the governing body of a municipality, the commission may provide commission employees as necessary to advise and consult with the municipality on a pending matter.

(V.A.C.S. Art. 1446c-0, Sec. 1.202(b).)

Sec. 14.008. MUNICIPAL FRANCHISES.

(a) This title does not restrict the rights and powers of a municipality to grant or refuse a franchise to use the streets and alleys in the municipality or to make a statutory charge for that use.

(b) A franchise agreement may not limit or interfere with a power conferred on the commission by this title.

(V.A.C.S. Art. 1446c-0, Sec. 1.103.)

SUBCHAPTER B. PRACTICE AND PROCEDURE

Sec. 14.051. PROCEDURAL POWERS.

The commission may:

- (1) call and hold a hearing;
- (2) administer an oath;
- (3) receive evidence at a hearing;
- (4) issue a subpoena to compel the attendance of a witness or the production of a document; and
- (5) make findings of fact and decisions to administer this title or a rule, order, or other action of the commission.

(V.A.C.S. Art. 1446c-0, Sec. 1.101(d).)

Sec. 14.052. RULES.

(a) The commission shall adopt and enforce rules governing practice and procedure before the commission and, as applicable, practice and procedure before the utility division of the State Office of Administrative Hearings.

(b) The commission shall adopt rules that authorize an administrative law judge to:

- (1) limit the amount of time that a party may have to present its case;
- (2) limit the number of requests for information that a party may make in a contested case;
- (3) require a party to a contested case to identify contested issues and facts before the hearing begins;
- (4) limit cross-examination to only those issues and facts identified before the hearing and to any new issues that may arise as a result of the discovery process; and
- (5) group parties, other than the office, that have the same position on an issue to facilitate cross-examination on that issue.

(c) A rule adopted under Subsection (b)(5) must permit each party in a group to present that party's witnesses for cross-examination during the hearing.

(d) A rule adopted under this section must ensure that each party receives due process.

(V.A.C.S. Art. 1446c-0, Secs. 1.101(b) (part), (c).)

Sec. 14.053. POWERS AND DUTIES OF STATE OFFICE OF ADMINISTRATIVE HEARINGS.

(a) The utility division of the State Office of Administrative Hearings shall conduct each hearing in a contested case that is not conducted by one or more commissioners.

(b) The commission may delegate to the utility division of the State Office of Administrative Hearings the authority to make a final decision and to issue findings of fact, conclusions of law, and other necessary orders in a proceeding in which there is not a contested issue of fact or law.

(c) The commission by rule shall define the procedures by which it delegates final decision-making authority under Subsection (b).

(d) For review purposes an administrative law judge's final decision under Subsection (b) has the same effect as a final decision of the commission unless a commissioner requests formal review of the decision.

(V.A.C.S. Art. 1446c-0, Sec. 1.101(e).)

Sec. 14.054. SETTLEMENTS.

(a) The commission by rule shall adopt procedures governing the use of settlements to resolve contested cases.

(b) Rules adopted under this section must ensure that:

(1) each party retains the right to:

(A) a full hearing before the commission on issues that remain in dispute; and

(B) judicial review of issues that remain in dispute;

(2) an issue of fact raised by a nonsettling party may not be waived by a settlement or stipulation of the other parties; and

(3) a nonsettling party may use an issue of fact raised by that party as the basis for judicial review.

(V.A.C.S. Art. 1446c-0, Sec. 1.104.)

Sec. 14.055. RECORD OF PROCEEDINGS.

The regulatory authority shall keep a record of each proceeding before the authority.

(V.A.C.S. Art. 1446c-0, Sec. 1.402 (part).)

Sec. 14.056. RIGHT TO BE HEARD.

Each party to a proceeding before a regulatory authority is entitled to be heard by attorney or in person.

(V.A.C.S. Art. 1446c-0, Sec. 1.402 (part).)

Sec. 14.057. ORDERS OF COMMISSION; TRANSCRIPTS AND EXHIBITS; PUBLIC RECORDS.

(a) A commission order must be in writing and contain detailed findings of the facts on which it is passed.

(b) The commission shall retain a copy of the transcript and the exhibits in any matter in which the commission issues an order.

(c) Subject to Chapter 552, Government Code, each file pertaining to a matter that was at any time pending before the commission or to a record, report, or inspection required by Section 14.003, 14.151, 14.152, 14.153, 14.201, or 14.203-14.207 or by Subtitle B or C is public information.

(V.A.C.S. Art. 1446c-0, Sec. 1.034.).

Sec. 14.058. FEES FOR ELECTRONIC ACCESS TO INFORMATION.

The fees charged by the commission for electronic access to information that is stored in the system established by the commission using funds from the Texas Public Finance Authority and approved by the Department of Information Resources shall be established:

(1) by the commission in consultation with the comptroller; and

(2) in an amount reasonable and necessary to retire the debt to the Texas Public Finance Authority associated with establishing the electronic access system.

(Added by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.01(a).) (Amended by Acts 2007, 80th Leg., R.S. ch. __ (HB 3560) § 1.115.)

Sec. 14.059. TECHNOLOGY POLICY.

The commission shall implement a policy requiring the commission to use appropriate technological solutions to improve the commission's ability to perform its functions. The policy must ensure that the public is able to interact with the commission on the Internet.

(Added by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 6.)

SUBCHAPTER C. RESTRICTIONS ON CERTAIN TRANSACTIONS

Sec. 14.101. REPORT OF CERTAIN TRANSACTIONS; COMMISSION CONSIDERATION.

(a) Unless a public utility reports the transaction to the commission within a reasonable time, the public utility may not:

(1) sell, acquire, or lease a plant as an operating unit or system in this state for a total consideration of more than \$100,000; or

(2) merge or consolidate with another public utility operating in this state.

(b) A public utility shall report to the commission within a reasonable time each transaction that involves the sale of at least 50 percent of the stock of the utility. On the filing of a report with the commission, the commission shall investigate the transaction, with or without a public hearing, to determine whether the action is consistent with the public interest. In reaching its determination, the commission shall consider:

(1) the reasonable value of the property, facilities, or securities to be acquired, disposed of, merged, transferred, or consolidated;

(2) whether the transaction will:

(A) adversely affect the health or safety of customers or employees;

(B) result in the transfer of jobs of citizens of this state to workers domiciled outside this state; or

(C) result in the decline of service;

(3) whether the public utility will receive consideration equal to the reasonable value of the assets when it sells, leases, or transfers assets; and

(4) whether the transaction is consistent with the public interest.

(c) If the commission finds that a transaction is not in the public interest, the commission shall take the effect of the transaction into consideration in ratemaking proceedings and disallow the effect of the transaction if the transaction will unreasonably affect rates or service.

(d) This section does not apply to:

(1) the purchase of a unit of property for replacement;

(2) an addition to the facilities of a public utility by construction; or

(3) transactions that facilitate unbundling, asset valuation, minimization of ownership or control of generation assets, or other purposes consistent with Chapter 39.

(V.A.C.S. Art. 1446c-0, Sec. 1.251.) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 9.)

Sec. 14.102. REPORT OF PURCHASE OF VOTING STOCK IN PUBLIC UTILITY.

A public utility may not purchase voting stock in another public utility doing business in this state unless the utility reports the purchase to the commission.

(V.A.C.S. Art. 1446c-0, Sec. 1.252.)

Sec. 14.103. REPORT OF LOAN TO STOCKHOLDERS.

A public utility may not loan money, stocks, bonds, notes, or other evidence of indebtedness to a person who directly or indirectly owns or holds any stock of the public utility unless the public utility reports the transaction to the commission within a reasonable time.

(V.A.C.S. Art. 1446c-0, Sec. 1.253.)

SUBCHAPTER D. RECORDS

Sec. 14.151. RECORDS OF PUBLIC UTILITY.

(a) Each public utility shall keep and provide to the regulatory authority, in the manner and form prescribed by the commission, uniform accounts of all business transacted by the utility.

(b) The commission may prescribe the form of books, accounts, records, and memoranda to be kept by a public utility, including:

(1) the books, accounts, records, and memoranda of:

- (A) the provision of and capacity for service; and
- (B) the receipt and expenditure of money; and

(2) any other form, record, and memorandum that the commission considers necessary to carry out this title.

(c) For a public utility subject to regulation by a federal regulatory agency, compliance with the system of accounts prescribed for the particular class of utilities by the federal agency may be considered sufficient compliance with the system prescribed by the commission. The commission may prescribe the form of books, accounts, records, and memoranda covering information in addition to that required by the federal agency. The system of accounts and the form of books, accounts, records, and memoranda prescribed by the commission for a public utility or class of utilities may not be inconsistent with the systems and forms established by a federal agency for that public utility or class of utilities.

(d) Each public utility shall:

- (1) keep and provide its books, accounts, records, and memoranda accurately in the manner and form prescribed by the commission; and
- (2) comply with the directions of the regulatory authority relating to the books, accounts, records, and memoranda.

(e) In this section, "public utility" includes a municipally owned utility.

(V.A.C.S. Art. 1446c-0, Secs. 1.201(a), (b), (c), (d) (part), (e).)

Sec. 14.152. MAINTENANCE OF OFFICE AND RECORDS IN THIS STATE.

(a) Each public utility shall maintain an office in this state in a county in which some part of the utility's property is located. The utility shall keep in this office all books, accounts, records, and memoranda required by the commission to be kept in this state.

(b) A book, account, record, or memorandum required by the regulatory authority to be kept in this state may not be removed from this state, except as:

- (1) provided by Section 52.255; and
- (2) prescribed by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 1.204.)

Sec. 14.153. COMMUNICATIONS WITH REGULATORY AUTHORITY.

(a) The regulatory authority shall adopt rules governing communications with the regulatory authority or a member or employee of the regulatory authority by:

- (1) a public utility;
- (2) an affiliate; or
- (3) a representative of a public utility or affiliate.

(b) A record of a communication must contain:

- (1) the name of the person contacting the regulatory authority or member or employee of the regulatory authority;
- (2) the name of the business entity represented;
- (3) a brief description of the subject matter of the communication; and
- (4) the action, if any, requested by the public utility, affiliate, or representative.

(c) Records compiled under Subsection (b) shall be available to the public monthly.

(V.A.C.S. Art. 1446c-0, Sec. 1.205.)

Sec. 14.154. JURISDICTION OVER AFFILIATE.

(a) The commission has jurisdiction over an affiliate that has a transaction with a public utility under the commission's jurisdiction to the extent of access to a record of the affiliate relating to the transaction, including a record of joint or general expenses, any portion of which may be applicable to the transaction.

(b) A record obtained by the commission relating to sale of electrical energy at wholesale by an affiliate to the public utility is confidential and is not subject to disclosure under Chapter 552, Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 1.271.)

SUBCHAPTER E. AUDITS AND INSPECTIONS

Sec. 14.201. INQUIRY INTO MANAGEMENT AND AFFAIRS.

A regulatory authority may inquire into the management and affairs of each public utility and shall keep itself informed as to the manner and method in which each public utility is managed and its affairs are conducted.

(V.A.C.S. Art. 1446c-0, Sec. 1.203(c).)

Sec. 14.202. MANAGEMENT AUDITS BY COMMISSION.

(a) The commission shall:

- (1) inquire into the management of the business of each public utility under its jurisdiction;

(2) keep itself informed as to the manner and method in which the utility's business is managed; and

(3) obtain from the public utility any information necessary to enable the commission to perform a management audit.

(b) The commission may audit a utility under its jurisdiction as frequently as needed. Six months after an audit, the utility shall report to the commission on the status of the implementation of the recommendations of the audit and shall file subsequent reports at times the commission considers appropriate.

(V.A.C.S. Art. 1446c-0, Sec. 1.102.)

Sec. 14.203. AUDIT OF ACCOUNTS.

A regulatory authority may require the examination and audit of the accounts of a public or municipally owned utility.

(V.A.C.S. Art. 1446c-0, Secs. 1.201(d) (part), (e).)

Sec. 14.204. INSPECTION.

(a) A regulatory authority and, to the extent authorized by the regulatory authority, its counsel, agent, or employee, may:

(1) inspect and obtain copies of the papers, books, accounts, documents, and other business records of a public utility within its jurisdiction; and

(2) inspect the plant, equipment, and other property of a public utility within its jurisdiction.

(b) An action under this section must be conducted at a reasonable time for a reasonable purpose.

(V.A.C.S. Art. 1446c-0, Sec. 1.203(a) (part).)

Sec. 14.205. EXAMINATIONS UNDER OATH.

In connection with an action taken under Section 14.204, the regulatory authority may:

(1) examine under oath an officer, agent, or employee of a public utility; or

(2) authorize the person conducting the action to make the examination under oath.

(V.A.C.S. Art. 1446c-0, Sec. 1.203(a) (part).)

Sec. 14.206. ENTERING PREMISES OF PUBLIC UTILITY.

(a) A member, agent, or employee of a regulatory authority may enter the premises occupied by a public utility to conduct an inspection, examination, or test or to exercise any other authority provided by this title.

(b) A member, agent, or employee of the regulatory authority may act under this section only during reasonable hours and after reasonable notice to the public utility.

(c) A public utility is entitled to be represented when an inspection, examination, or test is conducted on its premises. The utility is entitled to a reasonable time to secure a representative before the inspection, examination, or test begins.

(V.A.C.S. Art. 1446c-0, Secs. 1.203(b), 2.156(a) (part).)

Sec. 14.207. PRODUCTION OF OUT-OF-STATE RECORDS.

(a) A regulatory authority may require, by order or subpoena served on a public utility, the production, at the time and place in this state that the regulatory authority designates, of any books, accounts, papers, or records kept by that public utility outside this state or, if ordered by the commission, verified copies of the books, accounts, papers, or records.

(b) A public utility that fails or refuses to comply with an order or subpoena under this section violates this title.

(V.A.C.S. Art. 1446c-0, Sec. 1.203(a) (part).)

CHAPTER 15. JUDICIAL REVIEW, ENFORCEMENT, AND PENALTIES

SUBCHAPTER A. JUDICIAL REVIEW

Sec. 15.001. RIGHT TO JUDICIAL REVIEW.

Any party to a proceeding before the commission is entitled to judicial review under the substantial evidence rule.

(V.A.C.S. Art. 1446c-0, Sec. 1.301 (part).)

Sec. 15.002. COMMISSION AS DEFENDANT.

The commission must be a defendant in a proceeding for judicial review.

(V.A.C.S. Art. 1446c-0, Sec. 1.301 (part).)

Sec. 15.003. COSTS AND ATTORNEY'S FEES.

(a) A party represented by counsel who alleges that existing rates are excessive or that rates prescribed by the commission are excessive and who prevails in a proceeding for review of a commission order or decision is entitled in the same action to recover against the regulation fund reasonable fees for attorneys and expert witnesses and other costs for the party's efforts before the commission and the court.

(b) The court shall set the amount of attorney's fees awarded under Subsection (a).

(c) If a court finds that an action under Section 15.001 or this section was groundless and brought in bad faith and for the purpose of harassment, the court may award reasonable attorney's fees to the defendant public utility.

(V.A.C.S. Art. 1446c-0, Sec. 1.302.)

Sec. 15.004. JUDICIAL STAY OR SUSPENSION.

While an appeal of an order, ruling, or decision of a regulatory authority is pending, the district court, court of appeals, or supreme court, as appropriate, may stay or suspend all or part of the operation of the order, ruling, or decision. In granting or refusing a stay or suspension, the court shall act in accordance with the practice of a court exercising equity jurisdiction.

(V.A.C.S. Art. 1446c-0, Sec. 1.403.)

SUBCHAPTER B. ENFORCEMENT AND PENALTIES

Sec. 15.021. ACTION TO ENJOIN OR REQUIRE COMPLIANCE.

(a) The attorney general, on the request of the commission, shall apply in the name of the commission for a court order under Subsection (b) if the commission determines that a public utility or other person is:

(1) engaging in or about to engage in an act that violates this title or an order or rule of the commission entered or adopted under this title; or

(2) failing to comply with the requirements of this title or a rule or order of the commission.

(b) A court, in an action under this section, may:

(1) prohibit the commencement or continuation of an act that violates this title or an order or rule of the commission entered or adopted under this title; or

(2) require compliance with a provision of this title or an order or rule of the commission.

(c) The remedy under this section is in addition to any other remedy provided under this title.

(V.A.C.S. Art. 1446c-0, Sec. 1.321.)

Sec. 15.022. CONTEMPT.

The commission may file a court action for contempt against a person who:

- (1) fails to comply with a lawful order of the commission;
- (2) fails to comply with a subpoena or subpoena duces tecum; or
- (3) refuses to testify about a matter on which the person may be lawfully interrogated.

(V.A.C.S. Art. 1446c-0, Sec. 1.326.)

Sec. 15.023. ADMINISTRATIVE PENALTY.

(a) The commission may impose an administrative penalty against a person regulated under this title who violates this title or a rule or order adopted under this title.

(b) The penalty for a violation may be in an amount not to exceed \$25,000. Each day a violation continues or occurs is a separate violation for purposes of imposing a penalty.

(c) the commission by rule shall establish a classification system for violations that includes a range of administrative penalties that may be assessed for each class of violation based on:

- (1) the seriousness of the violation, including:
 - (A) the nature, circumstances, extent, and gravity of a prohibited act; and
 - (B) the hazard or potential hazard created to the health, safety, or economic welfare of the public;
- (2) the economic harm to property or the environment caused by the violation;
- (3) the history of previous violations;
- (4) the amount necessary to deter future violations;
- (5) efforts to correct the violation; and
- (6) any other matter that justice may require.

(d) The classification system established under Subsection (c) shall provide that a penalty in an amount that exceeds \$5,000 may be assessed only if the violation is included in the highest class of violations in the classification system.

(V.A.C.S. Art. 1446c-0, Secs. 1.3215(a), (b), (c).) (Amended by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 7.)

Sec. 15.024. ADMINISTRATIVE PENALTY ASSESSMENT PROCEDURE.

(a) If the executive director determines that a violation has occurred, the executive director may issue to the commission a report that states the facts on which the determination is based and the executive director's recommendation on the imposition of an administrative penalty, including a recommendation on the amount of the penalty.

(b) Not later than the 14th day after the date the report is issued, the executive director shall give written notice of the report to the person against whom the penalty may be assessed. The notice may be given by certified mail. The notice must:

- (1) include a brief summary of the alleged violation;

(2) state the amount of the recommended penalty; and

(3) inform the person that the person has a right to a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(c) A penalty may not be assessed under this section if the person against whom the penalty may be assessed remedies the violation before the 31st day after the date the person receives the notice under Subsection (b). A person who claims to have remedied an alleged violation has the burden of proving to the commission that the alleged violation was remedied and was accidental or inadvertent. This subsection does not apply to a violation of Chapter 17 or 55 or 64.

(d) Not later than the 20th day after the date the person receives the notice, the person may accept the determination and recommended penalty of the executive director in writing or may make a written request for a hearing on the occurrence of the violation, the amount of the penalty, or both the occurrence of the violation and the amount of the penalty.

(e) If the person accepts the executive director's determination and recommended penalty, the commission by order shall approve the determination and impose the recommended penalty.

(f) If the person requests a hearing or fails to timely respond to the notice, the executive director shall set a hearing and give notice of the hearing to the person. The hearing shall be held by an administrative law judge of the State Office of Administrative Hearings. The administrative law judge shall make findings of fact and conclusions of law and promptly issue to the commission a proposal for a decision about the occurrence of the violation and the amount of a proposed penalty. Based on the findings of fact, conclusions of law, and proposal for a decision, the commission by order may find that a violation has occurred and impose a penalty or may find that no violation occurred.

(g) The notice of the commission's order shall be given to the person as provided by Chapter 2001, Government Code, and must include a statement of the right of the person to judicial review of the order.

(V.A.C.S. Art. 1446c-0, Secs. 1.3215(d), (e), (f), (g), (h), (i).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 3; Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 2.) (Both SB 560 and SB 86 add the last sentence in subsection (c); SB 560 references Chapter 55 or 64 while SB 86 references Chapter 17 or 55.)

Sec. 15.025. PAYMENT OF ADMINISTRATIVE PENALTY.

(a) Not later than the 30th day after the date the commission's order imposing an administrative penalty is final as provided by Section 2001.144, Government Code, the person shall:

(1) pay the amount of the penalty;

(2) pay the amount of the penalty and file a petition for judicial review contesting:

(A) the occurrence of the violation;

(B) the amount of the penalty; or

(C) both the occurrence of the violation and the amount of the penalty; or

(3) without paying the amount of the penalty, file a petition for judicial review contesting:

(A) the occurrence of the violation;

(B) the amount of the penalty; or

(C) both the occurrence of the violation and the amount of the penalty.

(b) Not later than the 30th day after the date the commission's order is final as provided by Section 2001.144, Government Code, a person who acts under Subsection (a)(3) may:

(1) stay enforcement of the penalty by:

(A) paying the amount of the penalty to the court for placement in an escrow account; or

(B) giving to the court a supersedeas bond that is approved by the court for the amount of the penalty and that is effective until all judicial review of the commission's order is final; or

(2) request the court to stay enforcement of the penalty by:

(A) filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the amount of the penalty and is financially unable to give the supersedeas bond; and

(B) giving a copy of the affidavit to the executive director by certified mail.

(c) The executive director, on receipt of a copy of an affidavit under Subsection (b)(2), may file with the court, not later than the fifth day after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the amount of the penalty and to give a supersedeas bond.

(d) If the person does not pay the amount of the penalty and the enforcement of the penalty is not stayed, the executive director may refer the matter to the attorney general for collection of the amount of the penalty.

(V.A.C.S. Art. 1446c-0, Secs. 1.3215(j), (k), (l), (m).)

Sec. 15.026. JUDICIAL REVIEW OF ADMINISTRATIVE PENALTY.

(a) Judicial review of a commission order imposing an administrative penalty is:

(1) instituted by filing a petition as provided by Subchapter G, Chapter 2001, Government Code; and

(2) under the substantial evidence rule.

(b) If the court sustains the occurrence of the violation, the court may uphold or reduce the amount of the penalty and order the person to pay the full or reduced amount of the penalty. If the court does not sustain the occurrence of the violation, the court shall order that no penalty is owed.

(c) When the judgment of the court becomes final, the court shall proceed under this subsection. If the person paid the amount of the penalty and that amount is reduced or is not upheld by the court, the court shall order that the appropriate amount plus accrued interest be remitted to the person. The rate of the interest is the rate charged on loans to depository institutions by the New York Federal Reserve Bank, and the interest shall be paid for the period beginning on the date the penalty was paid and ending on the date the penalty is remitted. If the person gave a supersedeas bond and the amount of the penalty is not upheld by the court, the court shall order the release of the bond. If the person gave a supersedeas bond and the amount of the penalty is reduced, the court shall order the release of the bond after the person pays the amount.

(V.A.C.S. Art. 1446c-0, Secs. 1.3215(n), (o), (p).)

Sec. 15.027. ADMINISTRATIVE PENALTY COLLECTION; GENERAL PROVISIONS.

(a) An administrative penalty collected under this subchapter shall be sent to the comptroller.

(b) A proceeding relating to an administrative penalty under this subchapter is subject to Chapter 2001, Government Code.

(c) The executive director may delegate any power or duty relating to an administrative penalty given the executive director by this subchapter to a person designated by the executive director.

(V.A.C.S. Art. 1446c-0, Secs. 1.3215(q), (r), (s).)

Sec. 15.028. CIVIL PENALTY AGAINST PUBLIC UTILITY, PAY TELEPHONE SERVICE PROVIDER, OR AFFILIATE.

(a) A public utility, customer-owned pay telephone service provider under Section 55.178, or affiliate is subject to a civil penalty if the utility, provider, or affiliate knowingly violates this title, fails to perform a duty imposed on it, or fails or refuses to obey an order, rule, direction, or requirement of the commission or a decree or judgment of a court.

(b) A civil penalty under this section shall be in an amount of not less than \$1,000 and not more than \$5,000 for each violation.

(c) A public utility or affiliate commits a separate violation each day it continues to violate Subsection (a).

(d) The attorney general shall file in the name of the commission a suit on the attorney general's own initiative or at the request of the commission to recover the civil penalty under this section.

(V.A.C.S. Art. 1446c-0, Sec. 1.322.)

Sec. 15.029. CIVIL PENALTY FOR VIOLATING SECTION 12.055 OR 12.154.

(a) A member of the commission or an officer or director of a public utility or affiliate who knowingly violates Section 12.055 or 12.154 is subject to a civil penalty of \$1,000 for each violation.

(b) A person other than a person subject to Subsection (a) who knowingly violates Section 12.154 is subject to a civil penalty of \$500 for each violation.

(c) A member, officer, or employee of the commission who in any action is found by a preponderance of the evidence to have violated a provision of Section 12.055 or 12.154 shall be removed from the person's office or employment.

(d) A civil penalty under this section is recoverable in a suit filed in the name of the commission by the attorney general on the attorney general's own initiative or at the request of the commission.

(V.A.C.S. Art. 1446c-0, Sec. 1.323.)

Sec. 15.030. OFFENSE.

(a) A person commits an offense if the person wilfully and knowingly violates this title.

(b) This section does not apply to an offense described by Section 55.138.

(c) An offense under this section is a felony of the third degree.

(V.A.C.S. Art. 1446c-0, Sec. 1.325(a).)

Sec. 15.031. PLACE FOR SUIT.

A suit for an injunction or a penalty under this title may be brought in:

- (1) Travis County;
- (2) a county in which the violation is alleged to have occurred; or

(3) a county in which a defendant resides.

(V.A.C.S. Art. 1446c-0, Sec. 1.328.)

Sec. 15.032. PENALTIES CUMULATIVE.

(a) A penalty that accrues under this title is cumulative of any other penalty.

(b) A suit for the recovery of a penalty does not bar or affect the recovery of any other penalty or bar a criminal prosecution against any person.

(V.A.C.S. Art. 1446c-0, Sec. 1.325(b).)

Sec. 15.033. DISPOSITION OF FINES AND PENALTIES.

A fine or penalty collected under this title, other than a fine or penalty collected in a criminal proceeding or a penalty collected under Section 15.027(a), shall be paid to the commission.

(V.A.C.S. Art. 1446c-0, Sec. 1.327.)

SUBCHAPTER C. COMPLAINTS

Sec. 15.051. COMPLAINT BY AFFECTED PERSON.

(a) An affected person may complain to the regulatory authority in writing setting forth an act or omission by a public utility in violation or claimed violation of a law that the regulatory authority has jurisdiction to administer or of an order, ordinance, or rule of the regulatory authority.

(b) The commission shall keep for a reasonable period information about each complaint filed with the commission that the commission has authority to resolve. The information shall include:

- (1) the date the complaint is received;
- (2) the name of the complainant;
- (3) the subject matter of the complaint;
- (4) a record of each person contacted in relation to the complaint;
- (5) a summary of the results of the review or investigation of the complaint; and
- (6) if the commission took no action on the complaint, an explanation of the reason the complaint was closed without action.

(c) The commission shall keep a file about each written complaint filed with the commission that the commission has authority to resolve. The commission shall provide to the person filing the complaint and to each person or entity complained about information concerning the commission's policies and procedures on complaint investigation and resolution. The commission, at least quarterly and until final disposition of the complaint, shall notify the person filing the complaint and each person or entity complained about of the status of the complaint unless the notice would jeopardize an undercover investigation.

(V.A.C.S. Art. 1446c-0, Secs. 1.401(a), (b).) (Amended by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 8.)

Sec. 15.052. COMPLAINT REGARDING RECREATIONAL VEHICLE PARK OWNER.

(a) An affected person may complain to the regulatory authority in writing setting forth an act or omission by a recreational vehicle park owner who provides metered electric service under Subchapter C, Chapter 184, in violation or claimed violation of a law that the regulatory authority has jurisdiction to administer or of an order, ordinance, or rule of the regulatory authority.

(b) The commission shall keep for a reasonable period an information file about each complaint filed with the commission relating to a recreational vehicle park owner.

(c) The commission, at least quarterly and until final disposition of the written complaint, shall notify the parties to the complaint of the status of the complaint unless the notice would jeopardize an undercover investigation.

(V.A.C.S. Art. 1446c-0, Sec. 1.401(c).)

CHAPTER 16. COMMISSION FINANCING

SUBCHAPTER A. ASSESSMENT ON PUBLIC UTILITIES

Sec. 16.001. ASSESSMENT ON PUBLIC UTILITIES.

(a) To defray the expenses incurred in the administration of this title, an assessment is imposed on each public utility, retail electric provider, and electric cooperative within the jurisdiction of the commission that serves the ultimate consumer, including each interexchange telecommunications carrier.

(b) An assessment under this section is equal to one-sixth of one percent of the public utility's, retail electric provider's, or electric cooperative's gross receipts from rates charged to the ultimate consumer in this state.

(c) An interexchange telecommunications carrier that does not provide local exchange telephone service may collect the fee imposed under this section as an additional item separately stated on the customer bill as "utility gross receipts assessment."

(V.A.C.S. Art. 1446c-0, Secs. 1.351(a), (c).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 10.)

Sec. 16.002. PAYMENT DATES.

(a) The assessment is due August 15.

(b) A public utility may instead make quarterly payments due August 15, November 15, February 15, and May 15.

(V.A.C.S. Art. 1446c-0, Sec. 1.352(a).)

Sec. 16.003. LATE PAYMENT PENALTY.

(a) An additional fee equal to 10 percent of the amount due shall be assessed for any late payment of an assessment required under this subchapter.

(b) An assessment delinquent for more than 30 days accrues interest at an annual rate of 12 percent on the amount of the assessment and penalty due.

(V.A.C.S. Art. 1446c-0, Sec. 1.352(b).)

Sec. 16.0031. CERTAIN PAYMENTS BASED ON ESTIMATED GROSS RECEIPTS.

(EXPIRED)

(V.A.C.S. Art. 1446c-0, Sec. 1.353.)

Sec. 16.004. COLLECTION BY COMPTROLLER.

The comptroller shall collect the assessment and any penalty or interest due under this subchapter.

(V.A.C.S. Art. 1446c-0, Sec. 1.354(a).)

SUBCHAPTER B. GRANTS AND OTHER FINANCIAL ASSISTANCE

Sec. 16.021. GRANTS OF FEDERAL FUNDS.

(a) The commission may apply to an appropriate agency or officer of the United States to receive and spend federal funds available by grant or other similar form of financial assistance.

(b) This section does not impair the ability of the commission to contract with or receive assistance from a state, local, or other authorized source of funds.

(V.A.C.S. Art. 1446c-0, Sec. 1.355(a).)

SUBCHAPTER C. MONEY DISPOSITION, ACCOUNTING, AND BUDGET

Sec. 16.041. APPLICATION OF STATE FUNDS REFORM ACT.

Money paid to the commission or to the office under this title is subject to Subchapter F, Chapter 404, Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 1.354(b).)

Sec. 16.042. ACCOUNTING RECORDS.

The commission shall keep the accounting records required by the comptroller.

(V.A.C.S. Art. 1446c-0, Sec. 1.356 (part).)

Sec. 16.043. AUDIT.

The financial transactions of the commission are subject to audit by the state auditor under Chapter 321, Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 1.356 (part).)

Sec. 16.044. APPROVAL OF BUDGET.

The commission budget is subject to legislative approval as part of the General Appropriations Act.

(V.A.C.S. Art. 1446c-0, Sec. 1.357.)

CHAPTER 17. CUSTOMER PROTECTION

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 17.001. CUSTOMER PROTECTION POLICY.

(a) The legislature finds that new developments in telecommunications services and the production and delivery of electricity, as well as changes in market structure, marketing techniques, and technology, make it essential that customers have safeguards against fraudulent, unfair, misleading, deceptive, or anticompetitive business practices and against businesses that do not have the technical and financial resources to provide adequate service.

(b) The purpose of this chapter is to establish retail customer protection standards and confer on the commission authority to adopt and enforce rules to protect retail customers from fraudulent, unfair, misleading, deceptive, or anticompetitive practices.

(c) Nothing in this section shall be construed to abridge customer rights set forth in commission rules in effect at the time of the enactment of this chapter.

(d) This chapter does not limit the constitutional, statutory, and common law authority of the office of the attorney general.

(e) Nothing in this chapter authorizes a customer to receive retail electric service from a person other than a certificated retail electric utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.002. DEFINITIONS.

In this chapter:

(1) "Billing agent" means any entity that submits charges to the billing utility on behalf of itself or any provider of a product or service.

(2) "Billing utility" means any telecommunications provider, as defined by Section 51.002, retail electric provider, or electric utility that issues a bill directly to a customer for any telecommunications or electric product or service.

(3) "Certificated telecommunications utility" means a telecommunications utility that has been granted either a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority.

(4) "Customer" means any person in whose name telephone or retail electric service is billed, including individuals, governmental units at all levels of government, corporate entities, and any other entity with legal capacity to be billed for telephone or retail electric service.

(5) "Electric utility" has the meaning assigned by Section 31.002.

(6) "Retail electric provider" means a person that sells electric energy to retail customers in this state after the legislature authorizes a customer to receive retail electric service from a person other than a certificated retail electric utility.

(7) "Service provider" means any entity that offers a product or service to a customer and that directly or indirectly charges to or collects from a customer's bill an amount for the product or service on a customer's bill received from a billing utility.

(8) "Telecommunications utility" has the meaning assigned by Section 51.002.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.003. CUSTOMER AWARENESS.

(a) The commission shall promote public awareness of changes in the electric and telecommunications markets, provide customers with information necessary to make informed choices about available options, and ensure that customers have an adequate understanding of their rights.

(b) The commission shall compile a report on customer service at least once each year showing the comparative customer information from reports given to the commission it deems necessary.

(c) The commission shall adopt and enforce rules to require a certificated telecommunications utility, a retail electric provider, or an electric utility to give clear, uniform, and understandable information to customers about rates, terms, services, customer rights, and other necessary information as determined by the commission.

(d) Customer awareness efforts by the commission shall be conducted in English and Spanish and any other language as necessary.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.004. CUSTOMER PROTECTION STANDARDS.

(a) All buyers of telecommunications and retail electric services are entitled to:

(1) protection from fraudulent, unfair, misleading, deceptive, or anticompetitive practices, including protection from being billed for services that were not authorized or provided;

(2) choice of a telecommunications service provider, a retail electric provider, or an electric utility, where that choice is permitted by law, and to have that choice honored;

(3) information in English and Spanish and any other language as the commission deems necessary concerning rates, key terms and conditions, and the basis for any claim of environmental benefits of certain production facilities;

(4) protection from discrimination on the basis of race, color, sex, nationality, religion, marital status, income level, or source of income and from unreasonable discrimination on the basis of geographic location;

(5) impartial and prompt resolution of disputes with a certificated telecommunications utility, a retail electric provider, or an electric utility and disputes with a telecommunications service provider related to unauthorized charges and switching of service;

(6) privacy of customer consumption and credit information;

(7) accuracy of metering and billing;

(8) bills presented in a clear, readable format and easy-to-understand language;

(9) information in English and Spanish and any other language as the commission deems necessary concerning low-income assistance programs and deferred payment plans;

(10) all consumer protections and disclosures established by the Fair Credit Reporting Act (15 U.S.C. Section 1681 et seq.) and the Truth in Lending Act (15 U.S.C. Section 1601 et seq.); and

(11) after retail competition begins as authorized by the legislature, programs provided by retail electric providers that offer eligible low-income customers energy efficiency programs, an affordable rate package, and bill payment assistance programs designed to reduce uncollectible accounts.

(b) The commission may adopt and enforce rules as necessary or appropriate to carry out this section, including rules for minimum service standards for a certificated telecommunications utility, a retail electric provider, or an electric utility relating to customer deposits and the extension of credit, switching fees, leveled billing programs, and termination of service and to energy efficiency programs, an affordable rate package, and bill payment assistance programs for low-income customers. The commission may waive language requirements for good cause.

(c) The commission shall request the comments of the office of the attorney general in developing the rules that may be necessary or appropriate to carry out this section.

(d) The commission shall coordinate its enforcement efforts regarding the prosecution of fraudulent, misleading, deceptive, and anticompetitive business practices with the office of the attorney general in order to ensure consistent treatment of specific alleged violations.

(e) Nothing in this section shall be construed to abridge customer rights set forth in commission rules or to abridge the rights of low-income customers to receive benefits through pending or operating programs in effect at the time of the enactment of this chapter.

(f) The commission shall adopt rules to provide automatic enrollment of eligible utility customers for lifeline telephone service and reduced electric rates available to low-income households. Each state agency, on the request of the commission, shall assist in the adoption and implementation of those rules.

(g) Notwithstanding any other provision of this title, the rules adopted under Subsection (b) shall provide full, concurrent reimbursement for the costs of any programs provided under Subsection (a)(11) and for reimbursement for the difference between any affordable rate package provided under Subsection (a)(11) and any rates otherwise applicable.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.005. PROTECTIONS FOR CUSTOMERS OF MUNICIPALLY OWNED UTILITIES.

A municipally owned utility may not be deemed to be a "service provider" or "billing agent" for purposes of Sections 17.156(b) and (e). The governing body of a municipally owned utility shall adopt, implement, and enforce rules that shall have the effect of accomplishing the objectives set out in Sections 17.004(a) and (b) and 17.102, as to the municipally owned utility within its certificated service area. The governing body of a municipally owned utility or its designee shall perform the dispute resolution function provided for by Section 17.157 for disputes arising from services provided by the municipally owned utility to electric customers served within the municipally owned utility's certificated service area. With respect to electric customers served by a municipally owned utility outside its certificated service area or otherwise served through others' distribution facilities, after retail competition begins as authorized by the legislature, the provisions of this chapter as administered by the commission apply. Nothing in this chapter shall be deemed to apply to a wholesale customer of a municipally owned utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.006. PROTECTIONS FOR CUSTOMERS OF ELECTRIC COOPERATIVES.

An electric cooperative shall not be deemed to be a "service provider" or "billing agent" for purposes of Sections 17.156(b) and (e). The electric cooperative shall adopt, implement, and enforce rules that shall have the effect of accomplishing the objectives set out in Sections 17.004(a) and (b) and 17.102. The board of directors of the electric cooperative or its designee shall perform the dispute resolution function provided for by Section 17.157 for electric customers served by the electric cooperative within its certificated service area. With respect to electric customers served by an electric cooperative outside its certificated service area or otherwise served through others' distribution facilities, after the legislature

authorizes retail competition, the provisions of this chapter as administered by the commission shall apply. Nothing in this chapter shall be deemed to apply to a wholesale customer of an electric cooperative.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.007. ELIGIBILITY PROCESS FOR CUSTOMER SERVICE DISCOUNTS.

The commission by rule shall provide for an integrated eligibility process for customer service discounts, including discounts under Sections 39.903 and 55.015.

(Added by Acts 2001, 77th Leg., R.S., ch. 1451 (HB 2156) § 1.)

Sec. 17.008. PROTECTION OF RESIDENTIAL ELECTRIC SERVICE APPLICANTS AND CUSTOMERS.

(a) In this section and in Section 17.009:

(1) "Credit history":

(A) means information regarding an individual's past history of:

- (i) financial responsibility;
- (ii) payment habits; or
- (iii) creditworthiness; and

(B) does not include an individual's outstanding balance for retail electric or telecommunications service.

(2) "Credit score" means a score, grade, or value that is derived by a consumer reporting agency, as defined under Section 603(f) of the Fair Credit Reporting Act (15 U.S.C. Section 1681a(f)), using data from a credit history in any type of model, method, or program for the purpose of grading or ranking credit report data, whether derived electronically, from an algorithm, through a computer software application model or program, or through any other analogous process.

(3) "Utility payment data" means a measure that is derived by a consumer reporting agency, as defined under Section 603(f) of the Fair Credit Reporting Act (15 U.S.C. Section 1681a(f)), from a model specifically designed to correlate to utility payment histories.

(b) A retail electric provider may not deny an applicant's request to become a residential electric service customer on the basis of the applicant's credit history or credit score, but may use the applicant's utility payment data until the later of January 1, 2007, or the date on which the price to beat is no longer in effect in the geographic area in which the customer is located.

(c) Notwithstanding Subsection (b), while a retail electric provider is required to provide service to a geographic area as the affiliated retail electric provider, the provider may not deny an applicant's request to become a residential electric service customer within that geographic area on the basis of the applicant's credit history, credit score, or utility payment data.

(d) After the date described in Subsection (b), a retail electric provider, including an affiliated retail electric provider, may not deny an applicant's request to become a residential electric service customer on the basis of the applicant's credit history, credit score, or utility payment data but may use the applicant's electric bill payment history.

(e) A retail electric provider may not use a credit score, a credit history, or utility payment data as the basis for determining the price for month-to-month electric service or electric service that includes a fixed price commitment of 12 months or less:

- (1) for an existing residential customer; or
- (2) in response to an applicant's request to become a residential electric service customer.

(f) After the date described in Subsection (b), on request by a customer or former customer in this state, a retail electric provider or electric utility shall timely provide to the customer or former customer bill payment history information with the retail electric provider or electric utility during the preceding 12-month period. Bill payment history information may be obtained by the customer or former customer once during each 12-month period without charge. If additional copies of bill payment history information are requested during a 12-month period, the electric service provider may charge the customer or former customer a reasonable fee for each copy.

(g) On request by a retail electric provider, another retail electric provider or electric utility shall timely verify information that purports to show a customer's service and bill payment history with the retail electric provider or electric utility.

(h) This section does not limit a retail electric provider's authority to require a deposit or advance payment as a condition of service.

(i) Notwithstanding Subsection (e), a retail electric provider may provide rewards, benefits, or credits to residential electric service customers on the basis of the customer's payment history for retail electric service to that provider.

(Added by Acts 2005, 79th Leg., R.S., ch 926 (HB 412) § 1.)

Sec. 17.009. PROTECTION OF RESIDENTIAL TELEPHONE SERVICE APPLICANTS AND CUSTOMERS.

(a) A provider of basic local telecommunications services and nonbasic network services may not deny an applicant's request to become a residential customer on the basis of the applicant's credit history or credit score.

(b) A provider of basic local telecommunications services and nonbasic network services may not use a credit score or credit history as the basis for determining price for service:

- (1) for an existing residential customer; or
- (2) in response to an applicant's request to become a residential customer.

(c) This section does not limit the authority of a provider of basic local telecommunications services and nonbasic network services to require a deposit, advance payment, or credit limit as a condition of service.

(Added by Acts 2005, 79th Leg., R.S., ch 926 (HB 412) § 1.)

SUBCHAPTER B. CERTIFICATION, REGISTRATION, AND REPORTING REQUIREMENTS

Sec. 17.051. ADOPTION OF RULES.

(a) The commission shall adopt rules relating to certification, registration, and reporting requirements for a certificated telecommunications utility, a retail electric provider, or an electric utility, as well as all telecommunications utilities that are not dominant carriers, pay telephone providers, qualifying facilities that are selling capacity into the wholesale or retail market, exempt wholesale generators, and power marketers.

(b) The rules adopted under Subsections (a) and (c) shall be consistent with and no less effective than federal law and may not require the disclosure of highly sensitive competitive or trade secret information.

(c) The commission shall adopt rules governing the local registration of retail electric providers under Section 39.358.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.) (Amended by Acts 2003, 78th Leg., R.S., ch. 48 (HB 1369) § 1.)

Sec. 17.052. SCOPE OF RULES.

The commission may adopt and enforce rules to:

- (1) require certification or registration with the commission as a condition of doing business in this state, except that this requirement does not apply to municipally owned utilities;
- (2) amend certificates or registrations to reflect changed ownership and control;
- (3) establish rules for customer service and protection;
- (4) suspend or revoke certificates or registrations for repeated violations of this chapter or commission rules, except that the commission may not revoke a certificate of convenience and necessity of an electric utility except as provided by Section 37.059 or a certificate of convenience and necessity of a telecommunications utility except as provided by Section 54.008; and
- (5) order disconnection of a pay telephone service provider's pay telephones or revocation of certification or registration for repeated violations of this chapter or commission rules.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.053. REPORTS.

The commission may require a telecommunications service provider, a retail electric provider, or an electric utility to submit reports to the commission concerning any matter over which it has authority under this chapter.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

SUBCHAPTER C. CUSTOMER'S RIGHT TO CHOICE

Sec. 17.101. POLICY.

It is the policy of this state that all customers be protected from the unauthorized switching of a telecommunications service provider, a retail electric provider, or an electric utility selected by the customer to provide service, where choice is permitted by law.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.102. RULES RELATING TO CHOICE.

The commission shall adopt and enforce rules that:

- (1) ensure that customers are protected from deceptive practices employed in obtaining authorizations of service and in the verification of change orders, including negative option marketing, sweepstakes, and contests that cause customers to unknowingly change their telecommunications service provider, retail electric provider, or electric utility, where choice is permitted by law;
- (2) provide for clear, easily understandable identification, in each bill sent to a customer, of all telecommunications service providers, retail electric providers, or electric utilities submitting charges on the bill;

(3) ensure that every service provider submitting charges on the bill is clearly and easily identified on the bill along with its services, products, and charges;

(4) provide that unauthorized changes in service be remedied at no cost to the customer within a period established by the commission;

(5) require refunds or credits to the customer in the event of an unauthorized change; and

(6) provide for penalties for violations of commission rules adopted under this section, including fines and revocation of certificates or registrations, by this action denying the certificated telecommunications utility, the retail electric provider, or the electric utility the right to provide service in this state, except that the commission may not revoke a certificate of convenience and necessity of an electric utility except as provided by Section 37.059 or a certificate of convenience and necessity of a telecommunications utility except as provided by Section 54.008.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

SUBCHAPTER D. PROTECTION AGAINST UNAUTHORIZED CHARGES

Sec. 17.151. REQUIREMENTS FOR SUBMITTING CHARGES.

(a) A service provider, retail electric provider, or billing agent may submit charges for a new product or service to be billed on a customer's telephone or retail electric bill on or after the effective date of this section only if:

(1) the service provider offering the product or service has thoroughly informed the customer of the product or service being offered, including all associated charges, and has explicitly informed the customer that the associated charges for the product or service will appear on the customer's telephone or electric bill;

(2) the customer has clearly and explicitly consented to obtain the product or service offered and to have the associated charges appear on the customer's telephone or electric bill and the consent has been verified as provided by Subsection (b); and

(3) the service provider offering the product or service and any billing agent for the service provider:

(A) has provided the customer with a toll-free telephone number the customer may call and an address to which the customer may write to resolve any billing dispute and to answer questions; and

(B) has contracted with the billing utility to bill for products and services on the billing utility's bill as provided by Subsection (c).

(b) The customer consent required by Subsection (a)(2) must be verified by the service provider offering the product or service by authorization from the customer. A record of the customer consent, including verification, must be maintained by the service provider offering the product or service for a period of at least 24 months immediately after the consent and verification have been obtained. The method of obtaining customer consent and verification must include one or more of the following:

(1) written authorization from the customer;

(2) toll-free electronic authorization placed from the telephone number that is the subject of the product or service;

(3) oral authorization obtained by an independent third party; or

(4) any other method of authorization approved by the commission or the Federal Communications Commission.

(c) The contract required by Subsection (a)(3)(B) must include the service provider's name, business address, and business telephone number and shall be maintained by the billing utility for as long as the billing for the products and services continues and for the 24 months immediately following the permanent discontinuation of the billing.

(d) A service provider offering a product or service to be charged on a customer's telephone or electric bill and any billing agent for the service provider may not use any fraudulent, unfair, misleading, deceptive, or anticompetitive marketing practice to obtain customers, including the use of negative option marketing, sweepstakes, and contests.

(e) Unless verification is required by federal law or rules implementing federal law, Subsection (b) does not apply to customer-initiated transactions with a certificated telecommunications provider or an electric utility for which the service provider has the appropriate documentation.

(f) If a service provider is notified by a billing utility that a customer has reported to the billing utility that a charge made by the service provider is unauthorized, the service provider shall cease to charge the customer for the unauthorized product or service.

(g) This section does not apply to message telecommunications services charges that are initiated by dialing 1+, 0+, 0-, 1010XXX, or collect calls and charges for video services if the service provider has the necessary call detail record to establish the billing for the call or service.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.152. RESPONSIBILITIES OF BILLING UTILITY.

(a) If a customer's telephone or retail electric bill is charged for any product or service without proper customer consent or verification, the billing utility, on its knowledge or notification of any unauthorized charge, shall promptly, not later than 45 days after the date of knowledge or notification of the charge:

- (1) notify the service provider to cease charging the customer for the unauthorized product or service;
- (2) remove any unauthorized charge from the customer's bill;
- (3) refund or credit to the customer all money that has been paid by the customer for any unauthorized charge, and if the unauthorized charge is not adjusted within three billing cycles, shall pay interest on the amount of the unauthorized charge;
- (4) on the customer's request, provide the customer with all billing records under its control related to any unauthorized charge within 15 business days after the date of the removal of the unauthorized charge from the customer's bill; and
- (5) maintain for at least 24 months a record of every customer who has experienced any unauthorized charge for a product or service on the customer's telephone or electric bill and who has notified the billing utility of the unauthorized charge.

(b) A record required by Subsection (a)(5) shall contain for each unauthorized charge:

- (1) the name of the service provider that offered the product or service;
- (2) any affected telephone numbers or addresses;
- (3) the date the customer requested that the billing utility remove the unauthorized charge;

(4) the date the unauthorized charge was removed from the customer's telephone or electric bill; and

(5) the date any money that the customer paid for the unauthorized charges was refunded or credited to the customer.

(c) A billing utility may not:

(1) disconnect or terminate telecommunications or electric service to any customer for nonpayment of an unauthorized charge; or

(2) file an unfavorable credit report against a customer who has not paid charges the customer has alleged were unauthorized unless the dispute regarding the unauthorized charge is ultimately resolved against the customer, except that the customer shall remain obligated to pay any charges that are not in dispute, and this subsection does not apply to those undisputed charges.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.153. RECORDS OF DISPUTED CHARGES.

(a) Every service provider shall maintain a record of every disputed charge for a product or service placed on a customer's bill.

(b) The record required under Subsection (a) shall contain for every disputed charge:

(1) any affected telephone numbers or addresses;

(2) the date the customer requested that the billing utility remove the unauthorized charge;

(3) the date the unauthorized charge was removed from the customer's telephone or retail electric bill; and

(4) the date action was taken to refund or credit to the customer any money that the customer paid for the unauthorized charges.

(c) The record required by Subsection (a) shall be maintained for at least 24 months following the completion of all steps required by Section 17.152(a).

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.154. NOTICE.

(a) A billing utility shall provide notice of a customer's rights under this section in the manner prescribed by the commission.

(b) Notice of a customer's rights must be provided by mail to each residential and retail business customer within 60 days of the effective date of this section or by inclusion in the publication of the telephone directory next following the effective date of this section. In addition, each billing utility shall send the notice to new customers at the time service is initiated or to any customer at that customer's request.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.155. PROVIDING COPY OF RECORDS.

A billing utility shall provide a copy of records maintained under Sections 17.151(c), 17.152, and 17.154 to the commission staff on request. A service provider shall provide a copy of records maintained under Sections 17.151(b) and 17.153 to the commission on request.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.156. VIOLATIONS.

(a) If the commission finds that a billing utility violated this subchapter, the commission may implement penalties and other enforcement actions under Chapter 15.

(b) If the commission finds that any other service provider or billing agent subject to this subchapter has violated this subchapter or has knowingly provided false information to the commission on matters subject to this subchapter, the commission may enforce the provisions of Chapter 15 against the service provider or billing agent as if it were regulated by the commission.

(c) Neither the authority granted under this section nor any other provision of this subchapter shall be construed to grant the commission jurisdiction to regulate service providers or billing agents who are not otherwise subject to commission regulation, other than as specifically provided by this chapter.

(d) If the commission finds that a billing utility or service provider repeatedly violates this subchapter, the commission may, if the action is consistent with the public interest, suspend, restrict, or revoke the registration or certificate of the telecommunications service provider, retail electric provider, or electric utility, by this action denying the telecommunications service provider, retail electric provider, or electric utility the right to provide service in this state, except that the commission may not revoke a certificate of convenience and necessity of an electric utility except as provided by Section 37.059 or a certificate of convenience and necessity of a telecommunications utility except as provided by Section 54.008.

(e) If the commission finds that a service provider or billing agent has repeatedly violated any provision of this subchapter, the commission may order the billing utility to terminate billing and collection services for that service provider or billing agent.

(f) Nothing in this subchapter shall be construed to preclude a billing utility from taking action on its own to terminate or restrict its billing and collection services.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.157. DISPUTES.

(a) The commission may resolve disputes between a retail customer and a billing utility, service provider, telecommunications utility, retail electric provider, or electric utility.

(b) In exercising its authority under Subsection (a), the commission may:

(1) order a billing utility, service provider, retail electric provider, or electric utility to produce information or records;

(2) require that all contracts, bills, and other communications from a billing utility, service provider, retail electric provider, or electric utility display a working toll-free telephone number that customers may call with complaints and inquiries;

(3) require a billing utility, service provider, retail electric provider, or electric utility to refund or credit overcharges or unauthorized charges with interest if the billing utility, service provider, retail electric provider, or electric utility has failed to comply with commission rules or a contract with the customer;

(4) order appropriate relief to ensure that a customer's choice of a telecommunications service provider, a retail electric provider, or an electric utility that encompasses a geographic area in which more than one provider has been certificated is honored;

(5) require the continuation of service to a residential or small commercial customer while a dispute is pending regarding charges the customer has alleged were unauthorized; and

(6) investigate an alleged violation.

(c) The commission shall adopt procedures for the resolution of disputes in a timely manner, which in no event shall exceed 60 days.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

Sec. 17.158. CONSISTENCY WITH FEDERAL LAW.

Rules adopted by the commission under this subchapter shall be consistent with and not more burdensome than applicable federal laws and rules.

(Added by Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 3.)

SUBTITLE B. ELECTRIC UTILITIES

CHAPTER 31. GENERAL PROVISIONS

Sec. 31.001. LEGISLATIVE FINDINGS; PURPOSE OF SUBTITLE.

(a) This subtitle is enacted to protect the public interest inherent in the rates and services of electric utilities. The purpose of this subtitle is to establish a comprehensive and adequate regulatory system for electric utilities to assure rates, operations, and services that are just and reasonable to the consumers and to the electric utilities.

(b) Electric utilities are by definition monopolies in many of the services provided and areas they serve. As a result, the normal forces of competition that regulate prices in a free enterprise society do not always operate. Public agencies regulate electric utility rates, operations, and services, except as otherwise provided by this subtitle.

(c) The wholesale electric industry, through federal legislative, judicial, and administrative actions, is becoming a more competitive industry that does not lend itself to traditional electric utility regulatory rules, policies, and principles. As a result, the public interest requires that rules, policies, and principles be formulated and applied to protect the public interest in a more competitive marketplace. The development of a competitive wholesale electric market that allows for increased participation by electric utilities and certain nonutilities is in the public interest.

(V.A.C.S. Art. 1446c-0, Sec. 2.001(a).)

Sec. 31.002. DEFINITIONS.

In this subtitle:

(1) "Affiliated power generation company" means a power generation company that is affiliated with or the successor in interest of an electric utility certificated to serve an area.

(2) "Affiliated retail electric provider" means a retail electric provider that is affiliated with or the successor in interest of an electric utility certificated to serve an area.

(3) "Aggregation" includes the following:

(A) the purchase of electricity from a retail electric provider, a municipally owned utility, or an electric cooperative by an electricity customer for its own use in multiple locations, provided that an electricity customer may not avoid any nonbypassable charges or fees as a result of aggregating its load; or

(B) the purchase of electricity by an electricity customer as part of a voluntary association of electricity customers, provided that an electricity customer may not avoid any nonbypassable charges or fees as a result of aggregating its load.

(4) "Customer choice" means the freedom of a retail customer to purchase electric services, either individually or through voluntary aggregation with other retail customers, from the provider or providers of the customer's choice and to choose among various fuel types, energy efficiency programs, and renewable power suppliers.

(5) "Electric Reliability Council of Texas" or "ERCOT" means the area in Texas served by electric utilities, municipally owned utilities, and electric cooperatives that is not synchronously interconnected with electric utilities outside the state.

(6) "Electric utility" means a person or river authority that owns or operates for compensation in this state equipment or facilities to produce, generate, transmit, distribute, sell, or furnish electricity in this state. The term includes a lessee, trustee, or receiver of an electric utility and a recreational vehicle park owner who does not comply with Subchapter C, Chapter 184, with regard to the metered sale of electricity at the recreational vehicle park. The term does not include:

(A) a municipal corporation;

(B) a qualifying facility;

(C) a power generation company;

(D) an exempt wholesale generator;

(E) a power marketer;

(F) a corporation described by Section 32.053 to the extent the corporation sells electricity exclusively at wholesale and not to the ultimate consumer;

(G) an electric cooperative;

(H) a retail electric provider;

(I) this state or an agency of this state; or

(J) a person not otherwise an electric utility who:

(i) furnishes an electric service or commodity only to itself, its employees, or its tenants as an incident of employment or tenancy, if that service or commodity is not resold to or used by others;

(ii) owns or operates in this state equipment or facilities to produce, generate, transmit, distribute, sell, or furnish electric energy to an electric utility, if the equipment or facilities are used primarily to produce and generate electric energy for consumption by that person; or

(iii) owns or operates in this state a recreational vehicle park that provides metered electric service in accordance with Subchapter C, Chapter 184.

(7) "Exempt wholesale generator" means a person who is engaged directly or indirectly through one or more affiliates exclusively in the business of owning or operating all or part of a facility for generating electric energy and selling electric energy at wholesale and who:

(A) does not own a facility for the transmission of electricity, other than an essential interconnecting transmission facility necessary to effect a sale of electric energy at wholesale; and

(B) has:

(i) applied to the Federal Energy Regulatory Commission for a determination under 15 U.S.C. Section 79z-5a; or

(ii) registered as an exempt wholesale generator as required by Section 35.032.

(8) "Freeze period" means the period beginning on January 1, 1999, and ending on December 31, 2001.

(9) "Independent system operator" means an entity supervising the collective transmission facilities of a power region that is charged with nondiscriminatory coordination of market transactions, systemwide transmission planning, and network reliability.

- (10) "Power generation company" means a person that:
- (A) generates electricity that is intended to be sold at wholesale;
 - (B) does not own a transmission or distribution facility in this state other than an essential interconnecting facility, a facility not dedicated to public use, or a facility otherwise excluded from the definition of "electric utility" under this section; and
 - (C) does not have a certificated service area, although its affiliated electric utility or transmission and distribution utility may have a certificated service area.
- (11) "Power marketer" means a person who:
- (A) becomes an owner of electric energy in this state for the purpose of selling the electric energy at wholesale;
 - (B) does not own generation, transmission, or distribution facilities in this state;
 - (C) does not have a certificated service area; and
 - (D) has:
 - (i) been granted authority by the Federal Energy Regulatory Commission to sell electric energy at market-based rates; or
 - (ii) registered as a power marketer under Section 35.032.
- (12) "Power region" means a contiguous geographical area which is a distinct region of the North American Electric Reliability Council.
- (13) "Qualifying cogenerator" and "qualifying small power producer" have the meanings assigned those terms by 16 U.S.C. Sections 796(18)(C) and 796(17)(D). A qualifying cogenerator that provides electricity to the purchaser of the cogenerator's thermal output is not for that reason considered to be a retail electric provider or a power generation company.
- (14) "Qualifying facility" means a qualifying cogenerator or qualifying small power producer.
- (15) "Rate" includes a compensation, tariff, charge, fare, toll, rental, or classification that is directly or indirectly demanded, observed, charged, or collected by an electric utility for a service, product, or commodity described in the definition of electric utility in this section and a rule, practice, or contract affecting the compensation, tariff, charge, fare, toll, rental, or classification that must be approved by a regulatory authority.
- (16) "Retail customer" means the separately metered end-use customer who purchases and ultimately consumes electricity.
- (17) "Retail electric provider" means a person that sells electric energy to retail customers in this state. A retail electric provider may not own or operate generation assets.
- (18) "Separately metered" means metered by an individual meter that is used to measure electric energy consumption by a retail customer and for which the customer is directly billed by a utility, retail electric provider, electric cooperative, or municipally owned utility.
- (19) "Transmission and distribution utility" means a person or river authority that owns or operates for compensation in this state equipment or facilities to transmit or distribute electricity, except for facilities necessary to interconnect a generation facility with the transmission or distribution network, a facility not dedicated to public use, or a facility otherwise excluded from the definition of "electric

utility" under this section, in a qualifying power region certified under Section 39.152, but does not include a municipally owned utility or an electric cooperative.

(20) "Transmission service" includes construction or enlargement of facilities, transmission over distribution facilities, control area services, scheduling resources, regulation services, reactive power support, voltage control, provision of operating reserves, and any other associated electrical service the commission determines appropriate, except that, on and after the implementation of customer choice, control area services, scheduling resources, regulation services, provision of operating reserves, and reactive power support, voltage control, and other services provided by generation resources are not "transmission service."

(V.A.C.S. Art. 1446c-0, Secs. 2.0011, 2.0012(a) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 11.)

Sec. 31.003. REPORT ON SCOPE OF COMPETITION.

(a) Before January 15 of each odd-numbered year, the commission shall report to the legislature on the scope of competition in electric markets and the effect of competition and industry restructuring on customers in both competitive and noncompetitive markets.

(b) The report under this section must include:

(1) an assessment of the effect of competition on the rates and availability of electric services for residential and small commercial customers;

(2) a summary of commission action over the preceding two years that reflects changes in the scope of competition in regulated electric markets; and

(3) recommendations to the legislature for legislation that the commission finds appropriate to promote the public interest in the context of a partially competitive electric market.

(V.A.C.S. Art. 1446c-0, Sec. 2.003.)

Sec. 31.004. ENERGY-EFFICIENT SCHOOL FACILITIES.

(a) The commission may serve as a resource center to assist school districts in developing energy-efficient facilities.

(b) As a resource center under this section, the commission may:

(1) present programs to school districts relating to managing energy, training school-plant operators, and designing energy-efficient buildings;

(2) provide school districts with technical assistance in managing energy;

(3) collect and distribute information relating to energy management in school facilities; and

(4) offer energy resource workshops to educators and make available to educators a film library on energy-related matters and energy education lesson packages.

(c) The commission shall provide information to school districts regarding how a school district may finance the installation of solar electric generation panels for school district buildings.

(V.A.C.S. Art. 1446c-0, Sec. 2.002.) (Amended by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 18.)

Sec. 31.005. CUSTOMER-OPTION PROGRAMS.

(a) This section applies to:

(1) a municipally owned electric utility;

(2) an electric cooperative;

(3) an electric utility;

- (4) a power marketer;
- (5) a retail electric provider; and
- (6) a transmission and distribution utility.

(b) An entity to which this section applies shall consider establishing customer-option programs that encourage the reduction of air contaminant emissions, such as:

- (1) an appliance retirement and recycling program;
- (2) a solar water heating market transformation program;
- (3) an air conditioning tune-up program;
- (4) a program that allows the use of on-site energy storage as an eligible efficiency measure in existing programs;
- (5) a program that encourages the deployment of advanced electricity meters;
- (6) a program that encourages the installation of cool roofing materials;
- (7) a program that establishes lighting limits;
- (8) a distributed energy generation technology program; and
- (9) a program that encourages the use of high-efficiency building distribution transformers and variable air volume fan controls.

(Added by Acts 2005, 79th Leg., R.S., ch. 1352 (HB 2129) § 25.)

CHAPTER 32. JURISDICTION AND POWERS OF COMMISSION AND OTHER REGULATORY AUTHORITIES

SUBCHAPTER A. COMMISSION JURISDICTION

Sec. 32.001. COMMISSION JURISDICTION.

(a) Except as provided by Section 32.002, the commission has exclusive original jurisdiction over the rates, operations, and services of an electric utility in:

- (1) areas outside a municipality; and
- (2) areas inside a municipality that surrenders its jurisdiction to the commission under Section 33.002.

(b) The commission has exclusive appellate jurisdiction to review an order or ordinance of a municipality exercising exclusive original jurisdiction under this subtitle.

(V.A.C.S. Art. 1446c-0, Secs. 2.101(d), (e).)

Sec. 32.0015. REGULATION OF SUCCESSOR ELECTRIC UTILITY OR ELECTRIC COOPERATIVE.

If an electric utility purchases, acquires, merges, or consolidates with or acquires 50 percent or more of the stock of an electric utility or electric cooperative, the commission shall regulate the successor electric utility or electric cooperative in the same manner that the commission would regulate the entity that was subject to the stricter regulation before the purchase, acquisition, merger, or consolidation.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 12.)

Sec. 32.002. LIMITATION ON COMMISSION JURISDICTION.

Except as otherwise provided by this title, this subtitle does not authorize the commission to:

- (1) regulate or supervise a rate or service of a municipally owned utility; or
- (2) affect the jurisdiction, power, or duty of a municipality exercising exclusive original jurisdiction in that municipality's regulation and supervision of an electric utility in the municipality.

(V.A.C.S. Art. 1446c-0, Sec. 2.102.)

Sec. 32.003. EXEMPT AREA JURISDICTION.

Notwithstanding an election under Subchapter A, Chapter 33, by a municipality on the issue of surrendering its jurisdiction, the commission may:

- (1) consider an electric utility's revenues and return on investment in an area exempt from commission regulation in establishing rates and charges in an area that is not exempt from commission regulation; and
- (2) exercise necessary powers to give effect to an order under this title for the benefit of an area that is not exempt from commission regulation.

(V.A.C.S. Art. 1446c-0, Sec. 2.104(c) (part).)

Sec. 32.004. ASSISTANCE TO MUNICIPALITY.

On request of a municipality, the commission may advise and assist the municipality with respect to a question or proceeding arising under this title. Assistance provided by the commission may include aid to a municipality on a matter pending before the commission, a court, or the municipality's governing body, such as making a staff member available as a witness or otherwise providing evidence to the municipality.

(V.A.C.S. Art. 1446c-0, Sec. 2.107.)

SUBCHAPTER B. EXEMPTIONS FROM COMMISSION JURISDICTION

Sec. 32.051. EXEMPTION OF RIVER AUTHORITY FROM WHOLESALE RATE REGULATION.

Notwithstanding any other provision of this title, the commission may not directly or indirectly regulate revenue requirements, rates, fuel costs, fuel charges, or fuel acquisitions that are related to the generation and sale of electricity at wholesale, and not to ultimate consumers, by a river authority operating a steam generating plant on or before January 1, 1999.

(V.A.C.S. Art. 1446c-0, Sec. 2.0012(a) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 13.)

Sec. 32.052. ABILITY OF CERTAIN RIVER AUTHORITIES TO CONSTRUCT IMPROVEMENTS.

A river authority operating a steam generating plant on or before January 1, 1999, may acquire, finance, construct, rebuild, repower, and use new or existing power plants, equipment, transmission lines, or other assets to sell electricity exclusively at wholesale to:

- (1) a purchaser in San Saba, Llano, Burnet, Travis, Bastrop, Blanco, Colorado, or Fayette County; or
- (2) a purchaser in an area served by the river authority on January 1, 1975.

(V.A.C.S. Art. 1446c-0, Sec. 2.0012(b).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 13.)

Sec. 32.053. ABILITY OF CERTAIN RIVER AUTHORITY AFFILIATES TO CONSTRUCT IMPROVEMENTS.

(a) This section applies only to a corporation that:

- (1) sells electricity exclusively at wholesale, and not to ultimate consumers;
- (2) is authorized by Chapter 152, Water Code; and
- (3) acts on behalf of a river authority.

(b) Notwithstanding a river authority's enabling legislation or Chapter 152, Water Code, a corporation may:

- (1) acquire, finance, construct, rebuild, repower, operate, or sell a facility directly related to the generation of electricity; and
- (2) sell, at wholesale only, the output of the facility to a purchaser, other than an ultimate consumer, at any location in this state; and
- (3) purchase and sell electricity, at wholesale only, to a purchaser, other than an ultimate consumer, at any location in this state.

(c) This subchapter does not prevent a corporation from purchasing transmission and related services from a river authority.

(d) Except as provided by this section, the development, financing, ownership, and operation of a facility by a corporation is subject to all other applicable laws.

(e) The property, gross receipts, and income of a corporation acting on behalf of a river authority under this section are subject to, and the corporation shall pay, taxes and assessments of the federal government, this state, a political subdivision of this state, or a taxing district of this state on the same basis as an exempt wholesale generator.

(f) The proceeds from the sale of bonds or other obligations the interest on which is exempt from taxation and that are issued by a corporation or river authority subject to this section, other than a bond or obligation available to an investor-owned utility or exempt wholesale generator, may not be used by the corporation to finance the construction or acquisition of or the rebuilding or repowering of a facility for the generation of electricity by the corporation.

(g) Notwithstanding any other law, the board of directors of a river authority may sell, lease, loan, or otherwise transfer some, all, or substantially all of the electric generation property of the river authority to a nonprofit corporation authorized under this section or Chapter 152, Water Code. The property transfer shall be made under terms and conditions approved by the board of directors of the river authority.

(h) Subsections (a)-(f) do not apply to a corporation created under Chapter 152, Water Code, to serve an area described in Section 32.052.

(V.A.C.S. Art. 1446c-0, Secs. 2.0012(a) (part), (c).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 14; Acts 2001, 77th Leg., R.S., ch. 1420 (HB 2812) § 8.400.) (HB 2812 corrects reference to the Water Code.)

Sec. 32.054. RESTRICTIONS ON AUTHORITY OF CORPORATIONS OR RIVER AUTHORITY.

(a) This subchapter does not authorize a river authority to acquire, install, construct, make additions to, or operate steam generating plants having an aggregate capacity greater than 5,000 megawatts to serve a purchaser in the area served by the river authority on January 1, 1975.

(b) A river authority or a corporation acting on behalf of a river authority under this subchapter may provide retail service only to a retail customer served by the river authority or corporation on September 1, 1995.

(c) Except as provided by this subchapter, this subchapter does not limit a power granted a river authority in its enabling legislation or other applicable law.

(V.A.C.S. Art. 1446c-0, Secs. 2.0012(d), (e).)

SUBCHAPTER C. REQUIRED REPORTS AND FILINGS

Sec. 32.101. TARIFF FILINGS.

(a) An electric utility shall file with each regulatory authority a tariff showing each rate that is:

- (1) subject to the regulatory authority's original or appellate jurisdiction; and
- (2) in effect for a utility service, product, or commodity offered by the utility.

(b) The electric utility shall file as a part of the tariff required under Subsection (a) each rule that relates to or affects:

- (1) a rate of the utility; or
- (2) a utility service, product, or commodity furnished by the electric utility.

(c) The commission shall consider customer names and addresses, prices, individual customer contracts, and expected load and usage data as highly sensitive trade secrets. That information is not subject to disclosure under Chapter 552, Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 2.154.)

Sec. 32.102. DEPRECIATION ACCOUNT.

The commission shall require each electric or municipally owned utility to carry a proper and adequate depreciation account in accordance with:

- (1) the rates and methods prescribed by the commission under Section 36.056; and
- (2) any other rule the commission adopts.

(V.A.C.S. Art. 1446c-0, Secs. 2.151(a) (part), (d).)

Sec. 32.103. ACCOUNTS OF PROFITS AND LOSSES.

An electric or municipally owned utility shall keep separate accounts showing profits or losses from the sale or lease of merchandise, including an appliance, a fixture, or equipment.

(V.A.C.S. Art. 1446c-0, Secs. 2.151(b) (part), (d).)

Sec. 32.104. REPORT OF CERTAIN EXPENSES.

A regulatory authority may require an electric utility to annually report the utility's expenditures for:

- (1) business gifts and entertainment; and
- (2) advertising or public relations, including expenditures for institutional and consumption-inducing purposes.

(V.A.C.S. Art. 1446c-0, Sec. 2.152(a).)

CHAPTER 33. JURISDICTION AND POWERS OF MUNICIPALITY

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 33.001. MUNICIPAL JURISDICTION.

a) To provide fair, just, and reasonable rates and adequate and efficient services, the governing body of a municipality has exclusive original jurisdiction over the rates, operations, and services of an electric utility in areas in the municipality, subject to the limitations imposed by this title.

(b) Notwithstanding Subsection (a), the governing body of a municipality shall not have jurisdiction over the BPL system, BPL services, telecommunications using BPL services, or the rates, operations, or services of the electric utility or transmission and distribution utility to the extent that such rates, operations, or services are related, wholly or partly, to the construction, maintenance, or operation of a BPL system used to provide BPL services to affiliated or unaffiliated entities.

(V.A.C.S. Art. 1446c-0, Sec. 2.101(a).) (Amended by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 1.)

Sec. 33.002. SURRENDER OF MUNICIPAL JURISDICTION TO COMMISSION.

(a) A municipality shall regulate all local utility service in the municipality until the commission assumes jurisdiction over a local utility under this subtitle.

(b) A municipality may elect to have the commission exercise exclusive original jurisdiction over electric utility rates, operations, and services in the municipality by ordinance or by submitting the question of the surrender of its jurisdiction to the voters at a municipal election.

(c) The governing body of a municipality shall submit at a municipal election the question of surrendering its jurisdiction to the commission if the governing body receives a petition signed by a number of qualified voters of the municipality equal to at least the lesser of 20,000 or 10 percent of the number of voters voting in the last preceding general election in the municipality.

(V.A.C.S. Art. 1446c-0, Secs. 2.101(b), 2.104(a).)

Sec. 33.003. REINSTATEMENT OF MUNICIPAL JURISDICTION.

(a) A municipality that surrenders its jurisdiction to the commission may at any time reinstate its jurisdiction by a vote of the electorate.

(b) A municipality that reinstates its jurisdiction under Subsection (a) may not surrender that jurisdiction before the fifth anniversary of the date of the election in which the municipality elected to reinstate its jurisdiction.

(c) A municipality may not, by a vote of the electorate, reinstate the jurisdiction of the governing body during the time a case involving the municipality is pending before the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.101(c).)

Sec. 33.004. AREA EXEMPT FROM COMMISSION REGULATION.

(a) If a municipality does not surrender its jurisdiction, local utility service in the municipality is exempt from regulation by the commission under this subtitle to the extent that this subtitle applies to local service.

(b) The municipality may exercise in the exempt area the same regulatory powers under the same standards and rules as the commission or under other consistent standards and rules.

(V.A.C.S. Art. 1446c-0, Sec. 2.104(b).)

Sec. 33.005. EXEMPT AREA REPORTING.

(a) An electric utility serving an area exempt from commission regulation is subject to the reporting requirements of this title.

(b) A report must be filed with:

- (1) the governing body of the municipality; and
- (2) the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.104(d).)

Sec. 33.006. COMMISSION POWERS IN NONEXEMPT AREAS.

This subchapter does not limit the duty and power of the commission to regulate the service and rates of a municipally regulated electric utility for service provided to another area in this state.

(V.A.C.S. Art. 1446c-0, Sec. 2.104(e).)

Sec. 33.007. ALLOWABLE CHARGES.

A municipality that performs a regulatory function under this title may make each charge that is authorized by:

- (1) this title; or
- (2) the applicable franchise agreement.

(V.A.C.S. Art. 1446c-0, Sec. 2.103.)

Sec. 33.008. FRANCHISE CHARGES.

(a) Following the end of the freeze period for a municipality that has been served by an electric utility, and following the date a municipally owned utility or an electric cooperative has implemented customer choice for a municipality that has been served by that municipally owned utility or electric cooperative, a municipality may impose on an electric utility, transmission and distribution utility, municipally owned utility, or electric cooperative, as appropriate, that provides distribution service within the municipality a reasonable charge as specified in Subsection (b) for the use of a municipal street, alley, or public way to deliver electricity to a retail customer. A municipality may not impose a charge on:

- (1) an electric utility, or transmission and distribution utility, municipally owned utility, or electric cooperative for electric service provided outside the municipality;
- (2) a qualifying facility;
- (3) an exempt wholesale generator;
- (4) a power marketer;
- (5) a retail electric provider;
- (6) a power generation company;
- (7) a person that generates electricity on and after January 1, 2002; or
- (8) an aggregator, as that term is defined by Section 39.353.

(b) If a municipality collected a charge or fee for a franchise to use a municipal street, alley, or public way from an electric utility, a municipally owned utility, or an electric cooperative before the end of the freeze period, the municipality, after the end of the freeze period or after implementation of customer choice by the municipally owned utility or electric cooperative, as appropriate, is entitled to collect from each electric utility, transmission and distribution utility, municipally owned utility, or electric cooperative that uses the municipality's streets, alleys, or public ways to provide distribution service a charge based on each kilowatt hour of electricity delivered by the utility to each retail customer whose consuming facility's point of delivery is located within the municipality's boundaries. The charge imposed shall be equal to the total electric franchise fee revenue due the municipality from electric utilities, municipally owned utilities, or electric cooperatives, as appropriate, for calendar year 1998 divided by the total kilowatt hours delivered during 1998 by the applicable electric utility, municipally owned utility, or electric cooperative to retail customers whose consuming facilities' points of delivery were located within the municipality's boundaries. The compensation a municipality may collect from each electric utility, transmission and distribution utility, municipally owned utility, or electric cooperative providing distribution service shall be equal to the charge per kilowatt hour determined for 1998 multiplied times the number of kilowatt hours delivered within the municipality's boundaries.

(c) The municipal franchise charges authorized by this section shall be considered a reasonable and necessary operating expense of each electric utility, transmission and distribution utility, municipally owned utility, or electric cooperative that is subject to a charge under this section. The charge shall be included in the nonbypassable delivery charges that a customer's retail electric provider must pay under Section 39.107 to the utility serving the customer.

(d) The municipal franchise charges authorized by this section are in lieu of any franchise charges or fees payable under a franchise agreement in effect before the expiration of the freeze period or, as appropriate, before the implementation of customer choice by a municipally owned utility or electric cooperative. Except as otherwise provided by this section, this section does not affect a provision of a franchise agreement in effect before the end of the freeze period or, as appropriate, before the implementation of customer choice by a municipally owned utility or electric cooperative.

(e) A municipality may conduct an audit or other inquiry or may pursue any cause of action in relation to an electric utility's, transmission and distribution utility's, municipally owned utility's, or electric cooperative's payment of charges authorized by this section only if such audit, inquiry, or pursuit of a cause of action concerns a payment made less than two years before commencement of such audit, inquiry, or pursuit of a cause of action; provided, however, that this subsection does not apply to an audit, inquiry, or cause of action commenced before September 1, 1999. An electric utility, transmission and distribution utility, municipally owned utility, or electric cooperative shall, on request of the municipality in connection with a municipal audit, identify the service provider and the type of service delivered for any service in addition to electricity delivered directly to retail customers through the utility's electricity-conducting facilities that are located in the municipality's streets, alleys, or public ways and for which the utility receives compensation.

(f) Notwithstanding any other provision of this section, on the expiration of a franchise agreement existing on September 1, 1999, an electric utility, transmission and distribution utility, municipally owned utility, or electric cooperative and a municipality may mutually agree to a different level of compensation or to a different method for determining the amount the municipality may charge for the use of a municipal street, alley, or public way in connection with the delivery of electricity at retail within the municipality.

(g) After the end of the freeze period or after implementation of customer choice by the municipally owned utility or electric cooperative, as appropriate, a newly incorporated municipality or a municipality that has not previously collected compensation for the delivery of electricity at retail within the municipality may adopt and collect compensation based on the same rate per kilowatt hour that is collected by any other municipality in the same county that is served by the same electric utility, transmission and distribution utility, municipally owned utility, or electric cooperative.

(h) In this section, "distribution service" means the delivery of electricity to all retail customers.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 15.)

SUBCHAPTER B. RATE DETERMINATION

Sec. 33.021. RATE DETERMINATION.

(a) A municipality regulating an electric utility under this subtitle shall require the utility to submit information as necessary to make a reasonable determination of rate base, expenses, investment, and rate of return in the municipality.

(b) A municipality shall make a determination under Subsection (a) using the procedures and requirements prescribed by this title.

(c) A municipality shall retain personnel necessary to make the determination of reasonable rates.

(V.A.C.S. Art. 1446c-0, Secs. 2.105(a), (b).)

Sec. 33.022. CONSIDERATION OF REVENUES AND RETURN FROM NONEXEMPT AREA.

In establishing rates and charges in an area exempt from commission regulation, the governing body may consider an electric utility's revenues and return on investment in an area that is not exempt from commission regulation.

(V.A.C.S. Art. 1446c-0, Sec. 2.104(c) (part).)

Sec. 33.023. RATEMAKING PROCEEDINGS.

(a) The governing body of a municipality participating in or conducting a ratemaking proceeding may engage rate consultants, accountants, auditors, attorneys, and engineers to:

- (1) conduct investigations, present evidence, and advise and represent the governing body; and
- (2) assist the governing body with litigation in an electric utility ratemaking proceeding before the governing body, a regulatory authority, or a court.

(b) The electric utility in the ratemaking proceeding shall reimburse the governing body of the municipality for the reasonable cost of the services of a person engaged under Subsection (a) to the extent the applicable regulatory authority determines is reasonable.

(V.A.C.S. Art. 1446c-0, Sec. 2.106(a).)

Sec. 33.024. STATEMENT OF INTENT.

(a) Not later than the 31st day before the date an electric utility files a statement of intent under Section 36.102, the electric utility shall provide notice of intent to file the statement to each municipality having original jurisdiction.

(b) Not later than the 30th day after the date a municipality receives notice under Subsection (a), the municipality may request that the electric utility file with the municipality a statement of intent in accordance with Section 36.102.

(c) If requested by a municipality under Subsection (b), the electric utility shall file the statement of intent with the municipality at the same time the statement is filed with the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.105(c).)

Sec. 33.025. MUNICIPAL STANDING.

(a) A municipality has standing in each case before the commission that relates to an electric utility providing service in the municipality.

(b) A municipality's standing is subject to the right of the commission to:

(1) determine standing in a case involving a retail service area dispute that involves two or more electric utilities; and

(2) consolidate municipalities on an issue of common interest.

(V.A.C.S. Art. 1446c-0, Sec. 2.106(b) (part).)

Sec. 33.026. JUDICIAL REVIEW.

A municipality is entitled to judicial review of a commission order relating to an electric utility providing services in the municipality as provided by Section 15.001.

(V.A.C.S. Art. 1446c-0, Sec. 2.106(b) (part).)

SUBCHAPTER C. APPEAL OF MUNICIPAL ORDER

Sec. 33.051. APPEAL BY PARTY.

A party to a rate proceeding before a municipality's governing body may appeal the governing body's decision to the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(a).)

Sec. 33.052. APPEAL BY RESIDENTS.

The residents of a municipality may appeal to the commission the decision of the municipality's governing body in a rate proceeding by filing with the commission a petition for review signed by a number of qualified voters of the municipality equal to at least the lesser of 20,000 or 10 percent of the qualified voters of the municipality.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(b).)

Sec. 33.053. FILING OF APPEAL.

(a) An appeal under this subchapter is initiated by filing a petition for review with the commission and serving a copy of the petition on each party to the original rate proceeding.

(b) The appeal must be initiated not later than the 30th day after the date of the final decision by the governing body of the municipality.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(f).)

Sec. 33.054. HEARING AND ORDER.

(a) An appeal under this subchapter, Subchapter D, or Subchapter E is de novo and based on the test year presented to the municipality.

(b) The commission shall enter a final order establishing the rates the commission determines the municipality should have set in the ordinance to which the appeal applies.

(c) In a proceeding involving the rates of a municipally owned utility, the commission must enter a final order on or before the 185th day after the date the appeal is perfected or the utility files a rate application as prescribed by Section 33.104.

(d) In a proceeding in which a rate change is concurrently sought from the commission under the commission's original jurisdiction, the commission must enter a final order on or before the later of the 120th day after the date the appeal is perfected or the date final action must be taken in the proceeding filed with the commission.

(e) In a proceeding not governed by Subsection (c) or (d), the commission must enter a final order on or before the 185th day after the date the appeal is perfected.

(f) If the commission fails to enter a final order before the expiration of the applicable period prescribed by Subsections (c)-(e), the rates proposed by the utility are considered to be approved by the commission and take effect on the expiration of that period.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(g) (part).)

Sec. 33.055. APPLICABILITY OF RATES.

(a) Temporary or permanent rates set by the commission are prospective and observed from the date of the applicable commission order, except an interim rate order necessary to effect uniform system-wide rates or to provide an electric utility the opportunity to avoid confiscation during the period beginning on the date a petition for review is filed with the commission and ending on the date of a final order establishing rates.

(b) The commission shall order interim rates on a prima facie showing by the electric utility that it has experienced confiscation during that period. The electric utility shall refund or credit against future bills:

- (1) money collected under the interim rates in excess of the rate finally ordered; and
- (2) interest on that money, at the current rate as determined by the commission.

(c) In this section, "confiscation" includes negative cash flow experienced by an electric utility at any time a rate case proceeding is pending.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(g) (part).)

SUBCHAPTER D. PROVISIONS APPLICABLE TO APPEAL BY RATEPAYERS OUTSIDE MUNICIPALITY

Sec. 33.101. APPEAL BY RATEPAYERS OUTSIDE MUNICIPALITY.

(a) The ratepayers of a municipally owned utility who are outside the municipality may appeal to the commission an action of the governing body of the municipality affecting the municipally owned utility's rates by filing with the commission a petition for review signed by a number of ratepayers served by the utility outside the municipality equal to at least the lesser of 10,000 or five percent of those ratepayers.

(b) A petition for review is properly signed if signed by a person or the spouse of a person in whose name residential utility service is carried.

(c) For purposes of this section, each person who receives a separate bill is a ratepayer. A person who receives more than one bill may not be counted as more than one ratepayer.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(c)(1).)

Sec. 33.102. IDENTIFICATION OF RATEPAYERS OUTSIDE MUNICIPALITY.

(a) A municipality that owns a utility shall:

(1) disclose to any person, on request, the number of ratepayers who reside outside the municipality; and

(2) provide to any person, on request, a list of the names and addresses of the ratepayers who reside outside the municipality.

(b) The municipality may not charge a fee for disclosing the information under Subsection (a)(1). The municipality may charge a reasonable fee for providing information under Subsection (a)(2).

(c) The municipality shall provide information requested under Subsection (a)(1) by telephone or in writing, as preferred by the person making the request.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(c)(2).)

Sec. 33.103. FILING OF APPEAL.

(a) Not later than the 14th day after the date a governing body of a municipality makes a final decision, the municipality shall issue a written report stating the effect of the decision on each class of ratepayer.

(b) An appeal under this subchapter is initiated by filing a petition for review with the commission and serving a copy of the petition on each party to the original rate proceeding.

(c) The appeal must be initiated not later than the 45th day after the date the municipality issues the written report required by Subsection (a).

(V.A.C.S. Art. 1446c-0, Sec. 2.108(c)(3).)

Sec. 33.104. RATE APPLICATION.

Not later than the 90th day after the date a petition for review is filed that complies with Section 33.103, the municipality shall file with the commission a rate application that complies in all material respects with the rules and forms prescribed by the commission. The commission may, for good cause shown, extend the period for filing a rate application.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(c)(4).)

SUBCHAPTER E. RATE DETERMINATION AND APPEAL OF ORDERS OF CERTAIN MUNICIPAL UTILITIES

Sec. 33.121. APPLICATION OF COMMISSION REVIEW.

A municipally owned utility is subject to this subchapter if the utility is a utility:

(1) whose rates are appealed under Subchapter D;

(2) for which the commission orders a decrease in annual nonfuel base revenues that exceeds the greater of \$25,000,000 or 10 percent of the utility's nonfuel base revenues, as computed on a total system basis without regard to the utility's municipal boundaries and established in the appealed rate ordinance; and

(3) for which the commission finds that the rates paid by the combined residential or other major customer class, other than a class in which the municipality is the customer of the municipally owned utility, are removed from cost-of-service levels to the extent that, under the nonfuel base revenue requirement adopted by the commission as computed on a total system basis without regard to the

municipality's boundaries, a change in nonfuel base rate revenues in excess of 50 percent from adjusted test year levels would be required to move that class to a relative rate of return of unity (1.00 or 100 percent) under the cost-of-service methodology adopted by the commission in an appeal under Subchapter D.

(V.A.C.S. Art. 1446c-0, Secs. 2.108(d) (part), (e) (part).)

Sec. 33.122. REVIEW OF CERTAIN RATE DECISIONS.

(a) Except as provided by Subsections (b)-(f), for a period of 10 years beginning on the later of August 28, 1989, or the effective date of the rate ordinance that is the subject of the commission's final order invoking the application of this section, the commission has appellate jurisdiction over the rates charged by the municipally owned utility, both inside and outside the municipality, in the same manner and subject to the same commission powers and authority provided by this subtitle for an electric utility.

(b) The commission has jurisdiction to review the cost allocation and rate design methodologies adopted by the governing body of a municipally owned utility subject to this section. If the commission finds that the cost-of-service methodologies result in rates that are unjust, unreasonable, or unreasonably discriminatory, or unduly preferential to a customer class, the commission may order the implementation of ratesetting methodologies the commission finds reasonable.

(c) The commission shall ensure that a customer class, other than a class in which the municipality is the customer of the municipally owned utility, does not pay rates that result in a relative rate of return of more than 115 percent under the cost-of-service methodology found reasonable by the commission. A customer class may not experience a percentage base rate increase that is greater than 1-1/2 times the system average base increase. In moving an above-cost class toward cost-of-service levels, each class farthest above cost shall be moved sequentially toward cost so that no above-cost class moves toward cost until no other class is further removed from cost.

(d) A municipality subject to this section may design residential rates, as a matter of intra-class rate design, to accomplish reasonable energy conservation goals, notwithstanding any other provision of this title.

(e) The commission's jurisdiction under this section may be invoked by any party to a local rate proceeding required by this section in the same manner as an appeal of the rates of an electric utility under Section 33.051.

(f) The commission's jurisdiction under this section does not extend to a municipally owned utility's:

- (1) revenue requirements, whether base rate or fuel revenues;
- (2) invested capital;
- (3) return on invested capital;
- (4) debt service coverage ratio; or
- (5) level of transfer of revenues from the utility to the municipality's general fund.

(g) The governing body of a municipally owned utility subject to this section shall establish procedures similar to the procedures of a municipality that retains original jurisdiction under Section 33.001 to regulate an electric utility operating in the municipality. The procedures must include a public hearing process in which an affected ratepayer is granted party status on request and is grouped for purposes of participation in accordance with common or divergent interests, including the particular interests of all-electric residential ratepayers and residential ratepayers outside the municipality.

(h) This section does not require the governing body of a municipality or the governing board of a municipally owned utility subject to this section to adopt procedures that require the use of the Texas Rules of Evidence, the Texas Rules of Civil Procedure, or the presentation of sworn testimony or any other form of sworn evidence.

(i) The governing body of a municipally owned utility subject to this section shall appoint a consumer advocate to represent the interests of residential and small commercial ratepayers in the municipality's local rate proceedings. The consumer advocate's reasonable costs of participating in a proceeding, including the reasonable costs of ratemaking consultants and expert witnesses, shall be funded by and recovered from residential and small commercial ratepayers.

(j) The commission shall adopt rules applicable to a party to an appeal under Subchapter D that provide for the public disclosure of financial and in-kind contributions and expenditures related to preparing and filing an appeal petition and preparing expert testimony or legal representation for an appeal. A party or customer who is a member of a party who makes a financial contribution or in-kind contribution to assist in an appeal by another party or customer class under Subchapter D shall be required, on a finding of the commission to that effect, to pay the municipally owned utility a penalty equivalent in amount to two times the amount of the contribution.

(k) This section does not limit the right of a party or customer to spend money to represent its own interests following the filing of a petition with the commission under Subchapter D.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(d) (part).)

Sec. 33.123. REVIEW OF CERTAIN DECISIONS FOR RATES CHARGED OUTSIDE MUNICIPALITY.

(a) For a period of 10 years beginning on the later of August 28, 1989, or the effective date of the rate ordinance that is the subject of the commission's final order invoking the application of this section, the commission has appellate jurisdiction over the rates charged by the municipally owned utility, outside the municipality, as provided by this section.

(b) Except as otherwise provided by this section, a ratepayer of a municipally owned utility subject to this section who resides outside the municipality may appeal any action of the governing body of a municipality affecting the rates charged by the municipally owned utility outside the municipality by filing a petition for review with the commission in the manner provided for an appeal under Subchapter D. The petition must plainly disclose that the cost of the appeal will be funded by a surcharge on the monthly electric bills of ratepayers outside the municipality as prescribed by the commission.

(c) After the commission approves the sufficiency of a petition, the appellants shall submit to the office for approval a budget itemizing the scope and expected cost of consultant services to be purchased by the appellants in the appeal.

(d) Not later than the 120th day after the date the commission enters its final order, the municipality shall assess a onetime surcharge on a per capita basis among residential ratepayers who reside outside the municipality to pay the reasonable consultant and legal costs approved by the counsellor. The municipality shall reimburse the appellants for incurred costs not later than the 90th day after the date the commission enters its final order.

(e) A municipality may not:

- (1) include the costs associated with its defense of an appeal under this section in the rates charged a ratepayer outside the municipality; or

(2) if the municipality appeals an order entered by the commission under this section, include the costs associated with its appeal in the rates charged a ratepayer outside the municipality.

(f) A ratepayer who brings an appeal under this section may not receive funding for rate case expenses except from a residential ratepayer who resides outside the municipality or from another municipality inside whose boundaries the municipally owned utility provides service. The commission shall adopt rules for reporting financial and in-kind contributions in support of an appeal under this section. If the commission finds that an appellant has received contributions from a source other than from a ratepayer who resides outside the municipality or from another municipality, the appeal and each commission order entered in the appeal are void.

(g) The commission has jurisdiction in an appeal under this section to review and ensure that the revenue requirements of a municipally owned utility subject to this section are reasonable. The jurisdiction under this subsection does not extend to regulating the use and level of a transfer of the utility's revenues to the municipality's general fund.

(h) The commission has jurisdiction to review the cost allocation and rate design methodologies adopted by the governing body of a municipally owned utility subject to this section. If the commission finds that the cost-of-service methodologies result in rates that are unjust, unreasonable, or unreasonably discriminatory or unduly preferential to a customer class, the commission may order the implementation of ratesetting methodologies the commission finds reasonable. The commission's jurisdiction under this subsection does not include intra-class residential rate design.

(i) An intervenor in an appeal under this section is limited to presenting evidence on cost allocation and rate design methodologies, except that an intervenor may present evidence in support of the municipality on an issue related to utility revenues.

(j) A ratepayer of a municipally owned utility subject to this section who resides outside the municipality may elect to petition for review under either this section or Subchapter D when appealing a rate ordinance or other ratesetting action of the governing body of a municipality.

(V.A.C.S. Art. 1446c-0, Sec. 2.108(e) (part).)

CHAPTER 34. [REPEALED]

(Repealed by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 61.)

CHAPTER 35. ALTERNATIVE ENERGY PROVIDERS

SUBCHAPTER A. COMPETITION AND TRANSMISSION ACCESS IN THE WHOLESALE MARKET

Sec. 35.001. DEFINITION.

In this subchapter, "electric utility" includes a municipally owned utility and an electric cooperative.

(V.A.C.S. Art. 1446c-0, Sec. 2.057(g).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 16.)

Sec. 35.002. RIGHT TO COMPETE AT WHOLESALE.

A provider of generation, including an electric utility affiliate, exempt wholesale generator, and qualifying facility, may compete for the business of selling power.

(V.A.C.S. Art. 1446c-0, Sec. 2.057(f) (part).)

Sec. 35.003. PURCHASE FROM AFFILIATE; UNDUE PREFERENCE PROHIBITED.

(a) An electric utility may purchase power from an affiliate in accordance with this title.

(b) An electric utility may not grant an undue preference to a person in connection with the utility's purchase or sale of electric energy at wholesale or other utility service.

(V.A.C.S. Art. 1446c-0, Sec. 2.057(f) (part).)

Sec. 35.004. PROVISION OF TRANSMISSION SERVICE.

(a) An electric utility or transmission and distribution utility that owns or operates transmission facilities shall provide wholesale transmission service at rates and terms, including terms of access, that are comparable to the rates and terms of the utility's use of its system.

(b) The commission shall ensure that an electric utility or transmission and distribution utility provides nondiscriminatory access to wholesale transmission service for qualifying facilities, exempt wholesale generators, power marketers, power generation companies, retail electric providers, and other electric utilities or transmission and distribution utilities.

(c) When an electric utility, electric cooperative, or transmission and distribution utility provides wholesale transmission service within ERCOT at the request of a third party, the commission shall ensure that the utility recovers the utility's reasonable costs in providing wholesale transmission services necessary for the transaction from the entity for which the transmission is provided so that the utility's other customers do not bear the costs of the service.

(d) The commission shall price wholesale transmission services within ERCOT based on the postage stamp method of pricing under which a transmission-owning utility's rate is based on the ERCOT utilities' combined annual costs of transmission divided by the total demand placed on the combined transmission systems of all such transmission-owning utilities within a power region. An electric utility subject to the freeze period imposed by Section 39.052 may treat transmission costs in excess of transmission revenues during the freeze period as an expense for purposes of determining annual costs in the annual report filed under Section 39.257. Notwithstanding Section 36.201, the commission may approve wholesale rates that may be periodically adjusted to ensure timely recovery of transmission investment. Notwithstanding Section 36.054(a), if the commission determines that conditions warrant the action, the commission may authorize the inclusion of construction work in progress in the rate base for transmission investment required by the commission under Section 39.203(e).

(e) The commission shall ensure that ancillary services necessary to facilitate the transmission of electric energy are available at reasonable prices with terms and conditions that are not unreasonably preferential, prejudicial, discriminatory, predatory, or anticompetitive. In this subsection, "ancillary services" means services necessary to facilitate the transmission of electric energy including load following, standby power, backup power, reactive power, and any other services as the commission may determine by rule. On the introduction of customer choice in the ERCOT power region, acquisition of generation-related ancillary services on a nondiscriminatory basis by the independent organization in ERCOT on behalf of entities selling electricity at retail shall be deemed to meet the requirements of this subsection.

(V.A.C.S. Art. 1446c-0, Secs. 2.057(a) (part), (c).) (Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 17; Acts 2003, 78th Leg., R.S., ch. 295 (HB 2548) § 1.)

Sec. 35.005. AUTHORITY TO ORDER TRANSMISSION SERVICE.

(a) The commission may require an electric utility to provide transmission service at wholesale to another electric utility, a qualifying facility, an exempt wholesale generator, or a power marketer and may determine whether terms for the transmission service are reasonable.

(b) The commission may require transmission service at wholesale, including the construction or enlargement of a facility.

(c) The commission may not issue a decision or rule relating to transmission service that is contrary to an applicable decision, rule, or policy statement of a federal regulatory agency having jurisdiction.

(V.A.C.S. Art. 1446c-0, Sec. 2.056(a).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 18.)

Sec. 35.006. RULES RELATED TO WHOLESALE TRANSMISSION SERVICE, RATES, AND ACCESS.

(a) The commission shall adopt rules relating to wholesale transmission service, rates, and access. The rules:

- (1) must be consistent with the standards in this subchapter;
- (2) may not be contrary to federal law, including any applicable decision, rule, or policy statement of a federal regulatory agency having jurisdiction;
- (3) must require transmission services that are not less than the transmission services the Federal Energy Regulatory Commission may require in similar circumstances;
- (4) must require that an electric utility provide all ancillary services associated with the utility's discounted wholesale sales at the same prices and under the same terms as the services are provided to a third person; and
- (5) must require that an electric utility provide all ancillary services associated with the utility's discounted wholesale sales to a third person on request.

(b) The commission shall adopt rules relating to the registration and reporting requirements of a qualifying facility, exempt wholesale generator, and power marketer.

(V.A.C.S. Art. 1446c-0, Secs. 2.057(a) (part), (b).)

Sec. 35.007. TARIFFS REQUIRED.

(a) Except as provided by Subsection (b), an electric utility that owns or operates a transmission facility shall file a tariff in compliance with commission rules adopted under Section 35.006.

(b) An electric utility is not required to file a tariff under this section if the utility's terms for access and pricing for wholesale transmission service are included in another electric utility's tariff.

(c) An electric utility shall file a tariff required by this section with the appropriate state or federal regulatory agency having jurisdiction over the utility's transmission service.

(V.A.C.S. Art. 1446c-0, Sec. 2.057(a) (part).)

Sec. 35.008. ALTERNATIVE DISPUTE RESOLUTION.

The commission may require that each party to a dispute concerning prices or terms of wholesale transmission service engage in a nonbinding alternative dispute resolution process before seeking resolution of the dispute by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.057(d).)

Sec. 35.0081. REPORT TO LEGISLATURE CONCERNING STRANDED COST.

(a) The commission shall report to the 75th Legislature on methods or procedures to quantify the magnitude of stranded investment, procedures for allocating costs, and acceptable methods of recovering stranded costs.

(b) This section expires January 12, 1999.

(V.A.C.S. Art. 1446c-0, Sec. 2.057(e).)

**SUBCHAPTER B. EXEMPT WHOLESALE GENERATORS AND
POWER MARKETERS**

Sec. 35.031. AUTHORITY TO OPERATE.

An exempt wholesale generator or power marketer may sell electric energy only at wholesale.

(V.A.C.S. Art. 1446c-0, Sec. 2.053(a).)

Sec. 35.032. COMMISSION REGISTRATION AND REQUIRED REPORTS.

(a) An exempt wholesale generator or power marketer that sells electric energy in this state shall, not later than the 30th day after the date it becomes subject to this section:

- (1) register with the commission; or
- (2) provide to the commission proof that it has registered with the Federal Energy Regulatory Commission or has been authorized by the Federal Energy Regulatory Commission to sell electric energy at market-based rates.

(b) The exempt wholesale generator or power marketer may register by filing with the commission:

- (1) a description of the location of any facility used to provide service;
- (2) a description of the type of service provided;
- (3) a copy of any information filed with the Federal Energy Regulatory Commission in connection with registration with that commission; and
- (4) other information required by commission rule.

(c) An exempt wholesale generator or power marketer required to register under Subsection (a) shall file any report required by commission rule.

(V.A.C.S. Art. 1446c-0, Secs. 2.053(b), (c).)

Sec. 35.033. AFFILIATE WHOLESALE PROVIDER.

An affiliate of an electric utility may be an exempt wholesale generator or power marketer and may sell electric energy to its affiliated electric utility in accordance with laws governing wholesale sales of electric energy.

(V.A.C.S. Art. 1446c-0, Sec. 2.054(a).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 19.)

Sec. 35.034. TRANSFER OF ASSETS.

(a) Unless an electric utility receives commission approval under Subsection (b), the utility may not sell or transfer a facility to an affiliate or otherwise consider the facility to be an eligible facility as defined by federal law if on May 27, 1995, the utility had a rate or charge in effect:

- (1) for or in connection with the construction of the facility;
- (2) for electric energy produced by the construction of the facility; or
- (3) for electric energy produced by the facility other than a portion of a rate or charge that represents recovery of the cost of a wholesale rate or charge.

(b) The commission, after notice and hearing, may allow an electric utility to sell or transfer a facility governed by Subsection (a) to an affiliate or otherwise allow the facility to become an eligible facility only if the transaction:

- (1) will benefit ratepayers of the utility making the sale or transfer;
- (2) is in the public interest; and
- (3) otherwise complies with state law.

(c) For purposes of this section, “electric utility” does not include a river authority.

(V.A.C.S. Art. 1446c-0, Sec. 2.054(b).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 20.)

Sec. 35.035. VALUATION AND ACCOUNTING OF TRANSFERRED ASSETS.

(a) A transfer of assets from an electric utility to an affiliated exempt wholesale generator or power marketer shall be valued at the greater of net book cost or fair market value.

(b) A transfer of assets from an exempt wholesale generator or power marketer to an affiliated electric utility shall be valued at the lesser of net book cost or fair market value.

(c) At the time that a transfer of assets between an electric utility and an affiliated exempt wholesale generator or power marketer is approved, the commission shall order the utility to adjust its rates so that the utility's tariffs reflect benefits from the proceeds of the sale and exclude any costs associated with the transferred facility.

(d) For purposes of this section, “electric utility” does not include a river authority.

(V.A.C.S. Art. 1446c-0, Sec. 2.054(c).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 21.)

SUBCHAPTER C. QUALIFYING FACILITIES

Sec. 35.061. ENCOURAGEMENT OF ECONOMICAL PRODUCTION.

The commission shall adopt and enforce rules to encourage the economical production of electric energy by qualifying facilities.

(V.A.C.S. Art. 1446c-0, Sec. 2.052(a).)

Sec. 35.062. APPLICATION FOR CERTIFICATION.

(a) An electric utility or a qualifying facility may submit to the commission for certification a copy of an agreement between the utility and facility for the purchase of capacity.

(b) An agreement submitted for certification under this section may provide that the agreement is contingent on certification by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.209(b) (part).)

Sec. 35.063. HEARING.

(a) The commission, on its own motion or on the request of a party to the agreement or another affected person, may conduct a hearing on an agreement for which certification is sought under Section 35.062.

(b) A request for a hearing or a commission decision to hold a hearing must be made not later than the 90th day after the date the agreement is submitted to the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.209(d) (part).)

Sec. 35.064. CERTIFICATION STANDARDS.

The commission shall certify an agreement submitted under Section 35.062 if the agreement:

(1) provides for payments over the contract term that are equal to or less than the electric utility's avoided costs, as established by the commission and in effect at the time the agreement was signed; and

(2) provides the electric utility the opportunity to acquire the cogeneration or small-power production installation before the installation is offered to another purchaser or provides other sufficient assurance that the electric utility will be provided with a comparable supply of electricity, if the qualifying facility ceases to operate the installation.

(V.A.C.S. Art. 1446c-0, Secs. 2.209(b) (part), (c) (part).)

Sec. 35.065. DEADLINES FOR COMMISSION ACTION.

(a) Except as provided by Subsection (b), the commission shall make its determination regarding whether a certification should be granted under Section 35.064 not later than the 90th day after the date the agreement is submitted.

(b) If a hearing is held under Section 35.063, the commission shall make its determination regarding whether a certification should be granted not later than the 120th day after the date the agreement is submitted, except that this deadline is extended by two days for each day in excess of five days on which the commission conducts a hearing on the merits of the certification.

(c) If the commission does not make a determination by the date provided by Subsection (a) or (b), as applicable, the agreement is considered to meet the requirements of Section 35.064 and the certification is considered granted.

(V.A.C.S. Art. 1446c-0, Secs. 2.209(c) (part), (d) (part).)

Sec. 35.066. TERM OF CERTIFICATION.

A certification of an agreement granted under this subchapter is effective until the earlier of:

- (1) the expiration date of the agreement; or
- (2) the 15th anniversary of the date of the certification.

(V.A.C.S. Art. 1446c-0, Sec. 2.209(c) (part).)

SUBCHAPTER D. STATE AUTHORITY TO SELL OR CONVEY POWER

Sec. 35.101. DEFINITIONS.

In this subchapter:

(1) "Commissioner" means the Commissioner of the General Land Office.

(2) "Public retail customer" means a retail customer that is an agency of this state, a state institution of higher education, a public school district, or a political subdivision of this state, a military installation of the United States, or a United States Department of Veteran's Affairs facility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 22.) (Amended by Acts 2003, 78th Leg., R.S., ch. 149 (SB 652) § 19.)

Sec. 35.102. STATE AUTHORITY TO SELL OR CONVEY POWER OR NATURAL GAS.

(a) The commissioner, acting on behalf of the state, may sell or otherwise convey power or natural gas generated from royalties taken in kind as provided by Sections 52.133(f), 53.026, and 53.077, Natural Resources Code, directly to a public retail customer regardless of whether the public retail customer is also classified as a wholesale customer under other provisions of this title.

(b) To ensure that the state receives the maximum benefit from the sale of power or natural gas generated from royalties taken in kind, the commissioner shall use all feasible means to sell that power or natural gas first to public retail customers that are military installations of the United States, agencies of this state, institutions of higher education, or public school districts. The remainder of the power or natural gas, if any, may be sold to public retail customers that are political subdivisions of this state or to a United States Department of Veteran's Affairs facility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 22.) (Amended by Acts 2003, 78th Leg., R.S., ch. 149 (SB 652) § 20.)

Sec. 35.103. ACCESS TO TRANSMISSION AND DISTRIBUTION SYSTEMS; RATES.

(a) Except as provided in Section 35.104, the state is entitled to have access to all transmission and distribution systems of all electric utilities, transmission and distribution utilities, municipally owned utilities, and electric cooperatives that serve public retail customers.

(b) An entity described by Subsection (a) shall provide any utility service, including transmission, distribution, and other services, which must include any stranded costs associated with providing service, to the state at the lowest applicable rate charged for similar service to other customers.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 22.)

Sec. 35.104. LIMIT IN CERTAIN AREAS.

Sections 35.102 and 35.103 do not apply to the rates, retail service area, facilities, or public retail customers of a municipally owned electric utility that has not adopted customer choice or an electric cooperative that has not adopted customer choice. In a certificated service area of an electric utility in which customer choice has not been introduced, the state may not engage in retail transactions that exceed 2.5 percent of a retail electric utility's total retail load.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 22.)

Sec. 35.105. WHOLESALE CUSTOMERS.

This subchapter does not prevent the commissioner, acting on behalf of this state, from registering as a power marketer.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 22.)

Sec. 35.106. ACCESS TO POWER GENERATION.

If pipeline capacity is available on an existing facility of a gas utility or municipally owned utility, a gas utility or a municipally owned utility may not refuse to provide gas service to an electric utility generating facility, if the purpose of the service is to generate power for public retail customers by the state or an agency of this state.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 22.)

CHAPTER 36. RATES

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 36.001. AUTHORIZATION TO ESTABLISH AND REGULATE RATES.

(a) The regulatory authority may establish and regulate rates of an electric utility and may adopt rules for determining:

- (1) the classification of customers and services; and
- (2) the applicability of rates.

(b) A rule or order of the regulatory authority may not conflict with a ruling of a federal regulatory body.

(V.A.C.S. Art. 1446c-0, Sec. 2.201.)

Sec. 36.002. COMPLIANCE WITH TITLE.

An electric utility may not charge or receive a rate for utility service except as provided by this title.

(V.A.C.S. Art. 1446c-0, Sec. 2.153 (part).)

Sec. 36.003. JUST AND REASONABLE RATES.

(a) The regulatory authority shall ensure that each rate an electric utility or two or more electric utilities jointly make, demand, or receive is just and reasonable.

(b) A rate may not be unreasonably preferential, prejudicial, or discriminatory but must be sufficient, equitable, and consistent in application to each class of consumer.

(c) An electric utility may not:

- (1) grant an unreasonable preference or advantage concerning rates to a person in a classification;
- (2) subject a person in a classification to an unreasonable prejudice or disadvantage concerning rates; or
- (3) establish or maintain an unreasonable difference concerning rates between localities or between classes of service.

(d) In establishing an electric utility's rates, the commission may treat as a single class two or more municipalities that an electric utility serves if the commission considers that treatment to be appropriate.

(e) A charge to an individual customer for retail or wholesale electric service that is less than the rate approved by the regulatory authority does not constitute an impermissible difference, preference, or advantage.

(V.A.C.S. Art. 1446c-0, Secs. 2.202, 2.214 (part).)

Sec. 36.004. EQUALITY OF RATES AND SERVICES.

(a) An electric utility may not directly or indirectly charge, demand, or receive from a person a greater or lesser compensation for a service provided or to be provided by the utility than the compensation prescribed by the applicable tariff filed under Section 32.101.

(b) A person may not knowingly receive or accept a service from an electric utility for a compensation greater or less than the compensation prescribed by the tariff.

(c) Notwithstanding Subsections (a) and (b), an electric utility may charge an individual customer for wholesale or retail electric service in accordance with Section 36.007.

(d) This title does not prevent a cooperative corporation from returning to its members net earnings resulting from its operations in proportion to the members' purchases from or through the corporation.

(V.A.C.S. Art. 1446c-0, Secs. 2.215(a), (b).)

Sec. 36.005. RATES FOR AREA NOT IN MUNICIPALITY.

Without the approval of the commission, an electric utility's rates for an area not in a municipality may not exceed 115 percent of the average of all rates for similar services for all municipalities served by the same utility in the same county as that area.

(V.A.C.S. Art. 1446c-0, Sec. 2.213.)

Sec. 36.006. BURDEN OF PROOF.

In a proceeding involving a proposed rate change, the electric utility has the burden of proving that:

- (1) the rate change is just and reasonable, if the utility proposes the change; or
- (2) an existing rate is just and reasonable, if the proposal is to reduce the rate.

(V.A.C.S. Art. 1446c-0, Sec. 2.204.)

Sec. 36.007. DISCOUNTED WHOLESALE OR RETAIL RATES.

(a) On application by an electric utility, a regulatory authority may approve wholesale or retail tariffs or contracts containing charges that are less than rates approved by the regulatory authority but not less than the utility's marginal cost. The charges must be in accordance with the principles of this title and may not be unreasonably preferential, prejudicial, discriminatory, predatory, or anticompetitive.

(b) The method for computing the marginal cost of the electric utility consists of energy and capacity components. The energy component includes variable operation and maintenance expense and marginal fuel or the energy component of purchased power. The capacity component is based on the annual economic value of deferring, accelerating, or avoiding the next increment of needed capacity, without regard to whether the capacity is purchased or built.

(c) The commission shall ensure that the method for determining marginal cost is consistently applied among utilities but may recognize the individual load and resource requirements of the electric utility.

(d) Notwithstanding any other provision of this title, the commission shall ensure that the electric utility's allocable costs of serving customers paying discounted rates under this section are not borne by the utility's other customers.

(V.A.C.S. Art. 1446c-0, Secs. 2.001(b), (c), (d) (part), 2.052(b), (c).)

Sec. 36.008. STATE TRANSMISSION SYSTEM.

In establishing rates for an electric utility, the commission may review the state's transmission system and make recommendations to the utility on the need to build new power lines, upgrade power lines, and make other necessary improvements and additions.

(V.A.C.S. Art. 1446c-0, Sec. 2.051(w) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 23.)

SUBCHAPTER B. COMPUTATION OF RATES

Sec. 36.051. ESTABLISHING OVERALL REVENUES.

In establishing an electric utility's rates, the regulatory authority shall establish the utility's overall revenues at an amount that will permit the utility a reasonable opportunity to earn a reasonable return on the utility's invested capital used and useful in providing service to the public in excess of the utility's reasonable and necessary operating expenses.

(V.A.C.S. Art. 1446c-0, Sec. 2.203(a).)

Sec. 36.052. ESTABLISHING REASONABLE RETURN.

In establishing a reasonable return on invested capital, the regulatory authority shall consider applicable factors, including:

- (1) the efforts and achievements of the utility in conserving resources;
- (2) the quality of the utility's services;
- (3) the efficiency of the utility's operations; and
- (4) the quality of the utility's management.

(V.A.C.S. Art. 1446c-0, Sec. 2.203(b).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 24.)

Sec. 36.053. COMPONENTS OF INVESTED CAPITAL.

(a) Electric utility rates shall be based on the original cost, less depreciation, of property used by and useful to the utility in providing service.

(b) The original cost of property shall be determined at the time the property is dedicated to public use, whether by the utility that is the present owner or by a predecessor.

(c) In this section, the term "original cost" means the actual money cost or the actual money value of consideration paid other than money.

(d) If the commission issues a certificate of convenience and necessity or, acting under Section 39.203(e), orders an electric utility or a transmission and distribution utility to construct or enlarge transmission or transmission-related facilities to facilitate meeting the goal for generating capacity from renewable energy technologies under Section 39.904(a), the commission shall find that the facilities are used and useful to the utility in providing service for purposes of this section and are prudent and includable in the rate base, regardless of the extent of the utility's actual use of the facilities.

(V.A.C.S. Art. 1446c-0, Secs. 2.206(a) (part), (c).) (Amended by Acts 2005, 79th Leg., 1st C.S., ch. 1 (SB 20) § 1.)

Sec. 36.054. CONSTRUCTION WORK IN PROGRESS.

(a) Construction work in progress, at cost as recorded on the electric utility's books, may be included in the utility's rate base. The inclusion of construction work in progress is an exceptional form of rate relief that the regulatory authority may grant only if the utility demonstrates that inclusion is necessary to the utility's financial integrity.

(b) Construction work in progress may not be included in the rate base for a major project under construction to the extent that the project has been inefficiently or imprudently planned or managed.

(V.A.C.S. Art. 1446c-0, Secs. 2.206(a) (part), (b).)

Sec. 36.055. SEPARATIONS AND ALLOCATIONS.

Costs of facilities, revenues, expenses, taxes, and reserves shall be separated or allocated as prescribed by the regulatory authority.

(V.A.C.S. Art. 1446c-0, Sec. 2.207.)

Sec. 36.056. DEPRECIATION, AMORTIZATION, AND DEPLETION.

(a) The commission shall establish proper and adequate rates and methods of depreciation, amortization, or depletion for each class of property of an electric or municipally owned utility.

(b) The rates and methods established under this section and the depreciation account required by Section 32.102 shall be used uniformly and consistently throughout rate-setting and appeal proceedings.

(V.A.C.S. Art. 1446c-0, Secs. 2.151(a) (part), (d).)

Sec. 36.057. NET INCOME; DETERMINATION OF REVENUES AND EXPENSES.

(a) An electric utility's net income is the total revenues of the utility less all reasonable and necessary expenses as determined by the regulatory authority.

(b) The regulatory authority shall determine revenues and expenses in a manner consistent with this subchapter.

(c) The regulatory authority may adopt reasonable rules with respect to whether an expense is allowed for ratemaking purposes.

(V.A.C.S. Art. 1446c-0, Secs. 2.208(a), (e).)

Sec. 36.058. CONSIDERATION OF PAYMENT TO AFFILIATE.

(a) Except as provided by Subsection (b), the regulatory authority may not allow as capital cost or as expense a payment to an affiliate for:

- (1) the cost of a service, property, right, or other item; or
- (2) interest expense.

(b) The regulatory authority may allow a payment described by Subsection (a) only to the extent that the regulatory authority finds the payment is reasonable and necessary for each item or class of items as determined by the commission.

(c) A finding under Subsection (b) must include:

- (1) a specific finding of the reasonableness and necessity of each item or class of items allowed; and
- (2) a finding that the price to the electric utility is not higher than the prices charged by the supplying affiliate for the same item or class of items to:
 - (A) its other affiliates or divisions; or
 - (B) a nonaffiliated person within the same market area or having the same market conditions.

(d) In making a finding regarding an affiliate transaction, the regulatory authority shall:

- (1) determine the extent to which the conditions and circumstances of that transaction are reasonably comparable relative to quantity, terms, date of contract, and place of delivery; and
- (2) allow for appropriate differences based on that determination.

(e) This section does not require a finding to be made before payments made by an electric utility to an affiliate are included in the utility's charges to consumers if there is a mechanism for making the charges subject to refund pending the making of the finding.

(f) If the regulatory authority finds that an affiliate expense for the test period is unreasonable, the regulatory authority shall:

- (1) determine the reasonable level of the expense; and
- (2) include that expense in determining the electric utility's cost of service.

(V.A.C.S. Art. 1446c-0, Sec. 2.208(b).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 25; Acts 2005, 79th Leg., R.S., ch. 413 (SB 1668) § 1.)

Sec. 36.059. TREATMENT OF CERTAIN TAX BENEFITS.

(a) In determining the allocation of tax savings derived from liberalized depreciation and amortization, the investment tax credit, and the application of similar methods, the regulatory authority shall:

- (1) balance equitably the interests of present and future customers; and
- (2) apportion accordingly the benefits between consumers and the electric or municipally owned utility.

(b) If an electric utility or a municipally owned utility retains a portion of the investment tax credit, that portion shall be deducted from the original cost of the facilities or other addition to the rate base to which the credit applied to the extent allowed by the Internal Revenue Code.

(V.A.C.S. Art. 1446c-0, Secs. 2.151(c), (d).)

Sec. 36.060. CONSOLIDATED INCOME TAX RETURNS.

(a) Unless it is shown to the satisfaction of the regulatory authority that it was reasonable to choose not to consolidate returns, an electric utility's income taxes shall be computed as though a consolidated return had been filed and the utility had realized its fair share of the savings resulting from that return, if:

- (1) the utility is a member of an affiliated group eligible to file a consolidated income tax return; and
- (2) it is advantageous to the utility to do so.

(b) The amount of income tax that a consolidated group of which an electric utility is a member saves, because the consolidated return eliminates the intercompany profit on purchases by the utility from an affiliate, shall be applied to reduce the cost of the property or service purchased from the affiliate.

(c) The investment tax credit allowed against federal income taxes, to the extent retained by the electric utility, shall be applied as a reduction in the rate-based contribution of the assets to which the credit applies, to the extent and at the rate allowed by the Internal Revenue Code.

(V.A.C.S. Art. 1446c-0, Sec. 2.208(c).)

Sec. 36.061. ALLOWANCE OF CERTAIN EXPENSES.

(a) The regulatory authority may not allow as a cost or expense for ratemaking purposes:

- (1) an expenditure for legislative advocacy; or
- (2) an expenditure described by Section 32.104 that the regulatory authority determines to be not in the public interest.

(b) The regulatory authority may allow as a cost or expense:

(1) reasonable charitable or civic contributions not to exceed the amount approved by the regulatory authority; and

(2) reasonable costs of participating in a proceeding under this title not to exceed the amount approved by the regulatory authority.

(V.A.C.S. Art. 1446c-0, Secs. 2.152(b), (c), (d), (e).)

Sec. 36.062. CONSIDERATION OF CERTAIN EXPENSES.

The regulatory authority may not consider for ratemaking purposes:

(1) an expenditure for legislative advocacy, made directly or indirectly, including legislative advocacy expenses included in trade association dues;

(2) a payment made to cover costs of an accident, equipment failure, or negligence at a utility facility owned by a person or governmental entity not selling power in this state, other than a payment made under an insurance or risk-sharing arrangement executed before the date of loss;

(3) an expenditure for costs of processing a refund or credit under Section 36.110; or

(4) any other expenditure, including an executive salary, advertising expense, legal expense, or civil penalty or fine, the regulatory authority finds to be unreasonable, unnecessary, or not in the public interest.

(V.A.C.S. Art. 1446c-0, Sec. 2.208(d).)

Sec. 36.063. CONSIDERATION OF PROFIT OR LOSS FROM SALE OR LEASE OF MERCHANDISE.

In establishing an electric or municipally owned utility's rates, the regulatory authority may not consider any profit or loss that results from the sale or lease of merchandise, including appliances, fixtures, or equipment, to the extent that merchandise is not integral to providing utility service.

(V.A.C.S. Art. 1446c-0, Secs. 2.151(b) (part), (d).)

Sec. 36.064. SELF-INSURANCE.

(a) An electric utility may self-insure all or part of the utility's potential liability or catastrophic property loss, including windstorm, fire, and explosion losses, that could not have been reasonably anticipated and included under operating and maintenance expenses.

(b) The commission shall approve a self-insurance plan under this section if the commission finds that:

(1) the coverage is in the public interest;

(2) the plan, considering all costs, is a lower cost alternative to purchasing commercial insurance; and

(3) ratepayers will receive the benefits of the savings.

(c) In computing an electric utility's reasonable and necessary expenses under this subchapter, the regulatory authority, to the extent the regulatory authority finds is in the public interest, shall allow as a necessary expense the money credited to a reserve account for self-insurance. The regulatory authority shall determine reasonableness under this subsection:

(1) from information provided at the time the self-insurance plan and reserve account are established; and

(2) on the filing of a rate case by an electric utility that has a reserve account.

(d) After a reserve account for self-insurance is established, the regulatory authority shall:

- (1) determine whether the reserve account has a surplus or shortage under Subsection (e); and
- (2) subtract any surplus from or add any shortage to the utility's rate base.

(e) A surplus in the reserve account exists if the charges against the account are less than the money credited to the account. A shortage in the reserve account exists if the charges against the account are greater than the money credited to the account.

(f) The allowance for self-insurance under this title for ratemaking purposes is not applicable to nuclear plant investment.

(g) The commission shall adopt rules governing self-insurance under this section.

(V.A.C.S. Art. 1446c-0, Sec. 2.210.)

Sec. 36.065. PENSION AND OTHER POSTEMPLOYMENT BENEFITS.

(a) The regulatory authority shall include in the rates of an electric utility expenses for pension and other postemployment benefits, as determined by actuarial or other similar studies in accordance with generally accepted accounting principles, in an amount the regulatory authority finds reasonable. Expenses for pension and other postemployment benefits include, in an amount found reasonable by the regulatory authority, the benefits attributable to the service of employees who were employed by the predecessor integrated electric utility of an electric utility before the utility's unbundling under Chapter 39 irrespective of the business activity performed by the employee or the affiliate to which the employee was transferred on or after the unbundling.

(b) Effective January 1, 2005, an electric utility may establish one or more reserve accounts for expenses for pension and other postemployment benefits. An electric utility shall periodically record in the reserve account any difference between:

- (1) the annual amount of pension and other postemployment benefits approved as an operating expense in the electric utility's last general rate proceeding or, if that amount cannot be determined from the regulatory authority's order, the amount recorded for pension and other postemployment benefits under generally accepted accounting principles during the first year that rates from the electric utility's last general rate proceeding are in effect; and
- (2) the annual amount of pension and other postemployment benefits as determined by actuarial or other similar studies that are chargeable to the electric utility's operating expense.

(c) A surplus in the reserve account exists if the amount of pension and other postemployment benefits under Subsection (b)(1) is greater than the amount determined under Subsection (b)(2). A shortage in the reserve account exists if the amount of pension and other postemployment benefits under Subsection (b)(1) is less than the amount determined under Subsection (b)(2).

(d) If a reserve account for pension and other postemployment benefits is established, the regulatory authority at a subsequent general rate proceeding shall:

- (1) review the amounts recorded to the reserve account to determine whether the amounts are reasonable expenses;
- (2) determine whether the reserve account has a surplus or shortage under Subsection (c); and
- (3) subtract any surplus from or add any shortage to the electric utility's rate base with the surplus or shortage amortized over a reasonable time.

(Added by Acts 2005, 79th Leg., R.S., ch. 385 (SB 1447) § 1.)

SUBCHAPTER C. GENERAL PROCEDURES FOR RATE CHANGES PROPOSED BY UTILITY

Sec. 36.101. DEFINITION.

In this subchapter, "major change" means an increase in rates that would increase the aggregate revenues of the applicant more than the greater of \$100,000 or 2-1/2 percent. The term does not include an increase in rates that the regulatory authority allows to go into effect or the electric utility makes under an order of the regulatory authority after hearings held with public notice.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(b) (part).)

Sec. 36.102. STATEMENT OF INTENT TO CHANGE RATES.

(a) Except as provided by Section 33.024, an electric utility may not change its rates unless the utility files a statement of its intent with the regulatory authority that has original jurisdiction over those rates at least 35 days before the effective date of the proposed change.

(b) The electric utility shall also mail or deliver a copy of the statement of intent to the appropriate officer of each affected municipality.

(c) The statement of intent must include:

- (1) proposed revisions of tariffs; and
- (2) a detailed statement of:
 - (A) each proposed change;
 - (B) the effect the proposed change is expected to have on the revenues of the utility;
 - (C) each class and number of utility consumers affected; and
 - (D) any other information required by the regulatory authority's rules.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(a) (part).)

Sec. 36.103. NOTICE OF INTENT TO CHANGE RATES.

(a) The electric utility shall:

(1) publish, in conspicuous form and place, notice to the public of the proposed change once each week for four successive weeks before the effective date of the proposed change in a newspaper having general circulation in each county containing territory affected by the proposed change; and

(2) mail notice of the proposed change to any other affected person as required by the regulatory authority's rules.

(b) The regulatory authority may waive the publication of notice requirement prescribed by Subsection (a) in a proceeding that involves only a rate reduction for each affected ratepayer. The applicant shall give notice of the proposed rate change by mail to each affected utility customer.

(c) The regulatory authority by rule shall define other proceedings for which the publication of notice requirement prescribed by Subsection (a) may be waived on a showing of good cause. A waiver may not be granted in a proceeding involving a rate increase to any class or category of ratepayer.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(a) (part).)

Sec. 36.104. EARLY EFFECTIVE DATE OF RATE CHANGE.

(a) For good cause shown, the regulatory authority may allow a rate change, other than a major change, to take effect:

- (1) before the end of the 35-day period prescribed by Section 36.102; and
- (2) under conditions the regulatory authority prescribes, subject to suspension as provided by this subchapter.

(b) The electric utility shall immediately revise its tariffs to include the change.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(b) (part).)

Sec. 36.105. DETERMINATION OF PROPRIETY OF RATE CHANGE; HEARING.

(a) If a tariff changing rates is filed with a regulatory authority, the regulatory authority shall, on complaint by an affected person, or may, on its own motion, not later than the 30th day after the effective date of the change, enter on a hearing to determine the propriety of the change.

(b) The regulatory authority shall hold a hearing in every case in which the change constitutes a major change. The regulatory authority may, however, use an informal proceeding if the regulatory authority does not receive a complaint before the 46th day after the date notice of the change is filed.

(c) The regulatory authority shall give reasonable notice of the hearing, including notice to the governing body of each affected municipality and county. The electric utility is not required to provide a formal answer or file any other formal pleading in response to the notice, and the absence of an answer does not affect an order for a hearing.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(c) (part).)

Sec. 36.106. REGIONAL HEARING.

The commission shall hold a regional hearing at an appropriate location in a case in which the commission determines it is in the public interest to hear testimony at a regional hearing for inclusion in the record.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(c) (part).)

Sec. 36.107. PREFERENCE TO HEARING.

The regulatory authority shall:

- (1) give preference to a hearing under this subchapter and to deciding questions arising under this subchapter and Subchapter E over any other question pending before it; and
- (2) decide the questions as quickly as possible.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(d) (part).)

Sec. 36.108. RATE SUSPENSION; DEADLINE.

(a) Pending the hearing and a decision:

(1) the local regulatory authority, after delivering to the electric utility a written statement of the regulatory authority's reasons, may suspend the rate change for not longer than 90 days after the date the rate change would otherwise be effective; and

(2) the commission may suspend the rate change for not longer than 150 days after the date the rate change would otherwise be effective.

(b) The 150-day period prescribed by Subsection (a)(2) shall be extended two days for each day the actual hearing on the merits of the case exceeds 15 days.

(c) If the regulatory authority does not make a final determination concerning a rate change before expiration of the applicable suspension period, the regulatory authority is considered to have approved the change. This approval is subject to the authority of the regulatory authority thereafter to continue a hearing in progress.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(d) (part).)

Sec. 36.109. TEMPORARY RATES.

(a) The regulatory authority may establish temporary rates to be in effect during the applicable suspension period under Section 36.108.

(b) If the regulatory authority does not establish temporary rates, the rates in effect when the suspended tariff was filed continue in effect during the suspension period.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(d) (part).)

Sec. 36.110. BONDED RATES.

(a) An electric utility may put a changed rate into effect throughout the area in which the utility sought to change its rates, including an area over which the commission is exercising appellate or original jurisdiction, by filing a bond with the commission if:

- (1) the 150-day suspension period has been extended under Section 36.108(b); and
- (2) the commission fails to make a final determination before the 151st day after the date the rate change would otherwise be effective.

(b) The bonded rate may not exceed the proposed rate.

(c) The bond must be:

- (1) payable to the commission in an amount, in a form, and with a surety approved by the commission; and
- (2) conditioned on refund.

(d) The electric utility shall refund or credit against future bills:

- (1) money collected under the bonded rates in excess of the rate finally ordered; and
- (2) interest on that money, at the current interest rate as determined by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(e).)

Sec. 36.111. ESTABLISHMENT OF FINAL RATES.

(a) If, after hearing, the regulatory authority finds the rates are unreasonable or in violation of law, the regulatory authority shall:

- (1) enter an order establishing the rates the electric utility shall charge or apply for the service in question; and
- (2) serve a copy of the order on the electric utility.

(b) The rates established in the order shall be observed thereafter until changed as provided by this title.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(f).)

SUBCHAPTER D. RATE CHANGES PROPOSED BY REGULATORY AUTHORITY

Sec. 36.151. UNREASONABLE OR VIOLATIVE EXISTING RATES.

(a) If the regulatory authority, on its own motion or on complaint by an affected person, after reasonable notice and hearing, finds that the existing rates of an electric utility for a service are unreasonable or in violation of law, the regulatory authority shall:

- (1) enter an order establishing the just and reasonable rates to be observed thereafter, including maximum or minimum rates; and
- (2) serve a copy of the order on the electric utility.

(b) The rates established under Subsection (a) constitute the legal rates of the electric utility until changed as provided by this title.

(V.A.C.S. Art. 1446c-0, Sec. 2.211(a).)

Sec. 36.152. INVESTIGATING COSTS OF OBTAINING SERVICE FROM ANOTHER SOURCE.

If an electric utility does not produce or generate the service that it distributes, transmits, or furnishes to the public for compensation but obtains the service from another source, the regulatory authority may investigate the cost of that production or generation in an investigation of the reasonableness of the electric utility's rates.

(V.A.C.S. Art. 1446c-0, Sec. 2.211(b).)

Sec. 36.153. RATE-FILING PACKAGE.

(a) An electric utility shall file a rate-filing package with the regulatory authority not later than the 120th day after the date the authority notifies the utility that the authority will proceed with an inquiry under Section 36.151.

(b) The regulatory authority may grant an extension of the 120-day period prescribed by Subsection (a) or waive the rate-filing package requirement on agreement of the parties.

(V.A.C.S. Art. 1446c-0, Sec. 2.211(c) (part).)

Sec. 36.154. DEADLINE.

(a) The regulatory authority shall make a final determination not later than the 185th day after the date the electric utility files the rate-filing package required by Section 36.153.

(b) The deadline prescribed by Subsection (a) is extended two days for each day the actual hearing on the merits of the case exceeds 15 days.

(V.A.C.S. Art. 1446c-0, Sec. 2.211(c) (part).)

Sec. 36.155. INTERIM ORDER ESTABLISHING TEMPORARY RATES.

(a) At any time after an initial complaint is filed under Section 36.151, the regulatory authority may issue an interim order establishing temporary rates for the electric utility to be in effect until a final determination is made.

(b) On issuance of a final order, the regulatory authority:

- (1) may require the electric utility to refund to customers or to credit against future bills:
 - (A) money collected under the temporary rates in excess of the rate finally ordered; and

- (B) interest on that money, at the current interest rate as determined by the commission; or
- (2) shall authorize the electric utility to surcharge bills to recover:
 - (A) the amount by which the money collected under the temporary rates is less than the money that would have been collected under the rate finally ordered; and
 - (B) interest on that amount, at the current interest rate as determined by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.211(d).)

Sec. 36.156. AUTOMATIC TEMPORARY RATES.

(a) The rates charged by the electric utility on the 185th day after the date the utility files the rate-filing package required by Section 36.153 automatically become temporary rates if:

- (1) the 185-day period has been extended under Section 36.154(b); and
- (2) the regulatory authority has not issued a final order or established temporary rates for the electric utility on or before the 185th day.

(b) On issuance of a final order, the regulatory authority:

- (1) shall require the electric utility to refund to customers or to credit against future bills:
 - (A) money collected under the temporary rates in excess of the rate finally ordered; and
 - (B) interest on that money, at the current interest rate as determined by the commission; or
- (2) shall authorize the electric utility to surcharge bills to recover:
 - (A) the amount by which the money collected under the temporary rates is less than the money that would have been collected under the rate finally ordered; and
 - (B) interest on that amount, at the current interest rate as determined by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 2.211(e).)

SUBCHAPTER E. COST RECOVERY AND RATE ADJUSTMENT

Sec. 36.201. AUTOMATIC ADJUSTMENT FOR CHANGES IN COSTS.

Except as permitted by Section 36.204, the commission may not establish a rate or tariff that authorizes an electric utility to automatically adjust and pass through to the utility's customers a change in the utility's fuel or other costs.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(g)(1).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 26.)

Sec. 36.202. ADJUSTMENT FOR CHANGE IN TAX LIABILITY.

(a) The commission, on its own motion or on the petition of an electric utility, shall provide for the adjustment of the utility's billing to reflect an increase or decrease in the utility's tax liability to this state if the increase or decrease:

- (1) results from Chapter 5, Acts of the 72nd Legislature, 1st Called Session, 1991; and
- (2) is attributable to an activity subject to the commission's jurisdiction.

(b) The commission shall apportion pro rata to each type and class of service provided by the utility any billing adjustment under this section. The adjustment:

(1) shall be made effective at the same time as the increase or decrease of tax liability described by Subsection (a)(1) or as soon after that increase or decrease as is reasonably practical; and

(2) remains effective only until the commission alters the adjustment as provided by this section or enters an order for the utility under Subchapter C or D.

(c) Each year after an original adjustment, the commission shall:

(1) review the utility's increase or decrease of tax liability described by Subsection (a)(1); and

(2) alter the adjustment as necessary to reflect the increase or decrease.

(d) A proceeding under this section is not a rate case under Subchapter C.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(h).)

Sec. 36.203. FUEL COST RECOVERY; ADJUSTMENT OF FUEL FACTOR.

(a) Section 36.201 does not prohibit the commission from reviewing and providing for adjustments of a utility's fuel factor.

(b) The commission by rule shall implement procedures that provide for the timely adjustment of a utility's fuel factor, with or without a hearing. The procedures must require that:

(1) the findings required by Section 36.058 regarding fuel transactions with affiliated interests are made in a fuel reconciliation proceeding or in a rate case filed under Subchapter C or D; and

(2) an affected party receive notice and have the opportunity to request a hearing before the commission.

(c) The commission may adjust a utility's fuel factor without a hearing if the commission determines that a hearing is not necessary. If the commission holds a hearing, the commission may consider at the hearing any evidence that is appropriate and in the public interest.

(d) The commission shall render a timely decision approving, disapproving, or modifying the adjustment to the utility's fuel factor.

(e) The commission by rule shall provide for the reconciliation of a utility's fuel costs on a timely basis.

(f) A proceeding under this section is not a rate case under Subchapter C.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(g)(2).)

Sec. 36.204. COST RECOVERY AND INCENTIVES.

In establishing rates for an electric utility, the commission may:

(1) allow timely recovery of the reasonable costs of conservation, load management, and purchased power, notwithstanding Section 36.201; and

(2) authorize additional incentives for conservation, load management, purchased power, and renewable resources.

(V.A.C.S. Art. 1446c-0, Sec. 2.051(w) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 27.)

Sec. 36.205. PURCHASED POWER COST RECOVERY.

(a) This section applies only to an increase or decrease in the cost of purchased electricity that has been:

(1) accepted by a federal regulatory authority; or

(2) approved after a hearing by the commission.

(b) The commission may use any appropriate method to provide for the adjustment of the cost of purchased electricity on terms determined by the commission.

(c) Purchased electricity costs may be recovered:

- (1) concurrently with the effective date of the changed costs to the purchasing electric utility; or
- (2) as soon after the effective date as reasonably practical.

(d) The commission may provide a mechanism to allow an electric utility that has a noncontiguous geographical service area and that purchases power for resale for that noncontiguous service area from electric utilities that are not members of the Electric Reliability Council of Texas to recover purchased power costs for the area in a manner that reflects the purchased power cost for that specific geographical noncontiguous area. The commission may not require an electric cooperative corporation to use the mechanism provided under this section unless the electric cooperative corporation requests its use.

(V.A.C.S. Art. 1446c-0, Sec. 2.212(g)(3).)

Sec. 36.206. MARK-UPS.

(a) A cost recovery factor established for the recovery of purchased power costs may include:

- (1) the cost the electric utility incurs in purchasing capacity and energy;
- (2) a mark-up added to the cost or another mechanism the commission determines will reasonably compensate the utility for any financial risk associated with purchased power obligations; and
- (3) the value added by the utility in making the purchased power available to customers.

(b) The mark-ups and cost recovery factors, if allowed, may be those necessary to encourage the electric utility to include economical purchased power as part of the utility's energy and capacity resource supply plan.

(V.A.C.S. Art. 1446c-0, Sec. 2.1511.)

Sec. 36.207. USE OF MARK-UPS.

Any mark-ups approved under Section 36.206 are an exceptional form of rate relief that the electric utility may recover from ratepayers only on a finding by the commission that the relief is necessary to maintain the utility's financial integrity.

(V.A.C.S. Art. 1446c-0, Sec. 2.001(d) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 28.)

Sec. 36.208. PAYMENT TO QUALIFYING FACILITY.

In establishing an electric utility's rates, the regulatory authority shall:

- (1) consider a payment made to a qualifying facility under an agreement certified under Subchapter C, Chapter 35, to be a reasonable and necessary operating expense of the electric utility during the period for which the certification is effective; and
- (2) allow full, concurrent, and monthly recovery of the amount of the payment.

(V.A.C.S. Art. 1446c-0, Sec. 2.209(e).)

Sec. 36.209. RECOVERY BY CERTAIN NON-ERCOT UTILITIES OF CERTAIN TRANSMISSION COSTS.

(a) This section applies only to an electric utility that operates solely outside of ERCOT in areas of this state included in the Southwest Power Pool or the Western Electricity Coordinating Council and that owns or operates transmission facilities.

(b) The commission, after notice and hearing, may allow an electric utility to recover on an annual basis its reasonable and necessary expenditures for transmission infrastructure improvement costs and changes in wholesale transmission charges to the electric utility under a tariff approved by a federal regulatory authority to the extent that the costs or charges have not otherwise been recovered. The commission may allow the electric utility to recover only the costs allocable to retail customers in the state and may not allow the electric utility to over-recover costs.

(Added by Acts 2005, 79th Leg., R.S., ch. 1024 (HB 989) § 1.)

SUBCHAPTER F. [REPEALED]

(Repealed by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 61.)

SUBCHAPTER G. [REPEALED]

(Repealed by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 61.)

SUBCHAPTER H. RATES FOR GOVERNMENTAL ENTITIES

Sec. 36.351. DISCOUNTED RATES FOR CERTAIN INSTITUTIONS OF HIGHER EDUCATION.

(a) Notwithstanding any other provision of this title, each electric utility and municipally owned utility shall discount charges for electric service provided to a facility of a four-year state university, upper-level institution, Texas State Technical College, or college.

(b) The discount is a 20-percent reduction of the utility's base rates that would otherwise be paid under the applicable tariffed rate.

(c) An electric or municipally owned utility is exempt from this section if the 20-percent discount results in a reduction equal to more than one percent of the utility's total annual revenues.

(d) A municipally owned utility is exempt from this section if the municipally owned utility, on September 1, 1995, discounted base commercial rates for electric service provided to all four-year state universities or colleges in its service area by 20 percent or more.

(e) This section does not apply to a rate charged to an institution of higher education by a municipally owned utility that provides a discounted rate to the state for electric services below rates in effect on January 1, 1995, if the discounted rate provides a greater financial discount to the state than is provided to the institution of higher education through the discount provided by this section.

(f) An investor-owned electric utility may not recover from residential customers or any other customer class the assigned and allocated costs of serving a state university or college that receives a discount under this section.

(g) Each electric utility shall file tariffs with the commission reflecting the discount required under this section. The initial tariff filing is not a rate change for purposes of Subchapter C.

(V.A.C.S. Art. 1446c-0, Sec. 2.2141.)

Sec. 36.352. SPECIAL RATE CLASS.

Notwithstanding any other provision of this title, if the commission, on or before September 1, 1995, approved the establishment of a separate rate class for electric service for a university and grouped public schools in a separate rate class, the commission shall include community colleges in the rate class with public school customers.

(V.A.C.S. Art. 1446c-0, Sec. 2.215(c).)

Sec. 36.353. PAYMENT IN LIEU OF TAX.

(a) A payment made in lieu of a tax by a municipally owned utility to the municipality by which the utility is owned may not be considered an expense of operation in establishing the utility's rate for providing utility service to a school district or hospital district.

(b) A rate a municipally owned utility receives from a school district or hospital district may not be used to make or to cover the cost of making payments in lieu of taxes to the municipality that owns the utility.

(V.A.C.S. Art. 1446c-0, Sec. 2.217.)

Sec. 36.354. DISCOUNTED RATES FOR MILITARY BASES.

(a) Notwithstanding any other provision of this title, each municipally owned utility, electric cooperative, or electric utility in an area where customer choice is not available or the commission has delayed the implementation of full customer choice in accordance with Section 39.103 shall discount charges for electric service provided to a military base.

(b) The discount under Subsection (a) is a 20 percent reduction of the base commercial rate that the municipally owned utility, electric cooperative, or electric utility would otherwise charge the military installation.

(c) An electric utility, municipally owned utility, or electric cooperative may assess a surcharge to all of the utility's retail customers in the state to recover the difference in revenue between the revenues from the discounted rate for military bases provided under Subsection (a) and the base commercial rate. This subsection does not apply to an electric utility, municipally owned utility, or electric cooperative that was providing electric service to a military base on December 31, 2002, at a rate constituting a discount of 20 percent or more from the utility's base commercial rate that the utility would otherwise charge the military base.

(d) Each electric utility shall file a tariff with the commission reflecting the discount required by Subsection (a) and may file a tariff reflecting the surcharge provided by Subsection (c). Not later than the 30th day after the date the commission receives the electric utility's tariff reflecting the surcharge, the commission shall approve the tariff. A proceeding under this subsection is not a rate change for purposes of Subchapter C.

(e) An electric utility, municipally owned utility, or electric cooperative is exempt from the requirements of Subsection (a) if:

(1) the 20 percent discount would result in a reduction of revenue in an amount that is greater than one percent of the utility's total annual revenues; or

(2) the utility:

(A) was providing electric service to a military base on December 31, 2002, at a rate constituting a discount of 20 percent or more from the utility's base commercial rate that the utility would otherwise charge the military base; and

(B) continues to provide electric service to the military base at a rate constituting a discount of 20 percent or more from the utility's base commercial rate that the utility would otherwise charge the military base.

(f) Each electric utility shall provide the Texas Military Preparedness Commission with the base commercial rate that the utility would otherwise charge the military base and the rate the utility is charging the military base.

(g) For the purposes of this section, the term "military base" does not include a military base:

(1) that has been closed or realigned under the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. Section 2687) and its subsequent amendments;

(2) that is administered by an authority established by a municipality under Chapter 378, Local Government Code, as added by Chapter 1221, Acts of the 76th Legislature, Regular Session, 1999;

(3) that is operated by or for the benefit of the Texas National Guard, as defined by Section 431.001, Government Code, unless the base is served by a municipally owned utility owned by a city with a population of 650,000 or more; or

(4) for which a municipally owned utility has acquired the electric distribution system under 10 U.S.C. Section 2688.

(Added by Acts 2003, 78th Leg., R.S., ch. 149 (SB 652) § 21.)

CHAPTER 37. CERTIFICATES OF CONVENIENCE AND NECESSITY

SUBCHAPTER A. DEFINITIONS

Sec. 37.001. DEFINITIONS.

In this chapter:

- (1) "Certificate" means a certificate of convenience and necessity.
- (2) "Electric Utility" includes an electric cooperative.

(3) "Retail electric utility" means a person, political subdivision, electric cooperative, or agency that operates, maintains, or controls in this state a facility to provide retail electric utility service. The term does not include a corporation described by Section 32.053 to the extent that the corporation sells electricity exclusively at wholesale and not to the ultimate consumer. A qualifying cogenerator that sells electric energy at retail to the sole purchaser of the cogenerator's thermal output under Sections 35.061 and 36.007 is not for that reason considered to be a retail electric utility. The owner or operator of a qualifying cogeneration facility who was issued the necessary environmental permits from the Texas Natural Resource Conservation Commission after January 1, 1998, and who commenced construction of such qualifying facility before July 1, 1998, may provide electricity to the purchasers of the thermal output of that qualifying facility and shall not for that reason be considered an electric utility or a retail electric utility, provided that the purchasers of the thermal output are owners of manufacturing or process operation facilities that are located on a site entirely owned before September, 1987, by one owner who retained ownership after September, 1987, of some portion of the facilities and that those facilities now share some integrated operations, such as the provision of services and raw materials.

(V.A.C.S. Art. 1446c-0, Secs. 2.0012(a) (part), 2.251) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 29.)

SUBCHAPTER B. CERTIFICATE OF CONVENIENCE AND NECESSITY

Sec. 37.051. CERTIFICATE REQUIRED.

(a) An electric utility may not directly or indirectly provide service to the public under a franchise or permit unless the utility first obtains from the commission a certificate that states that the public convenience and necessity requires or will require the installation, operation, or extension of the service.

(b) Except as otherwise provided by this chapter, a retail electric utility may not furnish or make available retail electric utility service to an area in which retail electric utility service is being lawfully furnished by another retail electric utility unless the utility first obtains a certificate that includes the area in which the consuming facility is located.

(c) Notwithstanding any other provision of this chapter, including Subsection (a), an electric cooperative is not required to obtain a certificate of public convenience and necessity for the construction, installation, operation, or extension of any generating facilities or necessary interconnection facilities.

(V.A.C.S. Art. 1446c-0, Sec. 2.252.) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 30.)

Sec. 37.052. EXCEPTIONS TO CERTIFICATE REQUIREMENT FOR SERVICE EXTENSION.

(a) An electric utility is not required to obtain a certificate for an:

- (1) extension into territory that is:
 - (A) contiguous to the territory the electric utility serves;

- (B) not receiving similar service from another electric utility; and
 - (C) not in another electric utility's certificated area;
 - (2) extension in or to territory the utility serves or is authorized to serve under a certificate; or
 - (3) operation, extension, or service in progress on September 1, 1975.
 - (b) An extension allowed under Subsection (a) is limited to a device used:
 - (1) to interconnect existing facilities; or
 - (2) solely to transmit electric utility services from an existing facility to a customer of retail electric utility service.
- (V.A.C.S. Art. 1446c-0, Sec. 2.253.)

Sec. 37.053. APPLICATION FOR CERTIFICATE.

- (a) An electric utility that wants to obtain or amend a certificate must submit an application to the commission.
 - (b) The applicant shall file with the commission evidence the commission requires to show the applicant has received the consent, franchise, or permit required by the proper municipal or other public authority.
- (V.A.C.S. Art. 1446c-0, Secs. 2.254(a), (c).)

Sec. 37.054. NOTICE AND HEARING ON APPLICATION.

- (a) When an application for a certificate is filed, the commission shall:
 - (1) give notice of the application to interested parties; and
 - (2) if requested:
 - (A) set a time and place for a hearing; and
 - (B) give notice of the hearing.
- (b) A person or electric cooperative interested in the application may intervene at the hearing.

(V.A.C.S. Art. 1446c-0, Sec. 2.255(a).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 31.)

Sec. 37.055. REQUEST FOR PRELIMINARY ORDER.

- (a) An electric utility that wants to exercise a right or privilege under a franchise or permit that the utility anticipates obtaining but has not been granted may apply to the commission for a preliminary order under this section.
 - (b) The commission may issue a preliminary order declaring that the commission, on application and under commission rules, will grant the requested certificate on terms the commission designates, after the electric utility obtains the franchise or permit.
 - (c) The commission shall grant the certificate on presentation of evidence satisfactory to the commission that the electric utility has obtained the franchise or permit.
- (V.A.C.S. Art. 1446c-0, Sec. 2.258.)

Sec. 37.056. GRANT OR DENIAL OF CERTIFICATE.

- (a) The commission may approve an application and grant a certificate only if the commission finds that the certificate is necessary for the service, accommodation, convenience, or safety of the public.

- (b) The commission may:
 - (1) grant the certificate as requested;
 - (2) grant the certificate for the construction of a portion of the requested system, facility, or extension or the partial exercise of the requested right or privilege; or
 - (3) refuse to grant the certificate.
- (c) The commission shall grant each certificate on a nondiscriminatory basis after considering:
 - (1) the adequacy of existing service;
 - (2) the need for additional service;
 - (3) the effect of granting the certificate on the recipient of the certificate and any electric utility serving the proximate area; and
 - (4) other factors, such as:
 - (A) community values;
 - (B) recreational and park areas;
 - (C) historical and aesthetic values;
 - (D) environmental integrity;
 - (E) the probable improvement of service or lowering of cost to consumers in the area if the certificate is granted; and
 - (F) to the extent applicable, the effect of granting the certificate on the ability of this state to meet the goal established by Section 39.904(a) of this title.

(V.A.C.S. Art. 1446c-0, Secs. 2.255(b), (c).) (Amended by Acts 2003, 78th Leg., R.S., ch. 295 (HB 2548) § 2.)

Sec. 37.057. DEADLINE FOR APPLICATION FOR NEW TRANSMISSION FACILITY.

The commission must approve or deny an application for a certificate for a new transmission facility not later than the first anniversary of the date the application is filed. If the commission does not approve or deny the application on or before that date, a party may seek a writ of mandamus in a district court of Travis County to compel the commission to decide on the application.

(V.A.C.S. Art. 1446c-0, Sec. 2.255(e).)

Sec. 37.058. CERTIFICATE FOR ELECTRIC GENERATING PLANT. [REPEALED].

(V.A.C.S. Art. 1446c-0, Sec. 2.255(e).) (Repealed by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 61.)

Sec. 37.059. REVOCATION OR AMENDMENT OF CERTIFICATE.

(a) The commission may revoke or amend a certificate after notice and hearing if the commission finds that the certificate holder has never provided or is no longer providing service in all or any part of the certificated area.

(b) The commission may require one or more electric utilities to provide service in an area affected by the revocation or amendment of a certificate.

(V.A.C.S. Art. 1446c-0, Sec. 2.264.)

Sec. 37.060. DIVISION OF MULTIPLY CERTIFICATED SERVICE AREAS.

(a) This subsection and Subsections (b)-(g) apply only to areas in which each retail electric utility that is authorized to provide retail electric utility service to the area is providing customer choice. For purposes of this subsection, an electric cooperative or a municipally owned electric utility shall be deemed to be providing customer choice if it has approved a resolution adopting customer choice that is effective on January 1, 2002, or effective within 24 months after the date of the resolution adopting customer choice. All other retail electric utilities shall be deemed to be providing customer choice if customer choice will be allowed for customers of the retail electric utility on January 1, 2002. In areas in which each certificated retail electric utility is providing customer choice, the commission, if requested by a retail electric utility, shall examine all areas within the service area of the retail electric utility making the request that are also certificated to one or more other retail electric utilities and, after notice and hearing, shall amend the retail electric utilities' certificates so that only one retail electric utility is certificated to provide distribution services in any such area. Only retail electric utilities certificated to serve an area on June 1, 1999, may continue to serve the area or portion of the area under an amended certificate issued under this subsection.

(b) This section does not apply in any area in which a municipally owned utility is certificated to provide retail electric utility service if the municipally owned utility serving the area files with the commission by October 1, 2001, a request that areas within the certificated service area of the municipally owned utility remain as presently certificated.

(c) The commission shall enter its order dividing multiply certificated areas within one year of the date a request is received.

(d) In amending certificates under this section, the commission shall take into consideration the factors prescribed by Section 37.056.

(e) Notwithstanding Section 37.059, the commission shall revoke certificates to the extent necessary to achieve the division of retail electric service areas as provided by this section.

(f) Unless otherwise agreed by the affected retail electric utilities, each retail electric utility shall be allowed to continue to provide service to the location of electricity-consuming facilities it is serving on the date an application for division of the affected multiply certificated service areas is filed. No customer located within the affected multiply certificated service areas shall be permitted to switch from one retail electric utility to another while an application for division of the affected multiply certificated service areas is pending.

(g) If on June 1, 1999, retail service is being provided in an area by another retail electric utility with the written consent of the retail electric utility certificated to serve the area, that consent shall be filed with the commission. On notification of that consent and a request by an affected retail electric utility to amend the relevant certificates, the commission may grant an exception or amend a retail electric utility's certificate. This provision shall not be construed to limit the commission's authority to grant exceptions or to amend a retail electric utility's certificate, upon request and notification, for areas to which retail service is being provided pursuant to written consent granted after June 1, 1999.

(h) The commission may not grant an additional retail electric utility certificate to serve an area if the effect of the grant would cause the area to be multiply certificated unless the commission finds that the certificate holders are not providing service to any part of the area for which a certificate is sought and are not capable of providing adequate service to the area in accordance with applicable standards. However, neither this subsection nor the deadline of June 1, 1999, provided by Subsection (a) shall apply to any application for multiple certification filed with the commission on or before February 1, 1999, and those applications may be processed in accordance with applicable law in effect on the date the application was filed. Applications for multiple certification filed with the commission on or before February 1, 1999, may

not be amended to expand the area for which a certificate is sought except for contiguous areas within municipalities that provide consent, as required by Section 37.053(b), not later than June 1, 1999.

(i) Notwithstanding any other provision of this section, if requested by a municipally owned utility, the commission shall examine all areas within the municipally owned utility's service area that are also certificated to one or more other retail electric utilities and, after notice and hearing, may amend the retail electric utilities' certificates so that only one retail electric utility is certificated to provide distribution services in the area, provided that:

(1) the application is filed with the commission within 12 months of the effective date of this provision and is limited to single certification of the area within the municipality's boundaries as of February 1, 1999;

(2) the commission preserves the right of an electric utility or an electric cooperative to serve its existing customers, including any property owned or leased by any customer; and

(3) the municipality is a member city of a municipal power agency, as that term is used in Section 40.059.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 32.) (Amended by Acts 2001, 77th Leg., R.S., ch. 796 (HB 412) § 1.)

Sec. 37.061. EXISTING SERVICE AREA AGREEMENTS.

(a) Notwithstanding any other provision of this title, the commission shall allow a municipally owned utility to amend the service area boundaries of its certificate if:

(1) the municipally owned utility was the holder of a certificate as of January 1, 1999;

(2) the municipally owned utility has an agreement existing before January 1, 1999, with a public utility serving the area that the public utility will not contest an application to amend the certificate to add municipal territory; and

(3) the area for which a certificate is requested is not certificated to a retail electric utility that is not a party to the agreement and that has not consented in writing to certification of the area to the municipality.

(b) The commission may not amend the certificate of the public utility serving the affected area based on the granting of a certificate to the municipally owned utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 32.)

SUBCHAPTER C. MUNICIPALITIES

Sec. 37.101. SERVICE IN ANNEXED OR INCORPORATED AREA.

(a) If an area is or will be included within a municipality as the result of annexation, incorporation, or another reason, each electric utility and each electric cooperative that holds or is entitled to hold a certificate under this title to provide service or operate a facility in the area before the inclusion has the right to continue to provide the service or operate the facility and extend service within the utility's or cooperative's certificated area in the annexed or incorporated area under the rights granted by the certificate and this title.

(b) Notwithstanding any other law, an electric utility has the right to:

(1) continue and extend service within the utility's certificated area; and

(2) use roads, streets, highways, alleys, and public property to furnish retail electric utility service.

(c) The governing body of a municipality may require an electric utility to relocate the utility's facility at the utility's expense to permit the widening or straightening of a street by:

- (1) giving the electric utility 30 days' notice; and
- (2) specifying the new location for the facility along the right-of-way of the street.

(d) This section does not:

- (1) limit the power of a city, town, or village to incorporate or of a municipality to extend its boundaries by annexation; or
- (2) prohibit a municipality from levying a tax or other special charge for the use of the streets as authorized by Section 182.025, Tax Code.

(V.A.C.S. Art. 1446c-0, Secs. 2.256(a), (b), (c).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 33.)

Sec. 37.102. GRANT OF CERTIFICATE FOR CERTAIN MUNICIPALITIES.

(a) If a municipal corporation offers retail electric utility service in a municipality having a population of more than 135,000 that is located in a county having a population of more than 1,500,000, the commission shall singly certificate areas in the municipality's boundaries in which more than one electric utility provides electric utility service.

(b) In singly certificating an area under Subsection (a), the commission shall preserve the right of an electric utility to serve the customers the electric utility was serving on June 17, 1983. This subsection does not apply to a customer at least partially served by a nominal 69,000 volts system who gave notice of termination to the utility servicing that customer before June 17, 1983.

(V.A.C.S. Art. 1446c-0, Sec. 2.256(d).)

SUBCHAPTER D. REGULATION OF SERVICES, AREAS, AND FACILITIES

Sec. 37.151. PROVISION OF SERVICE.

Except as provided by this section, Section 37.152, and Section 37.153, a certificate holder shall:

- (1) serve every consumer in the utility's certificated area; and
- (2) provide continuous and adequate service in that area.

(V.A.C.S. Art. 1446c-0, Sec. 2.259(a).)

Sec. 37.152. GROUNDS FOR REDUCTION OF SERVICE.

(a) Unless the commission issues a certificate that the present and future convenience and necessity will not be adversely affected, a certificate holder may not discontinue, reduce, or impair service to any part of the holder's certificated service area except for:

- (1) nonpayment of charges;
- (2) nonuse; or
- (3) another similar reason that occurs in the usual course of business.

(b) A discontinuance, reduction, or impairment of service must be in compliance with and subject to any condition or restriction the commission prescribes.

(V.A.C.S. Art. 1446c-0, Secs. 2.259(b), (c).)

Sec. 37.153. REQUIRED REFUSAL OF SERVICE.

A certificate holder shall refuse to serve a customer in the holder's certificated area if the holder is prohibited from providing the service under Section 212.012, 232.029, or 232.0291, Local Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 2.260.) (Amended by Acts 2005, 79th Leg., R.S., ch. 708 (SB 425) § 13.)

Sec. 37.154. TRANSFER OF CERTIFICATE.

(a) An electric utility may sell, assign, or lease a certificate or a right obtained under a certificate if the commission determines that the purchaser, assignee, or lessee can provide adequate service.

(b) A sale, assignment, or lease of a certificate or a right is subject to conditions the commission prescribes.

(V.A.C.S. Art. 1446c-0, Sec. 2.261.)

Sec. 37.155. APPLICATION OF CONTRACTS.

A contract approved by the commission between retail electric utilities that designates areas and customers to be served by the utilities:

- (1) is valid and enforceable; and
- (2) shall be incorporated into the appropriate areas of certification.

(V.A.C.S. Art. 1446c-0, Sec. 2.257.)

Sec. 37.156. INTERFERENCE WITH ANOTHER UTILITY.

If an electric utility constructing or extending the utility's lines, plant, or system interferes or attempts to interfere with the operation of a line, plant, or system of another utility, the commission by order may:

- (1) prohibit the construction or extension; or
- (2) prescribe terms for locating the affected lines, plants, or systems.

(V.A.C.S. Art. 1446c-0, Sec. 2.262.)

Sec. 37.157. MAPS.

An electric utility shall file with the commission one or more maps that show each utility facility and that separately illustrate each utility facility for the generation, transmission, or distribution of the utility's services on a date the commission orders.

(V.A.C.S. Art. 1446c-0, Sec. 2.254(b).)

CHAPTER 38. REGULATION OF ELECTRIC SERVICES

SUBCHAPTER A. STANDARDS

Sec. 38.001. GENERAL STANDARD.

An electric utility and an electric cooperative shall furnish service, instrumentalities, and facilities that are safe, adequate, efficient, and reasonable.

(V.A.C.S. Art. 1446c-0, Sec. 2.155(a).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 34.)

Sec. 38.002. AUTHORITY OF REGULATORY AUTHORITY CONCERNING STANDARDS.

A regulatory authority, on its own motion or on complaint and after reasonable notice and hearing, may:

- (1) adopt just and reasonable standards, classifications, rules, or practices an electric utility must follow in furnishing a service;
- (2) adopt adequate and reasonable standards for measuring a condition, including quantity, quality, pressure, and initial voltage, relating to the furnishing of a service;
- (3) adopt reasonable rules for examining, testing, and measuring a service; and
- (4) adopt or approve reasonable rules, specifications, and standards to ensure the accuracy of equipment, including meters and instruments, used to measure a service.

(V.A.C.S. Art. 1446c-0, Sec. 2.155(b).)

Sec. 38.003. RULE OR STANDARD.

- (a) An electric utility may not impose a rule except as provided by this title.
- (b) An electric utility may file with the regulatory authority a standard, classification, rule, or practice the utility follows.
- (c) The standard, classification, rule, or practice continues in force until:
 - (1) amended by the utility; or
 - (2) changed by the regulatory authority as provided by this title.

(V.A.C.S. Art. 1446c-0, Secs. 2.153 (part), 2.155(c).)

Sec. 38.004. MINIMUM CLEARANCE STANDARD.

Notwithstanding any other law, a transmission or distribution line owned by an electric utility or an electric cooperative must be constructed, operated, and maintained, as to clearances, in the manner described by the National Electrical Safety Code Standard ANSI (c)(2), as adopted by the American National Safety Institute and in effect at the time of construction.

(V.A.C.S. Art. 1446c-0, Sec. 2.155(d).) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 35.)

Sec. 38.005. ELECTRIC SERVICE RELIABILITY MEASURES.

(a) The commission shall implement service quality and reliability standards relating to the delivery of electricity to retail customers by electric utilities and transmission and distribution utilities. The commission by rule shall develop reliability standards, including:

- (1) the system-average interruption frequency index (SAIFI);
- (2) the system-average interruption duration index (SAIDI);

- (3) achievement of average response time for customer service requests or inquiries; or
- (4) other standards that the commission finds reasonable and appropriate.

(b) The commission shall take appropriate enforcement action under this section, including but not limited to action against a utility if any feeder with 10 or more customers appears on the utility's list of worst 10 percent performing feeders for any two consecutive years or has had a SAIDI or SAIFI average that is more than 300 percent greater than the system average of all feeders during any two-year period, beginning in the year 2000.

(c) The standards implemented under Subsection (a) shall require each electric utility and transmission and distribution utility subject to this section to maintain adequately trained and experienced personnel throughout the utility's service area so that the utility is able to fully and adequately comply with the appropriate service quality and reliability standards.

(d) The standards shall ensure that electric utilities do not neglect any local neighborhood or geographic area, including rural areas, communities of less than 1,000 persons, and low-income areas, with regard to system reliability.

(e) The commission may require each electric utility and transmission and distribution utility to supply data to assist the commission in developing the reliability standards.

(f) Each electric utility, transmission and distribution utility, electric cooperative, municipally owned utility, and generation provider shall be obligated to comply with any operational criteria duly established by the independent organization as defined by Section 39.151 or adopted by the commission.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 36.)

SUBCHAPTER B. PROHIBITIONS ON PREFERENCES AND DISCRIMINATION

Sec. 38.021. UNREASONABLE PREFERENCE OR PREJUDICE CONCERNING SERVICE PROHIBITED.

In providing a service to persons in a classification, an electric utility may not:

- (1) grant an unreasonable preference or advantage to a person in the classification; or
- (2) subject a person in the classification to an unreasonable prejudice or disadvantage.

(V.A.C.S. Art. 1446c-0, Sec. 2.214 (part).)

Sec. 38.022. DISCRIMINATION AND RESTRICTION ON COMPETITION.

An electric utility may not:

- (1) discriminate against a person or electric cooperative who sells or leases equipment or performs services in competition with the electric utility; or
- (2) engage in a practice that tends to restrict or impair that competition.

(V.A.C.S. Art. 1446c-0, Sec. 2.216.) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 37.)

SUBCHAPTER C. EXAMINATIONS, TESTS, AND INSPECTIONS

Sec. 38.051. EXAMINATION AND TEST OF INSTRUMENT OR EQUIPMENT; INSPECTION.

- (a) A regulatory authority may:

(1) examine and test equipment, including meters and instruments, used to measure service of an electric utility; and

(2) set up and use on the premises occupied by an electric utility an apparatus or appliance necessary for the examination or test.

(b) The electric utility is entitled to be represented at an examination, test, or inspection made under this section.

(c) The electric utility and its officers and employees shall facilitate the examination, test, or inspection by giving reasonable aid to the regulatory authority and to any person designated by the regulatory authority for the performance of those duties.

(V.A.C.S. Art. 1446c-0, Sec. 2.156(a) (part).)

Sec. 38.052. INSPECTION FOR CONSUMER.

(a) A consumer may have a meter or other measuring device tested by an electric utility:

(1) once without charge, after a reasonable period of presumed accuracy the regulatory authority establishes by rule; and

(2) at a shorter interval on payment of a reasonable fee established by the regulatory authority.

(b) The regulatory authority shall establish reasonable fees to be paid for other examining or testing of a measuring device on the request of a consumer.

(c) If the consumer requests the test under Subsection (a)(2) and the measuring device is found unreasonably defective or incorrect to the substantial disadvantage of the consumer, the fee the consumer paid at the time of the request shall be refunded.

(V.A.C.S. Art. 1446c-0, Sec. 2.156(b).)

SUBCHAPTER D. IMPROVEMENTS IN SERVICE

Sec. 38.071. IMPROVEMENTS IN SERVICE; INTERCONNECTING SERVICE.

The commission, after notice and hearing, may:

(1) order an electric utility to provide specified improvements in its service in a specified area if:

(A) service in the area is inadequate or substantially inferior to service in a comparable area; and

(B) requiring the company to provide the improved service is reasonable; or

(2) order two or more electric utilities or electric cooperatives to establish specified facilities for interconnecting service.

(V.A.C.S. Art. 1446c-0, Sec. 2.263.) (Amended by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 38.)

CHAPTER 39. RESTRUCTURING OF ELECTRIC UTILITY INDUSTRY

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 39.001. LEGISLATIVE POLICY AND PURPOSE.

(a) The legislature finds that the production and sale of electricity is not a monopoly warranting regulation of rates, operations, and services and that the public interest in competitive electric markets requires that, except for transmission and distribution services and for the recovery of stranded costs, electric services and their prices should be determined by customer choices and the normal forces of competition. As a result, this chapter is enacted to protect the public interest during the transition to and in the establishment of a fully competitive electric power industry.

(b) The legislature finds that it is in the public interest to:

(1) implement on January 1, 2002, a competitive retail electric market that allows each retail customer to choose the customer's provider of electricity and that encourages full and fair competition among all providers of electricity;

(2) allow utilities with uneconomic generation-related assets and purchased power contracts to recover the reasonable excess costs over market of those assets and purchased power contracts;

(3) educate utility customers about anticipated changes in the provision of retail electric service to ensure that the benefits of the competitive market reach all customers; and

(4) protect the competitive process in a manner that ensures the confidentiality of competitively sensitive information during the transition to a competitive market and after the commencement of customer choice.

(c) Regulatory authorities, excluding the governing body of a municipally owned electric utility that has not opted for customer choice or the body vested with power to manage and operate a municipally owned electric utility that has not opted for customer choice, may not make rules or issue orders regulating competitive electric services, prices, or competitors or restricting or conditioning competition except as authorized in this title and may not discriminate against any participant or type of participant during the transition to a competitive market and in the competitive market.

(d) Regulatory authorities, excluding the governing body of a municipally owned electric utility that has not opted for customer choice or the body vested with power to manage and operate a municipally owned electric utility that has not opted for customer choice, shall authorize or order competitive rather than regulatory methods to achieve the goals of this chapter to the greatest extent feasible and shall adopt rules and issue orders that are both practical and limited so as to impose the least impact on competition.

(e) Judicial review of competition rules adopted by the commission shall be conducted under Chapter 2001, Government Code, except as otherwise provided by this chapter. Judicial review of the validity of competition rules shall be commenced in the Court of Appeals for the Third Court of Appeals District and shall be limited to the commission's rulemaking record. The rulemaking record consists of:

- (1) the notice of the proposed rule;
- (2) the comments of all interested persons;
- (3) all studies, reports, memoranda, or other materials on which the commission relied in adopting the rule; and
- (4) the order adopting the rule.

(f) A person who challenges the validity of a competition rule must file a notice of appeal with the court of appeals and serve the notice on the commission not later than the 15th day after the date on which the rule as adopted is published in the Texas Register. The notice of appeal shall designate the person challenging the rule as the appellant and the commission as the appellee. The commission shall prepare the rulemaking record and file it with the court of appeals not later than the 30th day after the date the notice of appeal is served on the commission. The court of appeals shall hear and determine each appeal as expeditiously as possible with lawful precedence over other matters. The appellant, and any person who is permitted by the court to intervene in support of the appellant's claims, shall file and serve briefs not later than the 30th day after the date the commission files the rulemaking record. The commission, and any person who is permitted by the court to intervene in support of the rule, shall file and serve briefs not later than the 60th day after the date the appellant files the appellant's brief. The court of appeals may, on its own motion or on motion of any person for good cause, modify the filing deadlines prescribed by this subsection. The court of appeals shall render judgment affirming the rule or reversing and, if appropriate on reversal, remanding the rule to the commission for further proceedings, consistent with the court's opinion and judgment. The Texas Rules of Appellate Procedure apply to an appeal brought under this section to the extent not inconsistent with this section.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.002. APPLICABILITY.

This chapter, other than Sections 39.155, 39.157(e), 39.203, 39.903, 39.904, 39.9051, 39.9052, and 39.914(e) does not apply to a municipally owned utility or an electric cooperative. Sections 39.157(e), 39.203, and 39.904, however, apply only to a municipally owned utility or an electric cooperative that is offering customer choice. If there is a conflict between the specific provisions of this chapter and any other provisions of this title, except for Chapters 40 and 41, the provisions of this chapter control.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 19.)

Sec. 39.003. CONTESTED CASES.

Unless specifically provided otherwise, each commission proceeding under this chapter, other than a rulemaking proceeding, report, notification, or registration, shall be conducted as a contested case and the burden of proof is on the incumbent electric utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER B. TRANSITION TO COMPETITIVE RETAIL ELECTRIC MARKET

Sec. 39.051. UNBUNDLING.

(a) On or before September 1, 2000, each electric utility shall separate from its regulated utility activities its customer energy services business activities that are otherwise also already widely available in the competitive market.

(b) Not later than January 1, 2002, each electric utility shall separate its business activities from one another into the following units:

- (1) a power generation company;
- (2) a retail electric provider; and
- (3) a transmission and distribution utility.

(c) An electric utility may accomplish the separation required by Subsection (b) either through the creation of separate nonaffiliated companies or separate affiliated companies owned by a common holding company or through the sale of assets to a third party. An electric utility may create separate transmission and distribution utilities. Notwithstanding any other provision of this chapter, an electric utility that does not have stranded costs described by Section 39.254 and that on September 1, 2005, has not finalized unbundling pursuant to a commission order approving an unbundling plan may also meet the requirements of Subsection (b) for generation facilities existing on September 1, 2005, in the Electric Reliability Council of Texas if it meets and maintains compliance with the following requirements:

(1) the electric utility has no more than 400 megawatts of Texas jurisdictional capacity from generating units within the Electric Reliability Council of Texas that have not been mothballed or retired;

(2) the electric utility has a contract or contracts with separate nonaffiliated companies or separate affiliated companies for the sale of all of the output from its generating units that have not been mothballed or retired with a contract term that is no shorter than 20 years or the life of the generating units, whichever is shorter; and

(3) the electric utility has a separate division within the electric utility for its generation business activities.

(c-1) A separate division described by Subsection (c)(3) is subject to Subsection (d) and, for the purposes of this chapter, is considered a separate affiliated power generation company and a competitive affiliate.

(d) Each electric utility shall unbundle under this section in a manner that provides for a separation of personnel, information flow, functions, and operations, consistent with Section 39.157(d).

(e) Each electric utility shall file with the commission a plan to implement this section by January 10, 2000.

(f) The commission shall adopt the utility's plan for business separation required by Subsection (b), adopt the plan with changes, or reject the plan and require the utility to file a new plan.

(g) Transactions by electric utilities involving sales, transfers, or other disposition of assets to accomplish the purposes of this section are not subject to Section 14.101, 35.034, or 35.035.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2005, 79th Leg., R.S., ch. 413 (SB 1668) § 3.)

Sec. 39.052. FREEZE ON EXISTING RETAIL BASE RATE TARIFFS.

(a) Until January 1, 2002, an electric utility shall provide retail electric service within its certificated service area in accordance with the electric utility's retail base rate tariffs in effect on September 1, 1999, including its purchased power cost recovery factor.

(b) During the freeze period, an electric utility may not increase its retail base rates above the rates provided by this section except for losses caused by force majeure as provided by Section 39.055.

(c) Notwithstanding any other provision of this title, during the freeze period the regulatory authority may not reduce the retail base rates of an electric utility, except as may be ordered as stipulated to by an electric utility in a proceeding for which a final order had not been issued by January 1, 1999.

(d) During the freeze period, the retail base rates, overall revenues, return on invested capital, and net income of an electric utility are not subject to complaint, hearing, or determination as to reasonableness.

(e) An electric utility that has a rate proceeding pending before the commission as of January 2, 1999, shall provide service in accordance with the tariffs approved in that proceeding from the date of approval until the end of the freeze period.

(f) Nothing in this section affects the authority of the commission to fulfill its obligations under Section 39.262.

(g) Nothing in this section shall deny a utility its right to have the commission conduct proceedings and issue a final order pertaining to any matter that may be remanded to the commission by a court having jurisdiction, except that the final order may not affect the rates charged to customers during the freeze period but shall be taken into account during the utility's true-up proceeding under Section 39.262.

(h) Nothing in this title shall be construed to prevent an electric utility or a transmission and distribution utility from filing, and the commission from approving, a change in wholesale transmission service rates during the freeze period.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.053. COST RECOVERY ADJUSTMENTS.

This subchapter does not limit or alter the ability of an electric utility during the freeze period to revise its fuel factor or to reconcile fuel expenses and to either refund fuel overcollections or surcharge fuel undercollections to customers, as authorized by its tariffs and Sections 36.203 and 36.205.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.054. RETAIL ELECTRIC SERVICE DURING FREEZE PERIOD.

(a) An electric utility shall provide retail electric service during the freeze period in accordance with any contract terms applicable to a particular retail customer approved by the regulatory authority and in effect on December 31, 1998.

(b) Nothing in Sections 39.052(c) and (d) shall be construed to restrict any customer's right to complain during the freeze period to the regulatory authority regarding the quality of retail electric service provided by the electric utility or the applicability of an electric utility's particular tariff to the customer.

(c) Nothing in this title shall be construed to restrict an electric utility, voluntarily and at its sole discretion, from offering new services or new tariff options to its customers during the freeze period, consistent with Section 39.051(a).

(d) Any offering of new services or tariff options under this section shall be equal to or greater than an electric utility's long-run marginal cost and may not be unreasonably preferential, prejudicial, discriminatory, predatory, or anticompetitive.

(e) Revenue from any new offering under this section shall be accounted for in a manner consistent with Section 36.007.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.055. FORCE MAJEURE.

(a) An electric utility may recover losses resulting from force majeure through an increase in its retail base rates during the freeze period.

(b) Notwithstanding Subchapter C, Chapter 36, the regulatory authority, after a hearing to determine the electric utility's losses from force majeure, shall permit the utility to fully collect any approved force majeure increase through an appropriate customer surcharge mechanism.

(c) For purposes of this section, "force majeure" means a major event or combination of major events, including new or expanded state or federal statutory or regulatory requirements; hurricanes, tornadoes, ice storms, or other natural disasters; or acts of war, terrorism, or civil disturbance, beyond the control of an electric utility that the regulatory authority finds increases the utility's total reasonable and necessary nonfuel costs or decreases the utility's total nonfuel revenues related to the generation and delivery of electricity by more than 10 percent for any calendar year during the freeze period. The term does not include any changes in general economic conditions such as inflation, interest rates, or other factors of general application.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER C. RETAIL COMPETITION

Sec. 39.101. CUSTOMER SAFEGUARDS.

(a) Before customer choice begins on January 1, 2002, the commission shall ensure that retail customer protections are established that entitle a customer:

- (1) to safe, reliable, and reasonably priced electricity, including protection against service disconnections in an extreme weather emergency as provided by Subsection (h) or in cases of medical emergency or nonpayment for unrelated services;
- (2) to privacy of customer consumption and credit information;
- (3) to bills presented in a clear format and in language readily understandable by customers;
- (4) to the option to have all electric services on a single bill, except in those instances where multiple bills are allowed under Chapters 40 and 41;
- (5) to protection from discrimination on the basis of race, color, sex, nationality, religion, or marital status;
- (6) to accuracy of metering and billing;
- (7) to information in English and Spanish and any other language as necessary concerning rates, key terms and conditions, in a standard format that will permit comparisons between price and service offerings, and the environmental impact of certain production facilities;
- (8) to information in English and Spanish and any other language as necessary concerning low-income assistance programs and deferred payment plans; and
- (9) to other information or protections necessary to ensure high-quality service to customers.

(b) A customer is entitled:

- (1) to be informed about rights and opportunities in the transition to a competitive electric industry;
- (2) to choose the customer's retail electric provider consistent with this chapter, to have that choice honored, and to assume that the customer's chosen provider will not be changed without the customer's informed consent;
- (3) to have access to providers of energy efficiency services, to on-site distributed generation, and to providers of energy generated by renewable energy resources;
- (4) to be served by a provider of last resort that offers a commission-approved standard service package;

- (5) to receive sufficient information to make an informed choice of service provider;
- (6) to be protected from unfair, misleading, or deceptive practices, including protection from being billed for services that were not authorized or provided; and
- (7) to have an impartial and prompt resolution of disputes with its chosen retail electric provider and transmission and distribution utility.

(c) A retail electric provider, power generation company, aggregator, or other entity that provides retail electric service may not refuse to provide retail electric or electric generation service or otherwise discriminate in the provision of electric service to any customer because of race, creed, color, national origin, ancestry, sex, marital status, lawful source of income, disability, or familial status. A retail electric provider, power generation company, aggregator, or other entity that provides retail electric service may not refuse to provide retail electric or electric generation service to a customer because the customer is located in an economically distressed geographic area or qualifies for low-income affordability or energy efficiency services. The commission shall require a provider to comply with this subsection as a condition of certification or registration.

(d) A retail electric provider, power generation company, aggregator, or other entity that provides retail electric service shall submit reports to the commission and the office annually and on request relating to the person's compliance with this section. The commission by rule shall specify the form in which a report must be submitted. A report must include:

- (1) information regarding the extent of the person's coverage;
- (2) information regarding the service provided, compiled by zip code and census tract; and
- (3) any other information the commission or the office considers relevant to determine compliance.

(e) The commission has the authority to adopt and enforce such rules as may be necessary or appropriate to carry out Subsections (a)-(d), including rules for minimum service standards for a retail electric provider relating to customer deposits and the extension of credit, switching fees, levelized billing programs, interconnection and use of on-site generation, termination of service, and quality of service. The commission has jurisdiction over all providers of electric service in enforcing Subsections (a)-(d) and may assess civil and administrative penalties under Section 15.023 and seek civil penalties under Section 15.028.

(f) On or before June 30, 2001, the commission shall modify its current rules regarding customer protections to ensure that at least the same level of customer protection against potential abuses and the same quality of service that exists on December 31, 1999, is maintained in a restructured electric industry.

(g) Compliance with Subsections (a)-(e) by a provider of electric service which is a municipally owned utility shall be administered solely by the governing body of the municipally owned utility, which shall adopt, implement, and enforce, as to the municipally owned utility, rules having the effect of accomplishing the objectives of Subsections (a)-(e). Reports containing the information required by Subsection (d) shall be filed by the municipally owned utility with the governing body.

(h) A retail electric provider, power generation company, aggregator, or other entity that provides retail electric service may not disconnect service to a residential customer during an extreme weather emergency or on a weekend day. The entity providing service shall defer collection of the full payment of bills that are due during an extreme weather emergency until after the emergency is over and shall work with customers to establish a pay schedule for deferred bills. For purposes of this subsection, "extreme weather emergency" means a period when:

(1) the previous day's highest temperature did not exceed 32 degrees Fahrenheit and the temperature is predicted to remain at or below that level for the next 24 hours according to the nearest National Weather Service reports; or

(2) the National Weather Service issues a heat advisory for any county in the relevant service territory, or when such an advisory has been issued on any one of the previous two calendar days.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.102. RETAIL CUSTOMER CHOICE.

(a) Each retail customer in this state, except retail customers of electric cooperatives and municipally owned utilities that have not opted for customer choice, shall have customer choice on and after January 1, 2002.

(b) The affiliated retail electric provider of the electric utility serving a retail customer on December 31, 2001, may continue to serve that customer until the customer chooses service from a different retail electric provider, an electric cooperative offering customer choice, or a municipally owned utility offering customer choice.

(c) An electric utility that has in effect a systemwide freeze for residential and commercial customers in effect September 1, 1997, extending beyond December 31, 2001, that has been found by a regulatory authority to be in the public interest is not subject to this chapter. At the expiration of the utility's freeze period, the utility shall be subject to this chapter and, at that time, has no claim for stranded cost recovery.

(d) The commission shall oversee the compliance with this chapter by electric utilities that were not subject to this chapter before September 1, 2003, and in so doing shall establish schedules and procedures and require commission approvals as it deems necessary to achieve the objectives of this chapter. This subsection does not apply to an electric utility to which Subsection (c) applies.

(e) In establishing a schedule under Subsection (d), the commission shall consider:

- (1) the effect of customer choice on the reliability of service provided by the electric utility;
- (2) whether the electric utility's service area is located in more than one power region;
- (3) whether any applicable power region has been certified as a qualifying power region under Section 39.152(a);
- (4) whether other electric utilities in the power region offer retail customer choice; and
- (5) any other relevant factor.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2003, 78th Leg., R.S., ch. 1327 (SB 1820) § 2.)

Sec. 39.1025. LIMITATIONS ON TELEPHONE SOLICITATION.

(a) A person may not make or cause to be made a telephone solicitation to a nonresidential electric customer who has given notice to the commission of the customer's objection to receiving telephone solicitations relating to the customer's choice of retail electric providers.

(b) The commission shall establish and provide for the operation of a database to compile a list of nonresidential electric customers who object to receiving telephone solicitations. The commission may operate the database or contract with another entity to operate the database.

(c) A customer shall pay a fee of not more than \$5 for inclusion in the database. The commission shall prescribe the amount of the fee.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2005, 79th Leg., R.S., ch. 171 (HB 210) § 3.)

Sec. 39.103. COMMISSION AUTHORITY TO DELAY COMPETITION AND SET NEW RATES.

If the commission determines under Section 39.104 that a power region is unable to offer fair competition and reliable service to all retail customer classes on January 1, 2002, the commission shall delay customer choice for the power region and may on or after January 1, 2002, establish new rates for all electric utilities in the power region as provided by Chapter 36.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.104. CUSTOMER CHOICE PILOT PROJECTS.

(a) Customer choice pilot projects may be used to allow the commission to evaluate the ability of each power region and electric utility to implement customer choice. However, in a multiply certificated area, an electric utility may not include customers that were served by an electric cooperative or a municipally owned utility on May 1, 1999.

(b) The commission shall require each electric utility to offer customer choice in its service area within this state amounting to five percent of the utility's combined load of all customer classes within this state beginning on June 1, 2001.

(c) The load designated for customer choice under this section shall be distributed among all customer classes of a utility consistent with the purpose of this section and subject to commission approval.

(d) Customers participating in a pilot project under this section may buy electric energy from any retail electric provider certified by the commission under Section 39.352, including an affiliated retail electric provider; provided, however, that a retail electric provider may not participate in a pilot project in the certificated service area served by the electric utility with which it is affiliated.

(e) Each utility operating a pilot project under this section shall charge residential and small commercial customers in accordance with Section 39.052.

(f) The commission may prescribe reporting requirements it considers necessary to evaluate a pilot project consistent with the purpose of this section.

(g) Customers having customer choice under this section shall be billed as provided by Section 39.107.

(h) The commission may prescribe terms and conditions it considers necessary to prohibit anticompetitive practices and to encourage customer choice offered under this section.

(i) Notwithstanding any other provision of this title, a retail electric provider participating in a pilot project under this section is not an electric utility or a retail electric utility.

(j) Twenty percent of the load designated for customer choice under this section shall be initially set aside for aggregated loads.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.105. LIMITATION ON SALE OF ELECTRICITY.

(a) After January 1, 2002, a transmission and distribution utility may not sell electricity or otherwise participate in the market for electricity except for the purpose of buying electricity to serve its own needs.

(b) A person or retail electric utility may not provide, furnish, or make available electric service at retail within the certificated service area of an electric cooperative that has not adopted customer choice or a municipally owned utility that has not adopted customer choice. However, this subsection does not prohibit the provision of electric service in multiply certificated service areas to customers of any other retail electric utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.106. PROVIDER OF LAST RESORT.

(a) The commission shall designate retail electric providers in areas of the state in which customer choice is in effect to serve as providers of last resort.

(b) A provider of last resort shall offer a standard retail service package for each class of customers designated by the commission at a fixed, nondiscountable rate approved by the commission.

(c) A provider of last resort shall provide the standard retail service package to any requesting customer in the territory for which it is the provider of last resort.

(d) The commission shall designate the provider or providers of last resort not later than June 1, 2001.

(e) The commission shall determine the procedures and criteria, which may include the solicitation of bids, for designating a provider or providers of last resort. The commission may redesignate the provider of last resort according to a schedule it considers appropriate.

(f) In the event that no retail electric provider applies to be the provider of last resort for a given area of the state on reasonable terms and conditions, the commission may require a retail electric provider to become the provider of last resort as a condition of receiving or maintaining a certificate under Section 39.352.

(g) In the event that a retail electric provider fails to serve any or all of its customers, the provider of last resort shall offer that customer the standard retail service package for that customer class with no interruption of service to any customer.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.107. METERING AND BILLING SERVICES.

(a) On introduction of customer choice in a service area, metering services for the area shall continue to be provided by the transmission and distribution utility affiliate of the electric utility that was serving the area before the introduction of customer choice. Metering services provided to commercial and industrial customers that are required by the independent system operator to have an interval data recorder meter may be provided on a competitive basis.

(b) Metering services provided to residential customers and to nonresidential customers other than those required by the independent system operator to have an interval data recorder meter shall continue to be provided by the transmission and distribution utility affiliate of the electric utility that was serving the area before the introduction of customer choice. Retail electric providers serving residential and nonresidential customers other than those required by the independent system operator to have an interval data recorder meter may request that the transmission and distribution utility provide specialized meters, meter features, or add-on accessories so long as they are technically feasible and generally available in the market and provided that the retail electric provider pays the differential cost of such a meter or accessory. Metering and billing services provided to residential customers shall be governed by the customer safeguards adopted by the commission under Section 39.101. All meter data, including all data generated, provided, or otherwise made available, by advanced meters and meter information networks, shall belong to a customer, including data used to calculate charges for service, historical load data, and any other

proprietary customer information. A customer may authorize its data to be provided to one or more retail electric providers under rules and charges established by the commission.

(c) Beginning on the date of introduction of customer choice in a service area, tenants of leased or rented property that is separately metered shall have the right to choose a retail electric provider, an electric cooperative offering customer choice, or a municipally owned utility offering customer choice, and the owner of the property must grant reasonable and nondiscriminatory access to transmission and distribution utilities, retail electric providers, electric cooperatives, and municipally owned utilities for metering purposes.

(d) Beginning on the date of introduction of customer choice in a service area, a transmission and distribution utility, or an electric cooperative or municipally owned utility providing the customer's energy requirements shall bill a customer's retail electric provider for nonbypassable delivery charges as determined under Section 39.201. The retail electric provider or the electric cooperative or municipally owned utility, as appropriate, must pay these charges.

(e) A transmission and distribution utility may bill retail customers at the request of a retail electric provider or, if an electric cooperative or municipally owned utility is providing the customer's energy requirements, at the request of the electric cooperative or municipally owned utility. A transmission and distribution utility that provides billing service on such request shall offer billing service on comparable terms and conditions to those of any such requesting retail electric provider or, as applicable, the electric cooperative or municipally owned utility providing energy requirements to a customer served by the transmission and distribution utility.

(f) Beginning on the date of introduction of customer choice in a service area, any charges for metering and billing services shall comply with rules adopted by the commission relating to nondiscriminatory rates of service.

(g) Metered electric service sold to residential customers on a prepaid basis may not be sold at a price that is higher than the price charged by the provider of last resort.

(h) The commission shall establish a nonbypassable surcharge for an electric utility or transmission and distribution utility to use to recover reasonable and necessary costs incurred in deploying advanced metering and meter information networks to residential customers and nonresidential customers other than those required by the independent system operator to have an interval data recorder meter. The commission shall ensure that the nonbypassable surcharge reflects a deployment of advanced meters that is no more than one-third of the utility's total meters over each calendar year and shall ensure that the nonbypassable surcharge does not result in the utility recovering more than its actual, fully allocated meter and meter information network costs. The expenses must be allocated to the customer classes receiving the services, based on the electric utility's most recently approved tariffs.

(i) Notwithstanding Subsection (b), a nonresidential customer may have a meter installed and metering services provided on a competitive basis as party of an energy savings performance contract. (as added by SB 831)

(i) Subject to the restrictions in Subsection (h), it is the intent of the legislature that net metering and advanced meter information networks be deployed as rapidly as possible to allow customers to better manage energy use and control costs, and to facilitate demand response initiatives. (as added by HB 3693)

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2005, 79th Leg., R.S., ch.1085 (HB 2129) § 7; Acts 2007, 80th Leg., R.S., ch. 527 (SB 831) § 10; Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 20.) (Both SB 831 and HB 3693 added new subsections (i) in 2007).

Sec. 39.108. CONTRACTUAL OBLIGATIONS.

This chapter may not:

- (1) interfere with or abrogate the rights or obligations of any party, including a retail or wholesale customer, to a contract with an investor-owned electric utility, river authority, municipally owned utility, or electric cooperative;
- (2) interfere with or abrogate the rights or obligations of a party under a contract or agreement concerning certificated utility service areas; or
- (3) result in a change in wholesale power costs to wholesale customers in Texas purchasing electricity under wholesale power contracts the pricing provisions of which are based on formulary rates, fuel adjustments, or average system costs.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.109. NEW OWNER OR SUCCESSOR.

(a) To ensure the continued safe and reliable operation of electric generating facilities, the commission shall require a generating facility that is transferred to a new owner or successor in interest between June 1, 1999, and January 1, 2002, to continue to be operated and maintained by the same operating personnel for not less than two years, except that the personnel may be dismissed for cause.

(b) This section shall apply only if the facility is actually operated during the two-year period after the sale.

(c) This section shall not require that the purchaser cause the facility to be operated in whole or in part, nor shall it preclude a temporary closure of the facility during the two-year period.

(d) This section shall not create any obligation extending after the two-year period following the sale.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER D. MARKET STRUCTURE

Sec. 39.151. ESSENTIAL ORGANIZATIONS.

(a) A power region must establish one or more independent organizations to perform the following functions:

- (1) ensure access to the transmission and distribution systems for all buyers and sellers of electricity on nondiscriminatory terms;
- (2) ensure the reliability and adequacy of the regional electrical network;
- (3) ensure that information relating to a customer's choice of retail electric provider is conveyed in a timely manner to the persons who need that information; and
- (4) ensure that electricity production and delivery are accurately accounted for among the generators and wholesale buyers and sellers in the region.

(b) "Independent organization" means an independent system operator or other person that is sufficiently independent of any producer or seller of electricity that its decisions will not be unduly influenced by any producer or seller.

(c) The commission shall certify an independent organization or organizations to perform the functions prescribed by this section. The commission shall apply the provisions of this section and Sections 39.1511, 39.1512, and 39.1515 so as to avoid conflict with a ruling of a federal regulatory body.

(d) The commission shall adopt and enforce rules relating to the reliability of the regional electrical network and accounting for the production and delivery of electricity among generators and all other market participants, or may delegate to an independent organization responsibilities for establishing or enforcing such rules. Any such rules adopted by an independent organization and any enforcement actions taken by the organization are subject to commission oversight and review. An independent organization certified by the commission is directly responsible and accountable to the commission. The commission has complete authority to oversee and investigate the organization's finances, budget, and operations as necessary to ensure the organization's accountability and to ensure that the organization adequately performs the organization's functions and duties. The organization shall fully cooperate with the commission in the commission's oversight and investigatory functions. The commission may take appropriate action against an organization that does not adequately perform the organization's functions or duties or does not comply with this section, including decertifying the organization or assessing an administrative penalty against the organization. The commission by rule shall adopt procedures governing decertification of an independent organization, selecting and certifying a successor organization, and transferring assets to the successor organization to ensure continuity of operations in the region. The commission may not implement, by order or by rule, a requirement that is contrary to an applicable federal law or rule.

(d-1) The commission may:

(1) require an independent organization to provide reports and information relating to the independent organization's performance of the functions prescribed by this section and relating to the organization's revenues, expenses, and other financial matters;

(2) prescribe a system of accounts for an independent organization;

(3) conduct audits of an independent organization's performance of the functions prescribed by this section or relating to its revenues, expenses, and other financial matters and may require an independent organization to conduct such an audit;

(4) inspect an independent organization's facilities, records, and accounts during reasonable hours and after reasonable notice to the independent organization;

(5) assess administrative penalties against an independent organization that violates this title or a rule or order adopted by the commission and, at the request of the commission, the attorney general may apply for a court order to require an independent organization to comply with commission rules and orders in the manner provided by Chapter 15; and

(6) resolve disputes between an affected person and an independent organization and adopt procedures for the efficient resolution of such disputes.

(e) The commission may authorize an independent organization that is certified under this section to charge a reasonable and competitively neutral rate to wholesale buyers and sellers to cover the independent organization's costs. The commission shall investigate the organization's cost efficiencies, salaries and benefits, and use of debt financing and may require the organization to provide any information needed to effectively evaluate the organization's budget and the reasonableness and neutrality of a rate or proposed rate or to evaluate the effectiveness or efficiency of the organization. The commission shall work with the organization to establish the detail of information, both current and historical, and the time frames the commission needs to effectively evaluate a rate or a rate request.

(f) In implementing this section, the commission may cooperate with the utility regulatory commission of another state or the federal government and may hold a joint hearing or make a joint investigation with that commission.

(g) To maintain certification as an independent organization under this section, an organization's governing body must be composed of persons specified by this section and selected in accordance with formal bylaws or protocols of the organization. The bylaws or protocols must be approved by the commission and must reflect the input of the commission. The bylaws must specify the process by which appropriate stakeholders elect members and, for unaffiliated members, prescribe professional qualifications for selection as a member. The bylaws must require the use of a professional search firm to identify candidates for membership of unaffiliated members. The process must allow for commission input in identifying candidates. The governing body must be composed of:

- (1) the chairman of the commission as an ex officio nonvoting member;
- (2) the counsellor as an ex officio voting member representing residential and small commercial consumer interests;
- (3) the chief executive officer of the independent organization as an ex officio voting member;
- (4) six market participants elected by their respective market segments to serve one-year terms, with:
 - (A) one representing independent generators;
 - (B) one representing investor-owned utilities;
 - (C) one representing power marketers;
 - (D) one representing retail electric providers;
 - (E) one representing municipally owned utilities; and
 - (F) one representing electric cooperatives;
- (5) one member representing industrial consumer interests and elected by the industrial consumer market segment to serve a one-year term;
- (6) one member representing large commercial consumer interests selected in accordance with the bylaws to serve a one-year term ; and
- (7) five members unaffiliated with any market segment and selected by the other members of the governing body to serve three-year terms.

(g-1) The presiding officer of the governing body must be one of the members described by Subsection (g)(7).

(h) The ERCOT independent system operator may meet the criteria relating to the other functions of an independent organization provided by Subsection (a) by adopting procedures and acquiring resources needed to carry out those functions, consistent with any rules or orders of the commission.

(i) The commission may delegate authority to the existing independent system operator in ERCOT to enforce operating standards within the ERCOT regional electrical network and to establish and oversee transaction settlement procedures. The commission may establish the terms and conditions for the ERCOT independent system operator's authority to oversee utility dispatch functions after the introduction of customer choice.

(j) A retail electric provider, municipally owned utility, electric cooperative, power marketer, transmission and distribution utility, or power generation company shall observe all scheduling, operating, planning, reliability, and settlement policies, rules, guidelines, and procedures established by the independent system operator in ERCOT. Failure to comply with this subsection may result in the

revocation, suspension, or amendment of a certificate as provided by Section 39.356 or in the imposition of an administrative penalty as provided by Section 39.357.

(k) To the extent the commission has authority over an independent organization outside of ERCOT, the commission may delegate authority to the independent organization consistent with Subsection (i).

(l) No operational criteria, protocols, or other requirement established by an independent organization, including the ERCOT independent system operator, may adversely affect or impede any manufacturing or other internal process operation associated with an industrial generation facility, except to the minimum extent necessary to assure reliability of the transmission network.

(m) A power region outside of ERCOT shall be deemed to have met the requirement to establish an independent organization to perform the transmission functions specified in Subsection (a) if the Federal Energy Regulatory Commission has approved a regional transmission organization for the region and found that the regional transmission organization meets the requirements of Subsection (a).

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 9.)

Sec. 39.1511. PUBLIC MEETINGS OF THE GOVERNING BODY OF AN INDEPENDENT ORGANIZATION.

(a) Meetings of the governing body of an independent organization certified under Section 39.151 and meetings of a subcommittee that includes a member of the governing body must be open to the public. The bylaws of the independent organization and the rules of the commission may provide for the governing body or subcommittee to enter into executive session closed to the public to address sensitive matters such as confidential personnel information, contracts, lawsuits, competitively sensitive information, or other information related to the security of the regional electrical network.

(b) The bylaws of the independent organization and rules of the commission must ensure that a person interested in the activities of the independent organization has an opportunity to obtain at least seven days' advance notice of meetings and the planned agendas of the meetings and an opportunity to comment on matters under discussion at the meetings. The bylaws and commission rules governing meetings of the governing body may provide for a shorter period of advance notice and for meetings by teleconference technology for governing body meetings to take action on urgent matters. The bylaws and rules must require actions taken on short notice or at teleconference meetings to be ratified at the governing body's next regular meeting. The notice requirements may be met by a timely electronic posting on the Internet.

(Added by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 10.)

Sec. 39.1512. DISCLOSURE OF INTEREST IN MATTER BEFORE INDEPENDENT ORGANIZATION'S GOVERNING BODY; PARTICIPATION IN DECISION.

(a) If a matter comes before the governing body of an independent organization certified under Section 39.151 and a member has a direct interest in that matter or is employed by or has a substantial financial interest in a person who has a direct interest in that matter, that member shall publicly disclose the fact of that interest to the governing body at a public meeting of the body. The member shall recuse himself or herself from the governing body's deliberations and actions on the matter and may not vote on the matter or otherwise participate in a governing body decision on the matter.

(b) A disclosure made under Subsection (a) shall be entered in the minutes of the meeting at which the disclosure is made.

(c) The fact that a member is recused from a vote or decision by application of this section does not affect the existence of a quorum.

(Added by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 10.)

Sec. 39.1515. WHOLESALE ELECTRIC MARKET MONITOR.

(a) An independent organization certified under Section 39.151 shall contract with an entity selected by the commission to act as the commission's wholesale electric market monitor to detect and prevent market manipulation strategies and recommend measures to enhance the efficiency of the wholesale market.

(b) The independent organization shall provide to the personnel of the market monitor:

(1) full access to the organization's main operations center and the organization's records that concern operations, settlement, and reliability; and

(2) other support and cooperation the commission determines is necessary for the market monitor to perform the market monitor's functions.

(c) The independent organization shall use money from the rate authorized by Section 39.151(e) to pay for the market monitor's activities.

(d) The commission is responsible for ensuring that the market monitor has the resources, expertise, and authority necessary to monitor the wholesale electric market effectively and shall adopt rules and perform oversight of the market monitor as necessary. The market monitor shall operate under the supervision and oversight of the commission. The commission shall retain all enforcement authority conferred under this title, and this section may not be construed to confer enforcement authority on the market monitor or to authorize the commission to delegate the commission's enforcement authority to the market monitor. The commission by rule shall define:

(1) the market monitor's monitoring responsibilities, including reporting obligations and limitations;

(2) the standards for funding the market monitor, including staffing requirements;

(3) qualifications for personnel of the market monitor; and

(4) ethical standards for the market monitor and the personnel of the market monitor.

(e) In adopting rules governing the standards for funding the market monitor, the commission shall consult with a subcommittee of the independent organization's governing body to receive information on how money is or should be spent for monitoring functions. Rules governing ethical standards must include provisions designed to ensure that the personnel of the market monitor are professionally and financially independent from market participants. The commission shall develop and implement policies that clearly separate the policymaking responsibilities of the commission and the monitoring, analysis, and reporting responsibilities of the market monitor.

(f) The market monitor immediately shall report directly to the commission any potential market manipulations and any discovered or potential violations of commission rules or rules of the independent organization.

(g) The personnel of the market monitor may communicate with commission staff on any matter without restriction.

(h) The market monitor annually shall submit to the commission and the independent organization a report that identifies market design flaws and recommends methods to correct the flaws. The commission and the independent organization shall review the report and evaluate whether changes to rules of the commission or the independent organization should be made.

(Added by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 10.)

Sec. 39.152. QUALIFYING POWER REGIONS.

(a) The commission shall certify a power region if:

(1) a sufficient number of interconnected utilities in the power region fall under the operational control of an independent organization as described by Section 39.151;

(2) the power region has a generally applicable tariff that guarantees open and nondiscriminatory access for all users to transmission and distribution facilities in the power region as provided by Section 39.203; and

(3) no person owns and controls more than 20 percent of the installed generation capacity located in or capable of delivering electricity to a power region, as determined according to Section 39.154.

(b) In determining whether a power region not entirely within the state meets the requirements of this section, the commission shall consider the extent to which the available transmission facilities limit the delivery of electricity from generators located outside the state to areas of the power region within the state.

(c) For a power region outside of ERCOT, the requirements of Subsection (a)(2) shall be deemed to have been met if power aggregating to approximately 50,000 megawatts can be delivered to the portion of the power region that is in this state through the payment of not more than one transmission tariff.

(d) For a power region outside of ERCOT, a power generation company that is affiliated with an electric utility may elect to demonstrate that it meets the requirements of Subsection (a)(3) by showing that it does not own and control more than 20 percent of the installed capacity in a geographic market that includes the power region, using the guidelines, standards, and methods adopted by the Federal Energy Regulatory Commission.

(e) In a power region outside of ERCOT, if customer choice is introduced before the requirements of Subsection (a) are met, an affiliated retail electric provider may not compete for retail customers in any area of the power region that is within this state and outside of the affiliated transmission and distribution utility's certificated service area unless the affiliated power generation company makes a commitment to maintain and does maintain rates that are based on cost of service for any electric cooperative or municipally owned utility that was a wholesale customer on January 1, 1999, and was purchasing power at rates that were based on cost of service. This subsection requires a power generation company to sell power at rates that are based on cost of service, notwithstanding the expiration of a contract for that service, until the requirements of Subsection (a) are met.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.153. CAPACITY AUCTION.

(a) Each electric utility subject to this section shall sell at auction, at least 60 days before the date set for customer choice to begin, entitlements to at least 15 percent of the electric utility's Texas jurisdictional installed generation capacity. For the purposes of this section, the term "electric utility" includes any affiliated power generation company that is unbundled from the electric utility in accordance with Section 39.051, but does not include any entity owning less than 400 megawatts of installed generation capacity.

(b) The obligation to auction the entitlements shall continue until the earlier of 60 months after the date customer choice is introduced or the date the commission determines that 40 percent or more of the electric power consumed by residential and small commercial customers within the affiliated transmission and distribution utility's certificated service area before the onset of customer choice is provided by nonaffiliated retail electric providers.

(c) An affiliate of the electric utility selling entitlements in the auction required by this section may not purchase entitlements from the affiliated electric utility at the auction. Entitlements may only be purchased by entities lawfully able to sell electricity in Texas.

(d) An electric utility may choose to auction additional entitlements beyond those required by Subsection (a) or continue to auction entitlements after the period required by Subsection (b) in order to comply with Section 39.154.

(e) The commission shall adopt rules by December 31, 2000, that define the scope of the capacity entitlements to be auctioned. Entitlements may be auctioned in blocks of less than 15 percent. The rules shall state the minimum amount of capacity that can be sold at auction as an entitlement. At a minimum, the rules shall provide that the entitlements:

- (1) may be sold and purchased in periods of not less than one month nor more than four years;
- (2) may be resold to any lawful purchaser, except for a retail electric provider affiliated with the electric utility that originally auctioned the entitlement;
- (3) include no possessory interest in the unit from which the power is produced;
- (4) include no obligations of a possessory owner of an interest in the unit from which the power is produced; and
- (5) give the purchaser the right to designate the dispatch of the entitlement, subject to planned outages, outages beyond the control of the utility operating the unit, and other considerations subject to the oversight of the applicable independent organization.

(f) The commission shall adopt rules by December 31, 2000, that prescribe the procedure for the auction of the entitlements. The rules shall include:

- (1) a process for conducting the auction or auctions, including who shall conduct it, how often it shall be conducted, and how winning bidders shall be determined;
- (2) a process for the electric utility to designate which generation units or combination of units are offered for auction;
- (3) a provision for the utility to establish an opening bid price based on the electric utility's expected cost, with the commission prescribing the means for determining the opening bid price, which may not include return on equity; and
- (4) a provision that allows a bidder to specify the magnitude and term of the entitlement, subject to the conditions established in Subsection (e).

(g) In adopting the process under Subsection (f)(2), the commission shall consider the furtherance of the development of the competitive market, the cost of transmission, physical constraints of the transmission system, the proximity of the generation to load, economic efficiency, and any other factors the commission finds relevant. The process may provide for commission approval of the designation before auction. The commission may consult with the applicable independent organization to develop the process.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.154. LIMITATION OF OWNERSHIP OF INSTALLED CAPACITY.

(a) Beginning on the date of introduction of customer choice, a power generation company may not own and control more than 20 percent of the installed generation capacity located in, or capable of delivering electricity to, a power region.

(b) In a power region not entirely within the state, the commission may waive or modify the requirement in Subsection (a) on a finding of good cause.

(c) In determining the percentage shares of installed generation capacity under this section, the commission shall combine capacity owned and controlled by a power generation company and any entity that is affiliated with that power generation company within the power region, reduced by the installed generation capacity of those facilities that are made subject to capacity auctions under Sections 39.153(a) and (d).

(d) In this chapter, "installed generation capacity" means all potentially marketable electric generation capacity, including the capacity of:

- (1) generating facilities that are connected with a transmission or distribution system;
- (2) generating facilities used to generate electricity for consumption by the person owning or controlling the facility; and
- (3) generating facilities that will be connected with a transmission or distribution system and operating within 12 months.

(e) In determining the percentage shares of installed generation capacity owned and controlled by a power generation company under this section and Section 39.156, the commission shall, for purposes of calculating the numerator, reduce the installed generation capacity owned and controlled by that power generation company by the installed generation capacity of any "grandfathered facility" within an ozone nonattainment area as of September 1, 1999, for which that power generation company has commenced complying or made a binding commitment to comply with Section 39.264. This subsection applies only to a power generation company that is affiliated with an electric utility that owned and controlled more than 27 percent of the installed generation capacity in the power region on January 1, 1999.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.155. COMMISSION ASSESSMENT OF MARKET POWER.

(a) Each person, municipally owned utility, electric cooperative, and river authority that owns generation facilities and offers electricity for sale in this state shall report to the commission its installed generation capacity, the total amount of capacity available for sale to others, the total amount of capacity under contract to others, the total amount of capacity dedicated to its own use, its annual wholesale power sales in the state, its annual retail power sales in the state, and any other information necessary for the commission to assess market power or the development of a competitive retail market in the state. The commission shall by rule prescribe the nature and detail of the reporting requirements and shall administer those reporting requirements in a manner that ensures the confidentiality of competitively sensitive information.

(b) The ERCOT independent system operator shall submit an annual report to the commission identifying existing and potential transmission and distribution constraints and system needs within ERCOT, alternatives for meeting system needs, and recommendations for meeting system needs. The first report shall be submitted on or before October 1, 1999. Subsequent reports shall be submitted by January 15 of each year or as determined necessary by the commission.

(c) Before the date of introduction of customer choice in a power region other than ERCOT, each electric utility owning transmission and distribution facilities in that region shall submit an annual report to the commission identifying existing and potential transmission and distribution constraints and system needs in the power region, alternatives for meeting system needs, and recommendations for meeting system needs as directed by the commission.

(d) In a qualifying power region, the reports required by Subsections (b) and (c) shall be submitted by the independent organization or organizations having authority over the power region or discrete areas thereof.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.156. MARKET POWER MITIGATION PLAN.

(a) In this section, "market power mitigation plan" or "plan" means a written proposal by an electric utility or a power generation company for reducing its ownership and control of installed generation capacity as required by Section 39.154.

(b) An electric utility or power generation company owning and controlling more than 20 percent of the generation capacity located in, or capable of delivering electricity to, a power region shall file a market power mitigation plan with the commission not later than December 1, 2000.

(c) The plan may provide for:

- (1) the sale of generation assets to a nonaffiliated person;
- (2) the exchange of generation assets with a nonaffiliated person located in a different power region;
- (3) the auctioning of generation capacity entitlements as part of a capacity auction required by Section 39.153;
- (4) the sale of the right to capacity to a nonaffiliated person for at least four years; or
- (5) any reasonable method of mitigation.

(d) For the purposes of this section, generation capacity shall be net of the generation capacity subject to an auction under Section 39.153.

(e) The plan shall be in a form prescribed by the commission and shall provide information the commission finds reasonably necessary to evaluate the plan.

(f) The commission shall approve, modify, or reject a plan within 180 days after the date of a filing under Subsection (b). The commission may not modify a plan to require divestiture by the electric utility or the power generation company.

(g) In reaching its determination under Subsection (f), the commission shall consider:

- (1) the degree to which the electric utility's or power generation company's stranded costs, if any, are minimized;
- (2) whether on disposition of the generation assets the reasonable value is likely to be received;
- (3) the effect of the plan on the electric utility's or power generation company's federal income taxes;
- (4) the effect of the plan on current and potential competitors in the generation market; and
- (5) whether the plan is consistent with the public interest.

(h) An electric utility or power generation company with an approved mitigation plan may request to amend or repeal its plan. On a showing of good cause, the commission shall modify or repeal an electric utility's or power generation company's mitigation plan.

(i) If an electric utility's or a power generation company's market power mitigation plan is not approved before January 1 of the year it is to take effect, the commission may order the electric utility or

power generation company to auction generation capacity entitlements according to Section 39.153, subject to commission approval, of any capacity exceeding the maximum allowable capacity prescribed by Section 39.154 until the time a mitigation plan is approved.

(j) An auction under Subsection (i) shall be held not later than 60 days after the date the order is entered.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.157. COMMISSION AUTHORITY TO ADDRESS MARKET POWER.

(a) The commission shall monitor market power associated with the generation, transmission, distribution, and sale of electricity in this state. On a finding that market power abuses or other violations of this section are occurring, the commission shall require reasonable mitigation of the market power by ordering the construction of additional transmission or distribution facilities, by seeking an injunction or civil penalties as necessary to eliminate or to remedy the market power abuse or violation as authorized by Chapter 15, by imposing an administrative penalty as authorized by Chapter 15, or by suspending, revoking, or amending a certificate or registration as authorized by Section 39.356. Section 15.024(c) does not apply to an administrative penalty imposed under this section. For purposes of this subchapter, market power abuses are practices by persons possessing market power that are unreasonably discriminatory or tend to unreasonably restrict, impair, or reduce the level of competition, including practices that tie unregulated products or services to regulated products or services or unreasonably discriminate in the provision of regulated services. For purposes of this section, "market power abuses" include predatory pricing, withholding of production, precluding entry, and collusion. A violation of the code of conduct provided by Subsection (d) that materially impairs the ability of a person to compete in a competitive market shall be deemed to be an abuse of market power. The possession of a high market share in a market open to competition may not, of itself, be deemed to be an abuse of market power; however, this sentence shall not affect the application of state and federal antitrust laws.

(b) Beginning on the date of introduction of customer choice, a person that owns generation facilities may not own transmission or distribution facilities in this state except for those facilities necessary to interconnect a generation facility with the transmission or distribution network, a facility not dedicated to public use, or a facility otherwise excluded from the definition of "electric utility" under Section 31.002. However, nothing in this chapter shall prohibit a power generation company affiliated with a transmission and distribution utility from owning generation facilities.

(c) The commission shall monitor market shares of installed capacity to ensure that the limitations in Section 39.154 are not exceeded. If the commission finds that a person has violated a limitation in Section 39.154, the commission shall order the person to file, within 60 days of the date of the order, a market power mitigation plan consistent with the requirements in Section 39.156.

(d) Not later than January 10, 2000, the commission shall adopt rules and enforcement procedures to govern transactions or activities between a transmission and distribution utility and its competitive affiliates to avoid potential market power abuses and cross-subsidizations between regulated and competitive activities both during the transition to and after the introduction of competition. Nothing in this subsection is intended to affect or modify the obligations or duties relating to any rules or standards of conduct that may apply to a utility or the utility's affiliates under orders or regulations of the Federal Energy Regulatory Commission or the Securities and Exchange Commission. A utility that is subject to statutes or regulations in other states that conflict with a provision of this section may petition the commission for a waiver of the conflicting provision on a showing of good cause. The rules adopted under this section shall ensure that:

(1) a utility makes any products and services, other than corporate support services, that it provides to a competitive affiliate available, contemporaneously and in the same manner, to the

competitive affiliate's competitors and applies its tariffs, prices, terms, conditions, and discounts for those products and services in the same manner to all similarly situated entities;

(2) a utility does not:

(A) give a competitive affiliate or a competitive affiliate's customers any preferential advantage, access, or treatment regarding services other than corporate support services; or

(B) act in a manner that is discriminatory or anticompetitive with respect to a nonaffiliated competitor of a competitive affiliate;

(3) a utility providing electric transmission or distribution services:

(A) provides those services on nondiscriminatory terms and conditions;

(B) does not establish as a condition for the provision of those services the purchase of other goods or services from the utility or the competitive affiliate; and

(C) does not provide competitive affiliates preferential access to the utility's transmission and distribution systems or to information about those systems;

(4) a utility does not release any proprietary customer information to a competitive affiliate or any other entity, other than an independent organization as defined by Section 39.151 or a provider of corporate support services for the purposes of providing the services, without obtaining prior verifiable authorization, as determined from the commission, from the customer;

(5) a utility does not:

(A) communicate with a current or potential customer about products or services offered by a competitive affiliate in a manner that favors a competitive affiliate; or

(B) allow a competitive affiliate, before September 1, 2005, to use the utility's corporate name, trademark, brand, or logo unless the competitive affiliate includes on employee business cards and in its advertisements of specific services to existing or potential residential or small commercial customers locating within the utility's certificated service area a disclaimer that states, "(Name of competitive affiliate) is not the same company as (name of utility) and is not regulated by the Public Utility Commission of Texas, and you do not have to buy (name of competitive affiliate)'s products to continue to receive quality regulated services from (name of utility).";

(6) a utility does not conduct joint advertising or promotional activities with a competitive affiliate in a manner that favors the competitive affiliate;

(7) a utility is a separate, independent entity from any competitive affiliates and, except as provided by Subdivisions (8) and (9), does not share employees, facilities, information, or other resources, other than permissible corporate support services, with those competitive affiliates unless the utility can prove to the commission that the sharing will not compromise the public interest;

(8) a utility's office space is physically separated from the office space of the utility's competitive affiliates by being located in separate buildings or, if within the same building, by a method such as having the offices on separate floors or with separate access, unless otherwise approved by the commission;

(9) a utility and a competitive affiliate:

(A) may, to the extent the utility implements adequate safeguards precluding employees of a competitive affiliate from gaining access to information in a manner inconsistent with Subsection (g) or (i), share common officers and directors, property, equipment, offices to the extent consistent with

Subdivision (8), credit, investment, or financing arrangements to the extent consistent with Subdivision (17), computer systems, information systems, and corporate support services; and

(B) are not required to enter into prior written contracts or competitive solicitations for non-tariffed transactions between the utility and the competitive affiliate, except that the commission by rule may require the utility and the competitive affiliate to enter into prior written contracts or competitive solicitations for certain classes of transactions, other than corporate support services, that have a per unit value of more than \$75,000 or that total more than \$1 million;

(10) a utility does not temporarily assign, for less than one year, employees engaged in transmission or distribution system operations to a competitive affiliate unless the employee does not have knowledge of information that is intended to be protected under this section;

(11) a utility does not subsidize the business activities of an affiliate with revenues from a regulated service;

(12) a utility and its affiliates fully allocate costs for any shared services, corporate support services, and other items described by Subdivisions (8) and (9);

(13) a utility and its affiliates keep separate books of accounts and records and the commission may review records relating to a transaction between a utility and an affiliate;

(14) assets transferred or services provided between a utility and an affiliate, other than transfers that facilitate unbundling under Section 39.051 or asset valuation under Section 39.262, are priced at a level that is fair and reasonable to the customers of the utility and reflects the market value of the assets or services or the utility's fully allocated cost to provide those assets or services;

(15) regulated services that a utility provides on a routine or recurring basis are included in a tariff that is subject to commission approval;

(16) each transaction between a utility and a competitive affiliate is conducted at arm's length; and

(17) a utility does not allow an affiliate to obtain credit under an arrangement that would include a specific pledge of assets in the rate base of the utility or a pledge of cash reasonably necessary for utility operations.

(e) The commission shall by rule establish a code of conduct that must be observed by electric cooperatives and municipally owned utilities and their affiliates to protect against anticompetitive practices. The rules adopted by the commission under this subsection shall be consistent with Chapters 40 and 41 and may not be more restrictive than the rules adopted under Subsection (d).

(f) Following review of the annual reports submitted to it under Sections 39.155(b) and (c), the commission shall determine whether specific transmission or distribution constraints or bottlenecks within this state give rise to market power in specific geographic markets in the state. The commission, on a finding that specific transmission or distribution constraints or bottlenecks within this state give rise to market power, may order reasonable mitigation of that potential market power by ordering, under Section 39.203(e), one or more electric utilities or transmission and distribution utilities to construct additional transmission or distribution capacity, or both, subject to the certification provisions of this title.

(g) The sharing of corporate support services in accordance with this section may not allow or provide a means for the transfer of confidential information from a utility to an affiliate, create the opportunity for preferential treatment or an unfair competitive advantage, lead to customer confusion, or create significant opportunities for cross-subsidization of affiliates.

(h) A utility or competitive affiliate may not circumvent the provisions or the intent of the provisions of Subsection (d) by using any utility affiliate to provide information, services, or subsidies between the utility and a competitive affiliate.

(i) In this section:

(1) "Competitive affiliate" means an affiliate of a utility that provides services or sells products in a competitive energy-related market in this state, including telecommunications services, to the extent those services are energy related.

(2) "Corporate support services" means services shared by a utility, its parent holding company, or a separate affiliate created to perform corporate support services, with its affiliates of joint corporate oversight, governance, support systems, and personnel. Examples of services that may be shared, to the extent the services comply with the requirements prescribed by Subsections (d) and (g), include human resources, procurement, information technology, regulatory services, administrative services, real estate services, legal services, accounting, environmental services, research and development, internal audit, community relations, corporate communications, financial services, financial planning and management support, corporate services, corporate secretary, lobbying, and corporate planning. Examples of services that may not be shared include engineering, purchasing of electric transmission, transmission and distribution system operations, and marketing.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.158. MERGERS AND CONSOLIDATIONS.

(a) An owner of electric generation facilities that offers electricity for sale in the state and proposes to merge, consolidate, or otherwise become affiliated with another owner of electric generation facilities that offers electricity for sale in this state shall obtain the approval of the commission before closing if the electricity offered for sale in the power region by the merged, consolidated, or affiliated entity will exceed one percent of the total electricity for sale in the power region. The approval shall be requested at least 120 days before the date of the proposed closing. The commission shall approve the transaction unless the commission finds that the transaction results in a violation of Section 39.154. If the commission finds that the transaction as proposed would violate Section 39.154, the commission may condition approval of the transaction on adoption of reasonable modifications to the transaction as prescribed by the commission to mitigate potential market power abuses.

(b) Nothing in this chapter shall be construed to confer immunity from state or federal antitrust laws. This chapter is intended to complement other state and federal antitrust provisions. Therefore, antitrust remedies may also be sought in state or federal court to remedy anticompetitive activities.

(c) This section may not be deemed to authorize commission review or approval of transactions entered into between or among municipally owned utilities, river authorities, special districts created by law, or other political subdivisions, whether or not those transactions may be characterized as mergers, consolidations, or other affiliations, when the transaction is authorized or structured under state law.

(d) Notwithstanding any other provision of this title, an electric utility which, before the effective date of this chapter, entered into a stipulation or agreement in support of approval of a merger which was approved by the commission on or after January 1, 1996, requiring the utility to pass through to ratepayers the savings resulting from the merger of that utility with another utility shall continue to be bound by the terms of that stipulation or agreement. The commission shall ensure that the pass-through of all merger savings required under any such stipulation or agreement shall be fully implemented during the freeze period and shall be reflected in setting the price to beat for that utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER E. PRICE REGULATION AFTER COMPETITION

Sec. 39.201. COST OF SERVICE TARIFFS AND CHARGES.

(a) Each electric utility shall, on or before April 1, 2000, file proposed tariffs for its proposed transmission and distribution utility.

(b) The filing under this section shall include supporting cost data for determination of nonbypassable delivery charges, which shall be the sum of:

- (1) transmission and distribution utility charges by customer class based on a forecasted 2002 test year;
- (2) a system benefit fund fee; and
- (3) an expected competition transition charge, if any.

(c) Each electric utility shall also identify the unbundled generation and retail energy service costs by customer class.

(d) In accordance with a schedule and procedures it establishes, the commission shall hold a hearing and approve or modify and make effective as of January 1, 2002, the transmission and distribution utility's proposed tariffs for transmission and distribution services, the system benefit fund fee, and the expected competition transition charge as determined under Subsections (g) and (h) and as implemented under Subsections (i)-(l), if any.

(e) The system benefit fund fee shall be that established by the commission under Section 39.903.

(f) The expected competition transition charge shall be that as determined under Subsections (g) and (h) and as implemented under Subsections (i)-(l).

(g) The expected competition transition charge approved by the commission shall be calculated from the amount of stranded costs as defined in Subchapter F that are reasonably projected to exist on the last day of the freeze period modified to reflect any adjustments determined appropriate by the commission under Section 39.261(c).

(h) The electric utility shall use the ECOM administrative model referenced in Section 39.262 to determine estimated stranded costs. The model must include updated company-specific inputs. Natural gas prices used in the model must be market-based natural gas forward prices, where available. Growth rates in generating plant operations and maintenance costs and allocated administrative and general costs shall be benchmarked by comparing those costs to the best available information on cost trends for comparable generating plants. Capital additions shall be benchmarked using the limitation in Section 39.259(b).

(i) An electric utility may:

(1) at any time after the start of the freeze period, securitize 100 percent of its regulatory assets as defined by Section 39.302 and up to 75 percent of its estimated stranded costs as defined by this section and recover those charges through a transition charge, in accordance with a financing order issued by the commission under Section 39.303;

(2) implement, under bond, a nonbypassable charge of up to 100 percent of its estimated stranded costs; or

(3) use a combination of the two methods under Subdivisions (1) and (2).

(j) Any competition transition charge shall be allocated among retail customer classes according to Section 39.253.

(k) In determining the length of time over which stranded costs under Subsection (h) may be recovered, the commission shall consider:

- (1) the electric utility's rates as of the end of the freeze period;
- (2) the sum of the transmission and distribution charges and the system benefit fund fees;
- (3) the proportion of estimated stranded costs to the invested capital of the electric utility; and
- (4) any other factor consistent with the public interest as expressed in this chapter.

(l) Two years after customer choice is introduced, the stranded cost estimate under this section shall be reviewed and, if necessary, adjusted to reflect a final, actual valuation in the true-up proceeding under Section 39.262. If, based on that proceeding, the competition transition charge is not sufficient, the commission may extend the collection period for the charge or, if necessary, increase the charge. Alternatively, if it is found in the true-up proceeding that the competition transition charge is larger than is needed to recover any remaining stranded costs, the commission may:

- (1) reduce the competition transition charge, to the extent it has not been securitized;
- (2) reverse, in whole or in part, the depreciation expense that has been redirected under Section 39.256;
- (3) reduce the transmission and distribution utility's rates; or
- (4) implement a combination of the elements in Subdivisions (1)-(3).

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.202. PRICE TO BEAT.

(a) From January 1, 2002, until January 1, 2007, an affiliated retail electric provider shall make available to residential and small commercial customers of its affiliated transmission and distribution utility rates that, on a bundled basis, are six percent less than the affiliated electric utility's corresponding average residential and small commercial rates, on a bundled basis, that were in effect on January 1, 1999, adjusted to reflect the fuel factor determined as provided by Subsection (b) and adjusted for any base rate reduction as stipulated to by an electric utility in a proceeding for which a final order had not been issued by January 1, 1999. These rates on a bundled basis shall be known as the "price to beat" for residential and small commercial customers, except that the "price to beat" for a utility is the rate in effect as a result of a settlement approved by the commission after January 1, 1999, if the commission determines that base rates for that utility have been reduced by more than 12 percent as a result of a final order issued by the commission after October 1, 1998.

(b) The commission shall determine the fuel factor for each electric utility as of December 31, 2001.

(c) After the date of customer choice, each affiliated power generation company shall file a final fuel reconciliation for the period ending the day before the date customer choice is introduced. The final fuel balance from that reconciliation shall be included in the true-up proceeding under Section 39.262.

(d) An affiliated retail electric provider shall make public its price to beat in a manner that provides adequate disclosure as determined by the commission.

(e) The affiliated retail electric provider may not charge rates for residential or small commercial customers that are different from the price to beat until the earlier of 36 months after the date customer choice is introduced or:

(1) for service to residential customers, the date the commission determines that 40 percent or more of the electric power consumed by residential customers within the affiliated transmission and distribution utility's certificated service area before the onset of customer choice is committed to be served by nonaffiliated retail electric providers; or

(2) for service to small commercial customers, the date the commission determines that 40 percent or more of the electric power consumed by small commercial customers within the affiliated transmission and distribution utility's certificated service area before the onset of customer choice is committed to be served by nonaffiliated retail electric providers.

(f) Notwithstanding Subsection (e), the affiliated retail electric provider may charge rates that are different from the price to beat for service to aggregated loads of nonresidential customers having an aggregated peak demand greater than 1,000 kilowatts, provided that all affected customers are:

- (1) commonly owned; or
- (2) franchisees of the same franchisor.

(g) The affiliated retail electric provider may not encourage or provide an incentive to a customer to switch to a nonaffiliated retail electric provider, promote any nonaffiliated retail electric provider, or exchange customers with any nonaffiliated retail electric provider to comply with the requirements of Subsection (e)(1) or (2).

(h) The following standards shall be used for measuring electric power consumption during the period before the onset of customer choice:

(1) the consumption of residential and small commercial customers with an annual peak demand less than or equal to 20 kilowatts shall be based on the average annual consumption of those respective groups during the year 2000;

(2) consumption for all small commercial customers with an annual peak demand larger than 20 kilowatts shall be based on each customer's usage during the year 2000; and

(3) for purposes of determining whether an affiliated retail electric provider has met the requirements of Subsection (e)(2), the aggregated loads of nonresidential customers having a peak demand greater than 1,000 kilowatts that are served by the affiliated retail electric provider at a rate different from the price to beat under Subsection (f) shall be deducted from the electric power consumption of small commercial customers during the period before the onset of customer choice.

(i) For purposes of Subsection (h)(2), if less than 12 months of consumption history exists for any such customer, the usage history shall be supplemented with the prior history of that customer's location. For service to a new location, the annual consumption shall be determined as the transmission and distribution utility's estimate of the maximum annual kilowatt demand used in sizing the electric service to that customer multiplied by 8,760 hours, and that product multiplied by the average annual customer load factor for small commercial customers with loads greater than 20 kilowatts for the year 2000.

(j) On determining that its affiliated retail electric provider has met the requirements of Subsection (e)(1) or (2), an electric utility or a transmission and distribution utility shall make a filing with the commission attesting to the fact that those requirements have been met and that the restrictions of Subsection (e)(1) or (2) and the true-up in Section 39.262(e) are no longer applicable. The commission shall adopt appropriate procedures to enable it to accept or reject the filing within 30 days.

(k) Following the true-up proceedings conducted under Section 39.262, the commission may adjust the price to beat.

(l) An affiliated retail electric provider may request that the commission adjust the fuel factor established under Subsection (b) not more than twice a year if the affiliated retail electric provider demonstrates that the existing fuel factor does not adequately reflect significant changes in the market price of natural gas and purchased energy used to serve retail customers.

(m) In a power region outside of ERCOT, if customer choice is introduced before the requirements of Section 39.152(a) are met, an affiliated retail electric provider shall charge rates to customers other than residential and small commercial customers that are no higher than the rates that, on a bundled basis, were in effect on January 1, 1999, adjusted to reflect the fuel factor as provided by Subsection (b) and adjusted for any base rate reduction as stipulated to by an electric utility in a proceeding for which a final order had not been issued by January 1, 1999.

(n) Notwithstanding Subsection (a), in a power region outside of ERCOT, if customer choice is introduced before the requirements of Section 39.152(a) are met, an affiliated retail electric provider shall continue to offer the price to beat to residential and small commercial customers, unless the price is changed by the commission in accordance with this chapter, until the later of 60 months after the date customer choice is introduced or the requirements of Section 39.152(a) are met.

(o) In this section, "small commercial customer" means a commercial customer having a peak demand of 1,000 kilowatts or less.

(p) On finding that a retail electric provider will be unable to maintain its financial integrity if it complies with Subsection (a), the commission shall set the retail electric provider's price to beat at the minimum level that will allow the retail electric provider to maintain its financial integrity. However, in no event shall the price to beat exceed the level of rates, on a bundled basis, charged by the affiliated electric utility on September 1, 1999, adjusted for fuel as provided by Subsection (b).

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.203. TRANSMISSION AND DISTRIBUTION SERVICE.

(a) All transmission and distribution utilities shall provide transmission service at wholesale under Subchapter A, Chapter 35. In addition, on and after January 1, 2002, a transmission and distribution utility shall provide transmission or distribution service, or both, at retail to an electric utility, a retail electric provider, a municipally owned utility, an electric cooperative, or an end-use customer at rates, terms of access, and conditions that are comparable to those that apply to the transmission and distribution utility and its affiliates. A municipally owned utility offering customer choice or an electric cooperative offering customer choice shall likewise provide transmission or distribution service, or both, at retail to all such entities in accordance with the commission's rules applicable to terms and conditions of access and at rates adopted in accordance with Sections 40.055(a)(1) and 41.055(1), respectively.

(b) When necessary to serve a wholesale customer an electric utility, an electric cooperative that has not opted for customer choice, or a municipally owned utility that has not opted for customer choice shall provide wholesale transmission service at distribution voltage. A customer of a municipally owned utility that has not opted for customer choice or of an electric cooperative that has not opted for customer choice may not claim the status of a wholesale customer or be designated as a wholesale customer if the customer is being or has been served under a retail rate schedule of the municipally owned utility or electric cooperative.

(c) On or before January 1, 2002, the commission shall establish for all retail electric utilities offering customer choice reasonable and comparable terms and conditions, in accordance with Section 39.201, that comply with Subsection (a) for open access on distribution facilities and shall establish, for all retail electric utilities offering customer choice other than municipally owned utilities and electric cooperatives, reasonable and comparable rates for open access on distribution facilities.

(d) The terms of access, conditions, and rates established under Subsection (c) shall be comparable to the terms of access, conditions, and rates that the electric utility applies to itself or its affiliates. The rules shall also provide that all ancillary services provided by the utility to itself or its affiliates are also available to third parties on request on a nondiscriminatory basis.

(e) The commission may require an electric utility or a transmission and distribution utility to construct or enlarge facilities to ensure safe and reliable service for the state's electric markets and to reduce transmission constraints within ERCOT in a cost-effective manner where the constraints are such that they are not being resolved through Chapter 37 or the ERCOT transmission planning process. The commission shall require an electric utility or a transmission and distribution utility to construct or enlarge transmission or transmission-related facilities for the purpose of meeting the goal for generating capacity from renewable energy technologies under Section 39.904(a). In any proceeding brought under Chapter 37, an electric utility or transmission and distribution utility ordered to construct or enlarge facilities under this subchapter need not prove that the construction ordered is necessary for the service, accommodation, convenience, or safety of the public and need not address the factors listed in Sections 37.056(c)(1)-(3) and (4)(E). Notwithstanding any other law, including Section 37.057, in any proceeding brought under Chapter 37 by an electric utility or a transmission and distribution utility related to an application for a certificate of public convenience and necessity to construct or enlarge transmission or transmission-related facilities under this subsection, the commission shall issue a final order before the 181st day after the date the application is filed with the commission. If the commission does not issue a final order before that date, the application is approved.

(f) The commission's rules must be consistent with the standards of this title and may not be contrary to an applicable decision, rule, or policy statement of a federal regulatory agency having jurisdiction.

(g) Each power region shall have generally applicable tariffs approved by the commission or a federal regulatory agency having jurisdiction that guarantees open and nondiscriminatory access as required by Section 39.152. This subsection may not be deemed to vest in the commission power to set or approve distribution access rates of a municipally owned utility or an electric cooperative that has adopted customer choice.

(h) A customer in a multiply certificated service area may switch its retail distribution service provider among certificated retail electric utilities only by disconnecting from the facilities of one retail electric utility and connecting to the facilities of another retail electric utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2003, 78th Leg., R.S., ch. 295 (HB 2548) § 3 (amended subsection (e)); Acts 2005, 79th Leg., 1st C. S., ch. 1 (SB 20) § 2 (amended subsection (e).)

Sec. 39.204. TARIFFS FOR OPEN ACCESS.

Each transmission and distribution utility shall file a tariff implementing the open access rules with the commission or the federal regulatory authority having jurisdiction over the transmission and distribution service of the utility not later than the 90th day before the date customer choice is offered by that utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.205. REGULATION OF COSTS FOLLOWING FREEZE PERIOD.

At the conclusion of the freeze period, any remaining costs associated with nuclear decommissioning obligations continue to be subject to cost of service rate regulation and shall be included as a nonbypassable charge to retail customers. The commission may adopt rules necessary to ensure that money for decommissioning is prudently collected, managed, and spent for its intended purpose and that money that remains unspent after decommissioning is completed is returned to retail customers.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2005, 79th Leg., R.S., ch. 121 (SB 1464) § 2.)

Sec. 39.206. NUCLEAR GENERATING UNIT DECOMMISSIONING COST PLAN.

(a) For purposes of this section:

(1) "Decommissioning" includes decommissioning and decontamination of a nuclear generating unit consistent with federal Nuclear Regulatory Commission requirements.

(2) "Nuclear decommissioning trust" means an external and irrevocable trust created for the purpose of funding decommissioning obligations for a nuclear generating unit, consistent with federal Nuclear Regulatory Commission requirements.

(3) "Nuclear generating unit" means an electric generating facility that uses nuclear energy to generate electricity for sale and is licensed by the Nuclear Regulatory Commission and was under construction in this state after January 1, 2007, but before January 1, 2015.

(4) "Power generation company" has the meaning assigned by Section 31.002.

(5) "Retail electric customer" means a retail electric customer:

(A) in a geographic area of this state in which retail customer choice has been implemented; or

(B) of a municipally owned utility or electric cooperative that has an agreement to purchase power from a nuclear generating unit.

(b) This section applies only to the first six nuclear generation units under construction by January 1, 2015, owned in whole or in part by a power generation company that elects to utilize the decommissioning mechanism set forth in this section.

(c) Nothing in this section shall be construed to require a power generation company to use a commission approved method to provide funds for decommissioning, if the power generation company can otherwise satisfy the decommissioning financial assurance requirements of the federal Nuclear Regulatory Commission.

(d) A power generation company that owns a nuclear generating unit shall fund out of operating revenues on an annual basis:

(1) the costs associated with funding the decommissioning obligations for the nuclear generating unit; or

(2) the power generation company's portion of the decommissioning costs for the nuclear generating unit in proportion to the company's ownership interest in the nuclear generating unit if the unit is owned by more than one person.

(e) The obligation to fund a nuclear decommissioning trust fund is not dischargeable in bankruptcy.

(f) A power generation company shall establish a nuclear decommissioning trust for a nuclear generating unit it owns or for the proportionate share of a nuclear generating unit of which it owns a part. The funding obligations for the trust must begin before the nuclear generating unit commences its initial fuel load and begins commercial operation to generate power for sale. The terms of the trust must be consistent with trust terms and conditions the federal Nuclear Regulatory Commission requires for providing financial assurance for decommissioning.

(g) The commission by order shall establish for a nuclear generating unit the amount of annual decommissioning funding necessary to meet the decommissioning obligations for the nuclear generating unit over the unit's operating license period as established by the federal Nuclear Regulatory Commission or over a shorter period of time at the election of the power generation company. The power generation company shall perform a study on the cost of decommissioning to establish the decommissioning obligations before the nuclear generating unit begins commercial operation to generate power for sale. The study shall be performed by the power generation company at least once in each three-year period during the unit's operating license period using the most current reasonably available information on the cost of decommissioning. The commission shall conduct a proceeding at least once in each three-year period to review the study and other current reasonably available information on the cost of decommissioning and determine the reasonableness of the study.

(h) A power generation company shall file an annual report to provide the status of the decommissioning trust fund and to update the commission as to its ability to fund the decommissioning trust fund. In determining the amount of the annual decommissioning funding under this subsection, at least once in each three-year period, the commission shall conduct a proceeding to review the balance of each nuclear decommissioning trust and the projected amount of annual decommissioning funding for the associated nuclear generating unit. On the conclusion of the review proceeding, the commission by order shall revise the amount of annual funding for the nuclear generating unit in order to ensure that the nuclear decommissioning trust fund is adequately funded.

(i) A power generation company shall remit the appropriate amount of annual decommissioning funding to the nuclear decommissioning trust created for its proportionate ownership position in a nuclear generating unit in accordance with the commission's funding order issued under Subsection (g) or (h). The commission shall take appropriate actions to ensure proper funding of the nuclear decommissioning trust, including possibly terminating the power generation company's registration to operate, if the company violates this subsection.

(j) A power generation company that owns a nuclear generating unit is the funds administrator of the nuclear decommissioning trust for the associated nuclear generating unit. The company, as funds administrator, shall invest the trust funds in accordance with guidelines established by commission rule and consistent with the federal Nuclear Regulatory Commission guidelines so that the decommissioning funds, plus the amounts earned from investment of the funds, will be available at the time of decommissioning. The commission shall adopt rules to define the company's specific duties as funds administrator and requirements regarding prudent management and investment of nuclear decommissioning trust funds.

(k) The commission shall adopt rules necessary to ensure that:

(1) a power generation company remits sufficient funds to a nuclear decommissioning trust on an annual basis, including projected earnings to approximate the amount remaining to be accumulated to

cover the cost of decommissioning a nuclear generating unit at the end of its operating license period divided by the remaining years of the license and in accordance with applicable state and federal laws and regulations or over a shorter period of time at the election of the power generation company;

(2) the periodic cost studies and reviews described in Subsections (g) and (h) include all current reasonably available information as determined necessary and appropriate by the commission;

(3) all funds remitted to a nuclear decommissioning trust are prudently managed and spent for their intended purpose;

(4) the funds remitted to a nuclear decommissioning trust and the amounts earned from investing the funds, will be available for, and restricted to the purpose of decommissioning of the associated nuclear generating unit, including if the trust or nuclear generating unit is transferred to another person; and

(5) before a power generation company is allowed to take advantage of the mechanisms in this section, the company meets creditworthiness standards established by the commission to minimize the risk that retail electric customers will be responsible for funding any shortfall in the cost of decommissioning a nuclear generating unit.

(l) In addition to the nuclear decommissioning trust required by Subsection (f), for purposes of Subsection (k), the power generation company and its parent and affiliates shall provide financial assurances that funds will be available to satisfy up to 16 years of annual decommissioning funding in the event the power generation company defaults on its obligation to make annual funding to the decommissioning trust. Within 180 days after the effective date of this section, the commission by rule shall establish the acceptable forms of financial assurance, which shall include, but not be limited to, parent guarantees and support agreements, letters of credit, surety or insurance, and such other requirements necessary to ensure compliance with this section. In establishing the acceptable forms of assurance, and the eligibility requirements for each form of assurance, the commission shall consider the relative risk factors and creditworthiness attributes of potential applicant financial characteristics in order to minimize exposure of retail electric customers to default by power generation companies under this section. The power generation company may choose the manner of financial assurance for which it is eligible under the commission's rules.

(m) In the event the financial assurances provided by Subsection (k) are insufficient to meet the annual funding requirements of the decommissioning trust, the retail electric customers shall be responsible for funding any shortfall in the cost of decommissioning the nuclear generating unit.

(n) The commission shall determine the manner in which any shortfall in the cost of decommissioning a nuclear generating unit shall be recovered from retail electric customers in the state, consistent with law.

(o) For retail electric customers of a municipally owned utility or an electric cooperative that has an agreement to purchase power from a nuclear generating unit, the amount of the shortfall in the cost of decommissioning the nuclear generating unit that the customers are responsible for is limited to a portion of that shortfall that bears the same proportion to the total shortfall as the amount of electric power generated by the nuclear generating unit and purchased by the municipally owned utility or electric cooperative bears to the total amount of power the nuclear generating unit generated.

(p) If retail electric customers in this state become responsible for the costs of decommissioning a nuclear generating unit and incur costs under this section and the nuclear generating unit is operational, as a condition of operating the generating unit, the power generation company or any new owner shall repay the costs the electric customers incurred in the manner determined by the commission. The commission may authorize the repayment to occur over a period established by the commission.

(q) The commission shall, in conjunction with the Nuclear Regulatory Commission, investigate the development of a mechanism whereby the State of Texas could ensure that funds for decommissioning will be obtained when necessary in the same manner as if the State of Texas were the licensee under federal law. The commission shall file legislative recommendations regarding any changes in law that may be necessary to carry out the purposes of this subsection prior to January 15, 2009, which may be combined with the report required by Section 31.003.

(r) The commission by rule shall ensure that:

(1) money for decommissioning a nuclear generating unit is prudently collected, managed, and spent for its intended purposes; and

(2) decommissioning money that remains unspent after decommissioning of the nuclear generating unit is complete is returned to the power generation company and the retail electric customers based on the proportionate amount of money the power generation company and retail electric customers paid into the fund.

(Added by Acts 2007, 80th Leg., R.S. ch. __ (HB 1386) § 1.)

SUBCHAPTER F. RECOVERY OF STRANDED COSTS THROUGH COMPETITION TRANSITION CHARGE

Sec. 39.251. DEFINITIONS.

In this subchapter:

(1) "Above market purchased power costs" means wholesale demand and energy costs that a utility is obligated to pay under an existing purchased power contract to the extent the costs are greater than the purchased power market value.

(2) "Existing purchased power contract" means a purchased power contract in effect on January 1, 1999, including any amendments and revisions to that contract resulting from litigation initiated before January 1, 1999.

(3) "Generation assets" means all assets associated with the production of electricity, including generation plants, electrical interconnections of the generation plant to the transmission system, fuel contracts, fuel transportation contracts, water contracts, lands, surface or subsurface water rights, emissions-related allowances, and gas pipeline interconnections.

(4) "Market value" means, for nonnuclear assets and certain nuclear assets, the value the assets would have if bought and sold in a bona fide third-party transaction or transactions on the open market under Section 39.262(h) or, for certain nuclear assets, as described by Section 39.262(i), the value determined under the method provided by that subsection.

(5) "Purchased power market value" means the value of demand and energy bought and sold in a bona fide third-party transaction or transactions on the open market and determined by using the weighted average costs of the highest three offers from the market for purchase of the demand and energy available under the existing purchased power contracts.

(6) "Retail stranded costs" means that part of net stranded cost associated with the provision of retail service.

(7) "Stranded cost" means the positive excess of the net book value of generation assets over the market value of the assets, taking into account all of the electric utility's generation assets, any above market purchased power costs, and any deferred debit related to a utility's discontinuance of the

application of Statement of Financial Accounting Standards No. 71 ("Accounting for the Effects of Certain Types of Regulation") for generation-related assets if required by the provisions of this chapter. For purposes of Section 39.262, book value shall be established as of December 31, 2001, or the date a market value is established through a market valuation method under Section 39.262(h), whichever is earlier, and shall include stranded costs incurred under Section 39.263.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.252. RIGHT TO RECOVER STRANDED COSTS.

(a) An electric utility is allowed to recover all of its net, verifiable, nonmitigable stranded costs incurred in purchasing power and providing electric generation service.

(b)(1) Recovery of retail stranded costs by an electric utility shall be from all existing or future retail customers, including the facilities, premises, and loads of those retail customers, within the utility's geographical certificated service area as it existed on May 1, 1999. A retail customer may not avoid stranded cost recovery charges by switching to new on-site generation except as provided by Section 39.262(k). For purposes of this subchapter, "new on-site generation" means electric generation capacity greater than 10 megawatts capable of being lawfully delivered to the site without use of utility distribution or transmission facilities and which was not, on or before December 31, 1999, either:

(A) a fully operational facility; or

(B) a project supported by substantially complete filings for all necessary site-specific environmental permits under the rules of the Texas Natural Resource Conservation Commission in effect at the time of filing.

(2) If a customer commences taking energy from new on-site generation which materially reduces the customer's use of energy delivered through the utility's facilities, the customer shall pay an amount each month computed by multiplying the output of the on-site generation by the new sum of competition transition charges under Section 39.201 and transition charges under Subchapter G which are in effect during that month. Payment shall be made to the utility, its successors, an assignee, or other collection agent responsible for collecting the competition transition charges and transition charges and shall be collected in addition to the competition transition charges and transition charges applicable to energy actually delivered to the customer through the utility's facilities.

(c) In multiply certificated areas, a retail customer may not avoid stranded cost recovery charges by switching to another electric utility, electric cooperative, or municipally owned utility after May 1, 1999. A customer in a multiply certificated service area that requested to switch providers on or before May 1, 1999, or was not taking service from an electric utility on May 1, 1999, and does not do so after that date is not responsible for paying retail stranded costs of that utility.

(d) An electric utility shall pursue commercially reasonable means to reduce its potential stranded costs, including good faith attempts to renegotiate above-cost fuel and purchased power contracts or the exercise of normal business practices to protect the value of its assets. The commission shall consider the utility's efforts under this subsection when determining the amount of the utility's stranded costs; provided, however, that nothing in this section authorizes the commission to substitute its judgment for a market valuation of generation assets determined under Sections 39.262(h) and (i).

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.253. ALLOCATION OF STRANDED COSTS.

(a) Any capital costs incurred by an electric utility to improve air quality under Section 39.263 or 39.264 that are included in a utility's invested capital in accordance with those sections shall be allocated among customer classes as follows:

(1) 50 percent of those costs shall be allocated in accordance with the methodology used to allocate the costs of the underlying assets in the electric utility's most recent commission order addressing rate design; and

(2) the remainder shall be allocated on the basis of the energy consumption of the customer classes.

(b) All other retail stranded costs shall be allocated among retail customer classes in accordance with Subsections (c)-(i).

(c) The allocation to the residential class shall be determined by allocating to all customer classes 50 percent of the stranded costs in accordance with the methodology used to allocate the costs of the underlying assets in the electric utility's most recent commission order addressing rate design and allocating the remainder of the stranded costs on the basis of the energy consumption of the classes.

(d) After the allocation to the residential class required by Subsection (c) has been calculated, the remaining stranded costs shall be allocated to the remaining customer classes in accordance with the methodology used to allocate the costs of the underlying assets in the electric utility's most recent commission order addressing rate design. Non-firm industrial customers shall be allocated stranded costs equal to 150 percent of the amount allocated to that class.

(e) After the allocation to the residential class required by Subsection (c) and the allocation to the nonfirm industrial class required by Subsection (d) have been calculated, the remaining stranded costs shall be allocated to the remaining customer classes in accordance with the methodology used to allocate the costs of the underlying assets in the electric utility's most recent commission order addressing rate design.

(f) Notwithstanding any other provision of this section, to the extent that the total retail stranded costs, including regulatory assets, of investor-owned utilities exceed \$5 billion on a statewide basis, any stranded costs in excess of \$5 billion shall be allocated among retail customer classes in accordance with the methodology used to allocate the costs of the underlying assets in the electric utility's most recent commission order addressing rate design.

(g) The energy consumption of the customer classes used in Subsections (a)(2) and (c) shall be based on the relevant class characteristics as of May 1, 1999, adjusted for normal weather conditions.

(h) For purposes of this section, "stranded costs" includes regulatory assets.

(i) Except as provided by Section 39.262(k), no customer or customer class may avoid the obligation to pay the amount of stranded costs allocated to that customer class.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.254. USE OF REVENUES FOR UTILITIES WITH STRANDED COSTS.

This subchapter provides a number of tools to an electric utility to mitigate stranded costs. Each electric utility that was reported by the commission to have positive "excess costs over market" (ECOM), denoted as the "base case" for the amount of stranded costs before full retail competition in 2002 with respect to its Texas jurisdiction, in the April 1998 Report to the Texas Senate Interim Committee on Electric Utility Restructuring entitled "Potentially Strandable Investment (ECOM) Report: 1998 Update," must use these tools to reduce the net book value of, otherwise referred to as "accelerate" the cost recovery

of, its stranded costs each year. Any positive difference under the report required by Section 39.257(b) shall be applied to the net book value of generation assets.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.255. USE OF REVENUES FOR UTILITIES WITH NO STRANDED COSTS.

(a) An electric utility that does not have stranded costs described by Section 39.254 shall be permitted to use any positive difference under the report required by Section 39.257(b) on capital expenditures to improve or expand transmission or distribution facilities, or on capital expenditures to improve air quality, as approved by the commission. Any such capital expenditures shall be made in the calendar year immediately following the year for which the report required by Section 39.257 is calculated. The capital expenditures shall be reflected in any future proceeding under this chapter to set transmission or distribution rates as a reduction to the utility's transmission and distribution invested capital, as approved by the commission.

(b) To the extent that positive differences under the report required by Section 39.257(b) are not used for capital expenditures, the amounts shall be flowed back to the electric utility's Texas jurisdictional customers through the power cost recovery factor.

(c) This section applies only to the use of positive differences under the report required by Section 39.257(b) for each year during the freeze period.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.256. OPTION TO REDIRECT DEPRECIATION.

(a) For the calendar years of 1998, 1999, 2000, and 2001, an electric utility described by Section 39.254 may redirect all or a part of the depreciation expense relating to transmission and distribution assets to its net generation plant assets.

(b) The electric utility shall report a decision under Subsection (a) to the commission and any other applicable regulatory authority.

(c) Any adjustments made to the book value of transmission and distribution assets or the creation of any related regulatory assets resulting from the redirection under this section shall be accepted and applied by the commission for establishing net invested capital and transmission and distribution rates for retail customers in all future proceedings.

(d) Notwithstanding Subsection (c), the design of post-freeze-period retail rates may not:

- (1) shift the allocation of responsibility for stranded costs;
- (2) include the adjusted costs in wholesale transmission and distribution rates; or
- (3) apply the adjustments for the purpose of establishing net invested capital and transmission and distribution rates for wholesale customers.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.257. ANNUAL REPORT.

(a) Beginning with the 1999 calendar year, each electric utility shall file a report with the commission not later than 90 days after the end of each year during the freeze period under a schedule and a format determined by the commission.

(b) The report shall identify any positive difference between annual revenues, reduced by the amount of annual revenues under Sections 36.203 and 36.205, the revenues received under the interutility billing

process as adopted by the commission to implement Sections 35.004, 35.006, and 35.007, revenues associated with transition charges as defined by Section 39.302, and annual costs.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.258. ANNUAL REPORT: DETERMINATION OF ANNUAL COSTS.

For the purposes of determining the annual costs in each annual report, the following amounts shall be used:

- (1) the lesser of:
 - (A) the utility's Texas jurisdictional operation and maintenance expense reflected in each utility's Federal Energy Regulatory Commission Form 1 of the report year, plus factoring expenses not included in operation and maintenance, adjusted for:
 - (i) costs under Sections 36.062, 36.203, and 36.205; and
 - (ii) revenues recorded under the interutility billing process adopted by the commission to implement Sections 35.004, 35.006, and 35.007; or
 - (B) the Texas jurisdictional operation and maintenance expense reflected in each utility's 1996 Federal Energy Regulatory Commission Form 1, plus factoring expenses not included in operation and maintenance, adjusted for:
 - (i) costs under Sections 36.062, 36.203, and 36.205, and not indexed for inflation;
 - (ii) any difference between the annual revenues and the expenses recorded under the interutility billing process adopted by the commission to implement Sections 35.004, 35.006, and 35.007; and
 - (iii) the annual percentage change in the average number of utility customers;
- (2) the amount of nuclear decommissioning expense approved in the electric utility's last rate proceeding before the commission, as may be required to be adjusted to comply with applicable federal regulatory requirements;
- (3) the depreciation rates approved in the electric utility's last rate proceeding before the commission;
- (4) the amortization expense approved in the electric utility's last rate proceeding before the commission or in any other proceeding in which deferred costs and the amortization of those costs are established, except that if the items are fully amortized during the freeze period, the expense shall be adjusted accordingly;
- (5) taxes and fees, including municipal franchise fees to the extent not included in Subdivision (1), other than federal income taxes, and assessments incurred that year;
- (6) federal income tax expense, computed according to the stand-alone methodology and using the actual capital structure and actual cost of debt as of December 31 of the report year;
- (7) return on invested capital, computed by multiplying invested capital as of December 31 of the report year, determined as provided by Section 39.259, by the cost of capital approved in the electric utility's most recent rate proceeding before the commission in which the cost of capital was specifically adopted, or, in the case of a range, the midpoint of the range, if the final rate order for the proceeding was issued on or after January 1, 1992, or if such an order does not exist, a cost of capital of 9.6 percent shall be used; and

(8) the amount resulting from any operation and maintenance expense savings tracker from a merger of two utilities and contained in a settlement agreement approved by the commission before January 1, 1999.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.259. ANNUAL REPORT: DETERMINATION OF INVESTED CAPITAL.

(a) For the purposes of determining invested capital in each annual report, the net plant in service, regulatory assets, and deferred federal income taxes shall be updated each year, and generation-related invested capital shall be reduced by the amount of securitization under Sections 39.201(i) and 39.262(c) to the extent otherwise included in invested capital.

(b) Capital additions to a plant in an amount less than 1-1/2 percent of the electric utility's net plant in service on December 31, 1998, less plant items previously excluded by the commission, for each of the years 1999 through 2001 are presumed prudent.

(c) All other items in invested capital shall be as approved in the electric utility's last rate proceeding before the commission.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.260. USE OF GENERALLY ACCEPTED ACCOUNTING PRINCIPLES.

(a) The definition and identification of invested capital and other terms used in this subchapter and Subchapter G that affect the net book value of generation assets and the treatment of transactions performed under Section 35.035 and other transactions authorized by this title or approved by the regulatory authority that affect the net book value of generation assets during the freeze period shall be treated in accordance with generally accepted accounting principles as modified by regulatory accounting rules generally applicable to utilities.

(b) The principles and criteria described by Subsection (a), including the criteria for applicability of Statement of Financial Accounting Standards No. 71 ("Accounting for the Effects of Certain Types of Regulation"), shall be applied for purposes of this subchapter as they existed on January 1, 1999.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.261. REVIEW OF ANNUAL REPORT.

(a) The annual report filed under this subchapter is a public document and shall be reviewed by the staff of the commission and the office. Both staffs may review work papers and supporting documents and engage in discussions with the utility about the data underlying the reports.

(b) The staff of the commission and the office shall communicate in writing to an electric utility not later than the 180th day after the date the report is filed if they have any disagreements with the data or computations.

(c) The commission shall finalize and resolve any disagreements related to the annual report, consistent with the requirements of Section 39.258, as follows:

(1) for each calendar year, the commission shall finalize the annual report before establishing the competition transition charge under Section 39.201; and

(2) for each calendar year, the commission shall finalize the annual report and reflect the result as part of the true-up proceeding under Section 39.262.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.262. TRUE-UP PROCEEDING.

(a) An electric utility, together with its affiliated retail electric provider and its affiliated transmission and distribution utility, may not be permitted to overrecover stranded costs through the procedures established by this section or through the application of the measures provided by the other sections of this chapter.

(b) After the freeze period, an electric utility located in a power region that is not certified under Section 39.152 shall continue to file annual reports under Sections 39.257, 39.258, and 39.259 as if the freeze period remained in effect, until the time the power region qualifies as certified under Section 39.152. In addition, the commission staff and the office shall continue to review the annual reports as provided by Section 39.261.

(c) After January 10, 2004, at a schedule and under procedures to be determined by the commission, each transmission and distribution utility, its affiliated retail electric provider, and its affiliated power generation company shall jointly file to finalize stranded costs under Subsections (h) and (i) and reconcile those costs with the estimated stranded costs used to develop the competition transition charge in the proceeding held under Section 39.201. Any resulting difference shall be applied to the nonbypassable delivery rates of the transmission and distribution utility, except that at the utility's option, any or all of the amounts recovered under this section may be securitized under Subchapter G.

(d) The affiliated power generation company shall reconcile, and either credit or bill to the transmission and distribution utility, the net sum of:

- (1) the former electric utility's final fuel balance determined under Section 39.202(c); and
- (2) any difference between the price of power obtained through the capacity auctions under Sections 39.153 and 39.156 and the power cost projections that were employed for the same time period in the ECOM model to estimate stranded costs in the proceeding under Section 39.201.

(e) To the extent that the price to beat exceeded the market price of electricity, the affiliated retail electric provider shall reconcile and credit to the affiliated transmission and distribution utility any positive difference between the price to beat established under Section 39.202, reduced by the nonbypassable delivery charge established under Section 39.201, and the prevailing market price of electricity during the same time period. A reconciliation for the applicable customer class is not required under this subsection for an affiliated retail electric provider that satisfies the requirements of Section 39.202(e)(1) or (2) before the expiration of two years from the introduction of customer choice. If a reconciliation is required, in no event shall the amount credited exceed an amount equal to the number of residential or small commercial customers served by the affiliated transmission and distribution utility that are buying electricity from the affiliated retail electric provider at the price to beat on the second anniversary of the beginning of competition, minus the number of new customers obtained outside the service area, multiplied by \$150.

(f) To the extent that any amount of regulatory assets included in a transition charge or competition transition charge exceeds the amount of regulatory assets approved in a rate order which became effective on or before September 1, 1999, the commission shall conduct a review during the true-up proceeding to determine whether such amounts were appropriately calculated and constituted reasonable and necessary costs pursuant to Subchapter B, Chapter 36. If the commission finds that the amount of regulatory assets specified in Section 39.302(5) is subject to modification, a credit or other rate adjustment shall be made to the transmission and distribution utility's nonbypassable delivery rates; provided, however, that no adjustment may be made to a transition charge established under Subchapter G.

(g) Based on the credits or bills received from its affiliates under Subsections (d), (e), and (f), the transmission and distribution utility shall make necessary adjustments to the nonbypassable delivery rates it charges to retail electric providers. If the commission determines that the nonbypassable delivery rates are

not sufficient, the commission may extend the original collection period for the charge or, if necessary, increase the charge. Alternatively, if the commission determines that the nonbypassable delivery rates are larger than are needed to recover the transmission and distribution utility's costs, the commission shall correspondingly reduce:

- (1) the competition transition charge, to the extent it has not been securitized;
- (2) the depreciation expense that has been redirected under Section 39.256;
- (3) the transmission and distribution utility's rates; or
- (4) a combination of the elements in Subdivisions (1)-(3).

(h) Except as provided in Subsection (i), for the purpose of finalizing the stranded cost estimate used to establish the competition transition charge under Section 39.201, the affiliated power generation company shall quantify its stranded costs using one or more of the following methods:

(1) **Sale of Assets.** If, at any time after December 31, 1999, an electric utility or its affiliated power generation company has sold some or all of its generation assets, which sale shall include all generating assets associated with each generating plant that is sold, in a bona fide third-party transaction under a competitive offering, the total net value realized from the sale establishes the market value of the generation assets sold. If not all assets are sold, the market value of the remaining generation assets shall be established by one or more of the other methods in this section.

(2) **Stock Valuation Method.** If, at any time after December 31, 1999, an electric utility or its affiliated power generation company has transferred some or all of its generation assets, including, at the election of the electric utility or power generation company, any fuel and fuel transportation contracts related to those assets, to one or more separate affiliated or nonaffiliated corporations, not less than 51 percent of the common stock of each corporation is spun off and sold to public investors through a national stock exchange, and the common stock has been traded for not less than one year, the resulting average daily closing price of the common stock over 30 consecutive trading days chosen by the commission out of the last 120 consecutive trading days before the filing required under Subsection (c) establishes the market value of the common stock equity in each transferee corporation. The book value of each transferee corporation's debt and preferred stock securities shall be added to the market value of its assets. The market value of each transferee corporation's assets shall be reduced by the corresponding net book value of the assets acquired by each transferee corporation from any entity other than the affiliated electric utility or power generation company. The resulting market value of the assets establishes the market value of the generation assets transferred by the electric utility or power generation company to each separate corporation. If not all assets are disposed of in this manner, the market value of the remaining assets shall be established by one or more of the other methods in this section.

(3) **Partial Stock Valuation Method.** If, at any time after December 31, 1999, an electric utility or its affiliated power generation company has transferred some or all of its generation assets, including, at the election of the electric utility or power generation company, any fuel and fuel transportation contracts related to those assets, to one or more separate affiliated or nonaffiliated corporations, at least 19 percent, but less than 51 percent, of the common stock of each corporation is spun off and sold to public investors through a national stock exchange, and the common stock has been traded for not less than one year, the resulting average daily closing price of the common stock over 30 consecutive trading days chosen by the commission out of the last 120 consecutive trading days before the filing required under Subsection (c) shall be presumed to establish the market value of the common stock equity in each transferee corporation. The commission may accept the market valuation to conclusively establish the value of the common stock equity in each transferee corporation or convene a valuation panel of

three independent financial experts to determine whether the percentage of common stock sold is fairly representative of the total common stock equity or whether a control premium exists for the retained interest. The valuation panel must consist of financial experts, chosen from proposals submitted in response to commission requests, from the top 10 nationally recognized investment banks with demonstrated experience in the United States electric industry as indicated by the dollar amount of public offerings of long-term debt and equity of United States investor-owned electric companies over the immediately preceding three years as ranked by the publications "Securities Data" or "Institutional Investor." If the panel determines that a control premium exists for the retained interest, the panel shall determine the amount of the control premium, and the commission shall adopt the determination but may not increase the market value by a control premium greater than 10 percent. The costs and expenses of the panel, as approved by the commission, shall be paid by each transferee corporation. The determination of the commission based on the finding of the panel conclusively establishes the value of the common stock of each transferee corporation. The book value of each transferee corporation's debt and preferred stock securities shall be added to the market value of its assets. The market value of each transferee corporation's assets shall be reduced by the corresponding net book value of the assets acquired by each transferee corporation from any entity other than the affiliated electric utility or power generation company. The resulting market value of the assets establishes the market value of the generation assets transferred by the electric utility or power generation company to each separate corporation.

(4) Exchange of Assets. If, at any time after December 31, 1999, an electric utility or its affiliated power generation company has transferred some or all of its generation assets, including any fuel and fuel transportation contracts related to those assets, in a bona fide third-party exchange transaction, the stranded costs related to the transferred assets shall be the difference between the book value and the market value of the transferred assets at the time of the exchange, taking into account any other consideration received or given. The market value of the transferred assets may be determined through an appraisal by a nationally recognized independent appraisal firm, if the market value is subject to a market valuation by means of an offer of sale in accordance with this subdivision. To obtain a market valuation by means of an offer of sale, the owner of the asset shall offer it for sale to other parties under procedures that provide broad public notice of the offer and a reasonable opportunity for other parties to bid on the asset. The owner of the asset may establish a reserve price for any offer based on the sum of the appraised value of the asset and the tax impact of selling the asset, as determined by the commission.

(i) Unless an electric utility or its affiliated power generation company combines all of its remaining generation assets into one or more transferee corporations as described in Subsections (h)(2) and (3), the electric utility shall quantify its stranded costs for nuclear assets using the ECOM method. The ECOM method is the estimation model prepared for and described by the commission's April 1998 Report to the Texas Senate Interim Committee on Electric Restructuring entitled "Potentially Strandable Investment (ECOM) Report: 1998 Update." The methodology used in the model must be the same as that used in the 1998 report to determine the "base case." At the time of the proceeding under this section, the ECOM model shall be rerun using updated company-specific inputs required by the model, updating the market price of electricity, and using updated natural gas price forecasts and the capacity cost based on the long-run marginal cost of the most economic new generation technology then available. Natural gas price projections used in the model must be market-based natural gas forward prices, where available. Growth rates in generating plant operations and maintenance costs and allocated administrative and general costs shall be benchmarked by comparing those costs to the best available information on cost trends for comparable generating plants. Capital additions shall be benchmarked using the limitation in Section 39.259(b).

(j) The commission shall issue a final order not later than the 150th day after the date of the filing under this section by the transmission and distribution utility, its affiliated retail electric provider, and its affiliated power generation company, and the resulting order shall be subject to judicial review under Chapter 2001, Government Code.

(k) Notwithstanding Section 39.252, to the extent that a customer's actual load has been lawfully served by a fully operational qualifying facility before September 1, 2001, or by an on-site power production facility with a rated capacity of 10 megawatts or less, any charge for recovery of stranded costs under this section or Subchapter G assessed on that customer after the facility becomes fully operational shall be included only in those tariffs or charges associated with the services actually provided by the transmission and distribution utility, if any, to the customer after the facility became fully operational and may not include any costs associated with the service provided to the customer by the electric utility or its affiliated transmission and distribution utility under their tariffs before the operation of that qualifying facility. To qualify under this subsection, a qualifying facility must have made substantially complete filings on or before December 31, 1999, for all necessary site-specific environmental permits under the rules of the Texas Natural Resource Conservation Commission in effect at the time of filing.

(l) To protect retail customers in this state, and ensure the To protect retail customers in this state, and ensure the appropriateness of the nonbypassable rates of electric utilities and transmission and distribution utilities, notwithstanding any other provision of this title, an electric utility or transmission and distribution utility must report to and obtain approval of the commission before closing any transaction in which:

- (1) the electric utility or transmission and distribution utility will be merged or consolidated with another electric utility or transmission and distribution utility;
- (2) at least 50 percent of the stock of the electric utility or transmission and distribution utility will be transferred or sold; or
- (3) a controlling interest or operational control of the electric utility or transmission and distribution utility will be transferred.

(m) The commission shall approve a transaction under Subsection (l) if the commission finds that the transaction is in the public interest. In making its determination, the commission shall consider whether the transaction will adversely affect the reliability of service, availability of service, or cost of service of the electric utility or transmission and distribution utility. The commission shall make the determination concerning a transaction under this subsection not later than the 180th day after the date the commission receives the relevant report. If the commission has not made a determination before the 181st day after that date, the transaction is considered approved.

(n) Subsections (l) and (m) do not apply to a transaction described by Subsection (l) for which a definitive agreement was executed before April 1, 2007, if an electric utility or transmission and distribution utility or a person seeking to acquire or merge with an electric utility or transmission and distribution utility made a filing for review of the transaction under Section 14.101 before May 1, 2007, and the resulting proceeding was not withdrawn.

(o) If an electric utility or transmission and distribution utility or a person seeking to acquire or merge with an electric utility or transmission and distribution utility files with the commission a stipulation, representation, or commitment in advance of or as part of a filing under Subsection (l) or under Section 14.101, the commission may enforce the stipulation, representation, or commitment to the extent that the stipulation, representation, or commitment is consistent with the standards provided by this section and Section 14.101. The commission may reasonably interpret and enforce conditions adopted under this section.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2007, 80th Leg., R.S., ch. ___ (HB 624) § 1.)

Sec. 39.263. STRANDED COST RECOVERY OF ENVIRONMENTAL CLEANUP COSTS.

(a) Subject to Subsection (c), capital costs incurred by an electric utility to improve air quality before January 1, 2002, are eligible for inclusion as net invested capital under Section 39.259, notwithstanding the limitations imposed under Sections 39.259(b) and (c).

(b) Subject to Subsection (c), capital costs incurred by an electric utility or an affiliated power generation company to improve air quality after January 1, 2002, and before May 1, 2003, are eligible for inclusion in the determination of invested capital in the true-up proceeding under Section 39.262.

(c) Reasonable costs incurred under Subsections (a) and (b) shall be included as invested capital and considered in an electric utility's stranded cost determination only to the extent that:

(1) the cost is applied to offset or reduce the emission of airborne contaminants from an electric generating facility, where:

(A) the reduction or offset is determined by the Texas Natural Resource Conservation Commission to be an essential component in achieving compliance with a national ambient air quality standard; or

(B) the reduction or offset is necessary in order for an unpermitted electric generating facility to obtain a permit in the manner provided by Section 39.264;

(2) the retrofit decision is determined to be the most cost-effective after consideration of alternative measures, including the retirement of the generating facility; and

(3) the amount and location of resulting emission reductions is consistent with the air quality goals and policies of the Texas Natural Resource Conservation Commission.

(d) If the retirement of a generating facility is the most cost-effective alternative, taking into account the cost of replacement generating capacity, the net book value, including retirement costs and offsetting salvage value, of the affected facility shall be included in the electric utility's stranded cost determination, notwithstanding Section 39.259(c).

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.264. EMISSIONS REDUCTIONS OF "GRANDFATHERED FACILITIES."

(a) In this section:

(1) "Conservation commission" means the Texas Natural Resource Conservation Commission.

(2) "Electric generating facility" means a facility that generates electric energy for compensation and is owned or operated by a person in this state, including a municipal corporation, electric cooperative, or river authority.

(b) This section applies only to an electric generating facility existing on January 1, 1999, that is not subject to the requirement to obtain a permit under Section 382.0518(g), Health and Safety Code.

(c) It is the intent of the legislature that, for the 12-month period beginning on May 1, 2003, and for each 12-month period after the end of that period, total annual emissions of nitrogen oxides from facilities subject to this section may not exceed levels equal to 50 percent of the total emissions of that pollutant during 1997, as reported to the conservation commission, and total annual emissions of sulphur dioxides from coal-fired facilities subject to this section may not exceed levels equal to 75 percent of the total emissions of that pollutant during 1997, as reported to the conservation commission. The limitations

prescribed by this subsection may be met through an emissions allocation and allowance transfer system described by this section.

(d) A municipal corporation, electric cooperative, or river authority may exclude any electric generating facilities of 25 megawatts or less from the requirements prescribed by this section. Not later than January 1, 2000, a municipal corporation, electric cooperative, or river authority must inform the conservation commission of its intent to exclude those facilities.

(e) The owner or operator of an electric generating facility shall apply to the conservation commission for a permit for the emission of air contaminants on or before September 1, 2000. A permit issued by the conservation commission under this section shall require the facility to achieve emissions reductions or trading emissions allowances as provided by this section. If the facility uses coal as a fuel, the permit must also be conditioned on the facility's emissions meeting opacity limitations provided by conservation commission rules. Notwithstanding Section 382.0518(g), Health and Safety Code, a facility that does not obtain a permit as required by this subsection may not operate after May 1, 2003, unless the conservation commission finds good cause for an extension.

(f) The conservation commission shall develop rules for the permitting of electric generating facilities. The rules adopted under this subsection shall provide, by region, for the allocation of emissions allowances of sulphur dioxides and nitrogen oxides among electric generating facilities and for facilities to trade emissions allowances for those contaminants.

(g) The conservation commission by rule shall establish an East Texas Region, a West Texas Region, and an El Paso Region for allocation of air contaminants under the permitting program under Subsection (f). The East Texas Region must contain all counties traversed by or east of Interstate Highway 35 or Interstate Highway 37, including Bosque, Coryell, Hood, Parker, Somervell, and Wise counties. The West Texas Region includes all of the state not contained in the East Texas Region or the El Paso Region. The El Paso Region includes El Paso County.

(h) Not later than January 1, 2000, the conservation commission shall allocate to each electric generating facility in each region a number of annual emissions allowances, with each allowance equal to one ton of sulphur dioxides or of nitrogen oxides emitted in a year, that permit emissions of the contaminants from the facility in that year. The conservation commission must allocate to each facility a number of emissions allowances equal to an emissions rate measured in pounds per million British thermal units divided by 2,000 and multiplied by the facility's total heat input in terms of million British thermal units during 1997. For the East Texas Region, the emissions rate shall be 0.14 pounds per million British thermal units for nitrogen oxides and 1.38 pounds per million British thermal units for sulphur dioxides. For the West Texas and El Paso regions, the emissions rate shall be 0.195 pounds per million British thermal units for nitrogen oxides. Allowances for sulphur dioxides may only be allocated among coal-fired facilities.

(i) A person, municipal corporation, electric cooperative, or river authority that owns and operates an electric generating facility not covered by this section may elect to designate that facility to become subject to the requirements of this section and to receive emissions allowances for the purpose of complying with the emissions limitations prescribed by Subsection (c). The conservation commission shall adopt rules governing this election that:

(1) require an owner or operator of an electric generating facility to designate to the conservation commission in its permit application under Subsection (e) any facilities that will become subject to this section;

(2) require the conservation commission, notwithstanding the allocation mechanism provided by Subsection (h), to allocate additional allowances to facilities governed by this subsection in an amount equal to each facility's actual emissions in tons in 1997;

(3) provide that any unit designated under this subsection may not transfer or bank allowances conserved as a result of reduced utilization or shutdown, except that the allowances may be transferred or carried forward for use in subsequent years to the extent that the reduced utilization or shutdown results from the replacement of thermal energy from the unit designated under this subsection with thermal energy generated by any other unit; and

(4) provide that emissions reductions from electing facilities designated in this subsection may only be used to satisfy the emissions reductions for grandfathered facilities defined in Subsection (c) to the extent that reductions used to satisfy the limitations in Subsection (c) are beyond the requirements of any other state or federal standard, or both.

(j) The conservation commission by rule shall permit a facility to trade emissions allocations with other electric generating facilities only in the same region.

(k) The conservation commission by rule shall provide methods for the conservation commission to determine whether a facility complies with the permit issued under this section. The rules must provide for:

(1) monitoring and reporting actual emissions of sulphur dioxides and nitrogen oxides from each facility;

(2) provisions for saving unused allowances for use in later years; and

(3) a system for tracking traded allowances.

(l) A facility may not trade an unused allowance for a contaminant for use as a credit for another contaminant.

(m) A person possessing market power shall not withhold emissions allowances from the market in a manner that is unreasonably discriminatory or tends to unreasonably restrict, impair, or reduce the level of competition.

(n) The conservation commission shall penalize a facility that emits an air contaminant that exceeds the facility's allowances for that contaminant by:

(1) enforcing an administrative penalty, in an amount determined by conservation commission rules, for each ton of air contaminant emissions by which the facility exceeds its allocated emissions allowances; and

(2) reducing the facility's emissions allowances for the next year by an amount of emissions equal to the excessive emissions in the year the facility emitted the excessive air contaminants.

(o) The conservation commission may penalize a facility that emits an air contaminant that exceeds the facility's allowances for that contaminant by:

(1) ordering the facility to cease operations; or

(2) taking other enforcement action provided by conservation commission rules.

(p) The conservation commission by rule shall provide for a facility in the El Paso Region to meet emissions allowances by using credits from emissions reductions achieved in Ciudad Juarez, United Mexican States.

(q) If the conservation commission or the United States Environmental Protection Agency determines that reductions in nitrogen oxides emissions in the El Paso Region otherwise required by this section would

result in increased ambient ozone levels in El Paso County, facilities in the El Paso Region are exempt from the nitrogen oxides reduction requirements.

(r) An applicant for a permit under Subsection (e) shall publish notice of intent to obtain the permit in accordance with Section 382.056, Health and Safety Code. The conservation commission shall provide an opportunity for a public hearing and the submission of public comment and send notice of a decision on an application for a permit under Subsection (e) in the same manner as provided by Sections 382.0561 and 382.0562, Health and Safety Code. The conservation commission shall review and renew a permit issued under this section in accordance with Section 382.055, Health and Safety Code.

(s) This section does not limit the authority of the conservation commission to require further reductions of nitrogen oxides, sulphur dioxides, or any other pollutant from generating facilities subject to this section or Section 39.263.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.265. RIGHTS NOT AFFECTED.

This chapter is not intended to alter any rights of utilities to recover stranded costs from wholesale customers.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER G. SECURITIZATION

Sec. 39.301. PURPOSE.

The purpose of this subchapter is to enable utilities to use securitization financing to recover regulatory assets, all other amount determined under Section 39.262, and any amounts being recovered under a competition transition charge determined as a result of the proceedings under Sections 39.201 and 39.262. This type of debt will lower the carrying costs of the assets relative to the costs that would be incurred using conventional utility financing methods. The proceeds of the transition bonds shall be used solely for the purposes of reducing the amount of recoverable regulatory assets and other amounts, as determined by the commission in accordance with this chapter, through the refinancing or retirement of utility debt or equity. The commission shall ensure that securitization provides tangible and quantifiable benefits to ratepayers, greater than would have been achieved absent the issuance of transition bonds. The commission shall ensure that the structuring and pricing of the transition bonds result in the lowest transition bond charges consistent with market conditions and the terms of the financing order. The amount securitized may not exceed the present value of the revenue requirement over the life of the proposed transition bond associated with the regulatory assets or other amounts sought to be securitized. The present value calculation shall use a discount rate equal to the proposed interest rate on the transition bonds.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2007, 80th Leg., R.S., ch. __ (HB 624) § 2.)

Sec. 39.302. DEFINITIONS.

In this subchapter:

(1) "Assignee" means any individual, corporation, or other legally recognized entity to which an interest in transition property is transferred, other than as security, including any assignee of that party.

(2) "Financing order" means an order of the commission adopted under Section 39.201 or 39.262 approving the issuance of transition bonds and the creation of transition charges for the recovery of qualified costs.

(3) "Financing party" means a holder of transition bonds, including trustees, collateral agents, and other persons acting for the benefit of the holder.

(4) "Qualified costs" means 100 percent of an electric utility's regulatory assets and 75 percent of its recoverable costs determined by the commission under Section 39.201 and any remaining amounts determined under Section 39.262 together with the costs of issuing, supporting, and servicing transition bonds and any costs of retiring and refunding the electric utility's existing debt and equity securities in connection with the issuance of transition bonds. The term includes the costs to the commission of acquiring professional services for the purpose of evaluating proposed transactions under Section 39.201 and this subchapter.

(5) "Regulatory assets" means the generation-related portion of the Texas jurisdictional portion of the amount reported by the electric utility in its 1998 annual report on Securities and Exchange Commission Form 10-K as regulatory assets and liabilities, offset by the applicable portion of generation-related investment tax credits permitted under the Internal Revenue Code of 1986.

(6) "Transition bonds" means bonds, debentures, notes, certificates of participation or of beneficial interest, or other evidences of indebtedness or ownership that are issued by an electric utility, its successors, or an assignee under a financing order, that have a term not longer than 15 years, and that are secured by or payable from transition property. If certificates of participation, beneficial interest, or ownership are issued, references in this subchapter to principal, interest, or premium shall refer to comparable amounts under those certificates.

(7) "Transition charges" means nonbypassable amounts to be charged for the use or availability of electric services, approved by the commission under a financing order to recover qualified costs, that shall be collected by an electric utility, its successors, an assignee, or other collection agents as provided for in the financing order.

(8) "Transition property" means the property described in Section 39.304.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2007, 80th Leg., R.S. ch. __ (HB 624) § 3.)

Sec. 39.303. FINANCING ORDERS; TERMS.

(a) The commission shall adopt a financing order, on application of a utility to recover the utility's regulatory assets and other amounts determined under Section 39.201 or 39.262, on making a finding that the total amount of revenues to be collected under the financing order is less than the revenue requirement that would be recovered over the remaining life of the regulatory assets or other amounts using conventional financing methods and that the financing order is consistent with the standards in Section 39.301.

(b) The financing order shall detail the amount of regulatory assets and other amounts to be recovered and the period over which the nonbypassable transition charges shall be recovered, which period may not exceed 15 years. If an amount determined under Section 39.262 is subject to judicial review at the time of the securitization proceeding, the financing order shall include an adjustment mechanism requiring the utility to adjust its rates, other than transition charges, or provide credits, other than credits to transition charges, in a manner that would refund over the remaining life of the transition bonds any overpayments resulting from securitization of amounts in excess of the amount resulting from a final determination after completion of all appellate reviews. The adjustment mechanism may not affect the stream of revenue available to service the transition bonds. An adjustment may not be made under this subsection until all appellate reviews, including, if applicable, appellate reviews following a commission decision on remand of its original orders, have been completed.

(c) Transition charges shall be collected and allocated among customers in the same manner as competition transition charges under Section 39.201.

(d) A financing order shall become effective in accordance with its terms, and the financing order, together with the transition charges authorized in the order, shall thereafter be irrevocable and not subject to reduction, impairment, or adjustment by further action of the commission, except as permitted by Section 39.307.

(e) The commission shall issue a financing order under Subsections (a) and (g) not later than 90 days after the utility files its request for the financing order.

(f) A financing order is not subject to rehearing by the commission. A financing order may be reviewed by appeal only to a Travis County district court by a party to the proceeding filed within 15 days after the financing order is signed by the commission. The judgment of the district court may be reviewed only by direct appeal to the Supreme Court of Texas filed within 15 days after entry of judgment. All appeals shall be heard and determined by the district court and the Supreme Court of Texas as expeditiously as possible with lawful precedence over other matters. Review on appeal shall be based solely on the record before the commission and briefs to the court and shall be limited to whether the financing order conforms to the constitution and laws of this state and the United States and is within the authority of the commission under this chapter.

(g) At the request of an electric utility, the commission may adopt a financing order providing for retiring and refunding transition bonds on making a finding that the future transition charges required to service the new transition bonds, including transaction costs, will be less than the future transition charges required to service the transition bonds being refunded. On the retirement of the refunded transition bonds, the commission shall adjust the related transition charges accordingly.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2007, 80th Leg., R.S., ch. __ (HB 624) § 4.)

Sec. 39.304. PROPERTY RIGHTS.

(a) The rights and interests of an electric utility or successor under a financing order, including the right to impose, collect, and receive transition charges authorized in the order, shall be only contract rights until they are first transferred to an assignee or pledged in connection with the issuance of transition bonds, at which time they will become "transition property."

(b) Transition property shall constitute a present property right for purposes of contracts concerning the sale or pledge of property, even though the imposition and collection of transition charges depends on further acts of the utility or others that have not yet occurred. The financing order shall remain in effect and the property shall continue to exist for the same period as the pledge of the state described in Section 39.310.

(c) All revenues and collections resulting from transition charges shall constitute proceeds only of the transition property arising from the financing order.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.305. NO SETOFF.

The interest of an assignee or pledgee in transition property and in the revenues and collections arising from that property are not subject to setoff, counterclaim, surcharge, or defense by the electric utility or any other person or in connection with the bankruptcy of the electric utility or any other entity. A financing order shall remain in effect and unabated notwithstanding the bankruptcy of the electric utility, its successors, or assignees.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.306. NO BYPASS.

A financing order shall include terms ensuring that the imposition and collection of transition charges authorized in the order shall be nonbypassable.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.307. TRUE-UP.

A financing order shall include a mechanism requiring that transition charges be reviewed and adjusted at least annually, within 45 days of the anniversary date of the issuance of the transition bonds, to correct any overcollections or undercollections of the preceding 12 months and to ensure the expected recovery of amounts sufficient to timely provide all payments of debt service and other required amounts and charges in connection with the transition bonds.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.308. TRUE SALE.

An agreement by an electric utility or assignee to transfer transition property that expressly states that the transfer is a sale or other absolute transfer signifies that the transaction is a true sale and is not a secured transaction and that title, legal and equitable, has passed to the entity to which the transition property is transferred. This true sale shall apply regardless of whether the purchaser has any recourse against the seller, or any other term of the parties' agreement, including the seller's retention of an equity interest in the transition property, the fact that the electric utility acts as the collector of transition charges relating to the transition property, or the treatment of the transfer as a financing for tax, financial reporting, or other purposes.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.309. SECURITY INTERESTS; ASSIGNMENT; COMMINGLING; DEFAULT.

(a) Transition property does not constitute an account or general intangible under Section 9.106, Business & Commerce Code. The creation, granting, perfection, and enforcement of liens and security interests in transition property are governed by this section and not by the Business & Commerce Code.

(b) A valid and enforceable lien and security interest in transition property may be created only by a financing order and the execution and delivery of a security agreement with a financing party in connection with the issuance of transition bonds. The lien and security interest shall attach automatically from the time that value is received for the bonds and, on perfection through the filing of notice with the secretary of state in accordance with the rules prescribed under Subsection (d), shall be a continuously perfected lien and security interest in the transition property and all proceeds of the property, whether accrued or not, shall have priority in the order of filing and take precedence over any subsequent judicial or other lien creditor. If notice is filed within 10 days after value is received for the transition bonds, the security interest shall be perfected retroactive to the date value was received, otherwise, the security interest shall be perfected as of the date of filing.

(c) Transfer of an interest in transition property to an assignee shall be perfected against all third parties, including subsequent judicial or other lien creditors, when the financing order becomes effective, transfer documents have been delivered to the assignee, and a notice of that transfer has been filed in accordance with the rules prescribed under Subsection (d); provided, however, that if notice of the transfer has not been filed in accordance with this subsection within 10 days after the delivery of transfer documentation, the transfer of the interest is not perfected against third parties until the notice is filed.

(d) The secretary of state shall implement this section by establishing and maintaining a separate system of records for the filing of notices under this section and prescribing the rules for those filings based on Chapter 9, Business & Commerce Code, adapted to this subchapter and using the terms defined in this subchapter.

(e) The priority of a lien and security interest perfected under this section is not impaired by any later modification of the financing order under Section 39.307 or by the commingling of funds arising from transition charges with other funds, and any other security interest that may apply to those funds shall be terminated when they are transferred to a segregated account for the assignee or a financing party. If transition property has been transferred to an assignee, any proceeds of that property shall be held in trust for the assignee.

(f) If a default or termination occurs under the transition bonds, the financing parties or their representatives may foreclose on or otherwise enforce their lien and security interest in any transition property as if they were secured parties under Chapter 9, Business & Commerce Code, and the commission may order that amounts arising from transition charges be transferred to a separate account for the financing parties' benefit, to which their lien and security interest shall apply. On application by or on behalf of the financing parties, a district court of Travis County shall order the sequestration and payment to them of revenues arising from the transition charges.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.310. PLEDGE OF STATE.

Transition bonds are not a debt or obligation of the state and are not a charge on its full faith and credit or taxing power. The state pledges, however, for the benefit and protection of financing parties and the electric utility, that it will not take or permit any action that would impair the value of transition property, or, except as permitted by Section 39.307, reduce, alter, or impair the transition charges to be imposed, collected, and remitted to financing parties, until the principal, interest and premium, and any other charges incurred and contracts to be performed in connection with the related transition bonds have been paid and performed in full. Any party issuing transition bonds is authorized to include this pledge in any documentation relating to those bonds.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.311. TAX EXEMPTION.

Transactions involving the transfer and ownership of transition property and the receipt of transition charges are exempt from state and local income, sales, franchise, gross receipts, and other taxes or similar charges.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.312. NOT PUBLIC UTILITY.

An assignee or financing party may not be considered to be a public utility or person providing electric service solely by virtue of the transactions described in this subchapter.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.313. SEVERABILITY.

Effective on the date the first utility transition bonds are issued under this subchapter, if any provision in this title or portion of this title is held to be invalid or is invalidated, superseded, replaced, repealed, or expires for any reason, that occurrence does not affect the validity or continuation of this subchapter, Section 39.201, 39.251, 39.252, or 39.262, or any part of those provisions, or any other provision of this title that is relevant to the issuance, administration, payment, retirement, or refunding of transition bonds or

to any actions of the electric utility, its successors, an assignee, a collection agent, or a financing party, which shall remain in full force and effect.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER H. CERTIFICATION AND REGISTRATION; PENALTIES

Sec. 39.351. REGISTRATION OF POWER GENERATION COMPANIES.

(a) A person may not generate electricity unless the person is registered with the commission as a power generation company in accordance with this section. A person may register as a power generation company by filing the following information with the commission:

- (1) a description of the location of any facility used to generate electricity;
- (2) a description of the type of services provided;
- (3) a copy of any information filed with the Federal Energy Regulatory Commission in connection with registration with that commission; and
- (4) any other information required by commission rule, provided that in requiring that information the commission shall protect the competitive process in a manner that ensures the confidentiality of competitively sensitive information.

(b) A power generation company shall comply with the reliability standards adopted by an independent organization certified by the commission to ensure the reliability of the regional electrical network for a power region in which the power generation company is generating or selling electricity.

(c) A power generation company may register any time after September 1, 2000.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.352. CERTIFICATION OF RETAIL ELECTRIC PROVIDERS.

(a) After the date of customer choice, a person, including an affiliate of an electric utility, may not provide retail electric service in this state unless the person is certified by the commission as a retail electric provider, in accordance with this section.

(b) The commission shall issue a certificate to provide retail electric service to a person applying for certification who demonstrates:

- (1) the financial and technical resources to provide continuous and reliable electric service to customers in the area for which the certification is sought;
- (2) the managerial and technical ability to supply electricity at retail in accordance with customer contracts;
- (3) the resources needed to meet the customer protection requirements of this title; and
- (4) ownership or lease of an office located within this state for the purpose of providing customer service, accepting service of process, and making available in that office books and records sufficient to establish the retail electric provider's compliance with the requirements of this subchapter.

(c) A person applying for certification under this section shall comply with all applicable customer protection provisions, disclosure requirements, and marketing guidelines established by the commission and by this title.

(d) Notwithstanding Subsections (b)(1)-(3), if a retail electric provider files with the commission a signed, notarized affidavit from each retail customer with which it has contracted to provide one megawatt

or more of capacity stating that the customer is satisfied that the retail electric provider meets the standards prescribed by Subsections (b)(1)-(3) and Subsection (c), the retail electric provider shall be certified for purposes of serving those customers only, so long as it demonstrates that it meets the requirements of Subsection (b)(4).

(e) A retail electric provider may apply for certification any time after September 1, 2000.

(f) The commission shall use any information required in this section in a manner that ensures the confidentiality of competitively sensitive information.

(g) If a retail electric provider serves an aggregate load in excess of 300 megawatts within this state, not less than five percent of the load in megawatt hours must consist of residential customers. This requirement applies to an affiliated retail electric provider only with respect to load served outside of the electric utility's service area, and, in relation to that load, the affiliated retail electric provider shall meet the requirements of this subsection by serving residential customers outside of the electric utility's service area. For the purpose of this subsection, the load served by retail electric providers that are under common ownership shall be combined. A retail electric provider may meet the requirements of this subsection by demonstrating on an annual basis that it serves residential load amounting to five percent of its total load, by demonstrating that another retail electric provider serves sufficient qualifying residential load on its behalf, or by paying an amount into the system benefit fund equal to \$1 multiplied by a number equal to the difference between the number of megawatt hours it sold to residential customers and the number of megawatt hours it was required to sell to such customers, or in the case of an affiliated retail electric provider, \$1 multiplied by a number equal to the difference between the number of megawatt hours sold to residential customers outside of the electric utility's service area and the number of megawatt hours it was required to sell to such customers outside of the electric utility's service area. Qualifying residential load may not include customers served by an affiliated retail electric provider in its own service area. Each retail electric provider shall file reports with the commission that are necessary to implement this subsection. This subsection applies for 36 months after retail competition begins. The commission shall adopt rules to implement this subsection.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.353. REGISTRATION OF AGGREGATORS.

(a) A person may not provide aggregation services in the state unless the person is registered with the commission as an aggregator.

(b) In this subchapter, "aggregator" means a person joining two or more customers, other than municipalities and political subdivision corporations, into a single purchasing unit to negotiate the purchase of electricity from retail electric providers. Aggregators may not sell or take title to electricity. Retail electric providers are not aggregators.

(c) A person registering under this section shall comply with all customer protection provisions, all disclosure requirements, and all marketing guidelines established by the commission and by this title.

(d) The commission shall establish terms and conditions it determines necessary to regulate the reliability and integrity of aggregators in the state by June 1, 2000.

(e) An aggregator may register any time after September 1, 2000.

(f) The commission shall have up to 60 days to process applications for registration filed by aggregators.

(g) Registration is not required of a customer that is aggregating loads from its own location or facilities.

(h) The commission shall work with the Texas Department of Economic Development to communicate information about opportunities for operation as aggregators to potential new aggregators, including small and historically underutilized businesses.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.3535. MILITARY BASES AGGREGATORS.

(a) In this section, "military bases aggregator" means a person joining two or more military bases that are located in areas of the state offering customer choice under this chapter into a single purchasing unit to negotiate electricity purchases from retail electric providers.

(b) It is the policy of this state to encourage military bases located in areas of the state offering customer choice under this chapter to aggregate their facilities into a single purchasing unit as a method to reduce costs of electricity consumed by those bases. The commission shall provide assistance to a military bases aggregator regarding the evaluation of offers from retail electric providers on the request of the military bases aggregator.

(c) An aggregator registered under another section of this subchapter may provide aggregation services to military bases.

(d) A person, including a state agency, may register as a military bases aggregator to provide aggregation services exclusively to military bases located in areas of the state offering customer choice under this chapter.

(e) A person registered as a military bases aggregator under Subsection (d) is not required to comply with customer protection provisions, disclosure requirements, or marketing guidelines prescribed by this title or established by the commission while providing aggregation services exclusively to military bases.

(f) The commission shall expedite consideration of an application submitted by an applicant for registration under Subsection (d).

(Added by Acts 2003, 78th Leg., R.S., ch. 149 (SB 652) § 22.)

Sec. 39.354. REGISTRATION OF MUNICIPAL AGGREGATORS.

(a) A municipal aggregator may not provide aggregation services in the state unless the municipal aggregator registers with the commission.

(b) In this section, "municipal aggregator" means a person authorized by two or more municipal governing bodies to join the bodies into a single purchasing unit to negotiate the purchase of electricity from retail electric providers or aggregation by a municipality under Chapter 304, Local Government Code.

(c) A municipal aggregator may register any time after September 1, 2000.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1420 (HB 2812) § 21.002(22).) (HB 2812 corrects the reference to the Local Government Code.)

Sec. 39.3545. REGISTRATION OF POLITICAL SUBDIVISION AGGREGATORS.

(a) A political subdivision aggregator may not provide aggregation services in the state unless the political subdivision aggregator registers with the commission.

(b) In this section, "political subdivision aggregator" means a person or political subdivision corporation authorized by two or more political subdivision governing bodies to join the bodies into a single purchasing unit or multiple purchasing units to negotiate the purchase of electricity from retail electric providers for the facilities of the aggregated political subdivisions or aggregation by a person or political subdivision under Chapter 304, Local Government Code.

(c) A political subdivision aggregator may register any time after September 1, 2000.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1420 (HB 2812) § 21.002(23).) (HB 2812 corrects the reference to the Local Government Code.)

Sec. 39.355. REGISTRATION OF POWER MARKETERS.

A person may not sell electric energy at wholesale as a power marketer unless the person registers with the commission pursuant to Section 35.032.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.356. REVOCATION OF CERTIFICATION.

(a) The commission may suspend, revoke, or amend a retail electric provider's certificate for significant violations of this title or the rules adopted under this title or of any reliability standard adopted by an independent organization certified by the commission to ensure the reliability of a power region's electrical network, including the failure to observe any scheduling, operating, planning, reliability, or settlement protocols established by the independent organization. The commission may also suspend or revoke a retail electric provider's certificate if the provider no longer has the financial or technical capability to provide continuous and reliable electric service.

(b) The commission may suspend or revoke a power generation company's registration for significant violations of this title or the rules adopted under this title or of the reliability standards adopted by an independent organization certified by the commission to ensure the reliability of a power region's electrical network, including the failure to observe any scheduling, operating, planning, reliability, or settlement protocols established by the independent organization.

(c) The commission may suspend or revoke an aggregator's registration for significant violations of this title or of the rules adopted under this title.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.357. ADMINISTRATIVE PENALTY.

In addition to the suspension, revocation, or amendment of a certification, the commission may impose an administrative penalty, as provided by Section 15.023, for violations described by Section 39.356.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.358. LOCAL REGISTRATION OF RETAIL ELECTRIC PROVIDER.

(a) A municipality may require a retail electric provider to register with the municipality as a condition of serving residents of the municipality. The municipality may assess a reasonable administrative fee for this purpose.

(b) The municipality may suspend or revoke a retail electric provider's registration and operation in that municipality for significant violations of this chapter or the rules adopted under this chapter.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER I. PROVISIONS FOR CERTAIN NON-ERCOT UTILITIES

Sec. 39.401. APPLICABILITY.

This subchapter shall apply to investor-owned electric utilities operating solely outside of ERCOT having fewer than six synchronous interconnections with voltage levels above 69 kilovolts systemwide on the effective date of this subchapter. The legislature finds that circumstances exist that require that areas

served by such utilities be treated as competitive development areas in which it is not in the public interest to transition to full retail customer choice at this time.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 1.)

Sec. 39.402. REGULATION OF UTILITY AND TRANSITION TO COMPETITION.

(a) Until the later of January 1, 2007, or the date on which an electric utility subject to this subchapter is authorized by the commission to implement customer choice, the rates of the utility shall be regulated under traditional cost of service regulation and the utility is subject to all applicable regulatory authority prescribed by this subtitle and Subtitle A, including Chapters 14, 32, 33, 36, and 37. Until the date on which an electric utility subject to this subchapter implements customer choice, the provisions of this chapter, other than this subchapter, Section 39.904, and the provisions relating to the duty to obtain a permit from the Texas Natural Resource Conservation Commission for an electric generating facility and to reduce emissions from an electric generating facility, shall not apply to that utility. That portion of any commission order entered before September 1, 2001, to comply with this subchapter shall be null and void.

(b) Until the date on which an electric utility subject to this subchapter implements customer choice, Section 33.008 does not apply and the utility shall pay franchise fees to a municipality as required by the utility's franchise agreement with the municipality. After the date on which an electric utility subject to this subchapter implements customer choice, Section 33.008 applies. However, for purposes of computing the franchise fees as provided by Section 33.008(b), the calendar year immediately preceding the implementation of customer choice shall be substituted for the year 1998.

(c) On or after January 1, 2007, an electric utility subject to this subchapter may choose to participate in customer choice. An electric utility that chooses to participate in customer choice shall file a transition to competition plan with the commission. This transition to competition plan shall identify how utilities subject to this subchapter intend to mitigate market power and achieve full customer choice, including specific alternatives for constructing additional transmission facilities, auctioning rights to generation capacity, divesting generation capacity, or any other measure that is consistent with the public interest. The utility shall also include in the transition to competition plan a provision to establish a price to beat for residential customers and commercial customers having a peak load of 1,000 kilowatts or less. The commission may prescribe additional information or provisions that must be included in the plan. The commission shall approve, modify, or reject a plan within 180 days after the date of a filing under this section; provided, however, that if a hearing is requested by any party to the proceeding, the 180-day deadline will be extended one day for each day of hearings. The transition to competition plan may be updated or amended annually subject to commission approval until the applicable power region is certified as a qualifying power region under Section 39.152.

(d) On implementation of customer choice, an electric utility subject to this subchapter is subject to the provisions of this subtitle and Subtitle A to the same extent as other electric utilities, including the provisions of Chapter 37 concerning certificates of convenience and necessity.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 1.) (HB 1692 added new Subsections (a), (b), and (d) and revised Subsection (c).)

Sec. 39.403. UNBUNDLING. [REPEALED]

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Repealed by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 3.)

Sec. 39.404. RATE FREEZE. [REPEALED]

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Repealed by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 3.)

Sec. 39.405. PILOT PROJECT. [REPEALED]

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Repealed by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 3.)

Sec. 39.406. PRICE TO BEAT. [REPEALED]

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Repealed by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 3.)

Sec. 39.407. CUSTOMER CHOICE AND RELEVANT MARKET AND RELATED MATTERS.

(a) If an electric utility chooses on or after January 1, 2007, to participate in customer choice, the commission may not authorize customer choice until the applicable power region has been certified as a qualifying power region under Section 39.152(a). Except as otherwise provided by this subsection, the commission shall certify that the requirements of Section 39.152(a)(3) are met for electric utilities subject to this subchapter only upon a finding that the total capacity owned and controlled by each such electric utility and its affiliates does not exceed 20 percent of the total installed generation capacity within the constrained geographic region served by each such electric utility plus the total available transmission capacity capable of delivering firm power and energy to that constrained geographic region. Not later than May 1, 2002, each electric utility subject to this subchapter shall submit to the electric utility restructuring legislative oversight committee an analysis of the needed transmission facilities necessary to make the electric utility's service area transmission capability comparable to areas within the ERCOT power region. On or after September 1, 2003, each electric utility subject to this subchapter shall file the utility's plans to develop the utility's transmission interconnections with the utility's power region or other adjacent power regions. The commission shall review the plan and not later than the 180th day after the date the plan is filed, determine the additional transmission facilities necessary to provide access to power and energy that is comparable to the access provided in areas within the ERCOT power region; provided, however, that if a hearing is requested by any party to the proceeding, the 180-day deadline will be extended one day for each day of hearings. The commission shall, as a part of the commission's approval of the plan, approve a rate rider mechanism for the recovery of the incremental costs of those facilities after the facilities are completed and in-service. A finding of need under this subsection shall meet the requirements of Sections 37.056(c)(1), (2), and (4)(E). The commission may certify that the requirements of Section 39.152(a)(3) are met for electric utilities subject to this subchapter if the commission finds that:

- (1) each such utility has sufficient transmission facilities to provide customers access to power and energy from capacity controlled by suppliers not affiliated with the incumbent utility that is comparable to the access to power and energy from capacity controlled by suppliers not affiliated with the incumbent utilities in areas of the ERCOT power region; and
- (2) the total capacity owned and controlled by each such electric utility and its affiliates does not exceed 20 percent of the total installed generation capacity within the power region.

(b) In the area of a power region served by an electric utility subject to this subchapter, the electric utility may not choose to participate in customer choice unless the affiliated power generation company makes a commitment to maintain and does maintain rates that are based on cost of service for any electric cooperative or municipally owned utility that was a wholesale customer on the date the utility chooses to participate in customer choice, and was purchasing power at rates that were based on cost of service. This subsection requires a power generation company to sell power at rates that are based on cost of service,

notwithstanding the expiration of a contract for that service, until the requirements of Section 39.152(a) are met.

(c) If the requirements of Section 39.152(a) have not been met for an electric utility subject to this subchapter when the electric utility chooses to participate in customer choice, then any power generation company in the power region affiliated with an electric utility subject to this subchapter shall maintain adequate supply and facilities to provide electric service to persons who were retail customers of the electric utility on the date the utility chooses to participate in customer choice. The obligation provided by this subsection remains in effect until the commission determines that the requirements of Section 39.152(a) have been met for the region.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 1.) (HB 1692 revised this section by revising Subsections (a) - (c).)

Sec. 39.408. USE OF REVENUES FOR UTILITIES WITH NO STRANDED COSTS.
[REPEALED]

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Repealed by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 3.)

Sec. 39.409. RECOUPMENT OF TRANSITION TO COMPETITION COSTS.

An electric utility subject to this subchapter is entitled to recover, as provided by this section, all reasonable and necessary expenditures made or incurred before September 1, 2001, to comply with the provisions of this chapter. Not later than December 1, 2001, each electric utility subject to this subchapter may file with the commission an application for recovery detailing the amounts spent or incurred. After notice and hearing, the commission shall review the amounts and, if found to be reasonable and necessary, approve a transition to competition retail rate rider mechanism for the recovery of the approved transition to competition costs. A rate rider implemented to recover approved transition to competition costs shall expire not later than December 31, 2006.

(Added by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 2.)

Sec. 39.410. CONTRACTUAL OBLIGATIONS.

This subchapter may not:

- (1) interfere with or abrogate the rights or obligations of any party, including a retail or wholesale customer, to a contract with an investor-owned electric utility, river authority, municipally owned utility, or electric cooperative;
- (2) interfere with or abrogate the rights or obligations of a party under a contract or agreement concerning certificated utility service areas; or
- (3) result in a change in wholesale power costs to wholesale customers in Texas purchasing electricity under wholesale power contracts the pricing provisions of which are based on formulary rates, fuel adjustments, or average system costs.

(Added by Acts 2001, 77th Leg., R.S., ch. 1041 (HB 1692) § 2.)

SUBCHAPTER J. TRANSITION TO COMPETITION IN CERTAIN NON-ERCOT AREAS

Sec. 39.451. APPLICABILITY.

This subchapter applies only to an investor-owned electric utility that is operating solely outside of ERCOT in areas of this state that were included in the Southeastern Electric Reliability Council on January 1, 2005.

(Added by Acts 2005, 79th Leg., R.S., ch. 1072 (HB 1567) § 1.)

Sec. 39.452. REGULATION OF UTILITY AND TRANSITION TO COMPETITION.

(a) Until the date on which an electric utility subject to this subchapter is authorized by the commission to implement customer choice under Section 39.453, the rates of the electric utility shall be regulated under traditional cost-of-service regulation and the electric utility is subject to all applicable regulatory authority prescribed by this subtitle and Subtitle A, including Chapters 14, 32, 33, 36, and 37.

(b) Notwithstanding Subsection (a), except for adjustments authorized by Sections 36.203, 39.454, 39.455, and 39.456, and except for proceedings and cost recovery mechanisms authorized by Sections 39.458-39.463, a person may not file a proceeding to change, alter, or revoke any rate offered or charged by an electric utility subject to this subchapter before June 30, 2007, with an effective date no earlier than June 30, 2008. As part of a Subchapter C, Chapter 36, rate proceeding, the utility shall propose a competitive generation tariff to allow eligible customers the ability to contract for competitive generation. The commission shall approve, reject, or modify the proposed tariff. The tariffs subject to this subsection may not be considered to offer a discounted rate or rates under Section 36.007, and the utility's rates shall be set, in the proceeding in which the tariff is adopted, to recover any costs unrecovered as a result of the implementation of the tariff.

(c) That portion of any commission order issued before the effective date of this section requiring the electric utility to comply with a provision of this chapter is void.

(d) Until the date on which an electric utility subject to this subchapter implements customer choice:

(1) the provisions of this chapter do not apply to that electric utility, other than this subchapter, Sections 39.904 and 39.905, the provisions relating to the duty to obtain a permit from the Texas Commission on Environmental Quality for an electric generating facility and to reduce emissions from an electric generating facility, and the provisions of Subchapter G that pertain to the recovery and securitization of hurricane reconstruction costs authorized by Sections 39.458-39.463; and

(2) the electric utility is not subject to a rate freeze and, subject to the limitation provided by Subsection (b), may file for rate changes under Chapter 36 and for approval of one or more of the rate rider mechanisms authorized by Sections 39.454 and 39.455.

(e) An electric utility subject to this subchapter may proceed with and complete jurisdictional separation to establish two vertically integrated utilities, one of which is solely subject to the retail jurisdiction of the commission and one of which is solely subject to the retail jurisdiction of the Louisiana Public Service Commission.

(f) Not later than January 1, 2006, an electric utility subject to this subchapter shall file a plan with the commission for identifying the applicable power region or power regions, enumerating the steps to achieve the certification of a power region in accordance with Section 39.453, and specifying the schedule for achieving the certification of a power region. The utility may amend the plan as appropriate. The commission may, on its own motion or the motion of any affected person, initiate a proceeding to certify a qualified power region under Section 39.152 when the conditions supporting such a proceeding exist.

(g) Not later than the earlier of January 1, 2007, or the 90th day after the date the applicable power region is certified in accordance with Section 39.453, the electric utility shall file a transition to competition plan. The transition to competition plan must:

(1) identify how the electric utility intends to mitigate market power and to achieve full customer choice, including specific alternatives for constructing additional transmission facilities, auctioning rights to generation capacity, divesting generation capacity, or any other measure that is consistent with the public interest;

(2) include a provision to reinstate a customer choice pilot project and to establish a price to beat for residential customers and commercial customers having a peak load of 1,000 kilowatts or less; and

(3) include any other additional information or provisions that the commission may require.

(h) The commission shall approve, modify, or reject a plan filed under Subsection (g) not later than the 180th day after the date the plan is filed unless a hearing is requested by any party to the proceeding. A modification to the plan by the commission may not be in conflict with the jurisdiction or orders of the Federal Energy Regulatory Commission or result in significant additional cost without allowing for timely recovery for that cost. If a hearing is requested, the 180-day deadline is extended one day for each day of the hearing. The transition to competition plan shall be updated or amended annually, subject to commission approval, until the initiation of customer choice by an electric utility subject to this subchapter. Consistent with its jurisdiction, the commission shall have the authority in approving or modifying the transition to competition plan to require the electric utility to take reasonable steps to facilitate the development of a wholesale generation market within the boundaries of the electric utility's service territory.

(Added by Acts 2005, 79th Leg., R.S., ch. 11 (HB 1567) § 1.) (Amended by Acts 2006, 79th Leg., 3rd C.S., ch. 11, (HB 163) § 1) (amending subd. (a) & (d)(1).)

Sec. 39.453. CUSTOMER CHOICE AND RELEVANT MARKET AND RELATED MATTERS.

(a) The commission may not authorize customer choice until the commission certifies the applicable power region as a qualifying power region under Section 39.152(a). Sections 39.152(b)-(d) also apply to the electric utility and commission in determining whether to certify the applicable power region.

(b) The commission shall certify that the requirement of Section 39.152(a)(3) is met for an electric utility subject to this subchapter only if the commission finds that the total capacity owned and controlled by the electric utility and the utility's affiliates does not exceed 20 percent of the total installed generation capacity within the power region of that utility.

(Added by Acts 2005, 79th Leg., R.S., ch. 11 (HB 1567) § 1.)

Sec. 39.454. RECOUPMENT OF TRANSITION TO COMPETITION COSTS.

An electric utility subject to this subchapter is entitled to recover, as provided by this section, all reasonable and necessary expenditures made or incurred before the effective date of this section to comply with this chapter, to the extent the costs have not otherwise been recovered. The electric utility may file with the commission an application for recovery that gives details of the amounts spent or incurred. After notice and hearing, the commission shall review the amounts and, if the amounts are found to be reasonable and necessary and not otherwise previously recovered, approve a transition to competition retail rate rider mechanism for the recovery of the approved transition to competition costs. A rate proceeding under Chapter 36 is not required to implement the rider. A rate rider implemented to recover approved transition to competition costs shall provide for recovery of those costs over a period not to exceed 15 years, with appropriate carrying costs.

(Added by Acts 2005, 79th Leg., R.S., ch. 11 (HB 1567) § 1.)

Sec. 39.455. RECOVERY OF INCREMENTAL CAPACITY COSTS.

An electric utility subject to this subchapter is entitled to recover, through a rate rider mechanism, reasonable and necessary costs of incremental resources required to meet load requirements to the extent those costs result in the utility expending more for capacity costs under purchase power agreements than were included in the utility's last base rate case, adjusted for load growth. Any rider under this section shall be implemented after review and approval by the commission, after notice and opportunity for hearing. Following the initial implementation of the rider, an electric utility subject to this subchapter may request revisions semiannually, after notice and opportunity for hearing, on the dates provided in the commission's rules for filing petitions to revise the utility's fuel factor. In conjunction with the utility's fuel reconciliation proceedings, the commission shall reconcile the costs recovered under the rider and the actual incremental capacity costs eligible for recovery under this section. The rider shall expire on the introduction of customer choice or on the implementation of rates resulting from the filing of a Subchapter C, Chapter 36, rate proceeding. In no event may the amount recovered annually under the rider exceed five percent of the utility's annual base rate revenues.

(Added by Acts 2005, 79th Leg., R.S., ch. 11 (HB 1567) § 1.)

Sec. 39.456. FRANCHISE AGREEMENTS.

A municipality, with the agreement of an electric utility, may accelerate the expiration date of a franchise agreement that was in existence on September 1, 1999. Any new franchise agreement must be approved by the governing body of the municipality. To the extent that a new franchise agreement would result in an increase in the payment of franchise fees to the municipality, and subject to the terms of the franchise agreement, either the electric utility or the municipality, without the need for a rate proceeding under Chapter 36, may file with the commission for approval of a rider for the electric utility's recovery of franchise payments resulting from the agreement, so long as such rider is collected only from customers of the electric utility that are located within the boundaries of the municipality.

(Added by Acts 2005, 79th Leg., R.S., ch. 11 (HB 1567) § 1.)

Sec. 39.457. CONTRACTUAL RIGHTS.

In the event that the electric utility subject to this subchapter either merges, consolidates, or otherwise becomes affiliated with another owner of electric generation, or completes the jurisdictional separation authorized by Section 39.452(e) and the resulting vertically integrated utility proposes to join a regional transmission organization, and either action adversely affects the rights or obligations of an electric cooperative under a wholesale generation or transmission agreement entered into before the effective date of this subchapter or otherwise adversely affects the electric cooperative's access to its existing generation resources under said agreements, then the utility shall submit a proposal agreeable to the cooperative and the utility for addressing such rights and obligations in the appropriate regulatory proceeding. Such proposal shall be consistent with applicable law regarding the rights and obligations of the electric cooperative and the utility under such existing generation or transmission agreements.

(Added by Acts 2005, 79th Leg., R.S., ch. 11 (HB 1567) § 1.)

Sec. 39.458. RECOVERY AND SECURITIZATION OF HURRICANE RECONSTRUCTION COSTS; PURPOSE.

(a) The purpose of this section and of Sections 39.459-39.463 is to enable an electric utility subject to this subchapter to obtain timely recovery of hurricane reconstruction costs and to use securitization financing to recover these costs, because that type of debt will lower the carrying costs associated with the recovery of hurricane reconstruction costs relative to the costs that would be incurred using conventional financing methods. The proceeds of the transition bonds may be used only for the purposes of reducing the

amount of recoverable hurricane reconstruction costs, as determined by the commission in accordance with this subchapter, through the refinancing or retirement of utility debt or equity.

(b) It is the intent of the legislature that:

(1) securitization of hurricane reconstruction costs will be subject to the same procedures, standards, and protections for the securitization of stranded costs and regulatory assets under Subchapter G in effect on the effective date of this section, except as provided by this subchapter; and

(2) the commission will ensure that securitization of hurricane reconstruction costs provides greater tangible and quantifiable benefits to ratepayers than would have been achieved without the issuance of transition bonds.

(Added by Acts 2006, 79th Leg., 3rd C.S., ch. 11 (HB 163) § 2.)

Sec. 39.459. HURRICANE RECONSTRUCTION COSTS.

(a) In this subchapter:

(1) "Hurricane reconstruction costs" means reasonable and necessary costs, including costs expensed, charged to the storm reserve, or capitalized, that are incurred by an electric utility subject to this subchapter due to any activity or activities conducted by or on behalf of the electric utility in connection with the restoration of service associated with electric power outages affecting customers of the electric utility as the result of Hurricane Rita, including mobilization, staging, and construction, reconstruction, replacement, or repair of electric generation, transmission, distribution, or general plant facilities.

(2) "Hurricane Rita" means the hurricane of that name that struck the coastal region of this state in September 2005.

(b) If the commission determines it to be appropriate, hurricane reconstruction costs may include carrying costs from the date on which the hurricane reconstruction costs were incurred until the date that transition bonds are issued.

(c) To the extent a utility subject to this subchapter receives insurance proceeds, governmental grants, or any other source of funding that compensates it for hurricane reconstruction costs, those amounts shall be used to reduce the utility's hurricane reconstruction costs recoverable from customers. If the timing of a utility's receipt of those amounts prevents their inclusion as a reduction to the hurricane reconstruction costs that are securitized, the commission shall take those amounts into account in:

(1) the utility's next base rate proceeding; or

(2) any proceeding in which the commission considers hurricane reconstruction costs.

(Added by Acts 2006, 79th Leg., 3rd C.S., ch. 11 (HB 163) § 2.)

Sec. 39.460. STANDARDS AND PROCEDURES GOVERNING SECURITIZATION OF HURRICANE RECONSTRUCTION COSTS.

(a) The procedures and standards of this subchapter and the provisions of Subchapter G govern the application for, and the commission's issuance of, a financing order to provide for the securitization of hurricane reconstruction costs by an electric utility subject to this subchapter.

(b) Subject to the standards, procedures, and tests contained in this subchapter and Subchapter G, the commission shall adopt a financing order on the application of the utility to recover its hurricane reconstruction costs. On the commission's issuance of a financing order allowing for recovery and securitization of hurricane reconstruction costs, the provisions of this subchapter and Subchapter G continue to govern the financing order and the rights and interests established in the order, and this

subchapter and Subchapter G continue to govern any transition bonds issued pursuant to the financing order. To the extent any conflict exists between the provisions of this subchapter and Subchapter G in cases involving the securitization of hurricane reconstruction costs, the provisions of this subchapter control.

(c) For purposes of this subchapter, "financing order," as defined by Section 39.302 and as used in Subchapter G, includes a financing order authorizing the securitization of hurricane reconstruction costs.

(d) For purposes of this subchapter, "qualified costs," as defined by Section 39.302 and as used in Subchapter G, includes 100 percent of the electric utility's hurricane reconstruction costs together with the costs of issuing, supporting, and servicing transition bonds and any costs of retiring and refunding existing debt and equity securities of an electric utility subject to this subchapter in connection with the issuance of transition bonds. For purposes of this subchapter, the term also includes the costs to the commission of acquiring professional services for the purpose of evaluating proposed transactions under this subchapter.

(e) For purposes of this subchapter, "transition bonds," as defined by Section 39.302 and as used in Subchapter G, includes transition bonds issued in association with the recovery of hurricane reconstruction costs. Transition bonds issued to securitize hurricane reconstruction costs may be called "hurricane reconstruction bonds" or may be called by any other name acceptable to the issuer and the underwriters of the transition bonds.

(f) For purposes of this subchapter, "transition charges," as defined by Section 39.302 and as used in Subchapter G, includes nonbypassable amounts to be charged for the use of electric services, approved by the commission under a financing order to recover hurricane reconstruction costs, that shall be collected by an electric utility subject to this subchapter, its successors, an assignee, or other collection agents as provided for in the financing order.

(g) Notwithstanding Section 39.303(c), hurricane reconstruction costs shall be functionalized and allocated to customers in the same manner as the corresponding facilities and related expenses are functionalized and allocated in the utility's current base rates.

(h) The amount of any accumulated deferred federal income taxes offset, used to determine the securitization total, may not be considered in future rate proceedings. Any tax obligation of the electric utility arising from its receipt of securitization bond proceeds, or from the collection and remittance of transition charges, shall be recovered by the electric utility through the commission's implementation of Section 39.458, Section 39.459, this section, and Sections 39.461-39.463.

(i) If the commission determines that recovery of all or any portion of an electric utility's hurricane reconstruction costs using securitization is not beneficial to ratepayers of the electric utility, under one or more of the tests applied to determine those benefits, the commission shall permit the electric utility to recover the entirety of the hurricane reconstruction costs through an appropriate customer surcharge mechanism, including appropriate carrying costs, provided that the electric utility has not securitized any portion of its hurricane reconstruction costs. A rate proceeding under Chapter 36 may not be required to determine and implement this surcharge mechanism. A rider adopted under this subsection must expire on the implementation of rates resulting from the filing of a Subchapter C, Chapter 36, rate proceeding.

(Added by Acts 2006, 79th Leg., 3rd C.S., ch. 11 (HB 163) § 2.)

Sec. 39.461. NONBYPASSABLE CHARGES.

The commission may include terms in the financing order to ensure that the imposition and collection of transition charges associated with the recovery of hurricane reconstruction costs are nonbypassable by imposing restrictions on bypassability of the type provided for in this chapter or by alternative means of

ensuring nonbypassability, as the commission considers appropriate, consistent with the purposes of securitization.

(Added by Acts 2006, 79th Leg., 3rd C.S., ch. 11 (HB 163) § 2.)

Sec. 39.462. DETERMINATION OF HURRICANE RECONSTRUCTION COSTS.

(a) An electric utility subject to this subchapter is entitled to recover hurricane reconstruction costs consistent with the provisions of this subchapter and is entitled to seek recovery of amounts not recovered under this subchapter, including hurricane reconstruction costs not yet incurred at the time an application is filed under Subsection (b), in its next base rate proceeding or through any other proceeding authorized by Subchapter C, Chapter 36.

(b) The commission shall issue an order determining the amount of hurricane reconstruction costs eligible for recovery and securitization not later than the 150th day after the date an electric utility subject to this subchapter files an application seeking that determination. The 150-day period begins on the date the electric utility files the application, even if the filing occurs before the effective date of this section.

(c) On issuance by the commission of an order determining the amount of eligible hurricane reconstruction costs, an electric utility subject to this subchapter may file an application for a financing order, which shall be governed by the procedures in Subchapter G.

(d) To the extent the commission has made a determination of the eligible hurricane reconstruction costs of an electric utility subject to this subchapter before the effective date of this section, that determination may provide the basis for the utility's application for a financing order pursuant to this subchapter and Subchapter G. A previous commission determination does not preclude the utility from requesting recovery of additional hurricane reconstruction costs eligible for recovery under this subchapter, but not previously authorized by the commission.

(e) A rate proceeding under Chapter 36 is not required to determine the amount of recoverable hurricane reconstruction costs as provided by this section.

(Added by Acts 2006, 79th Leg., 3rd C.S., ch. 11 (HB 163) § 2.)

Sec. 39.463. SEVERABILITY.

Effective on the date the first utility transition bonds associated with hurricane reconstruction costs are issued under this subchapter, if any provision in this title or portion of this title is held to be invalid or is invalidated, superseded, replaced, repealed, or expires for any reason, that occurrence does not affect the validity or continuation of this subchapter, Subchapter G as it applies to an electric utility subject to this subchapter, or any part of those provisions, or any other provision of this title that is relevant to the issuance, administration, payment, retirement, or refunding of transition bonds or to any actions of the electric utility, its successors, an assignee, a collection agent, or a financing party, and those provisions shall remain in full force and effect.

(Added by Acts 2006, 79th Leg., 3rd C.S., ch. 11 (HB 163) § 2.)

SUBCHAPTER Z. MISCELLANEOUS PROVISIONS

Sec. 39.901. SCHOOL FUNDING LOSS MECHANISM. [REPEALED]

(Repealed by Acts 2005, 79th Leg., R.S., ch. 412 (SB 1652) § 18(2).)

Sec. 39.9011. LIMITATION ON TOTAL PROPERTY VALUE GAINS. [EXPIRED]

(Added by Acts 2001, 77th Leg., R.S., ch.1394 (HB 1902) § 2.)

Sec. 39.9015. INTERIM STUDY ON AFFECTED TAXING UNITS. [EXPIRED]

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.9016. NUCLEAR SAFETY FEE.

An electric utility that operates a nuclear asset located in a county on the coast of the Gulf of Mexico shall pay a nuclear safety fee for the year 2000 and the year 2001 to each taxing unit in which the nuclear asset is located, other than a school district, in an amount equal to the difference between the ad valorem taxes imposed by the taxing unit in 1999 and the amount of ad valorem taxes imposed by the unit in the year for which the fee is due, except that the amount of the fee may not exceed one-half the taxes imposed on the asset by the unit in 1999. The nuclear safety fee shall be considered a tax or fee under Section 39.258(5).

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.902. CUSTOMER EDUCATION.

(a) On or before January 1, 2001, the commission shall develop and implement an educational program to inform customers, including low-income and non-English-speaking customers, about changes in the provision of electric service resulting from the opening of the retail electric market and the customer choice pilot program under this chapter. The educational program shall be neutral and nonpromotional and shall provide customers with the information necessary to make informed decisions relating to the source and type of electric service available for purchase and other information the commission considers necessary. The educational program shall inform customers of their rights and of the protections available through the commission and the office. The educational program may not duplicate customer information efforts undertaken by retail electric providers or other private entities. The educational program may not be targeted to areas served by municipally owned utilities or electric cooperatives that have not adopted customer choice. In planning and implementing this program, the commission shall consult with the office, with the Texas Department of Housing and Community Affairs, and with customers of and providers of retail electric service. The commission may enter into contracts for professional services to carry out the customer education program.

(b) The commission shall report on the status of the educational program, developed and implemented as provided by Subsection (a), to the electric utility restructuring legislative oversight committee on or before December 1, 2001.

(c) After the opening of the retail electric market, the commission shall conduct ongoing customer education designed to help customers make informed choices of electric services and retail electric providers. As part of ongoing education, the commission may provide customers information concerning specific retail electric providers, including instances of complaints against them and records relating to quality of customer service.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.9025. HOME ELECTRIC ENERGY REPORTS.

The commission may encourage retail electric providers to deliver individualized home electric energy reports to educate consumers about electric energy use and energy efficiency to assist consumers to use energy more efficiently.

(Added by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 21.)

Sec. 39.903. SYSTEM BENEFIT FUND. (As amended by HB 3318)

(a) The system benefit fund is an account in the general revenue fund. Money in the account may be appropriated only for the purposes provided by this section or other law. Interest earned on the system

benefit fund shall be credited to the fund. Section 403.095, Government Code, does not apply to the system benefit fund.

(b) The system benefit fund is financed by a nonbypassable fee set by the commission in an amount not to exceed 65 cents per megawatt hour. The system benefit fund fee is allocated to customers based on the amount of kilowatt hours used.

(c) The nonbypassable fee may not be imposed on the retail electric customers of a municipally owned utility or electric cooperative before the sixth month preceding the date on which the utility or cooperative implements customer choice. Money distributed from the system benefit fund to a municipally owned utility or an electric cooperative shall be proportional to the nonbypassable fee paid by the municipally owned utility or the electric cooperative, subject to the reimbursement provided by Subsection (i). On request by a municipally owned utility or electric cooperative, the commission shall reduce the nonbypassable fee imposed on retail electric customers served by the municipally owned utility or electric cooperative by an amount equal to the amount provided by the municipally owned utility or electric cooperative or its ratepayers for local low-income programs and local programs that educate customers about the retail electric market in a neutral and nonpromotional manner.

(d) The commission shall annually review and approve system benefit fund accounts, projected revenue requirements, and proposed nonbypassable fees. The commission shall report to the electric utility restructuring legislative oversight committee if the system benefit fund fee is insufficient to fund the purposes set forth in Subsection (e) to the extent required by this section

(e) Money in the system benefit fund may be appropriated to provide funding solely for the following regulatory purposes, in the following order of priority:

(1) programs to:

(A) assist low-income electric customers by providing the 10 percent reduced rate prescribed by Subsection (h); and

(B) provide one-time bill payment assistance to electric customers who are or who have in their households one or more seriously ill or disabled low-income persons and who have been threatened with disconnection for nonpayment;

(2) customer education programs, administrative expenses incurred by the commission in implementing and administering this chapter, and expenses incurred by the office under this chapter;

(3) programs to assist low-income electric customers by providing the targeted energy efficiency programs described by Subsection (f)(2);

(4) programs to assist low-income electric customers by providing the 20 percent reduced rate prescribed by Subsection (h); and

(5) reimbursement to the commission and the Health and Human Services commission for expenses incurred in the implementation and administration of an integrated eligibility process created under Section 17.007 for customer service discounts relating to retail electric service, including outreach expenses the commission determines are reasonable and necessary.

(f) Notwithstanding Section 39.106(b), the commission shall adopt rules regarding programs to assist low-income electric customers on the introduction of customer choice. The programs may not be targeted to areas served by municipally owned utilities or electric cooperatives that have not adopted customer choice. The programs shall include:

(1) reduced electric rates as provided by Subsections (h)-(l); and

(2) targeted energy efficiency programs to be administered by the Texas Department of Housing and Community Affairs in coordination with existing weatherization programs.

(g) Until customer choice is introduced in a power region, an electric utility may not reduce, in any manner, programs already offered to assist low-income electric customers.

(h) The commission shall adopt rules for a retail electric provider to determine a reduced rate for eligible customers to be discounted off the standard retail service package as approved by the commission under Section 39.106, or the price to beat established by Section 39.202, whichever is lower. Municipally owned utilities and electric cooperatives shall establish a reduced rate for eligible customers to be discounted off the standard retail service package established under Section 40.053 or 41.053, as appropriate. The reduced rate for a retail electric provider shall result in a total charge that is at least 10 percent and, if sufficient money in the system benefit fund is available, up to 20 percent, lower than the amount the customer would otherwise be charged. To the extent the system benefit fund is insufficient to fund the initial 10 percent rate reduction, the commission may increase the fee to an amount not more than 65 cents per megawatt hour, as provided by Subsection (b). If the fee is set at 65 cents per megawatt hour or if the commission determines that appropriations are insufficient to fund the 10 percent rate reduction, the commission may reduce the rate reduction to less than 10 percent. For a municipally owned utility or electric cooperative, the reduced rate shall be equal to an amount that can be fully funded by that portion of the nonbypassable fee proceeds paid by the municipally owned utility or electric cooperative that is allocated to the utility or cooperative by the commission under Subsection (e) for programs for low-income customers of the utility or cooperative. The reduced rate for municipally owned utilities and electric cooperatives under this section is in addition to any rate reduction that may result from local programs for low-income customers of the municipally owned utilities or electric cooperatives.

(i) A retail electric provider, municipally owned utility, or electric cooperative seeking reimbursement from the system benefit fund may not charge an eligible low-income customer a rate higher than the appropriate rate determined under Subsection (h). A retail electric provider not subject to the price to beat, or a municipally owned utility or electric cooperative subject to the nonbypassable fee under Subsection (c), shall be reimbursed from the system benefit fund for the difference between the reduced rate and the rate established under Section 39.106 or, as appropriate, the rate established under Section 40.053 or 41.053. A retail electric provider who is subject to the price to beat shall be reimbursed from the system benefit fund for the difference between the reduced rate and the price to beat. The commission shall adopt rules providing for the reimbursement.

(j) The commission shall adopt rules providing for methods of enrolling customers eligible to receive reduced rates under Subsection (h). The rules must provide for automatic enrollment as one enrollment option. The Texas Department of Human Services, on request of the commission, shall assist in the adoption and implementation of these rules. The commission and the Texas Department of Human Services shall enter into a memorandum of understanding establishing the respective duties of the commission and the department in relation to the automatic enrollment.

(j-1) The commission shall adopt rules governing the bill payment assistance program provided under Subsection (e)(1)(B). The rules must provide that a customer is eligible to receive the assistance only if the assistance is necessary to prevent the disconnection of service for nonpayment of bills and the electric customer is or has in the customer's household one or more seriously ill or disabled low-income persons whose health or safety may be injured by the disconnection. The commission may prescribe the documentation necessary to demonstrate eligibility for the assistance and may establish additional eligibility criteria. The Health and Human Services Commission, on request of the commission, shall assist in the adoption and implementation of these rules.

(k) A retail electric provider is prohibited from charging the customer a fee for participation in the reduced rate program.

(l) For the purposes of this section, a "low-income electric customer" is an electric customer:

(1) whose household income is not more than 125 percent of the federal poverty guidelines; or

(2) who receives food stamps from the Texas Department of Human Services or medical assistance from a state agency administering a part of the medical assistance program.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1394 (HB 1902) § 19(a)) (amended subsections (a), (b), and (e)); Acts 2001, 77th Leg., R.S., ch. 1451 (HB 2156) § 3 (added subsection (e)(4)); Acts 2001, 77th Leg., R.S., ch. 1466 (HB 3088) § 3 (amended subsections (a) and (e)); Acts 2003, 78th Leg., R.S., ch. 211 (HB 3318) § 2.02 (amended subsection (a)); Acts 2003, 78th Leg., R.S., ch. 1296 (HB 3378) § 4(a) (amending subsection (a)); Acts 2005, 79th Leg., R.S., ch. 412 (SB 1652) § 17 (amended subsection (e)); Acts 2005, 79th Leg., R.S., ch. 728 (HB 2018) § 21.001 (reenacting subsection (a)); Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 11; Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 12 (§ 11 amended subsection (e), § 12 added subsection (j-1)); Acts 2005, 79th Leg., R.S., ch. 899 (SB 1863) § 14.01 (amended subsection (h)).)

Sec. 39.904. GOAL FOR RENEWABLE ENERGY.

(a) It is the intent of the legislature that by January 1, 2015, an additional 5,000 megawatts of generating capacity from renewable energy technologies will have been installed in this state. The cumulative installed renewable capacity in this state shall total 5,880 megawatts by January 1, 2015, and the commission shall establish a target of 10,000 megawatts of installed renewable capacity by January 1, 2025. The cumulative installed renewable capacity in this state shall total 2,280 megawatts by January 1, 2007, 3,272 megawatts by January 1, 2009, 4,264 megawatts by January 1, 2011, 5,256 megawatts by January 1, 2013, and 5,880 megawatts by January 1, 2015. Of the renewable energy technology generating capacity installed to meet the goal of this subsection after September 1, 2005, the commission shall establish a target of having at least 500 megawatts of capacity from a renewable energy technology other than a source using wind energy.

(b) The commission shall establish a renewable energy credits trading program. Any retail electric provider, municipally owned utility, or electric cooperative that does not satisfy the requirements of Subsection (a) by directly owning or purchasing capacity using renewable energy technologies shall purchase sufficient renewable energy credits to satisfy the requirements by holding renewable energy credits in lieu of capacity from renewable energy technologies.

(c) Not later than January 1, 2000, the commission shall adopt rules necessary to administer and enforce this section. At a minimum, the rules shall:

(1) establish the minimum annual renewable energy requirement for each retail electric provider, municipally owned utility, and electric cooperative operating in this state in a manner reasonably calculated by the commission to produce, on a statewide basis, compliance with the requirement prescribed by Subsection (a); and

(2) specify reasonable performance standards that all renewable capacity additions must meet to count against the requirement prescribed by Subsection (a) and that:

(A) are designed and operated so as to maximize the energy output from the capacity additions in accordance with then-current industry standards; and

(B) encourage the development, construction, and operation of new renewable energy projects at those sites in this state that have the greatest economic potential for capture and development of this state's environmentally beneficial renewable resources.

(d) In this section, "renewable energy technology" means any technology that exclusively relies on an energy source that is naturally regenerated over a short time and derived directly from the sun, indirectly from the sun, or from moving water or other natural movements and mechanisms of the environment. Renewable energy technologies include those that rely on energy derived directly from the sun, on wind, geothermal, hydroelectric, wave, or tidal energy, or on biomass or biomass-based waste products, including landfill gas. A renewable energy technology does not rely on energy resources derived from fossil fuels, waste products from fossil fuels, or waste products from inorganic sources.

(e) A municipally owned utility operating a gas distribution system may credit toward satisfaction of the requirements of this section any production or acquisition of landfill gas supplied to the gas distribution system, based on conversion to kilowatt hours of the thermal energy content in British thermal units of the renewable source and using for the conversion factor the annual heat rate of the most efficient gas-fired unit of the combined utility's electric system as measured in British thermal units per kilowatt hour and using the British thermal unit measurement based on the higher heating value measurement.

(f) A municipally owned utility operating a gas distribution system may credit toward satisfaction of the requirements of this section any production or acquisition of landfill gas supplied to the gas distribution system, based on conversion to kilowatt hours of the thermal energy content in British thermal units of the renewable source and using for the conversion factor the systemwide average heat rate of the gas-fired units of the combined utility's electric system as measured in British thermal units per kilowatt hour.

(g) The commission, after consultation with each appropriate independent organization, electric reliability council, or regional transmission organization:

(1) shall designate competitive renewable energy zones throughout this state in areas in which renewable energy resources and suitable land areas are sufficient to develop generating capacity from renewable energy technologies;

(2) shall develop a plan to construct transmission capacity necessary to deliver to electric customers, in a manner that is most beneficial and cost-effective to the customers, the electric output from renewable energy technologies in the competitive renewable energy zones; and

(3) shall consider the level of financial commitment by generators for each competitive renewable energy zone in determining whether to designate an area as a competitive renewable energy zone and whether to grant a certificate of convenience and necessity.

(h) In considering an application for a certificate of public convenience and necessity for a transmission project intended to serve a competitive renewable energy zone, the commission is not required to consider the factors provided by Sections 37.056(c)(1) and (2).

(i) Transmission service to a competitive renewable energy zone must be provided in a manner consistent with Subchapter A, Chapter 35.

(j) The commission, after consultation with each appropriate independent organization, electric reliability council, or regional transmission organization, shall file a report with the legislature not later than December 31 of each even-numbered year. The report must include:

(1) an evaluation of the commission's implementation of competitive renewable energy zones;

(2) the estimated cost of transmission service improvements needed for each competitive renewable energy zone; and

(3) an evaluation of the effects that additional renewable generation has on system reliability and on the cost of alternatives to mitigate the effects.

(k) The commission and the independent organization certified for ERCOT shall study the need for increased transmission and generation capacity throughout this state and report to the legislature the results of the study and any recommendations for legislation. The report must be filed with the legislature not later than December 31 of each even-numbered year and may be filed as a part of the report required by Subsection (j).

(l) The commission may adopt rules requiring renewable power facilities to have reactive power control capabilities or any other feasible technology designed to reduce the facilities' effects on system reliability.

(m) A renewable energy credit retired for purposes other than to meet the requirements of Subsection (c)(1) may not affect the minimum annual renewable energy requirement under Subsection (c)(1) for a retail electric provider, municipally owned utility, or electric cooperative.

(m-1) As provided by this subsection, the commission shall reduce the requirement under Subsection (c)(1) for a retail electric provider, municipally owned utility, or electric cooperative that is subject to a renewable energy requirement under this section and that serves a customer receiving electric service at transmission-level voltage if, before any year for which the commission calculates renewable energy requirements under Subsection (c)(1), the customer notifies the commission in writing that the customer chooses not to support the goal for renewable energy generation under this section for that year. The commission shall exclude from the calculation of a retail electric provider's, municipally owned utility's, or electric cooperative's requirement under Subsection (c)(1) energy sold by the retail electric provider, municipally owned utility, or electric cooperative at transmission-level voltage to customers who have submitted the notice to the commission under this subsection for the applicable year.

(m-2) The commission shall determine the reporting requirements and schedule necessary to implement Subsections (m) and (m-1).

(m-3) Subsections (m), (m-1), and (m-2) do not alter the renewable energy goals or targets established in Subsection (a) or reduce the minimum statewide renewable energy requirements of Subsection (c)(1).

(n) Notwithstanding any other provision of law, the commission shall have the authority to cap the price of renewable energy credits and may suspend the goal contained in Subsection (a) if such suspension is necessary to protect the reliability and operation of the grid.

(o) The commission may establish an alternative compliance payment. An entity that has a renewable energy purchase requirement under this section may elect to pay the alternative compliance payment instead of applying renewable energy credits toward the satisfaction of the entity's obligation under this section. The commission may establish a separate alternative compliance payment for the goal of 500 megawatts of capacity from renewable energy technologies other than wind energy. The alternative compliance payment for a renewable energy purchase requirement that could be satisfied with a renewable energy credit from wind energy may not be less than \$2.50 per credit or greater than \$20 per credit. Prior to September 1, 2009, an alternative compliance payment under this subsection may not be set above \$5 per credit. In implementing this subsection, the commission shall consider:

- (1) the effect of renewable energy credit prices on retail competition;
 - (2) the effect of renewable energy credit prices on electric rates;
 - (3) the effect of the alternative compliance payment level on the renewable energy credit market;
- and
- (4) any other factors necessary to ensure the continued development of the renewable energy industry in this state while protecting ratepayers from unnecessary rate increases.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2005, 79th Leg., 1st C.S., ch. 1 (SB 20) § 3; Acts 2007, 80th Leg., R.S., ch. __ (HB 1090) § 2.)

Sec. 39.9044. GOAL FOR NATURAL GAS.

(a) It is the intent of the legislature that 50 percent of the megawatts of generating capacity installed in this state after January 1, 2000, use natural gas. To the extent permitted by law, the commission shall establish a program to encourage utilities to comply with this section by using natural gas produced in this state as the preferential fuel. This section does not apply to generating capacity for renewable energy technologies.

(b) The commission shall establish a natural gas energy credits trading program. Any power generation company, municipally owned utility, or electric cooperative that does not satisfy the requirements of Subsection (a) by directly owning or purchasing capacity using natural gas technologies shall purchase sufficient natural gas energy credits to satisfy the requirements by holding natural gas energy credits in lieu of capacity from natural gas energy technologies.

(c) Not later than January 1, 2000, the commission shall adopt rules necessary to administer and enforce this section and to perform any necessary studies in cooperation with the Railroad Commission of Texas. At a minimum, the rules shall:

(1) establish the minimum annual natural gas generation requirement for each power generation company, municipally owned utility, and electric cooperative operating in this state in a manner reasonably calculated by the commission to produce, on a statewide basis, compliance with the requirement prescribed by Subsection (a); and

(2) specify reasonable performance standards that all natural gas capacity additions must meet to count against the requirement prescribed by Subsection (a) and that:

(A) are designed and operated so as to maximize the energy output from the capacity additions in accordance with then-current industry standards and best industry standards; and

(B) encourage the development, construction, and operation of new natural gas energy projects at those sites in this state that have the greatest economic potential for capture and development of this state's environmentally beneficial natural gas resources.

(d) The commission, with the assistance of the Railroad Commission of Texas, shall adopt rules allowing and encouraging retail electric providers and municipally owned utilities and electric cooperatives that have adopted customer choice to market electricity generated using natural gas produced in this state as environmentally beneficial. The rules shall allow a provider, municipally owned utility, or cooperative to:

(1) emphasize that natural gas produced in this state is the cleanest-burning fossil fuel; and

(2) label the electricity generated using natural gas produced in this state as "green" electricity.

(e) In this section, "natural gas technology" means any technology that exclusively relies on natural gas as a primary fuel source.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.9048. NATURAL GAS FUEL.

It is the intent of the legislature that:

(1) the cost of generating electricity remain as low as possible; and

(2) the state establish and publicize a program to keep the costs of fuel, such as natural gas, used for generating electricity low.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.905. GOAL FOR ENERGY EFFICIENCY.

(a) It is the goal of the legislature that:

(1) electric utilities will administer energy efficiency incentive programs in a market-neutral, nondiscriminatory manner but will not offer underlying competitive services;

(2) all customers, in all customer classes, will have a choice of and access to energy efficiency alternatives and other choices from the market that allow each customer to reduce energy consumption, peak demand, or energy costs;

(3) each electric utility will provide, through market-based standard offer programs or limited, targeted, market-transformation programs, incentives sufficient for retail electric providers and competitive energy service providers to acquire additional cost-effective energy efficiency for residential and commercial customers equivalent to at least:

(A) 10 percent of the electric utility's annual growth in demand of residential and commercial customers by December 31, 2007;

(B) 15 percent of the electric utility's annual growth in demand of residential and commercial customers by December 31, 2008, provided that the electric utility's program expenditures for 2008 funding may not be greater than 75 percent above the utility's program budget for 2007 for residential and commercial customers, as included in the April 1, 2006, filing; and

(C) 20 percent of the electric utility's annual growth in demand of residential and commercial customers by December 31, 2009, provided that the electric utility's program expenditures for 2009 funding may not be greater than 150 percent above the utility's program budget for 2007 for residential and commercial customers, as included in the April 1, 2006, filing;

(4) each electric utility in the ERCOT region shall use its best efforts to encourage and facilitate the involvement of the region's retail electric providers in the delivery of efficiency programs and demand response programs under this section;

(5) retail electric providers in the ERCOT region, and electric utilities outside of the ERCOT region, shall provide customers with energy efficiency educational materials; and

(6) notwithstanding Subsection (a)(3), electric utilities shall continue to make available, at 2007 funding and participation levels, any load management standard offer programs developed for industrial customers and implemented prior to May 1, 2007.

(b) The commission shall provide oversight and adopt rules and procedures to ensure that the utilities can achieve the goal of this section, including:

(1) establishing an energy efficiency cost recovery factor for ensuring timely and reasonable cost recovery for utility expenditures made to satisfy the goal of this section;

(2) establishing an incentive under Section 36.204 to reward utilities administering programs under this section that exceed the minimum goals established by this section;

(3) providing a utility that is unable to establish an energy efficiency cost recovery factor in a timely manner due to a rate freeze with a mechanism to enable the utility to:

(A) defer the costs of complying with this section; and

(B) recover the deferred costs through an energy efficiency cost recovery factor on the expiration of the rate freeze period;

(4) ensuring that the costs associated with programs provided under this section are borne by the customer classes that receive the services under the programs; and

(5) ensuring the program rules encourage the value of the incentives to be passed on to the end-use customer.

(b-1) The energy efficiency cost recovery factor under Subsection (b)(1) may not result in an over-recovery of costs but may be adjusted each year to change rates to enable utilities to match revenues against energy efficiency costs and any incentives to which they are granted. The factor shall be adjusted to reflect any over-collection or under-collection of energy efficiency cost recovery revenues in previous years.

(b-2) The commission shall conduct a study, to be funded by electric utilities, regarding cost-effective energy efficiency in this state. Not later than January 15, 2009, the commission shall submit to the legislature a report regarding the commission's findings that:

(1) considers the technical, economic, and achievable potential, and natural occurrence of energy efficiency in this state in terms of kilowatts and kilowatt hours for each element;

(2) determines the amount of savings that is achievable through utility programs in compliance with commission rules;

(3) recommends whether:

(A) utility funding of energy efficiency in areas of the state with competitive retail electric service should continue;

(B) energy efficiency in areas with competitive retail electric service is best provided by the competitive market; and

(C) utilities should fund education programs to be conducted by the commission regarding the provision of energy efficiency service from the competitive market;

(4) provides estimates of achievable savings specific to each utility service area and each customer class;

(5) quantifies the costs and rate impacts associated with meeting energy efficiency goals;

(6) determines whether an increase in the goal to 30 percent of the growth in demand for each utility is achievable by December 31, 2010, and whether an increase in the goal to 50 percent of the growth in demand for electricity is achievable by December 31, 2015, by each utility in the service area served through the energy efficiency programs described by this section;

(7) recommends policies designed to promote energy efficiency in the areas of the state that are not served by the utilities which administer programs under this section; and

(8) identifies potential barriers to the increased participation by retail electric providers in the delivery of energy efficiency services to ERCOT customers, and to the increased potential for energy efficiency in ERCOT or in this state generally, including any recommended regulatory or statutory changes to eliminate such barriers or facilitate greater efficiency.

(b-3) Beginning not later than January 1, 2008, the commission, in consultation with the State Energy Conservation Office, annually for a period of five years shall compute and report to ERCOT the projected energy savings and demand impacts for each entity in the ERCOT region that administers standard offer programs, market transformation programs, combined heating and power technology, demand response

programs, solar incentive programs, appliance efficiency standards, energy efficiency programs in public buildings, and any other relevant programs that are reasonably anticipated to reduce electricity energy or peak demand or that serve as substitutes for electric supply.

(b-4) The commission and ERCOT shall develop a method to account for the projected efficiency impacts under Subsection (b-3) in ERCOT's annual forecasts of future capacity, demand, and reserves.

(c) A standard offer program provided under Subsection (a)(3) must be neutral with respect to technologies, equipment, and fuels, including thermal, chemical, mechanical, and electrical energy storage technologies.

(d) The commission shall establish a procedure for reviewing and evaluating market-transformation program options described by this subsection and other options. In evaluating program options, the commission may consider the ability of a program option to reduce costs to customers through reduced demand, energy savings, and relief of congestion. Utilities may choose to implement any program option approved by the commission after its evaluation in order to satisfy the goal in Subsection (a), including :

- (1) energy-smart schools;
- (2) appliance retirement and recycling;
- (3) air conditioning system tune-ups;
- (4) the use of trees or other landscaping for energy efficiency.;
- (5) customer energy management and demand response programs;
- (6) high performance residential and commercial buildings that will achieve the levels of energy efficiency sufficient to qualify those buildings for federal tax incentives;
- (7) programs for customers who rent or lease their residence or commercial space;
- (8) programs providing energy monitoring equipment to customers that enable a customer to better understand the amount, price, and time of the customer's energy use;
- (9) energy audit programs for owners and other residents of single-family or multifamily residences and for small commercial customers;
- (10) net-zero energy new home programs;
- (11) solar thermal or solar electric programs; and
- (12) programs for using windows and other glazing systems, glass doors, and skylights in residential and commercial buildings that reduce solar gain by at least 30 percent from the level established for the federal Energy Star windows program.

(e) An electric utility may use money approved by the commission for energy efficiency programs to perform necessary energy efficiency research and development to foster continuous improvement and innovation in the application of energy efficiency technology and energy efficiency program design and implementation. Money the utility uses under this subsection may not exceed 10 percent of the greater of:

- (1) the amount the commission approved for energy efficiency programs in the utility's most recent full rate proceeding; or
- (2) the commission-approved expenditures by the utility for energy efficiency in the previous year.

(f) Unless funding is provided under Section 39.903, each unbundled transmission and distribution utility shall include in its energy efficiency plan a targeted low-income energy efficiency program as described by Section 39.903(f)(2), and the savings achieved by the program shall count toward the

transmission and distribution utility's energy efficiency goal. The commission shall determine the appropriate level of funding to be allocated to both targeted and standard offer low-income energy efficiency programs in each unbundled transmission and distribution utility service area. The total expenditures for both targeted and standard offer low-income energy efficiency programs will be based on the amount spent by the transmission and distribution utility on the commission's hard-to-reach program in calendar year 2003. This level of funding for low-income energy efficiency programs shall be provided from money approved by the commission for the transmission and distribution utility's energy efficiency programs. The state agency that administers the federal weatherization assistance program shall provide reports as required by the commission to provide the most current information available on energy and peak demand savings achieved in each transmission and distribution utility service area.

(g) The commission may provide for a good cause exemption to a utility's liability for an administrative penalty or other sanction if the utility fails to meet a goal for energy efficiency under this section and the utility's failure to meet the goal is caused by one or more factors outside of the utility's control, including:

- (1) insufficient demand by retail electric providers and competitive energy service providers for program incentive funds made available by the utility through its programs;
- (2) changes in building energy codes; and
- (3) changes in government-imposed appliance or equipment efficiency standards.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2005, 79th Leg., R.S., ch. 328 (SB 712) § 1 (amended subsections (a)(2) and (b) and added subsections (c) through (f)); Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 22.)

Sec. 39.9051. ENERGY EFFICIENCY DEMONSTRATION PROJECTS FOR SOLAR ELECTRIC SYSTEM; GRANT PROGRAM.

(a) The commission by rule shall establish grant programs for:

- (1) a demonstration project for installation of solar electric systems for new residential subdivisions;
- (2) a demonstration project for installation of solar electric systems for new or established affordable housing for persons with low incomes; and
- (3) a demonstration project for installation of solar electric systems for not more than three small businesses.

(b) To qualify for a grant under this section, the solar electric system must be a device that:

- (1) generates electricity using solar resources;
- (2) has a generating capacity of not more than 1,000 kilowatts; and
- (3) is installed with a manufacturer's warranty against breakdown or undue degradation for a period of at least five years.

(c) A demonstration project grant program established under this section must provide for full or partial payment of the cost of equipment and installation for the solar electric systems. The commission shall establish for each grant program a competitive bidding process for grant applicants. The commission shall consider the value of funding demonstration projects in different parts of this state, after considering the demographic and geographic diversity of this state.

(d) To qualify for a grant under Subsection (a)(1), the applicant:

(1) must be a person whose primary business activity is the building of residential housing developments; and

(2) must have installed or must be contractually obligated to install qualifying solar electric systems in each residence constructed in a residential subdivision.

(e) To qualify for a grant under Subsection (a)(2), the applicant must have installed or be contractually obligated to install a qualifying solar electric system for residential real property:

(1) appraised in accordance with Section 23.21, Tax Code, as affordable housing property; or

(2) subject to a contractual obligation that the property will be appraised in accordance with Section 23.21, Tax Code, as affordable housing property within a reasonable time after the grant is received.

(f) To qualify for a grant under Subsection (a)(3), the applicant must be a small business or owner of a small business that meets qualifications adopted by the commission after consideration of federal Small Business Administration standards for qualification for loans from that administration.

(g) The commission shall issue a report to the governor, lieutenant governor, and speaker of the house of representatives not later than December 1 of each even-numbered year summarizing the status of the grant programs established under Subsection (a). The report must include the amount of money granted to each demonstration project and an evaluation of whether the projects demonstrate the economic and ecologic viability of solar electric system installations.

(h) This section expires December 31, 2010.

(Added by Acts 2007, 80th Leg., R.S., ch. 262 (SB 12) § 7.01.)

Sec. 39.9051. ENERGY EFFICIENCY FOR MUNICIPALLY OWNED UTILITIES.

(a) In this section, "municipally owned utility" has the meaning assigned by Section 11.003.

(b) This section applies only to a municipally owned utility that had retail sales of more than 500,000 megawatt hours in 2005.

(c) It is the goal of the legislature that:

(1) municipally owned utilities will administer energy savings incentive programs;

(2) customers of a municipally owned utility will have a choice of and access to energy efficiency alternatives that allow customers to reduce energy consumption, peak demand, or energy costs; and

(3) each municipally owned utility will provide incentives sufficient for municipally owned utilities to acquire additional cost-effective energy efficiency.

(d) The governing body of a municipally owned utility shall provide oversight and adopt rules and procedures, as necessary, to ensure that the utility can achieve the goal of this section.

(e) If a municipally owned utility adopts customer choice by decision of the governing body under Chapter 40, the commission shall provide oversight and adopt rules and procedures, as necessary, to ensure that the municipally owned utility can achieve the goal in this section in a market-neutral, nondiscriminatory manner. The commission shall, to the extent possible, include existing energy efficiency programs already adopted by the municipally owned utility.

(f) Not later than September 1, 2009, a municipally owned utility must report to the State Energy Conservation Office, in a form and manner determined by the utility in consultation with the office, information regarding the combined effects of the energy efficiency activities of the utility.

(Added by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 23.)

Sec. 39.9052. ENERGY EFFICIENCY FOR ELECTRIC COOPERATIVES.

(a) An electric cooperative shall consider adopting and implementing energy efficiency programs that reduce the cooperative's annual growth in demand in a manner consistent with standards established in the state for other utilities.

(b) Not later than September 1, 2009, an electric cooperative that had retail sales of more than 500,000 megawatt hours in 2005 must report to the State Energy Conservation Office, in a form and manner determined by the electric cooperative in consultation with the office, information regarding the combined effects of the energy efficiency activities of the electric cooperative.

(Added by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 23.)

Sec. 39.906. DISPLACED WORKERS.

In order to mitigate potential negative impacts on utility personnel directly affected by electric industry restructuring, the commission shall allow the recovery of reasonable employee-related transition costs incurred and projected for severance, retraining, early retirement, outplacement, and related expenses for the employees.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.907. LEGISLATIVE OVERSIGHT COMMITTEE.

(a) In this section, "committee" means the electric utility restructuring legislative oversight committee.

(b) The committee is composed of six members as follows:

- (1) the chair of the House Committee on Regulated Industries;
- (2) the chair of the Senate Committee on Business and Commerce;
- (3) the chair of the Senate Committee on Natural Resources;
- (4) a member of the senate appointed by the lieutenant governor; and
- (5) two members of the house of representatives appointed by the speaker of the house of representatives.

(c) An appointed member of the committee serves at the pleasure of the appointing official. In making appointments to the committee, the appointing officials shall attempt to appoint persons who represent the gender composition, minority populations, and geographic regions of the state.

(d) The committee is subject to Chapter 325, Government Code (Texas Sunset Act). Unless continued in existence as provided by that chapter, the committee is abolished September 1, 2005.

(e) The committee shall:

- (1) meet at least annually with the commission;
- (2) receive information about rules relating to electric utility restructuring proposed by the commission and may submit comments to the commission on those proposed rules;
- (3) review recommendations for legislation proposed by the commission; (4) monitor the effectiveness of electric utility restructuring, including the fairness of rates, the reliability of service, and the effect of stranded costs, market power, and regulation on the normal forces of competition; and

(5) study and seek policies to ensure that fuel resources available to the state are used in a balanced and efficient manner and consider the reliability, economic viability, and environmental impact of new fuels and generation technologies.

(f) The committee may request reports and other information from the commission as necessary to carry out this section.

(g) Not later than November 15 of each even-numbered year, the committee shall report to the governor, lieutenant governor, and speaker of the house of representatives on the committee's activities under Subsection (e). The report shall include:

- (1) an analysis of any problems caused by electric utility restructuring; and
- (2) recommendations of any legislative action necessary to address those problems and to further retail competition within the electric power industry.

(h) The chair of the House Committee on Regulated Industries and the chair of the Senate Committee on Business and Commerce, shall serve as joint chairs of the committee.

(i) In addition to the duties under Subsection (e), the committee shall meet at least twice annually to encourage cooperation and coordination with the following entities:

- (1) the commission;
- (2) the Texas Commission on Environmental Quality;
- (3) the Railroad Commission of Texas;
- (4) the Electric Reliability Council of Texas; and
- (5) the office of the comptroller of public accounts.

(j) The committee shall consider and discuss policies and strategies to ensure that fuel resources available to the state are used in a balanced and efficient manner while taking into consideration the reliability, economic viability, and environmental impact of fuels and technologies, including, but not limited to, the following:

- (1) strategies which protect and preserve the environment of the state while allowing for access to safe, economical, and reliable sources of energy;
- (2) strategies to ensure that customers of this state have access to reliable energy;
- (3) transmission, congestion, and transportation constraints and cost, and study strategies to alleviate or prevent those constraints, for the following sources of energy:
 - (A) oil and natural gas;
 - (B) coal and lignite; and
 - (C) electricity;
- (4) capacity needs, reserve margins, market impact, environmental impact, and reliability of generation, and recommend strategies to ensure continued investment in generation;
- (5) cost-effective, renewable energy, conservation, and energy-efficient technologies;
- (6) policies to ensure that fuel resources available to the state are used in a balanced and efficient manner; and
- (7) the reliability, economic viability, and environmental impact of new fuels and technologies.

(k) Not later than November 15 of each even-numbered year, the committee shall report to the governor, the lieutenant governor, and the speaker of the house of representatives on the committee's activities under Subsection (j).

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2003, 78th Leg., R.S., ch. 617 (HB 1948) § 1; Acts 2003, 78th Leg., R.S., ch. 1328 (SB 1418) § 12; Acts 2003, 78th Leg., 3rd C.S., ch. 7 (HB 35) § 1; Acts 2005, 79th Leg., R.S., ch. 1227, (HB 1116) § 5.01(5); Acts 2007, 80th Leg., R.S., ch. 184 (SB 484) § 1.)

Sec. 39.908. EFFECT OF SUNSET PROVISION.

(a) If the commission is abolished and the other provisions of this title expire as provided by Chapter 325, Government Code (Texas Sunset Act), this subchapter, including the provisions of this title referred to in this subchapter, continues in full force and effect and does not expire.

(b) The authorities, duties, and functions of the commission under this chapter shall be performed and carried out by a successor agency to be designated by the legislature before abolishment of the commission or, if the legislature does not designate the successor, by the secretary of state.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.909. PLAN AND REPORT OF WORKFORCE DIVERSITY AND OTHER BUSINESS PRACTICES.

(a) In this section, "small business" and "historically underutilized business" have the meanings assigned by Section 481.191, Government Code.

(b) Before January 1, 2000, each electric utility shall develop and submit to the commission a comprehensive five-year plan to enhance diversity of its workforce in all occupational categories and to increase contracting opportunities for small and historically underutilized businesses. The plan must consist of:

- (1) the electric utility's historical and current performance with regard to workforce diversity and contracting with small and historically underutilized businesses;
- (2) initiatives that the electric utility will pursue in these areas over the period of the plan;
- (3) a listing of programs and activities the electric utility will undertake to achieve each of those initiatives; and
- (4) a listing of the business partnership initiatives the electric utility will undertake to facilitate small and historically underutilized business entry into the electric energy market as generators and retail energy providers taking into account opportunities for contracting and joint ventures.

(c) Each electric utility shall submit an annual report to the commission and the legislature relating to its efforts to improve workforce diversity and contracting opportunities for small and historically underutilized businesses. The report must be submitted on October 1 of each year or may be included as part of any other annual report submitted by the electric utility to the commission. The report must include:

- (1) the diversity of the electric utility's workforce as of the time of the report;
- (2) the electric utility's level of contracting with small and historically underutilized businesses;
- (3) the specific progress made under the plan under Subsection (b);
- (4) the specific initiatives, programs, and activities undertaken under the plan during the preceding year;

- (5) an assessment of the success of each of those initiatives, programs, and activities;
- (6) the extent to which the electric utility has carried out its initiatives to facilitate opportunities for contracts or joint ventures with small and historically underutilized businesses; and
- (7) the initiatives, programs, and activities the electric utility will pursue during the next year to increase the diversity of its workforce and contracting opportunities for small and historically underutilized businesses.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 39.910. INCENTIVE PROGRAM AND GOAL FOR ENERGY EFFICIENCY FOR MILITARY BASES.

(a) The commission by rule shall establish an electric energy efficiency incentive program under which each electric utility in an area where customer choice is not available will provide incentives sufficient for military bases, retail electric providers, or competitive energy service providers to install energy efficiency devices or other alternatives at military bases. The commission shall design the program to provide military bases with a variety of choices for cost-effective energy efficiency devices and other alternatives from the market to reduce energy consumption and energy costs.

(b) The commission shall establish a goal for the program to reduce, before January 1, 2005, the consumption of electricity by military bases in this state by five percent as compared to consumption levels in 2002.

(c) The commission shall approve a nonbypassable surcharge or other rate mechanism to recover costs associated with the program established under this section.

(d) An electric utility shall administer the electric energy efficiency incentive program in a market-neutral, nondiscriminatory manner. An electric utility may not offer underlying competitive services.

(Added by Acts 2003, 78th Leg., R.S., ch. 149 (SB 652) § 23.)

Sec. 39.911. ALTERNATIVE FUNDING FOR ENERGY EFFICIENCY AND RENEWABLE ENERGY SYSTEMS.

The State Energy Conservation Office, in coordination with the governor, the Department of Agriculture, the Texas Commission on Environmental Quality, the Texas Education Agency, the commission, and other appropriate state agencies, shall solicit gifts, grants, and other financial resources available to fund energy efficiency improvements and renewable energy systems for public and private facilities in this state.

(Added by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 23.)

Sec. 39.912. REPORT ON COMBINED HEATING AND POWER TECHNOLOGY.

The commission shall study the installation and use of combined heating and power technology in this state, and shall submit a report regarding the commission's findings to the 81st Legislature. The report shall include:

- (1) an explanation describing combined heating and power technology and its use; and
- (2) an explanation of how combined heating and power technology can be implemented in this state to meet energy efficiency goals.

(Added by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 23.)

Sec. 39.913. COMBINING CERTAIN REPORTS.

The commission may combine the reports required under Sections 39.905(b-2) and 39.912.

(Added by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 23.)

Sec. 39.914. CREDIT FOR SURPLUS SOLAR GENERATION BY PUBLIC SCHOOLS.

(a) An electric utility or retail electric provider shall provide for net metering and contract with an independent school district so that:

- (1) surplus electricity produced by a school building's solar electric generation panels is made available for sale to the electric transmission grid and distribution system; and
- (2) the net value of that surplus electricity is credited to the district.

(b) For areas of this state in which customer choice has not been introduced, the commission by rule shall require that credits for electricity produced by a school building's solar electric generation panels reflect the value of the electricity that is made available for sale to the electric utility in accordance with federal regulations.

(c) For independent school districts in areas in which customer choice has been introduced, the district must sell the school buildings' surplus electricity produced to the retail electric provider that serves the school district's load at a value agreed to between the district and the provider that serves the district's load. The agreed value may be based on the clearing price of energy at the time of day that the electricity is made available to the grid. The independent organization identified in Section 39.151 shall develop procedures so that the amount of electricity purchased from a district under this section is accounted for in settling the total load served by the provider that serves the district's load. A district requesting net metering services for purposes of this section must have metering devices capable of providing measurements consistent with the independent organization's settlement requirements.

(d) A transmission and distribution utility shall make available to an independent school district for purposes of this section metering required for services provided under this section, including separate meters that measure the load and generator output or a single meter capable of measuring separately in-flow and out-flow at the point of common coupling meter point. The district must pay the differential cost of the metering unless the meters are provided at no additional cost. Except as provided by this section, Section 39.107 applies to metering under this section.

(e) A municipally owned utility or electric cooperative shall consider and complete the determinations regarding net metering service as provided by the federal Public Utility Regulatory Policies Act of 1978 (16 U.S.C. Section 2601 et seq., as amended by the federal Energy Policy Act of 2005 (Pub. L. No. 109-58)) after proceedings conducted in accordance with that law. A municipally owned utility or electric cooperative shall report the determinations made under this subsection to the State Energy Conservation Office and include in that report information regarding metering electricity generated by solar panels on public school building rooftops.

(Added by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 24.)

Sec. 39.915. CONSIDERATION AND APPROVAL OF CERTAIN TRANSACTIONS.

(a) To protect retail customers in this state, and to ensure the continuation of cost-effective energy efficiency measures and delivery systems, notwithstanding any other provision of this title, an electric utility or transmission and distribution utility must report to and obtain approval of the commission before closing any transaction in which:

(1) the electric utility or transmission and distribution utility will be merged or consolidated with another electric utility or transmission and distribution utility;

(2) at least 50 percent of the stock of the electric utility or transmission and distribution utility will be transferred or sold; or

(3) a controlling interest or operational control of the electric utility or transmission and distribution utility will be transferred.

(b) The commission shall approve a transaction under Subsection (a) if the commission finds that the transaction is in the public interest. In making its determination, the commission shall consider whether the transaction will adversely affect the reliability of service, availability of service, or cost of service of the electric utility or transmission and distribution utility. The commission shall make the determination concerning a transaction under this subsection not later than the 180th day after the date the commission receives the relevant report. If the commission has not made a determination before the 181st day after that date, the transaction is considered approved.

(c) Subsections (a) and (b) do not apply to a transaction described by Subsection (a) for which a definitive agreement was executed before April 1, 2007, if an electric utility or transmission and distribution utility or a person seeking to acquire or merge with an electric utility or transmission and distribution utility made a filing for review of the transaction under Section 14.101 before May 1, 2007, and the resulting proceeding was not withdrawn.

(d) If an electric utility or transmission and distribution utility or a person seeking to acquire or merge with an electric utility or transmission and distribution utility files with the commission a stipulation, representation, or commitment in advance of or as part of a filing under this section or under Section 14.101, the commission may enforce the stipulation, representation, or commitment to the extent that the stipulation, representation, or commitment is consistent with the standards provided by this section and Section 14.101. The commission may reasonably interpret and enforce conditions adopted under this section.

(Added by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 25.)

Sec. 39.916. INTERCONNECTION OF DISTRIBUTED RENEWABLE GENERATION.

(a) In this section:

(1) "Distributed renewable generation" means electric generation with a capacity of not more than 2,000 kilowatts provided by a renewable energy technology, as defined by Section 39.904, that is installed on a retail electric customer's side of the meter.

(2) "Distributed renewable generation owner" means the owner of distributed renewable generation.

(3) "Interconnection" means the right of a distributed renewable generation owner to physically connect distributed renewable generation to an electricity distribution system, and the technical requirements, rules, or processes for the connection.

(b) A transmission and distribution utility or electric utility shall allow interconnection if:

(1) the distributed renewable generation to be interconnected has a five-year warranty against breakdown or undue degradation; and

(2) the rated capacity of the distributed renewable generation does not exceed the transmission and distribution utility or electric utility service capacity.

(c) A customer may request interconnection by filing an application for interconnection with the transmission and distribution utility or electric utility. Procedures of a transmission and distribution utility or electric utility for the submission and processing of a customer's application for interconnection shall be consistent with rules adopted by the commission regarding interconnection.

(d) The commission by rule shall establish safety, technical, and performance standards for distributed renewable generation that may be interconnected. In adopting the rules, the commission shall consider standards published by the Underwriters Laboratories, the National Electric Code, the National Electric Safety Code, and the Institute of Electrical and Electronics Engineers.

(e) A transmission and distribution utility, electric utility, or retail electric provider may not require a distributed renewable generation owner whose distributed renewable generation meets the standards established by rule under Subsection (d) to purchase an amount, type, or classification of liability insurance the distributed renewable generation owner would not have in the absence of the distributed renewable generation.

(f) A transmission and distribution utility or electric utility shall make available to a distributed renewable generation owner for purposes of this section metering required for services provided under this section, including separate meters that measure the load and generator output or a single meter capable of measuring in-flow and out-flow at the point of common coupling meter point. The distributed renewable generation owner must pay the differential cost of the metering unless the meters are provided at no additional cost. Except as provided by this section, Section 39.107 applies to metering under this section.

(g) A renewable energy credit that is earned by a distributed renewable generation owner through the interconnection of a renewable electric system is the sole property of the distributed renewable generation owner unless the distributed renewable generation owner engages in a transaction to sell or trade the credit under Section 39.904. For electric utilities, the commission shall address the ownership of renewable energy credits associated with power sold to the utility.

(h) An electric utility or retail electric provider may contract with a distributed renewable generation owner so that:

- (1) surplus electricity produced by distributed renewable generation is made available for sale to the transmission grid and distribution system; and
- (2) the net value of that surplus electricity is credited to the distributed renewable generation owner.

[(i) reserved]

(j) For distributed renewable generation owners in areas in which customer choice has been introduced, the distributed renewable generation owner must sell the owner's surplus electricity produced to the retail electric provider that serves the distributed renewable generation owner's load at a value agreed to between the distributed renewable generation owner and the provider that serves the owner's load which may include, but is not limited to, an agreed value based on the clearing price of energy at the time of day that the electricity is made available to the grid or it may be a credit applied to an account during a billing period that may be carried over to subsequent billing periods until the credit has been redeemed. The independent organization identified in Section 39.151 shall develop procedures so that the amount of electricity purchased from a distributed renewable generation owner under this section is accounted for in settling the total load served by the provider that serves that owner's load by January 1, 2009. A distributed renewable generation owner requesting net metering services for purposes of this section must have metering devices capable of providing measurements consistent with the independent organization's settlement requirements.

(Added by Acts 2007, 80th Leg., R.S., ch. ___ (HB 3693) § 26.)

CHAPTER 40. COMPETITION FOR MUNICIPALLY OWNED UTILITIES AND RIVER AUTHORITIES

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 40.001. APPLICABLE LAW.

(a) Notwithstanding any other provision of law, except Sections 39.155, 39.157(e), 39.203, 39.903, and 39.904, this chapter governs the transition to and the establishment of a fully competitive electric power industry for municipally owned utilities. With respect to the regulation of municipally owned utilities, this chapter controls over any other provision of this title, except for sections in which the term "municipally owned utility" is specifically used.

(b) Except as specifically provided in this subsection, Chapter 39 does not apply to a river authority operating a steam generating plant on or before January 1, 1999, or a corporation authorized by Chapter 152, Water Code, or Section 32.053. A river authority operating a steam generating plant on or before January 1, 1999, is subject to Sections 39.051(a)-(c), 39.108, 39.155, 39.157(e), and 39.203.

(c) For purposes of Section 39.051, hydroelectric assets may not be deemed to be generating assets, and the transfer of generating assets to a corporation authorized by Chapter 152, Water Code, satisfies the requirements of Section 39.051.

(d) Accommodation shall be made in the code of conduct established under Section 39.157(e) for the provisions of Chapter 152, Water Code, and the commission may not prohibit a river authority and any related corporation from sharing officers, directors, employees, equipment, and facilities or from providing goods or services to each other at cost without the need for a competitive bid.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1420 (HB 2812) § 8.401 (amended subsections (b) through (d)).)

Sec. 40.002. DEFINITION.

For purposes of this chapter, "body vested with the power to manage and operate a municipally owned utility" means a body created in accordance with Section 1502.070, Government Code, or Subchapter G, Chapter 552, Local Government Code, or by municipal charter.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1420 (HB 2812) § 8.402 (added the reference to the Government Code); Acts 2007, 80th Leg., R.S., ch. 885 (HB 2278) § 3.77(29).)

Sec. 40.003. SECURITIZATION.

(a) Municipally owned utilities and river authorities may adopt and use securitization provisions having the effect of the provisions provided by Subchapter G, Chapter 39, to recover through appropriate charges their stranded costs, at a recovery level deemed appropriate by the municipally owned utility or river authority up to 100 percent, under rules and procedures that shall be established:

(1) in the case of a municipally owned utility, by the municipal governing body or a body vested with the power to manage and operate the municipally owned utility, including procedures providing for rate orders of the governing body having the effect of financing orders, providing for a separate nonbypassable charge approved by the governing body, in the nature of a transition charge, to be collected from all retail electric customers of the municipally owned utility, identified as of a date determined by the governing body, to fund the recovery of the stranded costs of the municipally owned utility and of all reasonable related expenses, as determined by the governing body, and providing for the issuance of bonds, having a term and other characteristics as determined by the governing body, as

necessary to recover the amount deemed appropriate by the governing body through securitization financing; and

(2) in the case of a river authority, by the commission.

(b) In order to implement securitization financing under the rules and procedures established by and for a municipally owned utility under Subsection (a)(1), municipalities are expressly authorized and empowered to issue bonds, notes, or other obligations, including refunding bonds, payable from and secured by a lien on and pledge of the revenues collected under an order of the governing body of the municipality, and the bonds shall be issued, without an election or any requirement of giving notice of intent to issue the bonds, by ordinance adopted by the governing body of the municipality, in the form and manner and sold on a negotiated basis or on receipt of bids and on the terms and conditions as shall be determined by the governing body of the municipality.

(c) Bonds issued under the authority conferred by Subsections (a)(1) and (2) and Subsection (b) may be issued in the form and manner, with or without credit enhancement or liquidity enhancement and using the procedures as provided in Chapter 1201, Government Code, or other laws applicable to the issuance of bonds, including Subchapters A-C, Chapter 1207, Government Code, and Chapter 1371, Government Code, as if those laws were fully restated in this section and made a part of this section for all purposes, and a municipality or river authority shall have the right and authority to use those other laws, notwithstanding any applicable restrictions contained in those laws, to the extent convenient or necessary to carry out any power or authority, express or implied, granted under this section, in the issuance of bonds by a municipality or river authority in connection with securitization financing. This section is wholly sufficient authority for the issuance of bonds, notes, or other obligations, including refunding bonds, and the performance of the other authorized acts and procedures, without reference to any other laws or any restrictions or limitations contained in those laws. To the extent of any conflict or inconsistency between the provisions of this authorization and any provisions of any other law or home-rule charter, the authorization and power to issue bonds conferred on municipalities or river authorities under this section shall prevail and control.

(d) The rules and procedures for securitization established by the commission under Subsection (a)(2) shall include procedures for the recovery of qualified costs under the terms of a financing order adopted by the governing body of the river authority.

(e) The rules and procedures for securitization established by the commission under Subsection (a)(2) shall include rules and procedures for the issuance of transition bonds. Findings made by the governing body of a river authority in a financing order issued under the rules and procedures described in this subsection shall be conclusive, and any transition charge incorporated in the rate order to recover the principal, interest, and all reasonable expenses associated with any transition bonds shall constitute property rights, as described in Subchapter G, Chapter 39, and otherwise conform in all material respects to the transition charges provided by Subchapter G, Chapter 39.

(f) The rules and procedures established under this section shall be consistent with other law applicable to municipally owned utilities and river authorities and with the terms of any resolutions, orders, charter provisions, or ordinances authorizing outstanding bonds or other indebtedness of the municipalities or river authorities.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2001, 77th Leg., R.S., ch. 1420 (HB 2812) § 8.403 (revised subsection (c)).)

Sec. 40.004. JURISDICTION OF COMMISSION.

Except as specifically otherwise provided in this chapter, the commission has jurisdiction over municipally owned utilities only for the following purposes:

- (1) to regulate wholesale transmission rates and service, including terms of access, to the extent provided by Subchapter A, Chapter 35;
- (2) to regulate certification of retail service areas to the extent provided by Chapter 37;
- (3) to regulate rates on appeal under Subchapters D and E, Chapter 33, subject to Section 40.051(c);
- (4) to establish a code of conduct as provided by Section 39.157(e) applicable to anticompetitive activities and to affiliate activities limited to structurally unbundled affiliates of municipally owned utilities, subject to Section 40.054;
- (5) to establish terms and conditions for open access to transmission and distribution facilities for municipally owned utilities providing customer choice, as provided by Section 39.203;
- (6) to require collection of the nonbypassable fee established under Section 39.903(b) and to administer the renewable energy credits program under Section 39.904(b) and the natural gas energy credits program under Section 39.9044(b); and
- (7) to require reports of municipally owned utility operations only to the extent necessary to:
 - (A) enable the commission to determine the aggregate load and energy requirements of the state and the resources available to serve that load; or
 - (B) enable the commission to determine information relating to market power as provided by Section 39.155.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER B. MUNICIPALLY OWNED UTILITY CHOICE

Sec. 40.051. GOVERNING BODY DECISION.

(a) The municipal governing body or a body vested with the power to manage and operate a municipally owned utility has the discretion to decide when or if the municipally owned utility will provide customer choice.

(b) Municipally owned utilities may choose to participate in customer choice at any time on or after January 1, 2002, by adoption of an appropriate resolution of the municipal governing body or a body vested with power to manage and operate the municipally owned utility. The decision to participate in customer choice by the adoption of a resolution is irrevocable.

(c) After a decision to offer customer choice has been made, Subchapters D and E, Chapter 33, do not apply to any action taken under this chapter.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.052. UTILITY NOT OFFERING CUSTOMER CHOICE.

(a) A municipally owned utility that has not chosen to participate in customer choice may not offer electric energy at unregulated prices directly to retail customers outside its certificated retail service area.

(b) A municipally owned utility under Subsection (a) retains the right to offer and provide a full range of customer service and pricing programs to the customers within its certificated area and to purchase and sell electric energy at wholesale without geographic restriction.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.053. RETAIL CUSTOMER'S RIGHT OF CHOICE.

(a) If a municipally owned utility chooses to participate in customer choice, after that choice all retail customers served by the municipally owned utility within the certificated retail service area of the municipally owned utility shall have the right of customer choice consistent with the provisions of this chapter, and the municipally owned utility shall provide open access for retail service.

(b) Notwithstanding Section 39.107, the metering function may not be deemed a competitive service for customers of the municipally owned utility within that service area and may, at the option of the municipally owned utility, continue to be offered by the municipally owned utility as sole provider.

(c) On its initiation of customer choice, a municipally owned utility shall designate itself or another entity as the provider of last resort for customers within the municipally owned utility's certificated service area as that area existed on the date of the utility's initiation of customer choice. The municipally owned utility shall fulfill the role of default provider of last resort in the event no other entity is available to act in that capacity.

(d) If a customer is unable to obtain service from a retail electric provider, on request by the customer, the provider of last resort shall offer the customer the standard retail service package for the appropriate customer class, with no interruption of service, at a fixed, nondiscountable rate that is at least sufficient to cover the reasonable costs of providing that service, as approved by the governing body of the municipally owned utility that has the authority to set rates.

(e) The governing body of a municipally owned utility may establish the procedures and criteria for designating the provider of last resort and may redesignate the provider of last resort according to a schedule it considers appropriate.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.054. SERVICE OUTSIDE AREA.

(a) A municipally owned utility participating in customer choice shall have the right to offer electric energy and related services at unregulated prices directly to retail customers who have customer choice without regard to geographic location.

(b) In providing service under Subsection (a) to retail customers outside its certificated retail service area as that area exists on the date of adoption of customer choice, a municipally owned utility is subject to the commission's rules establishing a code of conduct regulating anticompetitive practices.

(c) For municipally owned utilities participating in customer choice, the commission shall have jurisdiction to establish terms and conditions, but not rates, for access by other retail electric providers to the municipally owned utility's distribution facilities.

(d) Accommodation shall be made in the commission's terms and conditions for access and in the code of conduct for specific legal requirements imposed by state or federal law applicable to municipally owned utilities.

(e) The commission does not have jurisdiction to require unbundling of services or functions of, or to regulate the recovery of stranded investment of, a municipally owned utility or, except as provided by this

section, jurisdiction with respect to the rates, terms, and conditions of service for retail customers of a municipally owned utility within the utility's certificated service area.

(f) A municipally owned utility shall maintain separate books and records of its operations from those of the operations of any affiliate.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.055. JURISDICTION OF MUNICIPAL GOVERNING BODY.

(a) The municipal governing body or a body vested with the power to manage and operate a municipally owned utility has exclusive jurisdiction to:

(1) set all terms of access, conditions, and rates applicable to services provided by the municipally owned utility, subject to Sections 40.054 and 40.056, including nondiscriminatory and comparable rates for distribution but excluding wholesale transmission rates, terms of access, and conditions for wholesale transmission service set by the commission under this subtitle, provided that the rates for distribution access established by the municipal governing body shall be comparable to the distribution access rates that apply to the municipally owned utility and the municipally owned utility's affiliates;

(2) determine whether to unbundle any energy-related activities and, if the municipally owned utility chooses to unbundle, whether to do so structurally or functionally;

(3) reasonably determine the amount of the municipally owned utility's stranded investment;

(4) establish nondiscriminatory transition charges reasonably designed to recover the stranded investment over an appropriate period of time, provided that recovery of retail stranded costs shall be from all existing or future retail customers, including the facilities, premises, and loads of those retail customers, within the utility's geographical certificated service area as it existed on May 1, 1999;

(5) determine the extent to which the municipally owned utility will provide various customer services at the distribution level, including other services that the municipally owned utility is legally authorized to provide, or will accept the services from other providers;

(6) manage and operate the municipality's electric utility systems, including exercise of control over resource acquisition and any related expansion programs;

(7) establish and enforce service quality and reliability standards and consumer safeguards designed to protect retail electric customers, including safeguards that will accomplish the objectives of Sections 39.101(a) and (b), consistent with this chapter;

(8) determine whether a base rate reduction is appropriate for the municipally owned utility;

(9) determine any other utility matters that the municipal governing body or body vested with power to manage and operate the municipally owned utility believes should be included;

(10) make any other decisions affecting the municipally owned utility's participation in customer choice that are not inconsistent with this chapter; and

(11) determine the extent to which the municipally owned utility offers energy efficiency programs and how the programs are administered by the utility, except as provided by Section 39.9051(e).

(b) In multiply certificated areas, a retail customer, including a retail customer of an electric cooperative or a municipally owned utility, may not avoid stranded cost recovery charges by switching to another electric utility, electric cooperative, or municipally owned utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2007, 80th Leg., R.S., ch. __ (HB 3693) § 27.)

Sec. 40.056. ANTICOMPETITIVE ACTIONS.

(a) If, on complaint by a retail electric provider, the commission finds that a municipal rule, action, or order relating to customer choice is anticompetitive or does not provide other retail electric providers with nondiscriminatory terms and conditions of access to distribution facilities or customers within the municipally owned utility's certificated retail service area that are comparable to the municipally owned utility's and its affiliates' terms and conditions of access to distribution facilities or customers, the commission shall notify the municipally owned utility.

(b) The municipally owned utility shall have three months to cure the anticompetitive or noncompliant behavior described in Subsection (a), following opportunity for hearing on the complaint. If the rule, action, or order is not fully remedied within that time, the commission may prohibit the municipally owned utility or affiliate from providing retail service outside its certificated retail service area until the rule, action, or order is remedied.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.057. BILLING.

(a) A municipally owned utility that opts for customer choice may continue to bill directly electric customers located in its certificated retail service area, as that area exists on the date of adoption of customer choice, for all transmission and distribution services. The municipally owned utility may also bill directly for generation services and customer services provided by the municipally owned utility to those customers.

(b) A municipally owned utility that opts for customer choice may not adopt anticompetitive billing practices that would discourage customers in its service area from choosing a retail electric provider.

(c) A customer that is being provided wires service by a municipally owned utility at distribution or transmission voltage and that is served by a retail electric provider for retail service has the option of being billed directly by each service provider or to receive a single bill for distribution, transmission, and generation services from the municipally owned utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.058. TARIFFS FOR OPEN ACCESS.

A municipally owned utility that owns or operates transmission and distribution facilities shall file with the commission tariffs implementing the open access rules established by the commission under Section 39.203 and shall file with the commission the rates for open access on distribution facilities as set by the municipal regulatory authority, before the 90th day preceding the date the utility offers customer choice. The commission does not have authority to determine the rates for distribution access service for a municipally owned utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.059. MUNICIPAL POWER AGENCY; RECOVERY OF STRANDED COSTS.

(a) In this section, "member city" means a municipality that participated in the creation of a municipal power agency formed under Chapter 163 by the adoption of a concurrent resolution by the municipality on or before August 1, 1975.

(b) After a member city adopts a resolution choosing to participate in customer choice under Section 40.051(b), a member city may include stranded costs described in Subsection (c) in its distribution costs and may recover those costs through a nonbypassable charge. The nonbypassable charge shall be as determined by the member city's governing body and may be spread over 16 years.

(c) The stranded costs that may be recovered under this section are those costs that were determined by the commission and stated in the commission's April 1998 Report to the Texas Senate Interim Committee on Electric Utility Restructuring entitled "Potentially Strandable Investment (ECOM) Report: 1998 Update" and specifically stated in the report at Appendix A (ECOM Estimates Including the Effects of Transition Plans) under the commission base case benchmark base market price for the year 2002.

(d) The stranded cost amounts described in this section may not be included in the generation costs used in setting rates by the member city's governing body.

(e) The provisions of this section are cumulative of all other provisions of this chapter, and nothing in this section shall be construed to limit or restrict the application of any provision of this chapter to the member cities.

(f) The municipal power agency shall extinguish the agency's indebtedness by sale of the electric facility to one or more purchasers, by way of a sale through the issuance of taxable or tax-exempt debt to the member cities, or by any other method. The agency shall set as an objective the extinguishment of the agency's debt by September 1, 2000. In the event this objective is not met, the agency shall provide detailed reasons to the electric utility restructuring legislative oversight committee by November 1, 2000, why the agency was not able to meet this objective.

(g) The municipal power agency or its successor in interest may, at its option, use the rate of return method for calculating its transmission cost of service. If the rate of return method is used, the return component for the transmission cost of service revenue requirement shall be sufficient to meet the transmission function's pro rata share of levelized debt service and debt service coverage ratio (1.50) and other annual debt obligations; provided, however, that the total levelized debt service may not exceed the total debt service under the current payment schedule. Any additional revenue generated by the methodology described in this subsection shall be applied to reduce the agency's outstanding indebtedness.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.060. NO POWER TO AMEND CERTIFICATES.

Nothing in this chapter empowers a municipal governing body or a body vested with the power to manage and operate a municipally owned utility to issue, amend, or rescind a certificate of public convenience and necessity granted by the commission. This subsection does not affect the ability of a municipal governing body or a body vested with the power to manage and operate the municipally owned utility to pass a resolution under Section 40.051(b).

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER C. RIGHTS NOT AFFECTED

Sec. 40.101. INTERFERENCE WITH CONTRACT.

(a) This subtitle may not interfere with or abrogate the rights or obligations of parties, including a retail or wholesale customer, to a contract with a municipally owned utility or river authority.

(b) This subtitle may not interfere with or abrogate the rights or obligations of a party under a contract or agreement concerning certificated utility service areas.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.102. ACCESS TO WHOLESALE MARKET.

Nothing in this subtitle shall limit the access of municipally owned utilities to the wholesale electric market.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.103. PROTECTION OF BONDHOLDERS.

Nothing in this subtitle or any rule adopted under this subtitle shall impair contracts, covenants, or obligations between this state, river authorities, municipalities, and the bondholders of revenue bonds issued by the river authorities or municipalities.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 40.104. TAX-EXEMPT STATUS.

Nothing in this subtitle may impair the tax-exempt status of municipalities, electric cooperatives, or river authorities, nor shall anything in this subtitle compel any municipality, electric cooperative, or river authority to use its facilities in a manner that violates any contractual provisions, bond covenants, or other restrictions applicable to facilities financed by tax-exempt debt. Notwithstanding any other provision of law, the decision to participate in customer choice by the adoption of a resolution in accordance with Section 40.051(b) is irrevocable.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

CHAPTER 41. ELECTRIC COOPERATIVES AND COMPETITION

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 41.001. APPLICABLE LAW.

Notwithstanding any other provision of law, except Sections 39.155, 39.157(e), 39.203, 39.903, and 39.904, this chapter governs the transition to and the establishment of a fully competitive electric power industry for electric cooperatives. Regarding the regulation of electric cooperatives, this chapter shall control over any other provision of this title, except for sections in which the term "electric cooperative" is specifically used.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.002. DEFINITIONS.

In this chapter:

(1) "Board of directors" means the board of directors of an electric cooperative as described in Section 161.071.

(2) "Rate" includes any compensation, tariff, charge, fare, toll, rental, or classification that is directly or indirectly demanded, observed, charged, or collected by an electric cooperative for any service, product, or commodity and any rule, practice, or contract affecting the compensation, tariff, charge, fare, toll, rental, or classification.

(3) "Stranded investment" means:

(A) the excess, if any, of the net book value of generation assets over the market value of the generation assets; and

(B) any above market purchased power costs.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.003. SECURITIZATION.

(a) Electric cooperatives may adopt and use securitization provisions having the effect of the provisions provided by Subchapter G, Chapter 39, to recover through rates stranded costs at a recovery level deemed appropriate by the board of directors up to 100 percent, under rules and procedures that shall be established by the commission.

(b) The rules and procedures for securitization established under Subsection (a) shall include rules and procedures for the recovery of stranded costs under the terms of a rate order adopted by the board of directors of the electric cooperative, which rate order shall have the effect of a financing order.

(c) The rules and procedures established by the commission under Subsection (b) shall include rules and procedures for the issuance of transition bonds issued in a securitized financing transaction. The issuance of any transition bonds issued in a securitized financing transaction by an electric cooperative is expressly authorized and shall be governed by the laws governing the issuance of bonds or other obligations by the electric cooperative. Findings made by the board of directors of an electric cooperative in a rate order issued under the rules and procedures described by this subsection shall be conclusive, and any transition charges incorporated in the rate order to recover the principal, interest, and all reasonable expenses associated with any securitized financing transaction shall constitute property rights, as described in Subchapter G, Chapter 39, and shall otherwise conform in all material respects to the transition charges provided by Subchapter G, Chapter 39.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.004. JURISDICTION OF COMMISSION.

Except as specifically provided otherwise in this chapter, the commission has jurisdiction over electric cooperatives only as follows:

- (1) to regulate wholesale transmission rates and service, including terms of access, to the extent provided in Subchapter A, Chapter 35;
- (2) to regulate certification to the extent provided in Chapter 37;
- (3) to establish a code of conduct as provided in Section 39.157(e) subject to Section 41.054;
- (4) to establish terms and conditions, but not rates, for open access to distribution facilities for electric cooperatives providing customer choice, as provided in Section 39.203; and
- (5) to require reports of electric cooperative operations only to the extent necessary to:
 - (A) ensure the public safety;
 - (B) enable the commission to satisfy its responsibilities relating to electric cooperatives under this chapter;
 - (C) enable the commission to determine the aggregate electric load and energy requirements in the state and the resources available to serve that load; or
 - (D) enable the commission to determine information relating to market power as provided in Section 39.155.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.005. LIMITATION ON MUNICIPAL AUTHORITY.

Notwithstanding any other provision of this title, a municipality may not directly or indirectly regulate the rates, operations, and services of an electric cooperative, except, with respect to operations, to the extent necessary to protect the public health, safety, or welfare. This section does not prohibit a municipality from making a lawful charge for the use of public rights-of-way within the municipality as provided by Section 182.025, Tax Code, and Section 33.008. An electric cooperative shall be an electric utility for purposes of Section 182.025, Tax Code, and Section 33.008.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

SUBCHAPTER B. ELECTRIC COOPERATIVE UTILITY CHOICE

Sec. 41.051. BOARD DECISION.

(a) The board of directors has the discretion to decide when or if the electric cooperative will provide customer choice.

(b) Electric cooperatives that choose to participate in customer choice may do so at any time on or after January 1, 2002, by adoption of an appropriate resolution of the board of directors. The decision to participate in customer choice by the adoption of a resolution may be revoked only if no customer has opted for choice within four years of the resolution's adoption. An electric cooperative may initiate a customer choice pilot project at any time.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.052. ELECTRIC COOPERATIVES NOT OFFERING CUSTOMER CHOICE.

(a) An electric cooperative that chooses not to participate in customer choice may not offer electric energy at unregulated prices directly to retail customers outside its certificated retail service area.

(b) An electric cooperative under Subsection (a) retains the right to offer and provide a full range of customer service and pricing programs to the customers within its certificated retail service area and to purchase and sell electric energy at wholesale without geographic restriction.

(c) A generation and transmission electric cooperative may offer electric energy at unregulated prices directly to retail customers outside of its parent electric cooperatives' certificated service areas only if a majority of the parent electric cooperatives of the generation and transmission electric cooperative have chosen to offer customer choice.

(d) A subsidiary of an electric cooperative may not provide electric energy at unregulated prices outside of its parent electric cooperative's certificated retail service area unless the electric cooperative offers customer choice inside its certificated retail service area.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.053. RETAIL CUSTOMER RIGHT OF CHOICE.

(a) If an electric cooperative chooses to participate in customer choice, after that choice, all retail customers within the certificated service area of the electric cooperative shall have the right of customer choice, and the electric cooperative shall provide nondiscriminatory open access for retail service.

(b) Notwithstanding Section 39.107, the metering function may not be deemed a competitive service for customers of the electric cooperative within that service area and may, at the option of the electric cooperative, continue to be offered by the electric cooperative as sole provider.

(c) On its initiation of customer choice, an electric cooperative shall designate itself or another entity as the provider of last resort for retail customers within the electric cooperative's certificated service area and shall fulfill the role of default provider of last resort in the event no other entity is available to act in that capacity.

(d) If a retail electric provider fails to serve a customer described in Subsection (c), on request by the customer, the provider of last resort shall offer the customer the standard retail service package for the appropriate customer class, with no interruption of service, at a fixed, nondiscountable rate that is at least sufficient to cover the reasonable costs of providing that service, as approved by the board of directors.

(e) The board of directors may establish the procedures and criteria for designating the provider of last resort and may redesignate the provider of last resort according to a schedule it considers appropriate.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.054. SERVICE OUTSIDE CERTIFICATED AREA.

(a) Notwithstanding any provisions of Chapter 161:

(1) an electric cooperative participating in customer choice shall have the right to offer electric energy and related services at unregulated prices directly to retail customers who have customer choice without regard to geographic location; and

(2) any person, without restriction, except as may be provided in the electric cooperative's articles of incorporation and bylaws, may be a member of an electric cooperative.

(b) In providing service under Subsection (a) to retail customers outside its certificated service area as that area exists on the date of adoption of customer choice, an electric cooperative becomes subject to

commission jurisdiction as to the commission's rules establishing a code of conduct regulating anticompetitive practices under Section 39.157(e), except to the extent those rules conflict with this chapter.

(c) For electric cooperatives participating in customer choice, the commission shall have jurisdiction to establish terms and conditions, but not rates, for access by other electric providers to the electric cooperative's distribution facilities.

(d) Notwithstanding Subsections (b) and (c), the commission shall make accommodation in the code of conduct for specific legal requirements imposed by state or federal law applicable to electric cooperatives. The commission shall accommodate the organizational structures of electric cooperatives and may not prohibit an electric cooperative and any related entity from sharing officers, directors, or employees.

(e) The commission does not have jurisdiction to require the unbundling of services or functions of, or to regulate the recovery of stranded investment of, an electric cooperative or, except as provided by this section, jurisdiction with respect to the rates, terms, and conditions of service for retail customers of an electric cooperative within the electric cooperative's certificated service area.

(f) An electric cooperative shall maintain separate books and records of its operations and the operations of any subsidiary and shall ensure that the rates charged for provision of electric service do not include any costs of its subsidiary or any other costs not related to the provision of electric service.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.055. JURISDICTION OF BOARD OF DIRECTORS.

A board of directors has exclusive jurisdiction to:

(1) set all terms of access, conditions, and rates applicable to services provided by the electric cooperative, except as provided by Sections 41.054 and 41.056, including nondiscriminatory and comparable rates for distribution but excluding wholesale transmission rates, terms of access, and conditions for wholesale transmission service set by the commission under Subchapter A, Chapter 35, provided that the rates for distribution established by the electric cooperative shall be comparable to the distribution rates that apply to the electric cooperative and its subsidiaries;

(2) determine whether to unbundle any energy-related activities and, if the board of directors chooses to unbundle, whether to do so structurally or functionally;

(3) reasonably determine the amount of the electric cooperative's stranded investment;

(4) establish nondiscriminatory transition charges reasonably designed to recover the stranded investment over an appropriate period of time;

(5) determine the extent to which the electric cooperative will provide various customer services, including nonelectric services, or accept the services from other providers;

(6) manage and operate the electric cooperative's utility systems, including exercise of control over resource acquisition and any related expansion programs;

(7) establish and enforce service quality standards, reliability standards, and consumer safeguards designed to protect retail electric customers;

(8) determine whether a base rate reduction is appropriate for the electric cooperative;

(9) determine any other utility matters that the board of directors believes should be included;

(10) sell electric energy and capacity at wholesale, regardless of whether the electric cooperative participates in customer choice;

(11) determine the extent to which the electric cooperative offers energy efficiency programs and how the programs are administered by the electric cooperative; and

(12) make any other decisions affecting the electric cooperative's method of conducting business that are not inconsistent with the provisions of this chapter.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Amended by Acts 2007, 80th Leg., R.S., ch. ___ (HB 3693) § 28.)

Sec. 41.056. ANTICOMPETITIVE ACTIONS.

(a) If, after notice and hearing, the commission finds that an electric cooperative providing customer choice has engaged in anticompetitive behavior by not providing other retail electric providers with nondiscriminatory terms and conditions of access to distribution facilities or customers within the electric cooperative's certificated service area that are comparable to the electric cooperative's and its subsidiaries' terms and conditions of access to distribution facilities or customers, the commission shall notify the electric cooperative.

(b) The electric cooperative shall have three months to cure the anticompetitive or noncompliant behavior described in Subsection (a). If the behavior is not fully remedied within that time, the commission may prohibit the electric cooperative or its subsidiary from providing retail service outside its certificated retail service area until the behavior is remedied.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.057. BILLING.

(a) An electric cooperative that opts for customer choice may continue to bill directly electric customers located in its certificated service area for all transmission and distribution services. The electric cooperative may also bill directly for generation and customer services provided by the electric cooperative or its subsidiaries to those customers.

(b) A customer served by an electric cooperative for transmission and distribution services and by a retail electric provider for retail service has the option of being billed directly by each service provider or receiving a single bill for distribution, transmission, and generation services from the electric cooperative.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.058. TARIFFS FOR OPEN ACCESS.

An electric cooperative that owns or operates transmission and distribution facilities shall file tariffs implementing the open access rules established by the commission under Section 39.203 with the appropriate regulatory authorities having jurisdiction over the transmission and distribution service of the electric cooperative before the 90th day preceding the date the electric cooperative offers customer choice.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.059. NO POWER TO AMEND CERTIFICATES.

Nothing in this chapter empowers a board of directors to issue, amend, or rescind a certificate of public convenience and necessity granted by the commission.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.060. CUSTOMER SERVICE INFORMATION.

(a) The commission shall keep information submitted by customers and retail electric providers pertaining to the provision of electric service by electric cooperatives.

(b) The commission shall notify the appropriate electric cooperative of information submitted by a customer or retail electric provider, and the electric cooperative shall respond to the customer or retail electric provider. The electric cooperative shall notify the commission of its response.

(c) The commission shall prepare a report for the Sunset Advisory Commission that includes information submitted and responses by electric cooperatives in accordance with the Sunset Advisory Commission's schedule for reviewing the commission.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.061. RETAIL RATE CHANGES BY ELECTRIC COOPERATIVES.

(a) This section shall apply to retail rates of an electric cooperative that has not adopted customer choice and to the retail delivery rates of an electric cooperative that has adopted customer choice. This section may not apply to rates for:

- (1) sales of electric energy by an electric cooperative that has adopted customer choice; or
- (2) wholesale sales of electric energy.

(b) An electric cooperative may change its rates by:

- (1) adopting a resolution approving the proposed change;
- (2) mailing notice of the proposed change to each affected customer whose rate would be increased by the proposed change at least 30 days before implementation of the proposed change, which notice may be included in a monthly billing; and
- (3) holding a meeting to discuss the proposed rate changes with affected customers, if any change is expected to increase total system annual revenues by more than \$100,000 or one percent, whichever is greater.

(c) An electric cooperative may implement the proposed rates on completion of the requirements under Subsection (b), and those rates shall remain in effect until changed by the electric cooperative as provided by this section or, for rates other than retail delivery rates, until this section is no longer applicable because the electric cooperative adopts customer choice.

(d) The electric cooperative may reconsider a rate change at any time and adjust the rate by board resolution without additional notice or meeting of customers if the rate as adjusted is not expected to increase the revenues from a customer class. However, if notice is given to a customer class that would receive an increase as a result of the adjustment, then the rates for the customer class may be increased without additional meeting of the customers. A customer may petition to appeal within the time provided in Subsection (f).

(e) Retail rates set by an electric cooperative that has not adopted customer choice and retail delivery rates set by an electric cooperative that has adopted customer choice shall be just and reasonable, not unreasonably preferential, prejudicial, or discriminatory; provided, however, if the customer agrees, an electric cooperative may charge a market-based rate to customers who have energy supply options if rates are not increased for other customers as a result.

(f) A customer of the electric cooperative who is adversely affected by a rate setting resolution of the electric cooperative is entitled to judicial review. A person initiates judicial review by filing a petition in the district court of Travis County not later than the 90th day after the resolution is implemented.

(g) The resolution of the electric cooperative setting rates, as it may have been amended as described in Subsection (d), shall be presumed valid, and the burden of showing that the resolution is invalid rests on

the persons challenging the resolution. A court reviewing a change of a rate or rates by an electric cooperative may consider any relevant factor including the cost of providing service.

(h) If the court finds that the electric cooperative's resolution setting rates violates the standards contained in Subsection (e), or that the electric cooperative's rate violates Subsection (e), the court shall enter an order:

(1) stating the specific basis for its determination that the rates set in the electric cooperative's resolution violate Subsection (e); and

(2) directing the electric cooperative to:

(A) set, within 60 days, revised retail rates that do not violate the standards of Subsection (e); and

(B) refund or credit against future bills, at the electric cooperative's option, revenues collected under the rate found to violate the standards of Subsection (e) that exceed the revenues that would have been collected under the revised rates. The refund or credit shall be made over a period of not more than 12 months, as determined by the court.

(i) The court may not enter an order delaying or prohibiting implementation of a rate change or set revised rates either for the period the challenged resolution was in effect or prospectively.

(j) A person having obtained an order of the court requiring an electric cooperative to set revised retail rates pursuant to Subsection (h)(2)(A) may, once the order is no longer subject to appeal, initiate an original proceeding in the district court of Travis County either to:

(1) seek enforcement of the court's order by writ of mandamus if the electric cooperative has failed to adopt a resolution approving revised rates within the time prescribed; or

(2) seek judicial review of the electric cooperative's most current resolution setting rates as provided in this section, if the electric cooperative has set revised rates pursuant to the order of the court within the time prescribed. In the event of such enforcement proceeding or judicial review the court may, in addition to the other remedies provided for in this section, award reasonable costs, including reasonable attorney's fees, to the party prevailing on the case as a whole. Additionally, if the court finds that either party has acted in bad faith solely for the purpose of perpetuating the rate dispute between the parties, the court may impose sanctions on the offending party in accordance with the provisions of Subsections (b), (c), and (e), Section 10.004, Civil Practice and Remedies Code.

(k) An electric cooperative that has not adopted customer choice and that has not changed each of its nonresidential rates since January 1, 1999, shall, on or before May 1, 2002, adopt a resolution setting rates. The resolution shall be subject to judicial review as provided in this section whether or not any rate is changed. In the event the electric cooperative fails to adopt a resolution setting rates pursuant to this subsection, a customer may petition for judicial review of the electric cooperative's rates. A person initiates judicial review by filing a petition in the district court of Travis County not later than November 1, 2002.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.062. ALLOCATION OF STRANDED INVESTMENT.

Any competition transition charge shall be allocated among retail customer classes based on the relevant customer class characteristics as of the end of the electric cooperative's most recent fiscal year before implementation of customer choice, in accordance with the methodology used to allocate the costs of the underlying assets or expenses in the electric cooperative's most recent cost of service study certified by a professional engineer or certified public accountant or approved by the commission. In multiply

certificated areas, a retail customer may not avoid stranded cost recovery charges by switching to another electric cooperative, an electric utility, or a municipally owned utility.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.063. RETAIL RATES OF SUCCESSOR ELECTRIC UTILITY TO ELECTRIC COOPERATIVE. [REPEALED]

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.) (Repealed by Acts 2003, 78th Leg., R.S., ch. 1327 (SB 1280) § 3.)

SUBCHAPTER C. RIGHTS NOT AFFECTED

Sec. 41.101. INTERFERENCE WITH CONTRACT.

(a) This subtitle may not interfere with or abrogate the rights or obligations of parties, including a retail or wholesale customer, to a contract with an electric cooperative or its subsidiary.

(b) No provision of this subtitle may interfere with or be deemed to abrogate the rights or obligations of a party under a contract or an agreement concerning certificated service areas.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.102. ACCESS TO WHOLESALE MARKET.

Nothing in this subtitle shall limit the access of an electric cooperative or its subsidiary, either on its own behalf or on behalf of its customers, to the wholesale electric market.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.103. PROTECTION OF BONDHOLDERS.

Nothing in this subtitle or any rule adopted under this subtitle shall impair contracts, covenants, or obligations between an electric cooperative and its lenders and holders of bonds issued on behalf of or by the electric cooperative.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

Sec. 41.104. TAX-EXEMPT STATUS.

Nothing in this subtitle may impair the tax-exempt status of electric cooperatives, nor shall anything in this subtitle compel any electric cooperative to use its facilities in a manner that violates any contractual provisions, bond covenants, or other restrictions applicable to facilities financed by tax-exempt or federally insured or guaranteed debt.

(Added by Acts 1999, 76th Leg., R.S., ch. 405 (SB 7) § 39.)

**SUBCHAPTER 43. USE OF ELECTRIC DELIVERY SYSTEM FOR ACCESS TO
BROADBAND AND OTHER ENHANCED SERVICES, INCLUDING
COMMUNICATIONS**

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 43.001. LEGISLATIVE FINDINGS.

(a) The legislature finds that broadband over power lines, also known as BPL, is an emerging technology platform that offers a means of providing broadband services to reach homes and businesses. BPL services can also be used to enhance existing electric delivery systems, which can result in improved service and reliability for electric customers.

(b) The legislature finds that access to quality, high speed broadband services is important to this state. BPL deployment in Texas has the potential to extend broadband service to customers where broadband access is currently not available and may provide an additional option for existing broadband consumers in Texas, resulting in a more competitive market for broadband services. The legislature further finds that BPL development in Texas is fully dependent upon the participation of electric utilities in this state that own and operate power lines and related facilities that are necessary for the construction of BPL systems and the provision of BPL services.

(c) Consistent with the goal of increasing options for telecommunications in this state, the legislature finds that it is in the public interest to encourage the deployment of BPL by permitting affiliates of the electric utility, or permitting unaffiliated entities, to own or operate all or a portion of such BPL systems. The purpose of this chapter is to provide the appropriate framework to support the deployment of BPL.

(d) The legislature finds that an electric utility may choose to implement BPL under the procedures set forth in this chapter, but is not required to do so. The electric utility shall have the right to decide, in its sole discretion, whether to implement BPL and may not be penalized for deciding to implement or not to implement BPL.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

Sec. 43.002. APPLICABILITY.

(a) This chapter applies to an electric utility whether or not the electric utility is offering customer choice under Chapter 39.

(b) If there is a conflict between the specific provisions of this chapter and any other provisions of this title, the provisions of this chapter control.

(c) No provision of this title shall impose an obligation on an electric utility to implement BPL, to provide broadband services, or to allow others to install BPL facilities or use the electric utility's facilities for the provision of broadband services.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

Sec. 43.003. DEFINITIONS.

In this chapter:

(1) "BPL," "broadband over power lines," and "BPL services" mean the provision of broadband services over electric power lines and related facilities, whether above ground or in underground conduit.

(2) "BPL access" means the ability to access broadband services via a BPL operator or BPL Internet service provider.

(3) "BPL operator" means an entity that owns or operates a BPL system on the electric power lines and related facilities of an electric utility.

(4) "BPL Internet service provider" and "BPL ISP" mean an entity that provides Internet services to others on a wholesale basis or to end-use customers on a retail basis.

(5) "BPL system" means the materials, equipment, and other facilities installed on electric utility property to facilitate the provision of BPL services.

(6) "BPL electric utility applications" means services and technologies that are used and useful and designed to improve the operational performance and service reliability of an electric utility including, but not limited to, automated meter reading, real time system monitoring and meter control, remote service control, outage detection and restoration, predictive maintenance and diagnostics, and monitoring and enhancement of power quality.

(7) "Electric delivery system" means the power lines and related transmission and distribution facilities used by an electric utility to deliver electric energy.

(8) "Electric utility" shall include an electric utility and a transmission and distribution utility as defined in Section 31.002(6) or (19).

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

SUBCHAPTER B. DEVELOPMENT OF BPL SYSTEMS

Sec. 43.051. AUTHORIZATION FOR BPL SYSTEM.

An affiliate of an electric utility or a person unaffiliated with an electric utility may own, construct, maintain, and operate a BPL system and provide BPL services on an electric utility's electric delivery system consistent with the requirements of this chapter. Nothing in this chapter shall prohibit an entity defined in Section 11.003(9) from providing BPL service or owning and operating a BPL system. Nothing in this chapter shall prohibit an electric utility from providing construction or maintenance services to a BPL operator or BPL ISP provided that the costs of these services are properly accounted for between the electric utility and the BPL operator or BPL ISP.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

Sec. 43.052. OWNERSHIP AND OPERATION OF BPL SYSTEM.

(a) An electric utility may elect to:

- (1) allow an affiliate to own or operate a BPL system on the utility's electric delivery system;
- (2) allow an unaffiliated entity to own or operate a BPL system on the electric utility's electric delivery system; or
- (3) allow an affiliate or unaffiliated entity to provide Internet service over a BPL system.

(b) The BPL operator and the electric utility shall determine what BPL Internet service providers may have access to broadband capacity on the BPL system.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

Sec. 43.053. FEES AND CHARGES.

(a) An electric utility that allows an affiliate or an unaffiliated entity to own a BPL system on the electric utility's electric delivery system shall charge the owner of the BPL system for the use of the electric utility's electric delivery system.

(b) An electric utility may pay a BPL owner, a BPL operator, or a BPL ISP for the use of the BPL system required to operate BPL utility applications.

(c) If all or part of a BPL system is installed on poles or other structures of a telecommunications utility as that term is defined in Section 51.002, the owner of the BPL system shall be required to pay the telecommunications utility an annual fee consistent with the usual and customary charges for access to the space occupied by that portion of the BPL system so installed.

(d) Notwithstanding Subsections (a)-(c):

(1) an electric utility may not charge an affiliate under this section an amount less than the electric utility would charge an unaffiliated entity for the same item or class of items;

(2) an electric utility may not pay an affiliate under this section an amount more than the affiliate would charge an unaffiliated entity for the same item or class of items; and

(3) an electric utility or an affiliate of an electric utility may not discriminate against a retail electric provider that is not affiliated with the utility in the terms or availability of BPL services.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

Sec. 43.054. NO ADDITIONAL EASEMENTS OR CONSIDERATION REQUIRED.

Because BPL systems provide benefits to electric delivery systems, the installation of a BPL system on an electric delivery system shall not require the electric utility or the owner of the BPL system or an entity defined in Section 11.003(9) to obtain or expand easements or other rights-of-way for the BPL system or to give additional consideration as a result of the installation or the operation of a BPL system. For purposes of this section, installation of a BPL system shall be deemed to be consistent with installation of an electric delivery system.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

Sec. 43.055. RELIABILITY OF ELECTRIC SYSTEMS MAINTAINED.

An electric utility that allows the installation and operation of a BPL system on its electric delivery system shall employ all reasonable measures to ensure that the operation of the BPL system does not interfere with or diminish the reliability of the utility's electric delivery system. Should a disruption in the provision of electric service occur, the electric utility shall be governed by the terms and conditions of the retail electric delivery service tariff. At all times, the provision of broadband services shall be secondary to the reliable provision of electric delivery services.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

SUBCHAPTER C. IMPLEMENTATION OF BPL SYSTEM BY ELECTRIC UTILITY

Sec. 43.101. PARTICIPATION BY ELECTRIC UTILITY.

(a) An electric utility, through an affiliate or through an unaffiliated entity, may elect to install and operate a BPL system on some or all of its electric delivery system in any part or all of its certificated service area.

(b) The installation, operation, and use of a BPL system and the provision of BPL services shall not be regulated by any state agency, a municipality, or local government other than as provided for in this chapter.

(c) The commission or a state or local government or a regulatory or quasi-governmental or a quasi-regulatory authority may not:

(1) require an electric utility, either through an affiliate or an unaffiliated entity, to install a BPL system on its power lines or offer BPL services in all or any part of the electric utility's certificated service area;

(2) require an electric utility to allow others to install a BPL system on the utility's electric delivery system in any part or all of the electric utility's certificated service area; or

(3) prohibit an electric utility from having an affiliate or unaffiliated entity install a BPL system or offering BPL services in any part or all of the electric utility's certificated service area.

(d) If a municipality or local government is already collecting a charge or fee from the electric utility for the use of the public rights-of-way for the delivery of electricity to retail electric customers, the municipality or local government is prohibited from requiring a franchise or an amendment to a franchise or from requiring a charge, fee, or tax from any entity for use of the public rights-of-way for a BPL system.

(e) The state or a municipality may impose a charge on the provision of BPL services, but the charge may not be greater than the lowest charge that the state or municipality imposes on other providers of broadband services for use of the public rights-of-way in its respective jurisdiction.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

Sec. 43.102. COST RECOVERY FOR DEPLOYMENT OF BPL AND UTILITY APPLICATIONS.

(a) Where an electric utility permits the installation of a BPL system on its electric delivery system under Section 43.052(a), the electric utility's investment in that BPL system to directly support the BPL electric utility applications and other BPL services consumed by the electric utility that are used and useful in providing electric utility service shall be eligible for inclusion in the electric utility's invested capital, and any fees or operating expenses that are reasonable and necessary shall be eligible for inclusion as operating expenses for purposes of any proceeding under Chapter 36. The invested capital and expenses described in this section must be allocated to the customer classes directly receiving the services.

(b) In any proceeding under Chapter 36, just and reasonable charges for the use of the electric utility's electric delivery system by a BPL owner or operator shall be limited to the usual and customary pole attachment charges paid to the electric utility for comparable space by cable television operators.

(c) The revenues of an affiliated BPL operator or an affiliated BPL ISP shall not be deemed the revenues of an electric utility for purposes of setting rates under Chapter 36.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

SUBCHAPTER D. MISCELLANEOUS PROVISIONS

Sec. 43.151. AFFILIATES OF ELECTRIC UTILITY.

(a) Subject to the limitations of this chapter, an electric utility may have a full or partial ownership interest in a BPL operator or a BPL ISP. Whether a BPL operator or a BPL ISP is an affiliate of the electric utility shall be determined under Section 11.003(2) or Section 11.006.

(b) Neither a BPL operator nor a BPL ISP shall be considered a "competitive affiliate" of an electric utility as that term is defined in Section 39.157.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

Sec. 43.152. COMPLIANCE WITH FEDERAL LAW.

BPL operators shall comply with all applicable federal laws, including those protecting licensed spectrum users from interference by BPL systems. The operator of a radio frequency device shall be required to cease operating the device upon notification by a Federal Communications Commission or Public Utilities Commission representative that the device is causing harmful interference. Operation shall not resume until the condition causing the harmful interference has been corrected.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 2.)

SUBTITLE C. TELECOMMUNICATIONS UTILITIES

CHAPTER 51. GENERAL PROVISIONS

Sec. 51.001. POLICY.

(a) Significant changes have occurred in telecommunications since the law from which this title is derived was originally adopted. To encourage and accelerate the development of a competitive and advanced telecommunications environment and infrastructure, new rules, policies, and principles must be formulated and applied to protect the public interest. Changes in technology and market structure have increased the need for minimum standards of service quality, customer service, and fair business practices to ensure high-quality service to customers and a healthy marketplace where competition is permitted by law. It is the purpose of this subtitle to grant the commission authority to make and enforce rules necessary to protect customers of telecommunications services consistent with the public interest.

(b) It is the policy of this state to:

- (1) promote diversity of telecommunications providers and interconnectivity;
- (2) encourage a fully competitive telecommunications marketplace; and
- (3) maintain a wide availability of high quality, interoperable, standards-based telecommunications services at affordable rates.

(c) The policy goals described by Subsection (b) are best achieved by legislation that modernizes telecommunications regulation by:

- (1) guaranteeing the affordability of basic telephone service in a competitively neutral manner; and
- (2) fostering free market competition in the telecommunications industry.

(d) The technological advancements, advanced telecommunications infrastructure, and increased customer choices for telecommunications services generated by a truly competitive market play a critical role in Texas' economic future by raising living standards for Texans through:

- (1) enhanced economic development; and
- (2) improved delivery of education, health, and other public and private services.

(e) The strength of competitive forces varies widely between markets, products, and services. It is the policy of this state to require the commission to take action necessary to enhance competition by adjusting regulation to match the degree of competition in the marketplace to:

- (1) reduce the cost and burden of regulation; and
- (2) protect markets that are not competitive.

(f) It is the policy of this state to ensure that high quality telecommunications services are available, accessible, and usable by an individual with a disability, unless making the services available, accessible, or usable would:

- (1) result in an undue burden, including unreasonable cost or technical infeasibility; or
- (2) have an adverse competitive effect.

(g) It is the policy of this state to ensure that customers in all regions of this state, including low-income customers and customers in rural and high cost areas, have access to telecommunications and information services, including interexchange services, cable services, wireless services, and advanced telecommunications and information services, that are reasonably comparable to those services provided in

urban areas and that are available at prices that are reasonably comparable to prices charged for similar services in urban areas. Not later than November 1, 1999, the commission shall begin a review and evaluation of the availability and the pricing of telecommunications and information services, including interexchange services, cable services, wireless services, and advanced telecommunications and information services, in rural and high cost areas, as well as the convergence of telecommunications services. The commission shall file a report with the legislature not later than January 1, 2001. The report must include the commission's recommendations on the issues reviewed and evaluated.

(V.A.C.S. Art. 1446c-0, Sec. 3.001.) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 4.)

Sec. 51.002. DEFINITIONS.

In this subtitle:

(1) "Basic local telecommunications service" means:

(A) flat rate residential and business local exchange telephone service, including primary directory listings;

(B) tone dialing service;

(C) access to operator services;

(D) access to directory assistance services;

(E) access to 911 service provided by a local authority or dual party relay service;

(F) the ability to report service problems seven days a week;

(G) lifeline and tel-assistance services; and

(H) any other service the commission determines after a hearing is a basic local telecommunications service.

(2) "Dominant carrier" means a provider of a communication service provided wholly or partly over a telephone system who the commission determines has sufficient market power in a telecommunications market to control prices for that service in that market in a manner adverse to the public interest. The term includes a provider who provided local exchange telephone service within a certificated exchange area on September 1, 1995, as to that service and as to any other service for which a competitive alternative is not available in a particular geographic market. In addition, with respect to:

(A) intraLATA long distance message telecommunications service originated by dialing the access code "1-plus," the term includes a provider of local exchange telephone service in a certificated exchange area for whom the use of that access code for the origination of "1-plus" intraLATA calls in the exchange area is exclusive; and

(B) interexchange services, the term does not include an interexchange carrier that is not a certificated local exchange company.

(3) "Incumbent local exchange company" means a local exchange company that has a certificate of convenience and necessity on September 1, 1995.

(4) "Local exchange company" means a telecommunications utility that has a certificate of convenience and necessity or a certificate of operating authority to provide in this state:

(A) local exchange telephone service;

(B) basic local telecommunications service; or

(C) switched access service.

(5) "Local exchange telephone service" means telecommunications service provided within an exchange to establish connections between customer premises within the exchange, including connections between a customer premises and a long distance provider serving the exchange. The term includes tone dialing service, service connection charges, and directory assistance services offered in connection with basic local telecommunications service and interconnection with other service providers. The term does not include the following services, whether offered on an intraexchange or interexchange basis:

- (A) central office based PBX-type services for systems of 75 stations or more;
- (B) billing and collection services;
- (C) high-speed private line services of 1.544 megabits or greater;
- (D) customized services;
- (E) private line or virtual private line services;
- (F) resold or shared local exchange telephone services if permitted by tariff;
- (G) dark fiber services;
- (H) non-voice data transmission service offered as a separate service and not as a component of basic local telecommunications service;
- (I) dedicated or virtually dedicated access services; or
- (J) any other service the commission determines is not a "local exchange telephone service."

(6) "Long run incremental cost" has the meaning assigned by 16 T.A.C. Section 23.91 or its successor.

(7) "Pricing flexibility" includes:

- (A) customer specific contracts;
- (B) packaging of services;
- (C) volume, term, and discount pricing;
- (D) zone density pricing, with a zone to be defined as an exchange; and
- (E) other promotional pricing.

(8) "Public utility" or "utility" means a person or river authority that owns or operates for compensation in this state equipment or facilities to convey, transmit, or receive communications over a telephone system as a dominant carrier. The term includes a lessee, trustee, or receiver of any of those entities, or a combination of those entities. The term does not include a municipal corporation. A person is not a public utility solely because the person:

- (A) furnishes or furnishes and maintains a private system;
- (B) manufactures, distributes, installs, or maintains customer premise communications equipment and accessories; or
- (C) furnishes a telecommunications service or commodity only to itself, its employees, or its tenants as an incident of employment or tenancy, if that service or commodity is not resold to or used by others.

(9) "Separation" means the division of plant, revenues, expenses, taxes, and reserves applicable to exchange or local service if these items are used in common to provide public utility service to both local exchange telephone service and other service, such as interstate or intrastate toll service.

(10) "Telecommunications provider":

(A) means:

- (i) a certificated telecommunications utility;
- (ii) a shared tenant service provider;
- (iii) a nondominant carrier of telecommunications services;
- (iv) a provider of commercial mobile service as defined by Section 332(d), Communications Act of 1934 (47 U.S.C. Section 151 et seq.), Federal Communications Commission rules, and the Omnibus Budget Reconciliation Act of 1993 (Public Law 103-66), except that the term does not include these entities for the purposes of Chapter 17 or 55 or 64;
- (v) a telecommunications entity that provides central office based PBX-type sharing or resale arrangements;
- (vi) an interexchange telecommunications carrier;
- (vii) a specialized common carrier;
- (viii) a reseller of communications;
- (ix) a provider of operator services;
- (x) a provider of customer-owned pay telephone service; or
- (xi) a person or entity determined by the commission to provide telecommunications services to customers in this state; and

(B) does not mean:

- (i) a provider of enhanced or information services, or another user of telecommunications services, who does not also provide telecommunications services; or
- (ii) a state agency or state institution of higher education, or a service provided by a state agency or state institution of higher education.

(11) "Telecommunications utility" means:

- (A) a public utility;
- (B) an interexchange telecommunications carrier, including a reseller of interexchange telecommunications services;
- (C) a specialized communications common carrier;
- (D) a reseller of communications;
- (E) a communications carrier who conveys, transmits, or receives communications wholly or partly over a telephone system;
- (F) a provider of operator services as defined by Section 55.081, unless the provider is a subscriber to customer-owned pay telephone service; and
- (G) a separated affiliate or an electronic publishing joint venture as defined in Chapter 63.

(12) "Tier 1 local exchange company" has the meaning assigned by the Federal Communications Commission.

(V.A.C.S. Art. 1446c-0, Secs. 3.002(1), (2) (part), (3), (5), (6), (7), (8) (part), (9) (part), (10), (11), (12)) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 5; Acts 1999, 76th Leg., R.S. ch. 1579 (SB 86) § 4; Acts 2001, 77th Leg., R.S., ch. 651 (HB 2388) § 5.) (SB 560 amends paragraph (6) by adding the phrase "or its successor" and paragraph (7)(D) by adding the phrase "with a zone to be defined as an exchange." Both SB 560 and SB 86 amend paragraph (10)(A)(iv) by adding the last clause; SB 560 references Chapter 55 or 64 while SB 86 references Chapter 17 or 55.) (2001 Amendments: HB 2388, § 5). (HB 2388 revised paragraph 10(A)(xi).)

Sec. 51.003. APPLICABILITY.

Except as otherwise expressly provided by this title, this title does not apply to:

- (1) a company that as its only form of business:
 - (A) is a telecommunications manager; or
 - (B) administers central office based or customer based PBX-type sharing/resale arrangements;
- (2) telegraph services;
- (3) television or radio stations;
- (4) community antenna television services; or
- (5) a provider of commercial mobile service as defined by Section 332(d), Communications Act of 1934 (47 U.S.C. Section 151 et seq.), Federal Communications Commission rules, and the Omnibus Budget Reconciliation Act of 1993 (Public Law 103-66), other than conventional rural radio-telephone services provided by a wire-line telephone company under the Public Mobile Service rules of the Federal Communications Commission (47 C.F.R. Part 22).

(V.A.C.S. Art. 1446c-0, Sec. 3.002(9) (part).)

Sec. 51.004. PRICING FLEXIBILITY.

- (a) A discount or other form of pricing flexibility may not be:
 - (1) unreasonably preferential, prejudicial, or discriminatory; or
 - (2) predatory or anticompetitive.
- (b) This title does not prohibit a volume discount or other discount based on a reasonable business purpose. A price that is set at or above the long run incremental cost of a service is presumed not to be a predatory price.
- (c) This title allows an offer based on a reasonable business purpose, including an offer made at any time to a selected customer or a group of customers in response to a competitor's offer or a former customer's acceptance of a competitor's offer if the price of the offer meets the requirements of Section 52.0584, 58.063, or 59.031.
- (d) An offer made under Subsection (c) must be made in compliance with Chapter 304, Business & Commerce Code.

(V.A.C.S. Art. 1446c-0, Secs. 3.002(8) (part), 3.051(m) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 6; Acts 2003, 78th Leg., R.S. ch. 32 (SB 732) § 1; Acts 2007, 80th Leg., R.S., ch. 885 (HB 2278) § 2.39.)

Sec. 51.005. ASSISTANCE TO MUNICIPALITY.

On request of a municipality, the commission may advise and assist the municipality with respect to a question or proceeding arising under this title. Assistance provided by the commission may include aid to a municipality on a matter pending before the commission or a court, such as making a staff member available as a witness or otherwise providing evidence to the municipality.

(V.A.C.S. Art. 1446c-0, Sec. 3.102.)

Sec. 51.006. MUNICIPAL PARTICIPATION IN RATEMAKING PROCEEDINGS.

(a) The governing body of a municipality participating in a ratemaking proceeding may engage rate consultants, accountants, auditors, attorneys, and engineers to:

- (1) conduct investigations, present evidence, and advise and represent the governing body; and
- (2) assist the governing body with litigation before the commission or a court.

(b) The public utility in the ratemaking proceeding shall reimburse the governing body of the municipality for the reasonable cost of the services of a person engaged under Subsection (a) to the extent the commission determines is reasonable.

(V.A.C.S. Art. 1446c-0, Sec. 3.101(a).)

Sec. 51.007. MUNICIPAL STANDING IN CERTAIN CASES.

(a) A municipality has standing in each case before the commission that relates to a utility providing service in the municipality.

(b) A municipality's standing is subject to the right of the commission to:

- (1) determine standing in a case involving a retail service area dispute that involves two or more utilities; and
- (2) consolidate municipalities on an issue of common interest.

(V.A.C.S. Art. 1446c-0, Sec. 3.101(b) (part).)

Sec. 51.008. JUDICIAL REVIEW.

A municipality is entitled to judicial review of a commission order relating to a utility providing services in the municipality as provided by Section 15.001.

(V.A.C.S. Art. 1446c-0, Sec. 3.101(b) (part).)

Sec. 51.009. MUNICIPAL FEES.

(a) Nothing in this title, including Section 53.201, may be construed as in any way limiting the right of a public utility to pass through a municipal fee, including an increase in a municipal fee.

(b) A public utility that traditionally passes through municipal fees shall promptly pass through any municipal fee reduction.

(V.A.C.S. Art. 1446c-0, Secs. 3.1015, 3.211(g) (part).)

Sec. 51.010. COMMISSION INVESTIGATION OF SALE, MERGER, OR CERTAIN OTHER ACTIONS.

(a) The commission, not later than the 180th day after the date a public utility reports to the commission under Section 14.101, shall complete an investigation under that section and enter a final order.

(b) If a final order is not entered as required by Subsection (a), the commission is considered to have determined that the action taken by the public utility is consistent with the public interest.

(c) Section 14.101 does not apply to:

(1) a company that receives a certificate of operating authority or a service provider certificate of operating authority under Chapter 54; or

(2) a company electing under Chapter 58.

(V.A.C.S. Art. 1446c-0, Sec. 3.053.)

CHAPTER 52. COMMISSION JURISDICTION

SUBCHAPTER A. GENERAL POWERS AND DUTIES OF COMMISSION

Sec. 52.001. POLICY.

(a) It is the policy of this state to protect the public interest in having adequate and efficient telecommunications service available to each resident of this state at just, fair, and reasonable rates.

(b) The telecommunications industry, through technical advancements, federal legislative, judicial, and administrative actions, and the formulation of new telecommunications enterprises, has become and will continue to be in many and growing areas a competitive industry that does not lend itself to traditional public utility regulatory rules, policies, and principles. As a result, the public interest requires that rules, policies, and principles be formulated and applied to:

- (1) protect the public interest; and
- (2) provide equal opportunity to each telecommunications utility in a competitive marketplace.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(a).)

Sec. 52.002. AUTHORITY TO REGULATE.

(a) To carry out the public policy stated by Section 52.001 and to regulate rates, operations, and services so that the rates are just, fair, and reasonable and the services are adequate and efficient, the commission has exclusive original jurisdiction over the business and property of a telecommunications utility in this state subject to the limitations imposed by this title.

(b) The commission's regulatory authority as to a telecommunications utility other than a public utility is only as prescribed by this title.

(V.A.C.S. Art. 1446c-0, Secs. 3.002(9) (part), 3.051(b) (part).)

Sec. 52.003. COOPERATION WITH OTHER REGULATORY AUTHORITIES.

In regulating the rates, operations, and services of a telecommunications utility providing service in a municipality located on the state line adjacent to a municipality in an adjoining state, the commission may cooperate with the utility regulatory commission of the adjoining state or of the federal government and may hold a joint hearing or make a joint investigation with that commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(b) (part).)

Sec. 52.004. COMMISSION MAY ESTABLISH SEPARATE MARKETS.

(a) The commission may establish separate telecommunications markets in this state if the commission determines that the public interest will be served. The commission shall hold hearings and require evidence as necessary to:

- (1) carry out the public purpose of this chapter; and
- (2) determine the need and effect of establishing separate markets.

(b) A provider determined to be a dominant carrier as to a particular telecommunications service in a market may not be presumed to be a dominant carrier of a different telecommunications service in that market.

(V.A.C.S. Art. 1446c-0, Sec. 3.002(2) (part).)

Sec. 52.005. MINIMUM REQUIREMENTS FOR DOMINANT CARRIERS.

The commission shall impose as minimum requirements for a dominant carrier the same requirements imposed by Subchapter C, except Section 52.107.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(q) (part).)

Sec. 52.006. COMMISSION TO REPORT TO LEGISLATURE.

(a) Before January 15 of each odd-numbered year, the commission shall report to the legislature on:

- (1) the scope of competition in regulated telecommunications markets; and
- (2) the effect of competition on customers in both competitive and noncompetitive markets, with a specific focus on rural markets.

(b) The report shall include:

- (1) an assessment of the effect of competition on the rates and availability of telecommunications services for residential and business customers;
- (2) a summary of commission action over the preceding two years that reflects changes in the scope of competition in regulated telecommunications markets; and
- (3) recommendations for legislation the commission determines is appropriate to promote the public interest in the context of a partially competitive telecommunications market.

(c) The commission, in its assessment under Subsection (b)(1), shall specifically address any effects on universal service.

(d) A telecommunications utility shall cooperate with the commission as necessary for the commission to satisfy the requirements of this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.051(k), (q) (part).)

SUBCHAPTER B. INCUMBENT LOCAL EXCHANGE COMPANIES

Sec. 52.051. POLICY.

In adopting rules and establishing procedures under this subchapter, the commission shall:

(1) attempt to balance the public interest in a technologically advanced telecommunications system providing a wide range of new and innovative services with traditional regulatory concerns for:

- (A) preserving universal service;
- (B) prohibiting anticompetitive practices; and
- (C) preventing the subsidization of competitive services with revenues from regulated monopoly services; and

(2) incorporate an appropriate mix of regulatory and market mechanisms reflecting the level and nature of competition in the marketplace.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(g) (part).)

Sec. 52.052. APPLICABILITY.

This subchapter does not apply to basic local telecommunications service, including local measured service.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(j) (part).)

Sec. 52.053. CERTAIN RATES PROHIBITED.

A rate established under this subchapter may not be:

- (1) unreasonably preferential, prejudicial, or discriminatory;
- (2) subsidized either directly or indirectly by a regulated monopoly service; or
- (3) predatory or anticompetitive.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(g) (part).)

Sec. 52.054. RULES AND PROCEDURES FOR INCUMBENT LOCAL EXCHANGE COMPANIES.

(a) To carry out the public policy stated in Section 52.001, notwithstanding any other provision of this title, the commission may adopt rules and establish procedures applicable to incumbent local exchange companies to:

- (1) determine the level of competition in a specific telecommunications market or submarket; and
- (2) provide appropriate regulatory treatment to allow an incumbent local exchange company to respond to significant competitive challenges.

(b) This section does not change the burden of proof on an incumbent local exchange company under Sections 53.003, 53.006, 53.051, 53.052, 53.053, 53.054, 53.055, 53.057, 53.058, 53.060, and 53.062.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(e)(1).)

Sec. 52.055. HEARING TO DETERMINE LEVEL OF COMPETITION.

In determining the level of competition in a specific market or submarket, the commission shall hold an evidentiary hearing to consider:

- (1) the number and size of telecommunications utilities or other persons providing the same, equivalent, or substitutable service;
- (2) the extent to which the same, equivalent, or substitutable service is available;
- (3) the ability of a customer to obtain the same, equivalent, or substitutable service at comparable rates and terms;
- (4) the ability of a telecommunications utility or other person to make the same, equivalent, or substitutable service readily available at comparable rates and terms;
- (5) the existence of a significant barrier to the entry or exit of a provider of the service; and
- (6) other relevant information the commission determines is appropriate.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(e)(2).)

Sec. 52.056. SPECIFICALLY AUTHORIZED REGULATORY TREATMENTS.

The regulatory treatments the commission may implement under Section 52.054 include:

- (1) approval of a range of rates for a specific service;
- (2) approval of a customer-specific contract for a specific service; and
- (3) the detariffing of rates.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(e)(3) (part).)

Sec. 52.057. CUSTOMER-SPECIFIC CONTRACTS.

(a) The commission shall approve a customer-specific contract that meets the requirements of Subsection (b) to provide:

- (1) central office based PBX-type services for a system of 200 stations or more;
- (2) billing and collection services;
- (3) high-speed private line services of 1.544 megabits or greater; or
- (4) customized services.

(b) The commission shall approve a contract for a service described by Subsection (a) if:

- (1) the contract is filed before the 30th day before the date the service contracted for is initiated;
- (2) the contract is accompanied by an affidavit from the person or entity contracting for the service stating that the person or entity considered acquiring the same, equivalent, or substitutable service by bid or quotation from a source other than the incumbent local exchange company;
- (3) the incumbent local exchange company recovers the appropriate costs of providing the service; and
- (4) approval of the contract is in the public interest.

(c) The commission shall approve or deny a contract under this section not later than the 30th day after the date the contract is filed, unless the commission for good cause extends the effective date for an additional 35 days.

(d) An incumbent local exchange company may not price similar services provided under contracts governed by this section in an unreasonably discriminatory manner.

(e) This section and Section 52.056(2) do not apply to:

- (1) message telecommunications service;
- (2) switched access service for an interexchange carrier; or
- (3) wide area telecommunications service.

(f) In this section, "similar services" means services that:

- (1) are provided at or near the same point in time;
- (2) have the same characteristics; and
- (3) are provided under the same or similar circumstances.

(V.A.C.S. Art. 1446c-0, Secs. 3.051(e)(3) (part), (j) (part).)

Sec. 52.058. GENERAL PROVISIONS RELATING TO NEW OR EXPERIMENTAL SERVICES OR PROMOTIONAL RATES.

(a) To encourage the rapid introduction of new or experimental services or promotional rates, the commission shall adopt rules and establish procedures that allow:

- (1) the expedited introduction of new or experimental services or promotional rates;
- (2) the establishment and adjustment of rates; and
- (3) the withdrawal of those services or promotional rates.

(b) The rules and procedures described by Subsection (a) must include rules and procedures to allow the governing body of a municipality served by an incumbent local exchange company having more than 500,000 access lines in this state to make requests to the commission for new or experimental services or promotional rates.

(c) A rate established or adjusted at the request of a municipality may not:

- (1) result in higher rates for ratepayers outside the municipal boundaries; or
- (2) include a rate for incumbent local exchange company interexchange service or interexchange carrier access service.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(f).) (Amended by Acts 1999 76th Leg., R.S., ch. 1212 (SB 560) § 7.)

Sec. 52.0583. NEW SERVICES.

(a) An incumbent local exchange company may introduce a new service 10 days after providing an informational notice to the commission, to the office, and to any person who holds a certificate of operating authority in the incumbent local exchange company's certificated area or areas or who has an effective interconnection agreement with the incumbent local exchange company.

(b) An incumbent local exchange company shall price each new service at or above the service's long run incremental cost. The commission shall allow a company serving fewer than one million access lines in this state to establish a service's long run incremental cost by adopting, at that company's option, the cost studies of a larger company for that service that have been accepted by the commission.

(c) An affected person, the office on behalf of residential or small commercial customers, or the commission may file a complaint at the commission challenging whether the pricing by an incumbent local exchange company of a new service is in compliance with Subsection (b).

(d) If a complaint is filed under Subsection (c), the incumbent local exchange company has the burden of proving that the company set the price for the new service in accordance with the applicable provisions of this subchapter. If the complaint is finally resolved in favor of the complainant, the company:

- (1) shall, not later than the 10th day after the date the complaint is finally resolved, amend the price of the service as necessary to comply with the final resolution; or
- (2) may, at the company's option, discontinue the service.

(e) A company electing incentive regulation under Chapter 58 or 59 may introduce new services only in accordance with the applicable provisions of Chapter 58 or 59.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 8.)

Sec. 52.0584. PRICING AND PACKAGING FLEXIBILITY; CUSTOMER PROMOTIONAL OFFERINGS.

(a) Notwithstanding any other provision of this title, an incumbent local exchange company may exercise pricing flexibility in accordance with this section, including the packaging of any regulated service such as basic local telecommunications service with any other regulated or unregulated service or any service of an affiliate. The company may exercise pricing flexibility 10 days after providing an informational notice to the commission, to the office, and to any person who holds a certificate of operating authority in the incumbent local exchange company's certificated area or areas or who has an effective interconnection agreement with the incumbent local exchange company. Pricing flexibility includes all pricing arrangements included in the definition of "pricing flexibility" prescribed by Section 51.002 and includes packaging of any regulated service with any unregulated service or any service of an affiliate.

(b) An incumbent local exchange company, at the company's option, shall price each regulated service offered separately or as part of a package under Subsection (a) at either the service's tariffed rate or at a rate not lower than the service's long run incremental cost. The commission shall allow a company serving fewer than one million access lines in this state to establish a service's long run incremental cost by adopting, at that company's option, the cost studies of a larger company for that service that have been accepted by the commission.

(c) An affected person, the office on behalf of residential or small commercial customers, or the commission may file a complaint alleging that an incumbent local exchange company has priced a regulated service in a manner that does not meet the pricing standards of this subchapter. The complaint must be filed before the 31st day after the date the company implements the rate.

(d) A company electing incentive regulation under Chapter 58 or 59 may use pricing and packaging flexibility and introduce customer promotional offerings only in accordance with the applicable provisions of Chapter 58 or 59.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 8.)

Sec. 52.0585. CUSTOMER PROMOTIONAL OFFERINGS.

(a) An incumbent local exchange company may offer a promotion for a regulated service for not more than 90 days in any 12-month period.

(b) The company shall file with the commission a promotional offering that consists of:

(1) waiver of installation charges or service order charges, or both, for not more than 90 days in a 12-month period; or

(2) a temporary discount of not more than 25 percent from the tariffed rate for not more than 60 days in a 12-month period.

(c) An incumbent local exchange company is not required to obtain commission approval to make a promotional offering described by Subsection (b).

(d) An incumbent local exchange company may offer a promotion of any regulated service as part of a package of services consisting of any regulated service with any other regulated or unregulated service or any service of an affiliate.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 8.)

Sec. 52.059. RATES TO COVER APPROPRIATE COSTS.

(a) The commission by rule shall adopt standards necessary to ensure that a rate established under this subchapter covers appropriate costs as determined by the commission.

(b) Until standards are set under Subsection (a), the commission shall use a costing methodology that is in the public interest to determine whether a rate established under this subchapter covers appropriate costs.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(h).)

Sec. 52.060. ADMINISTRATIVE FEE OR ASSESSMENT.

The commission may prescribe and collect a fee or assessment from local exchange companies necessary to recover the cost to the commission and to the office of activities carried out and services provided under this subchapter and Section 52.006.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(i).)

SUBCHAPTER C. TELECOMMUNICATIONS UTILITIES THAT ARE NOT DOMINANT CARRIERS

Sec. 52.101. APPLICABILITY.

This subchapter applies only to a telecommunications utility that is not:

- (1) a dominant carrier; or
- (2) the holder of a certificate of operating authority or a service provider certificate of operating authority.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(c) (part).)

Sec. 52.102. LIMITED REGULATORY AUTHORITY.

(a) Except as otherwise provided by this subchapter, Subchapters D and K, Chapter 55, and Section 55.011 the commission has only the following jurisdiction over a telecommunications utility subject to this subchapter:

- (1) to require registration under Section 52.103;
- (2) to conduct an investigation under Section 52.104;
- (3) to require the filing of reports as the commission periodically directs;
- (4) to require the maintenance of statewide average rates or prices of telecommunications service;
- (5) to require a telecommunications utility that had more than six percent of the total intrastate access minutes of use as measured for the most recent 12-month period to pass switched access rate reductions under this title to customers as required by Section 52.112;
- (6) to require access to telecommunications service under Section 52.105; and
- (7) to require the quality of telecommunications service provided to be adequate under Section 52.106.

(b) The authority provided by Subsection (a)(5) expires on the date on which Section 52.112 expires.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(c) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.64(a); Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 9.) (SB 1368 codifies an amendment to former

V.A.C.S. Art. 1446c-0 (now this section) in 1997 that was not codified into the Utilities Code. SB 560 amends this section as amended by SB 1368.)

Sec. 52.103. REGISTRATION REQUIRED.

(a) A telecommunications utility shall register with the commission not later than the 30th day after the date the utility commences service to the public.

(b) A telecommunications utility that registers under Subsection (a) shall file with the commission a description of:

- (1) the location and type of service provided;
- (2) the price to the public of that service; and
- (3) other registration information the commission directs.

(c) An interexchange telecommunications utility doing business in this state shall maintain on file with the commission tariffs or lists governing the terms of providing its services.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(d).)

Sec. 52.104. COMMISSION MAY INVESTIGATE.

(a) The commission may investigate as necessary to determine the effect and scope of competition in the telecommunications industry. The investigation may include:

- (1) identifying dominant carriers in the local telecommunications and intraLATA interexchange telecommunications industry; and
- (2) defining the telecommunications market or markets.

(b) In conducting an investigation under this section, the commission may:

- (1) hold a hearing;
- (2) issue a subpoena to compel the attendance of a witness or the production of a document; and
- (3) make findings of fact and decisions to administer this title or a rule, order, or other action of the commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(c) (part).)

Sec. 52.105. ACCESS TO CERTAIN SERVICES REQUIRED.

(a) The commission may require that each local exchange area have access to local and interexchange telecommunications service, except as otherwise provided by this section.

(b) The commission shall allow a telecommunications utility to discontinue service to a local exchange area if:

- (1) comparable service is available in the area; and
- (2) discontinuing the service is not contrary to the public interest.

(c) This section does not authorize the commission to require a telecommunications utility to initiate service to a local exchange area to which the telecommunications utility:

- (1) did not provide service during the preceding 12-month period; and
- (2) has not provided service previously for a cumulative period of at least one year.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(c) (part).)

Sec. 52.106. QUALITY OF SERVICE REQUIRED.

The commission may require the quality of telecommunications service provided in a local exchange in which the commission determines that service has deteriorated and become unreliable to be adequate to protect the public interest and the interests of customers of that exchange.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(c) (part).)

Sec. 52.107. PREDATORY PRICING.

(a) The commission may enter an order necessary to protect the public interest if the commission finds by a preponderance of the evidence after notice and hearing that an interexchange telecommunications utility has:

- (1) engaged in predatory pricing; or
- (2) attempted to engage in predatory pricing.

(b) A hearing held by the commission under Subsection (a) must be based on a complaint from another interexchange telecommunications utility.

(c) An order entered under Subsection (a) may include the imposition on a specific service of the commission's full regulatory authority under:

- (1) this chapter;
- (2) Chapters 14, 15, 51, 53, and 54; and
- (3) Subchapters A, D, and H, Chapter 55.

(d) This section applies only to an interexchange telecommunications utility.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(l).)

Sec. 52.108. OTHER PROHIBITED PRACTICES.

The commission may enter any order necessary to protect the public interest if the commission finds after notice and hearing that a telecommunications utility has:

- (1) failed to maintain statewide average rates;
- (2) abandoned interexchange message telecommunications service to a local exchange area in a manner contrary to the public interest; or
- (3) engaged in a pattern of preferential or discriminatory activities prohibited by Section 53.003, 55.005, or 55.006; or
- (4) failed to pass switched access rate reductions to customers under Chapter 56 or other law, as required by Section 52.112.

(V.A.C.S. Art. 1446c-0, Secs. 3.051(m) (part), (q) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 10.)

Sec. 52.109. AVAILABILITY OF SERVICE.

(a) The commission may require a telecommunications utility that provides a service to make that service available in an exchange served by the telecommunications utility within a reasonable time after receipt of a bona fide request for the service in that exchange.

(b) A telecommunications utility may not be required to extend a service to an area if:

- (1) the local exchange company is unable to provide the required access or other service; or
- (2) extending the service would, after consideration of the public interest to be served, impose unreasonable costs on or require unreasonable investments by the telecommunications utility.

(c) The commission may require from a telecommunications utility or a local exchange company information necessary to enforce this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.051(o), (q) (part).)

Sec. 52.110. BURDEN OF PROOF.

(a) In a proceeding before the commission in which it is alleged that a telecommunications utility engaged in conduct in violation of Section 52.107, 52.108, 52.109, or 52.112 the burden of proof is on:

- (1) a telecommunications utility complaining of conduct committed against it in violation of this subchapter; or
- (2) except as provided by Subsection (b), the responding telecommunications utility if the proceedings are:
 - (A) brought by a customer or customer representative who is not a telecommunications utility; or
 - (B) initiated by the commission.

(b) The commission may impose the burden of proof on the complaining party in a proceeding described by Subsection (a)(2) if the commission determines that placing the burden of proof on the complaining party is in the public interest.

(V.A.C.S. Art. 1446c-0, Secs. 3.051(n), (q) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 11.)

Sec. 52.111. COMMISSION MAY EXEMPT.

The commission may exempt from a requirement of this subchapter a telecommunications utility that:

- (1) does not have a significant effect on the public interest, as determined by the commission; or
- (2) relies solely on the facilities of others to complete long distance calls, if the commission determines that the exemption is in the public interest.

(V.A.C.S. Art. 1446c-0, Secs. 3.051(p), (q) (part).)

Sec. 52.112. REDUCTION PASS-THROUGH REQUIRED.

(a) Each telecommunications utility that had more than six percent of the total intrastate access minutes of use as measured for the most recent 12-month period shall pass through to customers switched access rate reductions under this title. The residential customer class shall receive not less than a proportionate share of the reductions.

(b) Within six months following each reduction in intrastate switched access rates under this title, each telecommunications utility subject to this section shall file with the commission a sworn affidavit

confirming that the utility has reduced the per minute rates it charges under its basic rate schedule to reflect the per minute reduction in intrastate switched access rates.

(c) This section expires on the second anniversary of the date incumbent local exchange companies doing business in the state are no longer prohibited by federal law from offering interLATA and interstate long distance service.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 12.)

SUBCHAPTER D. CERTIFICATE HOLDERS

Sec. 52.151. APPLICABILITY.

This subchapter applies only to a telecommunications utility that holds a certificate of operating authority or a service provider certificate of operating authority.

(V.A.C.S. Art. 1446c-0, Secs. 3.051(r) (part), (s)(1) (part), (s)(2) (part).)

Sec. 52.152. LIMITED REGULATORY AUTHORITY.

Except as otherwise specifically provided by this title, the commission has only the following authority over a telecommunications utility subject to this subchapter:

- (1) to enforce this title under Subchapter B, Chapter 15;
- (2) to assert jurisdiction over a specific service under Subchapter E;
- (3) to require co-carriage reciprocity; and
- (4) to regulate condemnation and building access.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(s)(1).)

Sec. 52.153. BOOKS AND RECORDS.

The commission may prescribe forms of books, accounts, records, and memoranda to be kept by a telecommunications utility, but only as necessary to enforce the limited jurisdiction over those companies that this title provides to the commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(r).)

Sec. 52.154. COMMISSION MAY NOT OVERBURDEN.

The commission may not, by a rule or regulatory practice adopted under this chapter, impose on a telecommunications utility a greater regulatory burden than is imposed on a holder of a certificate of convenience and necessity serving the same area.

(V.A.C.S. Art. 1446c-0, Sec. 3.051(s)(2).)

Sec. 52.155. PROHIBITION OF EXCESSIVE ACCESS CHARGES.

(a) A telecommunications utility that holds a certificate of operating authority or a service provider certificate of operating authority may not charge a higher amount for originating or terminating intrastate switched access than the prevailing rates charged by the holder of the certificate of convenience and necessity or the holder of a certificate of operating authority issued under Chapter 65 in whose territory the call originated or terminated unless:

- (1) the commission specifically approves the higher rate; or

(2) subject to commission review, the telecommunications utility establishes statewide average composite originating and terminating intrastate switched access rates based on a reasonable approximation of traffic originating and terminating between all holders of certificates of convenience and necessity in this state.

(b) Notwithstanding any other provision of this title, the commission has all jurisdiction necessary to enforce this section.

(c) Notwithstanding Subsection (a), Chapter 65 governs the switched access rates of a company that holds a certificate of operating authority issued under Chapter 65.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 13; (Amended by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 3 (amended subsection (a) and (b) and added subsection (c)).)

Sec. 52.156. RETAIL RATES, TERMS, AND CONDITIONS.

A telecommunications utility may not:

(1) establish a retail rate, term, or condition that is anticompetitive or unreasonably preferential, prejudicial, or discriminatory; or

(2) engage in predatory pricing or attempt to engage in predatory pricing.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 4.)

SUBCHAPTER E. DEREGULATION OF SERVICE

Sec. 52.201. DEREGULATION OF SERVICE.

Notwithstanding any other provision of this title, the commission may deregulate the price of a service in a geographic market if, after notice and hearing, the commission determines that:

(1) the incumbent local exchange company is not dominant for the service in that geographic market; or

(2) the holder of a certificate of operating authority who is a dominant carrier is no longer dominant for the service in that geographic market.

(V.A.C.S. Art. 1446c-0, Sec. 3.2572(a) (part).)

Sec. 52.202. DETERMINATION OF GEOGRAPHIC MARKET.

In determining the geographic market under Section 52.201, the commission shall consider the economic and technical conditions of the market.

(V.A.C.S. Art. 1446c-0, Sec. 3.2572(a) (part).)

Sec. 52.203. MARKET POWER TEST.

(a) To determine whether an incumbent local exchange company or holder of a certificate of operating authority who is a dominant carrier is no longer dominant for a service in a geographic market, the commission must find that:

(1) there is an effective competitive alternative; and

(2) the incumbent local exchange company or certificate holder does not have market power sufficient to control, in a manner that is adverse to the public interest, the price of the service in the geographic area.

(b) To determine whether the incumbent local exchange company or certificate holder is dominant for a service in the geographic area, the commission shall consider:

- (1) the number and size of telecommunications utilities or other persons who provide the same, equivalent, or substitutable service in the relevant market;
- (2) the extent to which the service is available in the relevant market;
- (3) the ability of customers in the relevant market to obtain the same, equivalent, or substitutable service at comparable rates and on comparable terms;
- (4) the ability of a telecommunications utility or other person to make the same, equivalent, or substitutable service readily available in the relevant market at comparable rates and on comparable terms;
- (5) the proportion of the relevant market that is being provided the service by a telecommunications utility other than the incumbent local exchange company or holder of a certificate of operating authority who is a dominant carrier; and
- (6) other relevant information the commission considers necessary.

(V.A.C.S. Art. 1446c-0, Secs. 3.2572(b), (c).)

Sec. 52.204. RATE FOR DEREGULATED SERVICE.

If the price of a service in a geographic market is deregulated under this subchapter, the incumbent local exchange company or holder of a certificate of operating authority may set the rate for the service at any level higher than the service's long run incremental cost.

(V.A.C.S. Art. 1446c-0, Sec. 3.2572(a) (part).)

Sec. 52.205. INVESTIGATION OF COMPETITION.

(a) On request of an incumbent local exchange company or holder of a certificate of operating authority who is a dominant carrier made in conjunction with an application under this subchapter, the commission shall investigate to determine the effect and scope of competition in the geographic and service markets at issue.

(b) The commission has the power necessary and convenient to conduct the investigation. In conducting an investigation, the commission may:

- (1) hold a hearing;
- (2) issue a subpoena to compel the attendance of a witness and the production of a document; and
- (3) make findings of fact and decisions with respect to the markets.

(c) A party to a proceeding may use, in an application for pricing flexibility, the results of an investigation conducted under this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.2572(e), (f).)

Sec. 52.206. REREGULATION OF MARKET.

The commission, on its own motion or on a complaint that the commission considers to have merit, may assert regulation over a service in a geographic market if:

- (1) the incumbent local exchange company or holder of a certificate of operating authority who was previously a dominant carrier is found to again be dominant for the service in that geographic market; or

(2) the provider of services under a certificate of operating authority or service provider certificate of operating authority is found to be dominant for the service in that geographic market.

(V.A.C.S. Art. 1446c-0, Sec. 3.2572(d).)

Sec. 52.207. REPORTS; CONFIDENTIAL INFORMATION.

(a) In conjunction with the commission's authority to collect and compile information, the commission may collect a report from a holder of a:

- (1) certificate of operating authority; or
- (2) service provider certificate of operating authority.

(b) The commission shall maintain the confidentiality of information contained in a report collected under this section that is claimed to be confidential for competitive purposes. The confidential information is exempt from disclosure under Chapter 552, Government Code.

(c) To protect the confidential information, the commission shall aggregate the information to the maximum extent possible considering the purpose of the proceeding.

(V.A.C.S. Art. 1446c-0, Sec. 3.2572(g).)

SUBCHAPTER F. REQUIRED REPORTS AND FILINGS; RECORDS

Sec. 52.251. TARIFF FILINGS.

(a) A public utility shall file with the commission a tariff showing each rate that is:

- (1) subject to the commission's jurisdiction; and
- (2) in effect for a utility service, product, or commodity offered by the utility.

(b) The public utility shall file as a part of the tariff required under Subsection (a) each rule that relates to or affects:

- (1) a rate of the utility; or
- (2) a utility service, product, or commodity furnished by the utility.

(V.A.C.S. Art. 1446c-0, Sec. 3.154.)

Sec. 52.252. DEPRECIATION ACCOUNT.

The commission shall require each public utility to carry a proper and adequate depreciation account in accordance with:

- (1) the rates and methods prescribed by the commission under Section 53.056; and
- (2) any other rule the commission adopts.

(V.A.C.S. Art. 1446c-0, Sec. 3.151(a) (part).)

Sec. 52.253. ACCOUNTS OF PROFITS AND LOSSES.

A public utility shall keep separate accounts showing profits or losses from the sale or lease of merchandise, including an appliance, a fixture, or equipment.

(V.A.C.S. Art. 1446c-0, Sec. 3.151(b) (part).)

Sec. 52.254. [REPEALED]

(Repealed by Acts 2005, 79th Leg., R.S., ch. 797 (SB 408) § 14.)

Sec. 52.255. AVAILABILITY OF RECORDS.

Notwithstanding Section 14.152, a book, account, record, or memorandum of a public utility may be removed from this state if the book, account, record, or memorandum is returned to this state for any commission inspection authorized by this title.

(V.A.C.S. Art. 1446c-0, Sec. 3.1545.)

Sec. 52.256. PLAN AND REPORT OF WORKFORCE DIVERSITY AND OTHER BUSINESS PRACTICES.

(a) In this section, "small business" and "historically underutilized business" have the meanings assigned by Section 481.191, Government Code.

(b) Before January 1, 2000, each telecommunications utility shall develop and submit to the commission a comprehensive five-year plan to enhance diversity of its workforce in all occupational categories and for increasing opportunities for small and historically underutilized businesses. The plan must consist of:

- (1) the telecommunications utility's performance with regard to workforce diversity and contracting with small and historically underutilized businesses;
- (2) initiatives that the telecommunications utility will pursue in these areas over the period of the plan;
- (3) a listing of programs and activities the telecommunications utility will undertake to achieve each of these initiatives; and
- (4) a listing of the business partnership initiatives the telecommunications utility will undertake to facilitate small and historically underutilized business entry into the telecommunications market, taking into account opportunities for contracting and joint ventures.

(c) Each telecommunications utility shall submit an annual report to the commission and the legislature relating to its efforts to improve workforce diversity and contracting opportunities for small and historically underutilized businesses. The report must include:

- (1) the diversity of the telecommunications utility's workforce as of the time of the report;
- (2) the telecommunications utility's level of contracting with small and historically underutilized businesses;
- (3) the specific progress made under the plan under Subsection (b);
- (4) the specific initiatives, programs, and activities undertaken under the plan during the preceding year;
- (5) an assessment of the success of each of those initiatives, programs, and activities;
- (6) the extent to which the telecommunications utility has carried out its initiatives to facilitate opportunities for contracts or joint ventures with small and historically underutilized businesses; and
- (7) the initiatives, programs, and activities the telecommunications utility will pursue during the next year to increase the diversity of its workforce and contracting opportunities for small and historically underutilized businesses.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 14.)

CHAPTER 53. RATES

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 53.001. AUTHORIZATION TO ESTABLISH AND REGULATE RATES.

(a) Except as otherwise provided by this title, the commission may establish and regulate rates of a public utility and may adopt rules for determining:

- (1) the classification of customers and services; and
- (2) the applicability of rates.

(b) A rule or order of the commission may not conflict with a ruling of a federal regulatory body.

(V.A.C.S. Art. 1446c-0, Sec. 3.201.)

Sec. 53.002. COMPLIANCE WITH TITLE.

A utility may not charge or receive a rate for utility service except as provided by this title.

(V.A.C.S. Art. 1446c-0, Sec. 3.153 (part).)

Sec. 53.003. JUST AND REASONABLE RATES.

(a) The commission shall ensure that each rate a public utility or two or more public utilities jointly make, demand, or receive is just and reasonable.

(b) A rate may not be unreasonably preferential, prejudicial, or discriminatory but must be sufficient, equitable, and consistent in application to each class of consumer.

(c) A public utility may not:

- (1) grant an unreasonable preference or advantage concerning rates to a person in a classification;
- (2) subject a person in a classification to an unreasonable prejudice or disadvantage concerning rates; or
- (3) establish or maintain an unreasonable difference concerning rates between localities or between classes of service.

(d) In establishing a public utility's rates, the commission may treat as a single class two or more municipalities that a public utility serves if the commission considers that treatment to be appropriate.

(V.A.C.S. Art. 1446c-0, Secs. 3.202 (part), 3.215 (part).)

Sec. 53.004. EQUALITY OF RATES AND SERVICES.

(a) A public utility may not directly or indirectly charge, demand, or receive from a person a greater or lesser compensation for a service provided or to be provided by the utility than the compensation prescribed by the applicable tariff filed under Section 52.251.

(b) A person may not knowingly receive or accept a service from a public utility for a compensation greater or less than the compensation prescribed by the tariff.

(c) This title does not prevent a cooperative corporation from returning to its members net earnings resulting from its operations in proportion to the members' purchases from or through the corporation.

(V.A.C.S. Art. 1446c-0, Sec. 3.216.)

Sec. 53.005. RATES FOR AREA NOT IN MUNICIPALITY.

Without the approval of the commission, a public utility's rates for an area not in a municipality may not exceed 115 percent of the average of all rates for similar services for all municipalities served by the same utility in the same county as that area.

(V.A.C.S. Art. 1446c-0, Sec. 3.214.)

Sec. 53.006. BURDEN OF PROOF.

(a) In a proceeding involving a proposed rate change, the public utility has the burden of proving that:

- (1) the rate change is just and reasonable, if the utility proposes the change; or
- (2) an existing rate is just and reasonable, if the proposal is to reduce the rate.

(b) In a proceeding in which the rate of an incumbent local exchange company is in issue, the incumbent local exchange company has the burden of proving that the rate is just and reasonable.

(V.A.C.S. Art. 1446c-0, Sec. 3.204.)

Sec. 53.007. LIMIT ON RECONNECTION FEE.

The commission shall establish a reasonable limit on the amount that a local exchange company may charge a customer for changing the location at which the customer receives service.

(V.A.C.S. Art. 1446c-0, Sec. 3.1556.)

SUBCHAPTER B. COMPUTATION OF RATES

Sec. 53.051. ESTABLISHING OVERALL REVENUES.

In establishing a public utility's rates, the commission shall establish the utility's overall revenues at an amount that will permit the utility a reasonable opportunity to earn a reasonable return on the utility's invested capital used and useful in providing service to the public in excess of the utility's reasonable and necessary operating expenses.

(V.A.C.S. Art. 1446c-0, Sec. 3.203(a).)

Sec. 53.052. ESTABLISHING REASONABLE RETURN.

In establishing a reasonable return on invested capital, the commission shall consider applicable factors, including:

- (1) the quality of the utility's services;
- (2) the efficiency of the utility's operations; and
- (3) the quality of the utility's management.

(V.A.C.S. Art. 1446c-0, Sec. 3.203(b).)

Sec. 53.053. COMPONENTS OF INVESTED CAPITAL.

(a) Public utility rates shall be based on the original cost, less depreciation, of property used by and useful to the utility in providing service.

(b) The original cost of property shall be determined at the time the property is dedicated to public use, whether by the utility that is the present owner or by a predecessor.

(c) In this section, "original cost" means the actual money cost or the actual money value of consideration paid other than money.

(V.A.C.S. Art. 1446c-0, Secs. 3.206(a) (part), (c).)

Sec. 53.054. CONSTRUCTION WORK IN PROGRESS.

(a) Construction work in progress, at cost as recorded on the public utility's books, may be included in the utility's rate base. The inclusion of construction work in progress is an exceptional form of rate relief that the commission may grant only if the utility demonstrates that inclusion is necessary to the utility's financial integrity.

(b) Construction work in progress may not be included in the rate base for a major project under construction to the extent that the project has been inefficiently or imprudently planned or managed.

(V.A.C.S. Art. 1446c-0, Secs. 3.206(a) (part), (b).)

Sec. 53.055. SEPARATIONS AND ALLOCATIONS.

Costs of facilities, revenues, expenses, taxes, and reserves shall be separated or allocated as prescribed by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.207.)

Sec. 53.056. DEPRECIATION, AMORTIZATION, AND DEPLETION.

(a) The commission shall establish proper and adequate rates and methods of depreciation, amortization, or depletion for each class of property of a public utility.

(b) On application of a utility, the commission shall establish depreciation rates that promote the use of new technology and infrastructure. In establishing rates under this subsection, the commission shall consider depreciation practices of nonregulated telecommunications providers.

(c) The rates and methods established under this section and the depreciation account required by Section 52.252 shall be used uniformly and consistently throughout rate-setting and appeal proceedings.

(d) Notwithstanding this section, a company electing under Chapter 58 may determine its own depreciation rates and amortizations. The company shall notify the commission of any change in those rates or amortizations.

(V.A.C.S. Art. 1446c-0, Sec. 3.151(a) (part).)

Sec. 53.057. NET INCOME; DETERMINATION OF REVENUES AND EXPENSES.

(a) A public utility's net income is the total revenues of the utility less all reasonable and necessary expenses as determined by the commission.

(b) The commission shall determine revenues and expenses in a manner consistent with this subchapter.

(c) The commission may adopt reasonable rules with respect to whether an expense is allowed for ratemaking purposes.

(V.A.C.S. Art. 1446c-0, Secs. 3.208(a), (e).)

Sec. 53.058. CONSIDERATION OF PAYMENT TO AFFILIATE.

(a) Except as provided by Subsection (b), the commission may not allow as capital cost or as expense a payment to an affiliate for:

- (1) cost of a service, property, right, or other item; or
- (2) interest expense.

(b) The commission may allow a payment described by Subsection (a) only to the extent that the commission finds the payment is reasonable and necessary for each item or class of items as determined by the commission.

(c) A finding under Subsection (b) must include:

(1) a specific finding of the reasonableness and necessity of each item or class of items allowed; and

(2) except as provided by Subsection (d), a finding that the price to the utility is not higher than the prices charged by the supplying affiliate to:

(A) its other affiliates or divisions for the same item or class of items; or

(B) a nonaffiliated person within the same market area or having the same market conditions.

(d) A finding under this section is not required as to the prices charged by the supplying affiliate to its other affiliates or divisions if the supplying affiliate computed its charges to the utility in a manner consistent with Federal Communications Commission rules.

(e) If the commission finds that the affiliate expense for the test period is unreasonable, the commission shall:

(1) determine the reasonable level of the expense; and

(2) include that expense in determining the utility's cost of service.

(V.A.C.S. Art. 1446c-0, Sec. 3.208(b).)

Sec. 53.059. TREATMENT OF CERTAIN TAX BENEFITS.

(a) In determining the allocation of tax savings derived from liberalized depreciation and amortization, the investment tax credit, and the application of similar methods, the commission shall:

(1) balance equitably the interests of present and future customers; and

(2) apportion accordingly the benefits between consumers and the public utility.

(b) If a public utility retains a portion of the investment tax credit, that portion shall be deducted from the original cost of the facilities or other addition to the rate base to which the credit applied to the extent allowed by the Internal Revenue Code.

(V.A.C.S. Art. 1446c-0, Sec. 3.151(c).)

Sec. 53.060. COMPUTATION OF INCOME TAX; CONSOLIDATED RETURN.

(a) Unless it is shown to the satisfaction of the commission that it was reasonable to choose not to consolidate returns, a public utility's income taxes shall be computed as though a consolidated return had been filed and the utility had realized its fair share of the savings resulting from that return, if:

(1) the utility is a member of an affiliated group eligible to file a consolidated income tax return; and

(2) it is advantageous to the utility to do so.

(b) The amount of income tax that a consolidated group of which a public utility is a member saves, because the consolidated return eliminates the intercompany profit on purchases by the utility from an affiliate, shall be applied to reduce the cost of the property or service purchased from the affiliate.

(c) The investment tax credit allowed against federal income taxes, to the extent retained by the utility, shall be applied as a reduction in the rate-based contribution of the assets to which the credit applies, to the extent and at the rate allowed by the Internal Revenue Code.

(V.A.C.S. Art. 1446c-0, Sec. 3.208(c).)

Sec. 53.061. ALLOWANCE OF CERTAIN EXPENSES.

(a) The commission may not allow as a cost or expense for ratemaking purposes:

- (1) an expenditure for legislative advocacy; or
- (2) an expenditure described by Section 52.254 that the commission determines to be not in the public interest.

(b) The commission may allow as a cost or expense reasonable charitable or civic contributions not to exceed the amount approved by the commission.

(V.A.C.S. Art. 1446c-0, Secs. 3.152(b), (c), (d).)

Sec. 53.062. CONSIDERATION OF CERTAIN EXPENSES.

The commission may not consider for ratemaking purposes:

- (1) an expenditure for legislative advocacy, made directly or indirectly, including legislative advocacy expenses included in trade association dues;
- (2) an expenditure for costs of processing a refund or credit under Section 53.110; or
- (3) any other expenditure, including an executive salary, advertising expense, legal expense, or civil penalty or fine the commission finds to be unreasonable, unnecessary, or not in the public interest.

(V.A.C.S. Art. 1446c-0, Sec. 3.208(d).)

Sec. 53.063. CONSIDERATION OF PROFIT OR LOSS FROM SALE OR LEASE OF MERCHANDISE.

In establishing a public utility's rates, the commission may not consider a profit or loss that results from the sale or lease of merchandise, including appliances, fixtures, or equipment, to the extent that merchandise is not integral to providing utility service.

(V.A.C.S. Art. 1446c-0, Sec. 3.151(b) (part).)

Sec. 53.064. SELF-INSURANCE.

(a) A public utility may self-insure all or part of the utility's potential liability or catastrophic property loss, including windstorm, fire, and explosion losses, that could not have been reasonably anticipated and included under operating and maintenance expenses.

(b) The commission shall approve a self-insurance plan under this section if the commission finds that:

- (1) the coverage is in the public interest;
- (2) the plan, considering all costs, is a lower cost alternative to purchasing commercial insurance; and
- (3) ratepayers will receive the benefits of the savings.

(c) In computing a utility's reasonable and necessary expenses under this subchapter, the commission, to the extent the commission finds is in the public interest, shall allow as a necessary expense money credited to a reserve account for self-insurance. The commission shall determine reasonableness under this subsection:

(1) from information provided at the time the self-insurance plan and reserve account are established; and

(2) on the filing of a rate case by a utility that has a reserve account.

(d) After a reserve account for self-insurance is established, the commission shall:

(1) determine whether the account has a surplus or shortage under Subsection (e); and

(2) subtract any surplus from or add any shortage to the utility's rate base.

(e) A surplus in the reserve account exists if the charges against the account are less than the money credited to the account. A shortage in the reserve account exists if the charges against the account are greater than the money credited to the account.

(f) The commission shall adopt rules governing self-insurance under this section.

(V.A.C.S. Art. 1446c-0, Sec. 3.209.)

Sec. 53.065. INTEREXCHANGE SERVICES; RATES OF INCUMBENT LOCAL EXCHANGE COMPANY.

(a) An incumbent local exchange company's rates for interexchange telecommunications services must be statewide average rates except as ordered by the commission after application and hearing.

(b) This section does not limit the ability of an incumbent local exchange company to contract for high-speed private line services of 1.544 megabits or greater under Section 52.057.

(V.A.C.S. Art. 1446c-0, Sec. 3.303.)

**SUBCHAPTER C. GENERAL PROCEDURES FOR RATE CHANGE
PROPOSED BY UTILITY**

Sec. 53.101. DEFINITION.

In this subchapter, "major change" means an increase in rates that would increase the aggregate revenues of the applicant more than the greater of \$100,000 or 2-1/2 percent. The term does not include an increase in rates that the commission allows to go into effect or the utility makes under an order of the commission after hearings held with public notice.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(b) (part).)

Sec. 53.102. STATEMENT OF INTENT TO CHANGE RATES.

(a) A utility may not change its rates unless the utility files a statement of its intent with the commission at least 35 days before the effective date of the proposed change.

(b) The utility shall also mail or deliver a copy of the statement of intent to the appropriate officer of each affected municipality.

(c) The statement of intent must include:

(1) proposed revisions of tariffs; and

(2) a detailed statement of:

(A) each proposed change;

(B) the effect the proposed change is expected to have on the revenues of the utility;

(C) each class and number of utility consumers affected; and

(D) any other information required by the commission's rules.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(a) (part).)

Sec. 53.103. NOTICE OF INTENT TO CHANGE RATES.

(a) The utility shall:

(1) publish, in conspicuous form and place, notice to the public of the proposed change once each week for four successive weeks before the effective date of the proposed change in a newspaper having general circulation in each county containing territory affected by the proposed change; and

(2) mail notice of the proposed change to any other affected person as required by the commission's rules.

(b) The commission may waive the publication of notice requirement prescribed by Subsection (a) in a proceeding that involves only a rate reduction for each affected ratepayer. The applicant shall give notice of the proposed rate change by mail to each affected utility customer.

(c) The commission by rule shall define other proceedings for which the publication of notice requirement prescribed by Subsection (a) may be waived on a showing of good cause. A waiver may not be granted in a proceeding involving a rate increase to any class or category of ratepayer.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(a) (part).)

Sec. 53.104. EARLY EFFECTIVE DATE OF RATE CHANGE.

(a) For good cause shown, the commission may allow a rate change, other than a major change, to take effect:

(1) before the end of the 35-day period prescribed by Section 53.102; and

(2) under conditions the commission prescribes, subject to suspension as provided by this subchapter.

(b) The utility shall immediately revise its tariffs to include the change.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(b) (part).)

Sec. 53.105. DETERMINATION OF PROPRIETY OF CHANGE; HEARING.

(a) If a tariff changing rates is filed with the commission, the commission shall, on complaint by an affected person, or may, on its own motion, not later than the 30th day after the effective date of the change, enter on a hearing to determine the propriety of the change.

(b) The commission shall hold a hearing in every case in which the change constitutes a major change. The commission may, however, use an informal proceeding if the commission does not receive a complaint before the 46th day after the date notice of the change is filed.

(c) The commission shall give reasonable notice of the hearing, including notice to the governing body of each affected municipality and county. The utility is not required to provide a formal answer or file any other formal pleading in response to the notice, and the absence of an answer does not affect an order for a hearing.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(c) (part).)

Sec. 53.106. REGIONAL HEARING.

The commission shall hold a regional hearing at an appropriate location in a case in which the commission determines it is in the public interest to hear testimony at a regional hearing for inclusion in the record.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(c) (part).)

Sec. 53.107. PREFERENCE TO HEARING.

The commission shall:

- (1) give preference to a hearing under this subchapter and to deciding questions arising under this subchapter and Subchapter E over any other question pending before it; and
- (2) decide the questions as quickly as possible.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(d) (part).)

Sec. 53.108. RATE SUSPENSION; DEADLINE.

(a) Pending the hearing and a decision, the commission, after delivering to the utility a written statement of the commission's reasons, may suspend the rate change for not longer than 150 days after the date the rate change would otherwise be effective.

(b) The 150-day period prescribed by Subsection (a) shall be extended two days for each day the actual hearing on the merits of the case exceeds 15 days.

(c) If the commission does not make a final determination concerning a rate change before expiration of the suspension period, the commission is considered to have approved the change. This approval is subject to the authority of the commission thereafter to continue a hearing in progress.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(d) (part).)

Sec. 53.109. TEMPORARY RATES.

(a) The commission may establish temporary rates to be in effect during the suspension period under Section 53.108.

(b) If the commission does not establish temporary rates, the rates in effect when the suspended tariff was filed continue in effect during the suspension period.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(d) (part).)

Sec. 53.110. BONDED RATES.

(a) A utility may put a changed rate into effect by filing a bond with the commission if:

- (1) the 150-day suspension period has been extended under Section 53.108(b); and
- (2) the commission fails to make a final determination before the 151st day after the date the rate change would otherwise be effective.

(b) The bonded rate may not exceed the proposed rate.

(c) The bond must be:

- (1) payable to the commission in an amount, in a form, and with a surety approved by the commission; and
- (2) conditioned on refund.

(d) The utility shall refund or credit against future bills:

- (1) money collected under the bonded rates in excess of the rate finally ordered; and
- (2) interest on that money, at the current interest rate as determined by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(e).)

Sec. 53.111. ESTABLISHMENT OF FINAL RATES.

(a) If, after hearing, the commission finds the rates are unreasonable or in violation of law, the commission shall:

- (1) enter an order establishing the rates the utility shall charge or apply for the service in question; and
- (2) serve a copy of the order on the utility.

(b) The rates established in the order shall be observed thereafter until changed as provided by this title.

(c) This section does not apply to a company electing under Chapter 58 or 59 except as otherwise provided by those chapters or by Chapter 60.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(f).)

Sec. 53.112. EXPIRATION OF SUSPENSION; EFFECT ON CERTAIN RATES.

(a) Notwithstanding Section 53.111(a), if the commission does not make a final determination concerning an incumbent local exchange company's rate change before expiration of the 150-day suspension period, the rates finally approved by the commission take effect on and the incumbent local exchange company is entitled to collect those rates from the date the 150-day suspension period expired.

(b) A surcharge or other charge necessary to effectuate this section may not be recovered over a period of less than 90 days from the date of the commission's final order.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(h).)

Sec. 53.113. FCC-APPROVED TARIFFS FOR SWITCHED-ACCESS SERVICE.

(a) An incumbent local exchange company may file with the commission tariffs for switched-access service that have been approved by the Federal Communications Commission. The tariffs must include all rate elements in the company's interstate access tariff other than end-user charges.

(b) Not later than the 60th day after the date a company files tariffs under Subsection (a), the commission shall order the rates and terms to be the incumbent local exchange company's intrastate switched-access rates and terms if, on review, the tariffs contain the same rates and terms, excluding end-user charges, as approved by the Federal Communications Commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(j).)

SUBCHAPTER D. RATE CHANGES PROPOSED BY COMMISSION

Sec. 53.151. UNREASONABLE OR VIOLATIVE EXISTING RATES.

(a) If the commission, on its own motion or on complaint by an affected person, after reasonable notice and hearing, finds that the existing rates of a public utility for a service are unreasonable or in violation of law, the commission shall:

- (1) enter an order establishing the just and reasonable rates to be observed thereafter, including maximum or minimum rates; and

(2) serve a copy of the order on the utility.

(b) The rates established under Subsection (a) constitute the legal rates of the public utility until changed as provided by this title.

(c) This section does not apply to a company electing under Chapter 58 or Chapter 59 except as otherwise provided by those chapters.

(V.A.C.S. Art. 1446c-0, Secs. 3.210(a), (c) (part).)

Sec. 53.152. INVESTIGATING COSTS OF OBTAINING SERVICE FROM ANOTHER SOURCE.

If a public utility does not produce or generate the service that it distributes, transmits, or furnishes to the public for compensation but obtains the service from another source, the commission may investigate the cost of that production or generation in an investigation of the reasonableness of the utility's rates.

(V.A.C.S. Art. 1446c-0, Sec. 3.210(b).)

SUBCHAPTER E. COST RECOVERY AND RATE ADJUSTMENTS

Sec. 53.201. AUTOMATIC ADJUSTMENT FOR CHANGE IN COSTS PROHIBITED.

The commission may not establish a rate or tariff that authorizes a utility to automatically adjust and pass through to the utility's customers a change in the utility's costs.

(V.A.C.S. Art. 1446c-0, Sec 3.211(g) (part).)

Sec. 53.202. ADJUSTMENT FOR CHANGE IN TAX LIABILITY.

(a) The commission, on its own motion or on the petition of a utility, shall provide for the adjustment of the utility's billing to reflect an increase or decrease in the utility's tax liability to this state if the increase or decrease:

- (1) results from Chapter 5, Acts of the 72nd Legislature, 1st Called Session, 1991; and
- (2) is attributable to an activity subject to the commission's jurisdiction.

(b) The commission shall apportion pro rata to each type and class of service provided by the utility any billing adjustment under this section. The adjustment:

(1) remains effective only until the commission alters the adjustment as provided by this section or enters an order for the utility under Subchapter C or Subchapter D.

(c) Each year after an original adjustment, the commission shall:

- (1) review the utility's increase or decrease of tax liability described by Subsection (a)(1); and
- (2) alter the adjustment as necessary to reflect the increase or decrease.

(d) A proceeding under this section is not a rate case under Subchapter C.

(V.A.C.S. Art. 1446c-0, Sec. 3.211(i).)

SUBCHAPTER F. REGULATORY POLICY FOR SMALL INCUMBENT LOCAL EXCHANGE COMPANIES AND COOPERATIVES

Sec. 53.251. GENERAL POLICY.

Regulatory policy should recognize that:

- (1) there are differences between small and large incumbent local exchange companies;
- (2) there are a large number of customer-owned telephone cooperatives and small, locally owned investor companies; and
- (3) it is appropriate to provide incentives and flexibility to allow an incumbent local exchange company that serves a rural area to:
 - (A) provide existing services; and
 - (B) introduce new technology and new services in a prompt, efficient, and economical manner.

(V.A.C.S. Art. 1446c-0, Sec. 3.213(a).)

Sec. 53.252. ADOPTION OF CERTAIN POLICIES.

Notwithstanding any other provision of this title, the commission shall consider and may adopt policies to:

- (1) provide for evaluation of the overall reasonableness of the rates of a rural or small incumbent local exchange company or cooperative not more frequently than once every three years;
- (2) permit consideration of future construction plans and operational changes in evaluating the reasonableness of the rates of a rural or small incumbent local exchange company or cooperative; or
- (3) allow a rural or small incumbent local exchange company or cooperative to:
 - (A) provide required information by report or by other means, as necessary, including a required rate filing package, in substantially less burdensome and complex form than is required of a larger incumbent local exchange company;
 - (B) change depreciation and amortization rates, if customer rates are not affected, after notice to the commission, subject to commission review in a proceeding under Subchapter C or Subchapter D;
 - (C) adopt for a new service the rates for the same or a substantially similar service offered by a larger incumbent local exchange company, without additional cost justification; and
 - (D) submit to the commission, instead of a management audit otherwise required by law, policy, or rule, financial audits regularly performed by an independent auditor or required and performed as a result of the company's or cooperative's participation in a federal or state financing or revenue-sharing program.

(V.A.C.S. Art. 1446c-0, Sec. 3.213(j) (part).)

SUBCHAPTER G. SPECIAL PROCEDURES FOR SMALL LOCAL EXCHANGE COMPANIES AND COOPERATIVES

Sec. 53.301. DEFINITION.

(a) In this subchapter, "minor change" means a change, including the restructuring of rates of existing services, that:

- (1) decreases the rates or revenues of an incumbent local exchange company; or
- (2) together with any other rate or proposed or approved tariff changes in the 12 months preceding the effective date of the proposed change, increases the company's total regulated intrastate gross annual revenues by not more than five percent.

(b) With regard to a change to a basic local access line rate, a "minor change" does not include a change that, together with any other change to the basic local access line rate that took effect during the 12 months preceding the effective date of the proposed change, results in an increase of more than 10 percent.

(V.A.C.S. Art. 1446c-0, Sec. 3.213(h).)

Sec. 53.302. APPLICABILITY.

This subchapter does not apply to an incumbent local exchange company that is a cooperative corporation partially deregulated under Subchapter H.

(V.A.C.S. Art. 1446c-0, Sec. 3.213(l).)

Sec. 53.303. PROVISIONS NOT EXCLUSIVE.

This subchapter does not prohibit:

- (1) an incumbent local exchange company from filing for a new service or rate change under another section of this title; or
- (2) the commission from conducting a review under Subchapter D.

(V.A.C.S. Art. 1446c-0, Sec. 3.213(g).)

Sec. 53.304. PROCEDURE TO OFFER CERTAIN SERVICES OR MAKE MINOR CHANGES.

(a) An incumbent local exchange company may offer an extended local calling service or a new service on an optional basis or make a minor change in its rates or tariffs if the company:

- (1) is a cooperative corporation or has, together with all affiliated incumbent local exchange companies, fewer than 31,000 access lines in service in this state;
- (2) files with the commission and the office a statement of intent, as prescribed by Subsection (b), not later than the 91st day before the effective date of the proposed change;
- (3) provides notice as prescribed by Section 53.305; and
- (4) files with the commission affidavits verifying that notice as prescribed by Section 53.305 was provided.

(b) The statement of intent must include:

- (1) a copy of a resolution adopted by the incumbent local exchange company's board of directors approving the proposed change;
- (2) a description of the services affected by the proposed change;
- (3) a copy of the proposed tariff for the affected service;
- (4) a copy of the customer notice required by Subsection (a)(3);
- (5) the number of access lines the company and each affiliate have in service in this state; and
- (6) the amount by which the company's total regulated intrastate gross annual revenues will increase or decrease as a result of the proposed change.

(V.A.C.S. Art. 1446c-0, Secs. 3.213(b), (c).)

Sec. 53.305. NOTICE TO AFFECTED CUSTOMERS.

(a) A company shall provide notice of a proposed change to affected customers in the manner prescribed by the commission.

(b) Notice must:

(1) be provided not later than the 61st day before the effective date of the proposed change; and

(2) include:

(A) a description of the services affected by the proposed change;

(B) the effective date of the proposed change;

(C) an explanation of the customer's right to petition the commission for a review under Section 53.306, including the number of persons required to petition before a commission review will occur;

(D) an explanation of the customer's right to information concerning how to obtain a copy of the proposed tariff from the company;

(E) the amount by which the company's total regulated intrastate gross annual revenues will increase or decrease as a result of the proposed change; and

(F) a list of rates that are affected by the proposed rate change.

(V.A.C.S. Art. 1446c-0, Sec. 3.213(d).)

Sec. 53.306. COMMISSION REVIEW OF PROPOSED CHANGE.

(a) The commission shall review a proposed change filed under this subchapter if:

(1) the commission receives complaints relating to the proposed change signed by a number of affected local service customers equal at least to the lesser of 1,500 or five percent of those customers;

(2) the commission receives a complaint relating to the proposed change from an affected intrastate access customer, or a group of affected intrastate access customers, that in the preceding 12 months accounted for more than 10 percent of the company's total intrastate gross access revenues;

(3) the proposed change is not a minor change;

(4) the company does not comply with the procedural requirements of this subchapter; or

(5) the proposed change is inconsistent with the commission's substantive policies as expressed in its rules.

(b) The commission may suspend a tariff proposed under this subchapter during the review.

(V.A.C.S. Art. 1446c-0, Secs. 3.213(e), (f).)

Sec. 53.307. COMPLIANCE WITH PRINCIPLES; REDUCED RATES.

A rate established under this subchapter must be in accordance with the rate-setting principles of this chapter, except that a company may provide to its board members, officers, employees, or agents free or reduced rates for services.

(V.A.C.S. Art. 1446c-0, Sec. 3.213(i).)

Sec. 53.308. FEES AND ASSESSMENTS.

The commission may prescribe and collect a fee or assessment from incumbent local exchange companies necessary to recover the cost to the commission and to the office of activities carried out and services provided under:

(1) this subchapter;

(2) Section 53.112;

- (3) Subchapter H; and
- (4) Section 55.004.

(V.A.C.S. Art. 1446c-0, Sec. 3.213(k).)

SUBCHAPTER H. PARTIAL DEREGULATION AVAILABLE TO CERTAIN COOPERATIVE CORPORATIONS

Sec. 53.351. PROVISIONS NOT EXCLUSIVE.

(a) This subchapter does not:

(1) prohibit a cooperative from filing for a new service or a rate change under another applicable provision of this title; or

(2) affect the application of a provision of this title not directly related to:

(A) establishing rates; or

(B) the authority of the commission to require a cooperative to file a report required under this title or the commission's rules.

(b) Notwithstanding any other provision of this subchapter, the commission may conduct a review under Subchapter D.

(V.A.C.S. Art. 1446c-0, Secs. 3.2135(j), (k).)

Sec. 53.352. PARTIAL DEREGULATION BY BALLOT.

(a) An incumbent local exchange company that is a cooperative corporation may vote to partially deregulate the cooperative by sending a ballot to each cooperative member. The incumbent local exchange company may include the ballot in a bill or send the ballot separately. The ballot shall be printed to permit voting for or against the proposition: "Authorizing the partial deregulation of the (name of the cooperative)."

(b) The cooperative is partially deregulated if a majority of the ballots returned to the cooperative not later than the 45th day after the date the ballots are mailed favor deregulation.

(V.A.C.S. Art. 1446c-0, Secs. 3.2135(a), (b).)

Sec. 53.353. VOTING PROCEDURES.

The commission by rule shall prescribe the voting procedures a cooperative must use under this subchapter.

(V.A.C.S. Art. 1446c-0, Sec. 3.2135(i).)

Sec. 53.354. PROCEDURE TO OFFER CERTAIN SERVICES OR MAKE CERTAIN CHANGES.

After the initial balloting, a cooperative may offer extended local calling services, offer new services on an optional basis, or make changes in its rates or tariffs if the cooperative:

(1) files a statement of intent under Section 53.355;

(2) provides notice of the proposed action to each customer and municipality as prescribed by Section 53.356; and

(3) files with the commission affidavits verifying that notice was provided as prescribed by Section 53.357.

(V.A.C.S. Art. 1446c-0, Sec. 3.2135(c).)

Sec. 53.355. STATEMENT OF INTENT.

(a) A cooperative must file a statement of intent to use this subchapter with the commission and the office not later than the 61st day before the effective date of the proposed change.

(b) The statement must include:

- (1) a copy of a resolution, signed by a majority of the members of the cooperative's board of directors, approving the proposed action and authorizing the filing of the statement of intent;
- (2) a description of the services affected by the proposed action;
- (3) a copy of the proposed tariff for the affected service; and
- (4) a copy of the customer notice required by Section 53.356.

(V.A.C.S. Art. 1446c-0, Sec. 3.2135(d).)

Sec. 53.356. NOTICE TO AFFECTED PERSONS.

(a) The cooperative shall provide to each affected customer or party, including a municipality, at least two notices of the proposed action by bill insert or by individual notice.

(b) The cooperative shall provide:

- (1) the first notice not later than the 61st day before the effective date of the proposed action; and
- (2) the last notice not later than the 31st day before the effective date of the proposed action.

(c) A notice prescribed by this section must include:

- (1) a description of the services affected by the proposed action;
- (2) the effective date of the proposed action;
- (3) an explanation of the customer's right to:
 - (A) obtain a copy of the proposed tariff from the cooperative; and
 - (B) petition the commission for a review under Section 53.358;
- (4) a statement of the amount by which the cooperative's total gross annual revenues will increase or decrease and a statement explaining the effect on the cooperative revenues as a result of the proposed action; and
- (5) a list of rates that are affected by the proposed rate action, showing the effect of the proposed action on each of those rates.

(V.A.C.S. Art. 1446c-0, Sec. 3.2135(e).)

Sec. 53.357. FILING OF AFFIDAVITS VERIFYING NOTICE.

Not later than the 15th day before the effective date of a proposed action, the cooperative shall file with the commission affidavits that verify that the cooperative provided each notice required by Section 53.356.

(V.A.C.S. Art. 1446c-0, Sec. 3.2135(f).)

Sec. 53.358. COMMISSION REVIEW OF PROPOSED ACTION.

(a) The commission shall review a proposed action filed under this subchapter if:

(1) the commission receives, not later than the 45th day after the date the first notice is provided under Section 53.356, complaints relating to the proposed action:

(A) signed by at least five percent of the affected local service customers; or

(B) from an affected intrastate access customer, or group of affected intrastate access customers, that in the preceding 12 months accounted for more than 10 percent of the cooperative's total intrastate access revenues;

(2) the cooperative does not comply with the procedural requirements of this subchapter; or

(3) the proposed action is inconsistent with the commission's substantive policies as expressed in its rules.

(b) If the commission conducts a review of the proposed action under this section before the action's effective date, the commission may suspend the proposed action during the review.

(V.A.C.S. Art. 1446c-0, Sec. 3.2135(g).)

Sec. 53.359. REVERSAL OF DEREGULATION BY BALLOT.

(a) A cooperative that is partially deregulated under this subchapter may vote to reverse the deregulation by sending a ballot to each cooperative member.

(b) The cooperative's board of directors may order reballoting on its own motion. If the board receives a written request for that action from at least 10 percent of its members, the board shall reballot not later than the 60th day after the date the board receives that request.

(c) The cooperative may include the ballot in a bill or send the ballot separately. The ballot shall be printed to permit voting for or against the proposition: "Reversing the partial deregulation of the (name of the cooperative)."

(d) The partial deregulation is reversed if a majority of the ballots returned to the cooperative not later than the 45th day after the date the ballots are mailed favor reversal.

(V.A.C.S. Art. 1446c-0, Sec. 3.2135(h).)

CHAPTER 54. CERTIFICATES

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 54.001. CERTIFICATE REQUIRED.

A person may not provide local exchange telephone service, basic local telecommunications service, or switched access service unless the person obtains a:

- (1) certificate of convenience and necessity;
- (2) certificate of operating authority; or
- (3) service provider certificate of operating authority.

(V.A.C.S. Art. 1446c-0, Sec. 3.251(c).)

Sec. 54.002. EXCEPTIONS TO CERTIFICATE REQUIREMENT FOR SERVICE EXTENSION.

(a) A telecommunications utility is not required to obtain a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority for an:

- (1) extension into territory that is:
 - (A) contiguous to the territory the telecommunications utility serves;
 - (B) not receiving similar service from another telecommunications utility; and
 - (C) not in another telecommunications utility's certificated area;
- (2) extension in or to territory the telecommunications utility serves or is authorized to serve under a certificate of public convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority; or
- (3) operation, extension, or service in progress on September 1, 1975.

(b) An extension allowed by Subsection (a) is limited to a device used:

- (1) to interconnect existing facilities; or
- (2) solely to transmit telecommunications utility services from an existing facility to a customer of retail utility service.

(V.A.C.S. Art. 1446c-0, Secs. 3.252(a) (part), (b).)

Sec. 54.003. EXCEPTIONS TO CERTIFICATE REQUIREMENT FOR CERTAIN SERVICES.

A telecommunications utility is not required to obtain a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority for:

- (1) an interexchange telecommunications service;
- (2) a nonswitched private line service;
- (3) a shared tenant service;
- (4) a specialized communications common carrier service;
- (5) a commercial mobile service; or
- (6) an operator service as defined by Section 55.081.

(V.A.C.S. Art. 1446c-0, Sec. 3.252(a) (part).)

Sec. 54.004. RELINQUISHMENT PLAN.

A holder of a service provider certificate of operating authority who applies for a certificate of operating authority or a certificate of convenience and necessity for the same territory must include with the application a plan to relinquish the service provider certificate of operating authority.

(V.A.C.S. Art. 1446c-0, Sec. 3.2532(e) (part).)

Sec. 54.005. NOTICE OF AND HEARING ON APPLICATION.

(a) When an application for a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority is filed, the commission shall:

- (1) give notice of the application to interested parties; and
- (2) if requested:
 - (A) set a time and place for a hearing; and
 - (B) give notice of the hearing.

(b) A person interested in the application may intervene at the hearing.

(V.A.C.S. Art. 1446c-0, Secs. 3.2531(b) (part), 3.254(a).)

Sec. 54.006. REQUEST FOR PRELIMINARY ORDER.

(a) A telecommunications utility that wants to exercise a right or privilege under a franchise or permit that the utility anticipates obtaining but has not been granted may apply to the commission for a preliminary order under this section.

(b) The commission may issue a preliminary order declaring that the commission, on application and under commission rules, will grant the requested certificate of convenience and necessity, certificate of operating authority, or service provider certificate of operating authority, on terms the commission designates, after the telecommunications utility obtains the franchise or permit.

(c) The commission shall grant the certificate on presentation of evidence satisfactory to the commission that the telecommunications utility has obtained the franchise or permit.

(V.A.C.S. Art. 1446c-0, Sec. 3.257.)

Sec. 54.007. FLEXIBILITY PLAN.

(a) After the commission grants an application for a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority or determines that a certificate is not needed for the applicant to provide the relevant services, the commission shall conduct appropriate proceedings to establish a transitional flexibility plan for the incumbent local exchange company in the same area or areas as the new certificate holder.

(b) A basic local telecommunications service price of the incumbent local exchange company may not be increased before the fourth anniversary of the date the certificate is granted to the applicant except that the price may be increased as provided by this title.

(V.A.C.S. Art. 1446c-0, Sec. 3.2571.) (Amended by Acts 1999 76th Leg., R.S., ch. 1212 (SB 560) § 15.)

Sec. 54.008. REVOCATION OR AMENDMENT OF CERTIFICATE.

(a) The commission may revoke or amend a certificate of convenience and necessity, a certificate of operating authority or a service provider certificate of operating authority after notice and hearing if the

commission finds that the certificate holder has never provided or is no longer providing service in all or any part of the certificated area.

(b) The commission may require one or more public utilities to provide service in an area affected by the revocation or amendment of a certificate held by a public utility.

(V.A.C.S. Art. 1446c-0, Sec. 3.263.)

SUBCHAPTER B. CERTIFICATE OF CONVENIENCE AND NECESSITY

Sec. 54.051. DEFINITION.

In this subchapter, "certificate" means a certificate of convenience and necessity.

(Acts 1997, 75th Leg., ch. 166 § 1, eff. Sept. 1, 1997.)

Sec. 54.052. CERTIFICATE REQUIRED FOR PUBLIC UTILITY.

(a) A public utility may not directly or indirectly provide service to the public under a franchise or permit unless the utility first obtains from the commission a certificate that states that the public convenience and necessity requires or will require the installation, operation, or extension of the service.

(b) Except as otherwise provided by this chapter, a public utility may not furnish or make available retail public utility service to an area in which retail utility service is being lawfully furnished by another public utility unless the utility first obtains a certificate that includes the area in which the consuming facility is located.

(V.A.C.S. Art. 1446c-0, Secs. 3.251(a), (b).)

Sec. 54.053. APPLICATION FOR CERTIFICATE.

(a) A public utility that wants to obtain or amend a certificate must submit an application to the commission.

(b) The applicant shall file with the commission evidence the commission requires to show the applicant has received the consent, franchise, or permit required by the proper municipal or other public authority.

(V.A.C.S. Art. 1446c-0, Secs. 3.253(a), (c).)

Sec. 54.054. GRANT OR DENIAL OF CERTIFICATE.

(a) The commission may approve an application and grant a certificate only if the commission finds that the certificate is necessary for the service, accommodation, convenience, or safety of the public.

(b) The commission may:

- (1) grant the certificate as requested;
- (2) grant the certificate for the construction of a portion of the requested system, facility, or extension or the partial exercise of the requested right or privilege; or
- (3) refuse to grant the certificate.

(c) The commission shall grant each certificate on a nondiscriminatory basis after considering:

- (1) the adequacy of existing service;
- (2) the need for additional service;

(3) the effect of granting the certificate on the recipient of the certificate and any public utility of the same kind serving the proximate area; and

(4) other factors, such as:

(A) community values;

(B) recreational and park areas;

(C) historical and aesthetic values;

(D) environmental integrity; and

(E) the probable improvement of service or lowering of cost to consumers in the area if the certificate is granted.

(V.A.C.S. Art. 1446c-0, Secs. 3.254(b), (c).)

SUBCHAPTER C. CERTIFICATE OF OPERATING AUTHORITY

Sec. 54.101. DEFINITION.

In this subchapter, "certificate" means a certificate of operating authority.

(Acts 1997, 75th Leg., R.S., ch. 166 (SB 1751) § 1, eff. Sept. 1, 1997.)

Sec. 54.102. APPLICATION FOR CERTIFICATE.

(a) A person may apply for a certificate of operating authority.

(b) The applicant must file with the application a sworn statement that the applicant has applied for each municipal consent, franchise, or permit required for the type of services and facilities for which the applicant has applied.

(c) An affiliate of a person holding a certificate of convenience and necessity may hold a certificate of operating authority if the holder of the certificate of convenience and necessity is in compliance with federal law and Federal Communications Commission rules governing affiliates and structural separation. An affiliate of a person holding a certificate of convenience and necessity may not directly or indirectly sell to a non-affiliate any regulated product or service purchased from the person holding a certificate of convenience and necessity at any rate or price less than the price paid to the person holding a certificate of convenience and necessity.

(d) A person may hold a certificate for all or any portion of a service area for which one or more affiliates of the person holds a certificate of operating authority, a service provider certificate of operating authority, or a certificate of convenience and necessity.

(e) An affiliate of a company that holds a certificate of convenience and necessity and that serves more than five million access lines in this state may hold a certificate of operating authority or service provider certificate of operating authority to provide service in an area of this state in which its affiliated company is the incumbent local exchange company. However, the affiliate holding the certificate of operating authority or service provider certificate of operating authority may not provide in that area any service listed in Sections 58.051(a)(1)-(4) or Sections 58.151(1)-(4), or any subset of those services, in a manner that results in a customer-specific contract so long as the affiliated company that is the incumbent local exchange company may not provide those services or subsets of services in a manner that results in a customer-specific contract under Section 58.003 in that area. This subsection does not preclude an affiliate of a company holding a certificate of convenience and necessity from holding a certificate of operating authority in any area of this state to provide advanced services as defined by rules or orders of the Federal

Communications Commission, or preclude such an advanced services affiliate from using any form of pricing flexibility, with regard to services other than those subject to the restrictions provided by this subsection. This subsection does not preclude a long distance affiliate from using any form of pricing flexibility with regard to services other than those services subject to the restrictions provided by this subsection. In addition, the affiliate holding the certificate of operating authority or service provider certificate of operating authority may not offer, in an area for which the affiliated incumbent local exchange company holds a certificate of convenience and necessity, a service listed in Sections 58.151(1)-(4) as a component of a package of services, as a promotional offering, or with a volume or term discount until the affiliated incumbent local exchange company may offer those services in pricing flexibility offerings in accordance with Section 58.004, unless the customer of one of these pricing flexibility offerings is a federal, state, or local governmental entity.

(f) The commission has the authority to enforce this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.2531(a), (c) (part), 3.2555(a) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 16.)

Sec. 54.103. GRANT OR DENIAL OF CERTIFICATE.

(a) The commission must grant or deny a certificate not later than the 60th day after the date the application for the certificate is filed. The commission may extend the deadline on good cause shown.

(b) The commission shall grant each certificate on a nondiscriminatory basis after considering factors such as:

- (1) the technical and financial qualifications of the applicant; and
- (2) the applicant's ability to meet the commission's quality of service requirements.

(c) In an exchange of an incumbent local exchange company that serves fewer than 31,000 access lines, in addition to the factors described by Subsection (b), the commission shall consider:

- (1) the effect of granting the certificate on a public utility serving the area and on that utility's customers;
- (2) the ability of that public utility to provide adequate service at reasonable rates;
- (3) the effect of granting the certificate on the ability of that public utility to act as the provider of last resort; and
- (4) the ability of the exchange, not the company, to support more than one provider of service.

(d) Except as provided by Subsections (e) and (f), the commission may grant an application for a certificate only for an area or areas that are contiguous and reasonably compact and cover an area of at least 27 square miles.

(e) In an exchange in a county that has a population of less than 500,000 and that is served by an incumbent local exchange company that has more than 31,000 access lines, an area covering less than 27 square miles may be approved if the area is contiguous and reasonably compact and has at least 20,000 access lines.

(f) In an exchange of a company that serves fewer than 31,000 access lines in this state, the commission may grant an application only for an area that has boundaries similar to the boundaries of the serving central office that is served by the incumbent local exchange company that holds the certificate of convenience and necessity for the area.

(g) The commission may not grant a certificate in an exchange of an incumbent local exchange company that serves fewer than 31,000 access lines. The commission shall require an applicant to meet the other appropriate certification provisions of this chapter. This subsection expires September 1, 1998.

(V.A.C.S. Art. 1446c-0, Secs. 3.2531(e), (f) (part), (g), (h).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 16.)

Sec. 54.104. TIME OF SERVICE REQUIREMENTS.

(a) The commission by rule may prescribe the period within which a certificate holder must be able to serve customers.

(b) Notwithstanding Subsection (a), a certificate holder must serve a customer in the build-out area not later than the 30th day after the date the customer requests service.

(V.A.C.S. Art. 1446c-0, Sec. 3.2531(c) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 16.)

Sec. 54.105. PENALTY FOR VIOLATION OF TITLE.

If a certificate holder fails to comply with a requirement of this title, the commission may:

- (1) revoke the holder's certificate;
- (2) impose against the holder administrative penalties under Subchapter B, Chapter 15; or
- (3) take another action under Subchapter B, Chapter 15.

(V.A.C.S. Art. 1446c-0, Sec. 3.2531(k).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 16.)

**SUBCHAPTER D. SERVICE PROVIDER CERTIFICATE OF OPERATING
AUTHORITY**

Sec. 54.151. DEFINITION.

In this subchapter, "certificate" means a service provider certificate of operating authority.

(Acts 1997, 75th Leg., ch. 166, § 1, eff. Sept. 1, 1997.)

Sec. 54.152. LIMITATION ON GRANT OF CERTIFICATE.

The commission may not grant a certificate to a holder of a:

- (1) certificate of convenience and necessity for the same territory; or
- (2) certificate of operating authority for the same territory.

(V.A.C.S. Art. 1446c-0, Sec. 3.2532(e) (part).)

Sec. 54.153. ELIGIBILITY FOR CERTIFICATE.

(a) A company is not eligible to obtain a certificate under this subchapter if the company, together with affiliates, had more than six percent of the total intrastate switched access minutes of use as measured for the most recent 12-month period:

- (1) that precedes the date the application is filed; and
- (2) for which the access information is available.

(b) The commission shall obtain information necessary to determine eligibility from the incumbent local exchange telephone companies and the applicant.

(c) The commission shall certify eligibility not later than the 10th day after the date the application is filed.

(d) In this section:

(1) "Affiliate" means an entity that, directly or indirectly, owns or controls, is owned or controlled by, or is under common ownership or control with a company that applies for a certificate under this subchapter.

(2) "Control" means to exercise substantial influence over the policies and actions of another.

(V.A.C.S. Art. 1446c-0, Secs. 3.2532(b) (part), (h).)

Sec. 54.154. APPLICATION FOR CERTIFICATE.

(a) The commission may grant a certificate to encourage an innovative, competitive, and entrepreneurial business to provide telecommunications services.

(b) An applicant for a certificate must:

(1) file with the application:

(A) a sworn statement that the applicant has applied for each municipal consent, franchise, or permit required for the type of services and facilities for which the applicant has applied; and

(B) a description of the services the applicant will provide;

(2) show the areas in which the applicant will provide the services;

(3) demonstrate that the applicant has the financial and technical ability to provide services; and

(4) demonstrate that the services will meet the requirements of this subchapter.

(V.A.C.S. Art. 1446c-0, Secs. 3.2532(a), (c); 3.2555(a) (part).)

Sec. 54.155. GRANT OR DENIAL OF CERTIFICATE.

(a) The commission must grant or deny a certificate not later than the 60th day after the date the application for the certificate is filed. The commission may extend the deadline on good cause shown.

(b) The commission shall grant each certificate on a nondiscriminatory basis after considering factors such as:

(1) the technical and financial qualifications of the applicant; and

(2) the applicant's ability to meet the commission's quality of service requirements.

(V.A.C.S. Art. 1446c-0, Sec. 3.2532(b) (part).)

Sec. 54.156. RESALE OF SERVICES.

(a) A certificate holder may obtain services under the resale tariffs approved by the commission under Subchapter C, Chapter 60, except in a certificated area of a company that serves fewer than 31,000 access lines.

(b) A certificate holder may obtain for resale the monthly recurring flat rate local exchange telephone service and associated nonrecurring charges, including any mandatory extended area service, of an incumbent local exchange company at a five percent discount to the tariffed rate.

(c) The incumbent local exchange company shall sell a feature service that may be provided to a customer in conjunction with local exchange service at a five percent discount to the tariffed rate, including any associated nonrecurring charge for those services, provided that the incumbent local exchange company shall make available to a certificate holder, at an additional five percent discount, any discounts made available to customers of the incumbent local exchange company who are similarly situated to the customers of the certificate holder. In this subsection "feature service" includes:

(1) toll restriction;

(2) call control options;

(3) tone dialing;

- (4) custom calling; and
- (5) caller identification.

(d) A certificate holder and an incumbent local exchange company may agree to a rate lower than the tariffed rate or discounted rate.

(e) The five percent discounts provided by this section do not apply in an exchange of a company that has fewer than 31,000 access lines in this state.

(f) If the tariffed rate for a resold service changes, the five percent discount prescribed by this section applies to the changed rate. The commission may not, for certificate holders, create a special class for purposes of resold services.

(g) A certificate holder:

(1) may not use a resold flat rate local exchange telephone service to avoid the rates and terms of an incumbent local exchange company's tariffs;

(2) may not terminate both flat rate local exchange telephone service and services obtained under the resale tariff approved under Section 60.041 on the same end user customer's premises;

(3) may not use resold flat rate local exchange telephone services to provide access services to another interexchange carrier, cellular carrier, competitive access provider, or retail telecommunications provider, but may permit customers to use resold local exchange telephone services to access such a carrier or provider;

(4) may sell the flat rate local exchange telephone service only to the same class of customers to which the incumbent local exchange company sells that service;

(5) may obtain services offered by or negotiated with a holder of a certificate of convenience and necessity or a certificate of operating authority; and

(6) may obtain for resale single or multiple line flat rate intraLATA calling service when provided by the local exchange company at the tariffed rate for online digital communications.

(V.A.C.S. Art. 1446c-0, Sec. 3.2532(d) (part).)

Sec. 54.157. OPTIONAL EXTENDED AREA SERVICE OR EXPANDED LOCAL CALLING SERVICE.

(a) A certificate holder may purchase for resale:

- (1) optional extended area service; and
- (2) expanded local calling service.

(b) The purchase of optional extended area service and expanded local calling service may not be discounted.

(V.A.C.S. Art. 1446c-0, Sec. 3.2532(d) (part).)

Sec. 54.158. INTERFERENCE WITH RESOLD SERVICES PROHIBITED.

An incumbent local exchange company may not:

- (1) delay providing or maintaining a service provided under this subchapter;
- (2) degrade the quality of access the company provides to another provider;
- (3) impair the speed, quality, or efficiency of a line used by another provider;

(4) fail to fully disclose in a timely manner after a request all available information necessary for a certificate holder to provide resale services; or

(5) refuse to take a reasonable action to allow a certificate holder efficient access to the company's ordering, billing, or repair management system.

V.A.C.S. Art. 1446c-0, Sec. 3.2532(g).)

Sec. 54.159. RETENTION OF ACCESS SERVICE AND INTRALATA TOLL SERVICE.

An incumbent local exchange company that sells flat rate local exchange telephone service to a certificate holder may retain all access service and "1-plus" intraLATA toll service that originates over the resold flat rate local exchange telephone service.

(V.A.C.S. Art. 1446c-0, Sec. 3.2532(f).)

SUBCHAPTER E. MUNICIPALITIES

Sec. 54.201. CERTIFICATION PROHIBITED.

The commission may not grant to a municipality a:

- (1) certificate of convenience and necessity;
- (2) certificate of operating authority; or
- (3) service provider certificate of operating authority.

(V.A.C.S. Art. 1446c-0, Sec. 3.251(d) (part).)

Sec. 54.202. PROHIBITED MUNICIPAL SERVICES.

(a) A municipality or municipal electric system may not offer for sale to the public:

(1) a service for which a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority is required; or

(2) a nonswitched telecommunications service used to connect a customer's premises with:

- (A) another customer's premises within the exchange; or
- (B) a long distance provider that serves the exchange.

(b) Subsection (a) applies to a service offered either directly or indirectly through a telecommunications provider.

(c) This section may not be construed to prevent a municipally owned utility from providing to its energy customers, either directly or indirectly, any energy related service involving the transfer or receipt of information or data concerning the use, measurement, monitoring, or management of energy utility services provided by the municipally owned utility, including services such as load management or automated meter reading.

(V.A.C.S. Art. 1446c-0, Sec. 3.251(d) (part).) (Amended by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 5 (added subsection (c).)

Sec. 54.2025. LEASE OF FIBER OPTIC CABLE FACILITIES.

Nothing in this subchapter shall prevent a municipality, or a municipal electric system that is a member of a municipal power agency formed under Chapter 163 by adoption of a concurrent resolution by the participating municipalities on or before August 1, 1975, from leasing any of the excess capacity of its

fiber optic cable facilities (dark fiber), so long as the rental of the fiber facilities is done on a nondiscriminatory, nonpreferential basis.

(Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 17.)

Sec. 54.203. SERVICE IN ANNEXED OR INCORPORATED AREA.

(a) If an area is or will be included within a municipality as the result of annexation, incorporation, or another reason, each telecommunications utility that holds or is entitled to hold a certificate under this title to provide service or operate a facility in the area before the inclusion has the right to continue to provide the service or operate the facility and extend service in the utility's certificated area within the annexed or incorporated area under the rights granted by the certificate and this title.

(b) Notwithstanding any other law, a certificated telecommunications utility has the right to:

- (1) continue and extend service within the utility's certificated area; and
- (2) use roads, streets, highways, alleys, and public property to furnish retail utility service.

(c) The governing body of a municipality may require a certificated telecommunications utility to relocate the utility's facility at the utility's expense to permit the widening or straightening of a street by:

- (1) giving the utility 30 days' notice; and
- (2) specifying the new location for the facility along the right-of-way of the street.

(d) This section does not limit the power of a city, town, or village to incorporate or of a municipality to extend its boundaries by annexation.

(V.A.C.S. Art. 1446c-0, Sec. 3.255.)

Sec. 54.204. DISCRIMINATION BY MUNICIPALITY PROHIBITED.

(a) Notwithstanding Section 14.008, a municipality or a municipally owned utility may not discriminate against a certificated telecommunications telecommunications provider regarding:

- (1) the authorization or placement of a facility in a public right-of-way;
- (2) access to a building; or
- (3) a municipal utility pole attachment rate or term.

(b) In granting consent, a franchise, or a permit for the use of a public street, alley, or right-of-way within its municipal boundaries, a municipality or municipally owned utility may not discriminate in favor of or against a certificated telecommunications provider regarding:

- (1) municipal utility pole attachment or underground conduit rates or terms; or
- (2) the authorization, placement, replacement, or removal of a facility in a public right-of-way and the reasonable compensation for the authorization, placement, replacement, or removal regardless of whether the compensation is in the form of:
 - (A) money;
 - (B) services;
 - (C) use of facilities; or
 - (D) another kind of consideration.

(c) A municipally or a municipally owned utility may not charge any entity, regardless of the nature of the services provided by that entity, a pole attachment rate or underground conduit rate that exceeds the fee

the municipality or municipally owned utility would be permitted to charge under rules adopted by the Federal Communications commission under 47 U.S.C. section 224(e) if the municipality's or municipally owned utility's rates were regulated under federal law and the rules of the Federal Communications Commission. In addition, not later than September 1, 2006, a municipality or municipally owned utility shall charge a single, uniform pole attachment or underground conduit rate to all entities that are not affiliated with the municipality or municipally owned utility regardless of the services carried over the networks attached to the poles or underground conduit.

(d) Notwithstanding any other law, the commission has the jurisdiction necessary to enforce this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.2555(a) (part), (b), (e).) (Amended by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 6 (amended subsections (a), (b), (c)).)

Sec. 54.205. MUNICIPALITY'S RIGHT TO CONTROL ACCESS.

This title does not restrict a municipality's historical right to control and receive reasonable compensation for access to the municipality's public streets, alleys, or rights-of-way or to other public property.

(V.A.C.S. Art. 1446c-0, Sec. 3.2555(f).)

Sec. 54.206. RECOVERY OF MUNICIPAL FEE.

(a) A holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority has the right to collect a fee that a municipality imposes under Section 54.204 or 54.205 through a pro rata charge to the customers in the boundaries of the municipality.

(b) The charge may be shown on the customer's bill as a separate line item.

(V.A.C.S. Art. 1446c-0, Sec. 3.2555(h).)

SUBCHAPTER F. REGULATION OF SERVICES, AREAS, AND FACILITIES

Sec. 54.251. PROVISION OF SERVICE.

(a) Except as provided by this section, Section 54.252, Section 54.253, and Section 54.254, a telecommunications utility that holds a certificate of convenience and necessity or a certificate of operating authority shall:

- (1) offer all basic local telecommunications services to each customer in the utility's certificated area; and
- (2) provide continuous and adequate service in that area.

(b) Except as specifically determined otherwise by the commission under this subchapter or Subchapter G, the holder of a certificate of convenience and necessity, or the holder of a certificate of operating authority issued under Chapter 65, for an area has the obligations of a provider of last resort regardless of whether another provider has a certificate of operating authority or service provider certificate of operating authority for that area.

(c) A certificate holder may meet the holder's provider of last resort obligations using any available technology. Notwithstanding any provision of Chapter 56, the commission may adjust disbursements from the universal service fund to companies using technologies other than traditional wireline or landline technologies to meet provider of last resort obligations. As determined by the commission, the certificate holder shall meet minimum quality of service standards, including standards for 911 service, comparable to

those established for traditional wireline or landline technologies and shall offer services at a price comparable to the monthly service charge for comparable services in that exchange or the provider's nearest exchange.

(V.A.C.S. Art. 1446c-0, Sec. 3.258(a).) (Amended by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 1; Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 7 (amended subsection (b) and added subsection (c)).)

Sec. 54.252. GROUNDS FOR REDUCTION OF SERVICE BY HOLDER OF CERTIFICATE OF CONVENIENCE AND NECESSITY.

(a) Except to the extent otherwise ordered by the commission in accordance with the subchapter, the holder of a certificate of convenience and necessity may not discontinue, reduce, or impair service to any part of the holder's certificated service area except for:

- (1) nonpayment of charges;
- (2) nonuse; or
- (3) another similar reason that occurs in the usual course of business.

(b) A discontinuance, reduction, or impairment of service must be in compliance with and is subject to any condition or restriction the commission prescribes.

(V.A.C.S. Art. 1446c-0, Secs. 3.258(b), (c).) (Amended by Acts of 2003, 78th Leg., R.S., ch.76 (SB 1829) § 2.)

Sec. 54.253. DISCONTINUATION OF SERVICE BY CERTAIN CERTIFICATE HOLDERS.

(a) A telecommunications utility that holds a certificate of operating authority or a service provider certificate of operating authority may:

- (1) cease operations in the utility's certificated area; or
- (2) discontinue an optional service that is not essential to providing basic local telecommunications service.

(b) Before the telecommunications utility ceases operations or discontinues an optional service, the utility, in the manner required by the commission, must give notice of the intended action to:

- (1) the commission;
- (2) each affected customer;
- (3) the Commission on State Emergency Communications;
- (4) the office; and
- (5) each wholesale provider of telecommunications facilities or services from which the utility has purchased facilities or services.

(c) The telecommunications utility is entitled to discontinue an optional service on or after the 61st day after the date the utility gives the notice.

(d) The telecommunications utility may not cease operations in its certificated area unless the commission authorizes the utility to cease operations and:

- (1) another provider of basic local telecommunications services has adequate facilities and capacity to serve the customers in the certificated area; and
- (2) the utility is an "exiting utility," as that term is defined by Section 54.301, no other telecommunications utility has facilities sufficient to provide basic local telecommunications service in

the defined geographic area, and the utility acts in good faith to provide for a transition of the utility's existing basic local telecommunications service customers to another holder of a certificate for that area.

(e) The commission may not authorize the telecommunications utility to cease operations under Subsection (d) before the 61st day after the date the utility gives the notice required by Subsection (b). Unless the commission receives a complaint from an affected person, the commission may enter an order under this subsection administratively.

(V.A.C.S. Art. 1446c-0, Sec. 3.2595.) (Amended by Acts of 2003, 78th Leg., R.S., ch.76 (SB 1829) § 3.)

Sec. 54.254. REQUIRED REFUSAL OF SERVICE.

A holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority shall refuse to serve a customer in the holder's certificated area if the holder is prohibited from providing the service under Section 212.012, 232.029, or 232.0291, Local Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 3.259.) (Amended by Acts 2005, 79th Leg., R.S., ch. 708 (SB 425) § 14.)

Sec. 54.255. TRANSFER OF CERTAIN CERTIFICATES.

(a) A telecommunications utility may sell, assign, or lease a certificate of convenience and necessity or a certificate of operating authority or a right obtained under such a certificate if the commission determines that the purchaser, assignee, or lessee can provide adequate service.

(b) The sale, assignment, or lease of a certificate or a right is subject to conditions the commission prescribes.

(V.A.C.S. Art. 1446c-0, Sec. 3.260.)

Sec. 54.256. APPLICATION OF CONTRACTS.

A contract approved by the commission between telecommunications utilities that designates areas and customers to be served by the utilities:

- (1) is valid and enforceable; and
- (2) shall be incorporated into the appropriate areas of certification.

(V.A.C.S. Art. 1446c-0, Sec. 3.256.)

Sec. 54.257. INTERFERENCE WITH ANOTHER TELECOMMUNICATIONS UTILITY.

If a telecommunications utility constructing or extending the utility's lines, plant, or system interferes or attempts to interfere with the operation of a line, plant, or system of another utility, the commission by order may:

- (1) prohibit the construction or extension; or
- (2) prescribe terms for locating the affected lines, plants, or systems.

(V.A.C.S. Art. 1446c-0, Sec. 3.261.)

Sec. 54.258. MAPS.

A public utility shall file with the commission one or more maps that show each utility facility and that separately illustrate each utility facility for transmission or distribution of the utility's services on a date the commission orders.

(V.A.C.S. Art. 1446c-0, Sec. 3.253(b).)

Sec. 54.259. DISCRIMINATION BY PROPERTY OWNER PROHIBITED.

(a) If a telecommunications utility holds a consent, franchise, or permit as determined to be the appropriate grants of authority by the municipality and holds a certificate if required by this title, a public or private property owner may not:

- (1) prevent the utility from installing on the owner's property a telecommunications service facility a tenant requests;
- (2) interfere with the utility's installation on the owner's property of a telecommunications service facility a tenant requests;
- (3) discriminate against such a utility regarding installation, terms, or compensation of a telecommunications service facility to a tenant on the owner's property;
- (4) demand or accept an unreasonable payment of any kind from a tenant or the utility for allowing the utility on or in the owner's property; or
- (5) discriminate in favor of or against a tenant in any manner, including rental charge discrimination, because of the utility from which the tenant receives a telecommunications service.

(b) Subsection (a) does not apply to an institution of higher education. In this subsection, "institution of higher education" means:

- (1) an institution of higher education as defined by Section 61.003, Education Code; or
- (2) a private or independent institution of higher education as defined by Section 61.003, Education Code.

(c) Notwithstanding any other law, the commission has the jurisdiction to enforce this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.2555(c), (e), (g).)

Sec. 54.260. PROPERTY OWNER'S CONDITIONS.

(a) Notwithstanding Section 54.259, if a telecommunications utility holds a municipal consent, franchise, or permit as determined to be the appropriate grant of authority by the municipality and holds a certificate if required by this title, a public or private property owner may:

- (1) impose a condition on the utility that is reasonably necessary to protect:
 - (A) the safety, security, appearance, and condition of the property; and
 - (B) the safety and convenience of other persons;
- (2) impose a reasonable limitation on the time at which the utility may have access to the property to install a telecommunications service facility;
- (3) impose a reasonable limitation on the number of such utilities that have access to the owner's property, if the owner can demonstrate a space constraint that requires the limitation;
- (4) require the utility to agree to indemnify the owner for damage caused installing, operating, or removing a facility;
- (5) require the tenant or the utility to bear the entire cost of installing, operating, or removing a facility; and
- (6) require the utility to pay compensation that is reasonable and nondiscriminatory among such telecommunications utilities.

(b) Notwithstanding any other law, the commission has the jurisdiction to enforce this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.2555(d), (e).)

Sec. 54.261. SHARED TENANT SERVICES CONTRACT.

Sections 54.259 and 54.260 do not require a public or private property owner to enter into a contract with a telecommunications utility to provide shared tenant services on a property.

(V.A.C.S. Art. 1446c-0, Sec. 3.2555(I).)

SUBCHAPTER G. PROVIDER OF LAST RESORT

Sec. 54.301. DEFINITIONS.

In this subchapter:

(1) “Exiting utility” means a telecommunications utility that:

(A) holds a certificate of operating authority or a service provider certificate of operating authority;

(B) is the predominant provider of basic local telecommunications service in a defined geographic area and provides those services using the utility's own facilities; and

(C) ceases operations in all or part of the utility's certificated service area under Section 54.253 or 54.303.

(2) “Provider of last resort” means a certificated telecommunications utility that must offer basic local telecommunications service throughout a defined geographic area.

(3) “Successor utility” means a telecommunications utility that holds a certificate of convenience and necessity, certificate of operating authority, or service provider certificate of operating authority, and that is or is designated to become the provider of last resort for the defined geographic area previously served by an exiting utility.

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 4.)

Sec. 54.3015. APPLICABILITY OF SUBCHAPTER.

This subchapter applies to a holder of a certificate of operating authority issued under Chapter 65 in the same manner and to the same extent this subchapter applies to a holder of a certificate of convenience and necessity.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 8.)

Sec. 54.302. PROVIDER OF LAST RESORT; FACILITIES-BASED PROVIDERS.

(a) Notwithstanding any other provision of this title, if a telecommunications utility installs facilities to serve customers located in a defined geographic area to provide telecommunications services, including basic local telecommunications service, before the holder of the certificate of convenience and necessity installs facilities to serve customers located in that defined geographic area, the holder of the certificate of convenience and necessity may petition the commission for an order relieving the utility of the utility's designation as the provider of last resort in that defined geographic area.

(b) The commission shall relieve the holder of the certificate of convenience and necessity of the obligations of service as the provider of last resort for the defined geographic area, and the commission shall designate the facilities-based telecommunications utility as the provider of last resort if the commission determines that:

(1) the holder of the certificate of convenience and necessity does not have facilities in place to provide basic local telecommunications service to all customers within that defined geographic area;

(2) another certificated telecommunications utility has installed facilities adequate to provide that service throughout that area; and

(3) the public interest would be served by transferring the provider of last resort obligations for that area.

(c) The commission shall complete proceedings necessary to make the determinations prescribed by this section not later than the 91st day after the date the petition is filed under Subsection (a).

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 4.)

Sec. 54.303. SUCCESSOR TELECOMMUNICATIONS UTILITY WHEN NO SUFFICIENT FACILITIES EXIST.

(a) When the commission obtains notice as required under Section 54.253 or otherwise that a utility intends to become an exiting utility and no other telecommunications utility has facilities sufficient to provide basic local telecommunications service in that defined geographic area, the commission shall open a contested case proceeding to determine:

(1) the identity of the successor utility under this section; and

(2) the amount of universal service funding under Subchapter G, Chapter 56, to be made available to the successor utility.

(b) On designation as the successor utility under this section, the commission, if applicable, shall provide to the successor utility:

(1) a reasonable time, in accordance with industry practices and not subject to otherwise applicable commission service quality rules or standards, to modify, construct, or obtain facilities necessary to serve the customers of the exiting telecommunications utility; and

(2) an exemption on a transitional basis from any obligation to unbundle the utility's network elements or to provide service for resale within that defined geographic area for nine months or another reasonable period the commission may authorize as necessary to modify the utility's network to provide that unbundling or resale.

(c) A customer within the defined geographic area to be served by the successor utility is considered to have applied for service from the successor utility on the effective date of that designation by the commission. Each right, privilege, and obligation of being a customer of the successor utility applies to that customer and the customer is subject to the successor utility's applicable terms of service as specified in an applicable tariff or contract.

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 4.)

Sec. 54.304. ABANDONMENT OR CESSATION BY FACILITIES-BASED PROVIDER; EMERGENCY RESTORATION.

(a) The commission, on its own motion or on the petition of an interested party, may institute an expedited proceeding under this section if the commission finds that:

(1) a holder of a certificate of operating authority or service provider certificate of operating authority is the predominant provider of basic local telecommunications service in a defined geographic area and the utility provides that service using the utility's own facilities;

(2) no other telecommunications utility has facilities sufficient to provide basic local telecommunications service in that defined geographic area; and

(3) the holder of the certificate of operating authority or service provider certificate of operating authority has:

(A) ceased providing basic local telecommunications service to the utility's customers in that defined geographic area; or

(B) abandoned the operation of the utility's facilities in the defined geographic area that are used to provide basic local telecommunications service.

(b) In a proceeding under this section, the commission may declare that an emergency exists and issue any order necessary to protect the health, safety, and welfare of affected customers of the utility and to expedite the restoration and continuation of basic local telecommunications service to those customers. An order issued by the commission under this subsection may include an order to:

(1) provide for a temporary arrangement for operation of the utility's facilities by an uncertificated entity that agrees to provide service;

(2) authorize one or more third parties to enter the premises of the abandoned facilities; or

(3) grant temporary waivers from quality of service requirements.

(c) The commission may designate a successor utility in accordance with Section 54.303 during a proceeding under this section.

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 4.)

Sec. 54.305. COMMISSION PARTICIPATION IN BANKRUPTCY PROCEEDINGS.

(a) The commission, on written notice that a certificated telecommunications utility has filed a petition in bankruptcy or is the subject of an involuntary petition in bankruptcy, may inform the appropriate court and parties of the commission's interest in obtaining notice of proceedings.

(b) Within the time prescribed by the applicable statutes, rules, and court orders, the commission may intervene and participate in any bankruptcy proceedings that affect customers or providers of telecommunications services in this state.

(c) The office may inform the appropriate court and parties of the office's interest in obtaining notice of the proceedings. Within the time prescribed by the applicable statutes, rules, and court orders, the office may intervene and participate in any bankruptcy proceeding on behalf of residential and small commercial customers.

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 4.)

CHAPTER 55. REGULATION OF TELECOMMUNICATIONS SERVICES

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 55.001. GENERAL STANDARD.

A public utility shall furnish service, instrumentalities, and facilities that are safe, adequate, efficient, and reasonable.

(V.A.C.S. Art. 1446c-0, Sec. 3.155(a).)

Sec. 55.002. COMMISSION AUTHORITY CONCERNING STANDARDS.

The commission, on its own motion or on complaint and after reasonable notice and hearing, may:

- (1) adopt just and reasonable standards, classifications, rules, or practices a public utility must follow in furnishing a service;
- (2) adopt adequate and reasonable standards for measuring a condition, including quantity and quality, relating to the furnishing of a service;
- (3) adopt reasonable rules for examining, testing, and measuring a service; and
- (4) adopt or approve reasonable rules, specifications, and standards to ensure the accuracy of equipment, including meters and instruments, used to measure a service.

(V.A.C.S. Art. 1446c-0, Sec. 3.155(b).)

Sec. 55.003. RULE OR STANDARD.

- (a) A public utility may not impose a rule except as provided by this title.
- (b) A public utility may file with the commission a standard, classification, rule, or practice the utility follows.
- (c) The standard, classification, rule, or practice continues in force until:
 - (1) amended by the utility; or
 - (2) changed by the commission as provided by this subtitle.

(V.A.C.S. Art. 1446c-0, Secs. 3.153 (part), 3.155(c).)

Sec. 55.004. LOCAL EXCHANGE COMPANY RULE OR PRACTICE CHANGE.

(a) To make a change in an incumbent local exchange company's tariffed rules or practices that does not affect the company's charges or rates, the company must file the proposed change with the commission at least 35 days before the effective date of the change. The commission may require the incumbent local exchange company to provide to ratepayers appropriate notice as determined by the commission.

(b) The commission, on complaint by an affected person or on its own motion and after reasonable notice, may hold a hearing to determine the propriety of a change proposed under this section. Pending the hearing and decision, the commission may suspend the change for not longer than 120 days after the date the change would otherwise be effective. The commission shall approve, deny, or modify the change before the period of suspension expires.

(c) In a proceeding under this section, the incumbent local exchange company has the burden of proving the proposed change:

- (1) is in the public interest; and
- (2) complies with this title.

(V.A.C.S. Art. 1446c-0, Sec. 3.212.)

Sec. 55.005. UNREASONABLE PREFERENCE OR PREJUDICE CONCERNING SERVICE PROHIBITED.

In providing a service to persons in a classification, a public utility may not:

- (1) grant an unreasonable preference or advantage to a person in the classification; or
- (2) subject a person in the classification to an unreasonable prejudice or disadvantage.

(V.A.C.S. Art. 1446c-0, Sec. 3.215 (part).)

Sec. 55.006. DISCRIMINATION AND RESTRICTION ON COMPETITION.

A public utility may not:

- (1) discriminate against a person who sells or leases equipment or performs services in competition with the public utility; or
- (2) engage in a practice that tends to restrict or impair that competition.

(V.A.C.S. Art. 1446c-0, Sec. 3.217.)

Sec. 55.007. MINIMUM SERVICES.

(a) The commission shall require a holder of a certificate of convenience and necessity or a certificate of operating authority to provide at the applicable tariff rate, if any, to each customer, regardless of race, national origin, income, or residence in an urban or rural area:

- (1) single-party service;
- (2) tone-dialing service;
- (3) basic custom calling features;
- (4) equal access for an interLATA interexchange carrier on a bona fide request; and
- (5) digital switching capability in an exchange on customer request, provided by a digital switch in the exchange or by connection to a digital switch in another exchange.

(b) Notwithstanding Subsection (a), an electing incumbent local exchange company serving more than 175,000 but fewer than 1,500,000 access lines on January 1, 1995, shall install a digital switch in each central office that serves an exchange of fewer than 20,000 access lines.

(c) The commission may temporarily waive a requirement imposed by Subsection (a) or (b) on a showing of good cause.

(d) The commission may not consider the cost of implementing this section in determining whether an electing company is entitled to:

- (1) a rate increase under Chapter 58 or 59; or
- (2) increased universal service funds under Subchapter B, Chapter 56.

(e) A holder of a certificate of convenience and necessity or a certificate of operating authority shall comply with Subsection (a) not later than December 31, 2000. This subsection expires September 1, 2003.

(f) An electing incumbent local exchange company subject to Subsection (b) shall comply with that subsection not later than December 31, 1998. This subsection expires September 1, 2001.

(V.A.C.S. Art. 1446c-0, Secs. 3.1555(a), (b), (c).)

Sec. 55.008. IMPROVEMENTS IN SERVICE; INTERCONNECTING SERVICE.

The commission, after notice and hearing, may:

- (1) order a public utility to provide specified improvements in its service in a specified area if:
 - (A) service in the area is inadequate or substantially inferior to service in a comparable area; and
 - (B) requiring the company to provide the improved service is reasonable; or
- (2) order two or more utilities to establish specified facilities for interconnecting service.

(V.A.C.S. Art. 1446c-0, Sec. 3.262(a) (part).)

Sec. 55.009. INTRALATA CALLS.

(a) If federal law prohibits a local exchange company in this state from providing interLATA telecommunications services, the local exchange companies in this state designated or de facto authorized to receive a "0-plus" or "1-plus" dialed intraLATA call are exclusively designated or authorized to receive such a call.

(b) A telecommunications utility operating under a certificate of operating authority or a service provider certificate of operating authority is de facto authorized to receive a "0-plus" or "1-plus" dialed intraLATA call on the date the utility receives its certificate, to the extent the utility is not restricted by Section 54.159.

(c) If federal law allows all local exchange companies to provide interLATA telecommunications services, the commission shall ensure that:

- (1) a customer may designate a provider of the customer's choice to carry the customer's "0-plus" and "1-plus" dialed intraLATA calls; and
- (2) equal access in the public network is implemented to allow the provider to carry those calls.

(V.A.C.S. Art. 1446c-0, Sec. 3.219.)

Sec. 55.010. BILLING FOR SERVICE TO THE STATE.

A telecommunications utility providing service to the state, including service to an agency in any branch of state government, may not impose a fee, a penalty, interest, or any other charge for delinquent payment of a bill for that service.

(V.A.C.S. Art. 1446c-0, Sec. 3.218.)

Sec. 55.011. NOTICE OF IDENTITY OF INTEREXCHANGE CARRIER.

(a) A local exchange company shall print on the first page of each bill sent to a customer of the local exchange company the name of the customer's primary interexchange carrier if the company provides billing services for that carrier.

(b) The bill must contain instructions on how the customer can contact the commission if the customer believes that the named carrier is not the customer's primary interexchange carrier.

(c) The commission may, for good cause, waive the billing requirement prescribed by this section in exchanges served by local exchange companies serving not more than 31,000 access lines.

(Added by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.04(b).)

Sec. 55.012. LIMITATIONS ON DISCONTINUANCE OF BASIC LOCAL TELECOMMUNICATIONS SERVICE. (Added by SB 86)

(a) A provider of basic local telecommunications service may not discontinue that service because of nonpayment by a residential customer of charges for long distance service. Payment shall first be allocated to basic local telecommunications service.

(b) For purposes of allocating payment in this section, if the provider of basic local telecommunications service bundles its basic local telecommunications service with long distance service or any other service and provides a discount for the basic local telecommunications service because of that bundling, the rate of basic local telecommunications service shall be the rate the provider charges for stand-alone basic local telecommunications service.

(c) Notwithstanding Subsection (a), the commission shall adopt and implement rules, not later than January 1, 2000, to prevent customer abuse of the protections afforded by this section. The rules must include:

(1) provisions requiring a provider of basic local telecommunications service to offer and implement, at the request and expense of a long distance service provider, toll blocking capability to limit a customer's ability to incur additional charges for long distance services after nonpayment for long distance services; and

(2) provisions regarding fraudulent activity in response to which a provider may discontinue a residential customer's basic local telecommunications service.

(d) Notwithstanding any other provision of this title, the commission has all jurisdiction necessary to establish a maximum price that an incumbent local exchange company may charge a long distance service provider to initiate the toll blocking capability required to be offered under the rules adopted under Subsection (c). The maximum price established under this subsection shall be observed by all providers of basic local telecommunications service in the incumbent local exchange company's certificated service area. Notwithstanding Sections 52.102 and 52.152, the commission has all jurisdiction necessary to enforce this section.

(Added by Acts 1999, 76th Leg., R.S., ch. 1576 (SB 86) § 5.)

Note: See Sec. 55.013 for similar provisions added by SB 560. SB 560, SB 86 and HB 1700 all added a new section numbered as Sec. 55.012. HB 2812 repealed Sec. 55.012 as added by Chapter 835 and renumbered Sec. 55.012 as added by Chapter 1212 during the 77th Legislative Session.

Sec. 55.012. LIFELINE SERVICE. [REPEALED]

(Added by Acts 1999, 76th Leg., R.S., ch. 835 (HB 1700) § 1.) (Repealed by Acts 2001, 77th Leg., ch. 1420 (HB 2812) § 21.001(110).)

Sec. 55.013. LIMITATIONS ON DISCONTINUANCE OF BASIC LOCAL TELECOMMUNICATIONS SERVICE. (Added by SB 560)

(a) A provider of basic local telecommunications service may not discontinue that service because of nonpayment by a residential customer of charges for long distance service. Payment shall first be allocated to basic local telecommunications service.

(b) For purposes of allocating payment in this section, if the provider of basic local telecommunications service bundles its basic local telecommunications service with long distance service or any other service and provides a discount for the basic local telecommunications service because of that bundling, the rate of basic local telecommunications service shall be the rate the provider charges for stand-alone basic local telecommunications service.

(c) Notwithstanding Subsection (a), the commission shall adopt and implement rules, not later than January 1, 2000, to prevent customer abuse of the protections afforded by this section. The rules must include:

(1) provisions requiring a provider of basic local telecommunications service to offer and implement toll blocking capability to limit a customer's ability to incur additional charges for long distance services after nonpayment for long distance services; and

(2) provisions regarding fraudulent activity in response to which a provider may discontinue a residential customer's basic local telecommunications service.

(d) Notwithstanding any other provision of this title, the commission has all jurisdiction necessary to establish a maximum price that an incumbent local exchange company may charge a long distance service provider to initiate the toll blocking capability required to be offered under the rules adopted under Subsection (c). The maximum price established under this subsection shall be observed by all providers of basic local telecommunications service in the incumbent local exchange company's certificated service area. Notwithstanding Sections 52.102 and 52.152, the commission has all jurisdiction necessary to enforce this section.

(e) A provider of basic local exchange telecommunications service shall comply with the requirements of this section not later than March 1, 2000.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 19.)

(Note: Sec. 55.012 (added by Chapter 835) is repealed. Sec. 55.012 (added by Chapter 1212) is renumbered as Sec. 55.016.) See Sec. 55.012 (Added by SB 86) for similar provisions added by SB 86.

Sec. 55.014. PROVISION OF ADVANCED TELECOMMUNICATIONS SERVICES.

(a) In this section, "advanced service" means any telecommunications service other than residential or business basic local exchange telephone service, caller identification service, and customer calling features.

(b) This section applies to a company electing under Chapter 58 or a company that holds a certificate of operating authority or service provider certificate of operating authority.

(c) Notwithstanding any other provision of this title, beginning September 1, 2001, a company to which this section applies that provides advanced telecommunications services within the company's urban service areas, shall, on a bona fide retail request for those services, provide in rural areas of this state served by the company advanced telecommunications services that are reasonably comparable to the advanced services provided in urban areas. The company shall offer the advanced telecommunications services:

(1) at prices, terms, and conditions that are reasonably comparable to the prices, terms, and conditions for similar advanced services provided by the company in urban areas; and

(2) within 15 months after the bona fide request for those advanced services.

(d) Notwithstanding any other provision of this title, a company to which this section applies shall, on a bona fide retail request for those services, offer caller identification service and custom calling features in rural areas served by the company. The company shall offer the services:

(1) at prices, terms, and conditions reasonably comparable to the company's prices, terms, and conditions for similar services in urban areas; and

(2) within 15 months after the bona fide request for those services.

(e) This section may not be construed to require a company to:

(1) begin providing services in a rural area in which the company does not provide local exchange telephone service; or

(2) provide a service in a rural area of this state unless the company provides the service in urban areas of this state.

(f) For purposes of this section, a company to which this section applies is considered to provide services in urban areas of this state if the company provides services in a municipality with a population of more than 190,000.

(g) Notwithstanding any other provision of this title, the commission has all jurisdiction necessary to enforce this section.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 20.)

Sec. 55.015. LIFELINE SERVICE. (Added by SB 560)

(a) The commission shall adopt rules prohibiting a certificated provider of local exchange telephone service from discontinuing basic network services listed in Section 58.051 to a consumer who receives lifeline service because of nonpayment by the consumer of charges for other services billed by the provider, including interexchange telecommunications service.

(b) The commission shall adopt rules providing for automatic enrollment to receive lifeline service for eligible consumers. The Texas Department of Human Services, on request of the commission, shall assist in the adoption and implementation of those rules. The commission and the Texas Department of Human Services shall enter into a memorandum of understanding establishing the respective duties of the commission and department in relation to the automatic enrollment.

(b-1) The commission shall adopt rules requiring certificated providers of local exchange telephone service to implement procedures to ensure that all consumers are clearly informed both orally and in writing of the existence of the lifeline service program when they request or initiate service or change service locations or providers. On or before June 1, 2006, the commission shall enter into a memorandum of understanding with the Health and Human Services Commission, and, to the maximum extent feasible, housing authorities in the principal cities of each metropolitan statistical area, to improve enrollment rates in the lifeline service program.

(c) A certificated provider of local exchange telephone service may block a lifeline service participant's access to all interexchange telecommunications- service except toll-free numbers when the participant owes an outstanding amount for that service. The provider shall remove the block without additional cost to the participant on payment of the outstanding amount.

(d) A certificated provider of local exchange telephone service shall offer a consumer who applies for or receives lifeline service the option of blocking all toll calls or, if technically capable, placing a limit on the amount of toll calls. The provider may not charge the consumer an administrative charge or other additional amount for the blocking service.

(d-1) A certificated provider of local exchange telephone service shall provide access to lifeline service to a customer whose income is not more than 150 percent of the applicable income level established by the federal poverty guidelines or in whose household resides a person who receives or has a child who receives:

- (1) Medicaid;
- (2) food stamps;
- (3) Supplemental Security Income;
- (4) federal public housing assistance;
- (5) Low Income Home Energy Assistance Program (LIHEAP) assistance; or
- (6) health benefits coverage under the state child health plan under Chapter 62, Health and Safety Code.

(d-2) A certificated provider of local exchange telephone service shall provide consumers who apply for or receive lifeline service access to available vertical services or custom calling features, including caller ID, call waiting, and call blocking, at the same price as other consumers. Lifeline discounts shall only apply to that portion of the bill that is for basic network service.

(e) In this section, "lifeline service" means a retail local service offering described by 47 C.F.R. Section 54.401(a), as amended.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 21.) (Amended by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 9 (amended subsections (a), (c), (d) and added subsection (b-1), (d-1), (d-2)).)

Sec. 55.016. TELECOMMUNICATIONS BILLING. (Added by SB 560)

(a) The proliferation of charges for separate services, products, surcharges, fees, and taxes on a bill for telecommunications products or services has increased the complexity of those bills to such an extent that in some cases the bills have become difficult for customers to understand.

(b) A bill from a local exchange company for telecommunications products or services should be consistent with providing customers sufficient information about the charges included in the bill to understand the basis and source of the charges.

(c) To the extent permitted by law, a monthly bill from a local exchange company for local exchange telephone service shall clearly identify all charges including basic local service charges, fees, carrier's charges, assessments, surcharges, optional services, and taxes.

(d) Local exchange carriers shall annually file a copy of that portion of their bill that has not been previously approved by the commission for compliance review with this section.

(e) The commission shall have all necessary authority to enforce this section.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 18.) (Section 56 of SB 560 provides that this section takes effect March 1, 2000) (SB 560, SB 86, and HB 1700 all added a new section numbered as Sec. 55.012 during the 76th Legislative Session.) (2001 Amendments: HB 2812, § 21.001(111) & SB 1659, §1.) (HB 2812 renumbered § 55.012. It is now § 55.016. SB 1659 revised Subsections (b) and (c) and added Subsections (d) and (e).)

Sec. 55.017. IDENTIFICATION REQUIRED.

(a) A representative of a telecommunications provider or a video or cable service provider that has an easement in or a right-of-way over or through real property must show proof of identification to the owner of the real property when entering the property if requested by the owner.

(b) This section does not apply to regularly scheduled service readings or examinations.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 10.)

SUBCHAPTER B. EXTENDED AREA SERVICE

Sec. 55.021. EXTENDED AREA SERVICE.

After notice and a hearing, the commission may order one or more local exchange companies that are dominant carriers to provide:

- (1) mandatory extended area service in accordance with Section 55.022; or
- (2) optional extended area service in accordance with Section 55.023.

(V.A.C.S. Art. 1446c-0, Sec. 3.262(a) (part).)

Sec. 55.022. MANDATORY SERVICE.

The commission may order mandatory extended area service in a specified metropolitan area if:

- (1) there is a sufficient community of interest in the area; and
- (2) the company can reasonably provide the service.

(V.A.C.S. Art. 1446c-0, Sec. 3.262(a) (part).)

Sec. 55.023. OPTIONAL EXTENDED AREA SERVICE.

(a) The commission may order optional extended area service in a specified calling area if:

- (1) each affected company and the representatives of at least one political subdivision in the proposed calling area agree to the service; and
- (2) the proposed common calling area has a single, continuous boundary.

(b) The commission may not adopt rules that diminish in any manner the ability of an affected company or a political subdivision to enter into joint agreements for optional extended area service under this section.

(c) In this section, "political subdivision" means:

- (1) a county;
- (2) a municipality; or
- (3) an unincorporated town or village that has 275 or more access lines.

(V.A.C.S. Art. 1446c-0, Secs. 3.262(a) (part), (b).)

Sec. 55.024. CHARGE FOR EXTENDED AREA SERVICE.

(a) An incumbent local exchange company that provides mandatory two-way extended area service to customers shall impose for that service a separately stated monthly charge of \$3.50 a line for a residential customer and \$7 a line for a business customer if, on September 1, 1995, the company:

- (1) served more than 1,000,000 access lines in this state; and

(2) imposed a separately stated monthly charge for mandatory two-way extended area service of more than \$3.50 a line for a residential customer and more than \$7 a line for a business customer.

(b) The company shall recover all costs incurred and all loss of revenue that results from imposition of the rates prescribed by Subsection (a) in the manner prescribed by Section 55.048(c).

(c) The rate limitation prescribed by Subsection (a) does not apply to a separately stated monthly charge for:

- (1) extended area service in or into a metropolitan exchange; or
- (2) extended metropolitan service.

(V.A.C.S. Art. 1446c-0, Sec. 3.308.)

Sec. 55.025. HUNTING SERVICE.

(a) A local exchange company shall make available, at a reasonable tariffed rate, hunting service from local exchange lines to extended metropolitan service lines.

(b) The company may not require a customer to purchase additional extended metropolitan service to obtain the hunting service.

(V.A.C.S. Art. 1446c-0, Sec. 3.311.)

SUBCHAPTER C. EXPANDED TOLL-FREE LOCAL CALLING AREAS

Sec. 55.041. DEFINITIONS.

In this subchapter, "metropolitan exchange," "local calling area of a metropolitan exchange," and "exchange" have the meanings and boundaries assigned by the commission on September 1, 1993.

(V.A.C.S. Art. 1446c-0, Sec. 3.304(b)(2) (part).)

Sec. 55.042. CONTIGUOUS EXCHANGE.

The commission may expand a toll-free local calling area into an exchange that is not in a metropolitan exchange but is in a local calling area that is contiguous to a metropolitan exchange that the commission determines has a community of interest with the exchange for which a petition is filed under this subchapter.

(V.A.C.S. Art. 1446c-0, Sec. 3.304(b)(2) (part).)

Sec. 55.043. SPLITTING EXCHANGES PROHIBITED.

Notwithstanding any other provision of this subchapter, the commission may not split a petitioning or requested exchange in establishing a toll-free local calling area.

(V.A.C.S. Art. 1446c-0, Sec. 3.304(b)(2) (part).)

Sec. 55.044. EXEMPTION.

(a) The commission may not require an incumbent local exchange company serving the petitioning or requested exchange to expand the company's toll-free local calling area under this subchapter if:

- (1) the incumbent local exchange company has fewer than 10,000 access lines;
- (2) the petitioning or requested exchange is served by a telephone cooperative corporation;
- (3) extended area service or extended metropolitan service is available between the exchanges;
- (4) the petitioning or requested exchange is a metropolitan exchange; or

(5) the commission determines that the company has shown that to serve the area is not geographically or technologically feasible.

(b) To promote the wide dispersion of pay telephones, the commission may:

- (1) exempt pay telephones from this subchapter; or
- (2) change the rates charged for calls from pay telephones.

(V.A.C.S. Art. 1446c-0, Secs. 3.304(b)(1), (c).)

Sec. 55.045. ELIGIBILITY TO PETITION.

The telephone subscribers of an incumbent local exchange company exchange that serves not more than 10,000 access lines may petition the commission for expansion of the company's toll-free local calling area if:

(1) the petitioning exchange's central switching office is located within 22 miles, using vertical and horizontal geographic coordinates, of the central switching office of the exchange requested for expanded local calling service; or

(2) the petitioning exchange's central office is not more than 50 miles from the central office of the exchange requested for expanded local calling service and the exchanges share a community of interest.

(V.A.C.S. Art. 1446c-0, Sec. 3.304(a) (part).)

Sec. 55.046. PETITION REQUIREMENTS.

(a) A petition under this subchapter must be signed by a number of the exchange's subscribers equal at least to the lesser of 100 of the exchange's subscribers or five percent of the exchange's subscribers.

(b) An exchange that petitions under Section 55.045(2) must demonstrate in the petition that the exchange shares a community of interest with the requested exchange.

(c) For purposes of this section, the relationships between exchanges that create a community of interest include:

- (1) a relationship because of schools, hospitals, local governments, or business centers; or
- (2) other relationships that would make the unavailability of expanded local calling service a hardship for the residents of the area.

(V.A.C.S. Art. 1446c-0, Sec. 3.304(a) (part).)

Sec. 55.047. BALLOTING AND CONSIDERATION.

(a) If the commission receives a petition that complies with this subchapter, the commission shall order the incumbent local exchange company to provide ballots to the subscribers in the petitioning exchange.

(b) The commission shall consider the request for expansion of the toll-free local calling area if at least 70 percent of the subscribers who vote do so in favor of the expansion.

(c) The commission by rule shall provide for an expedited hearing on the issue of expansion.

(V.A.C.S. Art. 1446c-0, Sec. 3.304(a) (part).)

Sec. 55.048. CHARGES.

(a) The incumbent local exchange company shall recover all costs incurred and all loss of revenue from an expansion of a toll-free local calling area under this subchapter through a request other than a revenue requirement showing by imposing a monthly fee under Subsection (b) or (c), or both.

(b) The company may impose a monthly fee against each residential and business customer in the petitioning exchange. The fee may not exceed \$3.50 a line for a residential customer and \$7 a line for a business customer unless the customer's toll-free local calling area includes more than five exchanges. The company may impose an additional monthly fee of \$1.50 for each exchange in excess of five. This subsection applies regardless of the number of petitions required to obtain access to the exchanges. A company may impose a fee under this subsection only until the company's next general rate case.

(c) The company may impose a monthly fee against each of the company's local exchange service customers in this state. This fee is in addition to the company's local exchange rates.

(d) The company may not recover regulatory case expenses under this subchapter by imposing a surcharge on the subscribers of the petitioning exchange.

(V.A.C.S. Art. 1446c-0, Sec. 3.304(a) (part).)

SUBCHAPTER D. OPERATOR SERVICE PROVIDERS

Sec. 55.081. DEFINITION.

In this subchapter, "operator service" means a service using live operator or automated operator functions to handle telephone service such as toll calling using collect, third-number billing, and calling card services. The term does not include a call for which the called party has arranged to be billed (800 service).

(V.A.C.S. Art. 1446c-0, Sec. 3.052(a).)

Sec. 55.082. APPLICABILITY.

Except as provided by Section 55.088, this subchapter applies only to a telecommunications utility that is not a dominant carrier.

(V.A.C.S. Art. 1446c-0, Sec. 3.052(h) (part).)

Sec. 55.083. RULES AND PROCEDURES.

(a) The commission may adopt rules and establish procedures to enforce and implement this subchapter.

(b) A rule adopted under this subchapter must be nondiscriminatory and designed to promote competition that facilitates consumer choice.

(V.A.C.S. Art. 1446c-0, Secs. 3.052(f) (part), (h) (part).)

Sec. 55.084. INFORMATION DISPLAYED ON PUBLIC USE TELEPHONE.

(a) An operator service provider shall furnish each entity with which it contracts to provide operator service a sticker, card, or other form of information approved by the commission for each telephone that:

- (1) has access to the service; and
- (2) is intended for use by the public.

(b) The commission may grant the owner of a telephone approval for an alternative form of information.

(c) The information must state:

- (1) the provider's name;
- (2) that the operator service provider will provide rate information on a caller's request;

(3) that a caller, on the caller's request, will be informed of the method of access to the local exchange carrier operator; and

(4) that a complaint about the service may be made to the provider or to the commission at the designated telephone number.

(d) The operator service provider shall by contract require an entity receiving information to display the information on or near each telephone for which the operator service provider is required to furnish the information.

(V.A.C.S. Art. 1446c-0, Sec. 3.052(c).)

Sec. 55.085. CONNECTION ANNOUNCEMENT.

Before connecting a call, the operator service provider shall:

(1) announce the provider's name; and

(2) at the caller's request, quote the rate and any other fee or surcharge that applies to the call and is charged by the provider.

(V.A.C.S. Art. 1446c-0, Sec. 3.052(b).)

Sec. 55.086. INFORMATION REQUIRED ON ACCESS TO LOCAL EXCHANGE COMPANY OPERATOR.

(a) An operator service provider, on a caller's request, shall inform the caller of the method of access to the local exchange carrier operator serving the exchange from which the call is made.

(b) A charge may not be made for information provided under this section.

(V.A.C.S. Art. 1446c-0, Sec. 3.052(d).)

Sec. 55.087. ACCESS TO LOCAL EXCHANGE COMPANY AND OTHER UTILITIES REQUIRED.

(a) The commission by rule shall require an operator service provider to include in its contract with each entity through which it provides operator service a provision that requires each telephone subscribed to its service to allow access to:

(1) the local exchange carrier operator serving the exchange from which the call is made; and

(2) other telecommunications utilities.

(b) To prevent fraudulent use of its service, an operator service provider or an entity through which it provides operator service may block the access described by Subsection (a) by obtaining a waiver for this purpose from the commission or the Federal Communications Commission. The commission by rule shall establish the procedure and criteria for obtaining a waiver from the commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.052(e).)

Sec. 55.088. ACCESS TO LIVE OPERATOR REQUIRED.

(a) A dominant or nondominant telecommunications utility that provides operator service shall ensure that a caller has access to a live operator at the beginning of a live or mechanized operator-assisted call through a method designed to be easily and clearly understandable and accessible to the caller.

(b) A telecommunications utility described by Subsection (a) shall submit to the commission for review the method by which the utility will provide access to a live operator.

(c) This section applies regardless of the method by which the telecommunications utility provides operator service.

(d) This section does not apply to a telephone located in a prison or jail facility.

(V.A.C.S. Art. 1446c-0, Sec. 3.052(i).)

Sec. 55.089. COMMISSION MAY INVESTIGATE AND ACT ON VIOLATION.

(a) If the commission determines that an operator service provider has violated or is about to violate this subchapter, the commission, after notice and evidentiary hearing, may take action to stop, correct, or prevent the violation.

(b) The commission may investigate a complaint that it receives concerning an operator service.

(V.A.C.S. Art. 1446c-0, Sec. 3.052(g).)

SUBCHAPTER E. CALLER IDENTIFICATION SERVICE

Sec. 55.101. DEFINITIONS.

In this subchapter:

(1) "Caller identification information" means any information that may be used to identify the specific originating number or originating location of a wire or electronic communication transmitted by a telephone, including the telephone listing number or the name of the customer from whose telephone a telephone number is dialed.

(2) "Caller identification service" means a service that provides caller identification information to a device that can display the information.

(3) "Per-call blocking" means a telecommunications service that prevents caller identification information from being transmitted to a called party on an individual call when the calling party affirmatively acts to prevent the transmission.

(4) "Per-line blocking" means a telecommunications service that prevents caller identification information from being transmitted to a called party on each call unless the calling party affirmatively acts to permit the transmission.

(V.A.C.S. Art. 1446c-0, Secs. 3.302(h).)

Sec. 55.102. APPLICABILITY.

(a) This subchapter applies only to the provision of caller identification service.

(b) This subchapter does not apply to:

(1) an identification service that is used in a limited system, including a central office based PBX-type system;

(2) information that is used on a public agency's emergency telephone line or on a line that receives the primary emergency telephone number (911);

(3) information exchanged between telecommunications utilities, enhanced service providers, or other entities that is necessary for the setting up, processing, transmission, or billing of telecommunications or related services;

(4) information provided in compliance with applicable law or legal process; or

(5) an identification service provided in connection with a 700, 800, or 900 access code telecommunications service.

(V.A.C.S. Art. 1446c-0, Secs. 3.302(a), (g).)

Sec. 55.103. PROVISION OF SERVICE.

(a) A telecommunications utility may offer caller identification services under this subchapter only if the utility obtains written authorization from the commission.

(b) A commercial mobile service provider may offer caller identification services in accordance with Sections 55.104, 55.105, 55.106, 55.1065, and 55.107.

(V.A.C.S. Art. 1446c-0, Sec. 3.302(b), (i).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 1805(a).)

Sec. 55.104. USE OF INFORMATION.

(a) A person may not use a caller identification service to compile and sell specific local call information without the affirmative approval of the originating telephone customer.

(b) This section does not prohibit a provider of caller identification service from:

- (1) verifying network performance or testing the caller identification service;
- (2) compiling, using, and disclosing aggregate caller identification information; or
- (3) complying with applicable law or legal process.

(V.A.C.S. Art. 1446c-0, Sec. 3.302(f).)

Sec. 55.105. PER-CALL BLOCKING.

Except as provided by Section 55.1065, the commission shall require that a provider of caller identification service offer free per-call blocking to each telephone subscriber in the specific area in which the service is offered.

(Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 1805(b).)

Sec. 55.106. PER-LINE BLOCKING.

(a) Except as provided by Section 55.1065, the commission shall require that a provider of caller identification service offer free per-line blocking to a particular customer if the commission receives from the customer written certification that the customer has a compelling need for per-line blocking.

(b) A provider who is ordered to offer per-line blocking under this section shall notify the customer by mail of the date the blocking will begin.

(c) If a customer removes and later reinstates the per-line block, the provider may assess a service order charge in an amount approved by the commission for the provider's administrative expenses relating to the reinstatement.

(d) The commission may impose a fee or assessment on a provider in an amount sufficient to cover the additional expenses the commission incurs in implementing the customer certification provisions of this section.

(e) Information received under this section by the commission or by a provider is confidential and may be used only to administer this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.302(d), 3.3025(a) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 1805(c).)

Sec. 55.1065. USE OF BLOCKING BY TELEPHONE SOLICITOR. [REPEALED]

(Repealed by Acts 2001, 77th Leg., ch. 1429 (HB 472) § 3.)

Sec. 55.107. LIMITATION ON COMMISSION AUTHORITY.

The commission may prescribe in relation to blocking only a requirement authorized by Sections 55.105, 55.106, and 55.1065.

(V.A.C.S. Art. 1446c-0, Sec. 3.302(e).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 1805(e).)

Sec. 55.108. CALLER ID CONSUMER EDUCATION PANEL.

(a) The Caller ID Consumer Education Panel is composed of:

- (1) one person appointed by the governor;
- (2) one person appointed by the presiding officer of the commission after the presiding officer consults with the Texas Council on Family Violence; and
- (3) one person appointed by the counsellor.

(b) The panel shall:

- (1) meet at least quarterly;
- (2) file an annual report with the commission regarding:
 - (A) the level of effort and effectiveness of consumer education materials; and
 - (B) the panel's recommendations for:
 - (i) increasing the safe use of caller ID services and the privacy of the calling customer; and
 - (ii) decreasing the likelihood of harm resulting from the use of caller ID services; and
- (3) investigate whether educational caller ID materials are distributed in as effective a manner as marketing caller ID materials.

(c) A provider of caller ID services shall file with the panel all caller ID materials as the materials become available.

(d) The panel is abolished and this section expires September 1, 1999.

(e) In this section:

- (1) "Caller ID service" has the meaning assigned by Section 55.110.
- (2) "Caller ID materials" means any disseminated information relating to caller ID services, including advertisements, educational material, training material, and audio and video marketing devices.

(V.A.C.S. Art. 1446c-0, Secs. 3.3025(b) (part), (c), (d), (e).)

Sec. 55.109. IMPLEMENTATION OF PANEL RECOMMENDATIONS.

The commission may implement the recommendations of the Caller ID Consumer Education Panel and interested parties to the extent consistent with the public interest.

(V.A.C.S. Art. 1446c-0, Sec. 3.3025(b) (part).)

Sec. 55.110. REPORT OF BLOCKING FAILURE.

(a) A provider of caller ID services who becomes aware of the failure of per-call or per-line blocking to block identification of a customer shall report that failure to the commission, the Caller ID Consumer Education Panel, and the customer whose identification was not blocked.

(b) The provider shall make a reasonable effort to notify the customer within 24 hours after the provider becomes aware of the failure. The provider is not required to notify the customer if the customer reported the failure.

(c) In this section, "caller ID service" means a service that permits the called party to determine the identity, telephone number, or address of the calling party. The term does not include 911 services.

(V.A.C.S. Art. 1446c-0, Secs. 3.3025(a) (part), (d).)

SUBCHAPTER F. AUTOMATIC DIAL ANNOUNCING DEVICES

Sec. 55.121. DEFINITION.

In this subchapter, "automated dial announcing device" means automated equipment used for telephone solicitation or collection that can:

- (1) store telephone numbers to be called or produce numbers to be called through use of a random or sequential number generator; and
- (2) convey, alone or in conjunction with other equipment, a prerecorded or synthesized voice message to the number called without the use of a live operator.

(V.A.C.S. Art. 1446c-0, Sec. 3.651(1).)

Sec. 55.122. EXEMPTIONS.

This subchapter does not apply to the use of an automated dial announcing device:

- (1) to make a call relating to an emergency or a public service under a program developed or approved by the emergency management coordinator of the county in which the call is received; or
- (2) by a public or private primary or secondary school system to locate or account for a truant student.

(V.A.C.S. Art. 1446c-0, Sec. 3.652.)

Sec. 55.123. NOTICE OF USE OF DEVICE TO TELECOMMUNICATIONS UTILITY.

A person may not use an automated dial announcing device to make a telephone call in which the device plays a recorded message when the connection is completed unless the person gives to each telecommunications utility over whose system the device is to be used written notice specifying the type of device to be used.

(V.A.C.S. Art. 1446c-0, Sec. 3.653(a) (part).)

Sec. 55.124. RANDOM OR SEQUENTIAL NUMBER CALLING.

A person may not use an automated dial announcing device for random number dialing or to dial numbers determined by successively increasing or decreasing integers if the person uses the device to make a telephone call in which the device plays a recorded message when the connection is completed.

(V.A.C.S. Art. 1446c-0, Sec. 3.653(a) (part).)

Sec. 55.125. HOURS WHEN USE PROHIBITED.

(a) A person may not use an automated dial announcing device to make a telephone solicitation call terminating in this state in which the device plays a recorded message when the connection is completed if the call is made:

- (1) before noon or after 9 p.m. on a Sunday; or
- (2) before 9 a.m. or after 9 p.m. on a weekday or a Saturday.

(b) A person may not use an automated dial announcing device to make a telephone collection call terminating in this state in which the device plays a recorded message when the connection is completed if the call is made at an hour at which collection calls are prohibited under the federal Fair Debt Collection Practices Act (15 U.S.C. Section 1692 et seq.).

(V.A.C.S. Art. 1446c-0, Sec. 3.653(a) (part).)

Sec. 55.126. DEVICE DISCONNECTION.

A person may not use an automated dial announcing device to make a telephone call in which the device plays a recorded message when the connection is completed unless the device disconnects from the called person's line not later than five seconds after the call is terminated by either party. If the device cannot disconnect during that period, a live operator must introduce the call and receive the called person's oral consent before beginning a prerecorded or synthesized voice message.

(V.A.C.S. Art. 1446c-0, Sec. 3.653(a) (part)) (1999 Amendments: HB 450, § 2.)

Sec. 55.127. CONTENTS OF RECORDED MESSAGE.

(a) A person may not use an automated dial announcing device to make a telephone call in which the device plays a recorded message when the connection is completed unless the recorded message states during the first 30 seconds of the call:

- (1) the nature of the call;
- (2) the identity of the person, company, or organization making the call; and
- (3) the telephone number from which the call is made.

(b) In addition to the requirements prescribed by Subsection (a), a call during which a cross-promotion or reference to a pay-per-call information service is made must include a statement of:

- (1) the fact that a caller who makes a call to a pay-per-call information service's telephone number will be charged for that call;
- (2) the amount of the flat-rate or cost-per-minute charge the caller will incur or the amount of both if both charges will be incurred; and
- (3) the estimated amount of time required to receive all the information offered by the service during a call.

(c) Subsection (a) does not apply to the use of a device if the device is used:

- (1) for debt collection purposes in compliance with applicable federal law and regulations; and
- (2) by a live operator for automated dialing or hold announcement purposes.

(d) In this section, "pay-per-call information service" means a service that routinely delivers, for a predetermined and sometimes time-sensitive fee, a prerecorded or live message or interactive program after the caller dials a specified 900 or 976 number.

(V.A.C.S. Art. 1446c-0, Secs. 3.653(a) (part), (b), (c).)

Sec. 55.128. DURATION OF RECORDED MESSAGE.

A person may not use an automated dial announcing device to make for solicitation purposes a telephone call in which the device plays a recorded message when the connection is completed unless:

- (1) the recorded message is shorter than 30 seconds; or
- (2) the device has the technical capacity to:
 - (A) recognize a telephone answering device on the called person's line; and
 - (B) terminate the call within 30 seconds.

(V.A.C.S. Art. 1446c-0, Sec. 3.653(a) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.05(f).)

Sec. 55.129. PERMIT REQUIRED.

A person may not use an automated dial announcing device to make a telephone call in which the device plays a recorded message when the connection is completed unless the person has a permit under Section 55.130.

(V.A.C.S. Art. 1446c-0, Sec. 3.653(a) (part).)

Sec. 55.130. PERMIT.

(a) A person may not use an automated dial announcing device without a permit issued by the commission.

(b) An applicant for an original permit must submit to the commission an application on a form that:

- (1) is prescribed by the commission; and
- (2) contains:
 - (A) the telephone number of each automated dial announcing device that the person will use; and
 - (B) the physical address from which each automated dial announcing device will operate.

(c) An original permit is valid for one year and may be renewed annually by filing with the commission the information required by Subsection (b)(2).

(d) An application for an original permit or a filing required for the renewal of the permit must be accompanied by the appropriate fee prescribed by Section 55.131.

(e) In determining whether to deny an application for an original permit or renewal of the permit, the commission shall consider the compliance record of the owner or operator of the automated dial announcing device and may deny the application based on that record.

(V.A.C.S. Art. 1446c-0, Secs. 3.655(a) (part), (b) (part), (c).)

Sec. 55.131. PERMIT FEE.

(a) The commission shall prescribe a fee for an original permit or renewal of a permit.

(b) The amount of the original permit fee must be reasonable and cover the enforcement cost to the commission but may not exceed \$500.

(c) The fee for renewal of a permit may not exceed \$100.

(V.A.C.S. Art. 1446c-0, Sec. 3.655(a) (part).)

Sec. 55.132. NOTIFICATION OF CHANGE.

(a) The owner or operator of an automated dial announcing device shall notify the commission if the telephone number of the device or the physical address from which the device operates changes.

(b) The owner or operator shall give the notice by certified mail not later than the 48th hour before the hour the device begins operating with the new telephone number or at the new address.

(c) If the owner or operator of a device fails to give notice as required by Subsection (b), the person's permit is invalid.

(V.A.C.S. Art. 1446c-0, Sec. 3.655(b) (part).)

Sec. 55.133. NOTIFICATION OF LOCAL EXCHANGE COMPANY.

The commission shall provide to a local exchange company on request a copy of a permit issued under this subchapter and of any change relating to the permit.

(V.A.C.S. Art. 1446c-0, Sec. 3.655(d).)

Sec. 55.134. COMPLAINTS AND ENFORCEMENT.

(a) The commission shall:

- (1) investigate complaints relating to the use of an automated dial announcing device; and
- (2) enforce this subchapter.

(b) A local exchange company that receives a complaint relating to the use of an automated dial announcing device shall send the complaint to the commission. The commission by rule shall prescribe the procedures and requirements for sending a complaint to the commission.

(V.A.C.S. Art. 1446c-0, Secs. 3.654(a), 3.655(e).)

Sec. 55.135. REVOCATION OF PERMIT.

The commission may revoke a person's permit if the person fails to comply with this subchapter.

(V.A.C.S. Art. 1446c-0, Sec. 3.657(a).)

Sec. 55.136. DISCONNECTION OF SERVICE.

(a) If the commission or a court determines that a person has violated this subchapter, the commission or court shall require a telecommunications utility to disconnect service to the person.

(b) The telecommunications utility may reconnect service to the person only on a determination by the commission that the person will comply with this subchapter.

(c) Not later than the third day before the date of the disconnection, the telecommunications utility shall give notice to the person using the device of its intent to disconnect service. However, if the device is causing network congestion or blockage, the notice may be given on the day before the date of disconnection.

(d) A telecommunications utility, without an order by the commission or a court, may disconnect or refuse to connect service to a person using or intending to use an automated dial announcing device if the utility determines that the device would cause or is causing network harm.

(V.A.C.S. Art. 1446c-0, Secs. 3.654(b), (c).)

Sec. 55.137. ADMINISTRATIVE PENALTY.

(a) The commission may impose an administrative penalty against a person who owns or operates an automated dial announcing device in violation of this subchapter or a commission rule or order.

(b) The penalty for a violation may be in an amount not to exceed \$1,000 for each day or portion of a day during which the device operates in violation of this subchapter or a commission rule or order.

(c) The administrative penalty is civil in nature and is in addition to any other penalty provided by law.

(d) The commission by rule shall prescribe the procedures for assessing an administrative penalty under this section. The procedures must require proper notice and hearing in accordance with Chapter 2001, Government Code.

(e) A person may appeal the final order of the commission under Chapter 2001, Government Code. The substantial evidence rule applies on appeal.

(f) The proceeds of administrative penalties collected under this section shall be deposited to the credit of the commission. The commission shall use the proceeds to enforce this subchapter.

(V.A.C.S. Art. 1446c-0, Secs. 3.656(a), (b), (c), (d).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 1805(g).)

Sec. 55.138. CRIMINAL PENALTY.

(a) A person commits an offense if the person owns or operates an automated dial announcing device that the person knows is operating in violation of this subchapter.

(b) An offense under this section is a Class A misdemeanor.

(V.A.C.S. Art. 1446c-0, Sec. 3.657(b).)

SUBCHAPTER G. [REPEALED]

(Repealed by Acts 2001, 77th Leg., R.S., ch. 1429 (HB 472) § 3.)

SUBCHAPTER H. PAY TELEPHONES

Sec. 55.171. DEFINITION.

In this subchapter, "provider" means an entity that provides pay telephone service, including:

- (1) an incumbent local exchange company; and
- (2) a subscriber to a customer-owned pay telephone service.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(i).)

Sec. 55.172. LIMITATION.

This subchapter prescribes the limits of:

- (1) the right of a provider to set the provider's rates and charges for pay telephone services; and
- (2) the commission's authority over the pay telephone service rates of an incumbent local exchange company.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(a).)

Sec. 55.173. REGISTRATION.

(a) A person may not provide pay telephone service in this state unless the person is registered with the commission.

(b) This section does not apply to a provider who holds a certificate of convenience and necessity.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(f).)

Sec. 55.1735. CHARGE FOR PAY PHONE ACCESS LINE.

The charge or surcharge a local exchange company imposes for an access line used to provide pay telephone service in an exchange may not exceed the amount of the charge or surcharge the company imposes for an access line used for regular business purposes in that exchange.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 11.)

Sec. 55.174. PROHIBITION ON CHARGE FOR CERTAIN CALLS.

A provider may not charge a person making a call on a pay telephone for:

- (1) local directory assistance; or
- (2) a call made under Chapter 771 or 772, Health and Safety Code.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(b).)

Sec. 55.175. CHARGE FOR LOCAL CALLS.

(a) The commission shall establish the limit on the amount a provider may charge for a pay telephone coin sent-paid call in the local exchange company's toll-free calling area.

(b) The commission may establish a statewide ceiling on the amount a provider may charge for a local pay telephone call that is:

- (1) collect;
- (2) operator assisted; or
- (3) paid by credit card or calling card.

(c) The commission may not establish the ceiling under Subsection (b) at an amount that is less than the applicable local rates for such a call imposed by any of the four largest interexchange telecommunications carriers operating in this state.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(c).)

Sec. 55.176. CHARGE FOR 800-TYPE CALLS.

(a) A provider may charge at a pay telephone a fee of not more than 25 cents for initiating an 800-type call.

(b) A provider may impose the fee only if:

- (1) the pay telephone is registered with the commission; and
- (2) the provider certifies that the pay telephone complies with commission rules regarding the provision of pay telephone service.

(c) Subsection (b) does not apply to a local exchange company pay telephone.

(d) A provider may not impose the fee if imposition is inconsistent with federal law.

(e) A provider may not impose the fee for a:

- (1) local call;
- (2) 911 call;
- (3) local directory assistance call; or
- (4) call that is covered by the Telephone Operator Consumer Services Improvement Act of 1990 (47 U.S.C. Section 226).

(f) A provider who imposes the fee must post on each pay telephone notice that the fee will be charged. The provider must post the notice:

- (1) in plain sight of the user; and
 - (2) in a manner consistent with existing commission requirements for posting information.
- (g) The commission may not impose on a local exchange company the duty or obligation to:
- (1) record the use of pay telephone service;
 - (2) bill or collect for the use of the pay telephone; or
 - (3) remit to the provider the fee authorized by this section.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(d).)

Sec. 55.177. CHARGE FOR CREDIT CARD, CALLING CARD, OR OPERATOR-ASSISTED CALLS.

(a) A provider may not impose for a credit card, calling card, or live or automated operator-assisted call a rate or charge that is greater than the authorized rates and charges published on March 18, 1995, in the eight newspapers having the largest circulation in this state.

(b) The published rates may not be changed.

(c) This section does not apply to a local exchange company. Chapter 58 governs the pay telephone rates of an incumbent local exchange company that elects incentive regulation under that chapter.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(e).)

Sec. 55.178. NOTICE OF INABILITY TO RECEIVE CALLS.

(a) A provider may not display the telephone number of a pay telephone that cannot receive telephone calls.

(b) A provider shall place in a conspicuous location on each pay telephone that cannot receive telephone calls a notice stating in letters one-fourth inch high: "THIS TELEPHONE CANNOT RECEIVE TELEPHONE CALLS."

(c) A provider that violates this section or a rule or order adopted by the commission under this section is subject to a civil penalty as provided by Section 15.028 unless the provider takes corrective action to comply with this section or the rule or order not later than the 14th day after the date the provider receives written notice of the violation.

(d) The commission has jurisdiction over a provider to the extent necessary to enforce this section regardless of whether a provider is a telecommunications utility regulated under this title.

(e) The commission may establish procedures to enforce this section.

(V.A.C.S. Art. 1446c-0, Sec. 3.305.)

Sec. 55.179. INFORMATION REQUIREMENTS.

(a) The commission by rule may prescribe the information that must be posted on a pay telephone.

(b) A commission rule may not require a provider or an affiliate of a provider to police compliance by another provider with the commission's rules.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(h).)

Sec. 55.180. VIOLATIONS.

The commission may order the disconnection of pay telephone service for not more than one year for repeat violations of commission rules.

(V.A.C.S. Art. 1446c-0, Sec. 3.2625(g).)

SUBCHAPTER I. DIRECTORY LISTINGS AND ASSISTANCE

Sec. 55.201. TERMS OF DIRECTORY LISTINGS AND ASSISTANCE.

(a) Each company that provides local exchange telephone service in overlapping certificated areas shall negotiate the terms of printed directory listings and directory assistance in those areas.

(b) On complaint by the incumbent local exchange company or the holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority, the commission may:

- (1) resolve a dispute between the parties; and
- (2) issue an order setting the terms of the directory listings or directory assistance, if necessary.

(c) This section does not affect the authority of an incumbent local exchange company to voluntarily conduct negotiations with an applicant for a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority.

(V.A.C.S. Art. 1446c-0, Sec. 3.2615.)

Sec. 55.202. DIRECTORY PUBLISHED BY TELECOMMUNICATIONS UTILITY.

A telecommunications utility or an affiliate of that utility that publishes a residential or business telephone directory that is distributed to the public shall publish in the directory the name of each state senator or representative who represents all or part of the geographical area for which the directory contains listings.

(V.A.C.S. Art. 1446c-0, Sec. 3.310.)

Sec. 55.203. DIRECTORY PUBLISHED BY PRIVATE PUBLISHER.

(a) A private for-profit publisher of a residential telephone directory that is distributed to the public at minimal or no cost shall include in the directory:

- (1) a listing of any toll-free and local telephone numbers of:
 - (A) state agencies;
 - (B) state public services; and
 - (C) each state elected official who represents all or part of the geographical area for which the directory contains listings; and

(2) the Internet address of TexasOnline and a statement that Internet sites for state agencies may be accessed through TexasOnline.

(b) The listing required by this section must be:

(1) clearly identified; and

(2) located or clearly referenced at the front of the directory before the main listing of residential and business telephone numbers.

(c) The commission by rule may specify:

(1) the format of the listing; and

(2) criteria for inclusion of agencies, services, and officials.

(d) The commission's rules must require a publisher to list:

(1) the telephone number for state government information; and

(2) telephone numbers alphabetically by:

(A) the subject matter of agency programs; and

(B) agency name.

(e) The commission, with the cooperation of other state agencies, shall:

(1) compile relevant information to ensure accuracy of information in the listing; and

(2) provide the information to a telecommunications utility or telephone directory publisher within a reasonable time after a request by the utility or publisher.

(f) The Department of Information Resources shall cooperate with the commission and with publishers to ensure that the subject matter listing of programs and telephone numbers in the telephone directories are consistent with the categorization developed by the Records Management Interagency Coordinating Council under Section 441.203(j), Government Code.

(g) The rules adopted under Subsection (d) must provide that a telecommunications utility that publishes and distributes to the public a residential or business telephone directory shall list prominently in the directory the contact information for the specialized telecommunications assistance program established under Subchapter E, Chapter 56.

(V.A.C.S. Art. 1446c-0, Sec. 3.309.) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.06; Acts 2001, 77th Leg., R.S., ch. 424 (HB 2812) § 20.002; Acts 2001, 77th Leg., R.S., ch. 424 (HB 2345) § 5.) (HB 2812 corrects the reference to the Government Code.) (HB 2345 amended this section by adding subsection (g).) (Amended by Acts 2003, 78th Leg., R.S., ch. 165 (SB 1151) § 1; Acts of 2007, 80th Leg., R.S., ch. __ (HB 3560) § 1.)

SUBCHAPTER J. TELECOMMUNICATIONS SERVICE BY CERTAIN PROVIDERS

Sec. 55.251. CHARGE FOR HOTEL OR MOTEL CALL.

A hotel or motel may not charge more than 50 cents for:

(1) a local telephone call;

(2) a credit card telephone call;

(3) a collect telephone call; or

(4) any other local telephone call for which assistance from the hotel or motel operator is not required.

(V.A.C.S. Art. 1446c-0, Sec. 3.306.)

Sec. 55.252. 900 SERVICE USED BY PROBATIONERS OR PAROLEES.

(a) This section applies only to a telecommunications utility that transports or provides an intrastate 900 service that is:

- (1) covered by a contract authorized by Chapter 76 or 508, Government Code; and
- (2) used by a defendant under the supervision of a community supervision and corrections department or the pardons and paroles division of the Texas Department of Criminal Justice to:
 - (A) pay a fee or cost; or
 - (B) comply with telephone reporting requirements.

(b) A telecommunications utility may adjust or authorize the adjustment of an end-user's bill for 900 service described by Subsection (a) only with the consent of the contracting community supervision and corrections department or the contracting pardons and paroles division of the Texas Department of Criminal Justice.

(V.A.C.S. Art. 1446c-0, Sec. 3.307.) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.07(a).)

Sec. 55.253. TELEPHONE PREPAID CALLING SERVICES.

(a) In this section:

- (1) "Prepaid calling card company" means a company that provides a prepaid calling service to the public using its own network or resold services.
- (2) "Prepaid calling service" means a prepaid telecommunications service that allows an end user to originate a call using an access number and authorization code.

(b) The commission by rule may prescribe standards regarding the information a prepaid calling card company shall disclose to customers in relation to the rates and terms of service for prepaid calling services offered in this state.

(c) The commission is granted all necessary jurisdiction to adopt rules under this section and to enforce those rules and this section.

(d) A violation of a rule adopted under this section is subject to enforcement under Subchapter B, Chapter 15.

(Added by Acts 1999, 76th Leg., R.S., ch. 411(SB 1020) § 1.)

SUBCHAPTER K. SELECTION OF TELECOMMUNICATIONS UTILITIES

Sec. 55.301. STATE POLICY.

It is the policy of this state to ensure that all customers are protected from the unauthorized switching of a telecommunications utility selected by the customer to provide telecommunications service.

(Added by 1999 Amendments: SB 1368, § 18.04(c); SB 560, § 22; SB 86, § 6) (SB 1368 codifies an amendment to former V.A.C.S. Art. 1446c-0 (now, in part, this section) in 1997 that was not codified in the Utilities Code. SB 560 and SB 86 codify and amend that amendment. This section was added by all three bills using identical language.)

Sec. 55.302. COMMISSION RULES.

(a) The commission shall adopt nondiscriminatory and competitively neutral rules to implement this subchapter, including rules that:

- (1) ensure that customers are protected from deceptive practices in the obtaining of authorizations and verifications required by this subchapter;
- (2) are applicable to all local exchange telephone services, interexchange telecommunications service, and other telecommunications service provided by telecommunications utilities in this state;
- (3) are consistent with the rules and regulations prescribed by the Federal Communications Commission for the selection of telecommunications utilities;
- (4) permit telecommunications utilities to select any method of verification of a change order authorized by Section 55.303;
- (5) require the reversal of certain changes in the selection of a customer's telecommunications utility in accordance with Section 55.304(a);
- (6) prescribe, in accordance with Section 55.304(b), the duties of a telecommunications utility that initiates an unauthorized customer change; and
- (7) provide for corrective action and the imposition of penalties in accordance with Sections 55.305 and 55.306.

(b) The commission is granted all necessary jurisdiction to adopt rules required by this subchapter and to enforce those rules and this subchapter.

(c) The commission may notify customers of their rights under the rules.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 22; Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 6.)

Sec. 55.303. VERIFICATION OF CHANGE.

A telecommunications utility may verify a change order by:

- (1) obtaining written authorization from the customer;
- (2) obtaining a toll-free electronic authorization placed from the telephone number that is the subject of the change order; or
- (3) an oral authorization obtained by an independent third party.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 22; Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 6.)

Sec. 55.304. UNAUTHORIZED CHANGE.

(a) If a change in the selection of a customer's telecommunications utility is not made or verified in accordance with this subchapter, the change, on request by the customer, shall be reversed within a period established by commission ruling.

(b) A telecommunications utility that initiates an unauthorized customer change shall:

- (1) pay all usual and customary charges associated with returning the customer to its original telecommunications utility;

(2) pay the telecommunications utility from which the customer was changed any amount paid by the customer that would have been paid to that telecommunications utility if the unauthorized change had not been made;

(3) return to the customer any amount paid by the customer that exceeds the charges that would have been imposed for identical services by the telecommunications utility from which the customer was changed if the unauthorized change had not been made; and

(4) provide to the original telecommunications utility from which the customer was changed all billing records to enable that telecommunications utility to comply with this subchapter.

(c) The telecommunications utility from which the customer was changed shall provide to the customer all benefits associated with the service on receipt of payment for service provided during the unauthorized change.

(d) A customer is not liable for charges incurred during the first 30 days after the date of an unauthorized carrier change.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 22; Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 6.)

Sec. 55.305. CORRECTIVE ACTION AND PENALTIES.

(a) If the commission finds that a telecommunications utility has repeatedly violated the commission's telecommunications utility selection rules, the commission shall order the utility to take corrective action as necessary. In addition, the utility may be subject to administrative penalties under Sections 15.023-15.027.

(b) An administrative penalty collected under this section shall be used to enforce this subchapter.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 22; Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 6.)

Sec. 55.306. REPEATED AND RECKLESS VIOLATION.

If the commission finds that a telecommunications utility has repeatedly and recklessly violated the commission's telecommunications utility selection rules, the commission may, if consistent with the public interest, suspend, restrict, deny, or revoke the registration or certificate, including an amended certificate, of the telecommunications utility and, by taking that action, deny the telecommunications utility the right to provide service in this state.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 22; Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 6.)

Sec. 55.307. DECEPTIVE OR FRAUDULENT PRACTICE.

The commission may prohibit a utility from engaging in a deceptive or fraudulent practice, including a marketing practice, involving the selection of a customer's telecommunications utility. The commission may define deceptive and fraudulent practices to which this section applies.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 22; Acts 1999, 76th Leg., R.S., ch. 1579 (SB 86) § 6.) (SB 560 and SB 86 add this section using identical language.)

Sec. 55.308. CONSISTENCY WITH FEDERAL LAW.

Notwithstanding any other provision of this subchapter, rules adopted by the commission under this subchapter shall be consistent with applicable federal laws and rules.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 22.)

CHAPTER 56. TELECOMMUNICATIONS ASSISTANCE AND UNIVERSAL SERVICE FUND

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 56.001. DEFINITIONS.

In this chapter:

- (1) "Department" means the Texas Department of Human Services.
- (2) "Designated provider" means a telecommunications provider designated by the commission to provide services to an uncertificated area under Subchapter F.

(Acts 1997, 75th Leg., ch. 166 § 1, eff. Sept. 1, 1997.) (Amended by Acts 2001, 77th Leg., R.S., ch. 651 (HB 2388) § 1.) (HB 2388 added paragraph (2) to this section.)

Sec. 56.002. CONFLICT OF PROVISIONS.

If this chapter conflicts with another provision of this title, this chapter prevails.

(V.A.C.S. Art. 1446c-0, Sec. 3.610.)

SUBCHAPTER B. UNIVERSAL SERVICE FUND

Sec. 56.021. UNIVERSAL SERVICE FUND ESTABLISHED.

The commission shall adopt and enforce rules requiring local exchange companies to establish a universal service fund to:

- (1) assist telecommunications providers in providing basic local telecommunications service at reasonable rates in high cost rural areas;
- (2) reimburse the telecommunications carrier that provides the statewide telecommunications relay access service under Subchapter D;
- (3) finance the specialized telecommunications assistance program established under Subchapter E;
- (4) reimburse the department, the Texas Commission for the Deaf and Hard of Hearing, and the commission for costs incurred in implementing this chapter and Chapter 57;
- (5) reimburse a telecommunications carrier providing lifeline service as provided by 47 C.F.R. Part 54, Subpart E, as amended;
- (6) finance the implementation and administration of an integrated eligibility process created under Section 17.007 for customer service discounts relating to telecommunications services, including outreach expenses the commission determines are reasonable and necessary;
- (7) reimburse a designated provider under Subchapter F; (8) reimburse a successor utility under Subchapter G; and
- (9) finance the program established under Subchapter H.

(V.A.C.S. Art. 1446c-0, Sec. 3.608(a).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.08(a); Acts 1999, 76th Leg., R.S., ch. 835 (HB 1700) § 2; Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 23; Acts 1999, 76th Leg., R.S., ch. 1553 (SB 1441) § 1; Acts 2001, 77th Leg., R.S., ch. 651 (HB 2388) § 2; Acts 2001, 77th Leg., R.S., ch. 1451 (HB 2156) § 2; Acts 2003, 78th Leg., R.S. ch. 76 (SB 1829) § 5; Acts 2003, 78th Leg., R.S. ch. 1276 (HB 3507) § 17.001; Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 12.) (SB 1368 codifies

an amendment to former V.A.C.S. Art. 1446c-0 (now this section) in 1997 that was not codified in the Utilities Code. SB 560 modifies paragraphs (1) and (2) by changing the term “local exchange company” to “telecommunications providers; SB 1441 modifies paragraph (4) by deleting “device” before assistance program; and SB 560 and HB 1700 add paragraph (6) using identical language. Section 5 of HB 1700 provides that it is giving effect to the prior uncodified amendment and that “[t]o the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions and corrections in enacted codes.” Section 9 of SB 1441 also provides that it is giving effect to the prior uncodified amendment and “[t]o the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions to and corrections in enacted codes.”)

Sec. 56.022. UNIFORM CHARGE.

(a) The universal service fund is funded by a statewide uniform charge payable by each telecommunications provider that has access to the customer base.

(b) A telecommunications provider shall pay the charge in accordance with procedures approved by the commission.

(c) The uniform charge is on services and at rates the commission determines. In establishing the charge and the services to which the charge will apply, the commission may not:

- (1) grant an unreasonable preference or advantage to a telecommunications provider;
- (2) assess the charge on pay telephone service; or
- (3) subject a telecommunications provider to unreasonable prejudice or disadvantage.

(V.A.C.S. Art. 1446c-0, Sec. 3.608(c).) (Amended by Acts 2001, 77th Leg., R.S., ch. 404 (HB 1351) § 1.)

Sec. 56.023. COMMISSION POWERS AND DUTIES.

(a) The commission shall:

(1) in a manner that assures reasonable rates for basic local telecommunications service, adopt eligibility criteria and review procedures, including a method for administrative review, the commission finds necessary to fund the universal service fund and make distributions from that fund;

(2) determine which telecommunications providers companies meet the eligibility criteria;

(3) determine the amount of and approve a procedure for reimbursement to telecommunications providers of revenue lost in providing tel-assistance service under Subchapter C;

(4) establish and collect fees from the universal service fund necessary to recover the costs the department and the commission incur in administering this chapter and Chapter 57; and

(5) approve procedures for the collection and disbursal of the revenue of the universal service fund.

(b) The eligibility criteria must require that a telecommunications providers, in compliance with the commission's quality of service requirements:

(1) offer service to each consumer within the company's certificated area and to any permanent residential or business premises to which the company is designated to provide services under Subchapter F; and

(2) render continuous and adequate service within the company's certificated area and to any permanent residential or business premises to which the company is designated to provide services under Subchapter F.

(c) A company designated under Subchapter F to provide services to permanent residential or business premises within an uncertificated area and that complies with Subsection (b) shall receive universal service fund distributions to assist the provider in providing those services. In addition, the commission shall designate the provider as an eligible telecommunications carrier under 47 U.S.C. Section 214(e)(2), as amended, for those permanent residential or business premises.

(d) The commission shall adopt rules for the administration of the universal service fund and this chapter and may act as necessary and convenient to administer the fund and this chapter.

(e) A successor utility, as that term is defined by section 54.301, that is or becomes an eligible telecommunications carrier under 47 U.S.C. Section 214(e)(2), as amended, is entitled to receive universal service fund distributions for costs in accordance with Subsection G.

(V.A.C.S. Art. 1446c-0, Secs. 3.608(d), (e), (f) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 24; Acts 2001, 77th Leg., R.S., ch. 651 (HB 2388) § 3; Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 6.)

Sec. 56.024. REPORTS; CONFIDENTIALITY.

(a) The commission may require a telecommunications provider to provide a report or information necessary to assess contributions and disbursements to the universal service fund.

(b) A report or information is confidential and not subject to disclosure under Chapter 552, Government Code.

(V.A.C.S. Art. 1446c-0, Sec. 3.608(f) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 24.)

Sec. 56.025. MAINTENANCE OF RATES AND EXPANSION OF FUND FOR CERTAIN COMPANIES.

(a) In addition to the authority provided by Section 56.021, for each local exchange company that serves fewer than 31,000 access lines and each cooperative, the commission:

- (1) may adopt a mechanism necessary to maintain reasonable rates for local exchange telephone service; and
- (2) shall adopt rules to expand the universal service fund in the circumstances prescribed by this section.

(b) The commission shall implement a mechanism through the universal service fund to replace the reasonably projected reduction in high cost assistance revenue caused by a commission order, rule, or policy. This subsection does not apply to an order entered in a proceeding related to an individual company's revenue requirements.

(c) The commission shall implement a mechanism to replace the reasonably projected change in revenue caused by a Federal Communications Commission order, rule, or policy that changes:

- (1) the federal universal service fund revenue of a local exchange company; or
- (2) costs or revenue assigned to the intrastate jurisdiction.

(d) The commission shall implement a mechanism to replace the reasonably projected reduction in contribution caused by a change of commission policy regarding intraLATA "1-plus" dialing access. In this subsection, "contribution" means the average intraLATA long distance message telecommunications service revenue per minute, including intraLATA toll pooling and associated impacts, less the average message telecommunications service cost per minute less the average contribution from switched access multiplied by the projected change in intraLATA "1-plus" minutes of use.

(e) The commission shall implement a mechanism to replace the reasonably projected increase in costs or decrease in revenue of the intrastate jurisdiction caused by another governmental agency's order, rule, or policy.

(f) A mechanism implemented under Subsection (c), (d), or (e) must be through:

- (1) an increase in rates, if the increase would not adversely affect universal service; or
- (2) the universal service fund.

(V.A.C.S. Art. 1446c-0, Secs. 3.608(b)(1), (2), (3), (4), (5).) (Amended by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 13 (amended subsection (a)).)

Sec. 56.026. UNIVERSAL SERVICE FUND DISBURSEMENTS.

(a) A revenue requirement showing is not required for a disbursement from the universal service fund under this subchapter.

(b) The commission shall make each disbursement from the universal service fund promptly and efficiently so that a telecommunications provider does not experience an unnecessary cash-flow change as a result of a change in governmental policy.

(c) [EXPIRED]

(d) [EXPIRED]

(e) [EXPIRED]

(V.A.C.S. Art. 1446c-0, Secs. 3.608(b)(1), (2), (3), (4), (5).) (Amended by Acts 2005, 79th Leg., 2nd C.S., ch 2 (SB 5) § 14 (added subsection (e)).)

Sec. 56.028. UNIVERSAL SERVICE FUND REIMBURSEMENT FOR CERTAIN INTRALATA SERVICE.

On request of an incumbent local exchange company that is not an electing company under Chapters 58 and 59, the commission shall provide reimbursement through the universal service fund for reduced rates for intraLATA interexchange high capacity (1.544 Mbps) service for entities described in Section 58.253(a). The amount of reimbursement shall be the difference between the company's tariffed rate for that service as of January 1, 1998, and the lowest rate offered for that service by any local exchange company electing incentive regulation under Chapter 58.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 26.)

Sec. 56.029. UNIVERSAL SERVICE FUND STUDY; ATTESTATION REQUIREMENT.

[EXPIRED]

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 15.)

Sec. 56.030. AFFIDAVITS OF COMPLIANCE.

On or before September 1 of each year, a telecommunications provider that receives disbursements from the universal service fund shall file with the commission an affidavit certifying that the telecommunications provider is in compliance with the requirements for receiving money from the universal service fund and requirements regarding the use of money from each universal service fund program for which the telecommunications provider receives disbursements.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 15.)

Sec. 56.031. ADJUSTMENTS.

The commission may revise the monthly per line support amounts to be made available from the Texas High Cost Universal Service Plan and from the Small and Rural Incumbent Local Exchange Company Universal Service Plan at any time after September 1, 2007, after notice and an opportunity for hearing. In determining appropriate monthly per line support amounts, the commission shall consider the adequacy of basic rates to support universal service.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 15.)

**Sec. 56.032. COMMISSION REVIEW AND EVALUATION OF DISTANCE LEARNING DISCOUNTS AND PRIVATE NETWORK SERVICES FOR CERTAIN ENTITIES.
[EXPIRED]**

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 16.)

SUBCHAPTER C. [REPEALED]

(Repealed by Acts 2001, 77th Leg., R.S., ch. 1451 (HB 2156) § 4(a).)

**SUBCHAPTER D. STATEWIDE TELECOMMUNICATIONS RELAY
ACCESS SERVICE**

Sec. 56.101. PURPOSE.

The purpose of this subchapter is to provide for the uniform and coordinated provision by one telecommunications carrier of a statewide telecommunications relay access service for persons with an impairment of hearing or speech.

(V.A.C.S. Art. 1446c-0, Sec. 3.604(a) (part).)

Sec. 56.102. TELECOMMUNICATIONS RELAY ACCESS SERVICE.

(a) The commission shall adopt and enforce rules establishing a statewide telecommunications relay access service for the use of a person with an impairment of hearing or speech.

(b) The commission rules shall provide that the service must:

(1) use specialized communications equipment, such as a telecommunications device for the deaf, and operator translations; and

(2) meet the criteria provided by Sections 56.103, 56.104, and 56.105.

(V.A.C.S. Art. 1446c-0, Secs. 3.604(a) (part), (b) (part).)

Sec. 56.103. TELECOMMUNICATIONS RELAY ACCESS SERVICE REQUIREMENTS.

(a) The telecommunications relay access service shall provide a person with an impairment of hearing or speech with access to the telecommunications network in this state equivalent to the access provided other customers.

(b) The service consists of:

(1) switching and transmission of the call;

(2) live or automated verbal and print translations of communications between a person with an impairment of hearing or speech who uses a telecommunications device for the deaf or a similar automated device and a person who does not have such equipment; and

(3) other service enhancements proposed by the carrier and approved by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.604(b) (part).)

Sec. 56.104. TELECOMMUNICATIONS RELAY ACCESS SERVICE CHARGES.

(a) For a call made using the telecommunications relay access service, the person calling or called:

- (1) may not be charged for a call that originates and terminates in the same local calling area; and
- (2) shall pay one-half of the total charges established by contract with the commission for intrastate interexchange calls.

(b) Charges related to providing the service that, under Subsection (a), are not charged to a person calling or called shall be funded from the universal service fund, as specified by the service provider's contract with the commission.

(c) A local exchange company may not impose an interexchange carrier access charge on a call using the service that originates and terminates in the same local calling area.

(d) A local exchange company shall provide billing and collection services for the service at just and reasonable rates.

(V.A.C.S. Art. 1446c-0, Sec. 3.604(b) (part).)

Sec. 56.105. TRIAL SERVICE COSTS AND DESIGN INFORMATION.

If the commission orders a local exchange company to provide for a trial telecommunications relay access service for persons with an impairment of hearing or speech, all pertinent costs and design information from the trial must be made available to the public.

(V.A.C.S. Art. 1446c-0, Sec. 3.604(b) (part).)

Sec. 56.106. TELECOMMUNICATIONS RELAY ACCESS SERVICE ASSESSMENTS.

(a) The commission shall set appropriate assessments for all telecommunications utilities to fund the telecommunications relay access service.

(b) In setting an assessment, the commission shall consider:

- (1) the aggregate calling pattern of service users; and
- (2) any other factor the commission finds appropriate and in the public interest.

(c) The commission shall:

- (1) review the assessments annually; and
- (2) adjust the assessments as appropriate.

(V.A.C.S. Art. 1446c-0, Sec. 3.604(d).)

Sec. 56.107. UNIVERSAL SERVICE FUND SURCHARGE.

(a) A telecommunications utility may recover the utility's universal service fund assessment for the telecommunications relay access service through a surcharge added to the utility customers' bills.

(b) The commission shall specify how each telecommunications utility is to determine the amount of the surcharge.

(c) If a telecommunications utility imposes the surcharge, the bill shall list the surcharge as the "universal service fund surcharge."

(V.A.C.S. Art. 1446c-0, Sec. 3.604(c).)

Sec. 56.108. SELECTION OF TELECOMMUNICATIONS RELAY ACCESS SERVICE CARRIER.

(a) The commission shall select one telecommunications carrier to provide the statewide telecommunications relay access service.

(b) The commission shall make a written award of the contract to the telecommunications carrier whose proposal is the most advantageous to this state, considering:

- (1) price;
- (2) the interests of the community of persons with an impairment of hearing or speech in having access to a high quality and technologically advanced telecommunications system; and
- (3) any other factor listed in the commission's request for proposals.

(c) The commission shall consider each proposal in a manner that does not disclose the contents of the proposal to a telecommunications carrier making a competing proposal.

(d) The commission's evaluation of a telecommunications carrier's proposal shall include the:

- (1) charges for the service;
- (2) service enhancements proposed by the carrier;
- (3) technological sophistication of the network proposed by the carrier; and
- (4) date proposed for beginning the service.

(V.A.C.S. Art. 1446c-0, Sec. 3.604(e).)

Sec. 56.1085. SPECIAL FEATURES FOR RELAY ACCESS SERVICE.

(a) The commission may contract for a special feature for the state's telecommunications relay access service if the commission determines:

- (1) the feature will benefit the communication of persons with an impairment of hearing or speech;
- (2) installation of the feature will be of benefit to the state; and
- (3) the feature will make the relay access service available to a greater number of users.

(b) If the carrier selected to provide the telecommunications relay access service under Section 56.108 is unable to provide the special feature at the best value to the state, the commission may make a written award of a contract for a carrier to provide the special feature to the telecommunications carrier whose proposal is most advantageous to the state, considering:

- (1) the factors provided by Section 56.108(b); and
- (2) the past performance, demonstrated capability, and experience of the carrier.

(c) The commission shall consider each proposal in a manner that does not disclose the contents of the proposal to a telecommunications carrier making a competing proposal.

(d) The commission's evaluation of a telecommunications carrier's proposal shall include the considerations provided by Section 56.108(d).

(Added by Acts 1999, 76th Leg., R.S., ch. 1553 (SB 1441) § 2.)

Sec. 56.109. COMPENSATION OF CARRIER.

(a) The telecommunications carrier selected to provide the telecommunications relay access service under Section 56.108 or the carrier selected to provide a special feature for the telecommunications relay access service under Section 56.1085 shall be compensated at rates and on terms provided by the carrier's contract with the commission.

(b) The compensation may include:

- (1) a return on the investment required to provide the service; and
- (2) compensation for unbillable or uncollectible calls placed through the service.

(c) Compensation for unbillable or uncollectible calls is subject to a reasonable limitation determined by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.604(f).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1553 (SB 1441) § 3.)

Sec. 56.110. ADVISORY COMMITTEE.

(a) An advisory committee to assist the commission in administering this subchapter is composed of the following persons appointed by the commission:

- (1) two persons with disabilities that impair the ability to effectively access the telephone network other than disabilities described by Subdivisions (2)-(7);
- (2) one deaf person recommended by the Texas Deaf Caucus;
- (3) one deaf person recommended by the Texas Association of the Deaf;
- (4) one person with a hearing impairment recommended by Self-Help for the Hard of Hearing;
- (5) one person with a hearing impairment recommended by the American Association of Retired Persons;
- (6) one deaf and blind person recommended by the Texas Deaf/Blind Association;
- (7) one person with a speech impairment and one person with a speech and hearing impairment recommended by the Coalition of Texans with Disabilities;
- (8) two representatives of telecommunications utilities, one representing a nonlocal exchange utility and one representing a local exchange company, chosen from a list of candidates provided by the Texas Telephone Association;
- (9) two persons, at least one of whom is deaf, with experience in providing relay services recommended by the Texas Commission for the Deaf and Hard of Hearing; and
- (10) two public members recommended by organizations representing consumers of telecommunications services.

(b) Members of the advisory committee serve two-year terms. A member whose term has expired shall continue to serve until a qualified replacement is appointed.

(V.A.C.S. Art. 1446c-0, Secs. 3.604(g), (h) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.08(b); Acts 1999, 76th Leg., R.S., ch. 1553 (SB 1441) § 5.) (SB 1368 codifies an amendment to former V.A.C.S. Art. 1446c-0 (now this section) in 1997 that was not codified in the Utilities Code. SB 1441 amends this section by adding paragraph (a)(1) and renumbering the succeeding paragraphs. Section 9 of SB 1441 provides that it is giving effect to the prior uncodified amendment and “[t]o the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions to and corrections in enacted codes.”)

Sec. 56.111. ADVISORY COMMITTEE DUTIES.

The advisory committee shall:

- (1) monitor the establishment, administration, and promotion of the statewide telecommunications relay access service;
- (2) advise the commission in pursuing a service that meets the needs of persons with an impairment of hearing or speech in communicating with other telecommunications services users; and
- (3) advise the commission and the Texas Commission for the Deaf and Hard of Hearing, at the request of either commission, regarding any issue related to the specialized telecommunications assistance program established under Subchapter E, including:
 - (A) devices or services suitable to meet the needs of persons with disabilities in communicating with other users of telecommunications services; and
 - (B) oversight and administration of the program..

(V.A.C.S. Art. 1446c-0, Sec. 3.604(h) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.08(c); Acts 1999, 76th Leg., R.S., ch. 1553 (SB 1441) § 5.) (SB 1368 codified amendments to V.A.C.S. Art. 1446c-0 (now this section) in 1997 that were not codified in the Utilities Code. SB 1441 amended this section by deleting the word “device” before assistance program in paragraph (3) and, in subparagraph (3)(A), by adding the words “or services” and “persons with disabilities” and deleting the phrase “the hearing impaired and speech impaired” before “in communicating with other users.” Section 9(b) of SB 1441 provides: “To the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions to and corrections in enacted codes.”)

Sec. 56.112. ADVISORY COMMITTEE SUPPORT AND COSTS.

(a) The commission shall provide to the advisory committee:

- (1) clerical and staff support; and
- (2) a secretary to record committee meetings.

(b) The costs associated with the advisory committee shall be reimbursed from the universal service fund.

(V.A.C.S. Art. 1446c-0, Sec. 3.604(h) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.08(d).)

Sec. 56.113. ADVISORY COMMITTEE COMPENSATION AND EXPENSES.

A member of the advisory committee serves without compensation but is entitled to reimbursement at rates established for state employees for travel and per diem incurred in the performance of the member's official duties.

(Added by Acts 2001, 77th Leg., R.S., ch. 1158 (HB 2914) § 93.)

SUBCHAPTER E. SPECIALIZED TELECOMMUNICATIONS ASSISTANCE PROGRAM

Sec. 56.151. SPECIALIZED TELECOMMUNICATIONS ASSISTANCE PROGRAM.

The commission and the Texas Commission for the Deaf and Hard of Hearing by rule shall establish a specialized telecommunications assistance program to provide financial assistance to individuals with disabilities that impair the individuals' ability to effectively access the telephone network to assist the individuals with the purchase of basic specialized equipment or services to provide the individuals with

telephone network access that is functionally equivalent to that enjoyed by individuals without disabilities. The agencies may adopt joint rules that identify devices and services eligible for vouchers under the program.

(Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1441) § 7.) (Section 9(b) of SB 1441 provides: "To the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions to and corrections in enacted codes.") (Amended by Acts 2001, 77th Leg., R.S., ch.424 (HB 2345) § 1).

Sec. 56.152. ELIGIBILITY.

The Texas Commission for the Deaf and Hard of Hearing by rule shall prescribe eligibility standards for individuals, including deaf individuals and individuals who have an impairment of hearing or speech, to receive an assistance voucher under the program. To be eligible, an individual must be a resident of this state with a disability that impairs the individual's ability to effectively access the telephone network.

(Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.08(e); Acts 1999, 76th Leg., R.S., ch. 1553 (SB 1441) § 7.) (Section 9(b) of SB 1441 provides: "To the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions to and corrections in enacted codes.") (Amended by Acts 2001, 77th Leg., R.S., ch. 424 (HB 2345) § 2.)

Sec. 56.153. VOUCHERS.

(a) The Texas Commission for the Deaf and Hard of Hearing shall determine a reasonable price for a basic specialized telecommunications device that permits, or basic specialized services that permit, telephone network access and distribute to each eligible applicant a voucher that guarantees payment of that amount to a distributor of new specialized telecommunications devices described by Section 56.151 or to a provider of services described by that section. The Texas Commission for the Deaf and Hard of Hearing may issue a voucher for a service only if the service is less expensive than a device eligible for a voucher under the program to meet the same need.

(b) A voucher must have the value printed on its face. The individual exchanging a voucher for the purchase of a specialized telecommunications device or service is responsible for payment of the difference between the voucher's value and the price of the device or service.

(c) The commission and the Texas Commission for the Deaf and Hard of Hearing by rule shall provide that a distributor of devices or a provider of services will receive not more than the full price of the device or service if the recipient of a voucher exchanges the voucher for a device or service that the distributor or provider sells for less than the voucher's value.

(d) An individual who has exchanged a voucher for a specialized telecommunications device is not eligible to receive another voucher before the fifth anniversary of the date the individual exchanged the previously issued voucher unless, before that date, the recipient develops a need for a different type of telecommunications device or service under the program because the recipient's disability changes or the recipient acquires another disability.

(e) Except as provided by rules adopted under this subsection, an individual is not eligible for a voucher if the Texas Commission for the Deaf and Hard of Hearing has issued a voucher for a device or service to another individual with the same type of disability in the individual's household. The Texas Commission for the Deaf and Hard of Hearing by rule may provide for financially independent individuals who reside in a congregate setting to be eligible for a voucher regardless of whether another individual living in that setting has received a voucher.

(f) The Texas Commission for the Deaf and Hard of Hearing shall determine eligibility of each person who files an application for a voucher and issue each eligible applicant an appropriate voucher.

(g) The Texas Commission for the Deaf and Hard of Hearing shall maintain a record regarding each individual who receives a voucher under the program.

(h) The Texas Commission for the Deaf and Hard of Hearing shall deposit money collected under the program to the credit of the universal service fund.

(Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.08(e).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1553 (SB 1441) § 7.) (Section 9(b) of SB 1441 provides: "To the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions to and corrections in enacted codes.") (Amended by Acts 2001, 77th Leg., R.S., ch. 424 (HB 2345) § 3.) (HB 2345 amended subsections (a), (d), (e), and (f).)

Sec. 56.154. COMMISSION DUTIES.

(a) Not later than the 45th day after the date the commission receives a voucher a telecommunications device distributor presents for payment or a voucher a telecommunications service provider presents for payment, the commission shall pay to the distributor or service provider the lesser of the value of a voucher properly exchanged for a specialized telecommunications device or service or the full price of the device or service for which a voucher recipient exchanges the voucher. The payments must be made from the universal service fund.

(b) The commission may investigate whether the presentation of a voucher for payment represents a valid transaction for a telecommunications device or service under the program. The Texas Commission for the Deaf and Hard of Hearing shall cooperate with and assist the commission in an investigation under this subsection.

(c) Notwithstanding Section 56.153(a), the commission may:

(1) delay payment of a voucher to a distributor of devices or a service provider if there is a dispute regarding the amount or propriety of the payment or whether the device or service is appropriate or adequate to meet the needs of the person to whom the Texas Commission for the Deaf and Hard of Hearing issued the voucher until the dispute is resolved;

(2) provide that payment of the voucher is conditioned on the return of the payment if the device is returned to the distributor or if the service is not used by the person to whom the voucher was issued; and

(3) provide an alternative dispute resolution process for resolving a dispute regarding a subject described by Subdivision (1) or (2).

(Added by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.08(e).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1553 (SB 1441) § 7.) (Section 9(b) of SB 1441 provides: "To the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions to and corrections in enacted codes.")

Sec. 56.155. RECOVERY OF SPECIALIZED TELECOMMUNICATIONS DEVICE ASSISTANCE PROGRAM SURCHARGE.

(a) The commission shall allow a telecommunications utility to recover the universal service fund assessment related to the specialized telecommunications assistance program through a surcharge added to the utility's customers' bills.

(b) The commission shall specify how each utility must determine the amount of the surcharge and by rule shall prohibit a utility from recovering an aggregation of more than 12 months of assessments in a single surcharge. The rules must require a utility to apply for approval of a surcharge before the 91st day after the date the period during which the aggregated surcharges were assessed closes. If a utility chooses

to impose the surcharge, the utility shall include the surcharge in the “universal service fund surcharge: listing as provided by Section 3.604(c) of this Act.

(Added by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.08(e.) (Amended by Acts 1999, 76th Leg., R.S., ch. 1553 (SB1441) § 8.) (Section 9(b) of SB 1441 provides: “To the extent of any conflict, this Act prevails over another Act of the 76th Legislature, Regular Session, 1999, relating to nonsubstantive additions to and corrections in enacted codes.”)

Sec. 56.156. PROMOTION OF PROGRAM.

The Texas Commission for the Deaf and Hard of Hearing may promote the program established under this subchapter by means of participation in events, advertisements, pamphlets, brochures, forms, pins, or other promotional items or efforts that provide contact information for persons interested in applying for a voucher under the program.

(Added by Acts 2001, 77th Leg., R.S., ch. 424 (HB 2345) § 4.)

SUBCHAPTER F. SERVICE TO UNCERTIFICATED AREA

Sec. 56.201. DEFINITION.

In this subchapter, "permanent residential or business premises" means a premises that has permanent facilities for water, wastewater, and electricity.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.202. DESIGNATION OF PROVIDER.

(a) Notwithstanding Section 54.001, the commission may designate a telecommunications provider under this section to provide voice-grade services to permanent residential or business premises that are not included within the certificated area of a holder of a certificate of convenience and necessity.

(b) The commission may designate a provider only if the provider is otherwise eligible to receive universal service funds under Section 56.023(b).

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.203. PETITION FOR SERVICE.

Persons residing in permanent residential premises or owners of permanent residential or business premises that are not included within the certificated area of a holder of a certificate of convenience and necessity may petition the commission to designate a telecommunications provider to provide to those premises voice-grade services supported by state and federal universal service support mechanisms.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.204. CONTENTS OF PETITION.

(a) A petition for designation of a service provider must:

(1) state with reasonable particularity the locations of the permanent residential or business premises for which the petitioners are requesting service;

(2) establish that those locations are within reasonable proximity to one another so that the petitioners possess a sufficient community of interest to warrant the designation of a provider and the expenditure of universal service funds necessary to establish service;

(3) except as provided by Subsection (b), be signed by at least five persons who:

(A) are not members of the same household;

(B) reside in the permanent residential premises or are the owners of the permanent residential or business premises for which service is sought and that are not located within a certificated area;

(C) want service to those premises; and

(D) commit to pay the aid to construction charges for service to those premises as determined by the commission;

(4) nominate as potential providers of service not more than five telecommunications providers serving territory that is contiguous to the location of the permanent residential or business premises using wireless or wireline facilities, resale, or unbundled network elements; and

(5) include as an attachment or an appendix documentation indicating the required residence or ownership, including a state-issued license or identification, tax records, deeds, or voter registration materials.

(b) The commission may accept a petition that is signed by fewer than five persons if a petitioner provides an affidavit stating that the petitioners have taken all reasonable steps to secure the signatures of the residents of permanent residential premises or the owners of permanent residential or business premises within reasonably close proximity to the petitioning premises who are not receiving telephone service when the petition is filed and who want telephone service initiated.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.205. HEARING.

If the commission finds that the petition complies with Section 56.204, the commission shall hold an evidentiary hearing to determine if a telecommunications provider is willing to be designated to provide service to those premises or, if a provider is not willing to be designated, to determine the telecommunications provider that is best able to serve those premises under the criteria prescribed by this subchapter.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.206. DENIAL OF PETITION.

The commission shall deny a petition if the commission determines that services cannot be extended to the petitioning premises at a reasonable cost. In making that determination, the commission shall consider all relevant factors, including:

(1) the original cost to be incurred by a designated provider to deploy service to the petitioning premises, and the effect of reimbursement of those costs on the state universal service fund;

(2) the number of access lines requested by the petitioners for the petitioning premises;

(3) the size of the geographic territory in which the petitioning premises are included;

(4) the proximity of existing facilities and the existence of a preferred designated provider under Section 56.213; and

(5) any technical barriers to the provision of service.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.207. ORDER.

In any order granting a petition, the commission shall:

(1) approve the facilities to be deployed based on the estimated costs of deployment submitted in accordance with Section 56.208(a);

(2) approve the amount of original cost of deployment to be recovered from the state universal service fund and the terms of original cost recovery under Section 56.209; and

(3) approve the recurring cost recovery under Section 56.209, including the monthly rate for services and the monthly per line fee to be recovered from the state universal service fund under that section.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.208. DESIGNATION OF PROVIDER.

(a) In determining which nominated telecommunications provider the commission will designate to provide service to the petitioning premises, the commission shall consider the relative estimated cost to be incurred by contiguous providers to serve the petitioning premises and give preference to the provider having the least cost technology that meets the quality of service standards prescribed by the commission applicable to that provider.

(b) The commission may not designate a telecommunications provider to serve the petitioning premises unless the premises are located in an area that is contiguous to an area in which the telecommunications provider has previously been designated eligible to receive universal service funding under Section 56.023(b). This subsection does not apply if the commission designates the provider after the provider voluntarily agrees to provide service to the petitioning premises.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.209. RECOVERY OF COSTS.

(a) If, after a hearing, the commission designates a telecommunications provider to serve the petitioning premises, the commission shall permit the designated provider to recover from the state universal service fund the provider's actual costs of providing service to the premises, including the provider's original cost of deployment and actual recurring costs.

(b) The reimbursable original cost of deploying facilities to the petitioning premises is the original cost of the telecommunications provider's facilities installed in, or upgraded to permit the provision of service to, the petitioning premises as determined by the financial accounting standards applicable to the provider, including an amount for the recovery of all costs that are typically included as capital costs for accounting purposes, that are not recovered through an aid to construction charge assessed to the petitioners. The final order permitting or requiring the designated provider to provide service to the petitioning premises shall ensure that all the original cost of the provider shall be amortized and recovered from the state universal service fund, together with interest at the prevailing commercial lending rate:

(1) not later than the third anniversary of the date of the order, for a deployment with an original cost of \$1 million or less;

(2) not later than the fifth anniversary of the date of the order, for a deployment with an original cost of more than \$1 million, but not more than \$2 million; and

(3) not later than the seventh anniversary of the date of the order, for a deployment with an original cost of more than \$2 million.

(c) The designated provider shall recover the provider's actual recurring costs of service, including maintenance and the ongoing operational costs of providing service after deployment of the facilities to the petitioning premises and a reasonable operating margin, from:

(1) the monthly rate charged the customer; and

(2) a monthly per line state universal service fund payment in an amount equal to the unrecovered recurring costs incurred in providing service divided by the access lines served in the petitioning premises.

(d) The monthly per line fee established under Subsection (c) is in addition to the universal service funds associated with the recovery of the original cost of deployment and interest authorized by Subsection (b) and in addition to the universal service funds the designated provider receives to provide service in other areas of this state.

(e) The commission may not authorize or require any services to be provided to petitioning premises under this subchapter during a fiscal year if the total amount of required reimbursements of actual original cost of deployment to all approved petitioning premises under this section, together with interest, including obligations for reimbursements from preceding years, would equal an amount that exceeds 0.02 percent of the annual gross revenues reported to the state universal service fund during the preceding fiscal year.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.210. AID TO CONSTRUCTION CHARGE; CONTRACT FOR SERVICES.

The commission shall establish a reasonable aid to construction charge, not to exceed \$3,000, to be assessed each petitioner. The commission may not require a designated provider to begin construction until:

(1) each petitioner has paid or executed an agreement acceptable to the provider to pay the aid to construction charge; and

(2) each petitioner has executed an assignable agreement for subscription to basic local service to the petitioning premises from the designated provider for a period at least equal to the period during which the provider will receive reimbursement for the original cost of deployment under Section 56.209(b).

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.211. PERMANENT PREMISES REQUIRED.

A telecommunications provider may not under any circumstances be required to extend service to a location that is not a permanent residential or business premises or be required to provide service to the petitioning premises before the 180th day after the date the provider was designated to provide service to the petitioning premises.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.212. SUBSEQUENT RELATED PETITIONS.

(a) If the commission approves a petition requesting service, residents of permanent residential premises or owners of permanent residential or business premises in reasonable proximity to the premises that were the subject of an approved petition who did not sign the prior petition requesting service are not entitled to receive service under this subchapter until the fifth anniversary of the date the prior petition was filed unless the residents or owners file a new petition under this subchapter and agree to pay aid to construction charges on the same terms as applicable to the prior petitioners.

(b) The designated provider shall receive reimbursement for the original cost of deployment and actual recurring costs of providing service to those additional residents in the same manner as the provider received reimbursement of those costs in relation to the prior petitioners. The provider may not receive reimbursement for the original cost of deployment under a subsequent petition if the provider previously received complete reimbursement for those costs from the state universal service fund. If the state universal service fund has completely reimbursed the original cost of deployment as provided by this

subchapter, each subsequent petitioner must pay into the state universal service fund an amount equal to the aid to construction charge paid by each prior petitioner.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.213. PREFERRED PROVIDER.

(a) A provider who is designated to serve petitioning premises located within an uncertificated area under this subchapter is the preferred provider for any permanent residential or business premises in reasonable proximity to those petitioning premises for later petitions filed under Section 56.212.

(b) A preferred designated provider is entitled to an opportunity for a hearing under Section 56.205 on a petition filed under Section 56.203.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

Sec. 56.214. CERTIFICATE NOT AMENDED.

The designation of a provider to serve permanent residential or business premises within an uncertificated area under this subchapter does not have the effect of:

- (1) amending the boundaries of the provider's certificate to provide local exchange service; or
- (2) imposing carrier of last resort responsibilities on the provider.

(Added by Acts 2001, 77th Leg., R.S., ch. 651(HB 2388) § 4.)

SUBCHAPTER G. FUNDING FOR CERTAIN TELECOMMUNICATIONS UTILITIES

Sec. 56.251. DEFINITION.

In this subchapter, "successor utility" has the meaning assigned by Section 54.301.

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 7.)

Sec. 56.252. TELECOMMUNICATIONS UTILITIES ELIGIBLE TO RECEIVE FUNDING UNDER THIS SUBCHAPTER.

A telecommunications utility may receive funding under this subchapter only if:

- (1) the telecommunications utility is eligible to receive universal service funding under Section 56.023(b); and
- (2) the telecommunications utility is designated as a successor utility under Section 54.303.

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 7.)

Sec. 56.253. DETERMINATION OF SUCCESSOR UTILITY'S COSTS TO BE RECOVERED.

(a) At the time the commission designates the successor utility under Section 54.303, the commission shall determine the extent to which the utility should recover the costs the utility will incur in accepting and establishing service to the affected service area.

(b) In making the determination under Subsection (a), the commission shall consider relevant information, including the costs of acquiring and restoring or upgrading the utility's facilities in the geographic area as necessary to make those facilities compatible with the facilities in the utility's other certificated service areas and to comply with commission quality of service standards.

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 7.)

Sec. 56.254. RECOVERY OF COSTS.

The commission order designating the successor utility under Section 54.303 shall authorize the utility to recover the costs determined under Section 56.253. The costs may be amortized and recovered from the state universal service fund, together with interest at the prevailing commercial lending rate:

- (1) not later than the first anniversary of the date of the order if the costs are not more than \$1 million;
- (2) not later than the second anniversary of the date of the order if the costs are more than \$1 million but no more than \$2 million; and
- (3) not later than the third anniversary of the date of the order if the costs are more than \$2 million.

(Added by Acts 2003, 78th Leg., R.S., ch. 76 (SB 1829) § 7.)

SUBCHAPTER H. AUDIO NEWSPAPER PROGRAM

Sec. 56.301. AUDIO NEWSPAPER ASSISTANCE PROGRAM.

The commission by rule shall establish a program to provide from the universal service fund financial assistance for a free telephone service for blind and visually impaired persons that offers the text of newspapers using synthetic speech. The commission may adopt rules to implement the program.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 17.)

CHAPTER 57. DISTANCE LEARNING AND OTHER ADVANCED SERVICES

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 57.001. CONFLICT OF PROVISIONS.

If this chapter conflicts with another provision of this title, this chapter prevails.

(V.A.C.S. Art. 1446c-0, Sec. 3.610.)

SUBCHAPTER B. DISTANCE LEARNING AND INFORMATION SHARING

Sec. 57.021. DEFINITIONS.

In this subchapter:

(1) "Distance learning" means an instruction, learning, or training resource, including video, data, voice, or electronic information, that is:

(A) used by an educational institution predominantly for instruction, learning, or training; and

(B) transmitted from a site to one or more other sites by a telecommunications service.

(2) "Educational institution" includes:

(A) an accredited primary or secondary school;

(B) an institution of higher education as defined by Section 61.003, Education Code;

(C) a private institution of higher education accredited by a recognized accrediting agency as defined by Section 61.003, Education Code;

(D) the Texas Education Agency and its successors and assigns;

(E) a regional education service center established and operated in accordance with Chapter 8, Education Code; or

(F) the Texas Higher Education Coordinating Board and its successors and assigns.

(3) "Library" means:

(A) a public library or regional library system as defined by Section 441.122, Government Code; or

(B) a library operated by an institution of higher education or a school district.

(V.A.C.S. Art. 1446c-0, Sec. 3.605(h).)

Sec. 57.022. REDUCED RATES FOR DISTANCE LEARNING OR INFORMATION SHARING SERVICES.

(a) The commission by rule shall require a dominant carrier to file a tariff that includes a reduced rate for a telecommunications service the commission finds is directly related to:

(1) a distance learning activity that is or could be conducted by an educational institution in this state; or

(2) an information sharing program that is or could be conducted by a library in this state.

(b) The commission rules shall specify:

- (1) each telecommunications service to which Subsection (a) applies;
- (2) the process for an educational institution or library to qualify for a reduced rate;
- (3) the date by which a dominant carrier is required to file a tariff;
- (4) guidelines and criteria that require the services and reduced rates to further the goals prescribed by Section 57.023; and
- (5) any other requirement or term that the commission determines to be in the public interest.

(c) The commission is not required to determine the long run incremental cost of providing a service before approving a reduced rate for the service.

(d) Until cost determination rules are developed and the rates established under this section are changed as necessary to ensure proper cost recovery, the reduced rates established by the commission shall be equal to 75 percent of the otherwise applicable rate.

(e) After the commission develops cost determination rules for telecommunications services generally, the commission shall ensure that a reduced rate approved under this section:

- (1) recovers service-specific long run incremental costs; and
- (2) avoids subsidizing an educational institution or a library.

(V.A.C.S. Art. 1446c-0, Secs. 3.605(a), (b), (e).)

Sec. 57.023. SERVICE AND RATE REQUIREMENTS.

The services and reduced rates must be designed to:

- (1) encourage the development and offering of:
 - (A) distance learning activities by educational institutions; and
 - (B) information sharing programs of libraries;
- (2) meet the:
 - (A) distance learning needs identified by the educational community; and
 - (B) information sharing needs identified by libraries; and

(3) recover the long run incremental costs of providing the services, to the extent those costs can be identified, to avoid subsidizing an educational institution or a library.

(V.A.C.S. Art. 1446c-0, Sec. 3.605(d).)

Sec. 57.024. TARIFF FILINGS.

A tariff filed by a dominant carrier under Section 57.022:

- (1) may concern the implementation of this subchapter only;
- (2) is not a rate change under Subchapter C, Chapter 53; and
- (3) does not affect the carrier's other rates or services.

(V.A.C.S. Art. 1446c-0, Sec. 3.605(c).)

Sec. 57.025. CHANGES IN RATE PROGRAM.

(a) An educational institution, library, or dominant carrier may request the commission to:

- (1) provide for a reduced rate for a service that:

- (A) is directly related to a distance learning activity or an information sharing program; and
- (B) is not covered by commission rules;

- (2) change a rate;
- (3) amend a tariff; or
- (4) amend a commission rule.

(b) The commission shall take the action requested under Subsection (a) if the commission determines the action is appropriate.

(V.A.C.S. Art. 1446c-0, Secs. 3.605(f), (g).)

SUBCHAPTER C. [REPEALED]

(Repealed by Acts 2007, 80th Leg., R.S., ch. 831 (HB 735) § 1(b).)

SUBCHAPTER D. INTERACTIVE MULTIMEDIA COMMUNICATIONS

Sec. 57.071. DEFINITION.

In this subchapter, "interactive multimedia communications" means real-time, two-way, interactive voice, video, and data communications conducted over networks that link geographically dispersed locations.

(V.A.C.S. Art. 1446c-0, Sec. 3.609(b).)

Sec. 57.072. RATES FOR INTERACTIVE MULTIMEDIA COMMUNICATIONS.

(a) The commission shall permit a local exchange company that provides an interactive multimedia communications service to establish, using sound ratemaking principles, rates necessary to recover costs associated with providing the service.

(b) A local exchange company may not establish a rate under Subsection (a) that is less than the local exchange company's long run incremental costs of providing the interactive multimedia communications service, unless the commission determines it to be in the public interest to do so.

(V.A.C.S. Art. 1446c-0, Sec. 3.609(a).)

CHAPTER 58. INCENTIVE REGULATION

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 58.001. POLICY.

Considering the status of competition in the telecommunications industry, it is the policy of this state to:

- (1) provide a framework for an orderly transition from the traditional regulation of return on invested capital to a fully competitive telecommunications marketplace in which all telecommunications providers compete on fair terms;
- (2) preserve and enhance universal telecommunications service at affordable rates;
- (3) upgrade the telecommunications infrastructure of this state;
- (4) promote network interconnectivity; and
- (5) promote diversity in the supply of telecommunications services and innovative products and services throughout the entire state, including urban and rural areas.

(V.A.C.S. Art. 1446c-0, Sec. 3.351.)

Sec. 58.002. DEFINITION.

In this chapter, "electing company" means an incumbent local exchange company that elects to be subject to incentive regulation and to make the corresponding infrastructure commitment under this chapter.

(V.A.C.S. Art. 1446c-0, Sec. 3.352(b)(1) (part).)

Sec. 58.003. CUSTOMER-SPECIFIC CONTRACTS.

(a) Notwithstanding any other provision of this chapter, but subject to Subsection (b), an electing company may not offer in an exchange a service, or an appropriate subset of a service, listed in Sections 58.051(a)(1)-(4) or Sections 58.151(1)-(4) in a manner that results in a customer-specific contract, unless the other party to the contract is a federal, state, or local governmental entity, until the earlier of September 1, 2003, or the date on which the commission finds that at least 40 percent of the total access lines for that service or appropriate subset of that service in that exchange are served by competitive alternative providers that are not affiliated with the electing company.

(b) The requirements prescribed by Subsection (a) do not apply to an electing company serving fewer than five million access lines after the date on which it completes the infrastructure improvements described in this subsection. The electing company must also notify the commission of the company's binding commitment to make the following infrastructure improvements not later than September 1, 2000:

- (1) install Common Channel Signaling 7 capability in each central office; and
- (2) connect all of the company's serving central offices to their respective LATA tandem central offices with optical fiber or equivalent facilities.

(c) The commission by rule shall prescribe appropriate subsets of services.

(d) An electing company may file with the commission a request for a finding under this section. The filing must include information sufficient for the commission to perform a review and evaluation in relation to the particular exchange and the particular service or appropriate subset of a service for which the electing company wants to offer customer-specific contracts. The commission must grant or deny the request not later than the 60th day after the date the electing company files the request.

(e) The commitments described by Subsection (b) do not apply to exchanges of the company sold or transferred before, or for which contracts for sale or transfer are pending on, September 1, 2001. In the case of exchanges for which contracts for sale or transfer are pending as of March 1, 2001, where the purchaser withdrew or defaulted before September 1, 2001, the company shall have one year from the date of withdrawal or default to comply with the commitments.

(f) This section does not preclude an electing company from offering a customer-specific contract to the extent allowed by this title as of August 31, 1999.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 33.)

Sec. 58.004. PACKAGING, TERM AND VOLUME DISCOUNTS, AND PROMOTIONAL OFFERINGS.

(a) Notwithstanding any other provision of this chapter, an electing company that has more than five million access lines in this state may not offer in an exchange a service listed in Sections 58.151(1)-(4) as a component of a package of services or as a promotional offering until the company makes the reduction in switched access service rates required by Section 58.301(2) unless the customer of one of the pricing flexibility offerings described in this subsection is a federal, state, or local governmental entity.

(b) Notwithstanding any other provision of this chapter, an electing company that has more than five million access lines in this state may not offer a volume or term discount on any service listed in Sections 58.151(1)-(4) until September 1, 2000, unless the customer of one of the pricing flexibility offerings described in this subsection is a federal, state, or local governmental entity.

(c) Notwithstanding any other provision of this chapter, an electing company that has more than five million access lines in this state may offer in an exchange a service listed in Sections 58.051(a)(1)-(4) as a component of a package of services, as a promotional offering, or with a volume or term discount on and after September 1, 1999.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 34.)

SUBCHAPTER B. ELECTION OF INCENTIVE REGULATION

Sec. 58.021. ELECTION.

(a) An incumbent local exchange company may elect to be subject to incentive regulation and to make the corresponding infrastructure commitment under this chapter by notifying the commission in writing of its election.

(b) The notice must include a statement that the company agrees to:

(1) limit until September 1, 2005, any increase in a rate the company charges for basic network services as prescribed by Subchapter C; and

(2) fulfill the infrastructure commitment prescribed by Subchapters F and G.

(c) Except as provided in Subsection (d), an election under this chapter remains in effect until the legislature eliminates the incentive regulation authorized by this chapter and Chapter 59.

(d) The commission may allow an electing company serving fewer than five million access lines to withdraw the company's election under this chapter:

(1) on application by the company; and

(2) only for good cause.

(e) In this section, "good cause" includes only matters beyond the control of the company.

(V.A.C.S. Art. 1446c-0, Sec. 3.352(a).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 35.)

Sec. 58.022. CHAPTER CONTROLS.

This chapter governs the regulation of an electing company's telecommunications services regardless of whether the company is a dominant carrier.

(V.A.C.S. Art. 1446c-0, Sec. 3.352(c).)

Sec. 58.023. SERVICE CLASSIFICATION.

On election, the services provided by an electing company are classified into two categories:

- (1) basic network services governed by Subchapter C; and
- (2) nonbasic services governed by Subchapter E.

(V.A.C.S. Art. 1446c-0, Sec. 3.352(b)(1).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 36.)

Sec. 58.024. SERVICE RECLASSIFICATION.

(a) The commission may reclassify a basic network service as a nonbasic service.

(b) The commission shall establish criteria for determining whether a service should be reclassified. The criteria must include consideration of the:

- (1) availability of the service from other providers;
- (2) effect of the reclassification on service subscribers; and
- (3) nature of the service.

(c) The commission may not reclassify a service until:

(1) each competitive safeguard prescribed by Subchapters B-H, Chapter 60, is fully implemented;
or

(2) for a company that serves more than five million access lines in this state, the date on which the Federal Communications Commission determines in accordance with 47 U.S.C. Section 271 that the company or any of its affiliates may enter the interLATA telecommunications market in this state.

(d) The commission may reclassify a service subject to the following conditions:

(1) the electing company must file a request for a service reclassification including information sufficient for the commission to perform a review and evaluation under Subsection (b);

(2) the commission must grant or deny the request not later than the 60th day after the date the electing company files the request for service reclassification; and

(3) there is a rebuttable presumption that the request for service reclassification by the electing company should be granted if the commission finds that there is a competitive alternative provider serving customers through means other than total service resale..

(V.A.C.S. Art. 1446c-0, Secs. 3.352(b)(2), 3.355(c), 3.356(b), 3.357.) (Amended by Acts 1999, 76th Leg., R.S., ch. 62 (SB 1368) § 18.11; Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 37.) (SB 1368 corrects the cross reference in paragraph (c)(1). SB 560 deletes all references to discretionary or competitive services and adds the word "nonbasic" in subsection (a); deletes old paragraph (b)(2) and renumbers subsection (b); and adds paragraph (c)(2) and subsection (d).)

Sec. 58.025. COMPLAINT OR HEARING.

(a) An electing company is not, under any circumstances, subject to a complaint, hearing, or determination regarding the reasonableness of the company's:

- (1) rates;
- (2) overall revenues;
- (3) return on invested capital; or
- (4) net income.

(b) This section does not prohibit a complaint, hearing, or determination on an electing company's implementation and enforcement of a competitive safeguard required by Chapter 60.

(V.A.C.S. Art. 1446c-0, Sec. 3.352(d) (part).)

Sec. 58.026. CONSUMER COMPLAINTS REGARDING TARIFFS.

(a) This chapter does not restrict:

- (1) a consumer's right to complain to the commission about the application of an ambiguous tariff; or
- (2) the commission's right to determine:
 - (A) the proper application of that tariff; or
 - (B) the proper rate if that tariff does not apply.

(b) This section does not permit the commission to:

- (1) lower a tariff rate except as specifically provided by this title;
- (2) change the commission's interpretation of a tariff; or
- (3) extend the application of a tariff to a new class of customers.

(V.A.C.S. Art. 1446c-0, Sec. 3.352(d) (part).)

Sec. 58.027. CONSUMER COMPLAINTS REGARDING SERVICES; ENFORCEMENT OF STANDARDS.

This chapter does not restrict:

- (1) a consumer's right to complain to the commission about quality of service; or
- (2) the commission's right to enforce a quality of service standard.

(V.A.C.S. Art. 1446c-0, Sec. 3.352(d) (part).)

Sec. 58.028. REVIEW AND REPORT OF EFFECTS OF ELECTION. [EXPIRED]

(V.A.C.S. Art. 1446c-0, Sec. 3.356(d) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 38.)

SUBCHAPTER C. BASIC NETWORK SERVICES

Sec. 58.051. SERVICES INCLUDED.

(a) Unless reclassified under Section 58.024, the following services are basic network services:

- (1) flat rate residential local exchange telephone service, including primary directory listings and the receipt of a directory and any applicable mileage or zone charges;
- (2) residential tone dialing service;
- (3) lifeline and tel-assistance service;
- (4) service connection for basic residential services;
- (5) direct inward dialing service for basic residential services;
- (6) private pay telephone access service;
- (7) call trap and trace service;
- (8) access for all residential and business end users to 911 service provided by a local authority and access to dual party relay service;
- (9) mandatory residential extended area service arrangements;
- (10) mandatory residential extended metropolitan service or other mandatory residential toll-free calling arrangements.

(a-1) Notwithstanding Subsection (a) and Section 58.151, basic network services include residential caller identification services if the customer to whom the service is billed is at least 65 years of age.

(b) Electing companies shall offer each basic network service as a separately tariffed service in addition to any packages or other pricing flexibility offerings that include those basic network services.

(c) At the election of the affected incumbent local exchange company, the price for basic network service shall also include the fees and charges for any mandatory extended area service arrangements, mandatory expanded toll-free calling plans, and any other service included in the definition of basic network service.

(d) A nonpermanent expanded toll-free local calling service surcharge established by the commission to recover the costs of mandatory expanded toll-free local calling service:

- (1) is considered a part of basic network service;
- (2) may not be aggregated under Subsection (c); and
- (3) continues to be transitioned in accordance with commission orders and substantive rules.

(V.A.C.S. Art. 1446c-0, Sec. 3.353(a).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 39; Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 18) (amended subsection (a) and added subsections (a-1), (c), and (d).)

Sec. 58.052. REGULATION OF SERVICES.

(a) Except as provided by Subchapter E, Chapter 52, basic network services of an electing company are regulated:

- (1) in accordance with this chapter; and
- (2) to the extent not inconsistent with this chapter, in accordance with:
 - (A) Subtitle A;
 - (B) Chapters 51, 54, 60, 62, and 63;
 - (C) Chapter 52, except for Subchapter F;

- (D) Subchapters C, D, and E, Chapter 53;
- (E) Chapter 55, except for:
 - (i) Subchapters F and G; and
 - (ii) Sections 55.001, 55.002, 55.003, and 55.004;
- (F) Sections 53.001, 53.003, 53.004, 53.006, 53.065, 55.005, 55.006, 55.009, and 55.010; and
- (G) commission rules and procedures.

(b) The commission must approve a change in the terms of the tariff offering of a basic network service.

(V.A.C.S. Art. 1446c-0, Sec. 3.353(d).)

Sec. 58.053. INVESTMENT LIMITATION ON SERVICE STANDARDS.

(a) The commission may not raise a service standard applicable to the provision of local exchange telephone service by an electing company if the increased investment required to comply with the raised standard in any year exceeds 10 percent of the company's average annual intrastate additions in capital investment for the most recent five-year period.

(b) In computing the average under Subsection (a), the company shall exclude:

- (1) extraordinary investments made during the five-year period; and
- (2) investments required by Section 58.203.

(V.A.C.S. Art. 1446c-0, Secs. 3.353(b) (part), 3.358(b) (part).)

Sec. 58.054. RATES CAPPED.

(a) As a condition of election under this chapter, an electing company shall commit to not increasing a rate for a basic network service on or before the fourth anniversary of its election date.

(b) The rates an electing company may charge on or before that fourth anniversary are the rates charged by the company on June 1, 1995, or, for a company that elects under this chapter after September 1, 1999, the rates charged on the date of its election, without regard to a proceeding pending under:

- (1) Section 15.001;
- (2) Subchapter D, Chapter 53; or
- (3) Subchapter G, Chapter 2001, Government Code.

(c) Notwithstanding Subsections (a) and (b), the cap on the rates for basic network services for a company electing under this chapter may not expire before September 1, 2005.

(V.A.C.S. Art. 1446c-0, Secs. 3.352(a) (part), 3.353(e) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 40.)

Sec. 58.055. RATE ADJUSTMENT BY COMPANY.

(a) An electing company may increase a rate for a basic network service during the election period prescribed by Section 58.054 only:

- (1) with commission approval that the proposed change is included in Section 58.056, 58.057, or 58.058; and
- (2) as provided by Sections 58.056, 58.057, 58.058, and 58.059.

(b) Notwithstanding Subchapter F, Chapter 60, an electing company may, on its own initiative, decrease a rate for a basic network service during the electing period.

(c) The company may decrease the rate for a basic local telecommunications service to an amount above the service's appropriate cost. If the company has been required to perform or has elected to perform a long run incremental cost study, the appropriate cost for the service is the service's long run incremental cost.

(V.A.C.S. Art. 1446c-0, Secs. 3.353(b) (part), (c)(1).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 40.)

Sec. 58.056. RATE ADJUSTMENT FOR CHANGES IN FCC SEPARATIONS.

The commission, on motion of the electing company or on its own motion, shall proportionally adjust rates for services to reflect changes in Federal Communications Commission separations that affect intrastate net income by at least 10 percent.

(V.A.C.S. Art. 1446c-0, Sec. 3.353(c)(2).)

Sec. 58.057. RATE ADJUSTMENT FOR CERTAIN COMPANIES.

(a) An electing company, after the 42nd month after the date the company elects incentive regulation under this chapter, may file an application for a commission review of the company's need for changes in the rates of its services if the company:

- (1) has fewer than five million access lines in this state; and
- (2) is complying with:
 - (A) the company's infrastructure commitment;
 - (B) each requirement relating to quality of service; and
 - (C) each commission rule adopted under Chapter 60.

(b) The company's application may request that the commission adjust rates, implement new pricing plans, restructure rates, or rebalance revenues between services to recognize changed market conditions and the effects of competitive entry.

(c) The commission may use an index and a productivity offset in determining the requested changes.

(d) The commission may not:

- (1) order an increase in the rate for residential local exchange telephone service that would cause the rate to increase by more than the United States Consumer Price Index in any 12-month period; or
- (2) set the monthly rate for residential local exchange telephone service in an amount that exceeds the nationwide average rates for similar local exchange telephone services.

(V.A.C.S. Art. 1446c-0, Sec. 3.353(c)(3).)

Sec. 58.058. RATE GROUP RECLASSIFICATION.

Notwithstanding Subchapter B, the commission, on request of the electing company, shall allow a rate group reclassification that results from access line growth.

(V.A.C.S. Art. 1446c-0, Sec. 3.353(c)(4).)

Sec. 58.059. COMMISSION RATE ADJUSTMENT PROCEDURE.

(a) In accordance with this section, an electing company may request and the commission may authorize a rate adjustment under Section 58.056, 58.057, or 58.058.

(b) The electing company must provide to the commission notice of its intent to adjust rates. The notice must be accompanied by sufficient documentary evidence to demonstrate that the rate adjustment is authorized under Section 58.056, 58.057, or 58.058. The commission by rule or order shall prescribe the documentation required under this subsection.

(c) The electing company must also provide notice to its customers after providing notice to the commission. The notice to the customers must:

(1) within a reasonable period after notice to the commission, be published once in a newspaper of general circulation in the affected service area;

(2) be included in or printed on each affected consumer's bill in the first billing that occurs after notice is filed with the commission;

(3) have a title that includes the name of the company and the words "NOTICE OF POSSIBLE RATE CHANGE"; and

(4) include:

(A) a statement that the consumer's rate may change;

(B) an estimate of the amount of the annual change for the typical residential, business, or access consumer if the commission approves the rate change;

(C) a statement that a consumer who wants to comment on the rate change or who wants additional information regarding the rate change may call or write the commission and that the information will be provided without cost to the consumer and at the expense of the electing company; and

(D) the commission's telephone number and address.

(d) The estimate of the amount of the annual change required by Subsection (c)(4)(B) must be printed in a type style and size that is distinct from and larger than the type style and size of the body of the notice.

(e) The commission shall review the proposed rates to determine if the rate adjustment is authorized under Section 58.056, 58.057, or 58.058.

(f) The rate adjustment takes effect on the 90th day after the date the electing company completes the notice required by this section unless the commission suspends the effective date under Subsection (g).

(g) At any time before a rate adjustment is scheduled to take effect, the commission, on its own motion or on complaint by an affected party, may suspend the effective date of the rate adjustment and conduct a hearing to review the proposed adjustment. After the hearing, the commission may issue an order approving the adjustment, or if it finds that the adjustment is not authorized under Section 58.056, 58.057, or 58.058, issue an order modifying or rejecting the adjustment. An order modifying or rejecting a rate adjustment must specify:

(1) each reason why the proposed adjustment was not authorized by Section 58.056, 58.057, or 58.058; and

(2) how the proposed adjustment may be changed so that it is authorized.

(h) Except as provided by this section, a request for a rate restructure must comply with the notice and hearing requirements prescribed by Sections 53.101-53.106.

(i) An electing company that has not more than five percent of the total access lines in this state may adopt as the cost for a service the cost for the same or substantially similar service offered by a larger incumbent local exchange company. The electing company may adopt the larger company's cost only if the

cost was determined based on a long run incremental cost study. An electing company that adopts a cost under this subsection is not required to present its own long run incremental cost study to support the adopted cost.

(V.A.C.S. Art. 1446c-0, Sec. 3.354.)

Sec. 58.060. RATE ADJUSTMENT AFTER CAP EXPIRATION.

After the expiration of the period during which the rates for basic network services are capped as prescribed by Section 58.054, an electing company may increase a rate for a basic network service only:

- (1) with commission approval subject to this title; and
- (2) to the extent consistent with achieving universal affordable service.

(V.A.C.S. Art. 1446c-0, Sec. 3.353(e) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 41.)

Sec. 58.061. EFFECT ON CERTAIN CHARGES.

This subchapter does not affect a charge permitted under:

- (1) Section 55.024;
- (2) Subchapter C, Chapter 55; or
- (3) Subchapter B, Chapter 56.

(V.A.C.S. Art. 1446c-0, Sec. 3.353(b) (part).)

Sec. 58.062. SWITCHED ACCESS RATES. [REPEALED].

(V.A.C.S. Art. 1446c-0, Sec. 3.352(d) (part).) (Repealed by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 57(1).)

Sec. 58.063. PRICING AND PACKAGING FLEXIBILITY.

(a) Notwithstanding Section 58.052(b) or Subchapter F, Chapter 60, an electing company may exercise pricing flexibility for basic network services, including the packaging of basic network services with any other regulated or unregulated service or any service of an affiliate. The company may exercise pricing flexibility in accordance with this section 10 days after providing an informational notice to the commission, to the office, and to any person who holds a certificate of operating authority in the electing company's certificated area or areas or who has an effective interconnection agreement with the electing company.

(b) An electing company shall set the price of a package of services containing basic network services and nonbasic services at any level at or above the lesser of:

- (1) the sum of the long run incremental costs of any basic network services and nonbasic services contained in the package; or
- (2) the sum of the tariffed prices of any basic network services contained in the package and the long run incremental costs of nonbasic services contained in the package.

(c) Except as provided by Section 58.003, an electing company may flexibly price a package that includes a basic network service in any manner provided by Section 51.002(7).

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 42.)

SUBCHAPTER D. [REPEALED]

(V.A.C.S. Art. 1446c-0, Secs. 3.355.) (Repealed by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 57(2).)

SUBCHAPTER E. NONBASIC SERVICES

Sec. 58.151. SERVICES INCLUDED.

The following services are classified as nonbasic services:

(1) flat rate business local exchange telephone service, including primary directory listings and the receipt of a directory, and any applicable mileage or zone charges, except that the prices for this service shall be capped until September 1, 2005, at the prices in effect on September 1, 1999;

(2) business tone dialing service, except that the prices for this service shall be capped until September 1, 2005, at the prices in effect on September 1, 1999;

(3) service connection for all business services, except that the prices for this service shall be capped until September 1, 2005, at the prices in effect on September 1, 1999;

(4) direct inward dialing for basic business services, except that the prices for this service shall be capped until September 1, 2005, at the prices in effect on September 1, 1999;

(5) "1-plus" intraLATA message toll services;

(6) 0+ and 0- operator services;

(7) call waiting, call forwarding, and custom calling, except that:

(A) residential call waiting service shall be classified as a basic network service until July 1, 2006; and

(B) for an electing company subject to Section 58.301, prices for residential call forwarding and other custom calling services shall be capped at the prices in effect on September 1, 1999, until the electing company implements the reduction in switched access rates described by Section 58.301(2);

(8) call return, caller identification, and call control options, except that, for an electing company subject to Section 58.301, prices for residential call return, caller identification, and call control options shall be capped at the prices in effect on September 1, 1999, until the electing company implements the reduction in switched access rates described by Section 58.301(2);

(9) central office based PBX-type services;

(10) billing and collection services, including installment billing and late payment charges for customers of the electing company;

(11) integrated services digital network (ISDN) services, except that prices for Basic Rate Interface (BRI) ISDN services, which comprise up to two 64 Kbps B-channels and one 16 Kbps D-channel, shall be capped until September 1, 2005, at the prices in effect on September 1, 1999;

(12) new services;

(13) directory assistance services, except that an electing company shall provide to a residential customer the first three directory assistance inquiries in a monthly billing cycle at no charge until July 1, 2006;

(14) services described in the WATS tariff as the tariff existed on January 1, 1995; services described in the WATS tariff as the tariff existed on January 1, 1995;

- (15) 800 and foreign exchange services;
- (16) private line service;
- (17) special access service;
- (18) services from public pay telephones;
- (19) paging services and mobile services (IMTS);
- (20) 911 services provided to a local authority that are available from another provider;
- (21) speed dialing;
- (22) three-way calling; and

(23) all other services subject to the commission's jurisdiction that are not specifically classified as basic network services in Section 58.051, except that nothing in this section shall preclude a customer from subscribing to a local flat rate residential or business line for a computer modem or a facsimile machine..

(V.A.C.S. Art. 1446c-0, Sec. 3.356(a) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 43; Acts 2005, 79th, 2nd C.S., ch. 2 (SB 5) § 19.)

Sec. 58.152. PRICES.

- (a) An electing company may set the price for any nonbasic service at any level above the lesser of the:
 - (1) service's long run incremental cost in accordance with the imputation rules prescribed by or under Subchapter D, Chapter 60; or
 - (2) price for the service in effect on September 1, 1999.

(b) Subject to Section 51.004, an electing company may use pricing flexibility for a nonbasic service. Pricing flexibility includes all pricing arrangements included in the definition of "pricing flexibility" prescribed by Section 51.002 and includes packages that include basic network services.

(V.A.C.S. Art. 1446c-0, Secs. 3.356(a) (part), (c) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 43.)

Sec. 58.153. NEW SERVICES.

(a) Subject to the pricing conditions prescribed by Section 58.152(a), an electing company may introduce a new service 10 days after providing an informational notice to the commission, to the office, and to any person who holds a certificate of operating authority in the electing company's certificated area or areas or who has an effective interconnection agreement with the electing company.

(b) An electing company serving more than five million access lines in this state shall provide notice to any person who holds a certificate of operating authority in the electing company's certificated area or areas or who has an effective interconnection agreement with the electing company of any changes in the generally available prices and terms under which the electing company offers basic or nonbasic telecommunications services regulated by the commission at retail rates to subscribers that are not telecommunications providers. Changes requiring notice under this subsection include the introduction of any new nonbasic services, any new features or functions of basic or nonbasic services, promotional offerings of basic or nonbasic services, or the discontinuation of then-current features or services. The electing company shall provide the notice:

- (1) if the electing company is required to give notice to the commission, at the same time the company provides that notice; or

(2) if the electing company is not required to give notice to the commission, at least 45 days before the effective date of a price change or 90 days before the effective date of a change other than a price change, unless the commission determines that the notice should not be given.

(c) An affected person, the office on behalf of residential or small commercial customers, or the commission may file a complaint at the commission challenging whether the pricing by an incumbent local exchange company of a new service is in compliance with Section 58.152(a). The commission shall allow the company to continue to provide the service while the complaint is pending.

(d) If a complaint is filed under Subsection (c), the electing company has the burden of proving that the company set the price for the new service in accordance with Section 58.152(a). If the complaint is finally resolved in favor of the complainant, the company:

(1) shall, not later than the 10th day after the date the complaint is finally resolved, amend the price of the service as necessary to comply with the final resolution; or

(2) may, at the company's option, discontinue the service.

(e) The notice requirement prescribed by Subsection (b) expires September 1, 2003.

(Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 43.)

Sec. 58.155. INTERCONNECTION.

Because interconnection to competitive providers and interconnection for commercial mobile service providers are subject to the requirements of Sections 251 and 252, Communications Act of 1934 (47 U.S.C. Sections 251 and 252), as amended, and Federal Communications Commission rules, including the commission's authority to arbitrate issues, interconnection is not addressed in this subchapter or Subchapter B.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 44.)

SUBCHAPTER F. GENERAL INFRASTRUCTURE COMMITMENT

Sec. 58.201. STATEMENT OF STATE GOAL.

(a) It is the goal of this state to facilitate and promote the deployment of an advanced telecommunications infrastructure to spur economic development throughout this state. This state should be among the leaders in achieving this objective.

(b) The primary means of achieving this goal is through encouraging private investment in this state's telecommunications infrastructure by creating incentives for that investment and promoting the development of competition.

(c) The best way to bring the benefits of an advanced telecommunications network infrastructure to communities in this state is through innovation and competition among all the state's communications providers. Competition will provide residents of this state with a choice of telecommunications providers and will drive technology deployment, innovation, service quality, and cost-based prices as competing firms try to satisfy customer needs.

(V.A.C.S. Art. 1446c-0, Sec. 3.358(a).)

Sec. 58.202. POLICY GOALS FOR IMPLEMENTATION.

In implementing this subchapter, the commission shall consider this state's policy goals to:

(1) ensure the availability of the widest possible range of competitive choices in the provision of telecommunications services and facilities;

- (2) foster competition and rely on market forces where competition exists to determine the price, terms, and availability of service;
- (3) ensure the universal availability of basic local telecommunications services at reasonable rates;
- (4) encourage the continued development and deployment of advanced and reliable capabilities and services in telecommunications networks;
- (5) ensure interconnection and interoperability, based on uniform technical standards, among telecommunications carriers;
- (6) eliminate unnecessary administrative procedures that impose regulatory barriers to competition and ensure that competitive entry is fostered on an economically rational basis;
- (7) ensure consumer protection and protection against anticompetitive conduct;
- (8) regulate a provider of services only to the extent the provider has market power to control the price of services to customers;
- (9) encourage cost-based pricing of telecommunications services so that consumers pay a fair price for services they use; and
- (10) subject to Subchapter C, develop appropriate quality of service standards for local exchange companies so as to place this state among the leaders in deployment of an advanced telecommunications infrastructure.

(V.A.C.S. Art. 1446c-0, Sec. 3.358(b) (part).)

Sec. 58.203. INFRASTRUCTURE GOALS OF ALL ELECTING COMPANIES.

(a) Recognizing that it will take time for competition to develop in the local exchange market, the commission shall, in the absence of competition, ensure that each electing company achieves the infrastructure goals described by this section.

(b) Not later than December 31, 1996, an electing company shall make available to each customer in the company's territory access to end-to-end digital connectivity.

(c) Each new central office switch installed for an electing company after September 1, 1995, must be digital or technically equal to or superior to digital. In addition, a switch installed after September 1, 1997, must, at a minimum, be capable of providing integrated services digital network (ISDN) services in a manner consistent with generally accepted national standards.

(d) Not later than January 1, 2000, 50 percent of the local exchange access lines in each electing company's territory must be served by a digital central office switch.

(e) Not later than January 1, 2000, an electing company's public switched network backbone interoffice facilities must employ broadband facilities capable of 45 or more megabits a second. The company may employ facilities at a lower bandwidth if technology permits the delivery of video signal at the lower bandwidth at a quality level comparable to a television broadcast signal. The requirements of this subsection do not apply to local loop facilities.

(V.A.C.S. Art. 1446c-0, Sec. 3.358(c).)

Sec. 58.204. ADDITIONAL INFRASTRUCTURE COMMITMENT OF CERTAIN COMPANIES.

(a) Not later than December 31, 1998, an electing company serving more than one million but fewer than five million access lines shall provide digital switching central offices in all exchanges.

(b) Not later than January 1, 2000, an electing company serving more than five million access lines shall:

- (1) install Common Channel Signaling 7 capability in each central office; and
- (2) connect all of the company's serving central offices to their respective LATA tandem central offices with optical fiber or equivalent facilities.

(V.A.C.S. Art. 1446c-0, Sec. 3.358(d).)

Sec. 58.205. EXTENSION OR WAIVER OF INFRASTRUCTURE REQUIREMENTS.

(a) For an electing company that serves more than one million but fewer than two million access lines, the commission may temporarily extend a deadline prescribed by Section 58.203 if the company demonstrates that the extension is in the public interest.

(b) For an electing company that serves fewer than one million access lines, the commission may waive a requirement prescribed by Section 58.203 if the company demonstrates that the investment is not viable economically.

(c) Before granting a waiver under Subsection (b), the commission must consider the public benefits that would result from compliance with the requirement.

(V.A.C.S. Art. 1446c-0, Sec. 3.358(e).)

Sec. 58.206. IMPLEMENTATION COSTS; INCREASE IN RATES AND UNIVERSAL SERVICE FUNDS.

The commission may not consider the cost of implementing Section 58.203 or 58.204 in determining whether an electing company is entitled to:

- (1) a rate increase under this chapter; or
- (2) increased universal service funds under Subchapter B, Chapter 56.

(V.A.C.S. Art. 1446c-0, Sec. 3.358(f).)

SUBCHAPTER G. INFRASTRUCTURE COMMITMENT TO CERTAIN ENTITIES

Sec. 58.251. INTENT AND GOAL OF SUBCHAPTER.

(a) It is the intent of this subchapter to establish a telecommunications infrastructure that interconnects the public entities described in this subchapter. The interconnection of these entities requires ubiquitous, broadband, digital services for voice, video, and data in the local serving area. The ubiquitous nature of these connections must allow individual networks of these entities to interconnect and interoperate across the broadband digital service infrastructure. The delivery of these advanced telecommunications services requires collaborations and partnerships of public, private, and commercial telecommunications service network providers.

(b) The goal of this subchapter is to interconnect and aggregate the connections to every entity described in this subchapter, in the local serving area. It is further intended that the infrastructure implemented under this subchapter connect each entity that requests a service offered under this subchapter.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(a).)

Sec. 58.252. DEFINITIONS.

In this subchapter:

- (1) "Educational institution" has the meaning assigned by Section 57.021.
- (2) "Library" means:
 - (A) a public library or regional library system as those terms are defined by Section 441.122, Government Code;
 - (B) a library operated by an institution of higher education or a school district; or
 - (C) a library operated by a nonprofit corporation as defined by Section 441.221(3), Government Code.
- (3) "Private network services" means:
 - (A) broadband digital service that is capable of providing transmission speeds of 45 megabits a second or greater for customer applications; and
 - (B) other customized or packaged network services.
- (4) "Telemedicine center" means a facility that is equipped to transmit, by video, data, or voice service, medical information for the diagnosis or treatment of illness or disease and that is:
 - (A) owned or operated by a public or not-for-profit hospital, including an academic health center; or
 - (B) owned by one or more state-licensed health care practitioners and operated on a nonprofit basis.

(V.A.C.S. Art. 1446c-0, Secs. 3.359(b)(1)(A) (part), (e).) (Amended by Acts 2007, 80th Leg. R.S., ch. 831 (HB 735) § 11.)

Sec. 58.253. PRIVATE NETWORK SERVICES FOR CERTAIN ENTITIES.

- (a) On customer request, an electing company shall provide private network services to:
 - (1) an educational institution;
 - (2) a library as defined in Section 57.021;
 - (3) a nonprofit telemedicine center;
 - (4) a public or not-for-profit hospital;
 - (5) a legally constituted consortium or group of entities listed in this subsection.
- (b) Except as provided by Section 58.266, the electing company shall provide the private network services for the private and sole use of the receiving entity.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(1)(A) (part).) (Amended by Acts 2001, 77th Leg., R.S., ch. 959 (SB 1536) § 9; Acts 2001, 77th Leg., R.S., ch. 1220 (SB 65) § 4; Acts 2001, 77th Leg., R.S., ch. 1350 (HB 3591) § 7.) (SB 65 amended this section by amending subsection (a)(5) "telepharmacy system".) (SB 1536 and SB 789 amended this section by amending subsection (a)(5) by adding an eligibility date.) (HB 3591 amended this section by amending subsection (a)(2) and (5).) (Amended by Acts 2007, 80th Leg., R.S., ch. 831 (HB 735) § 12 (amended division (a)(2) and repealed division (a)(5) and renumbered (a)(6) to (a)(5)).)

Sec. 58.254. PRIORITIES.

An electing company shall give priority to serving:

- (1) rural areas;
- (2) areas designated as critically underserved either medically or educationally; and
- (3) educational institutions with high percentages of economically disadvantaged students.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(6).)

Sec. 58.255. CONTRACTS FOR PRIVATE NETWORK SERVICES.

(a) An electing company shall provide a private network service under a customer specific contract.

(b) An electing company shall offer private network service contracts under this subchapter at 105 percent of the long run incremental cost of providing the private network service, including installation.

(c) Each contract shall be filed with the commission. Commission approval of a contract is not required.

(d) Subtitle D, Title 10, Government Code, does not apply to a contract entered into under this subchapter.

(V.A.C.S. Art. 1446c-0, Secs. 3.359(b)(1)(B), (b)(1)(C), (f).)

Sec. 58.256. PREFERRED RATE TREATMENT WARRANTED.

An entity described by Section 58.253(a) warrants preferred rate treatment. However, a rate charged for a service must cover the service's long run incremental cost.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(1)(H).)

Sec. 58.257. ELECTION OF RATE TREATMENT.

An educational institution or a library may elect the rate treatment provided by this subchapter or the discount provided by Subchapter B, Chapter 57.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(3).)

Sec. 58.258. PRIVATE NETWORK SERVICES RATES AND TARIFFS.

(a) Notwithstanding the pricing flexibility authorized by this subtitle, an electing company's rates for private network services may not be increased before January 1, 20012. However, an electing company may increase a rate in accordance with the provisions of a customer specific contract.

(b) An electing company may not charge an entity described by Section 58.253(a) a special construction or installation charge.

(V.A.C.S. Art. 1446c-0, Secs. 3.359(b)(2), (4).) (Amended by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 20 (amended subsection (a)).)

Sec. 58.259. TARIFF RATE FOR CERTAIN INTRALATA SERVICE.

(a) An electing company shall file a flat monthly tariff rate for point-to-point intraLATA 1.544 megabits a second service for the entities described by Section 58.253(a).

(b) The tariff rate may not be:

- (1) distance sensitive; or

(2) higher than 105 percent of the service's statewide average long run incremental cost, including installation.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(1)(D).)

Sec. 58.260. POINT-TO-POINT 45 MEGABITS A SECOND INTRALATA SERVICE.

(a) On request of an entity described by Section 58.253(a), an electing company shall provide to the entity point-to-point 45 megabits a second intraLATA services.

(b) The service must be provided under a customer specific contract except that any interoffice portion of the service must be recovered on a statewide average basis that is not distance sensitive.

(c) The rate for the service may not be higher than 105 percent of the service's long run incremental cost, including installation.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(1)(E).)

Sec. 58.261. BROADBAND DIGITAL SPECIAL ACCESS SERVICE.

(a) An electing company shall provide to an entity described by Section 58.253(a) broadband digital special access service to interexchange carriers.

(b) The rate for the service may not be higher than 105 percent of the service's long run incremental cost, including installation.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(1)(F).)

Sec. 58.262. EXPANDED INTERCONNECTION.

(a) On request of an entity described by Section 58.253(a), an electing company shall provide to the entity expanded interconnection (virtual collocation).

(b) The company shall provide expanded interconnection:

- (1) in accordance with commission rules adopted under Subchapter H, Chapter 60; and
- (2) at 105 percent of long run incremental cost, including installation.

(c) An entity described by Section 58.253(a) is not required to qualify for expanded interconnection if expanded interconnection is ordered by the commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(1)(G).)

Sec. 58.263. INTERNET ACCESS.

(a) This section applies only to an educational institution or library in an exchange of an electing company serving more than five million access lines in which toll-free access to the Internet is not available.

(b) On request of the educational institution or library, the electing company shall make available a toll-free connection or toll-free dialing arrangement that the institution or library may use to obtain access to the Internet in an exchange in which toll-free access to the Internet is available.

(c) The electing company shall provide the connection or dialing arrangement at no charge to the educational institution or library until Internet access becomes available in the exchange of the requesting educational institution or library.

(d) The electing company is not required to arrange for Internet access or to pay Internet charges for the requesting educational institution or library.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(5).)

Sec. 58.264. COMPLAINTS LIMITED.

(a) Notwithstanding any other provision of this title, an electing company is subject to a complaint under this subchapter only by an entity described by Section 58.253(a).

(b) An entity may only complain that the company provided a private network service under this subchapter preferentially to a similarly situated customer.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(b)(1)(I).)

Sec. 58.265. INTERCONNECTION OF NETWORK SERVICES.

The private network services provided under this subchapter may be interconnected with other similar networks for distance learning, telemedicine, and information-sharing purposes.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(c).)

Sec. 58.266. SHARING OR RESALE OF NETWORK SERVICES.

(a) A private network service may be used by and shared among the entities described by Section 58.253(a) but may not be otherwise shared or resold to other customers.

(b) A service provided under this subchapter may not be required to be resold to another customer at a rate provided by this subchapter.

(c) This section does not prohibit an otherwise permitted resale of another service that an electing company may offer through the use of the same facilities used to provide a private network service offered under this subchapter.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(d).)

Sec. 58.267. IMPLEMENTATION COSTS; INCREASE IN RATES AND UNIVERSAL SERVICE FUNDS.

The commission may not consider the cost of implementing this subchapter in determining whether an electing company is entitled to:

- (1) a rate increase under this chapter; or
- (2) increased universal service funds under Subchapter B, Chapter 56.

(V.A.C.S. Art. 1446c-0, Sec. 3.359(g).)

Sec. 58.268. CONTINUATION OF OBLIGATION.

Notwithstanding any other provision of this title, an electing company shall continue to comply with this subchapter until January 1, 2012, regardless of:

- (1) the date the company elected under this chapter; or
- (2) any action taken in relation to that company under Chapter 65.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 21.)

SUBCHAPTER H. SWITCHED ACCESS SERVICES

Sec. 58.301. SWITCHED ACCESS RATE REDUCTION.

An electing company with greater than five million access lines in this state shall reduce its switched access rates on a combined originating and terminating basis as follows:

(1) the electing company shall reduce switched access rates on a combined originating and terminating basis in effect on September 1, 1999, by one cent a minute; and

(2) the electing company shall reduce switched access rates on a combined originating and terminating basis by an additional two cents a minute on the earlier of:

(A) July 1, 2000; or

(B) the date the electing company, or its affiliate formed in compliance with 47 U.S.C. Section 272, as amended, actually begins providing interLATA services in this state in accordance with the authorization required by 47 U.S.C. Section 271, as amended.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 45.)

Sec. 58.302. SWITCHED ACCESS RATE CAP.

(a) An electing company may not increase the per minute rates for switched access services on a combined originating and terminating basis above the lesser of:

(1) the rates for switched access services charged by that electing company on September 1, 1999, as may be further reduced on implementation of the universal service fund under Chapter 56; or

(2) the applicable rate described by Section 58.301 as may be further reduced on implementation of the universal service fund under Chapter 56.

(b) Notwithstanding Subchapter F, Chapter 60, but subject to Section 60.001, an electing company may, on its own initiative, decrease a rate charged for switched access service to any amount above the long run incremental cost of the service.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 45.)

Sec. 58.303. SWITCHED ACCESS CHARGE STUDY.

(a) Not later than November 1, 1999, the commission shall begin a review and evaluation of the rates for intrastate switched access service. The review shall include an evaluation of at least the following issues:

(1) whether alternative rate structures for recovery of switched access revenues are in the public interest and competitively neutral; and

(2) whether disparities in rates for switched access service between local exchange companies are in the public interest.

(b) The commission shall file a report with the legislature not later than January 1, 2001. The report must include the commission's recommendations on the issues reviewed and evaluated.

(c) This section expires September 1, 2001.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 45.)

CHAPTER 59. INFRASTRUCTURE PLAN

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 59.001. POLICY.

It is the policy of this state that an incumbent local exchange company that does not elect to be regulated under Chapter 58 should have incentives to deploy infrastructure that will benefit the residents of this state while maintaining reasonable local rates and universal service.

(V.A.C.S. Art. 1446c-0, Sec. 3.401.)

Sec. 59.002. DEFINITIONS.

In this chapter:

(1) "Electing company" means an incumbent local exchange company that elects for an infrastructure commitment and corresponding regulation under this chapter.

(2) "Election date" means the date on which the commission receives notice of election under Subchapter B.

(V.A.C.S. Art. 1446c-0, Sec. 3.402(h).)

SUBCHAPTER B. INFRASTRUCTURE INCENTIVES

Sec. 59.021. ELECTION.

(a) An incumbent local exchange company may elect to make an infrastructure commitment and to be subject to corresponding regulation under this chapter if the company:

- (1) serves less than five percent of the access lines in this state; and
- (2) has not elected incentive regulation under Chapter 58.

(b) A company makes the election by notifying the commission in writing of the company's election.

(c) A company electing under this chapter may renew the election for successive two-year periods. An election that is renewed under this subsection remains in effect until the earlier of the date that:

- (1) the election expires because it was not renewed;
- (2) the commission allows the company to withdraw its election under Section 59.022; or
- (3) the legislature eliminates the incentive regulation authorized by this chapter and Chapter 58.

(V.A.C.S. Art. 1446c-0, Sec. 3.402(a).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 46.)

Sec. 59.022. WITHDRAWAL OF ELECTION.

(a) The commission may allow an electing company to withdraw the company's election under this chapter:

- (1) on application by the company; and
- (2) only for good cause.

(b) In this section, "good cause" includes only matters beyond the control of the company.

(V.A.C.S. Art. 1446c-0, Sec. 3.402(e).)

Sec. 59.023. ELECTION UNDER CHAPTER 58.

(a) This chapter does not prohibit a company electing under this chapter from electing incentive regulation under Chapter 58.

(b) If a company makes an election under Chapter 58, the infrastructure commitment made under this chapter offsets the infrastructure commitment required in connection with the Chapter 58 election.

(V.A.C.S. Art. 1446c-0, Sec. 3.402(f).)

Sec. 59.024. RATE CHANGES.

(a) Except for the charges permitted under Subchapter C, Chapter 55, Subchapter B, Chapter 56, and Section 55.024, an electing company may not, before the end of the company's elections period under this chapter, increase a rate previously established for that company under this title unless the commission approves the proposed change as authorized under Subsection (c) or (d).

(b) For purposes of Subsection (a), the company's previously established rates are the rates charged by the company on its election date without regard to a proceeding pending under:

- (1) Section 15.001;
- (2) Subchapter D, Chapter 53; or
- (3) Subchapter G, Chapter 2001, Government Code.

(c) The commission, on motion of the electing company or on its own motion, shall adjust prices for services to reflect changes in Federal Communications Commission separations that affect intrastate net income by at least 10 percent.

(d) Notwithstanding Subsection (a), the commission, on request of the electing company, shall allow a rate group reclassification that results from access line growth.

(e) Section 58.059 applies to a rate change under this section.

(V.A.C.S. Art. 1446c-0, Secs. 3.402(b), (c), (g) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 47.)

Sec. 59.025. SWITCHED ACCESS RATES.

Notwithstanding any other provision of this title, the commission may not, on the commission's own motion, reduce an electing company's rates for switched access services before the expiration of the election period prescribed by Section 59.024 but may approve a reduction proposed by the electing company.

(V.A.C.S. Art. 1446c-0, Sec. 3.402(g) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 48.)

Sec. 59.026. COMPLAINT OR HEARING.

(a) On or before the end of the company's election period, an electing company is not, under any circumstances, subject to:

- (1) a complaint or hearing regarding the reasonableness of the company's:
 - (A) rates;
 - (B) overall revenues;
 - (C) return on invested capital; or
 - (D) net income; or

(2) a complaint that a rate is excessive.

(b) Subsection (a) applies only to a company that is in compliance with the company's infrastructure commitment under this chapter.

(c) This section does not prohibit a complaint, hearing, or determination on an electing company's implementation of a competitive safeguard required by Chapter 60.

(V.A.C.S. Art. 1446c-0, Sec. 3.402(d) (part).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 49.)

Sec. 59.027. CONSUMER COMPLAINTS REGARDING TARIFFS.

(a) This chapter does not restrict:

(1) a consumer's right to complain to the commission about the application of an ambiguous tariff; or

(2) the commission's right to determine:

(A) the proper application of that tariff; or

(B) the proper tariff rate if that tariff does not apply.

(b) This section does not permit the commission to:

(1) lower a tariff rate except as specifically provided by this title;

(2) change the commission's interpretation of a tariff; or

(3) extend the application of a tariff to a new class of customers.

(V.A.C.S. Art. 1446c-0, Sec. 3.402(d) (part).)

Sec. 59.028. CONSUMER COMPLAINTS REGARDING SERVICES; ENFORCEMENT OF STANDARDS.

This chapter does not restrict:

(1) a consumer's right to complain to the commission about quality of service; or

(2) the commission's right to enforce a quality of service standard.

(V.A.C.S. Art. 1446c-0, Sec. 3.402(d) (part).)

Sec. 59.029. INVESTMENT LIMITATION ON SERVICE STANDARDS.

(a) The commission may not raise a service standard applicable to the provision of local exchange telephone service by an electing company if the increased investment required to comply with the raised standard in any year exceeds 10 percent of the company's average annual intrastate additions in capital investment for the most recent five-year period.

(b) In computing the average under Subsection (a), the electing company shall exclude:

(1) extraordinary investments made during the five-year period; and

(2) investments required by Section 59.052.

(V.A.C.S. Art. 1446c-0, Secs. 3.402(d) (part), 3.403(b)(6).)

Sec. 59.030. NEW SERVICES.

(a) An electing company may introduce a new service 10 days after providing an informational notice to the commission, to the office, and to any person who holds a certificate of operating authority in the electing company's certificated area or areas or who has an effective interconnection agreement with the electing company.

(b) An electing company shall price each new service at or above the service's long run incremental cost. The commission shall allow a company serving fewer than one million access lines to establish a service's long run incremental cost by adopting, at that company's option, the cost studies of a larger company for that service that has been accepted by the commission.

(c) An affected person, the office on behalf of residential or small commercial customers, or the commission may file a complaint at the commission challenging whether the pricing by an electing company of a new service is in compliance with Subsection (b).

(d) If a complaint is filed under Subsection (c), the electing company has the burden of proving that the company set the price for the new service in accordance with the applicable provisions of this subchapter. If the complaint is finally resolved in favor of the complainant, the electing company:

- (1) shall, not later than the 10th day after the date the complaint is finally resolved, amend the price of the service as necessary to comply with the final resolution; or
- (2) may, at the company's option, discontinue the service.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 50.)

Sec. 59.031. PRICING AND PACKAGING FLEXIBILITY.

(a) Notwithstanding Section 59.027(b) or Subchapter F, Chapter 60, an electing company may exercise pricing flexibility in accordance with this section, including the packaging of any regulated service such as basic local telecommunications service with any other regulated or unregulated service or any service of an affiliate. The electing company may exercise pricing flexibility 10 days after providing an informational notice to the commission, to the office, and to any person who holds a certificate of operating authority in the electing company's certificated area or areas or who has an effective interconnection agreement with the electing company. Pricing flexibility includes all pricing arrangements included in the definition of "pricing flexibility" prescribed by Section 51.002(7) and includes packaging of regulated services with unregulated services or any service of an affiliate.

(b) An electing company, at the company's option, shall price each regulated service offered separately or as part of a package under Subsection (a) at either the service's tariffed rate or at a rate not lower than the service's long run incremental cost. The commission shall allow a company serving fewer than one million access lines to establish a service's long run incremental cost by adopting, at that company's option, the cost studies of a larger company for that service that have been accepted by the commission.

(c) An affected person, the office on behalf of residential or small commercial customers, or the commission may file a complaint alleging that an electing company has priced a regulated service in a manner that does not meet the pricing standards of this subchapter. The complaint must be filed before the 31st day after the company implements the rate.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 50.)

Sec. 59.032. CUSTOMER PROMOTIONAL OFFERINGS.

(a) An electing company may offer a promotion for a regulated service for not more than 90 days in any 12-month period.

(b) The electing company shall file with the commission a promotional offering that consists of:

(1) waiver of installation charges or service order charges, or both, for not more than 90 days in a 12-month period; or

(2) a temporary discount of not more than 25 percent from the tariffed rate for not more than 60 days in a 12-month period.

(c) An electing company is not required to obtain commission approval to make a promotional offering described by Subsection (b).

(d) An electing company may offer a promotion of any regulated service as part of a package of services consisting of any regulated service with any other regulated or unregulated service or any service of an affiliate.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 50.)

SUBCHAPTER C. INFRASTRUCTURE COMMITMENT AND GOALS

Sec. 59.051. INFRASTRUCTURE COMMITMENT.

(a) An electing company shall commit to make in this state, during the six years after the election date, the telecommunications infrastructure investment prescribed by this chapter.

(b) The company shall make the commitment to the governor and the commission in writing.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(a).)

Sec. 59.052. INFRASTRUCTURE GOALS.

(a) The commission shall ensure that each electing company achieves the infrastructure goals described by this section.

(b) Each new central office switch installed for an electing company in this state after September 1, 1995, must be digital.

(c) An electing company shall make available to each customer in the company's territory access to end-to-end digital connectivity. In this subsection, "make available" has the meaning assigned by 16 T.A.C. Section 23.69.

(d) In each electing company's territory, 50 percent of the local exchange access lines must be served by a digital central office switch.

(e) An electing company's public switched network backbone interoffice facilities must employ broadband facilities that serve at least 50 percent of the local exchange access lines and are capable of 45 or more megabits a second. The company may employ facilities at a lower bandwidth if technology permits the delivery of video signal at the lower bandwidth at a quality level comparable to a television broadcast signal. The requirements of this subsection do not apply to local loop facilities.

(f) An electing company shall install Common Channel Signaling 7 capability in each access tandem office.

(g) The infrastructure goals specified by Subsections (c)-(f) must be achieved not later than January 1, 2000.

(V.A.C.S. Art. 1446c-0, Secs. 3.403(b)(1), (2), (3), (4), (5).)

Sec. 59.053. WAIVER OF INFRASTRUCTURE REQUIREMENTS.

(a) For an electing company that serves fewer than one million lines, the commission may waive a requirement prescribed by Section 59.052 if the company demonstrates that the investment is not viable economically.

(b) Before granting a waiver under Subsection (a), the commission must consider the public benefits that would result from compliance with the requirement.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(d).)

Sec. 59.054. PROGRESS REPORT.

(a) On each anniversary of the company's election date, an electing company shall file with the commission a report on the company's progress on its infrastructure commitment.

(b) The report must include a statement of:

- (1) the institutions requesting service under Subchapter D;
- (2) the institutions served under Subchapter D;
- (3) the investments and expenses for the previous period and the total investments and expenses for all periods; and
- (4) other information the commission considers necessary.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(g).)

Sec. 59.055. IMPLEMENTATION COSTS; INCREASE IN RATES AND UNIVERSAL SERVICE FUNDS.

The commission may not consider the cost of implementing Section 59.052 in determining whether an electing company is entitled to:

- (1) a rate increase under this chapter; or
- (2) increased universal service funds under Subchapter B, Chapter 56.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(e) (part).)

SUBCHAPTER D. INFRASTRUCTURE COMMITMENT TO CERTAIN ENTITIES

Sec. 59.071. DEFINITIONS.

In this subchapter:

- (1) "Educational institution" has the meaning assigned by Section 57.021.
- (2) "Library" means:
 - (A) a public library or regional library system as those terms are defined by Section 441.122, Government Code;
 - (B) a library operated by an institution of higher education or a school district; or
 - (C) a library operated by a nonprofit corporation as defined by Section 441.221(3), Government Code.

(3) "Private network services" means telecommunications services provided to an entity described by Section 59.072(a), including broadband services, customized services, and packaged network services.

(4) "Telemedicine center" means a facility that is equipped to transmit, by video or data service, medical information for the diagnosis or treatment of illness or disease and that is:

(A) owned or operated by a public or not-for-profit hospital; or

(B) owned by a state-licensed health care practitioner and operated on a nonprofit basis.

(V.A.C.S. Art. 1446c-0, Secs. 3.403(f)(1) (part), (2).) (Amended by Acts 2007, 80th Leg., R.S., ch. 831 (HB 735) § 13 (amended division (a)(2)).)

Sec. 59.072. PRIVATE NETWORK SERVICES FOR CERTAIN ENTITIES.

(a) On customer request, an electing company shall provide private network services to:

(1) an educational institution;

(2) a library;

(3) a telemedicine center; or

(4) a legally constituted consortium or group of entities listed in this subsection.

(b) Except as provided by Section 59.081, the electing company shall provide the private network services for the private and sole use of the receiving entity. However, the company may provide the services with a facility that is used to provide another service to another customer.

(c) The customers listed in Subsection (a) are a special class of customers for purposes of the private network for distance learning, telemedicine, and information-sharing purposes.

(V.A.C.S. Art. 1446c-0, Secs. 3.403(c)(1), (12), (f)(1) (part).)

Sec. 59.073. INVESTMENT PRIORITIES.

An electing company shall give investment priority to serving:

(1) rural areas;

(2) areas designated as critically underserved medically or educationally; and

(3) educational institutions with high percentages of economically disadvantaged students.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(c)(2).)

Sec. 59.074. CONTRACTS FOR PRIVATE NETWORK SERVICES.

(a) An electing company shall provide a private network service under a customer-specific contract.

(b) An electing company shall offer private network service contracts under this subchapter at 110 percent of the long run incremental cost of providing the private network service, including installation costs.

(c) Each contract shall be filed with the commission. Commission approval of a contract is not required.

(V.A.C.S. Art. 1446c-0, Secs. 3.403(c)(3), (4), (5).)

Sec. 59.075. PREFERRED RATE TREATMENT WARRANTED.

The classes of customers described by Section 59.072(a) warrant preferred rate treatment. However, a rate charged for a service must cover the service's long run incremental cost.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(c)(6).)

Sec. 59.076. ELECTION OF RATE TREATMENT.

An educational institution or a library may elect the rate treatment provided by this subchapter or the discount provided by Subchapter B, Chapter 57.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(c)(9).)

Sec. 59.077. PRIVATE NETWORK SERVICES RATES AND TARIFFS.

(a) Notwithstanding the pricing flexibility authorized by this subtitle, an electing company's rates for private network services may not be increased before January 12, 2012.

(b) An electing company may not assess an entity described by Section 59.072(a) a tariffed special construction or installation charge unless the company and the entity agree on the assessment.

(V.A.C.S. Art. 1446c-0, Secs. 3.403(c)(8), (10).) (Amended by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 22 (amended subsection (a)).)

Sec. 59.078. PRIVATE LINE OR SPECIAL ACCESS RATES.

(a) On request by an educational institution or a library, an electing company shall provide 1.544 megabits a second private line or special access service at 110 percent of the service's long run incremental cost, including installation costs.

(b) The rate provided by Subsection (a) is in lieu of the discount provided by Subchapter B, Chapter 57.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(c)(11).)

Sec. 59.079. COMPLAINTS LIMITED.

Notwithstanding any other provision of this title, an electing company is subject to a complaint under Subchapter C or this subchapter only by an entity described by Section 59.072(a).

(V.A.C.S. Art. 1446c-0, Sec. 3.403(c)(7).)

Sec. 59.080. INTERCONNECTION OF NETWORK SERVICES.

The private network services provided under this subchapter may be interconnected with other similar networks for distance learning, telemedicine, and information-sharing purposes.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(c)(13).)

Sec. 59.081. SHARING OR RESALE OF NETWORK SERVICES.

(a) A private network service may be used and shared among the entities described by Section 59.072(a) but may not be otherwise shared or resold to other customers.

(b) A service provided under this subchapter may not be required to be resold to other customers at a rate provided by this subchapter.

(c) This section does not prohibit an otherwise permitted resale of another service that an electing company may offer through the use of the same facilities used to provide a private network service offered under this subchapter.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(c)(14).)

Sec. 59.082. IMPLEMENTATION COSTS; INCREASE IN RATES AND UNIVERSAL SERVICE FUNDS.

The commission may not consider the cost of implementing this subchapter in determining whether an electing company is entitled to:

- (1) a rate increase under this chapter; or
- (2) increased universal service funds under Subchapter B, Chapter 56.

(V.A.C.S. Art. 1446c-0, Sec. 3.403(e) (part).)

Sec. 59.083. CONTINUATION OF OBLIGATION.

Notwithstanding any other provision of this title, an electing company shall continue to comply with this subchapter until January 1, 2012, regardless of:

- (1) the date the company elected under this chapter; or
- (2) any action taken in relation to that company under Chapter 65.

(Added by Acts 2005, 79th Leg. 2nd C.S., ch. 2 (SB 5) § 23.)

CHAPTER 60. COMPETITIVE SAFEGUARDS

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 60.001. FAIR COMPETITION.

To the extent necessary to ensure that competition in telecommunications is fair to each participant and to accelerate the improvement of telecommunications in this state, the commission shall ensure that the rates and rules of an incumbent local exchange company:

- (1) are not unreasonably preferential, prejudicial, or discriminatory; and
- (2) are applied equitably and consistently.

(V.A.C.S. Art. 1446c-0, Sec. 3.451(a).)

Sec. 60.002. EXCLUSIVE JURISDICTION; ENFORCEMENT.

- (a) The commission has exclusive jurisdiction to implement competitive safeguards.
- (b) Section 58.025 does not prevent the commission from enforcing this chapter.

(V.A.C.S. Art. 1446c-0, Secs. 3.451(b), (c).)

Sec. 60.003. COMMISSION AUTHORITY.

- (a) The commission may:
 - (1) establish procedures with respect to a policy stated in this subchapter or Subchapters B-H; and
 - (2) resolve a dispute that arises under a policy described by Subdivision (1).

(b) The commission shall adopt procedures for a proceeding under Subchapters B and C. A procedure may:

- (1) limit discovery; and
- (2) for purposes of cross-examination align any party, other than the office, with another party that has a similar position.

(c) In adopting a procedure under this section and in resolving a dispute, the commission shall consider the action's effect on:

- (1) consumers;
- (2) competitors; and
- (3) the incumbent local exchange company.

(d) The commission, by order or rule, may not implement a requirement that is contrary to a federal law or rule.

(V.A.C.S. Art. 1446c-0, Sec. 3.460.)

Sec. 60.004. APPLICABILITY TO CERTAIN SMALLER INCUMBENT LOCAL EXCHANGE COMPANIES; RULES.

(a) Subchapters B, C, and H may be applied to an incumbent local exchange company that serves fewer than 31,000 access lines only on a bona fide request from a certificated telecommunications utility.

(b) In applying the rules adopted under Subchapters B, C, and H to a company described by Subsection (a), the commission may modify the rules in the public interest.

(c) This section takes effect September 1, 1998.

(V.A.C.S. Art. 1446c-0, Sec. 3.461 (part).)

Sec. 60.0041. APPLICABILITY TO CERTAIN SMALLER INCUMBENT LOCAL EXCHANGE COMPANIES.

(a) Subchapters B, C, E, G, and H do not apply to an incumbent local exchange company that serves fewer than 31,000 access lines.

(b) This section expires September 1, 1998.

(V.A.C.S. Art. 1446c-0, Sec. 3.461 (part).)

Sec. 60.005. APPLICABILITY TO CERTAIN LARGER INCUMBENT LOCAL EXCHANGE COMPANIES; RULES.

(a) Subchapters B, D, and F may be applied to an incumbent local exchange company that, as of September 1, 1995, has 31,000 or more access lines in this state but fewer than one million access lines in this state only on a bona fide request from a holder of a certificate of operating authority or a service provider certificate of operating authority.

(b) In applying the rules adopted under Subchapters B, D, and F to a company described by Subsection (a), the commission may modify the rules in the public interest.

(V.A.C.S. Art. 1446c-0, Sec. 3.462.)

Sec. 60.006. BULLETIN BOARD SYSTEMS UNAFFECTED.

This subtitle does not:

(1) require the commission to change the rate treatment established by the commission in Docket No. 8387 for a bulletin board system in a residence;

(2) regulate or tax a bulletin board system or Internet service provider that provides only enhanced or information services and that does not provide a telecommunications service; or

(3) require a change in a rate charged to an entity described by Subdivision (2) under a tariff in effect on September 1, 1995.

(V.A.C.S. Art. 1446c-0, Sec. 3.459(c).)

SUBCHAPTER B. UNBUNDLING

Sec. 60.021. MINIMUM UNBUNDLING REQUIREMENT.

At a minimum, an incumbent local exchange company shall unbundle its network to the extent the Federal Communications Commission orders.

(V.A.C.S. Art. 1446c-0, Sec. 3.452(a).)

Sec. 60.022. COMMISSION UNBUNDLING ORDERS.

(a) The commission may adopt an order relating to the issue of unbundling of local exchange company services in addition to the unbundling required by Section 60.021.

(b) Before ordering further unbundling, the commission must consider the public interest and competitive merits of further unbundling.

(c) On the request of a party, the commission shall proceed by evidentiary hearing. If a request for a hearing is not made, the commission may proceed by rulemaking.

(V.A.C.S. Art. 1446c-0, Secs. 3.452(b), (c).)

Sec. 60.023. ASSIGNMENT OF UNBUNDLED COMPONENT TO CATEGORY OF SERVICE.

The commission may assign an unbundled component to the appropriate category of services under Chapter 58 according to the purposes and intents of the categories.

(V.A.C.S. Art. 1446c-0, Sec. 3.452(d).)

SUBCHAPTER C. RESALE

Sec. 60.041. LOOP RESALE TARIFF.

(a) An incumbent local exchange company that on September 1, 1995, serves one million or more access lines or that on or before September 1, 1995, elects regulation under Chapter 58 shall file a usage sensitive loop resale tariff.

(b) An incumbent local exchange company shall file a usage sensitive loop resale tariff not later than the 60th day after the date a certificate of operating authority or a service provider certificate of operating authority is granted under Chapter 54 if the company:

- (1) serves fewer than one million access lines; and
- (2) is not an electing company under Chapter 58.

(c) The commission shall conduct an appropriate proceeding to determine the rates and terms of the resale tariff not later than the 180th day after the date the tariff is filed.

(d) The commission may not approve a usage sensitive rate unless the rate recovers:

- (1) the total long run incremental cost of the loop on an unseparated basis; and
- (2) an appropriate contribution to joint and common costs.

(e) Except as provided by Section 60.044, a person may not purchase from the resale tariff unless the person is the holder of:

- (1) a certificate of convenience and necessity;
- (2) a certificate of operating authority; or
- (3) a service provider certificate of operating authority.

(f) In this section, "loop resale" means the purchase of the local distribution channel or loop facility from the incumbent local exchange company to resell to end user customers.

(V.A.C.S. Art. 1446c-0, Secs. 3.453(a), (b), (c).)

Sec. 60.042. PROHIBITED RESALE OR SHARING.

(a) A provider of telecommunications service may not impose a restriction on the resale or sharing of a service:

- (1) for which the provider is not a dominant provider; or
- (2) entitled to regulatory treatment as a nonbasic service under Subchapter E, Chapter 58, if the provider is a company electing regulation under Chapter 58.

(b) An incumbent local exchange company must comply with the resale provisions of 47 U.S.C. Section 251(c)(4), as amended, unless exempted under 47 U.S.C. Section 251(f), as amended.

(c) If a company electing under Chapter 58 offers basic or nonbasic services regulated by the commission to its retail customers as a promotional offering, the electing company shall make those services available for resale by a certificated telecommunications utility on terms that are no less favorable than the terms on which the services are made available to retail customers in accordance with this section. For a promotion with a duration of 90 days or less, the electing company's basic or nonbasic services shall be made available to the certificated telecommunications utility at the electing company's promotional rate, without an avoided-cost discount. For a promotion with a duration of more than 90 days, the electing company's basic or nonbasic services shall be made available to the certificated telecommunications utility at a rate reflecting the avoided-cost discount, if any, from the promotional rate.

(V.A.C.S. Art. 1446c-0, Sec. 3.453(d).) (Amended by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 51.)

Sec. 60.043. RESALE OBLIGATION.

A holder of a certificate of operating authority or a service provider certificate of operating authority shall permit a local exchange company to resell the holder's loop facilities at the holder's regularly published rates if the local exchange company:

- (1) does not have loop facilities; and
- (2) has a request for service.

(V.A.C.S. Art. 1446c-0, Sec. 3.453(e).)

Sec. 60.044. ELIMINATION OF RESALE PROHIBITIONS.

(a) Except as provided by Subsections (c) and (d), the commission shall eliminate all resale prohibitions in the tariffs of an electing company on the:

- (1) completion of the commission's costing and pricing rulemaking;
- (2) completion of rate rebalancing of the incumbent local exchange company rates under Subchapter F; and
- (3) removal of all prohibitions on an incumbent local exchange company's provision of interLATA services.

(b) Except as provided by Subsections (c) and (d), the commission shall eliminate all resale prohibitions in the tariffs of an electing company that has one million access lines or more on removal of all prohibitions on the company's provision of interLATA service.

(c) After the resale prohibitions are eliminated under this section:

- (1) the commission shall continue to prohibit the resale of local exchange or directory assistance flat rate services as a substitute for usage sensitive services; and
- (2) residence service may not be resold to a business customer.

(d) A service or function may be offered for resale only to the same class of customer to which the incumbent local exchange company sells the service if the commission finds that:

- (1) as a result of the costing and pricing proceeding the rate for the service or function will be less than the cost of providing the service or function; and
- (2) the difference in rate and cost will not be recovered from the universal service fund.

(V.A.C.S. Art. 1446c-0, Sec. 3.453(f).)

Sec. 60.045. RESALE OR SHARING ARRANGEMENTS UNAFFECTED.

This subchapter does not change a resale or sharing arrangement permitted in an incumbent local exchange company tariff that:

- (1) existed on September 1, 1995; or
- (2) was filed on or before May 1, 1995, by an incumbent local exchange company that serves more than five million access lines in this state.

(V.A.C.S. Art. 1446c-0, Sec. 3.453(g).)

SUBCHAPTER D. IMPUTATION

Sec. 60.061. RULES.

(a) The commission shall adopt rules governing imputation of the price of a service.

(b) Imputation is a regulatory policy the commission shall apply to prevent an incumbent local exchange company from selling a service or function to another telecommunications utility at a price that is higher than the rate the incumbent local exchange company implicitly includes in services it provides to the company's retail customers.

(c) The commission may require imputation only of the price of a service that is:

- (1) not generally available from a source other than the incumbent local exchange company; and
- (2) necessary for the competitor to provide a competing service.

(d) The commission may require imputation only on a service-by-service basis and may not require imputation on a rate-element-by-element basis.

(e) For a service for which the commission may require imputation under Subsection (c) and that is provided under a customer specific contract, the commission:

- (1) may require imputation only on a service-by-service basis within the contract; and
- (2) may not require imputation on a rate-element-by-element basis.

(V.A.C.S. Art. 1446c-0, Secs. 3.454(a), (b), (c), (f), (g).)

Sec. 60.062. EXCEPTION FOR CAPPED PRICE.

The commission may not require imputation of the price to a local exchange telephone service while the price is capped under Chapter 58 or 59.

(V.A.C.S. Art. 1446c-0, Sec. 3.454(d).)

Sec. 60.063. IMPUTATION FOR SWITCHED ACCESS.

The commission shall impute the price of switched access service to the price of each service for which switched access service is a component until switched access service is competitively available.

(V.A.C.S. Art. 1446c-0, Sec. 3.454(e).)

Sec. 60.064. RECOVERY OF COST OF PROVIDING SERVICE.

(a) An incumbent local exchange company shall demonstrate that the price it charges for retail service recovers the cost of providing the service.

(b) For purposes of this section, the cost of providing the service is the sum of:

(1) each specifically tariffed premium rate for each noncompetitive service or service function, or each element of a noncompetitive service or service function, or the functional equivalent, that is used to provide the service;

(2) the total service long run incremental cost of the competitive services or service functions that are used;

(3) each cost, not reflected in Subdivision (1) or (2), that is specifically associated with providing the service or group of services; and

(4) each cost or surcharge associated with an explicit subsidy applied to all providers of the service to promote universal service.

(V.A.C.S. Art. 1446c-0, Sec. 3.454(h).)

Sec. 60.065. WAIVERS.

If the commission determines that a waiver is in the public interest, the commission may waive an imputation requirement for a public interest service such as:

(1) 9-1-1 service; or

(2) dual party relay service.

(V.A.C.S. Art. 1446c-0, Sec. 3.454(i).)

SUBCHAPTER E. TELECOMMUNICATIONS NUMBER PORTABILITY

Sec. 60.081. DEFINITION.

In this subchapter, "telecommunications number portability" means the ability of a telecommunications services user who is changing from one telecommunications service provider to another provider to retain a telephone number, to the extent technically feasible, without impairing the quality, reliability, or convenience of service.

(V.A.C.S. Art. 1446c-0, Sec. 3.455(b).)

Sec. 60.082. PORTABILITY GUIDELINES.

(a) Because a uniform national number plan is valuable and necessary to this state, the commission by rule shall adopt guidelines governing telecommunications number portability and the assignment of telephone numbers in a competitively neutral manner.

(b) The rules may not be inconsistent with the rules and regulations of the Federal Communications Commission regarding telecommunications number portability.

(V.A.C.S. Art. 1446c-0, Sec. 3.455(a).)

Sec. 60.083. INTERIM RETENTION OF CONSUMER NUMBERS.

As an interim measure, the commission shall adopt reasonable mechanisms, including, at minimum, the use of call forwarding and direct inward dialing, to allow consumers to retain their telephone numbers.

(V.A.C.S. Art. 1446c-0, Sec. 3.455(c) (part).)

Sec. 60.084. RATES FOR INTERIM PORTABILITY MEASURES.

(a) An incumbent local exchange company with one million or more access lines shall file tariffs, and the commission shall determine reasonable rates to be charged by the company for:

- (1) call forwarding;
- (2) direct inward dialing; and
- (3) any other mechanism the commission determines should be used as an interim telecommunications number portability measure by a new entrant.

(b) An incumbent local exchange company with fewer than one million access lines that serves an area in which a certificate of operating authority or a service provider certificate of operating authority has been granted shall, not later than the 60th day after the date of a bona fide request, file tariffs in accordance with Subsection (a).

(c) Not later than the 60th day after the date a company files tariffs under Subsection (b), the commission shall determine reasonable rates in accordance with Subsection (a).

(V.A.C.S. Art. 1446c-0, Sec. 3.455(c) (part).)

SUBCHAPTER F. PRICING

Sec. 60.101. PRICING RULE.

(a) The commission shall adopt a pricing rule.

(b) In adopting the pricing rule, the commission shall:

- (1) ensure that each price for a monopoly service remains affordable;
- (2) ensure that each price for competitive service is not:
 - (A) unreasonably preferential, prejudicial, or discriminatory;
 - (B) directly or indirectly subsidized by a noncompetitive service; or
 - (C) predatory or anticompetitive; and

(3) require that each service recover the appropriate costs, including joint and common costs, of each facility and function used to provide the service.

(V.A.C.S. Art. 1446c-0, Secs. 3.457(a)(1) (part), (b).)

Sec. 60.102. ADOPTION OF COST STUDIES BY CERTAIN COMPANIES.

The commission shall allow an incumbent local exchange company that is not a Tier 1 local exchange company on September 1, 1995, to adopt, at that company's option, the cost studies approved by the commission for a Tier 1 local exchange company.

(V.A.C.S. Art. 1446c-0, Sec. 3.457(c).)

SUBCHAPTER G. INTERCONNECTION

Sec. 60.121. DEFINITION.

In this subchapter, "interconnection" means, for calls that originate and terminate in this state, the termination of local intraexchange traffic of another local exchange company or holder of a service

provider certificate of operating authority within the local calling area of the terminating local exchange company or certificate holder.

(V.A.C.S. Art. 1446c-0, Sec. 3.458(a) (part).)

Sec. 60.122. EXCLUSIVE JURISDICTION.

The commission has exclusive jurisdiction to determine rates and terms for interconnection for a holder of a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority.

(V.A.C.S. Art. 1446c-0, Sec. 3.458(h).)

Sec. 60.123. INAPPLICABILITY OF SUBCHAPTER.

This subchapter does not apply to a rate for the existing termination of cellular or interexchange traffic.

(V.A.C.S. Art. 1446c-0, Sec. 3.458(a) (part).)

Sec. 60.124. INTEROPERABLE NETWORKS REQUIRED.

(a) The commission shall require each telecommunications provider to maintain interoperable networks.

(b) The commission may:

(1) adopt rules, including generic rules that are responsive to changes in federal law or a development in the local exchange market; and

(2) set policies governing interconnection arrangements.

(V.A.C.S. Art. 1446c-0, Secs. 3.458(b) (part), (f).)

Sec. 60.125. DETERMINATION OF INTERCONNECTION RATES.

(a) Telecommunications providers shall negotiate network interconnectivity, charges, and terms.

(b) If interconnectivity, charges, and terms are successfully negotiated, the commission shall approve the interconnection rates.

(c) If telecommunications providers do not enter into a mutually agreed compensation rate under this section, each provider shall reciprocally terminate the other provider's traffic at no charge for the first nine months after the date the first call is terminated between the providers.

(d) During the nine-month period prescribed by Subsection (c), the commission shall complete a proceeding to establish reciprocal interconnection rates and terms. The commission shall establish reciprocal interconnection rates and terms based solely on the commission proceeding.

(e) In establishing the initial interconnection rate, the commission may not require cost studies from the new entrant.

(f) On or after the third anniversary of the date the first call is terminated between the providers, the commission, on receipt of a complaint, may require cost studies by a new entrant to establish interconnection rates.

(V.A.C.S. Art. 1446c-0, Secs. 3.458(b) (part), (c), (d).)

Sec. 60.126. INTERCONNECTIVITY NEGOTIATIONS; DISPUTE RESOLUTION.

The commission may resolve a dispute filed by a party to a negotiation under Section 60.125(a).

(V.A.C.S. Art. 1446c-0, Sec. 3.458(b) (part).)

Sec. 60.127. ADOPTION OF APPROVED INTERCONNECTION RATES.

(a) An incumbent local exchange company may adopt the interconnection rates the commission approves for a larger incumbent local exchange company without additional cost justification.

(b) If an incumbent local exchange company does not adopt the interconnection rates of a larger company or negotiates under Section 60.125(a), the company is governed by Sections 60.125(c)-(f).

(c) If the incumbent local exchange company adopts the interconnection rates of another incumbent local exchange company, the new entrant may adopt those rates as the new entrant's interconnection rates.

(d) If the incumbent local exchange company elects to file its own tariff, the new entrant must also file its own interconnection tariff.

(V.A.C.S. Art. 1446c-0, Sec. 3.458(e).)

Sec. 60.128. USE OF RATES RESTRICTED.

The commission may not use interconnection rates under this subchapter as a basis to alter interconnection rates for other services.

(V.A.C.S. Art. 1446c-0, Sec. 3.458(g).)

SUBCHAPTER H. EXPANDED INTERCONNECTION

Sec. 60.141. EXPANDED INTERCONNECTION RULES.

The commission shall adopt rules for expanded interconnection that:

- (1) are consistent with the rules and regulations of the Federal Communications Commission relating to expanded interconnection;
- (2) treat intrastate private line services as special access service; and
- (3) provide that if an incumbent local exchange company is required to provide expanded interconnection to another local exchange company, the second local exchange company shall in a similar manner provide expanded interconnection to the first company.

(V.A.C.S. Art. 1446c-0, Sec. 3.456(a).)

SUBCHAPTER I. LOCAL EXCHANGE COMPANY REQUIREMENTS

Sec. 60.161. INCUMBENT LOCAL EXCHANGE COMPANY REQUIREMENTS.

An incumbent local exchange company may not unreasonably:

- (1) discriminate against another provider by refusing access to the local exchange;
- (2) refuse or delay an interconnection to another provider;
- (3) degrade the quality of access the company provides to another provider;
- (4) impair the speed, quality, or efficiency of a line used by another provider;
- (5) fail to fully disclose in a timely manner on request all available information necessary to design equipment that will meet the specifications of the local exchange network; or
- (6) refuse or delay access by a person to another provider.

(V.A.C.S. Art. 1446c-0, Sec. 3.459(a).)

Sec. 60.162. EXPANDED INTERCONNECTION.

This subchapter does not require an incumbent local exchange company to provide expanded interconnection as that term is defined by the Federal Communications Commission.

(V.A.C.S. Art. 1446c-0, Sec. 3.459(b).)

Sec. 60.163. INFRASTRUCTURE SHARING.

(a) The commission shall adopt rules that require a local exchange company to share public switched network infrastructure and technology with a requesting local exchange company that lacks economies of scale or scope, to enable the requesting company to provide telecommunications services in each geographic area for which the requesting company is designated as the sole carrier of last resort.

(b) The rules governing the sharing:

(1) may not require a local exchange company to make a decision that is uneconomic or adverse to the public;

(2) shall permit, but may not require, joint ownership and operation of public switched network infrastructure and services by or among the local exchange companies that share infrastructure; and

(3) shall establish conditions that promote cooperation between local exchange companies.

(V.A.C.S. Art. 1446c-0, Sec. 3.463.)

Sec. 60.164. PERMISSIBLE JOINT MARKETING.

Except as prescribed in Chapters 61, 62, and 63, the commission may not adopt any rule or order that would prohibit a local exchange company from jointly marketing or selling its products and services with the products and services of any of its affiliates in any manner permitted by federal law or applicable rules or orders of the Federal Communications Commission.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 52.)

Sec. 60.165. AFFILIATE RULE.

Except as prescribed in Chapters 61, 62, and 63, the commission may not adopt any rule or order that would prescribe for any local exchange company any affiliate rule, including any accounting rule, any cost allocation rule, or any structural separation rule, that is more burdensome than federal law or applicable rules or orders of the Federal Communications Commission. Notwithstanding any other provision in this title, the commission may not attribute or impute to a local exchange company a price discount offered by an affiliate of the local exchange company to the affiliate's customers. This section does not limit the authority of the commission to consider a complaint brought under Subchapter A, Chapter 52, Section 53.003, or this chapter.

(Added by Acts 1999, 76th Leg., R.S., ch. 1212 (SB 560) § 52.)

SUBCHAPTER J. WHOLESALE CODE OF CONDUCT

Sec. 60.201. STATEMENT OF POLICY.

It is the policy of this state that providers of telecommunications services operate in a manner that is consistent with minimum standards to provide customers with continued competitive choices.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.202. APPLICABILITY OF SUBCHAPTER.

A provision of this subchapter applies only to the extent the provision has not been preempted by federal law or a rule, regulation, or order of the Federal Communications Commission.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.203. MINIMUM SERVICE REQUIREMENTS.

A telecommunications provider may not unreasonably:

- (1) discriminate against another provider by refusing access to an exchange;
- (2) refuse or delay an interconnection to another provider;
- (3) degrade the quality of access the telecommunications provider provides to another provider;
- (4) impair the speed, quality, or efficiency of a line used by another provider;
- (5) fail to fully disclose in a timely manner on request all available information necessary to design equipment that will meet the specifications of the network; or
- (6) refuse or delay access by a person to another provider.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.204. INTERCONNECTION.

A telecommunications provider shall provide interconnection with other telecommunications providers' networks for the transmission and routing of telephone exchange service and exchange access.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.205. NUMBER PORTABILITY.

A telecommunications provider shall provide number portability in accordance with federal requirements.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.206. DUTY TO NEGOTIATE.

A telecommunications provider shall negotiate in good faith the terms and conditions of any agreement.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.207. DIALING PARITY.

(a) A telecommunications provider shall provide dialing parity to competing telecommunications providers of telephone exchange service and telephone toll service.

(b) A telecommunications provider shall provide nondiscriminatory access to telephone numbers, operator services, directory assistance, and directory listings and may not delay that access unreasonably.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.208. ACCESS TO RIGHTS-OF-WAY.

A telecommunications provider shall provide access to poles, ducts, conduits, and rights-of-way to competing providers of telecommunications service on rates, terms, and conditions that are just, reasonable, and nondiscriminatory.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.209. RECIPROCAL COMPENSATION.

A telecommunications provider shall establish reciprocal compensation arrangements for the transport and termination of telecommunications.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

Sec. 60.210. ACCESS TO SERVICES.

A telecommunications provider shall provide access to:

- (1) 911 and E-911 service;
- (2) directory assistance service to allow other telecommunications providers' customers to obtain telephone numbers; and
- (3) operator call completion service.

(Added by Acts, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 24.)

CHAPTER 61. INFORMATION TECHNOLOGY SERVICES [REPEALED]

(Repealed by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 29(2).)

CHAPTER 62. BROADCASTER SAFEGUARDS

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 62.001. APPLICABILITY OF CHAPTER.

This chapter does not apply to a cable company.

(V.A.C.S. Art. 1446c-0, Sec. 3.506.)

Sec. 62.002. DEFINITIONS.

In this chapter:

(1) "Audio programming":

(A) means programming:

(i) provided by an amplitude modulation or frequency modulation broadcast radio station;
or

(ii) generally considered comparable to programming described by Subparagraph (i); and

(B) does not include an audio-related service offered by an incumbent local exchange company on September 1, 1995.

(2) "Video programming" means programming provided by or generally considered comparable to programming provided by a television broadcast station as defined by Section 602, Communications Act of 1934 (47 U.S.C. Section 522).

(V.A.C.S. Art. 1446c-0, Sec. 3.502(a).)

Sec. 62.003. REQUIREMENTS RELATING TO AUDIO AND VIDEO PROGRAMMING.

(a) This section applies only to a provider of advanced services or local exchange telephone service that has more than 500,000 access lines in service in this state and that delivers audio programming with localized content or video programming to its subscribers in those service areas where such provider is not regulated as a cable system under federal law.

(b) Notwithstanding any other provision of this title, a provider of advanced services or local exchange telephone service shall provide subscribers access to the signals of the local broadcast television and radio stations licensed by the Federal Communications Commission to serve those subscribers over the air; provided with respect to low power television stations, this section shall only apply to those low power television stations that are "qualified low power stations" as defined in 47 U.S.C. Section 534(h)(2).

(c) To facilitate access by subscribers of a provider of advanced services or local exchange telephone service to the signals of local broadcast stations, a station either shall be granted mandatory carriage or may request retransmission consent with the provider.

(d) This title does not require a provider of advanced services or local exchange telephone service to provide a television or radio station valuable consideration in exchange for carriage.

(e) A provider of advanced services or local exchange telephone service shall transmit without degradation the signals a local broadcast station delivers to the provider. The transmission quality offered

a broadcast station may not be lower than the quality made available to another broadcast station or video or audio programming source.

(f) A provider of advanced services or local exchange telephone service that delivers audio or video programming to its subscribers may not:

(1) discriminate among broadcast stations or between broadcast stations on the one hand and programming providers on the other with respect to transmission of their signals, taking into account any consideration afforded a provider of advanced services or local exchange telephone service by any such programming provider or broadcast station; or

(2) delete, change, or alter a copyright identification transmitted as part of a broadcast station's signal.

(g) A provider of advanced services or local exchange telephone service that delivers audio or video programming shall be subject to any applicable network nonduplication or syndicated exclusivity rules promulgated by the Federal Communications Commission to the extent applicable to cable systems as defined by the commission.

(h) A provider of advanced services or local exchange telephone service that delivers audio or video programming to its subscribers shall include all programming providers in a subscriber programming guide, if any, that lists program schedules.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 25.)

SUBCHAPTER B. CUSTOMER PROPRIETARY NETWORK INFORMATION [REPEALED]

(Repealed by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 29.)

SUBCHAPTER C. ADVERTISING [REPEALED]

(Repealed by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 29.)

SUBCHAPTER D. AUDIO AND VIDEO PROGRAMMING [REPEALED]

(Repealed by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 29.)

SUBCHAPTER E. VIDEO CARRIAGE [REPEALED]

(Repealed by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 29.)

SUBCHAPTER F. AUDIO CARRIAGE [REPEALED]

(Repealed by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 29.)

CHAPTER 63. ELECTRONIC PUBLISHING [REPEALED]

(Repealed by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 29.)

CHAPTER 64. CUSTOMER PROTECTION

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 64.001. CUSTOMER PROTECTION POLICY.

(a) The legislature finds that new developments in telecommunications services, as well as changes in market structure, marketing techniques, and technology, make it essential that customers have safeguards against fraudulent, unfair, misleading, deceptive, or anticompetitive business practices and against businesses that do not have the technical and financial resources to provide adequate service.

(b) The purpose of this chapter is to establish customer protection standards and confer on the commission authority to adopt and enforce rules to protect customers from fraudulent, unfair, misleading, deceptive, or anticompetitive practices.

(c) Nothing in this section shall be construed to abridge customer rights set forth in commission rules in effect at the time of the enactment of this chapter.

(d) This chapter does not limit the constitutional, statutory, and common law authority of the office of the attorney general.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.002. DEFINITIONS.

In this chapter:

(1) "Billing agent" means any entity that submits charges to the billing utility on behalf of itself or any provider of a product or service.

(2) "Billing utility" means any telecommunications provider, as defined by Section 51.002, that issues a bill directly to a customer for any telecommunications product or service.

(3) "Certificated telecommunications utility" means a telecommunications utility that has been granted either a certificate of convenience and necessity, a certificate of operating authority, or a service provider certificate of operating authority.

(4) "Customer" means any person in whose name telephone service is billed, including individuals, governmental units at all levels of government, corporate entities, and any other entity with legal capacity to be billed for telephone service.

(5) "Service provider" means any entity that offers a product or service to a customer and that directly or indirectly charges to or collects from a customer's bill an amount for the product or service on a customer's bill received from a billing utility.

(6) "Telecommunications utility" has the meaning assigned by Section 51.002.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.003. CUSTOMER AWARENESS.

(a) The commission shall promote public awareness of changes in telecommunications markets, provide customers with information necessary to make informed choices about available options, and ensure that customers have an adequate understanding of their rights.

(b) The commission shall compile a report on customer service at least once each year showing the comparative customer information from reports given to the commission it deems necessary.

(c) The commission shall adopt and enforce rules to require a certificated telecommunications utility to give clear, uniform, and understandable information to customers about rates, terms, services, customer rights, and other necessary information as determined by the commission.

(d) Customer awareness efforts by the commission shall be conducted in English and Spanish and any other language as necessary.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.004. CUSTOMER PROTECTION STANDARDS.

(a) All buyers of telecommunications services are entitled to:

(1) protection from fraudulent, unfair, misleading, deceptive, or anticompetitive practices, including protection from being billed for services that were not authorized or provided;

(2) choice of a telecommunications service provider and to have that choice honored;

(3) information in English and Spanish and any other language as the commission deems necessary concerning rates, key terms, and conditions;

(4) protection from discrimination on the basis of race, color, sex, nationality, religion, marital status, income level, or source of income and from unreasonable discrimination on the basis of geographic location;

(5) impartial and prompt resolution of disputes with a certificated telecommunications utility and disputes with a telecommunications service provider related to unauthorized charges and switching of service;

(6) privacy of customer consumption and credit information;

(7) accuracy of billing;

(8) bills presented in a clear, readable format and easy-to-understand language;

(9) information in English and Spanish and any other language as the commission deems necessary concerning low-income assistance programs and deferred payment plans;

(10) all consumer protections and disclosures established by the Fair Credit Reporting Act (15 U.S.C. Section 1681 et seq.) and the Truth in Lending Act (15 U.S.C. Section 1601 et seq.); and

(11) programs that offer eligible low-income customers an affordable rate package and bill payment assistance programs designed to reduce uncollectible accounts.

(b) The commission may adopt and enforce rules as necessary or appropriate to carry out this section, including rules for minimum service standards for a certificated telecommunications utility relating to customer deposits and the extension of credit, switching fees, termination of service, an affordable rate package, and bill payment assistance programs for low-income customers. The commission may waive language requirements for good cause.

(c) The commission shall request the comments of the office of the attorney general in developing the rules that may be necessary or appropriate to carry out this section.

(d) The commission shall coordinate its enforcement efforts regarding the prosecution of fraudulent, misleading, deceptive, and anticompetitive business practices with the office of the attorney general in order to ensure consistent treatment of specific alleged violations.

(e) Nothing in this section shall be construed to abridge customer rights set forth in commission rules in effect at the time of the enactment of this chapter.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

SUBCHAPTER B. CERTIFICATION, REGISTRATION, AND REPORTING REQUIREMENTS

Sec. 64.051. ADOPTION OF RULES.

(a) The commission shall adopt rules relating to certification, registration, and reporting requirements for a certificated telecommunications utility, all telecommunications utilities that are not dominant carriers, and pay telephone providers.

(b) The rules adopted under Subsection (a) shall be consistent with and no less effective than federal law and may not require the disclosure of highly sensitive competitive or trade secret information.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.052. SCOPE OF RULES.

The commission may adopt and enforce rules to:

- (1) require certification or registration with the commission as a condition of doing business in this state;
- (2) amend certificates or registrations to reflect changed ownership and control;
- (3) establish rules for customer service and protection;
- (4) suspend or revoke certificates or registrations for repeated violations of this chapter or commission rules, except that the commission may not revoke a certificate of convenience and necessity of a telecommunications utility except as provided by Section 54.008; and
- (5) order disconnection of a pay telephone service provider's pay telephones or revocation of certification or registration for repeated violations of this chapter or commission rules.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.053. REPORTS.

The commission may require a telecommunications service provider to submit reports to the commission concerning any matter over which it has authority under this chapter.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

SUBCHAPTER C. CUSTOMER'S RIGHT TO CHOICE

Sec. 64.101. POLICY.

It is the policy of this state that all customers be protected from the unauthorized switching of a telecommunications service provider selected by the customer to provide service.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.102. RULES RELATING TO CHOICE.

The commission shall adopt and enforce rules that:

(1) ensure that customers are protected from deceptive practices employed in obtaining authorizations of service and in the verification of change orders, including negative option marketing, sweepstakes, and contests that cause customers to unknowingly change their telecommunications service provider;

(2) provide for clear, easily understandable identification, in each bill sent to a customer, of all telecommunications service providers submitting charges on the bill;

(3) ensure that every service provider submitting charges on the bill is clearly and easily identified on the bill along with its services, products, and charges;

(4) provide that unauthorized changes in service be remedied at no cost to the customer within a period established by the commission;

(5) require refunds or credits to the customer in the event of an unauthorized change; and

(6) provide for penalties for violations of commission rules adopted under this section, including fines and revocation of certificates or registrations, by this action denying the certificated telecommunications utility the right to provide service in this state, except that the commission may not revoke a certificate of convenience and necessity of a telecommunications utility except as provided by Section 54.008.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

SUBCHAPTER D. PROTECTION AGAINST UNAUTHORIZED CHARGES

Sec. 64.151. REQUIREMENTS FOR SUBMITTING CHARGES.

(a) A service provider or billing agent may submit charges for a new product or service to be billed on a customer's telephone bill on or after the effective date of this section only if:

(1) the service provider offering the product or service has thoroughly informed the customer of the product or service being offered, including all associated charges, and has explicitly informed the customer that the associated charges for the product or service will appear on the customer's telephone bill;

(2) the customer has clearly and explicitly consented to obtain the product or service offered and to have the associated charges appear on the customer's telephone bill and the consent has been verified as provided by Subsection (b); and

(3) the service provider offering the product or service and any billing agent for the service provider:

(A) has provided the customer with a toll-free telephone number the customer may call and an address to which the customer may write to resolve any billing dispute and to answer questions; and

(B) has contracted with the billing utility to bill for products and services on the billing utility's bill as provided by Subsection (c).

(b) The customer consent required by Subsection (a)(2) must be verified by the service provider offering the product or service by authorization from the customer. A record of the customer consent, including verification, must be maintained by the service provider offering the product or service for a period of at least 24 months immediately after the consent and verification have been obtained. The method of obtaining customer consent and verification must include one or more of the following:

(1) written authorization from the customer;

(2) toll-free electronic authorization placed from the telephone number that is the subject of the product or service;

(3) oral authorization obtained by an independent third party; or

(4) any other method of authorization approved by the commission or the Federal Communications Commission.

(c) The contract required by Subsection (a)(3)(B) must include the service provider's name, business address, and business telephone number and shall be maintained by the billing utility for as long as the billing for the products and services continues and for the 24 months immediately following the permanent discontinuation of the billing.

(d) A service provider offering a product or service to be charged on a customer's telephone bill and any billing agent for the service provider may not use any fraudulent, unfair, misleading, deceptive, or anticompetitive marketing practice to obtain customers, including the use of negative option marketing, sweepstakes, and contests.

(e) Unless verification is required by federal law or rules implementing federal law, Subsection (b) does not apply to customer-initiated transactions with a certificated telecommunications provider for which the service provider has the appropriate documentation.

(f) If a service provider is notified by a billing utility that a customer has reported to the billing utility that a charge made by the service provider is unauthorized, the service provider shall cease to charge the customer for the unauthorized product or service.

(g) This section does not apply to message telecommunications services charges that are initiated by dialing 1+, 0+, 0-, 1010XXX, or collect calls and charges for video services if the service provider has the necessary call detail record to establish the billing for the call or service.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.152. RESPONSIBILITIES OF BILLING UTILITY.

(a) If a customer's telephone bill is charged for any product or service without proper customer consent or verification, the billing utility, on its knowledge or notification of any unauthorized charge, shall promptly, not later than 45 days after the date of knowledge or notification of the charge:

(1) notify the service provider to cease charging the customer for the unauthorized product or service;

(2) remove any unauthorized charge from the customer's bill;

(3) refund or credit to the customer all money that has been paid by the customer for any unauthorized charge, and if the unauthorized charge is not adjusted within three billing cycles, shall pay interest on the amount of the unauthorized charge;

(4) on the customer's request, provide the customer with all billing records under its control related to any unauthorized charge within 15 business days after the date of the removal of the unauthorized charge from the customer's bill; and

(5) maintain for at least 24 months a record of every customer who has experienced any unauthorized charge for a product or service on the customer's telephone bill and who has notified the billing utility of the unauthorized charge.

(b) A record required by Subsection (a)(5) shall contain for each unauthorized charge:

(1) the name of the service provider that offered the product or service;

- (2) any affected telephone numbers or addresses;
- (3) the date the customer requested that the billing utility remove the unauthorized charge;
- (4) the date the unauthorized charge was removed from the customer's telephone bill; and
- (5) the date any money that the customer paid for the unauthorized charges was refunded or credited to the customer.

(c) A billing utility may not:

(1) disconnect or terminate telecommunications service to any customer for nonpayment of an unauthorized charge; or

(2) file an unfavorable credit report against a customer who has not paid charges the customer has alleged were unauthorized unless the dispute regarding the unauthorized charge is ultimately resolved against the customer, except that the customer shall remain obligated to pay any charges that are not in dispute, and this subsection does not apply to those undisputed charges.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.153. RECORDS OF DISPUTED CHARGES.

(a) Every service provider shall maintain a record of every disputed charge for a product or service placed on a customer's bill.

(b) The record required under Subsection (a) shall contain for every disputed charge:

- (1) any affected telephone numbers or addresses;
- (2) the date the customer requested that the billing utility remove the unauthorized charge;
- (3) the date the unauthorized charge was removed from the customer's telephone bill; and
- (4) the date action was taken to refund or credit to the customer any money that the customer paid for the unauthorized charges.

(c) The record required by Subsection (a) shall be maintained for at least 24 months following the completion of all steps required by Section 64.152(a).

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.154. NOTICE.

(a) A billing utility shall provide notice of a customer's rights under this section in the manner prescribed by the commission.

(b) Notice of a customer's rights must be provided by mail to each residential and retail business customer within 60 days of the effective date of this section or by inclusion in the publication of the telephone directory next following the effective date of this section. In addition, each billing utility shall send the notice to new customers at the time service is initiated or to any customer at that customer's request.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.155. PROVIDING COPY OF RECORDS.

A billing utility shall provide a copy of records maintained under Sections 64.151(c), 64.152, and 64.154 to the commission staff on request. A service provider shall provide a copy of records maintained under Sections 64.151(b) and 64.153 to the commission on request.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.156. VIOLATIONS.

(a) If the commission finds that a billing utility violated this subchapter, the commission may implement penalties and other enforcement actions under Chapter 15.

(b) If the commission finds that any other service provider or billing agent subject to this subchapter has violated this subchapter or has knowingly provided false information to the commission on matters subject to this subchapter, the commission may enforce the provisions of Chapter 15 against the service provider or billing agent as if it were regulated by the commission.

(c) Neither the authority granted under this section nor any other provision of this subchapter shall be construed to grant the commission jurisdiction to regulate service providers or billing agents who are not otherwise subject to commission regulation, other than as specifically provided by this chapter.

(d) If the commission finds that a billing utility or service provider repeatedly violates this subchapter, the commission may, if the action is consistent with the public interest, suspend, restrict, or revoke the registration or certificate of the telecommunications service provider, by this action denying the telecommunications service provider the right to provide service in this state, except that the commission may not revoke a certificate of convenience and necessity of a telecommunications utility except as provided by Section 54.008.

(e) If the commission finds that a service provider or billing agent has repeatedly violated any provision of this subchapter, the commission may order the billing utility to terminate billing and collection services for that service provider or billing agent.

(f) Nothing in this subchapter shall be construed to preclude a billing utility from taking action on its own to terminate or restrict its billing and collection services.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.157. DISPUTES.

(a) The commission may resolve disputes between a retail customer and a billing utility, service provider, or telecommunications utility.

(b) In exercising its authority under Subsection (a), the commission may:

- (1) order a billing utility or service provider to produce information or records;
- (2) require that all contracts, bills, and other communications from a billing utility or service provider display a working toll-free telephone number that customers may call with complaints and inquiries;
- (3) require a billing utility or service provider to refund or credit overcharges or unauthorized charges with interest if the billing utility or service provider has failed to comply with commission rules or a contract with the customer;
- (4) order appropriate relief to ensure that a customer's choice of a telecommunications service provider is honored;
- (5) require the continuation of service to a residential or small commercial customer while a dispute is pending regarding charges the customer has alleged were unauthorized; and
- (6) investigate an alleged violation.

(c) The commission shall adopt procedures for the resolution of disputes in a timely manner, which in no event shall exceed 60 days.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

Sec. 64.158. CONSISTENCY WITH FEDERAL LAW.

Rules adopted by the commission under this subchapter shall be consistent with and not more burdensome than applicable federal laws and rules.

(Added by Acts 1999, 76th Leg., R.S., ch 1212 (SB 560) § 55.)

SUBCHAPTER E. PUBLICATION OF MOBILE SERVICE CUSTOMER TELEPHONE NUMBERS

Sec. 64.201. DEFINITION.

In this subchapter, "commercial mobile service provider" means a provider of commercial mobile service as defined by Section 332(d), Communications Act of 1934 (47 U.S.C. Section 151 et seq.), Federal Communications Commission rules, and the Omnibus Budget Reconciliation Act of 1993 (Pub. L. No. 103-66).

(Added by Acts 2005, 79th Leg., R.S., ch. 226 (HB 2553) § 1.)

Sec. 64.202. CONSENT REQUIRED.

(a) A commercial mobile service provider doing business in this state may not publish in a directory or provide for publication in a directory the name and telephone number of a mobile service customer in this state without the express consent of the customer. The consent of a customer must be given:

- (1) in writing on a separate document that includes the customer's signature and the date;
- (2) verbally; or
- (3) on a website maintained by the commercial mobile service provider.

(b) Before a customer consents under Subsection (a), a commercial mobile service provider must disclose to the customer in writing or verbally, as appropriate, that:

- (1) by consenting the customer agrees to have the customer's telephone number sold or licensed as part of a list of customers and the customer's telephone number may be included in a publicly available directory; and
- (2) if the customer's calling plan bills the customer for unsolicited calls or text messages from a telemarketer, by consenting to have the customer's telephone number sold or licensed as part of a list of customers or be included in a publicly available directory, the customer may incur additional charges for receiving unsolicited calls or text messages.

(c) A customer who consents under Subsection (a) may revoke that consent at any time. A commercial mobile service provider shall comply with the customer's request not later than the 60th day after the date the request is made.

(d) A commercial mobile service provider may not bill a mobile services customer for not consenting under Subsection (a).

(Added by Acts 2005, 79th Leg., R.S., ch. 226 (HB 2553) § 1.)

Sec. 64.203. VIOLATIONS.

(a) The attorney general may investigate violations of this subchapter and file civil enforcement actions seeking injunctive relief, attorney's fees, and civil penalties in an amount not to exceed \$1,000 for each violation. If the court finds the defendant wilfully or knowingly violated this subchapter, the court may increase the amount of the civil penalties to an amount not to exceed \$3,000 for each violation.

(b) Chapter 15 does not apply to a violation of this subchapter.

(Added by Acts 2005, 79th Leg., R.S., ch. 226 (HB 2553) § 1.)

CHAPTER 65. DEREGULATION OF CERTAIN INCUMBENT LOCAL EXCHANGE COMPANY MARKETS

SUBCHAPTER A. GENERAL PROVISIONS

Sec. 65.001. STATEMENT OF POLICY.

It is the policy of this state to provide for full rate and service competition in the telecommunications market of this state so that customers may benefit from innovations in service quality and market-based pricing.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.002. DEFINITIONS.

In this chapter:

(1) "Deregulated company" means an incumbent local exchange company for which all of the company's markets have been deregulated.

(2) "Market" means an exchange in which an incumbent local exchange company provides residential local exchange telephone service.

(3) "Regulated company" means an incumbent local exchange company for which none of the company's markets have been deregulated.

(4) "Stand-alone residential local exchange voice service" means:

(A) residential tone dialing service;

(B) services and functionalities supported under the lifeline program;

(C) access for all residential end users to 911 service provided by a local authority and access to dual party relay service;

(D) at the election of the incumbent local exchange company, mandatory residential extended area service arrangements, mandatory residential extended metropolitan service or other mandatory residential toll-free calling arrangements, mandatory expanded local calling service arrangements, or another service that a company is required under a tariff to provide to a customer who subscribes or may subscribe to basic network services;

(E) flat rate residential local exchange telephone service delivered by landline, but only if the service is ordered and received independent of:

(i) a service classified as a nonbasic service under Section 58.151 or residential call waiting service;

(ii) a package of services that includes a service classified as a nonbasic service under Section 58.151; or

(iii) another flat rate residential local exchange service delivered by landline; and

(F) residential caller identification services if the customer to whom the service is billed is at least 65 years of age.

(5) "Transitioning company" means an incumbent local exchange company for which at least one, but not all, of the company's markets has been deregulated.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.003. COMMISSION AUTHORITY.

(a) Notwithstanding any other provisions of this title, the commission has authority to implement and enforce this chapter.

(b) The commission may adopt rules and conduct proceedings necessary to administer and enforce this chapter, including rules to determine whether a market should remain regulated, should be deregulated, or should be reregulated.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.004. INFORMATION.

(a) The commission may collect and compile information from all telecommunications providers as necessary to implement and enforce this chapter.

(b) The commission shall maintain the confidentiality of information collected under this chapter that is claimed to be confidential for competitive purposes. Information that is claimed to be confidential is exempt from disclosure under Chapter 552, Government Code.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.005. CUSTOMER PROTECTION.

This chapter does not affect a customer's right to complain to the commission regarding a telecommunications provider.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

SUBCHAPTER B. DETERMINATION OF WHETHER MARKET SHOULD BE REGULATED

Sec. 65.051. MARKETS DEREGULATED.

(a) Except as provided by Subsection (b), all markets of all incumbent local exchange companies are deregulated on January 1, 2006, unless the commission determines under Section 65.052(a) that a market or markets should remain regulated.

(b) A market of an incumbent local exchange company in which the population in the area included in the market is less than 30,000 is deregulated on January 1, 2007, unless the commission determines under Section 65.052(f) that the market should remain regulated.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.052. DETERMINATION OF WHETHER A MARKET SHOULD REMAIN REGULATED.

(a) Except as provided by Subsection (f), the commission shall:

(1) determine whether each market of an incumbent local exchange company should remain regulated on and after January 1, 2006; and

(2) issue a final order classifying the company in accordance with this section effective January 1, 2006.

(b) In making a determination under Subsection (a), the commission may not determine that a market should remain regulated if:

(1) the population in the area included in the market is at least 100,000; or

(2) the population in the area included in the market is at least 30,000 but less than 100,000 and, in addition to the incumbent local exchange company, there are at least three competitors of which:

(A) at least one is a telecommunications provider that holds a certificate of operating authority or service provider certificate of operating authority and provides residential local exchange telephone service in the market;

(B) at least one is an entity providing residential telephone service in the market using facilities that the entity or its affiliate owns; and

(C) at least one is a provider in that market of commercial mobile service as defined by Section 332(d), Communications Act of 1934 (47 U.S.C. Section 151 et seq.), Federal Communications Commission rules, and the Omnibus Budget Reconciliation Act of 1993 (Pub. L. No. 103-66), that is not affiliated with the incumbent local exchange company.

(c) The commission shall issue an order classifying an incumbent local exchange company as a deregulated company that is subject to Subchapter C if:

(1) the company does not have any markets in which the population in the area included in the market is less than 30,000; and

(2) the commission does not determine that a market of the company should remain regulated on and after January 1, 2006.

(d) Regardless of the population in the area included in an incumbent local exchange company's markets, the commission shall issue an order classifying the company as a transitioning company that is subject to Subchapter D if the commission determines that one or more, but not all, of the markets of the company should remain regulated on and after January 1, 2006.

(e) The commission shall issue an order classifying the company as a regulated company that is subject to the provisions of this title that applied to the company on September 1, 2005, if the commission determines that all of the markets of the company in which the population in each area included in the markets is at least 30,000 should remain regulated on and after January 1, 2006. This subsection does not affect the authority of a regulated company to elect under Chapter 58 or 59 after January 1, 2005, and to be regulated under the chapter under which the company elected.

(f) Not later than November 30, 2006, the commission shall determine whether a market of an incumbent local exchange company in which the population in the area included in the market is less than 30,000 should remain regulated on or after January 1, 2007. The commission by rule shall determine the market test to be applied in determining whether the market should remain regulated. If the commission does not determine that the market should remain regulated on or after January 1, 2007, and the deregulation of that market results in a transitioning or regulated company no longer meeting the definition of a transitioning or regulated company, as appropriate, the commission shall issue an order reclassifying the company appropriately.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.053. INCUMBENT LOCAL EXCHANGE COMPANY MARKETS.

(a) Notwithstanding Section 65.052, an incumbent local exchange company may elect to have all of the company's markets remain regulated on and after January 1, 2006.

(b) To make an election under Subsection (a), an incumbent local exchange company must file an affidavit with the commission making that election not later than December 1, 2005.

(c) If an incumbent local exchange company makes an election under this section, the commission shall issue an order classifying the company as a regulated company that is subject to the provisions of this title that applied to the company on September 1, 2005. This subsection does not affect the authority of a regulated company to elect under Chapter 58 or 59 after January 1, 2005, and to be regulated under the chapter under which the company elected.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.054. PETITION FOR DEREGULATION.

(a) After July 1, 2007, a company may petition the commission to deregulate a market that the commission previously determined should remain regulated.

(b) If the commission deregulates a market under this section and the deregulation results in the transitioning or regulated company no longer meeting the definition of a transitioning or regulated company, as appropriate, the commission shall issue an order reclassifying the company appropriately.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.055. COMMISSION AUTHORITY TO REREGULATE CERTAIN MARKETS.

(a) This section applies only to a market of an incumbent local exchange company in which the population in the area included in the market is less than 100,000.

(b) The commission, on its own motion or on a complaint that the commission considers to have merit, may determine that a market that was previously deregulated should again be subject to regulation.

(c) The commission by rule shall prescribe the procedures and standards applicable to a determination under this section.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

SUBCHAPTER C. DEREGULATED COMPANY

Sec. 65.101. ISSUANCE OF CERTIFICATE OF OPERATING AUTHORITY.

(a) A deregulated company may petition the commission to relinquish the company's certificate of convenience and necessity and receive a certificate of operating authority.

(b) The commission shall issue the deregulated company a certificate of operating authority and rescind the deregulated company's certificate of convenience and necessity if the commission finds that all of the company's markets have been deregulated under Subchapter B.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.102. REQUIREMENTS.

(a) A deregulated company that holds a certificate of operating authority issued under this subchapter is a nondominant carrier governed in the same manner as a holder of a certificate of operating authority issued under Chapter 54, except that the deregulated company:

- (1) retains the obligations of a provider of last resort under Chapter 54;
- (2) is subject to the following provisions in the same manner as an incumbent local exchange company that is not deregulated:
 - (A) Sections 54.156, 54.158, and 54.159;
 - (B) Section 55.012; and

(C) Chapter 60; and

(3) may not increase the company's rates for stand-alone residential local exchange voice service before the date that the commission has the opportunity to revise the monthly per line support under the Texas High Cost Universal Service Plan pursuant to Section 56.031, regardless of whether the company is an electing company under Chapter 58.

(b) In each deregulated market, a deregulated company shall make available to all residential customers uniformly throughout that market the same price, terms, and conditions for all basic and non-basic services, consistent with any pricing flexibility available to such company on or before August 31, 2005.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

SUBCHAPTER D. TRANSITIONING COMPANY

Sec. 65.151. PROVISIONS APPLICABLE TO TRANSITIONING COMPANY.

A transitioning company is governed by this subchapter and the provisions of this title that applied to the company immediately before the date the company was classified as a transitioning company. If there is a conflict between this subchapter and the other applicable provisions of this title, this subchapter controls.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.152. GENERAL REQUIREMENTS.

(a) A transitioning company may:

(1) exercise pricing flexibility in a market in the manner provided by Section 58.063 one day after providing an informational notice as required by that section; and

(2) introduce a new service in a market in the manner provided by Section 58.153 one day after providing an informational notice as required by that section.

(b) A transitioning company may not be required to comply with exchange-specific retail quality of service standards or reporting requirements in a market that is deregulated.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.153. RATE REQUIREMENTS.

(a) In a market that remains regulated, a transitioning company shall price the company's retail services in accordance with the provisions that applied to that company immediately before the date the company was classified as a transitioning company.

(b) In a market that is deregulated, a transitioning company shall price the company's retail services as follows:

(1) for all services, other than basic local telecommunications service, at any price higher than the service's long run incremental cost; and

(2) for basic local telecommunications service, at any price higher than the lesser of the service's long run incremental cost or the tariffed price on the date that market was deregulated, provided that the company may not increase the company's rates for stand-alone residential local exchange voice service before the date that the commission has the opportunity to revise the monthly per line support under the Texas High Cost Universal Service Plan pursuant to Section 56.031, regardless of whether the company is an electing company under Chapter 58.

(c) In each deregulated market, a transitioning company shall make available to all residential customers uniformly throughout that market the same price, terms, and conditions for all basic and non-basic services, consistent with any pricing flexibility available to such company on or before August 31, 2005.

(d) In any market, regardless of whether regulated or deregulated, the transitioning company may not:

(1) establish a retail rate, term, or condition that is anticompetitive or unreasonably preferential, prejudicial, or discriminatory;

(2) establish a retail rate for a basic or non-basic service in a deregulated market that is subsidized either directly or indirectly by a basic or non-basic service provided in an exchange that is not deregulated; or

(3) engage in predatory pricing or attempt to engage in predatory pricing.

(e) A rate that meets the pricing requirements in Subsection (b) shall be deemed compliant with Subsection (d)(2).

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

SUBCHAPTER E. REDUCTION OF SWITCHED ACCESS RATES

Sec. 65.201. REDUCTION OF SWITCHED ACCESS RATES BY DEREGULATED COMPANY.

(a) On the date the last market of an incumbent local exchange company is deregulated, the company shall reduce both the company's originating and terminating per minute of use switched access rates in each market to parity with the company's respective federal originating and terminating per minute of use switched access rates.

(b) After reducing the rates under Subsection (a), a deregulated company shall maintain parity with the company's federal originating and terminating per minute of use switched access rates. If the company's federal originating and terminating per minute of use switched access rates are changed, the company shall change the company's per minute of use switched access rates in each market as necessary to re-achieve parity with the company's federal originating and terminating per minute of use switched access rates.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.202. REDUCTION OF SWITCHED ACCESS RATES BY TRANSITIONING COMPANY WITH MORE THAN THREE MILLION ACCESS LINES.

(a) Notwithstanding any other provision of this title, a transitioning company that has more than three million access lines in service in this state on January 1, 2006, shall:

(1) on July 1, 2006, reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount equal to 33 percent of the difference in the rates in effect on June 30, 2006, and the company's respective federal originating and terminating per minute of use switched access rates;

(2) on July 1, 2007, reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount equal to 33 percent of the difference in the rates in effect on June 30, 2006, and the company's respective federal originating and terminating per minute of use switched access rates; and

(3) on July 1, 2008, reduce both the company's originating and terminating per minute of use switched access rates in each market to parity with the company's respective federal originating and terminating per minute of use switched access rates.

(b) After reducing the rates under Subsection (a), a transitioning company shall maintain parity with the company's federal originating and terminating per minute of use switched access rates. If the company's federal originating and terminating per minute of use switched access rates are changed, the company shall change the company's per minute of use switched access rates in each market as necessary to re-achieve parity with the company's federal originating and terminating per minute of use switched access rates.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.203. REDUCTION OF SWITCHED ACCESS RATES BY CERTAIN TRANSITIONING COMPANIES WITH NOT MORE THAN THREE MILLION ACCESS LINES.

(a) Notwithstanding any other provision of this title, a company that is classified as a transitioning company effective January 1, 2006, and that has not more than three million access lines in service in this state on that date shall reduce both the company's originating and terminating per minute of use switched access rates in each market in accordance with this section.

(b) On July 1, 2006, the transitioning company shall reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount equal to the lesser of:

(1) 25 percent of the difference in the company's rates in effect on June 30, 2006, and the company's respective federal originating and terminating per minute of use switched access rates in effect on that date; or

(2) an amount derived by multiplying that difference by a percentage derived by dividing the number of the company's markets that are not regulated on July 1, 2006, by the total number of the company's markets on December 30, 2005.

(c) On July 1, 2007, the transitioning company shall reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount equal to the lesser of:

(1) 25 percent of the difference in the company's rates in effect on June 30, 2006, and the company's respective federal originating and terminating per minute of use switched access rates in effect on that date; or

(2) an amount derived by multiplying that difference by a percentage derived by dividing the number of the company's markets that were deregulated in the prior 12 months by the total number of the company's markets on December 30, 2005.

(d) On July 1, 2008, the transitioning company shall reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount equal to the lesser of:

(1) 25 percent of the difference in the company's rates in effect on June 30, 2006, and the company's respective federal originating and terminating per minute of use switched access rates in effect on that date; or

(2) an amount derived by multiplying that difference by a percentage derived by dividing the number of the company's markets that were deregulated in the prior 12 months by the total number of the company's markets on December 30, 2005.

(e) On July 1, 2009, and each succeeding year thereafter on July 1, the transitioning company shall reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount derived by multiplying the difference in the company's rates in effect on June 30, 2006, and the company's respective federal originating and terminating per minute of use switched access rates in effect on that date by a percentage derived by dividing the number of the company's markets that were deregulated in the prior 12 months by the total number of the company's markets on December 30,

2005, except that a transitioning company shall be required to reduce both the company's originating and terminating per minute of use switched access charges to parity with the company's respective federal originating and terminating per minute of use switched access charges if more than 75 percent of the transitioning company's markets are not regulated on July 1 of 2009 or any succeeding year.

(f) After reducing the rates under Subsection (e), a transitioning company shall maintain parity with the company's federal originating and terminating per minute of use switched access rates. If the company's federal originating and terminating per minute of use switched access rates are changed, the company shall change the company's per minute of use switched access rates in each market as necessary to re-achieve parity with the company's federal originating and terminating per minute of use switched access rates.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.204. REDUCTION OF SWITCHED ACCESS RATES BY NEWLY DESIGNATED TRANSITIONING COMPANY.

(a) Notwithstanding any other provision of this title, a company that is classified as a transitioning company after January 1, 2006, shall reduce both the company's originating and terminating per minute of use switched access rates in each market in accordance with this section.

(b) On the date the company is classified as a transitioning company, the company shall reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount equal to the lesser of:

- (1) 25 percent of the difference in the company's rates in effect on the day before the date the company was classified, and the company's respective federal originating and terminating per minute of use switched access rates in effect on that date; or
- (2) an amount derived by multiplying that difference by a percentage derived by dividing the number of the company's markets that are not regulated on the date the company is classified as a transitioning company by the total number of the company's markets on December 30, 2005.

(c) On the first anniversary of the date the company is classified as a transitioning company, the company shall reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount equal to the lesser of:

- (1) 25 percent of the difference in the company's rates in effect on the day before the date the company was classified, and the company's respective federal originating and terminating per minute of use switched access rates in effect on that date; or
- (2) an amount derived by multiplying that difference by a percentage derived by dividing the number of the company's markets that were deregulated in the prior 12 months by the total number of the company's markets on December 30, 2005.

(d) On the second anniversary of the date the company is classified as a transitioning company, the company shall reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount equal to the lesser of:

- (1) 25 percent of the difference in the company's rates in effect on the day before the date the company was classified, and the company's respective federal originating and terminating per minute of use switched access rates in effect on that date; or
- (2) an amount derived by multiplying that difference by a percentage derived by dividing the number of the company's markets that were deregulated in the prior 12 months by the total number of the company's markets on December 30, 2005.

(e) On the third anniversary of the date the company is classified as a transitioning company and each anniversary thereafter, the company shall reduce both the company's originating and terminating per minute of use switched access rates in each market by an amount derived by multiplying the difference in the company's rates in effect on the day before the date the company was classified as a transitioning company, and the company's respective federal originating and terminating per minute of use switched access rates in effect on that date by a percentage derived by dividing the number of the company's markets that were deregulated in the prior 12 months by the total number of the company's markets on December 30, 2005, except that a transitioning company shall be required to reduce both the company's originating and terminating per minute of use switched access charges to parity with the company's respective federal originating and terminating per minute of use switched access charges if more than 75 percent of the transitioning company's markets are not regulated on July 1 of 2009 or any succeeding year.

(f) After reducing the rates under Subsection (e), a transitioning company shall maintain parity with the company's federal originating and terminating per minute of use switched access rates. If the company's federal originating and terminating per minute of use switched access rates are changed, the company shall change the company's per minute of use switched access rates in each market as necessary to re-achieve parity with the company's federal originating and terminating per minute of use switched access rates.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.205. MAINTENANCE OF REDUCTION OR PARITY.

(a) After a deregulated or transitioning company reduces the company's rates under this subchapter, the company may not increase those rates above the applicable rates prescribed by this subchapter.

(b) If a transitioning company's federal per minute of use switched access rates are reduced, the company shall reduce the company's per minute of use switched access rates to not more than the applicable rates prescribed by this subchapter.

(c) Notwithstanding Subsections (a) and (b), a deregulated or transitioning company may decrease the company's per minute of use switched access rates to amounts that are less than the applicable rates prescribed by this subchapter.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

SUBCHAPTER F. LEGISLATIVE OVERSIGHT COMMITTEE

Sec. 65.251. OVERSIGHT COMMITTEE.

(a) In this subchapter, "committee" means the telecommunications competitiveness legislative oversight committee.

(b) The committee is composed of nine members as follows:

- (1) the chair of the Senate Committee on Business and Commerce;
- (2) the chair of the House Committee on Regulated Industries;
- (3) three members of the senate appointed by the lieutenant governor;
- (4) three members of the house of representatives appointed by the speaker of the house of representatives; and
- (5) the chief executive of the Office of Public Utility Counsel.

(c) An appointed member of the committee serves at the pleasure of the appointing official.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

Sec. 65.252. COMMITTEE DUTIES.

(a) The committee shall conduct joint public hearings with the commission at least annually regarding the introduction of full competition to telecommunications services in this state.

(b) The commission shall:

(1) collect and compile information from all telecommunications providers as necessary to conduct a hearing under this section; and

(2) maintain the confidentiality of information collected under this section that is claimed to be confidential for competitive purposes.

(c) Information that is claimed to be confidential under Subsection (b) is exempt from disclosure under Chapter 552, Government Code.

(d) The commission shall provide to the committee information regarding rules relating to telecommunications deregulation proposed by the commission. The committee may submit comments to the commission on those proposed rules.

(e) The committee shall monitor the effectiveness of telecommunications deregulation, including the fairness of rates, the quality of service, and the effect of regulation on the normal forces of competition.

(f) The committee may request reports and other information from the commission as necessary to carry out this subchapter.

(g) Not later than November 15 of each even-numbered year, the committee shall report to the governor, lieutenant governor, and speaker of the house of representatives on the committee's activities under this subchapter. The report must include:

(1) an analysis of any problems caused by telecommunications deregulation; and

(2) recommendations for any legislative action necessary to address those problems and to further competition within the telecommunications industry.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 26.)

CHAPTER 66. STATE-ISSUED CABLE AND VIDEO FRANCHISE

Sec. 66.001. FRANCHISING AUTHORITY.

The commission shall be designated as the franchising authority for a state-issued franchise for the provision of cable service or video service.

(Added by Acts 2005, 79th Leg. 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.002. DEFINITIONS.

In this chapter:

(1) "Actual incremental cost" means only current out-of-pocket expenses for labor, equipment repair, equipment replacement, and tax expenses directly associated with the labor or the equipment of a service provider that is necessarily and directly used to provide what were, under a superseded franchise, in-kind services, exclusive of any profit or overhead such as depreciation, amortization, or administrative expense.

(2) "Cable service" is defined as set forth in 47 U.S.C. Section 522(6).

(3) "Cable service provider" means a person who provides cable service.

(4) "Communications network" means a component or facility that is, wholly or partly, physically located within a public right-of-way and that is used to provide video programming, cable, voice, or data services.

(5) "Franchise" means an initial authorization, or renewal of an authorization, issued by a franchising authority, regardless of whether the authorization is designated as a franchise, permit, license, resolution, contract, certificate, agreement, or otherwise, that authorizes the construction and operation of a cable or video services network in the public rights-of-way.

(6)(A) "Gross revenues" means all consideration of any kind or nature including without limitation cash, credits, property, and in-kind contributions (services or goods) derived by the holder of a state-issued certificate of franchise authority from the operation of the cable service provider's or the video service provider's network to provide cable service or video service within the municipality. Gross revenue shall include all consideration paid to the holder of a state-issued certificate of franchise authority and its affiliates (to the extent either is acting as a provider of a cable service or video service as authorized by this chapter), which shall include but not be limited to the following: (i) all fees charged to subscribers for any and all cable service or video service provided by the holder of a state-issued certificate of franchise authority; (ii) any fee imposed on the holder of a state-issued certificate of franchise authority by this chapter that is passed through and paid by subscribers (including without limitation the franchise fee set forth in this chapter); and (iii) compensation received by the holder of a state-issued certificate of franchise authority or its affiliates that is derived from the operation of the holder of a state-issued certificate of franchise authority's network to provide cable service or video service with respect to commissions that are paid to the holder of a state-issued certificate of franchise authority as compensation for promotion or exhibition of any products or services on the holder of a state-issued certificate of franchise authority's network, such as a "home shopping" or a similar channel, subject to Paragraph (B)(v). Gross revenue includes a pro rata portion of all revenue derived by the holder of a state-issued certificate of franchise authority or its affiliates pursuant to compensation arrangements for advertising derived from the operation of the holder of a state-issued certificate of franchise authority's network to provide cable service or the video service within a municipality, subject to Paragraph (B)(iii). The allocation shall be based on the number of subscribers in the municipality

divided by the total number of subscribers in relation to the relevant regional or national compensation arrangement. Advertising commissions paid to third parties shall not be netted against advertising revenue included in gross revenue. Revenue of an affiliate derived from the affiliate's provision of cable service or the video service shall be gross revenue to the extent the treatment of such revenue as revenue of the affiliate and not of the holder of a state-issued certificate of franchise authority has the effect (whether intentional or unintentional) of evading the payment of fees which would otherwise be paid to the municipality. In no event shall revenue of an affiliate be gross revenue to the holder of a state-issued certificate of franchise authority if such revenue is otherwise subject to fees to be paid to the municipality.

(B) For purposes of this section, "gross revenues" does not include:

- (i) any revenue not actually received, even if billed, such as bad debt;
- (ii) non-cable services or non-video services revenues received by any affiliate or any other person in exchange for supplying goods or services used by the holder of a state-issued certificate of franchise authority to provide cable service or video service;
- (iii) refunds, rebates, or discounts made to subscribers, leased access providers, advertisers, or a municipality;
- (iv) any revenues from services classified as non-cable service or non-video service under federal law including without limitation revenue received from telecommunications services; revenue received from information services (but not excluding cable services or video services); and any other revenues attributed by the holder of a state-issued certificate of franchise authority to non-cable service or non-video service in accordance with Federal Communications Commission or commission rules, regulations, standards, or orders;
- (v) any revenue paid by subscribers to home shopping programmers directly from the sale of merchandise through any home shopping channel offered as part of the cable services or the holder of a state-issued certificate of franchise authority as compensation for promotion or exhibition of any products or services on the holder of a state-issued certificate of franchise authority's network, such as a "home shopping" or a similar channel;
- (vi) the sale of cable services or video services for resale in which the purchaser is required to collect this chapter's fees from the purchaser's customer. Nothing under this chapter is intended to limit state's rights pursuant to 47 U.S.C. Section 542(h);
- (vii) the provision of cable services or video services to customers at no charge, as required or allowed by this chapter, including without limitation the provision of cable services or video services to public institutions, as required or permitted in this chapter, including without limitation public schools or governmental entities, as required or permitted in this chapter;
- (viii) any tax of general applicability imposed upon the holder of a state-issued certificate of franchise authority or upon subscribers by a city, state, federal, or any other governmental entity and required to be collected by the holder of a state-issued certificate of franchise authority and remitted to the taxing entity (including, but not limited to, sales and use tax, gross receipts tax, excise tax, utility users tax, public service tax, communication taxes, and fees not imposed by this chapter);
- (ix) any forgone revenue from the holder of a state-issued certificate of franchise authority's provision of free or reduced cost cable services or video services to any person including without limitation employees of the holder of a state-issued certificate of franchise authority, to the municipality and other public institutions or other institutions as allowed in this

chapter; provided, however, that any forgone revenue which the holder of a state-issued certificate of franchise authority chooses not to receive in exchange for trades, barter, services, or other items of value shall be included in gross revenue;

(x) sales of capital assets or sales of surplus equipment that is not used by the purchaser to receive cable services or video services from the holder of a state-issued certificate of franchise authority;

(xi) directory or Internet advertising revenue including, but not limited to, yellow pages, white pages, banner advertisement, and electronic publishing; and

(xii) reimbursement by programmers of marketing costs incurred by the holder of a state-issued franchise for the introduction of new programming that exceed the actual costs.

(C) For purposes of this definition, a provider's network consists solely of the optical spectrum wavelengths, bandwidth, or other current or future technological capacity used for the transmission of video programming over wireline directly to subscribers within the geographic area within the municipality as designated by the provider in its franchise.

(7) "Incumbent cable service provider" means the cable service provider serving the largest number of cable subscribers in a particular municipal franchise area on September 1, 2005.

(8) "Public right-of-way" means the area on, below, or above a public roadway, highway, street, public sidewalk, alley, waterway, or utility easement in which a municipality has an interest.

(9) "Video programming" means programming provided by, or generally considered comparable to programming provided by, a television broadcast station, as set forth in 47 U.S.C. Section 522(20).

(10) "Video service" means video programming services provided through wireline facilities located at least in part in the public right-of-way without regard to delivery technology, including Internet protocol technology. This definition does not include any video service provided by a commercial mobile service provider as defined in 47 U.S.C. Section 332(d).

(11) "Video service provider" means a video programming distributor that distributes video programming services through wireline facilities located at least in part in the public right-of-way without regard to delivery technology. This term does not include a cable service provider.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.003. STATE AUTHORIZATION TO PROVIDE CABLE SERVICE OR VIDEO SERVICE.

(a) An entity or person seeking to provide cable service or video service in this state after September 1, 2005, shall file an application for a state-issued certificate of franchise authority with the commission as required by this section. An entity providing cable service or video service under a franchise agreement with a municipality is not subject to this subsection with respect to such municipality until the franchise agreement expires, except as provided by Section 66.004.

(a-1) The commission shall notify an applicant for a state-issued certificate of franchise authority whether the applicant's affidavit described by Subsection (b) is complete before the 15th business day after the applicant submits the affidavit.

(b) The commission shall issue a certificate of franchise authority to offer cable service or video service before the 17th business day after receipt of a completed affidavit submitted by the applicant and signed by an officer or general partner of the applicant affirming:

(1) that the applicant has filed or will timely file with the Federal Communications Commission all forms required by that agency in advance of offering cable service or video service in this state;

(2) that the applicant agrees to comply with all applicable federal and state statutes and regulations;

(3) that the applicant agrees to comply with all applicable municipal regulations regarding the use and occupation of public rights-of-way in the delivery of the cable service or video service, including the police powers of the municipalities in which the service is delivered;

(4) a description of the service area footprint to be served within the municipality, if applicable, otherwise the municipality to be served by the applicant, which may include certain designations of unincorporated areas, which description shall be updated by the applicant prior to the expansion of cable service or video service to a previously undesignated service area and, upon such expansion, notice to the commission of the service area to be served by the applicant; and

(5) the location of the applicant's principal place of business and the names of the applicant's principal executive officers.

(c) The certificate of franchise authority issued by the commission shall contain:

(1) a grant of authority to provide cable service or video service as requested in the application;

(2) a grant of authority to use and occupy the public rights-of-way in the delivery of that service, subject to the laws of this state, including the police powers of the municipalities in which the service is delivered; and

(3) a statement that the grant of authority is subject to lawful operation of the cable service or video service by the applicant or its successor in interest.

(d) The certificate of franchise authority issued by the commission is fully transferable to any successor in interest to the applicant to which it is initially granted. A notice of transfer shall be filed with the commission and the relevant municipality within 14 business days of the completion of such transfer.

(e) The certificate of franchise authority issued by the commission may be terminated by the cable service provider or video service provider by submitting notice to the commission.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.004. ELIGIBILITY FOR COMMISSION-ISSUED FRANCHISE.

(a) A cable service provider or a video service provider that currently has or had previously received a franchise to provide cable service or video service with respect to such municipalities is not eligible to seek a state-issued certificate of franchise authority under this chapter as to those municipalities until the expiration date of the existing franchise agreement, except as provided by Subsections (b) and (c).

(b) Beginning September 1, 2005, a cable service provider or video service provider that is not the incumbent cable service provider and serves fewer than 40 percent of the total cable customers in a particular municipal franchise area may elect to terminate that municipal franchise and seek a state-issued certificate of franchise authority by providing written notice to the commission and the affected municipality before January 1, 2006. The municipal franchise is terminated on the date the commission issues the state-issued certificate of franchise authority.

(c) A cable service provider that serves fewer than 40 percent of the total cable customers in a municipal franchise area and that elects under Subsection (b) to terminate an existing municipal franchise is responsible for remitting to the affected municipality before the 91st day after the date the municipal franchise is terminated any accrued but unpaid franchise fees due under the terminated franchise. If the

cable service provider has credit remaining from prepaid franchise fees, the provider may deduct the amount of the remaining credit from any future fees or taxes it must pay to the municipality, either directly or through the comptroller.

(d) For purposes of this section, a cable service provider or video service provider will be deemed to have or have had a franchise to provide cable service or video service in a specific municipality if any affiliates or successor entity of the cable or video provider has or had a franchise agreement granted by that specific municipality.

(e) The terms "affiliates or successor entity" in this section shall include but not be limited to any entity receiving, obtaining, or operating under a municipal cable or video franchise through merger, sale, assignment, restructuring, or any other type of transaction.

(f) Except as provided in this chapter, nothing in this chapter is intended to abrogate, nullify, or adversely affect in any way the contractual rights, duties, and obligations existing and incurred by a cable service provider or a video service provider before the enactment of this chapter, and owed or owing to any private person, firm, partnership, corporation, or other entity including without limitation those obligations measured by and related to the gross revenue hereafter received by the holder of a state-issued certificate of franchise authority for services provided in the geographic area to which such prior franchise or permit applies. All liens, security interests, royalties, and other contracts, rights, and interests in effect on September 1, 2005, shall continue in full force and effect, without the necessity for renewal, extension, or continuance, and shall be paid and performed by the holder of a state-issued certificate of franchise authority, and shall apply as though the revenue generated by the holder of a state-issued certificate of franchise authority continued to be generated pursuant to the permit or franchise issued by the prior local franchising authority or municipality within the geographic area to which the prior permit or franchise applies. It shall be a condition to the issuance and continuance of a state-issued certificate of franchise authority that the private contractual rights and obligations herein described continue to be honored, paid, or performed to the same extent as though the cable service provider continued to operate under its prior franchise or permit, for the duration of such state-issued certificate of franchise authority and any renewals or extensions thereof, and that the applicant so agrees. Any person, firm, partnership, corporation, or other entity holding or claiming rights herein reserved may enforce same by an action brought in a court of competent jurisdiction.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.005. FRANCHISE FEE.

(a) The holder of a state-issued certificate of franchise authority shall pay each municipality in which it provides cable service or video service a franchise fee of five percent based upon the definition of gross revenues as set forth in this chapter. That same franchise fee structure shall apply to any unincorporated areas that are annexed by a municipality after the effective date of the state-issued certificate of franchise authority.

(b) The franchise fee payable under this section is to be paid quarterly, within 45 days after the end of the quarter for the preceding calendar quarter. Each payment shall be accompanied by a summary explaining the basis for the calculation of the fee. A municipality may review the business records of the cable service provider or video service provider to the extent necessary to ensure compensation in accordance with Subsection (a). Each party shall bear the party's own costs of the examination. A municipality may, in the event of a dispute concerning compensation under this section, bring an action in a court of competent jurisdiction.

(c) The holder of a state-issued certificate of franchise authority may recover from the provider's customers any fee imposed by this chapter.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.006. IN-KIND CONTRIBUTIONS TO MUNICIPALITY.

(a) Until the expiration of the incumbent cable service provider's agreement, the holder of a state-issued certificate of franchise authority shall pay a municipality in which it is offering cable service or video service the same cash payments on a per subscriber basis as required by the incumbent cable service provider's franchise agreement. All cable service providers and all video service providers shall report quarterly to the municipality the total number of subscribers served within the municipality. The amount paid by the holder of a state-issued certificate of franchise authority shall be calculated quarterly by the municipality by multiplying the amount of cash payment under the incumbent cable service provider's franchise agreement by a number derived by dividing the number of subscribers served by a video service provider or cable service provider by the total number of video or cable service subscribers in the municipality. Such pro rata payments are to be paid quarterly to the municipality within 45 days after the end of the quarter for the preceding calendar quarter.

(b) On the expiration of the incumbent cable service provider's agreement, the holder of a state-issued certificate of franchise authority shall pay a municipality in which it is offering cable service or video service one percent of the provider's gross revenues, as defined by this chapter, or at the municipality's election, the per subscriber fee that was paid to the municipality under the expired incumbent cable service provider's agreement, in lieu of in-kind compensation and grants. Payments under this subsection shall be paid in the same manner as outlined in Section 66.005(b).

(c) All fees paid to municipalities under this section are paid in accordance with 47 U.S.C. Sections 531 and 541(a)(4)(B) and may be used by the municipality as allowed by federal law; further, these payments are not chargeable as a credit against the franchise fee payments authorized under this chapter.

(d) The following services shall continue to be provided by the cable provider that was furnishing services pursuant to its municipal cable franchise until January 1, 2008, or until the term of the franchise was to expire, whichever is later, and thereafter as provided in Subdivisions (1) and (2) below:

(1) institutional network capacity, however defined or referred to in the municipal cable franchise but generally referring to a private line data network capacity for use by the municipality for noncommercial purposes, shall continue to be provided at the same capacity as was provided to the municipality prior to the date of the termination, provided that the municipality will compensate the provider for the actual incremental cost of the capacity; and

(2) cable services to community public buildings, such as municipal buildings and public schools, shall continue to be provided to the same extent provided immediately prior to the date of the termination. Beginning on January 1, 2008, or the expiration of the franchise agreement, whichever is later, a provider that provides the services may deduct from the franchise fee to be paid to the municipality an amount equal to the actual incremental cost of the services if the municipality requires the services after that date. Such cable service generally refers to the existing cable drop connections to such facilities and the tier of cable service provided pursuant to the franchise at the time of the termination.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.007. BUILD-OUT.

The holder of a state-issued certificate of franchise authority shall not be required to comply with mandatory build-out provisions.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.008. CUSTOMER SERVICE STANDARDS.

The holder of a state-issued certificate of franchise authority shall comply with customer service requirements consistent with 47 C.F.R. Section 76.309(c) until there are two or more providers offering service, excluding direct-to-home satellite service, in the relevant municipality.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.009. PUBLIC, EDUCATIONAL, AND GOVERNMENTAL ACCESS CHANNELS.

(a) Not later than 120 days after a request by a municipality, the holder of a state-issued certificate of franchise authority shall provide the municipality with capacity in its communications network to allow public, educational, and governmental (PEG) access channels for noncommercial programming.

(b) The holder of a state-issued certificate of franchise authority shall provide no fewer than the number of PEG access channels a municipality has activated under the incumbent cable service provider's franchise agreement as of September 1, 2005.

(c) If a municipality did not have PEG access channels as of September 1, 2005, the cable service provider or video service provider shall furnish:

- (1) up to three PEG channels for a municipality with a population of at least 50,000; and
- (2) up to two PEG channels for a municipality with a population of less than 50,000.

(d) Any PEG channel provided pursuant to this section that is not utilized by the municipality for at least eight hours a day shall no longer be made available to the municipality, but may be programmed at the cable service provider's or video service provider's discretion. At such time as the municipality can certify to the cable service provider or video service provider a schedule for at least eight hours of daily programming, the cable service provider or video service provider shall restore the previously lost channel but shall be under no obligation to carry that channel on a basic or analog tier.

(e) In the event a municipality has not utilized the minimum number of access channels as permitted by Subsection (c), access to the additional channel capacity allowed in Subsection (c) shall be provided upon 90 days' written notice if the municipality meets the following standard: if a municipality has one active PEG channel and wishes to activate an additional PEG channel, the initial channel shall be considered to be substantially utilized when 12 hours are programmed on that channel each calendar day. In addition, at least 40 percent of the 12 hours of programming for each business day on average over each calendar quarter must be nonrepeat programming. Nonrepeat programming shall include the first three video-castings of a program. If a municipality is entitled to three PEG channels under Subsection (c) and has in service two active PEG channels, each of the two active channels shall be considered to be substantially utilized when 12 hours are programmed on each channel each calendar day and at least 50 percent of the 12 hours of programming for each business day on average over each calendar quarter is nonrepeat programming for three consecutive calendar quarters.

(f) The operation of any PEG access channel provided pursuant to this section shall be the responsibility of the municipality receiving the benefit of such channel, and the holder of a state-issued certificate of franchise authority bears only the responsibility for the transmission of such channel. The holder of a state-issued certificate of franchise authority shall be responsible for providing the connectivity to each PEG access channel distribution point up to the first 200 feet.

(g) The municipality must ensure that all transmissions, content, or programming to be transmitted over a channel or facility by a holder of a state-issued certificate of franchise authority are provided or submitted to the cable service provider or video service provider in a manner or form that is capable of being accepted and transmitted by a provider, without requirement for additional alteration or change in the

content by the provider, over the particular network of the cable service provider or video service provider, which is compatible with the technology or protocol utilized by the cable service provider or video service provider to deliver services.

(h) Where technically feasible, the holder of a state-issued certificate of franchise authority and an incumbent cable service provider shall use reasonable efforts to interconnect their cable or video systems for the purpose of providing PEG programming. Interconnection may be accomplished by direct cable, microwave link, satellite, or other reasonable method of connection. Holders of a state-issued certificate of franchise authority and incumbent cable service providers shall negotiate in good faith and incumbent cable service providers may not withhold interconnection of PEG channels.

(i) A court of competent jurisdiction shall have exclusive jurisdiction to enforce any requirement under this section.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.010. NONDISCRIMINATION BY MUNICIPALITY.

(a) A municipality shall allow the holder of a state-issued certificate of franchise authority to install, construct, and maintain a communications network within a public right-of-way and shall provide the holder of a state-issued certificate of franchise authority with open, comparable, nondiscriminatory, and competitively neutral access to the public right-of-way. All use of a public right-of-way by the holder of a state-issued certificate of franchise authority is nonexclusive and subject to Section 66.011.

(b) A municipality may not discriminate against the holder of a state-issued certificate of franchise authority regarding:

- (1) the authorization or placement of a communications network in a public right-of-way;
- (2) access to a building; or
- (3) a municipal utility pole attachment term.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.011. MUNICIPAL POLICE POWER; OTHER AUTHORITY.

(a) A municipality may enforce police power-based regulations in the management of a public right-of-way that apply to the holder of a state-issued certificate of franchise authority within the municipality. A municipality may enforce police power-based regulations in the management of the activities of the holder of a state-issued certificate of franchise authority to the extent that they are reasonably necessary to protect the health, safety, and welfare of the public. Police power-based regulation of the holder of a state-issued certificate of franchise authority's use of the public right-of-way must be competitively neutral and may not be unreasonable or discriminatory. A municipality may not impose on activities of the holder of a state-issued certificate of franchise authority a requirement:

- (1) that particular business offices be located in the municipality;
- (2) regarding the filing of reports and documents with the municipality that are not required by state or federal law and that are not related to the use of the public right-of-way except that a municipality may request maps and records maintained in the ordinary course of business for purposes of locating the portions of a communications network that occupy public rights-of-way. Any maps or records of the location of a communications network received by a municipality shall be confidential and exempt from disclosure under Chapter 552, Government Code, and may be used by a municipality only for the purpose of planning and managing construction activity in the public right-of-way. A

municipality may not request information concerning the capacity or technical configuration of the holder of a state-issued certificate of franchise authority's facilities;

(3) for the inspection of the holder of a state-issued certificate of franchise authority's business records except to extent permitted under Section 66.005(b);

(4) for the approval of transfers of ownership or control of the holder of a state-issued certificate of franchise authority's business, except that a municipality may require that the holder of a state-issued certificate of franchise authority maintain a current point of contact and provide notice of a transfer within a reasonable time; or

(5) that the holder of a state-issued certificate of franchise authority that is self-insured under the provisions of state law obtain insurance or bonding for any activities within the municipality, except that a self-insured provider shall provide substantially the same defense and claims processing as an insured provider. A bond may not be required from a provider for any work consisting of aerial construction except that a reasonable bond may be required of a provider that cannot demonstrate a record of at least four years' performance of work in any municipal public right-of-way free of currently unsatisfied claims by a municipality for damage to the right-of-way.

(b) Notwithstanding any other law, a municipality may require the issuance of a construction permit, without cost, to the holder of a state-issued certificate of franchise authority that is locating facilities in or on a public right-of-way in the municipality. The terms of the permit shall be consistent with construction permits issued to other persons excavating in a public right-of-way.

(c) In the exercise of its lawful regulatory authority, a municipality shall promptly process all valid and administratively complete applications of the holder of a state-issued certificate of franchise authority for a permit, license, or consent to excavate, set poles, locate lines, construct facilities, make repairs, affect traffic flow, or obtain zoning or subdivision regulation approvals or other similar approvals. A municipality shall make every reasonable effort not to delay or unduly burden the provider in the timely conduct of the provider's business.

(d) If there is an emergency necessitating response work or repair, the holder of a state-issued certificate of franchise authority may begin the repair or emergency response work or take any action required under the circumstances without prior approval from the affected municipality, if the holder of a state-issued certificate of franchise authority notifies the municipality as promptly as possible after beginning the work and later obtains any approval required by a municipal ordinance applicable to emergency response work.

(e) The commission shall have no jurisdiction to review such police power-based regulations and ordinances adopted by a municipality to manage the public rights-of-way.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.012. INDEMNITY IN CONNECTION WITH RIGHT-OF-WAY; NOTICE OF LIABILITY.

(a) The holder of a state-issued certificate of franchise authority shall indemnify and hold a municipality and its officers and employees harmless against any and all claims, lawsuits, judgments, costs, liens, losses, expenses, fees (including reasonable attorney's fees and costs of defense), proceedings, actions, demands, causes of action, liability, and suits of any kind and nature, including personal or bodily injury (including death), property damage, or other harm for which recovery of damages is sought, that is found by a court of competent jurisdiction to be caused solely by the negligent act, error, or omission of the holder of a state-issued certificate of franchise authority or any agent, officer, director, representative, employee, affiliate, or subcontractor of the holder of a state-issued certificate of franchise authority or their

respective officers, agents, employees, directors, or representatives, while installing, repairing, or maintaining facilities in a public right-of-way. The indemnity provided by this subsection does not apply to any liability resulting from the negligence of the municipality or its officers, employees, contractors, or subcontractors. If the holder of a state-issued certificate of franchise authority and the municipality are found jointly liable by a court of competent jurisdiction, liability shall be apportioned comparatively in accordance with the laws of this state without, however, waiving any governmental immunity available to the municipality under state law and without waiving any defenses of the parties under state law. This subsection is solely for the benefit of the municipality and the holder of a state-issued certificate of franchise authority and does not create or grant any rights, contractual or otherwise, for or to any other person or entity.

(b) The holder of a state-issued certificate of franchise authority and a municipality shall promptly advise the other in writing of any known claim or demand against the holder of a state-issued certificate of franchise authority or the municipality related to or arising out of the holder of a state-issued certificate of franchise authority's activities in a public right-of-way.

(c) The commission shall have no jurisdiction to review such police power-based regulations and ordinances adopted by a municipality to manage the public rights-of-way.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.013. MUNICIPAL AUTHORITY.

In addition to a municipality's authority to exercise its nondiscriminatory police power with respect to public rights-of-way under current law, a municipality's authority to regulate the holder of state-issued certificate of franchise authority is limited to:

(1) a requirement that the holder of a state-issued certificate of franchise authority who is providing cable service or video service within the municipality register with the municipality and maintain a point of contact;

(2) the establishment of reasonable guidelines regarding the use of public, educational, and governmental access channels; and

(3) submitting reports within 30 days on the customer service standards referenced in Section 66.008 if the provider is subject to those standards and has continued and unresolved customer service complaints indicating a clear failure on the part of the holder of a state-issued certificate of franchise authority to comply with the standards.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.014. DISCRIMINATION PROHIBITED.

(a) The purpose of this section is to prevent discrimination among potential residential subscribers.

(b) A cable service provider or video service provider that has been granted a state-issued certificate of franchise authority may not deny access to service to any group of potential residential subscribers because of the income of the residents in the local area in which such group resides.

(c) An affected person may seek enforcement of the requirements described by Subsection (b) by initiating a proceeding with the commission. A municipality within which the potential residential cable service or video service subscribers referenced in Subsection (b) may be considered an affected person for purposes of this section.

(d) The holder of a state-issued certificate of franchise authority shall have a reasonable period of time to become capable of providing cable service or video service to all households within the designated

franchise area as defined in Section 66.003(b)(4) and may satisfy the requirements of this section through the use of an alternative technology that provides comparable content, service, and functionality.

(e) Notwithstanding any provision of this chapter, the commission has the authority to make the determination regarding the comparability of the technology and the service provided. Notwithstanding any provision of this chapter, the commission has the authority to monitor the deployment of cable services, video services, or alternate technology.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.015. COMPLIANCE.

(a) Should the holder of a state-issued certificate of franchise authority be found by a court of competent jurisdiction to be in noncompliance with the requirements of this chapter, the court shall order the holder a state-issued certificate of franchise authority, within a specified reasonable period of time, to cure such noncompliance. Failure to comply shall subject the holder of the state-issued franchise of franchise authority to penalties as the court shall reasonably impose, up to and including revocation of the state-issued certificate of franchise authority granted under this chapter.

(b) A municipality within which the provider offers cable service or video service shall be an appropriate party in any such litigation.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.016. APPLICABILITY OF OTHER LAWS.

(a) Nothing in this chapter shall be interpreted to prevent a voice provider, cable service provider or video service provider, or municipality from seeking clarification of its rights and obligations under federal law or to exercise any right or authority under federal or state law.

(b) Nothing in this chapter shall limit the ability of a municipality under existing law to receive compensation for use of the public rights-of-way from entities determined not to be subject to all or part of this chapter, including but not limited to provider of Internet protocol cable or video services, unless such payments are expressly prohibited by federal law.

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

Sec. 66.017. STUDY. [EXPIRED]

(Added by Acts 2005, 79th Leg., 2nd C.S., ch. 2 (SB 5) § 27.)

NON-CODIFIED PROVISIONS OF 1999 AMENDMENTS

SB 7

SECTION 62.

(a) Nothing in this Act shall restrict or limit a municipality's historical right to control and receive reasonable compensation for use of public streets, alleys, rights-of-way, or other public property to convey or provide electricity.

(b) Nothing in this Act shall affect a retail electric utility's right to provide electric service in accordance with its certificate of public convenience and necessity. A certificate of convenience and necessity may, however, be revoked or modified as provided by Section 37.059, Utilities Code, and Section 37.060, Utilities Code, as added by this Act.

SECTION 63. Notwithstanding any other provision of this Act or Title 2, Utilities Code, any person or entity that provides electric service to a four-year state university, upper-level institution, Texas state technical college, or college, as provided by Section 36.351, Utilities Code, on December 31, 2001, shall continue to offer electric service to a four-year state university, upper-level institution, Texas state technical college, or college, as provided by Section 36.351, Utilities Code, until September 1, 2007, at a total rate that is no higher than the rate applicable to the university, institution, or college on December 31, 2001. The rate applicable to a four-year state university, upper-level institution, Texas state technical college, or college, as provided by Section 36.351, Utilities Code, on December 31, 2001, shall be based on the rates provided for or described in Section 36.351, Utilities Code. However, a person or entity that is not an electric cooperative or a municipally owned utility that provides electric service to a four-year state university, upper-level institution, Texas state technical college, or college, as provided by Section 36.351, Utilities Code, shall be allowed to adjust its fuel factor as provided by Subsection (1), Section 39.202, Utilities Code, as added by this Act. A person or entity that is an electric cooperative that provides electric service under this section shall be allowed to adjust its fuel factor in accordance with the procedures provided by Section 36.203, Utilities Code. A person or entity that is a municipally owned utility that provides electric service under this section shall be allowed to adjust its fuel factor in accordance with the applicable provisions of the Utilities Code. As used in this section, "person or entity" includes an electric utility, affiliated retail electric provider, municipal corporation, cooperative corporation, or river authority.

NON-CODIFIED PROVISIONS OF 2001 AMENDMENTS

Acts 2001, 77th Leg., (HB 2156)

In repealing Subchapter C, HB 2156 stated the following:

SECTION 4(b). The tel-assistance service program under Subchapter C, Chapter 56, Utilities Code, is discontinued. On September 1, 2001:

(1) all funds, employees, and resources of the Public Utility Commission of Texas and the Texas Department of Human Services dedicated to the tel-assistance service program become funds, employees, and resources dedicated to the lifeline service program under Section 55.015, Utilities Code; and

(2) all persons receiving benefits under the tel-assistance service program shall be automatically enrolled in the lifeline service program.

SECTION 5. If a person receiving benefits under the tel-assistance service program immediately before the effective date of this Act receives a greater benefit under the tel-assistance service program than the person will receive under the lifeline service program, the telecommunications provider shall continue the higher benefit and may be reimbursed for the higher benefit from the universal service fund. The provider must continue to provide that service until the person discontinues basic local service in the exchange in which the person is receiving service.

NON-CODIFIED PROVISIONS OF 2005 AMENDMENTS

SB 5

SECTION 15. The change in law made by this Act relating to qualifications and eligibility to serve as a commissioner or to be employed with the Public Utility Commission of Texas applies only to a commissioner or employee appointed or employed after the effective date of this Act. A commissioner or employee of the Public Utility Commission of Texas who is serving or employed on the effective date of this Act is governed by the law as it existed immediately before the effective date of this Act, and the former law is continued in effect for that purpose.

SECTION 16. The change in law made by this Act to Section 15.023, Utilities Code, applies only to a violation committed on or after the effective date of this Act. A violation committed before the effective date of this Act is governed by the law in effect when the violation was committed, and the former law is continued in effect for that purpose.

SECTION 17. An independent organization certified by the Public Utility Commission of Texas before September 1, 2005, shall modify the organization's governing body to comply with Subsection (g), Section 39.151, Utilities Code, as amended by this Act, not later than September 1, 2006. On or after September 1, 2006, the Public Utility Commission of Texas may decertify an independent organization whose governing body does not comply with Subsection (g), Section 39.151, Utilities Code, as amended by this Act.

SB 409

SECTION 8. The change in law made by this Act relating to qualifications and eligibility to serve as public utility counsel or to be employed with the Office of Public Utility Counsel applies only to a counsellor or employee appointed or employed after the effective date of this Act. A counsellor or employee of the Office of Public Utility Counsel who is serving or employed on the effective date of this Act is governed by the law as it existed immediately before the effective date of this Act, and the former law is continued in effect for that purpose.

SB 1863

SECTION 9.05. If, on the day before the effective date of this article, the assessment prescribed by Section 57.048, Utilities, Code, is imposed at a rate of less than 1.25 percent, the comptroller of public accounts shall, on the effective date of this article, reset the rate of the assessment to 1.25 percent.

HB 210

SECTION 4. A residential electric customer who on the effective date of this Act is enrolled on the list compiled under Section 39.1025, Utilities Code, remains on the list until the customer's enrollment expires. If the residential electric customer applies to renew enrollment on that list after the effective date of this Act, the customer shall be enrolled on the Texas no-call list established under Subchapter C, Chapter 44, Business & Commerce Code.

HB 2129

SECTION 8.

(a) In recognition that advances in digital and communications equipment and technologies, including new metering and meter information technologies, have the potential to increase the reliability of the regional electrical network, encourage dynamic pricing and demand response, make better use of generation assets and transmission and generation assets, and provide more choices for consumers, the legislature encourages the adoption of these technologies by electric utilities in this state.

(b) The Public Utility Commission of Texas shall study the efforts of electric utilities to benefit from the use of advanced metering and metering information networks. The commission shall present to the legislature on or before September 30 of each even-numbered year a report detailing those efforts and identifying changes in this state's policies that may be necessary to remove barriers to the use of advanced metering and metering information networks or of other advanced transmission and distribution technologies. On or before September 30, 2010, the commission shall:

(1) evaluate whether advances in technology, changes in the market, or other unanticipated factors would allow meters or various meter-related products or services to be provided more efficiently or more effectively through competition; and

(2) make recommendations for legislation the commission considers appropriate.

2nd Called Session

SB 5

SECTION 30. The Public utility Commission of Texas shall conduct a study to determine whether Title 2, Utilities Code, adequately preserves customer choice in the Internet-enabled applications employed in association with broadband service and shall report its conclusions and recommendations to the legislature not later than January 1, 2007. The study must include consultation with and comment from all interested parties.

NON-CODIFIED PROVISIONS OF 2007 AMENDMENTS

SB 831

SECTION 11. The changes in law made by this Act apply only to an energy savings performance contract entered into on or after the effective date of this Act. An energy savings performance contract entered into before the effective date of this Act is governed by the law in effect at the time the contract was entered into, and the former law is continued in effect for that purpose.

HB 15

SECTION 44. PUBLIC UTILITY COMMISSION: SYSTEM BENEFIT FUND. In addition to other amounts appropriated for the two-year period beginning on the effective date of this Act that may be caused for this purpose, the amount of \$30,000,000 is appropriated out of the system benefit fund (GR Dedicated Account No. 5100) to the Public Utility Commission for the purpose of providing for the low-income discount program.

HB 735

SECTION 14.

(a) The assessment imposed under Section 57.048, Utilities Code, for the calendar quarter ending in September 2008 is due on the last day of October 2008. The assessment imposed under that section may not be imposed after the end of the calendar quarter ending in September 2008.

(b) Section 57.048, Utilities Code, is continued in effect for the collection of the assessment due and for civil and criminal enforcement of the liability for that assessment.

(c) A telecommunications utility or commercial mobile service provider subject to Section 57.048, Utilities Code, may recover from the utility's customers through a monthly billing process the amount of the assessment imposed under that section as provided by Subsection (f) of that section, and the former law is continued in effect for that purpose.

SECTION 15. This Act takes effect September 1, 2008.

HB 1090

SECTION 4.

(a) The Public Utility Commission of Texas shall conduct a study of the effect that Section 39.904, Utilities Code, has had on:

- (1) market power in this state; and
- (2) the rates paid for electricity by residential customers in this state.

(b) Not later than January 1, 2009, the Public Utility Commission of Texas shall prepare and present to the governor, lieutenant governor, and speaker of the house of representatives a report describing the results of the study that specifies any changes in market power and any costs to or savings for residential customers because of the implementation of Section 39.904, Utilities Code.

SECTION 5. This Act takes effect September 1, 2007.

SB 12

SECTION 7.02.

(a) The Public Utility Commission of Texas may not spend money to implement a demonstration project grant program established under Section 39.9051, Utilities Code, as added by this article, except for money described by Subsection (b) of this section that is appropriated to the commission.

(b) The Public Utility Commission of Texas may solicit and accept gifts, grants, and other donations from any source to carry out the demonstration grant program established under Section 39.9051, Utilities Code, as added by this article.

(c) This section expires December 31, 2010.
