

Notes about Data for District Courts for FY 2007

At the time of publication, there was a 99.9 percent reporting rate overall for the fiscal year.

No reports were received for 3 months from Starr County.

In addition:

- no reports were received for “other proceedings” from Hudspeth County for 6 months and from Jim Wells County for 11 months; and
- 1 criminal report was not received from Jasper County.

Data submitted by Harris County for civil case activity was inaccurate for FY 2006 and the beginning of FY 2007—the number of *Other Cases Added* for the fiscal year under the **All Other Family Law Matters** category was extremely inflated, making the clearance rate for this category, as well as the overall civil case clearance rate, very low. During FY 2007, the clerk’s office reported docket adjustments, totaling more than 100,000 All Other Family Law cases, thus removing these incorrectly reported cases from the pending caseload.

For the latest corrected data, run a report from OCA’s live database at:
