

Sam the Safety Hound Visits the Farm

Farm Safety Activity Book

Sam Sniffs Out Safety on the Farm

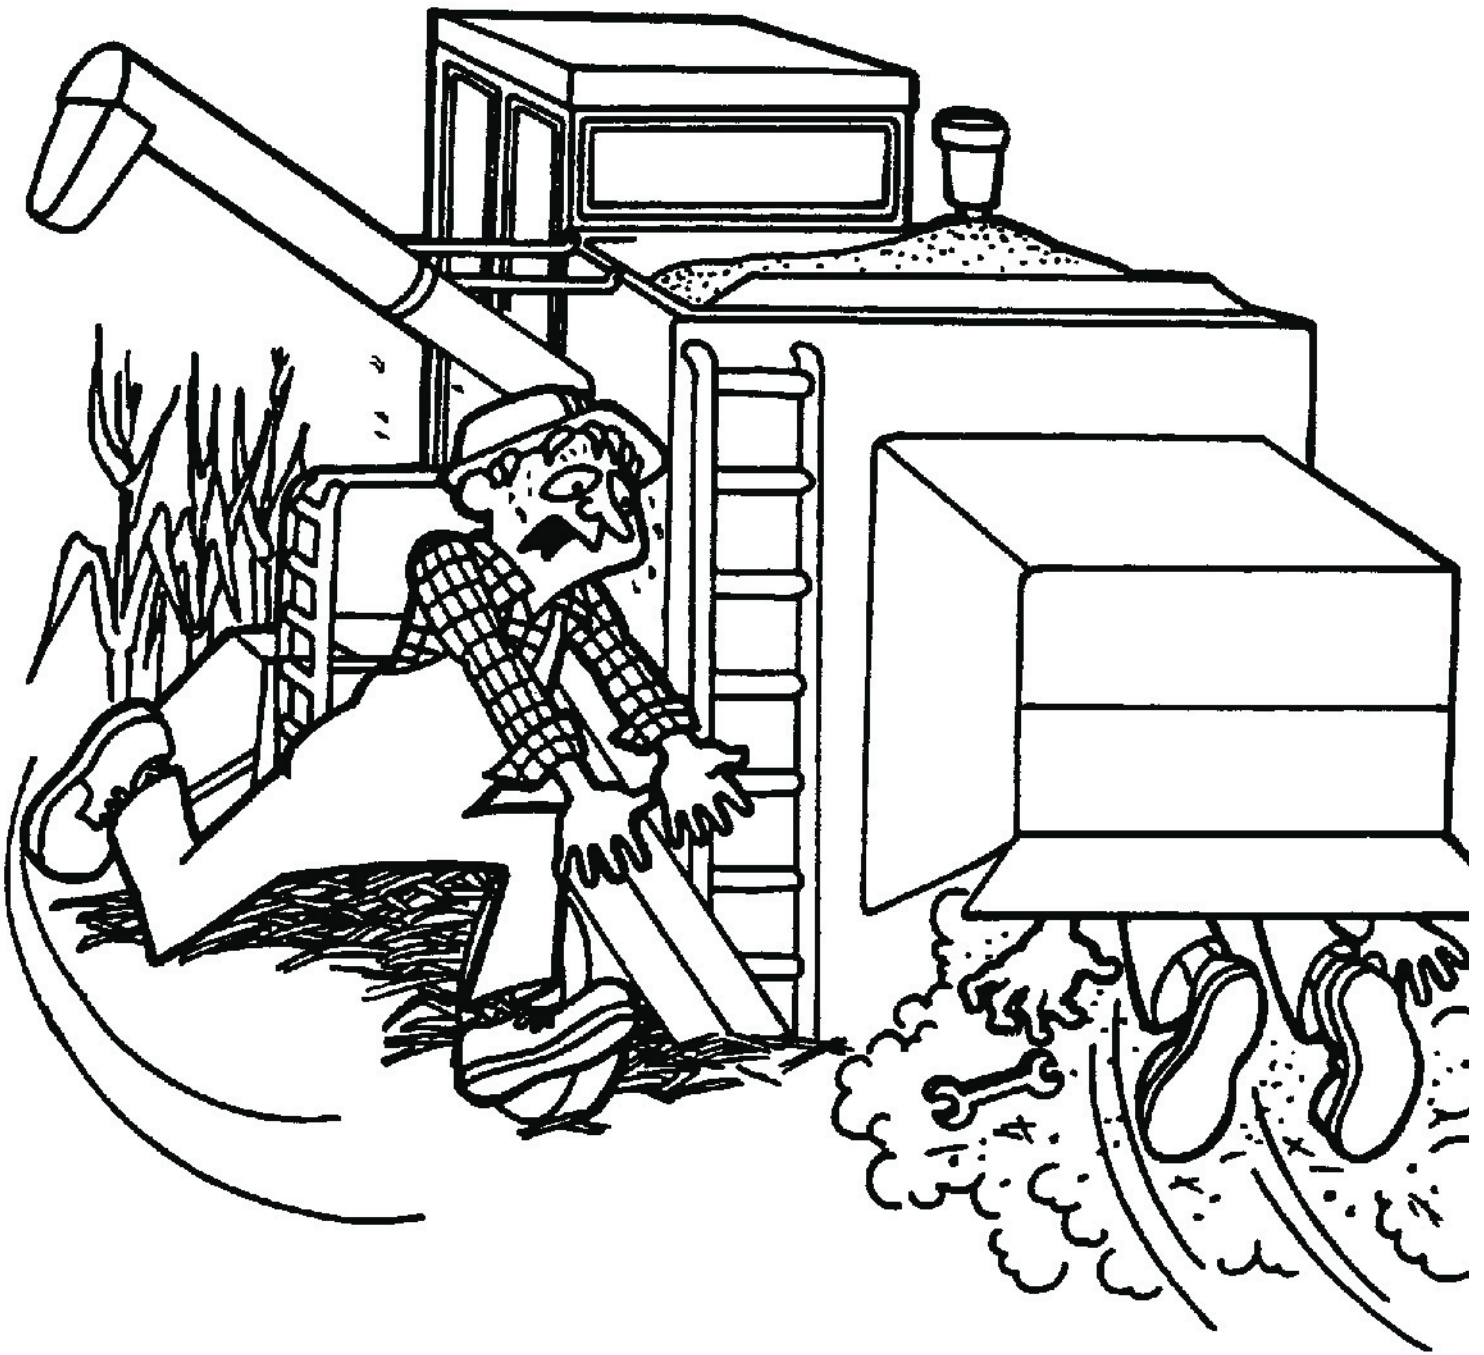

SAM • Safety Awareness Manager

Texas Department of Insurance/Division of Workers' Compensation

The Texas Department of Insurance/Division of Workers' Compensation (TDI/DWC) would like to express appreciation to the Farm Safety Association of Ontario, Canada for allowing us to use some of their original artwork.

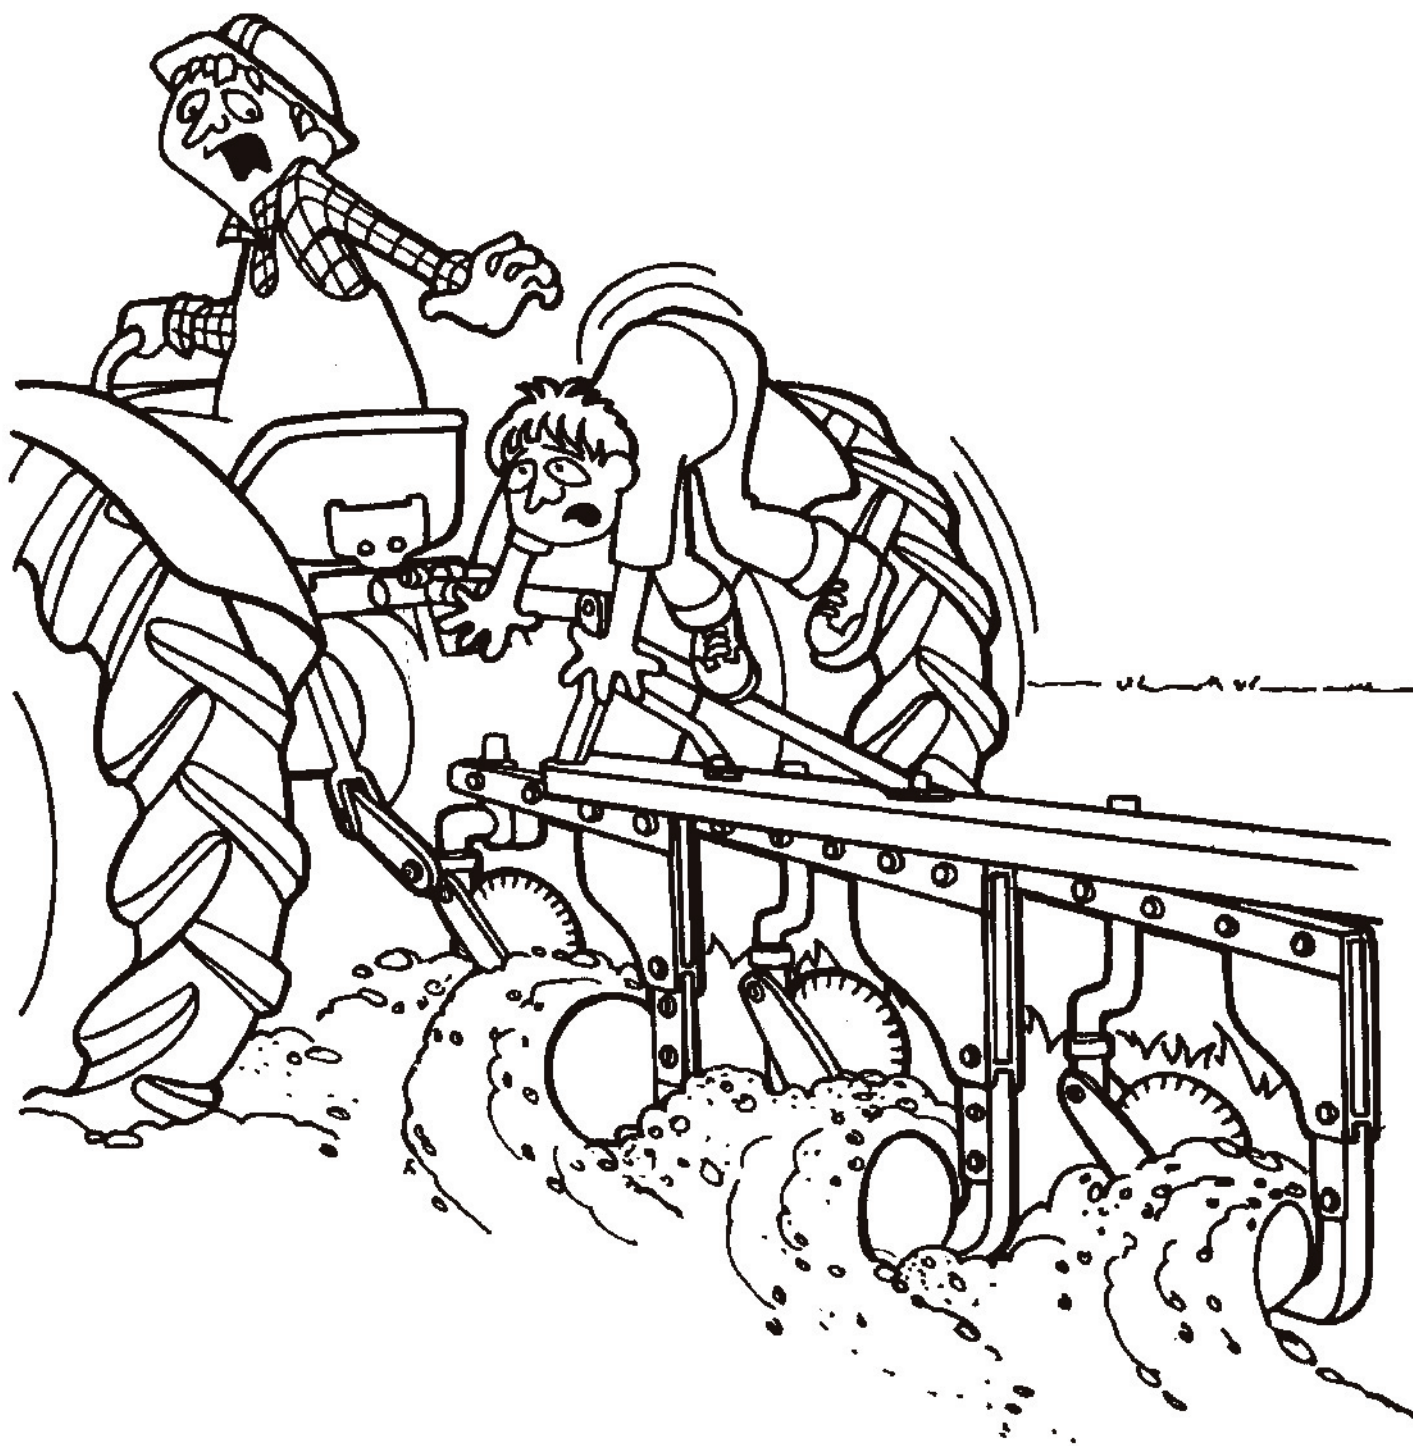

Machines

Before starting up machines...Stop-Look-Clear

Someone may be in a place where they could get hurt.

Riders

Absolutely no riders on tractors

Tractors are designed for only one operator...no more.

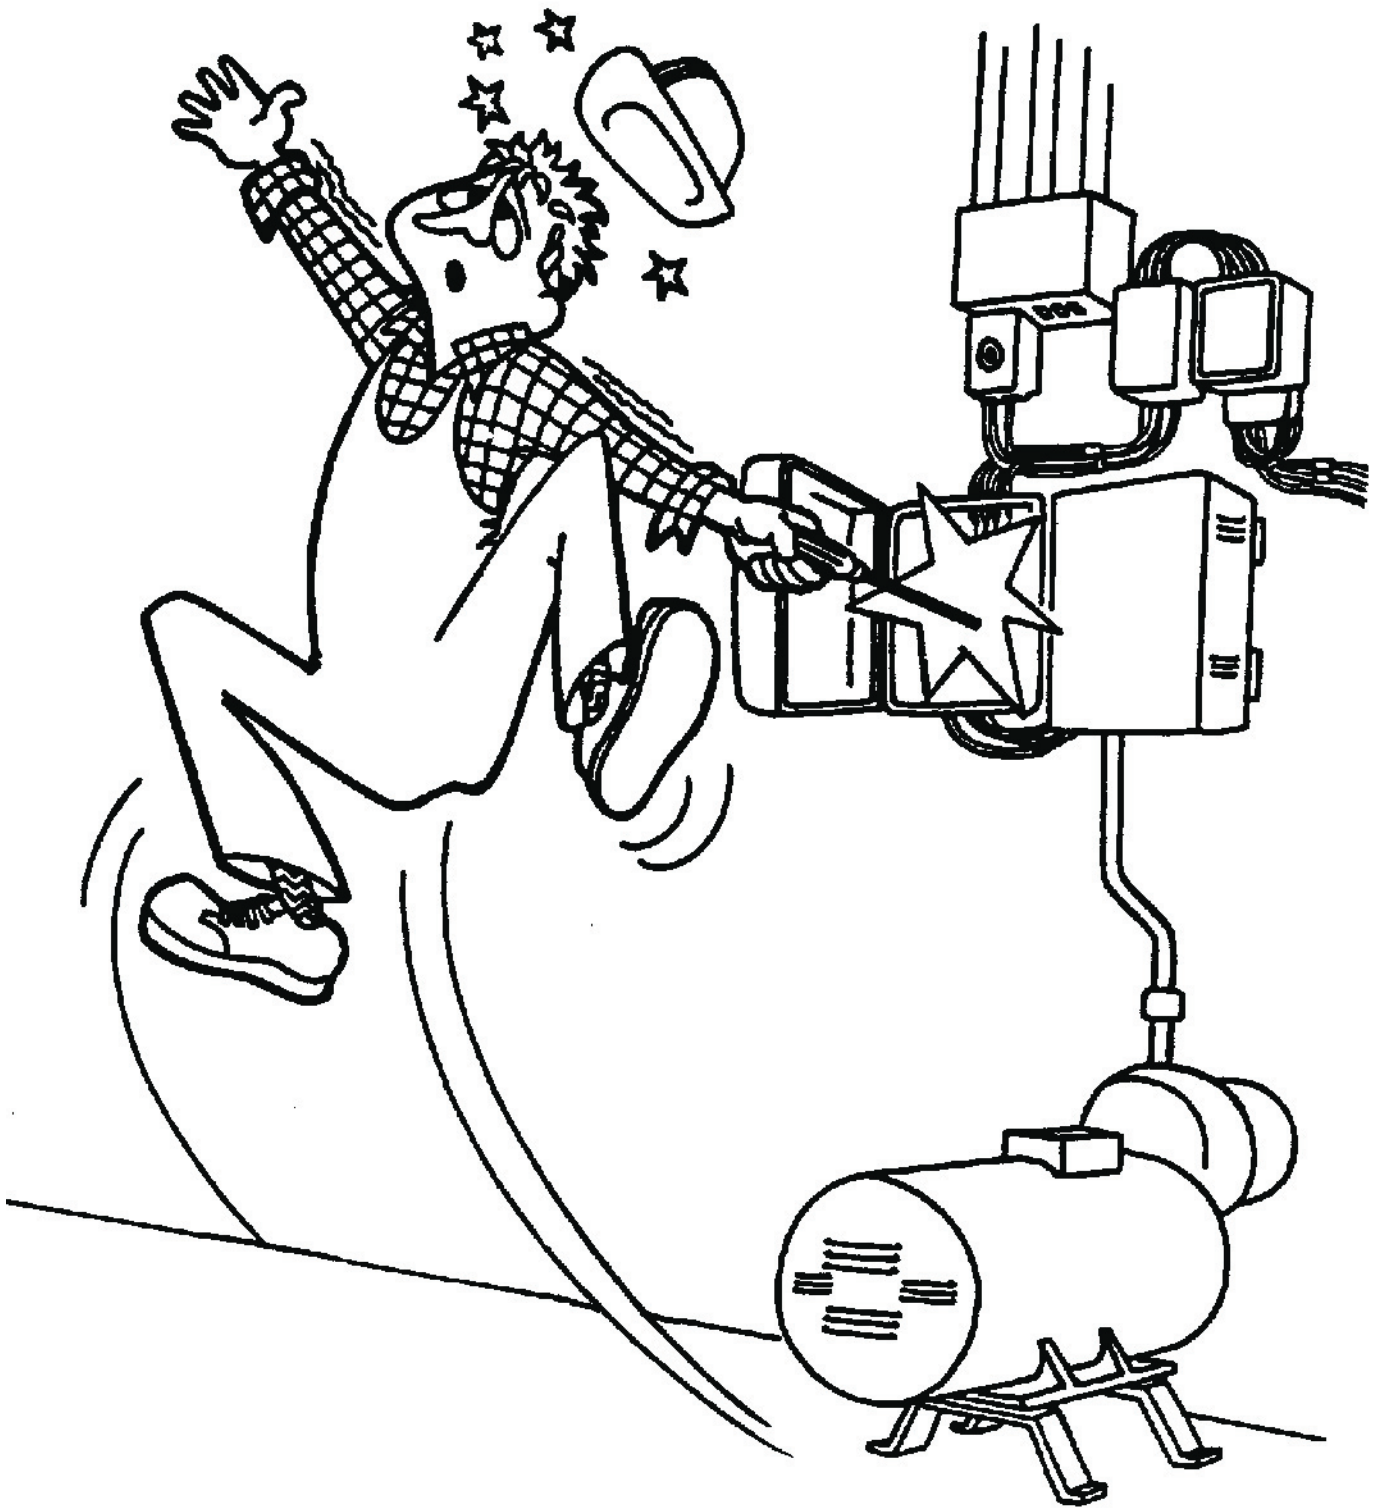

Guarding

Keep PTO drive shafts fully guarded

If you get tangled in a revolving shaft, you could lose more than your clothes - you could lose your life!

Electricity

Shut-off power before making electrical repairs.

Always turn off the main switch and pull the circuit breaker before making electrical repairs.

Connect the Dots

Use a pencil to connect the dots. Start with number one to find a very important machine to the farm.

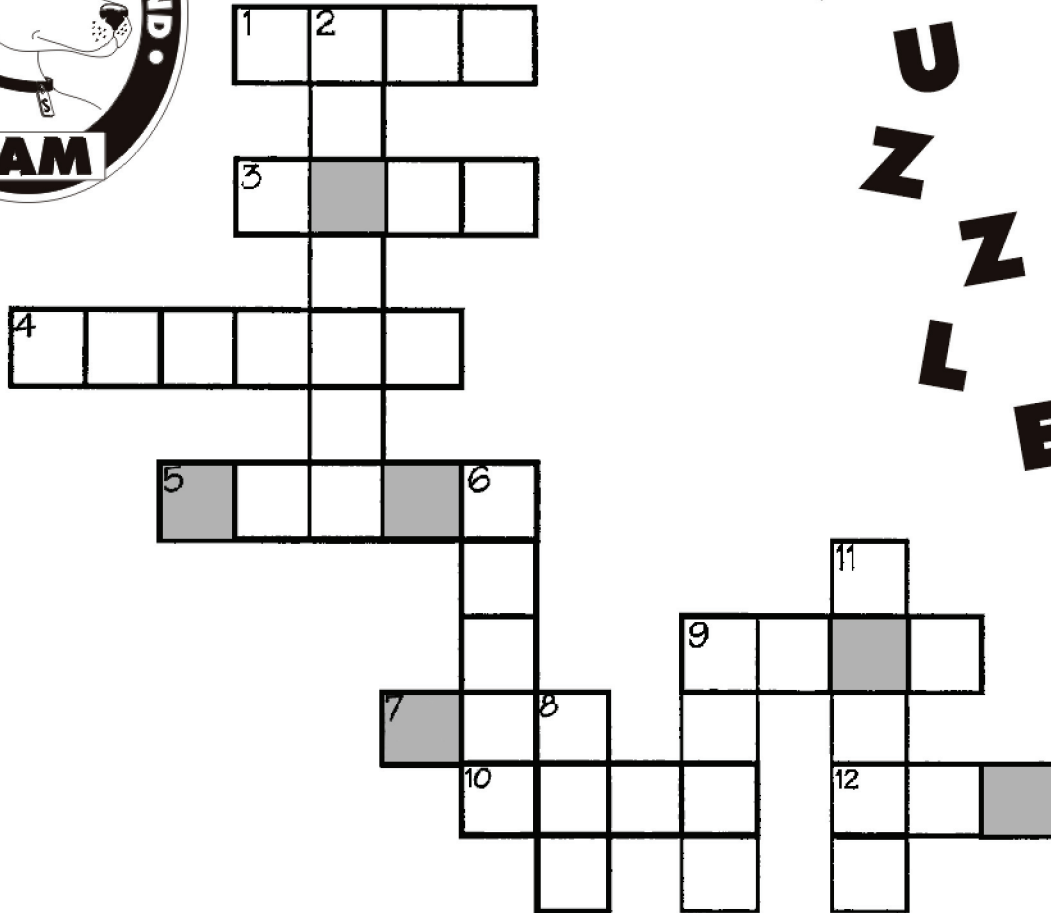

Fill in the blanks below for a clue to the picture

Unscramble the words first, then put them in the correct blocks.

P U Z Z L E

Across

- 1. Do this before crossing a street P T S O
- 3. Where most accidents occur R F M A
- 4. Practice _____ on the farm Y A F S E T
- 5. Playing with matches cause these E S R I F
- 7. _____ the Safety Hound A S M
- 9. New plants grow from this E S E S D
- 10. Lamb's _____ O O W L
