INSTRUCTIONS FOR USING FORM #a032ihb, POSSIBLE DRA APPROVAL ERROR

Inspection reports must be filed with the "Inspection Record Summary" as the cover page for the report. This form is not used to record a lack of approved documents. Lack of approval for a model, project, or for some aspect of construction shall be recorded as a deviation in accordance with the Texas IHB inspection procedures. Do not submit a possible DRA report form if no possible DRA errors were discovered during your inspection.

GENERAL Always file the original inspection report with the Department.

FIELD NAME	DATA ENTERED
Date of Inspection	Enter the date of the inspection. A separate test report is required for each inspection date.
Manufacturer	Enter the manufacturer's name.
Manufacturer's Registration #IHM-	Enter the manufacturer's Texas registration number. Example: IHM-300.
Inspector Name/Reg #	Enter the inspector's name and Texas registration number. Example: John D. Inspector/IHI-183

Please include the "General Information" as described above on any attachments to this report.

DESCRIPTION OF APPROVAL ERROR

FIELD NAME	DATA ENTERED
Document Description	Enter the document number or drawing number or other information that describes the documents in question. Description should allow easy identification of the documents in question.
Approval Date	Enter the approval date of the document or documents in question.
Code or Rule Reference	Enter the code or rule reference that the document(s) do not appear to meet.
Date Received by the Department	Leave blank. This is for Department use only.
Review Number	Leave blank. This is for Department use only.
Date of Response from DRA	Leave blank. This is for Department use only.
Unit ID Numbers	Unit ID or serial numbers of units that may be affected by this error.
Description of Approval in Question	Describe how the document or documents are not in compliance with the requirements of the applicable code or rules. Please attach any additional information you feel is necessary to fully describe the problem.
DRA Response	This is to be completed by the DRA that approved the documents. If the Department agrees that the documents do not appear to meet the applicable requirements of the codes or rules, then the DRA will be asked to respond. The DRA will either show how the documents meet the code or rule requirements or have the manufacturer revise the documents to comply with the code or rule requirements.

Please include the document description and approval date on any attachments to this report.
