

TEXAS LIMITED EXAMINATIONS IN MEDICAL RADIOLOGIC TECHNOLOGY

Before a person can be scheduled for a State exam, the Medical Radiologic Technologist Certification Program **MUST HAVE:**

1. approved and issued your temporary limited certificate; and
2. received your limited examination application.

HOW TO BE SCHEDULED FOR A STATE EXAMINATION:

Send attached completed application to the address on the following page. You will be notified in writing once your application is received and approved.

All examinations consist of a CORE exam of 100 questions and 20-25 questions on each category selected. All candidates will take the CORE exam of the examination and one or more of the subsections listed under SPECIFIC RADIOGRAPHIC PROCEDURES.

This will depend on the categories listed on your temporary limited certificate. These are the sections you will be tested on:

<u>CORE EXAM*</u>	<u>NUMBER OF QUESTIONS</u>	
Radiation Protection	35-40	
Equipment Operations & Maintenance	10-15	*All sections of the exam must be passed at 75% in order to pass the CORE exam.
Image Production & Evaluation	30-38	
Patient Care & Management	10-15	

<u>SPECIFIC RADIOGRAPHIC PROCEDURES</u>		
Chest	20-25	
Extremities**	20-25	**Together, these two exam are the chiropractic category exam.
Skull/Sinuses	20-25	
Spine**	20-25	
Podiatric Radiography	20-25	

The number of questions in each section is subject to change. Passing score for all categories is 75%

If you do not pass the CORE exam and at least one category by the time your temporary limited certificate expires, you must cease performing radiologic procedures when your temporary certificate expires, or meet the qualifications to be exempt from certification. Refer to the Medical Radiologic Certification Rules, Section 143.8, for more specifics.

After you have been scheduled for an exam, you will be sent information by the test contractor concerning the time and place to report for the exam.

The examinations are given in English. Persons who may have difficulty understanding instructions and technical information should take note of this. Translators or dictionaries will not be permitted at an examination.

Keep copies of this information for future reference.
