

RAILROAD COMMISSION OF TEXAS  
Oil and Gas Division

IMPORTANT NOTICE TO OIL AND GAS PRODUCERS

**Production Reporting Changes Coming in January 2005**

Effective with January 2005 production reporting and for any production report, including late or corrected reports, filed after close of business (5 PM central time) on February 11, 2005, the Form PR, *Monthly Production Report*, will be the approved version of the production reporting form, replacing the Forms P-1 and P-2. Please note the following major changes concerning the Form PR:

- Information from the Form P-1, *Producer's Monthly Report of Oil Wells*, and Form P-2, *Producer's Monthly Report of Gas Wells*, has been combined into one form.
- The Form PR is formatted to allow for scanning of required data.
- For gas well gas, operators will no longer convert the condensate production to a gas equivalent volume. The RRC will automatically convert the volume.
- Operators will no longer report volumes for gas lift gas injected or recovered; however initial gas lift disposition must be reported with a Code 5.
- Commingling reporting requirements have changed.
- Code 7, "Other Disposition", has been expanded to provide better reporting capability.
- Code 9, "Scrubber Oil" disposition, has been eliminated.
- Reports without an assigned oil lease or gas ID number must be reported as pending with a drilling permit number or API number used as the RRC identifier.
- Operators will be required to sign each page of a filing.

**Electronic Data Interchange (EDI) requirements are being revised as a part of these changes.** A document detailing these changes is available on the RRC website at: <http://www.rrc.state.tx.us/onlinefilings/index.php> If you have questions about the Form PR or the new filing requirements, please contact the Production Unit of the Permitting/Production Section of the Railroad Commission at (512) 463-3905. You may also contact us by e-mail at [productionreporting-info@rrc.state.tx.us](mailto:productionreporting-info@rrc.state.tx.us) for more information.

The Form PR, filing instructions, and EDI requirements document are available for downloading off the Commission web site at [www.rrc.state.tx.us](http://www.rrc.state.tx.us).
