**STAYING SAFE**

- Know your limits. Prepare for sun and heat. Take plenty of water, snacks and a first-aid kit. No water or rest rooms are available on the trails.
- Let others know your plans (anticipated activity and timeframe). Take a cell phone and trail map. If alone, leave details visible from your vehicle.
- Keep pets on leashes to keep them and others safe, while protecting wildlife.
- Certain trails may be closed during prescribed burns or for other resource management practices. Check with park headquarters for current conditions and future trail closures.
- Trails may have wet sections, thorny plants, tree roots or low-hanging limbs. These natural conditions may be challenging for strollers, wheelchairs and bicycles.
- Potentially harmful wildlife and plants exist in the park. Stay on trails/mowed areas where you can see snakes and poison ivy. Watch out for cliffs and bluffs along the trail.

ATVs are not permitted on the hiking and biking trails, only in the ATV area.
