Total Business for Agent of Record Chapter 225, Insurance Code, requires the payment of tax on all premiums except those premiums that are properly allocated and reported as premiums that may be subject to tax by another state. In this section, premiums are reported based on the effective date of each policy. To facilitate the reporting requirement, surplus lines agents must complete SECTION I using the categories indicated for all business for which they are the agent

"Agent of Record" is defined as the Texas licensed surplus lines agent who places a policy with an eligible surplus lines insurer or as the Texas licensed surplus lines agent who is not licensed by Texas as a surplus lines agent in order to obtain coverage with an eligible surplus lines insurer. The agent in these situations is the agent of record for such agent's portion of the premium for the policy placement.

Items E and F - Premiums for policies that are 100% exempt, preempted, or allocated to other states are not reported to the Stamping Office (SLSOT), but must be reported by the "agent of record" in Items E and F.

Specific Instructions Item A - Texas Premiums - Enter the total Texas premiums (net of return premiums) that were reported to the Stamping Office (SLSOT) during the

This category must be reported to the Stamping Office (SLSOT). ## SECTION II

TAX BASE ELECTION for SURPLUS LINES AGENTS Surplus lines agents who received a license during the reporting year must elect one of the tax base options shown.

Rule 34 TAC, Sec. 3.822, adopted March 20, 2001, provides specific information on the requirements for reporting surplus lines tax. Agents have the option of reporting tax using a premium-written or premium-received basis. Upon approval by the Comptroller, agents may change their election every four years. After the expiration of the initial four-year election period, a change in the tax base election will be effective beginning the year received by the Comptroller. An agent who changes from a premium-received to a premium-written basis will owe taxes on all outstanding receivables as of January 1 of the year of the change. If an agent fails to file the election, the agent will be subject to tax on a premium-written basis.

## SECTION III

**PREMIUMS SUBJECT TO TAX** The term "premium" includes all premiums, membership fees, assessments, dues and any other consideration for insurance.

All premiums written, procured, or received in this state and all premiums on policies negotiated in this state shall be deemed written on property or risks located or resident in this state, except such premiums as are properly allocated or apportioned and reported as premiums that may be subject to taxation by any other state or states.

# NOTE: The premiums reported in this section will not necessarily match the premiums shown in SECTION I. SECTION I premiums should reflect the total business written as Agent of Record. SECTION II premiums should reflect the premiums subject to tax on the basis of taxation method selected, i.e., premium-received or premium-written.

**EXEMPTIONS AND PREEMPTIONS Exempt premiums** are defined as premiums for a surplus lines policy that covers risks or exposures that are properly allocated to federal waters, international waters, or risks or exposures that are under the jurisdiction of a foreign government. **Federal preemptions** to state taxation for surplus lines insurance include premiums for policies that are issued to the following entities: (A) the Federal Deposit Insurance Corporation (FDIC), when it acts as the receiver of a failed financial institution that holds the property being insured;

(B) the National Credit Union Administration; (C) a federally chartered credit union; and (D) Indian Tribal Nations (see Publication 94-142).
