

Public Hunts on State Park Lands 2008-2009 Schedule

Many state parks will offer special permit hunting this fall in order to provide more public hunting opportunities and maintain wildlife diversity. Hunting in state parks is also a critical tool in preserving wildlife diversity by helping prevent the habitat destruction that occurs with overpopulation. As in the past, the carefully controlled public hunts are usually scheduled for Monday through Friday.

The following schedule lists the times and dates when public access is restricted at the parks offering public hunts. On the actual days when special drawn hunts are in progress, access is restricted to individuals with a special permit to hunt. On the other days access is restricted to authorized staff. Call the park number listed or check the Texas Parks and Wildlife Department Web site at www.tpwd.state.tx.us/publichunts/ for information on actual hunt dates.
