Texas Parks and Wildlife Department

Address: 4200 Smith School Road, Austin, TX 78744

Phone: (512) 389-4800

FAX: (512) 389-4450

Toll-free Phone: (800) 792-1112

Executive Director: Carter P. Smith (appointed by TPW Commission)

Legal Authority: Sec. 11.011, Parks and Wildlife Code

Sunset Act: 2009

Employees: 3,100.1 FTE's authorized

Appropriation Levels: FY 2008: \$347,161,071 FY 2009: \$317,649,214

Governing Body: The Texas Parks and Wildlife Commission is the policy-making body that oversees the Department. Nine members are appointed by the Governor with Senate confirmation for overlapping six-year terms. Positions are unpaid. The Governor appoints the chair.

Commission Members

Term Expires

Peter M. Holt, Chairman, San Antonio	02-01-11
J. Robert Brown, El Paso	02-01-09
Margaret Martin, Boerne	02-01-09
T. Dan Friedkin, Vice-Chairman, Houston	02-01-11
Mark E. Bivins, Amarillo	02-01-11
Antonio Falcon, M.D., Rio Grande City	02-01-13
Karen J. Hixon, San Antonio	02-01-13
Ralph H. Duggins, Fort Worth	02-01-13
Lee M. Bass, Chairman Emeritus, Fort Worth	

Mission Statement:

To manage and conserve the natural and cultural resources of Texas and to provide hunting, fishing and outdoor recreation opportunities for the use and enjoyment of present and future generations.

Description and History:

The genesis of the Texas Parks and Wildlife Department began with the creation of the Fish and Oyster Commission in 1895 to regulate fishing in public waters. Throughout the 1900's, other responsibilities, including the management of game species, were placed with the Commission, thereby resulting in the creation of the Fish, Game, and Oyster Commission. In 1963, the agency assumed the formal name of the Texas Parks and Wildlife Department when the Legislature authorized the merger of the Game, Fish, and Oyster Commission with the Texas Parks Board. Regulatory responsibilities for managing fish and wildlife resources in Texas were formally solidified with the passage of the Wildlife Conservation Act in 1963. This landmark piece of legislation consolidated all statewide game and fish laws into the Agency, and gave the Texas Parks and Wildlife Commission, the Agency's nine member governing body appointed by the Governor, ultimate authority for setting appropriate seasons, methods of harvest, and bag limits. Previously, individual County Commissioners' Courts had set game and fish laws, thereby creating a regulatory maze of varying, and sometimes conflicting, rules and regulations relating to hunting and fishing.

In fulfilling its' mission, the Department offers a host of programs and services aimed at ensuring the state's lands, waters, fish, wildlife, and cultural resources are well managed and conserved for future generations. These efforts are carried out on the Department's extensive public lands and waters around the state, including on over 90 state parks, 50 wildlife management areas, and eight fish hatcheries. In addition, state biologists offer technical assistance and formal management plans to private landowners, who own and manage approximately 95% of the state's lands. The Department is also charged with ensuring that the state's outdoor enthusiasts, including hunters, anglers, hikers, canoeists, birdwatchers, and others are afforded opportunities to access the outdoors. In 2006, the U.S. Fish and Wildlife Service estimated that Texas' hunters, anglers, and other wildlife based recreational users contributed over \$21 billion to the state's economy.

The agency's multi-faceted conservation, regulatory, technical, recreation, and law enforcement programs are administered through 11 internal divisions: Wildlife, Coastal Fisheries, Inland Fisheries, Law Enforcement, Legal, State Parks, Infrastructure, Communications, Administrative Resources, Human Resources and Information Technology. Intergovernmental affairs, internal audits, land conservation, and internal investigations are administered through the Executive Office.

Executive Office

Executive Director: Carter P. Smith
Deputy Executive Director for Operations, Scott Boruff
Deputy Executive Director for Administration, Gene McCarty
Deputy Executive Director for Natural Resources-vacant

The Executive Office is responsible for the management and oversight of a diverse agency consisting of eleven divisions with a variety of technical, legal, and regulatory programs, facilities and services. Executive Staff coordinates all activities related to the Texas Parks and Wildlife Commission, state Legislature, and the Texas Parks and Wildlife Foundation, an independent 501 (c) (3) organization dedicated to raising private funds to support the Department's programs. This office also oversees all work relating to land acquisitions, internal audits, intergovernmental affairs, and internal investigation functions. Executive office staff receives and coordinates all incoming correspondence and most public contact. The Executive Director is Chief Executive Officer of the department and, as such, coordinates the development of agency strategy and policy, supervises senior agency management, serves as the senior decision making authority and coordinates staff interactions with the commission. In all these matters, the Director is supported by the Executive Office team, including the Deputy Executive Directors for Operations, Administration and Natural Resources'.

Administrative Resources Division

Director: Vacant

The **Administrative Resources Division** is responsible for financial services, budget and planning and analysis. Financial services include accounting, purchasing and contracting, payroll, voucher processing and revenue collection. Budget includes preparation of the agency's budgets and Legislative Appropriations Requests. Planning and Analysis includes strategic planning, performance measure reporting and various analyses. The division is also directly responsible for the registration and titling of boats and motors and the issuance of hunting, fishing and other licenses and serves as the primary contact for coordination of requests from state oversight agencies. The division strives to continually improve services to both internal and external customers.

Coastal Fisheries Division

Director: Mike Ray-Acting

The **Coastal Fisheries Division** manages the marine fishery resources of Texas' four million acres of saltwater, including the bays and estuaries and out to nine nautical miles in the Gulf of Mexico. Coastal Fisheries management strategies are directed toward optimizing the long-term utilization and sustaining fisheries populations at levels that are necessary to ensure replenishable stocks of commercially and recreationally important species. The Division also focuses on habitat conservation and restoration and leads the agency research, management and inter-agency coordination on all water-related issues, including assuring adequate in-stream flows for Texas' rivers and sufficient freshwater inflows for bays and estuaries. These priority goals and strategies will assure our marine waters' health and productivity and protect fish, wildlife and plant resources from degradation or depletion.

The Coastal Fisheries staff has worked closely with other department divisions as well as other state, federal and international fishery management agencies to provide optimum opportunities from and conservation for the rich biological diversity inherent in Texas' marine waters.

Communications Division

Director: Lydia Saldaña

The **Communication Division's** primary responsibility is to increase awareness of the importance of conserving the natural and cultural resources of Texas, increase participation in outdoor recreational activities and encourage safe, legal and ethical behavior among resource users. Through a wide range of media products and marketing efforts, the Communications Division drives traffic to the agency's revenue-producing products including hunting and fishing licenses, boat registrations, both day and overnight park visitation as well as other special programs and events. Communications products include the TPWD website, the *Texas Parks & Wildlife* monthly magazine, a weekly PBS television series, the Passport to Texas daily radio program, a video news report program, video products, plus a wide range of internal and external publications and various public information items. The division also provides the state's mandatory boater and hunter education programs, conservation education initiatives, outreach programs, and the annual Texas Parks and Wildlife Expo.

Human Resources Division

Director: Al Bingham

The **Human Resources Division** supports the agency's mission through a variety of personnel services aimed at attracting and retaining a highly skilled and diverse workforce. The division's activities are largely customer-driven, with continual efforts to improve personnel services and processes, as well as the agency's overall work culture. The division maintains all personnel records and relies heavily on customer input in the development of policies and procedures; in determining training needs and priorities; in providing day-to-day services in employee recruitment, benefits and employee relations; and in related services. Services include on-going human resources policy development and interpretation, job analysis and classification, staff recruitment, job vacancy announcements and application processing, new hire and separation processing, benefits and compensation administration, complaints and grievance administration, leadership development and management training programs, employee assistance and wellness programs and employee service and recognition award programs.

Information Technology Division

Director: George Rios

Information Technology is a customer driven organization working to further the technological advancement of the agency in support of the TPWD mission. We accomplish this through the integration of new and existing technology while ensuring the security and integrity of our agency systems and maintaining compliance with legislative mandates and oversight.

IT strives to work with agency staff to align our technology services to meet our shared agency goals. We provide reliable, secure and cost effective services to our users and offer efficient telecommunication options for our voice and data customers at headquarters and in the field. We direct the acquisition and use of technology throughout the agency and provide oversight to our systems through the use of security policies, procedures and guidelines intended to safely facilitate the expansion of technology to our users. The IT Project Management group works with agency staff to ensure that all projects with an information technology component are effectively managed within the larger project framework.

We continue working on the expansion of network and wireless technology to meet our field and mobile computing needs. Our development staff continues to work with on the development and delivery of custom applications to better serve our customers. We strive to deliver an excellent customer service experience to our users through the Help Desk, Desktop Computing group and by providing training opportunities to employees throughout the state.

Infrastructure Division

Director: Rich McMonagle

The Infrastructure Division provides project management, professional planning, design, construction, and technical services to all divisions of the Texas Parks and Wildlife Department. In support of the agency's mission, the division's goals are to deliver environmentally appropriate projects on-time and within budget, and provide sound, properly scoped stewardship of public dollars.

The Division staff is composed of 148 full time positions organized into six Branches: Division Administration, Contracting, Planning and Design, Field Operations, Project Management, and Support Services. The Division's operating budget for fiscal year 2009 is \$6,847,503. The Division currently manages 274 capital construction projects with a budgeted value of \$157,081,060. For the FY08-09 capital construction program, approximately 60% of the projects have been grouped into three regional packages, with each having a construction value of \$8 - \$10 million. By procuring design services and a Construction Manager at Risk on a regional basis the Division will achieve greater efficiency by making smaller projects in remote locations part of a larger contract. The Division also manages 118 radio towers statewide; maintains the agency's telecommunications systems consisting of over 15,000 pieces of equipment; and provides maintenance for over 2,200 agency vehicles **annually**.

Law Enforcement Division

Director: Colonel Peter P. Flores

The **Law Enforcement Division** provides a comprehensive statewide law enforcement program to protect Texas' wildlife and other natural resources and provide safe boating and recreational water safety on public waters by ensuring compliance with applicable state laws and regulations. TPWD Game Wardens are responsible for enforcement of the Texas Parks and Wildlife Code, all TPWD regulations, the Texas Penal Code and selected statutes and regulations applicable to clean air and water, hazardous materials and human health. Wardens fulfill these responsibilities through educating the public about various laws and regulations, preventing violations by conducting high visibility patrols and apprehending and arresting violators. Texas Game Wardens also serve their communities as first responders in emergency management and homeland security. Operation Game Thief provides citizens with a toll-free telephone number to report poaching and other violations. The Law Enforcement Division operates twenty-seven field offices and employs about 500 wardens throughout the state. About 127 administrative personnel sell licenses, register boats, and provide the public with local information across the state. Due to the scope of their operations, Texas Game Wardens serve as Texas law enforcement off the pavement.

Legal Division

General Counsel, Ann Bright

The Legal Division's primary responsibility is to provide legal advice and assistance to TPWD staff and the TPW Commission regarding matters within TPWD's authority, such as water quality, water rights, fish and wildlife law, criminal law, employment law, contract law, administrative law, and open government law. Legal Division attorneys also represent TPWD in administrative legal proceedings; assist the Attorney General's office in litigation involving TPWD, review and draft agreements involving TPWD and assist TPWD staff with rulemaking. In addition, the Legal Division is the division primarily responsible for coordinating responses to requests for information under the Texas Public Information Act and coordinating the agency's regulations process under the Administrative Procedure Act.

State Parks Division

Director: Walter D. Dabney

The State Parks Division is responsible for protecting, interpreting, and managing cultural and natural resources of statewide significance and providing outdoor recreation opportunities. Ten programs based at the Headquarters complex and eight regional offices seek to increase participation by families, especially children, in healthy recreational, as well as educational opportunities at state parks and historic sites. The division manages more than 600,000 acres of land owned or leased by the department, consisting of 93 state parks, historic sites and natural areas. The division is aggressively pursuing enhanced marketing and more innovative management of state parks. Intensified partnerships with tourism, recreation, and conservation groups have been developed to improve public

relations and general knowledge about opportunities in state parks and historic sites. The Customer Service Center (CSC) is a multifunction business center serving all TPWD divisions, assisting with agency programs, reservations and reservation referrals, marketing and promotions, agency operator calls. The CSC answers over 425,000 calls annually, processes approximately 375,000 reservations via telephone, email, and fax. Referral reservations totaling over \$4 million per year and the reservation deposits total over \$6 million. The division is increasing programs to demonstrate that parks can serve as classrooms, provide outdoor skills to families as an educational program, and can offer a wide array of recreational opportunities to meet the needs of a changing Texas. The division also provides planning assistance, matching grants as well as grants for outreach programs to local communities for the acquisition and development of local parks, indoor recreation centers, public boat ramps and other facilities.

Wildlife Division

Director: Clay E. Brewer (Interim)

The **Wildlife Division**'s mission is to manage and conserve the natural and cultural resources of Texas and to provide hunting, fishing, and outdoor recreation opportunities for the use and enjoyment of present and future generations. To accomplish this mission, Division personnel annually conduct about 3,100 wildlife population surveys, provide recommendations concerning the management of about 1,000 vertebrate wildlife species, conduct more than 100 wildlife research studies, manage 51 wildlife management areas totaling 730,000 acres, hold public hunts on more than 200 tracts of land totaling more than 1.1 million acres, provide landowner incentives to manage for rare species, inform the public about wildlife, provide technical guidance to private landowners, and develop more than 6,200 active wildlife management plans for about 22.7 million acres of private lands.

TEXAS PARKS AND WILDLIFE DEPARTMENT

Wildlife Regions and Districts

Region I Director
Ruben Cantu
3407-B S. Chadbourne
San Angelo, TX 76904
(325) 651-4748
(325) 651-4752 (fax)

District 1 Leader
Billy Tarrant
109 S. Cockrell St.
Alpine, TX 79830
(432) 837-2051
(432) 837-5987 (fax)

District 2 Leader
Danny Swepston
P. O. Box 659
Canyon, TX 79015
(806) 655-3782/3975
(806) 655-4045 (fax)

Region II Director
Clay Brewer
114 Center Ave, Suite 300
Brownwood, TX 76801
(325) 641-9234
(325) 641-1679 (fax)

District 3 Leader
Kevin Mote
114 Center Ave, Suite 300
Brownwood, TX 76801
(325) 643-5977
(325) 643-6192 (fax)

District 4 Leader
Mike Krueger
309 Sidney Baker South
Kerrville, TX 78028
(830) 896-2500
(830) 792-6167 (fax)

Region III Director
Nathan Garner
11942 FM 848
Tyler, TX 75707
(903) 566-1626
(903) 566-3273 (fax)

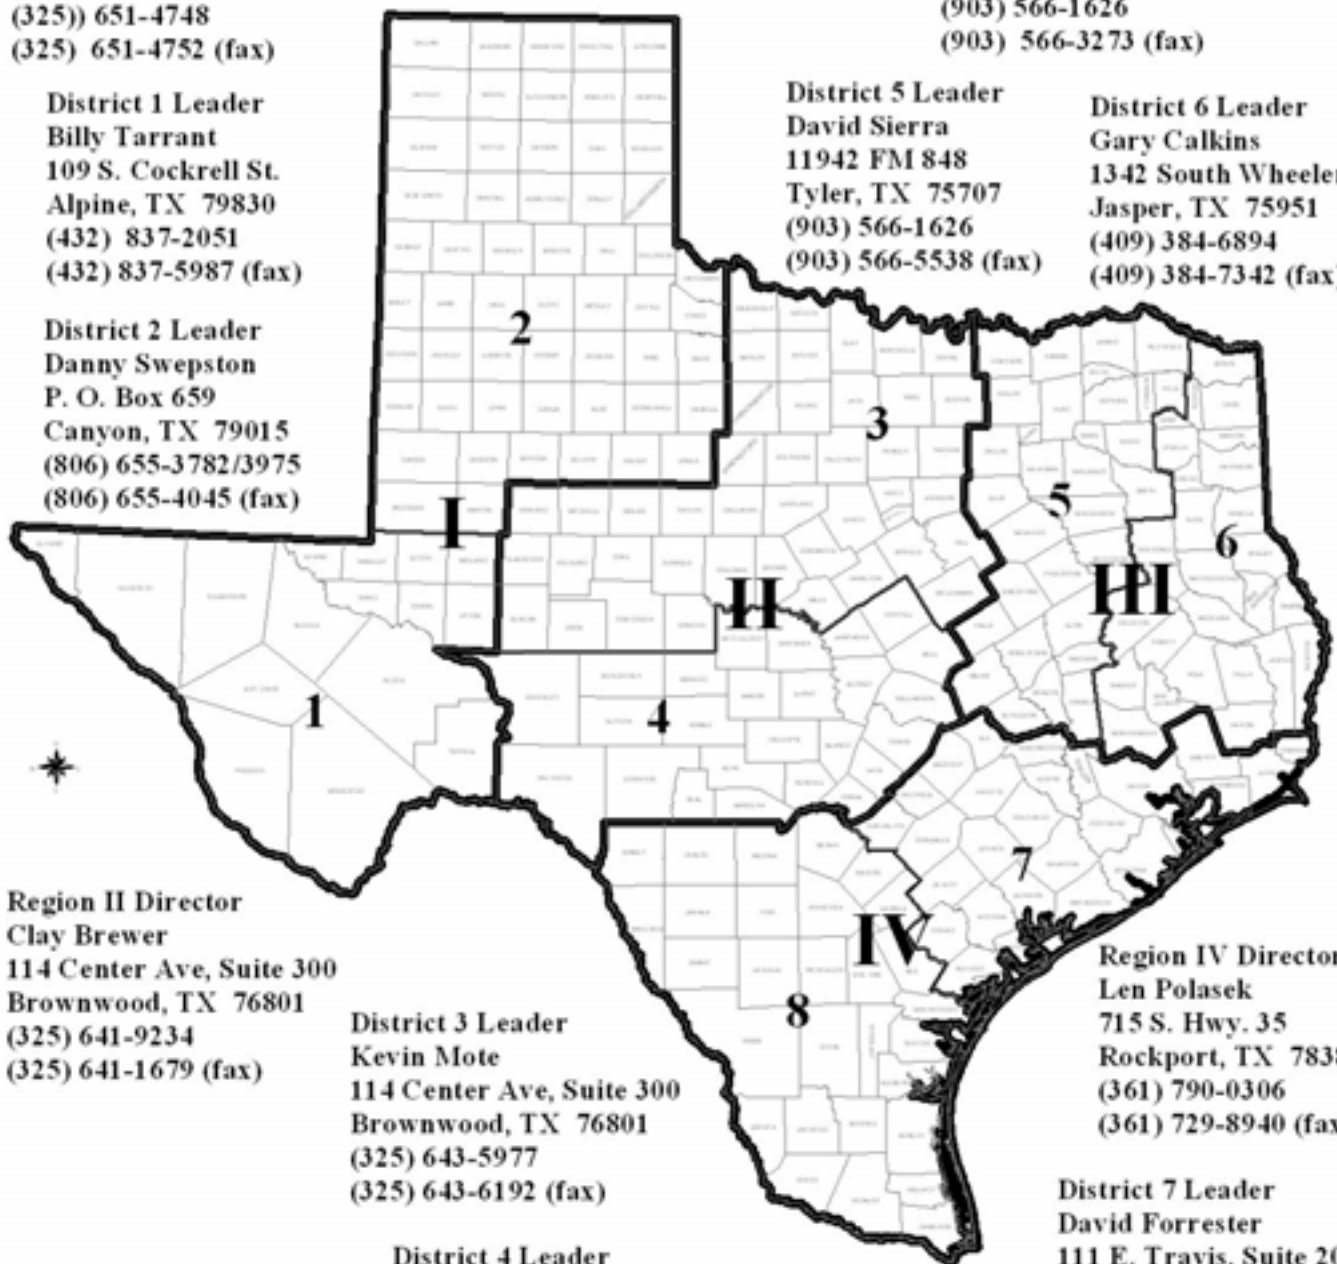

District 5 Leader
David Sierra
11942 FM 848
Tyler, TX 75707
(903) 566-1626
(903) 566-5538 (fax)

District 6 Leader
Gary Calkins
1342 South Wheeler
Jasper, TX 75951
(409) 384-6894
(409) 384-7342 (fax)

Region IV Director
Len Polasek
715 S. Hwy. 35
Rockport, TX 78382
(361) 790-0306
(361) 729-8940 (fax)

District 7 Leader
David Forrester
111 E. Travis, Suite 200
La Grange, TX 78945
(979) 968-6591
(979) 968-3086 (fax)

District 8 Leader
Alan Cain
1607 2nd Street
Pleasanton, TX 78064
