3. Appropriation of Local Funds. All funds received by the department from counties, cities, and from any other local source and all balances from such sources as of August 31, 2007, are hereby appropriated for the biennium ending August 31, 2009, for the purpose of carrying out the provisions of this Act.

4. Nursing Home Program Provisions.

- a. Nursing Home Income Eligibility Cap. It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI).
- b. Limitation of Per Day Cost of Alternate Care.
 - (1) The department may not disallow or jeopardize community services for individuals currently receiving services under Medicaid waivers if those services are required for that individual to live in the most integrated setting, the reimbursement rate paid for needed services does not exceed 133.3 percent of the reimbursement rate that would have been paid for that same individual to receive comparable services in an institution over a twelve month period, and the department continues to comply with cost-effectiveness requirements from the Centers for Medicare and Medicaid Service.
 - (2) The department shall "grandfather" on September 1, 2003 those individuals receiving services in a medical assistance waiver program, under authority granted

DEPARTMENT OF AGING AND DISABILITY SERVICES

(Continued)

in the Department of Human Services' budget rider 7 in the 2004-05 General Appropriations Act, Seventy-eighth Legislature, when continuation of these services is necessary for the individual to live in the most integrated setting appropriate to his/her needs and the department continues to comply with the cost-effectiveness requirements from the Centers for Medicare and Medicaid Service.

- c. Establishment of a Swing-bed Program. Out of the funds appropriated above for nursing home vendor payments, the department shall maintain a "swing-bed" program, in accordance with federal regulations, to provide reimbursement for skilled nursing patients who are served in hospital settings in counties with a population of 100,000 or less. If the swing beds are used for more than one 30-day length of stay per year per patient, the hospital must comply with the regulations and standards required for nursing home facilities.
 - d. Nursing Home Bed Capacity Planning. It is the intent of the Legislature that the department shall establish by rule procedures for controlling the number of Medicaid beds and for the decertification of unused Medicaid beds and for reallocating some or all of the decertified Medicaid beds. The procedures shall take into account a facility's occupancy rate.
 - e. Nursing Facility Competition. It is the intent of the Legislature that the department encourage competition among contracted nursing facilities.
- 5. Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the Nursing Facility Administrator program in Strategy B.1.2, Credentialing/Certification, and the Home Health and Community Support Services Agencies program in Strategy B.1.1, Facility & Community-Based Regulation, as well as the "other direct and indirect costs" associated with this program, appropriated elsewhere in this Act. Direct costs for the Nursing Facility Administrator program are estimated to be \$348,929 for fiscal year 2008 and \$348,929 for fiscal year 2009. Direct costs for the Home and Community Support Services Agencies program are estimated to be \$1,547,260 for fiscal year 2008 and \$1,547,260 for fiscal year 2009. "Other direct and indirect costs" for the Nursing Facility Administrator program are estimated to be \$88,531 for fiscal year 2008 and \$88,504 for fiscal year 2009. "Other direct and indirect costs" for the Home and Community Support Services Agencies program are estimated to be \$418,918 for fiscal year 2008 and \$418,785 for fiscal year 2009. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
- 6. Accounting of Support Costs.** The State Comptroller shall establish separate accounts from which certain support costs shall be paid. The Department of Aging and Disability Services is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include, but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs, and salary and travel costs of staff whose function supports several programs. The department shall be responsible for quarterly allocations of these costs to the original strategies.
- 7. Fund Transfers for Funds Consolidation.** For the purpose of funds consolidation, federal and other funds may be transferred into the General Revenue Fund from the Department of Aging and Disability Services Fund No. 117. The initial deposit of federal funds shall be made into Fund No. 117 and no direct expenditures shall be made from this fund.
- 8. Pediatric Care in Nursing Facilities.** In determining the appropriate placement for children who currently receive care in nursing facilities, the department shall, within the requirements of federal law, consider the requests of parents concerning either a continued stay in a nursing facility providing skilled pediatric care or an alternate placement.

DEPARTMENT OF AGING AND DISABILITY SERVICES

may be transferred to any other item of appropriation or expended for any purpose other than the specific purpose for which the funds are appropriated without the prior written approval of the Legislative Budget Board and the Governor.

However, transfers may be made between Medicaid Strategies in accordance with other provisions in this Act, including the general transfer provisions, and transfers may be made from Medicaid strategies to separate accounts authorized by agency rider and established by the State Comptroller for payment of certain support costs not directly attributable to a single program.

Transfers from one Medicaid appropriation item to another Medicaid appropriation item or account that exceed \$1,000,000 in General Revenue-related Funds of the appropriation item from which the transfer is made are subject to the following reporting requirements. The department must provide written notification of a proposed transfer 30 days prior to the actual transfer. The notification shall be made to the Legislative Budget Board, the Governor, and the Comptroller of Public Accounts. The notification shall identify the amount, purpose, caseload impact, and affected strategies, as well as any other information requested by the Legislative Budget Board.

10. **Other Reporting Requirements.**

11. **Appropriation Transfer Between Fiscal Years.** In addition to the transfer authority provided elsewhere in this Act, the Department of Aging and Disability Services may transfer appropriations made for fiscal year ending August 31, 2009 to fiscal year ending August 31, 2008, subject to the following conditions provided by this section:

- a. Transfers under this section may be made only:
- (1) if costs associated with providing Long Term Care Medicaid services exceed the funds appropriated for these services for fiscal year 2008, or
 - (2) for any other emergency expenditure requirements, including expenditures necessitated by public calamity, or
 - (3) if appropriated receipts generated through the MR related programs required to fund appropriations contained in this Act for fiscal year 2008 are less than those contained in the method of finance for the department for fiscal year 2008.
- b. Transfers may not exceed \$50,000,000 in General Revenue.
- c. A transfer authorized by this section must receive the prior approval of the Governor and the Legislative Budget Board.
- d. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending made under this section.

12. **Reimbursement of Advisory Committees.** Pursuant to Government Code § 2110.004, reimbursement of expenses for advisory committee members, out of funds appropriated above, not to exceed \$8,000 per fiscal year is limited to the following advisory committee:

Nursing Facility Administrators Advisory Committee

To the maximum extent possible, the department shall encourage the use of videoconferencing and teleconferencing and shall schedule meetings and locations to facilitate the travel of participants so that they may return the same day and reduce the need to reimburse members for overnight stays.

13. **Survey of Nursing Facility Residents.** Out of funds appropriated above, the Department of Aging and Disability Services is allocated the following:

- a. up to \$360,000 in All Funds, of which up to \$180,000 is General Revenue Funds, in fiscal year 2006 to conduct surveys of nursing facility residents and individuals receiving other long-term services and supports. The surveys shall assess how satisfied individuals are with their quality of care and quality of life. Not later than January 15, 2009, the

DEPARTMENT OF AGING AND DISABILITY SERVICES
(Continued)

department shall submit a written report on the survey to the Legislature, Governor, and Health and Human Services Commissioner; and

- b. up to \$1,000,000 in All Funds, of which up to \$500,000 is General Revenue Funds, to perform on-site case reviews of the care of nursing home residents and individuals receiving other long-term care services and supports. These reviews will identify preventable occurrences of adverse outcomes. The result of these reviews will be included in the report to the Legislature, Governor and Health and Human Services Commissioner described in (a) above.
- 14. Promoting Independence-Client Services.** It is the intent of the Legislature that as clients relocate from nursing facilities to community care services, funds will be transferred from Nursing Facilities to Community Care Services to cover the cost of the shift in services.
 - 15. Nursing Facility Beds for Medicaid Eligible Veterans.** Contingent upon a request from the Texas Veterans Land Board, it is the intent of the Legislature that the Department of Aging and Disability Services maintain a program for Medicaid-eligible veterans that will enable those individuals to be placed in State Veterans Homes. It is further the intent of the Legislature that the department amend its nursing facility bed allocation rules to create sufficient certified beds to accommodate the requirements of such a program.
 - 16. Centers of Excellence.** It is the intent of the Legislature that out of amounts appropriated above to Strategy B.1.1, Facility and Community-Based Regulation, and funds obtained through a grant from a national foundation, the Department of Aging and Disability Services shall allocate funds for a Centers for Excellence program. The department shall partner with an institution of higher education to promote positive outcomes for the residents of Long-Term Care facilities, identify best practices and improve service delivery. Not later than January 15, 2009, the department shall submit to the Legislature and the Governor a report which identifies progress made towards achieving these goals.
 - 17. Limitation on MR State School Strategy Transfers.** The transfer of appropriations from Strategy A.8.1, MR State Schools Services, to any other strategy is limited to 5 percent without the prior approval of the Legislative Budget Board and the Governor.
 - 18. State School Medicaid Revenues.**
 - a. **Proportionality of Funds.** Pursuant to Article IX, Sec 6.08, Benefits Paid Proportional by Fund, payment for salaries, wages, and benefits for ICF/MR state school employees shall be proportional to the source of funds. The department shall develop a plan for the 2008-09 biennium which identifies the appropriate portion of state and federal funds for salaries, wages, and benefits for ICF/MR state school employees. This plan is subject to review by the Comptroller of Public Accounts and the Legislative Budget Board and shall be certified by the Chief Financial Officer of the department by October 1, 2007 prior to submission to the Legislative Budget Board.

The Department of Aging and Disability Services shall report quarterly to the Legislative Budget Board and the Governor on the distribution of ICF/MR state school revenues to other state agencies. This report shall be submitted no later than 25 days after the close of each quarter. The format and content of the report shall be prescribed by the Legislative Budget Board.
 - b. **Quality Assurance Fee Funds - Informational Item.** Appropriations from the Quality Assurance Fee Funds in this Act total \$60,276,196 in fiscal year 2008 (including a UB from fiscal year 2007 estimated to be \$8,136,705) and \$58,672,618 in fiscal year 2009. Out of funds appropriated above in Strategy A.7.1, ICF/MR and A.8.1, MR State Schools Services, \$54,921,479 in fiscal year 2008 and \$53,284,905 in fiscal year 2009 in Quality Assurance Fee Funds are provided for mental retardation services. Estimated amounts of \$5,354,717 in fiscal year 2008 and \$5,387,713 in fiscal year 2009 are appropriated elsewhere in this Act for employee benefits for State School employees. Pursuant to Article IX, Sec. 6.08, Benefits Paid Proportional by Funds, benefits for State School Employees reflect the proportion by fund type as used for salaries.
 - 19. Home and Community-Based Services (HCS) Waiver Program.** The department shall ensure the cost-effectiveness of the HCS program by limiting the average annual HCS expenditure per client to 80 percent of the average annual per client ICF-MR expenditure.

DEPARTMENT OF AGING AND DISABILITY SERVICES
(Continued)

Expenditures for individual clients may exceed this cap as long as the overall average expenditure for HCS clients remains below 80 percent of the ICF-MR annual average. Furthermore, it is the intent of the Legislature that, in order to increase the number of clients served, the overall average monthly expenditure per client may not exceed \$3,308 per month in fiscal year 2008 and \$3,299 per month in fiscal year 2009. The Department of Aging and Disability Services and the Health and Human Services Commission shall report to the Legislative Budget Board and Governor by October 1 of each year of the biennium, on the measures taken to decrease the average cost per person and to increase the number of clients served in the HCS program.

20. **MR Residential Services Funded by General Revenue.** The Department of Aging and Disability Services shall refinance, with Medicaid funding, mental retardation residential services to Medicaid-eligible clients that are currently funded with general revenue. This refinancing effort shall include both public and private general revenue-funded programs. The department shall accomplish this refinancing through the use of Medicaid waiver programs, or, if necessary, the Intermediate Care Facility for the Mentally Retarded program. The department shall submit a report by October 1 of each year of the biennium to the Legislative Budget Board and the Governor that documents the number of persons and residential sites converted to Medicaid funding. The format of this report shall be prescribed by the Legislative Budget Board.
21. **State School Funding.** It is the intent of the Legislature that the department implement a single funding methodology for state schools which funds all state schools equitably and at a level which is adequate to maintain compliance with applicable federal standards. The methodology should be based on the number of residents in each school and the needs of those residents.
22. **Use of Timber Receipts for Capital Projects.** The Department of Aging and Disability Service is hereby authorized to sell timber located on department land. Revenues generated from the sale of timber, estimated at zero for the biennium, shall be deposited into the Texas Capital Trust Fund Account No. 543.
23. **State School Funding and Staffing Levels.** It is the intent of the Legislature that funding for state schools shall be based on the number of residents in each state school at the beginning of the fiscal year and the needs of those residents. Staffing patterns at state schools shall not reflect a census decline until a campus has realized a decline in census.
24. **Disposition of Construction Appropriation Related to Mental Retardation.** Construction appropriations may be used to pay salaries and travel expenses of department engineers and architects and administrative expenses of construction projects (but shall not exceed \$300,000 in a fiscal year that are paid out of G.O. Bonds); architect's and engineer's fees; and the actual travel expenses incurred by them or their representatives in making trips of inspection at the discretion of the department during construction, renovation, or repair of buildings and systems or the installation of fixed equipment. Job titles and rates of pay for such salaried positions of department personnel paid from construction appropriations shall conform with the Position Classification Plan and Classification Salary Schedule.
25. **Unexpended Construction Balances.** Any unexpended construction, repair, or renovation balances from previous appropriations, estimated to be \$7,412,004 from fiscal year 2007 to fiscal year 2008 and included in the method of finance above as General Obligation Bond proceeds and in Strategy A.9.1, Capital Repairs and Renovations, are hereby appropriated to the Department of Aging and Disability Services for the same purposes. At least 45 days prior to budgeting such appropriated funds, the Department of Aging and Disability Services shall report on the appropriated fund sources, amounts and year of appropriation and on the proposed use of these funds to the Legislative Budget Board and the Governor.
26. **Unexpended Balances: ICF/MR Standards.** Except as otherwise provided, unexpended and unobligated balances, not to exceed \$5 million in General Revenue, remaining from appropriations for the first year of the biennium to the Department of Aging and Disability Services are appropriated to the department for the purpose of complying with Intermediate Care Facilities for the Mentally Retarded (ICF-MR) standards dealing with residential, non-residential, and community based mental retardation services. This paragraph does not apply to those unexpended and unobligated balances remaining from appropriations for the first year of the biennium that the department is authorized by this Act to retain for specific purposes in the second year of the biennium. The department shall notify the Legislative Budget Board

DEPARTMENT OF AGING AND DISABILITY SERVICES

and the Governor as to when the appropriation originated, why it is not needed, and how it will be used prior to budgeting and expending these balances.

- 27. MR Residential Placement Options.** Pursuant to § 533.038 of the Health and Safety Code, an individual with mental retardation or an individual's legally authorized representative seeking residential services shall receive a clear explanation of programs and services for which the individual is determined to be eligible, including state schools, community ICFs-MR, 1915(c) waiver services or other services, in order to ensure consumer choice. The programs and services that are explained shall be documented in the individual's record and acknowledged in writing by the individual or the individual's legally authorized representative. 5. **Assessments to Health and Human Services Agencies.** The Health and Human Services Commission shall notify the Legislative Budget Board and the Governor by November 1 of each fiscal year of the annual amount of funds to be transferred by interagency contract by each agency under the authority of the Health and Human Services Commission in Government Code, Chapter 531. The report shall provide an explanation of each contract.
6. **Vendor Drug Rebates - Medicaid and CHIP.** All references in this rider to rebate revenue refer to vendor drug rebates as well as supplemental rebates earned via the preferred drug lists (methods of finance include Vendor Drug Rebates-Medicaid, Vendor Drug Rebates-CHIP, and Vendor Drug Rebates-Supplemental Rebates).

 - c. **Rebates as a First Source of Funding.** Expenditures for the Medicaid and CHIP Vendor Drug Programs shall be made from rebates received in fiscal years 2008 and 2009. As rebates are generated, expenditures to support the Medicaid and CHIP Vendor Drug Programs shall be made from rebate revenues. In the event rebate revenues are not available for expenditure, General Revenue may be used to support both Vendor Drug Programs until rebate revenues are available.
 - d. **Appropriation.** In addition to rebate revenues appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, and Strategy C.1.5, CHIP Vendor Drug Program, the Health and Human Services Commission is appropriated Medicaid and CHIP vendor drug rebates generated in excess of those amounts, subject to the following requirements:

In the event that these revenues should be greater than the amounts identified in the method of finance above as Medicaid Subrogation Receipts (State Share), the Commission is hereby appropriated and authorized to expend these Other Funds thereby made available, subject to the following requirements:
 - a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes.
 - b. In the event General Revenue has been expended prior to the receipt of the state's share of Medicaid Subrogation Receipts, the Commission shall reimburse General Revenue.

HEALTH AND HUMAN SERVICES COMMISSION
(Continued)

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources, and none of these receipts shall be appropriated by a provision of Article IX of this Act.

- 8. Appropriation Transfer Between Fiscal Years.** In addition to the transfer authority provided elsewhere in this Act and in order to provide for unanticipated events that increase costs associated with providing Medicaid or CHIP services for eligible clients, the Health and Human Services Commission is authorized to transfer General Revenue from funds appropriated in Medicaid or CHIP strategies in fiscal year 2009 to fiscal year 2008. Such transfers may only be made subject to the following:

 - a. Transfers under this section may be made only:

Authorization to Receive, Administer, and Disburse Federal Funds.** The appropriations made herein may be used to match or to meet maintenance of effort requirements for Federal Funds granted to the state for the payment of personal services and other necessary expenses in connection with the administration and operation of state programs of health and public welfare services. Notwithstanding the General Provisions of this Act, the Health and Human Services Commission is hereby authorized to receive and disburse in accordance with plans acceptable to the responsible federal agency, all federal moneys that are made available (including grants, allotments, and reimbursements) to the state and retain their character as Federal Funds for such purposes, and to receive, administer, and disburse Federal Funds for federal regional programs in accordance with plans agreed upon by the Health and Human Services Commission and the responsible federal agency, and such other activities as come under the authority of the Commissioner of Health and Human Services, and such moneys are hereby appropriated to the specific purpose or purposes for which they are granted or otherwise made available. Earned Federal Funds are not considered to be Federal Funds for the purpose of this section.
- 11. Accounting of Support Costs.** The Comptroller of Public Accounts shall establish separate accounts from which certain support costs shall be paid. The Health and Human Services Commission is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs and salary and travel costs of staff whose function supports several programs. By October 1 of each fiscal year, the Health and Human Services Commission shall present a schedule of projected transfers and payments to the Comptroller of Public Accounts, the Governor, and the Legislative Budget Board. The Comptroller of Public Accounts shall process all payments and transfers, unless disapproved or modified by the Legislative Budget Board or the Governor.

13. **Transfers: Authority and Limitations.**

Medicaid and CHIP

None of the funds appropriated by this Act to the Health and Human Services Commission for Medicaid Strategies in Goal B and for CHIP Strategies in Goal C may be transferred to any other item of appropriation or expended for any other purpose other than the specific purpose for which the funds are appropriated without the prior written approval of the Legislative Budget Board and the Governor. However, transfers may be made between Medicaid Strategies in Goal B and between CHIP strategies in Goal C in accordance with the notification requirements of this provision. These transfers are not subject to the twenty-five percent limit outlined below. Transfers may be made from Medicaid strategies to separate accounts authorized by agency rider and established by the State Comptroller for payment of certain support costs not directly attributable to a single program.

Other Programs and Administration

Notwithstanding any other provision, appropriations contained in this Act to the Health and Human Services Commission may be transferred from one appropriation item to another appropriation item in amounts not to exceed 25 percent of All Funds for the fiscal year, upon approval by the Commissioner, subject to the following reporting requirements:

- a. At least 30 days prior to any transfer of funds between items of appropriation, notification shall be made to the Governor and the Legislative Budget Board.
- b. At least 30 days prior to adopting or implementing a program expansion, notification shall be made to the Governor and the Legislative Budget Board. Program expansion is defined as any modification of current policy that would result in delivery of new or additional services not previously provided or the delivery of services to additional client populations.
- c. Notifications shall include information regarding the source of funds to be transferred; any changes in Federal Funds related to the proposed transfer; the strategy from which the transfer is to be made and the strategy to which the transfer is to be made; and the need to be served in the strategy receiving the funds and the basis for such selection. In the event program expansions are under consideration, information shall be forwarded regarding the population to be served; criteria for eligibility; source of funding; and impact on existing programs.

14. **Use of Additional Medicaid Program Income.** For the purposes of this provision, Medicaid program income is defined as: 1) refunds/rebates of previously paid premiums and interest earnings generated in relationship to accounts listed below; 2) refunds/rebates received from the Medicaid claims payment contractor or other sources; and 3) managed care rebates as described below. Amounts defined as program income are to be deposited into the General Revenue Fund, Object No. 3639. The Health and Human Services Commission is authorized to receive and spend program income and interest earnings generated from fund balances with the Disbursement Account, and the STAR (Managed Care) Account, as defined in the contractual agreement with the fiscal agent and/or insurance carrier for purchased health services except for those interest earnings related to the Cash Management Improvement Act (CMIA). The Commission is also authorized to receive and spend experience rebates generated in accordance with its contractual agreements with health maintenance organizations who participate in Medicaid managed care. Expenditures shall be made from credits, managed care rebates, and interest earnings received in fiscal years 2008 and 2009. The use of the credits, managed care rebates, and interest earnings is limited to funding services for Medicaid clients. Medicaid program income shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support the Medicaid program. In the event that these revenues should be greater than the amounts identified in the method of finance above as Medicaid Program Income, the commission is hereby appropriated and authorized to expend these General Revenue Funds thereby made available, subject to the following requirements:

HEALTH AND HUMAN SERVICES COMMISSION
(Continued)

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources and none of these receipts shall be appropriated by a provision of Article IX of this Act.

- 15. Use of Additional CHIP Experience Rebates.** For the purposes of this provision, CHIP Experience Rebates are defined as: 1) refunds/rebates of previously paid CHIP premiums and related interest earnings; and 2) managed care rebates and related interest earnings as described below. Amounts defined as CHIP Experience Rebates are to be deposited into the General Revenue Fund. The Health and Human Services Commission is authorized to receive and spend experience rebates generated in accordance with its contractual agreements with managed care organizations and other providers who participate in the CHIP, Immigrant Health Insurance, School Employee Health Insurance, and CHIP Perinatal programs. Expenditures shall be made from CHIP Experience Rebates generated in fiscal years 2008 and 2009. The method of financing item, Experience Rebates - CHIP, for appropriations made above, includes unexpended and unobligated balances of Experience Rebates - CHIP remaining as of August 31, 2007, and receipts earned in fiscal years 2008 and 2009.

The use of CHIP Experience Rebates is limited to health care services for CHIP clients. CHIP Experience Rebates shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support CHIP-related programs. In the event that these revenues should be greater than the amounts identified in the method of finance above as Experience Rebates - CHIP, the department is hereby appropriated and authorized to expend these General Revenue Funds thereby made available, subject to the following requirements:

- a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes; and
- b. In the event General Revenue has been expended prior to the receipt of CHIP Experience Rebates, the Commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of CHIP Experience Rebate balances.

- a. The Health and Human Services Commission is hereby appropriated any unexpended balances remaining as of August 31, 2007, from the appropriations for the Children's Health Insurance Program (estimated to be \$0). In the event that the state has not received a tobacco settlements payment for fiscal year 2008 and fiscal year 2009 by September 1 of each year of the biennium, the Comptroller of Public Accounts is hereby authorized to use general revenue funds as needed for program expenditures for cash flow purposes between the beginning of the fiscal year and the receipt by the state of the tobacco settlement payment for the fiscal year. Upon receipt of the tobacco settlement payment, the general revenue fund shall be reimbursed with tobacco settlement receipts for all expenditures made pursuant to this provision.

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

17. **Cash Basis Expenditures Authorization.** Notwithstanding any other provision of this Act, the Health and Human Services Commission is authorized to expend Medicaid appropriations in a fiscal year without regard to date of service. The authorization herein is limited to expenditures for claims payments, premiums, cost settlements and other related expenses for Medicaid client services.
18. **Cost Sharing - Medicaid Clients.** The Health and Human Services Commission is authorized to collect and is hereby appropriated all cost sharing revenues generated by Medicaid clients as authorized in Section 32.064 of the Human Resources Code. These revenues may include enrollment fees, deductibles, coinsurance, and portions of the managed care plan premiums.
19. **Food Stamp Program Funds Appropriated.** The Health and Human Services Commission is hereby designated as the state agency to establish and operate a statewide Food Stamp Program and to accept all moneys appropriated for this purpose by the federal or state governments, by the Commissioners' Court of any county, by any political subdivisions of the state, or received from any other source as provided for herein and in Chapter 33, Human Resources Code. The Health and Human Services Commission is authorized to expend such funds for welfare purposes, including the cost of distributing foods to needy people, institutions, school lunch programs, or otherwise as provided by the laws of the United States and the rules and regulations issued pursuant thereto, for the establishment and operation of a statewide Food Stamp Program, and for the employment of essential personnel who shall be employed under a merit system basis comparable to the merit principles or standards applicable to all other personnel of the commission.
20. **Additional Funding Sources, Medicaid.** Notwithstanding any other provisions of this Act, if the appropriations provided for a Medicaid program are not sufficient to provide for expenditures mandated by either state or federal law, after accounting for any appropriations made to the agency operating the Medicaid program, and available for transfer to the Medicaid program, the Legislative Budget Board and the Governor may provide for and are hereby authorized to direct the transfer of sufficient amounts of funds to the Health and Human Services Commission from appropriations made elsewhere in this Act.
21. **Child Support Supplemental Payments.** Out of the funds appropriated above in Strategy D.1.1, TANF Grants, and child support collections from the Child Support Trust Fund (No. 994), the commission shall make supplemental payments to families receiving welfare who would be eligible to receive child support "pass through" and "first excess" payments under the Social Security Act Title IV-D child support distribution requirements prior to passage of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996. These payments shall equal the amount of the "pass through" and "first excess" payment the family would have received under prior law. Child support collections shall comprise a portion of each total payment. The portion of the total payment funded with child support collections shall equal the state share of the Federal Medical Assistance Percentage (FMAP) for the fiscal year. The commission shall report any change to child support supplemental payments that occur on or before September 30, 2008 to the Governor and Legislative Budget Board. The commission shall no longer provide these payments after September 30, 2008 when the Office of the Attorney General begins providing a child support pass-through payment in lieu of the supplemental grant payments in Strategy D.1.1.
22. **Temporary Emergency Assistance for Families At-Risk of Welfare Dependency.** Out of funds appropriated above in Strategy D.1.1, TANF Grants, the commission shall provide a one-time emergency assistance payment to applicants for Temporary Assistance for Needy Families (TANF) who are likely to be employed within a short period of time, without referral to the Choices program. It is the intent of the Legislature that the commission expand the use of one-time emergency payments as a cost-effective deterrent from the TANF program.
23. **High Performance Bonus for Administration of the Food Stamp Program.** High Performance Bonuses are annual incentive payments to state agencies that meet standards for high or most improved performance established by the Secretary of the U.S. Department of Agriculture. The authority to receive and expend high performance bonuses is provided in Article IX, Sec. 6.26. None of the general revenue appropriated for TANF maintenance of effort in Strategy D.1.1, TANF Grants, may be transferred to any other item of appropriation or expended for any purpose other than the specific purpose for which the funds are appropriated. However, general revenue appropriated for TANF maintenance of effort may be transferred to Strategy A.1.2, Integrated Eligibility and Enrollment, subject to the following limitations:

36. **CHIP Enrollment.** In the event that appropriations are insufficient to sustain enrollment at authorized eligibility and benefit levels in CHIP, it is the intent of the legislature that the Executive Commissioner transfer necessary funds to Goal C, CHIP Services, pursuant to the notification and approval requirements contained in other provisions, and request additional appropriation authority from the Legislative Budget Board prior to establishing a waiting list and suspending enrollment pursuant to Health and Safety Code § 62.101.

43. **Staffing Authorization in Lieu of Contracted Responsibilities.** Notwithstanding any other provision in this Act, the Health and Human Services Commission is authorized to exceed the agency's FTE limitation above to the extent necessary to assume contracted duties and responsibilities for eligibility processing and support services when the Executive Commissioner determines that those functions would be delivered best with state workers in lieu of outsourced functions. Any increase in staff above authorized levels must be reflected in a reduced scope of duties and responsibilities in the outsourcing contract. Any increases in staffing are subject to the following requirements:

For a recipient who has other health benefits coverage, the system must electronically transmit a request for information to each issuer of a health benefits plan under which the recipient has coverage regarding the order in which each issuer is responsible for paying claims with respect to the recipient, rank the issuers according to the order each is responsible for paying claims, and submit the claim to the issuer the system determines is the primary payor. - b. Notwithstanding the limitation described above, the department shall allow a local mental health or mental retardation authority to expend an amount not to exceed 15 percent of its New Generation Medication funds on support programs that are related to the administration of New Generation Medications, provided, however, that an authority using its New Generation Medication funds for support services must meet its contracted performance target for persons served with New Generation Medications and that the availability of New Generation Medication funds to expend on services must result from cost efficiencies achieved by the authority.
- c. To the extent that the local authorities are able to obtain private sector donations of medications for clients and/or financial contributions for the purchase of New Generation Medications in Strategies B.2.1. and B.2.2, and they meet or exceed their contracted performance targets for persons served with New Generation Medications, they may expend up to an equivalent amount from these strategies on direct services to clients.

It is the intent of the Legislature that the local mental health and mental retardation authorities that receive allocations from the funds appropriated above to the Department of Aging and Disability Services and the Department of State Health Services shall maximize the dollars available to provide services by minimizing overhead and administrative costs and achieving purchasing efficiencies. Among the strategies that should be considered in achieving this objective are consolidations among local authorities and partnering among local authorities on administrative, purchasing, or service delivery functions where such partnering may eliminate redundancies or promote economies of scale. Local mental health and mental retardation authorities shall also maximize third party billing opportunities, including Medicare and Medicaid.

It is the Legislature's intent that local authorities not expend funds appropriated to the Department of Aging and Disability Services in Strategy A.4.2, MR Community Services, or Strategy A.4.5, MR In-Home Services, to supplement the rate-based payments they receive to fund their costs as providers of waiver or ICF-MR services.

Sec. 42. Equal Opportunity Principles in Contracting for Social Services. The Legislature intends that each state agency that contracts with or makes a grant to a nongovernmental entity to provide social services, using money appropriated by this Act, enter the contract or make the grant in a manner that is consistent with the equal opportunity principles and safeguards provided by federal law under 42 U.S.C. § 604a.

Sec. 43. Transfers of Funds for Consolidated Support Services. The Health and Human Services Commission (HHSC) is authorized to return funding at the Commission to the appropriate HHS agency for support functions and programs consolidated at the Commission. These funds will be matched with available federal funds and expended under interagency memoranda between HHSC and each agency.
- b. Transfer limitations elsewhere in this Act do not apply to this provision.
- c. By July 1 preceding the start of each fiscal year, the agencies of Article II shall provide a report by strategy to the Legislative Budget Board and the Governor that reduces funding at HHSC and increases funding by the same amount at DADS, DARS, DFPS, and DSHS.
- d. The transfers shall be made prior to the start of the fiscal year.
- e. The loss of funds at HHSC shall be replaced by increased interagency contracts in the method of finance.
- f. This transfer shall not result in a change in total funding in Article II.

Sec. 44. Exemption of Federal Funds from Article IX, Capital Budget Provisions. To comply with the legislative intent to maximize the use of federal funds and to fulfill grant requirements for the receipt and expenditure of federal funds, the Department of Aging and Disability Services, the Department of Assistive and Rehabilitative Services, the Department of Family and Protective Services, the Department of State Health Services, and the Health and Human Services Commission are hereby exempted from the Capital Budget Rider Provisions contained in Article IX of this Act, "Limitations on Expenditures - Capital Budget," when federal funds are received in excess of amounts identified in the agency's Capital Budget Rider and when such funds are designated for the purchase of capital items. The agency shall notify the Legislative Budget Board and the Governor upon receipt of

The Texas Education Agency shall establish rules by which matching funds are allocated to individual teachers within the school district. These funds may not be used to supplant local funds being provided for classroom supplies.

Funds for this purpose may be allocated out of available federal consolidated administrative funds and from funds subject to the federal "Ed-Flex" statute. 1. State Contribution to Group Insurance for Higher Education Employees Participating in the Employees Retirement System Group Benefit Program. Funds identified above for group insurance are intended to fund:

- a. the total cost of the basic life and health coverage for all active and retired employees; and
- b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children.

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

General Revenue funds appropriated herein for the State Kids Insurance Program (SKIP) are intended to provide a premium-sharing structure comparable to the Children's Health Insurance Program (CHIP). Funds appropriated for higher education employees' group insurance contributions may not be used for any other purpose.

It is further provided that institutions shall cooperate so that employees employed by more than one institution may be covered under one group policy and that said policy may be held jointly by two or more institutions and paid from funds appropriated to the institutions for payment of employee insurance premiums as set out above.

2. The University of Texas System Group Health Insurance Contributions. Funds identified above for group insurance are intended to fund the same portion of the costs of basic health coverage for all active and retired employees and their dependents as is provided above for higher education active and retired employees and dependents participating in the Employees Retirement System's Group Benefit Program.

PUBLIC COMMUNITY/JUNIOR COLLEGES

(Continued)

Funds appropriated above to Howard County College for the operation of the Southwest Collegiate Institute for the Deaf shall be distributed in accordance with the installment schedule for Category 1 junior colleges.

The total amount of funds appropriated above in each year of the biennium to Midland College in Strategy AA.1.1, American Airpower Heritage Museum, should be distributed on September 1 of the year funds are appropriated.

In submitting vouchers for disbursement of the funds herein appropriated, the Texas Higher Education Coordinating Board, shall certify to the State Comptroller of Public Accounts that each school listed has qualified and is entitled to receive such funds under the provisions set forth in this Act under the heading "Public Community/Junior Colleges."

6. **Unobligated Balances.** At the close of each fiscal year each community/junior college shall report to the Coordinating Board the amount of state allocations which have not been obligated within each line item and shall return that amount to the State Treasury for deposit in the General Revenue Fund.
7. **Adjustment of Contact Hours.** The hours used in the contact hour base period are subject to audit for accuracy by the State Auditor according to an audit plan developed in consultation with the Texas Higher Education Coordinating Board, the Legislative Budget Board and community, technical, and state colleges, and the dollar amounts adjusted accordingly by the Texas Higher Education Coordinating Board at the direction of the Legislative Budget Board. The amounts appropriated separately to each of the two-year institutions' contact hour formulas shall be redistributed using the formula amounts appropriated to community colleges, Texas State Technical Colleges and two-year Lamar institutions based on certified contact hours as calculated separately for community colleges, Texas State Technical Colleges and the two-year Lamar institutions. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the total contact hour formula appropriations to that institution for the biennium. Adjustments shall be made to appropriated amounts in accordance with adjustments of estimated contact hours to actual contact hours, even if the total error rate is less than 2 percent of the total contact hour formula amount appropriated to that institution for the biennium. No college shall have its dollar allocation adjusted to a level below its 2006-07 formula base. Institutions where sampling errors are identified may request a comprehensive institutional audit at institutional expense.
8. **Separation of Funds.** The funds appropriated by the State shall be maintained separately by community/junior colleges from other sources of income. Each community college district shall file a report in a format developed by the Higher Education Coordinating Board and Legislative Budget Board with the Governor's Office of Budget, Planning and Policy and the Legislative Budget Board by December 15th of each year demonstrating compliance with this provision.
9. **Supplanting of Federal Funds Prohibited.** State funds shall not be used to supplant federal funds for the Workforce Investment Act programs conducted by community/junior colleges.
10. **Residency of Texas Department of Criminal Justice Inmates.** All inmates of the Texas Department of Criminal Justice are, for educational funding purposes in this Act only, residents of the State of Texas.
11. **Regional Import/Export Training Center.** Appropriations of \$43,750 each year made above are contingent upon certification by the Comptroller of Public Accounts that increased economic activity associated with the Regional Import/Export Training Center and the Laredo Community College will generate at least \$87,500 for the biennium in additional revenue to the General Revenue Fund. It is the intent of the Legislature that state funds provided to the Regional Import/Export Training Center be used by the center to attract federal funds on a dollar-for-dollar basis.
12. **Informational Listing of Other Appropriations.** In addition to the funds appropriated above, general revenue is appropriated elsewhere in this Act for the use of the Public Community/Junior Colleges as follows:
 - a. Out of the general revenue funds appropriated to the Higher Education Employees Group Insurance Contributions, \$342,510,824 is intended for the use of public community colleges, subject to the provisions associated with that appropriation.

The report shall be in a format developed by the Comptroller in consultation with the Legislative Budget Board, the Texas Higher Education Coordinating Board and State Auditor's Office.

Each community college shall provide the report no later than January 1st of each year.
15. **Reporting Requirement for Ranger College.** Ranger College shall use the appropriations above to develop a plan to increase institution contact hours during the 2008-2009 biennium. Ranger College shall submit a report detailing the progress of this plan to the Coordinating Board no later than December 15, 2008.
16. **Limitations of Formula Funding Contact Hours.** To control costs and limit General Revenue formula appropriations contact hours related to a course for which a student is generating formula funding for the third time shall be excluded from being counted in the hours reported by the Higher Education Coordinating Board to the Legislative Budget Board for formula funding.
17. **Approved Elements of Expenditure.** The expenditures by a public community/junior college of any funds received by it under these provisions headed "Public Community/Junior Colleges" shall be limited to the payment of the following elements of cost: instruction, academic support, student services, institutional support, organized activities, and staff benefits associated with salaries paid from general revenue. It is specifically provided, however, that in addition to the purposes enumerated herein, the funds appropriated above for special items may be expended for salaries, wages, travel, capital outlay and other necessary operating expenses. It is specifically provided that funds appropriated above may not be used for the operation of intercollegiate athletics.
18. **Appropriations to Galveston College.** The Texas Higher Education Board shall not allocate the General Revenue Funds appropriated above for fiscal year 2009 in R. Goal, Galveston College, until the district's reported contact hours are verified by the State Auditor's Office and reported to the Texas Higher Education Coordinating Board, the Governor's Office of Budget, Planning and Policy and the Legislative Budget Board.

Goal Galveston College or may be decreased in the same Goal at the direction of the Legislative Budget Board.
19. **Appropriations for the Bachelor's of Applied Technology Program.** The amounts appropriated above in Strategies G.1.1., AA.2.1. and AL.1.1, are exclusively for the purpose of providing state contributions to each affected district's Bachelor's of Applied Technology program.

- 22. Districts Receiving Formula Hold Harmless Funding.** In consultation with the Legislative Budget Board, the Texas Higher Education Coordinating Board shall reduce the fiscal year 2009 formula appropriations for those community college districts receiving formula hold harmless funding for two or more consecutive biennia using criteria based on each affected district's success in increasing its generation of contact hours in fiscal year 2008. Funds resulting from the above formula adjustments may be used to supplement the funds appropriated to the Coordinating Board in Strategy E.1.3, Two-Year Enrollment Growth.
- 23. Dallas Community College District - Cedar Valley College.** Out of the funds appropriated above in Strategy N.2.2, Vocational/Technical Education, \$25,000 in each year of the 2008-09 biennium is to support Cedar Valley College's Green Building Program.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use education and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code § 56.031 to § 56.039, cited as the Texas Public Educational Grants Program.
2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
4. Out of the additional funds appropriated for the 2008-09 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Medical School Enrollment. None of the funds appropriated above to The University of Texas system medical colleges, the University of North Texas Health Science Center at Fort Worth, or the Texas Tech University Health Sciences Center College of Medicine may be used for the education of first year medical students unless the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, 2008, and August 31, 2009, is no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of Medicine. This provision shall not be construed as requiring any school of medicine to accept an unqualified applicant. In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than 5 percent for fiscal years 2008 and 2009, the school shall report to the Legislative Budget Board the reasons for failing to meet the required enrollment. This information should be taken into account when preparing the appropriation recommendations for the Eighty-first Legislature.

Sec. 16. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 17. Compliance with Uniform Recruitment and Retention Strategy. Institutions of higher education shall use the appropriations in this Act to give top priority and consideration to compliance with the spirit and mandates of the Uniform Recruitment and Retention Strategy.

Sec. 18. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eightieth Legislature in arriving at formula appropriations for 2008 and 2009. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making 2008 and 2009 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2008 and 2009 are subject to audit by the State Auditor.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 19. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 20. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 21. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code § 2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in § 51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 22. Un-sponsored Charity Care Reporting Requirement. The public health-related institutions listed in Sec. 22, 1. Financially Indigent, shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated charity care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the definition of un-sponsored charity care set forth in the following sub-sections.

1. **Financially Indigent.** Un-sponsored charity care shall include unreimbursed services to the financially indigent. Financially indigent shall mean uninsured or underinsured patients accepted for care with no obligation or a discounted obligation to pay for services rendered based on a teaching hospital's or clinic's formal eligibility system which may include: (a) income levels and means testing or other criteria for determining a patient's inability to pay; or (b) other criteria for determining a patient's inability to pay that are consistent with the hospital's or clinic's mission and established policy. The federal poverty level shall serve as an index for the threshold below which patients receiving care at The University of Texas Southwestern Medical Center at Dallas, The University of Texas Medical Branch at Galveston, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, The University of Texas M.D. Anderson Cancer Center, The University of Texas Health Center at Tyler, Texas A&M University System Health Science Center, The Texas Tech University Health Sciences Center, and The University of North Texas Health Science Center are deemed financially indigent. Financially indigent services include both noncovered services and contractual allowances for patients eligible for the Medicaid program and for the Children with Special Health Care Needs program, services provided under county indigent care contracts (Sec. 23), and services provided under other state or local government programs with eligibility indexed to the federal poverty level.
2. **Medically Indigent.** Un-sponsored charity care shall include unreimbursed services to the medically indigent. Medically indigent shall mean patients who are responsible for their living expenses, but whose medical and hospital bills, after payment by third-party payers, where applicable, exceed: (a) a specified percentage of the patient's annual gross income (i.e., catastrophic medical expenses) in accordance with a teaching hospital or clinic's formal eligibility system in such instances where payment would require liquidation of assets critical to living or earning a living; or (b) the criteria for determining a patient's inability to pay as established by the public health-related institutions listed in Sec. 22, 1. Financially Indigent.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

3. **Charity Care Determination.** The determination that a patient is financially or medically indigent shall occur within 120 days of the patient's discharge from the hospital or clinic setting or within 120 days of the third party payor settlement.
4. **Contractual Adjustments.** The contractual adjustments to commercial contracts, managed care contracts, and Medicare for the public health-related institutions listed in Sec. 22, 1. Financially Indigent, shall not be counted as unsponsored charity care.
5. **Bad Debt.** Bad debts shall not be counted as unsponsored charity costs. Bad debts shall include the uncollected billed charges for services rendered to patients who do not qualify under the definition of unsponsored charity care.
6. **Patient Income Eligibility Guidelines.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall use the federal poverty level indexed at an agreed-upon level as the guideline for determining indigent patient status, and those institutions' eligibility guidelines regarding copayment by patients deemed financially or medically indigent shall be the same.

The University of Texas Southwestern Medical Center at Dallas, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, Texas A&M University System Health Science Center, the Texas Tech Health Sciences Center, and The University of North Texas Health Science Center may use as a basis for reporting indigent care statistical samples derived from indigent care determinations made by their affiliated teaching hospitals and designed to estimate the amounts of charity care provided using the definitions established by The University of Texas hospitals noted above.

7. **Physician Practice Plan Upper Payment Limit.** Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for unsponsored charity care.

Sec. 23. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 24. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 25. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health-related institutions.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**

(Continued)

Sec. 26. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under § 576.022, Health and Safety Code.

Sec. 27. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 28. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operations Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2008-09 biennium is \$60.26.

Weighting is determined by the following matrix:

	Lower Div.	Upper Div.	Masters	Doctoral	Special Professional
Liberal Arts	1.00	1.79	4.03	10.07	
Science	1.69	2.96	7.44	19.86

Technology	1.89	2.41	5.04		
Nursing	2.81	3.27	5.46	11.79	
Developmental Ed	1.00				
Veterinary Medicine					14.50

2. **Teaching Experience Supplement.** For the 2008-09 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$6.41.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October, 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2008.

Sec. 29. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of three formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$11,405:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Nursing-Graduate	1.252
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$8.38 for all health related institutions, excluding The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Center at Tyler. For these two institutions, the per square foot rate is \$7.90.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall be included in the total funding for hospital and patient care activities.

3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.7 percent of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$4,858 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2008 are \$2,429 per resident and appropriations for fiscal year 2009 are \$2,429 per resident.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

5. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health-related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health-related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
6. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Hospital and clinic operations shall be funded through a combination of hospital and clinic revenue and general revenue.
7. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2008.
8. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and the University of Texas Health Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The University of Texas M.D. Anderson Cancer Center has a statutory mission to eliminate cancer through patient care, research, education, and prevention. General Revenue funds appropriated to the The University of Texas M.D. Anderson Cancer Center in Strategy A.4.1, Cancer Center Operations, shall be based on the number of total cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal years 2008 and 2009 shall be based on the number of total cancer patients served in 2004. The rate per patient shall be \$1,965 in fiscal year 2008 and \$1,965 in fiscal year 2009 for Strategy A.4.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total cancer patients served from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with respiratory diseases. General Revenue funds appropriated to The University of Texas Health Center at Tyler in Strategy A.1.1, Medical Education and Research Items, shall be based on the number of new primary chest disease diagnoses each year in Texas as reported by participating Texas hospitals in the Texas Hospital Association Patient Data System program. General Revenue appropriations for fiscal year 2008 shall be based on the number of new primary chest disease diagnoses reported in 2004, and General Revenue appropriations for fiscal year 2009 shall be based on the number of new primary chest disease diagnoses reported in 2005. The rate per primary chest diagnosis shall be \$6.68 for fiscal year 2008 and \$6.18 for fiscal year 2009.
 - c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.

Sec. 30. Optional Retirement Program Differential. Included in the appropriation to institutions of higher education in this act are general revenue amounts to offset local funds used for the optional retirement program employer contributions between 6 percent and 7.31 percent of salaries for employees who were on the state payroll or who were employed by a Public Community or Junior College as of August 31, 1995. These general revenue amounts are included in the funding formulas for general academic institutions and two-year institutions and in the base funding for other institutions of higher education.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

Sec. 31. Indirect Cost Recovery Earned by Texas A&M System Agencies. The Texas A&M University System agencies shall report to the Legislative Budget Board in their Legislative Appropriations Requests for 2010-11 all indirect cost recovery revenue earned on research grants and contracts including amounts collected by the Research Foundation.

Sec. 32. Fire Safety Projects at Institutions of Higher Education. Because of the urgent nature of these projects, it is the intent of the Legislature that institutions of higher education that have major fire safety projects, identified by the State Fire Marshal's Office as not meeting the requirements of the National Fire Protection Association, *Life Safety Code 101*, 2006 Edition, remedy the fire safety issues and complete any related construction and renovation projects as soon as practical. Institutions shall consult with the State Fire Marshal's Office and develop a time line for completion of the projects. Institutions shall implement the interim safety precautions recommended by the State Fire Marshal's Office. The State Fire Marshal shall submit periodic reports to the House Appropriations Committee and Senate Finance Committee on the progress of institutions in remedying the fire safety issues.

Institutions of higher education shall notify parents of students living in dormitories identified by the State Fire Marshal's Office. The notice shall contain information about the actions needed to rectify noncompliance and the time frame in which the institution plans to make improvements in order to comply.

Sec. 33. Funding for Physical Education Courses. No funds appropriated under this act shall be used for contact hours or semester credit hours for students who are registered solely for physical education, weight lifting, group exercises, aerobics, or related courses; have registered for the same such course more than once; and are not seeking a degree plan or certificate of completion of a course of study.

Sec. 34. Faculty Salary Increase Report. The Texas Higher Education Coordinating Board shall report the average salary increase provided to faculty at each general academic institution to the Legislative Budget Board and Governor by January 31 of each fiscal year on a form prescribed by the Texas Higher Education Coordinating Board.

Sec. 35. Endowed Chairs. Out of funds appropriated to the Texas Higher Education Coordinating Board for Baylor College of Medicine, Houston; University of Texas Health Science Center at Houston; and University of Texas Medical Branch at Galveston, each may expend up to \$1,000,000 out of funds appropriated in this Act to fund one endowed chair or professorship for spinal cord injury research.

Sec. 36. Nursing School Enrollment. The Legislature encourages institutions of higher education who receive state appropriations not to reduce the number of student full-time equivalents enrolled in programs preparing students for licensure as registered nurses in state fiscal years ending August 31, 2008, and August 31, 2009, below the number of student full-time equivalents enrolled for the state fiscal year ending August 31, 2007. This provision shall not be construed as requiring any school to accept an unqualified applicant to its professional nursing program. In the event that a school falls below the required number of students enrolled in professional nursing program by more than 5% for the state fiscal year ending August 31, 2008, and the state fiscal year ending August 31, 2009, the school shall report to the Legislative Budget Board and the Texas Higher Education Coordinating Board the reasons for failing to meet the required enrollment.

Sec. 37. Endowed Programs. A state university that, within five years of receiving a donation, diminishes its financial support from local funds for a program created or endowed by the donor shall notify the donor in accordance with the donor agreement. If the agreement so provides, then upon application by the donor, the university shall return the donation or endowment.

Sec. 38. Student Travel Policy. Each governing board of an institution of higher-education shall use the appropriations above to adopt a policy regulating travel that is undertaken by one or more students presently enrolled at the institution to reach an activity or event that is located more than 25 miles from the institution that is organized and sponsored by the institution and that is funded by the institution, and the travel is undertaken using a vehicle owned or leased by the institution or required by a student organization registered at the institution.

Sec. 39. Special Item Support. Any appropriations made to special item support strategies throughout this article are intended to supplement existing programs and may not be used to supplant funds.

 - a. Out of the funds appropriated above in Strategy A.1.2, Progressive Sanctions Levels 1-3, \$10,200,000 in fiscal year 2008 and \$10,200,000 in fiscal year 2009 can be distributed only to local probation departments for funding juvenile probation services associated with sanction levels described in §§ 59.003(a)(1), 59.003(a)(2), and 59.003(a)(3) of the Family Code, or for salaries of juvenile probation officers hired after the effective date of this Act. - 10. Juvenile Justice Alternative Education Programs (JJAEP).** Out of the funds transferred to the Juvenile Probation Commission pursuant to Texas Education Agency (TEA) Rider 35 and appropriated above in Strategy D.1.1, Juvenile Justice Alternative Education Programs, the Juvenile Probation Commission shall allocate \$1,500,000 at the beginning of each fiscal year to be distributed on the basis of juvenile age population among the mandated counties identified in Chapter 37, Texas Education Code, and those counties with populations between 72,000 and 125,000 which choose to participate under the requirements of Chapter 37.

An additional \$500,000 shall be set aside in a reserve fund for each fiscal year of the biennium to allow mandated and non-mandated counties to apply for additional funds on a grant basis.

The remaining funds shall be allocated for distribution to the counties mandated by § 37.011(a) Texas Education Code, at the rate of \$90 per student per day of attendance in the JJAEP for students who are required to be expelled as provided under § 37.007, Texas Education Code, and are intended to cover the full cost of providing education services to such students. Counties are not eligible to receive these funds until the funds initially allocated at the beginning of each fiscal year have been expended at the rate of \$90 per student per day of attendance. Counties in which populations exceed 72,000 but are 125,000 or less, may participate in the JJAEP and are eligible for state reimbursement at the rate of \$90 per student per day.

The amount of \$90 per student day for the JJAEP is an estimated amount and not intended to be an entitlement. Appropriations for JJAEP are limited to the amounts transferred from the Foundation School Program pursuant to TEA Rider 35. The amount of \$90 per student per day may vary depending on the total number of students actually attending the JJAEPs. Any unexpended or unobligated appropriations shall lapse at the end of fiscal year 2009 to the Foundation School Fund No. 193.

The Juvenile Probation Commission may reduce, suspend, or withhold Juvenile Justice Alternative Education Program funds to counties that do not comply with standards, accountability measures, or Texas Education Code Chapter 37.

The county is eligible to receive funding from the Juvenile Probation Commission at the rate of \$90 per day per student for students who are required to be expelled under § 37.007, Texas Education Code, and who are expelled from a school district in a county that does not operate a JJAEP.

 - b. a detailed discussion on the use of standard measures used to compare program formats and to identify those JJAEPs most successful with attending students;

JUVENILE PROBATION COMMISSION
(Continued)

- c. the percent of eligible JJAEP students statewide and by program demonstrating academic growth in the Texas Assessment of Knowledge and Skills (TAKS);

 - e. average cost per student attendance day for JJAEP students. The cost per day information shall include an itemization of the costs of providing educational services mandated in the Texas Education Code § 37.011. This itemization shall separate the costs of mandated educational services from the cost of all other services provided in JJAEPs. Mandated educational services include facilities, staff, and instructional materials specifically related to the services mandated in Texas Education Code, § 37.011. All other services include, but are not limited to, programs such as family, group, and individual counseling, military-style training, substance abuse counseling, and parenting programs for parents of program youth; and

- 16. Appropriation: Refunds of Unexpended Balances from Local Juvenile Probation Departments.** The Juvenile Probation Commission (JPC) shall maintain procedures to ensure that the state is refunded all unexpended and unencumbered balances of state funds held as of the close of each fiscal year by local juvenile probation departments. All fiscal year 2008 and fiscal year 2009 refunds received from local juvenile probation departments by JPC are appropriated above in Strategy B.1.1, Community Corrections Services. JPC shall report to the Legislative Budget Board on all populations specified by the LBB, including, but not limited to, additions, releases, and end-of-month populations. End of fiscal year data shall be submitted indicating each reporting county to the LBB no later than two months after the close of each fiscal year.

9. **Employee Medical Care.** Appropriations made in this Act for the Youth Commission not otherwise restricted in use may also be expended to provide medical attention by medical staff and infirmaries at Youth Commission facilities, or to pay necessary medical expenses, including the cost of broken eyeglasses and other health aids, for employees injured while performing the duties of any hazardous position which is not reimbursed by workers' compensation and/or employees' state insurance. For the purpose of this section, "hazardous position" shall mean one for which the regular and normal duties inherently involve the risk or peril of bodily injury or harm. 13. Salaries, Education Professionals.

- a. Each principal, supervisor, and classroom teacher employed in an institution operated by the Youth Commission shall receive a monthly salary to be computed as follows: The applicable monthly salary rate specified in § 21.402, Texas Education Code, as amended, shall be multiplied by ten to arrive at a ten month salary rate. Such rate shall be divided by the number of days required in § 21.401, Texas Education Code, for 10-month employees, and the resulting daily rate shall be multiplied by the number of on-duty days required of Youth Commission educators, resulting in the adjusted annual salary. The adjusted annual salary is to be divided by 12 to arrive at the monthly rate. Salary rates for educational aides commencing employment before September 1, 1999, shall be calculated in the same manner, using 60 percent of the salary rate specified in § 21.402, Texas Education Code.
- b. The Youth Commission may authorize salary rates at amounts above the adjusted annual salary determined in the preceding formula, but such rates, including longevity for persons commencing employment on September 1, 1983, or thereafter, and excluding hazardous duty pay, shall never exceed the rates of pay for like positions paid in the public schools of the city in which the Youth Commission institution is located. Any authorized local increments will be in addition to adjusted annual salaries.
- c. There is hereby appropriated to the Youth Commission from any unexpended balances on hand as of August 31, 2008, funds necessary to meet the requirements of this section in fiscal year 2009 in the event adjustments are made in the salary rates specified in the Texas Education Code or in salary rates paid by the public schools where Youth Commission facilities are located.

14. State-owned Housing Authorized. As of September 1, 1998, the chief superintendent, assistant superintendent, and the director of security are authorized to live in state-owned housing at a rate determined by the commission. Notwithstanding general provisions of this Act, commission employees first employed at the Sheffield Boot Camp and West Texas State School on or after September 1, 1999, are authorized to live in state-owned housing at the same rate as persons employed prior to September 1, 1999. Other commission employees may live in state-owned housing as set forth in Article IX, § 11.05, State Owned Housing - Recover Housing Costs, of this Act. Fees for employee housing are hereby appropriated to be used for maintaining employee housing.

15. Appropriation Transfers Between Fiscal Years. In addition to the transfer authority provided elsewhere in this Act, the Youth Commission may transfer appropriations in an amount not to exceed \$9.8 million made for fiscal year 2009 to fiscal year 2008 subject to the following conditions provided by this section:

- a. Transfers under this section may be made only if (1) juvenile correctional populations exceed appropriated areas of daily population targets or (2) for any other emergency expenditure, including expenditures necessitated by public calamity.
- b. A transfer authorized by this section must receive prior approval from the Governor and the Legislative Budget Board.
- c. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending under this section.

Not later than March 1, 2008, the biennial strategic plan, jointly prepared by the three agencies, and including specific strategies, measures, timeframes for program improvement, and a methodology for program evaluation, shall be submitted to the Legislative Budget Board and the Governor. The Texas Workforce Commission shall maintain interagency contracts at \$446,250 in each year of the biennium to the Youth Commission to fund Project RIO. 17. **Training for GED and Reading Skills.** From the funds appropriated above in Strategy B.1.1, Education and Workforce Programs, the Youth Commission shall prioritize reading at grade level and preparation for the GED in its educational program. A report containing statistical information regarding student performance on the Test of Adult Basic Education (TABE) shall be submitted to the Legislative Budget Board and the Governor on or before December 1, 2008.
18. **Salary Adjustment Authorized.** Notwithstanding other provisions of this Act, the Youth Commission is authorized to adjust salaries of Juvenile Correctional Officers I, Juvenile Correctional Officers II, Juvenile Correctional Officers III, Juvenile Correctional Officers IV, Juvenile Correctional Officers V, and Juvenile Correctional Officers VI to rates within the designated salary group for the purpose of recruiting, employing, and retaining career juvenile correctional personnel. Merit raises are prohibited for all Juvenile Correctional Officers who are receiving or are eligible to receive step adjustments in the career ladder system.
19. **Human Resources Management Plan.** From funds appropriated above, the Youth Commission shall develop a Human Resources Management Plan designed to improve employee morale and retention. The plan must focus on reducing employee turnover through better management. The Youth Commission shall report, by October 1 of each year of the biennium, to the Legislative Budget Board and the Governor the employee turnover rate, by job category, at the agency during the preceding fiscal year. The effectiveness of an agency's plan shall be measured by whether or not there is a reduction in annual employee turnover rates at the agency, specifically by the reduction in the turnover rates for juvenile correctional officers.
20. **Appropriation: Unexpended Balances of General Obligation Bond Proceeds.** Unobligated balances of General Obligation Bond Proceeds (estimated to be \$0) as of August 31, 2007, in appropriations made by the Seventy-ninth Legislature, are appropriated for the identical purposes for the biennium beginning September 1, 2007.
21. **Utilization of Existing Youth Commission Facilities.** From the funds appropriated above, the Youth Commission (TYC) shall utilize existing TYC facilities to the maximum extent possible without overcrowding. Appropriations included above in Strategy A.1.3, Contracted Capacity, may be used to contract for additional capacity for 350 beds in fiscal years 2008 and 2009 for specialized treatment services that cannot be provided within TYC institutions. Appropriations included above in Strategy A.1.3, Contracted Capacity, may be used to contract for beds in excess of 350 beds in fiscal years 2008 and 2009 only if the agency's residential population is over 97.5 percent of total capacity or if beds are needed due to an emergency situation that causes a reduction in the number of youth that can be safely housed in TYC-operated facilities and agreements can be reached that are beneficial to the State. Any General Revenue Funds in Strategy A.1.3, Contracted Capacity, which are not used for this purpose shall lapse to the General Revenue Fund.
22. **Contingency for Youth Commission Rehabilitation Plan.** From the amounts appropriated above in Strategy F.1.1, Rehabilitation Plan, \$50,000,000 in General Revenue in fiscal year 2008 shall be used by the Youth Commission (TYC) to implement a rehabilitation plan. This appropriation is contingent upon TYC submitting to the Legislative Budget Board a detailed budget for the rehabilitation plan showing how the funds will be utilized.

In addition to the authority provided elsewhere in this Act, TYC is authorized to transfer such amounts as may be necessary from Strategy F.1.1, Rehabilitation Plan, to any strategy within TYC's bill pattern. Any unexpended balance from these funds at the end of fiscal year 2008 is appropriated for fiscal year 2009 for the same purpose.

Any fiscal year 2008 unexpended balances from additional revenue collections in excess of the Biennial Revenue Estimate as of August 31, 2008 are hereby appropriated for the fiscal year beginning September 1, 2008. The TPWD is specifically authorized to expend these funds for purposes authorized by the Parks and Wildlife Code, including capital budget purposes. If the Comptroller finds the information sufficient to support the projection of additional revenues, a finding of fact to that effect shall be issued to reflect the additional revenue available for the General Revenue-Dedicated State Parks Account No. 64. In the event the Comptroller issues a finding of fact that additional revenue above the \$8.0 million per fiscal year designated above is available, the TPWD shall notify the Legislative Budget Board, the Governor, and the Comptroller of Public Accounts of the purposes for which the additional revenue is budgeted.

The TPWD shall submit a plan to the Legislative Budget and the Governor by October 1, 2007 which indicates targeted and actual revenues for each state park for fiscal years 2005, 2006, and 2007, as well as revenue targets for fiscal years 2008 and 2009 for enhanced collections from existing state park user fees. The plan must demonstrate how each state park will contribute to the overall goal of increasing state park system revenue by \$8.0 million annually.

The TPWD must notify the Legislative Budget Board and the Governor before it increases state park user fees in the 2008-09 biennium, and the department is not authorized to generate the \$16.0 million in enhanced collections appropriated in this provision from increases in state park user fees.

If the Comptroller finds the information sufficient to support the projection of additional revenues, a finding of fact to that effect shall be issued to reflect the additional revenue available for the Game, Fish and Water Safety Account No. 9.

- 29. Land Acquisition.** Out of amounts appropriated above in Strategy D.1.2, Land Acquisition, the Texas Parks and Wildlife Department shall allocate \$162,000 for the biennium to purchase approximately 1,850 acres from the El Paso Water Utilities Public Service Board for the purpose of expanding Franklin Mountain State Park.

Fish and Shellfish Consumption Advisories.** Out of the amounts appropriated above in Strategies A.2.1, Inland Fisheries Management and A.2.3, Coastal Fisheries Management the Texas Parks and Wildlife Department shall use \$20,000 each fiscal year from the General Revenue-Dedicated Game, Fish and Water Safety Account No. 9, to post signs at those water bodies for which the Seafood and Aquatic Life Group of the Texas Department of State Health Services has advisories and bans from consumption of contaminated fish or shellfish.
- 32. Grants for Local Zoos.** Out of funds appropriated above, in Strategy B.2.1, Local Park Grants, the Texas Parks and Wildlife Department shall allocate \$1,000,000 each fiscal year from General Revenue to provide matching funds for nonprofit organizations that operate local zoos.
- 33. Approval of Implementation of SAO Recommendations.** The Comptroller of Public Accounts may not release any of the funds appropriated above to the Texas Parks and Wildlife Department (TPWD) for fiscal year 2009 without prior written approval from the Legislative Budget Board that TPWD has satisfactorily implemented the recommendations contained in the State Auditor's Office, *An Audit Report on Financial Processes at the Parks and Wildlife Department* Report No. 07-021.
- 34. Implementation of State Auditor's Recommendations.**
- (a) It is the intent of the Legislature that the Texas Parks and Wildlife Department (TPWD) use funds appropriated above to implement the recommendations contained in the State Auditor's *An Audit Report on Financial Processes at the Parks and Wildlife Department* Report No. 07-021.
- (b) Additionally, the TPWD shall use funds appropriated above:
1. To prepare a comprehensive plan and timeline to implement the recommendations set out in Report No. 07-021, and submit the plan and timeline to the Legislative Budget Board and the Governor no later than August 31, 2007;

PARKS AND WILDLIFE DEPARTMENT

(Continued)

2. To submit quarterly and biennial reports to the Legislative Budget Board and the Governor that indicate the extent to which each recommendation contained in the aforementioned plan and timeline has been implemented, information about significant costs, and any factors that may impede full implementation. Quarterly reports must be submitted 30 days after each quarter ends; and, the biennial report must be submitted by November 30, 2008;
 3. To annually report to the State Auditor's Office on the status of the implementation of the recommendations, pursuant to Section 321.014(f) of the Texas Government Code; and,
 4. To notify the Legislative Budget Board and the Governor at least six months before closing or transferring any state park.
- 35. Business Plan for Construction or Repair of Facilities.** Prior to proceeding with the construction or repair of facilities with funds appropriated by this Act, the Texas Parks and Wildlife Department (TPWD) shall submit a plan to the Legislative Budget Board by September 30, 2007 which includes the following elements:
- a. The results of a study contracted with a private vendor having expertise in public attendance and collections to determine whether repairs or new construction will increase park attendance and generate additional revenue to cover costs;
 - b. The status of controls to ensure park visitation data is accurate and to enhance collections from park visitors;
 - c. Clearly defined criteria and methodologies to identify health and safety repair needs and a list of identified projects meeting the criteria;
 - d. Cost estimate for each facility;
 - e. Estimated construction timeline for each facility;
 - f. The potential savings from using more economical materials for historic structural repairs; and,
 - g. An analysis of capital repairs or new construction, which consider, among others factors, the following:
 - (1) whether a public need exists that warrants repairs or new construction;
 - (2) whether repairs or new construction will enhance or maintain the recreational benefits or preserve the historical significance of sites; and,
 - (3) whether an adjacent state park or historic site can serve the demand for recreational opportunities.

The Texas Parks and Wildlife Department shall not proceed with the construction or repair of TPWD facilities with funds appropriated by this Act until the Legislative Budget Board is provided with and approves a plan which specifically addresses the elements in this provision. Further, TPWD shall provide monthly reports to the Legislative Budget Board and the Governor that identify all facility repair and constructions projects for which actual costs have varied from original cost estimates by 10 percent or more at any point during a project's lifespan; and any related changes in project cost estimates.

- 36. State Park System Study.** The Texas Parks and Wildlife Department (TPWD) shall conduct a study that will accomplish the following goals:
1. The study will determine the resources and steps necessary to meet a definition of a high quality state park system. The criteria that should be used include:
 - a. condition of facility infrastructure,
 - b. frequency of maintenance schedule,
 - c. amenities available,
 - d. facilities with high demand/utilization,
 - e. facilities with a high return on investment,

PARKS AND WILDLIFE DEPARTMENT

(Continued)

- f. facilities where a higher fee may be charged without impacting utilization, and
 - g. any other criteria that the TPWD determines is appropriate.
2. It will identify those parks that meet those criteria; those parks that could meet that criteria with upgrades, the cost of those upgrades and additional revenue generated as a result of upgrades; and finally those parks that should be transferred to a non-state entity or closed. Another factor that the TPWD should consider is the degree to which the recreational value of a park to its visitors justifies its operating costs.
 3. Based on that analysis, the TPWD shall determine the savings associated with transferring or closing the identified parks; and how the savings could be used to improve the remaining state parks so they meet the criteria for a high quality state park system.

The TPWD shall produce a work plan that indicates how the study will be conducted and report will be produced, with a study process timeline. The work plan should be submitted to the Legislative Budget Board and the Governor no later than January 1, 2008. The work plan and the actual work plan implementation should provide ample opportunity for public input and comments. A progress update that indicates the extent to which the TPWD has implemented its work plan should be submitted to the Governor and the Legislative Budget Board no later than July 1, 2008. The final report that is produced as a result of the study should contain findings and conclusions relevant to the first and second goals stated above. The report should specifically indicate how the TPWD determined the cost estimates and other significant factors that formed the basis for the report's findings and conclusions. It should also identify how the TPWD implemented its work plan, plus the methodology, steps, and processes that were involved in order to arrive at the report's findings and conclusions. The study final report should be submitted to the Legislative Budget Board and the Governor no later than October 1, 2008.

- 37. Border Security.** From funds appropriated above, the Texas Parks and Wildlife Department shall use \$329,167 and 5.8 FTEs in fiscal year 2008 in Strategy C.1.2, Warden Training Academy; \$724,584 and 4.2 FTEs in fiscal year 2008 and \$540,200 and 10.0 FTEs in fiscal year 2009 in Strategy C.1.1, Enforcement Programs; and \$25,000 in fiscal year 2008 in Strategy E.1.2, Information Resources for the purposes of enhancing border security.

This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2008-09 biennium, revenue to cover the General Revenue appropriations. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

- 11. Appropriation for Pipeline Safety Fees.** Included in the amounts appropriated above are revenues from fees assessed on pipelines and pipeline facilities and deposited to Revenue Object Code 3553 in the General Revenue Fund pursuant to Utilities Code, § 121.211 in an amount not to exceed \$1,382,762 in fiscal year 2008 and \$1,378,979 in fiscal year 2009. These funds shall be used to operate programs in Strategy B.1.1, Pipeline and LP Gas Safety, and the geographic information systems mapping program in Strategy D.1.1, Geographic Information Systems and Well Mapping.

This additional appropriation is contingent upon the Railroad Commission increasing pipeline safety fees to cover the additional appropriation and shall be limited to amounts deposited to the credit of Revenue Object Code No. 3553 in the General Revenue Fund in excess of the Comptroller's Biennial Revenue Estimate for 2008-09. In addition, the Number of Full-Time Equivalents (FTE) for the Railroad Commission includes 5 FTE associated with the additional appropriation in each fiscal year of the 2008-09 biennium, and the Capital Budget for fiscal year 2008 includes \$110,120 in General Revenue for Vehicle Replacements.

"Other direct and indirect costs" are estimated to be \$649,371 in fiscal year 2008 and \$648,025 in fiscal year 2009. Fund in excess of the Comptroller's Biennial Revenue Estimate for 2008-09. In addition, the Number of Full Time Equivalents (FTE) for the Railroad Commission includes 2 FTEs associated with this appropriation in each fiscal year of the 2008-09 biennium.

The Railroad Commission is hereby authorized to transfer appropriations made pursuant to this provision to the appropriate strategy items.

consumed of available capacity. In order to meet the mandates of Chapter 461, Transportation Code, relating to the coordination of public transportation and to implement the legislative intent of § 461.001, Transportation Code, the Department of Transportation is directed to engage the services of the Texas Transportation Institute, or any entity that the Department of Transportation deems appropriate, to conduct an inventory of all public transportation providers in the state to determine the types and levels of services being provided by each of them and the extent to which those providers can assist the state in meeting the mandates of the statute.

- f. The Department of Transportation shall report annually to the Legislative Budget Board and the Governor on the progress of the Congestion Mitigation and Air Quality (CMAQ) Improvement Program at achieving credit in the State Implementation Plan (SIP) for air quality under the Federal Clean Air Act. A district that receives an allocation under this rider shall spend not less than one half of the allocation for landscaping and other enhancements included in the Green Ribbon program as improvements associated with the project that was the subject of the contract. The district may spend the allocated money that is not used for landscaping improvements associated with the project that was the subject of the contract for landscaping improvements associated with another highway or highway segment located in the district.

For purposes of this rider, landscape improvements means planting of indigenous or adapted trees and other plants that are suitable for the climate in which they will be located, and preparing the soil and installing irrigation systems for the growth of the trees and plants. 3. **Renegotiation of Lump Sum Contract.** Appropriations made above in Strategy A.1.1, Conduct Hearings, include \$938,860 in fiscal year 2008 and \$938,860 in fiscal year 2009 in Interagency Contracts to fund the Natural Resources Division for the purpose of conducting hearings for the Texas Commission on Environmental Quality (TCEQ). The State Office of Administrative Hearings (SOAH) and TCEQ may not enter into a contract for an amount less than the specified amounts herein above. If SOAH determines, at the end of each fiscal year, that the amount paid under the contract exceeds the funding necessary for the Natural Resources Division, it shall refund the difference. If SOAH determines that these amounts are insufficient to fund the Natural Resources Division it may enter into negotiations with the TCEQ in order to renegotiate an interagency contract in a manner which will provide it with additional funds, provided that SOAH shall not be appropriated any state funds from such renegotiated interagency contract until it gives prior written notice to the Legislative Budget Board and the Governor, accompanied by written permission of the TCEQ.

4. **Benefit Collection.** Agencies that enter into contracts with the State Office of Administrative Hearings (SOAH), for the purpose of performing the hearings function, and make payments to SOAH from funding sources other than General Revenue, must reimburse SOAH for employee benefit costs for salaries and wages. These reimbursements to SOAH will then be paid to the General Revenue Fund in proportion to the source of funds from which the respective salary or wage is paid.

5. **Contingency Appropriation for Expanded Jurisdiction.** Contingent on the enactment of legislation by the Eightieth Legislature transferring the hearings functions of other state agencies to the State Office of Administrative Hearings (SOAH), or otherwise expanding the jurisdiction of the office, SOAH is hereby authorized to expend funds transferred to the office from those agencies or funds appropriated for the purpose of handling the expanded jurisdiction, pursuant to provisions elsewhere in this Act. Appropriations authorized pursuant to this provision may be expended only to implement the transferred functions or expanded jurisdiction. All funds collected by SOAH as payment for, or reimbursement of, the office's costs of providing services to other state agencies or governmental entities, or others as directed by the Legislature, are appropriated to SOAH for its use during the biennium.

6. **Hearings Activity Report.** By May 1st and November 1st of each fiscal year, the State Office of Administrative Hearings (SOAH) shall submit to the Legislative Budget Board and the Governor a report detailing hearings activity conducted during the prior two fiscal year quarters. The report shall indicate, for each agency served, the person hours allocated to the agency's cases and the cost, both direct and indirect, of conducting the hearings. The report shall also indicate, for each agency served, the number of cases received, the number of cases disposed of, the number of administrative fine cases disposed of and the median number of days between the date a case is received by SOAH and the date the case is finally disposed of, during the reporting period.

7. **Interagency Contract for Administrative Law Judge Training.** Out of funds appropriated above, the State Office of Administrative Hearings shall contract in the amount of \$25,000 for training of Administrative Law Judges. Any amounts not expended as of August 31, 2008, are appropriated for the fiscal year beginning September 1, 2008. The State Office of Administrative Hearings' travel expenses, including travel expenses incurred by staff for out-of-state travel related to Administrative Law Judge training, are limited to the amount established in this rider.

8. **Contingency for Additional Self-directed Semi-independent Agency Pilot Projects.** Contingent upon additional agencies added as a self-directed semi-independent (SDSI) agency pilot project by the Legislature during the 2008-09 biennium, any agency added as a SDSI pilot project that is listed in Rider 9 shall be removed from the exemption granted in Rider 9 below.

4. Contingency Appropriation: State Regulatory Response.

- a. Amounts appropriated above to the Department of Banking not to exceed \$5,550,432 each fiscal year in General Revenue in Strategy D.1.1, Contingency Regulatory Response, and 56.5 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" are contingent upon a finding of fact by the Finance Commission that additional resources are needed by the Department of Banking because:
 - (1) the number of exams required for the state-chartered commercial banking industry under the jurisdiction of the Department of Banking, determined either as a function of assets, number of institutions, expanded specialty areas, or relative proportion of problem banks or problem bank assets in the state system, increases to a point where additional appropriations are required to maintain adequate regulation of the industry;
 - (2) federal regulatory resources applied to the Texas state-chartered commercial banking industry, determined as a function of assets, have been reduced; or
 - (3) the Department of Banking is unable to maintain adequate supervision of the industry and is unable to meet its examination frequency performance measures due to reductions in the quality or quantity of its examination staff, resulting either from examiner turnover, or an inability to recruit adequately qualified examiners because of salary levels.
- b. None of the funds appropriated above in Strategy D.1.1, Contingency Regulatory Response, above may be expended and none of the 56.5 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" may be used by the Department of Banking unless the Finance Commission files a finding of fact with the Governor and the Legislative Budget Board and neither the Governor nor the Legislative Budget Board issues a written disapproval not later than:
 - (1) the 10th day after the date the staff of the Legislative Budget Board concludes its review of the findings of fact and forwards those findings of fact along with the conclusions or comments of the Legislative Budget Board staff to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor; and
 - (2) within 10 business days of the receipt of the finding of fact by the Governor.
- c. The appropriations above in Strategy D.1.1, Contingency Regulatory Response, and 56.5 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" are also contingent upon the Department of Banking generating sufficient additional fee revenues to cover these contingency appropriations and related employee benefits, and providing such information as may be deemed necessary by the Comptroller of Public Accounts to issue a finding of fact that the increased revenues will be available to fund the increased appropriation. These increased revenues must exceed \$12,151,000 for fiscal year 2008 and \$12,076,000 for fiscal year 2009 (Object Code 3172) contained in the Comptroller of Public Accounts' Biennial Revenue Estimate.
- d. Funds appropriated above in Strategy D.1.1, Contingency Regulatory Response, and 56.5 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" may only be used to address issues included in the finding of fact submitted to the Governor and the Legislative Budget Board pursuant to subsection (b) above, and apply only to the 2008-09 biennium unless otherwise appropriated. It is the intent of the Legislature that these funds not be included in base level funding requests for the 2010-11 biennium.

- 5. Federal Per Diem Authorized.** Employees of the Department of Banking may be authorized reimbursement for travel expenses from amounts appropriated above, including mileage, at a rate equal to that paid by federal counterpart agencies when traveling on official state business relating to the agency's regulatory responsibilities.

7. **Out-of-State Travel Cap Exemption.** Out of the funds appropriated above, expenditures for out-of-state travel by the Department of Banking are limited to \$70,000 in fiscal 2008 and \$70,000 in fiscal year 2009. Travel related to regulatory matters, including examinations, inspections and the training of financial examiners is exempt from this limitation.
8. **Unexpended Balance Authority.** The unobligated and unexpended balances of appropriations to the Department of Banking for the fiscal year ending August 31, 2008, are hereby appropriated to the Department of Banking for the same purposes for the fiscal year ending August 21, 2009.

- a. Amounts appropriated above in Strategy C.1.1, Contingency Regulatory Response, to the Credit Union Department not to exceed \$120,000 in fiscal year 2008 and \$192,000 in fiscal year 2009 in General Revenue in Strategy C.1.1, Contingency Regulatory Response, and 3.0 Full-Time-Equivalents (FTE) positions in fiscal year 2008 and 5.0 FTEs in fiscal year 2009 included above in the "Number of Full-Time-Equivalents (FTE)" are contingent upon a finding of fact by the Credit Union Commission that:
- (1) the size of the state-chartered credit union industry under the jurisdiction of the Credit Union Department, determined either as a function of assets or number of institutions, has grown to a point where additional appropriations are deemed necessary to maintain adequate regulation of the industry; or

CREDIT UNION DEPARTMENT
(Continued)

- (2) increased incidents of regulatory and supervisory concern regarding the safe and sound operations of credit unions under the department's jurisdiction have occurred to the extent that additional appropriations are deemed necessary to maintain adequate regulation of the industry; or
 - (3) a reduction of federal regulatory resources applied to the Texas state-chartered credit union industry by the National Credit Union Administration has occurred to the extent that additional appropriations are deemed necessary to maintain adequate regulation of the industry.
- b. None of the funds appropriated above in Strategy C.1.1, Contingency Regulatory Response, may be expended and none of the 3.0 Full-Time-Equivalent (FTE) positions in fiscal year 2008 and 5.0 FTEs in fiscal year 2009 included above in the "Number of Full-Time-Equivalents (FTE)" may be used by the Credit Union Department unless:
- (1) the Credit Union Commission files a written copy of the finding of fact, referenced in subsection (a) above, with the Governor and the Legislative Budget Board; and
 - (2) neither the Governor nor the Legislative Budget Board issues a written disapproval not later than:
 - (a) the 10th day after the date the staff of the Legislative Budget Board concludes its review of the findings of fact and forwards those findings of fact along with the conclusions or comments of the Legislative Budget Board staff to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor; and
 - (b) within 10 business days of the receipt of the finding of fact by the Governor.
 - (3) The appropriations above in Strategy C.1.1, Contingency Regulatory Response, and 3.0 Full-Time-Equivalent (FTE) positions in fiscal year 2008 and 5.0 FTEs in fiscal year 2009 included above in the "Number of Full-Time-Equivalents (FTE)" are also contingent upon the department generating sufficient additional fee revenues to cover these contingency appropriations and related employee benefits and providing such information as may be deemed necessary by the Comptroller of Public Accounts to issue a finding of fact that the increased revenues will be available to fund the increased appropriations. These increased revenues must exceed \$1,591,000 (Object Code 3172) contained in the Comptroller of Public Accounts' Biennial Revenue Estimate for fiscal year 2008 and fiscal year 2009.
- c. Funds appropriated above in Strategy C.1.1, Contingency Regulatory Response, and 3.0 Full-Time-Equivalent (FTE) positions in fiscal year 2008 and 5.0 FTEs in fiscal year 2009 included above in the "Number of Full-Time-Equivalents (FTE)" may only be used to address issues included in the finding of fact submitted to the Governor and the Legislative Budget Board pursuant to subsection (b) above, and apply only to the 2008-09 biennium unless otherwise appropriated. It is the intent of the Legislature that these funds not be included in base level funding requests for the 2010-11 biennium.
4. **Overnight Travel Stipend.** Credit Union Department examiners, when traveling on examination assignments relating to the agency's regulatory responsibilities, may receive an overnight travel stipend for any overnight stays in excess of 60 days out per fiscal year. The stipend will be paid annually in August and the daily rate may not exceed the rate set by the National Credit Union Administration.
5. **Federal Per Diem.** Credit Union Department examiners may be authorized reimbursement for travel expenses from amounts appropriated above at a rate of per diem equal to that of the federal credit union regulatory agency when traveling on official state business relating to the agency's regulatory responsibilities and participating in either a joint or concurrent examination with the National Credit Union Administration, or its successor.

Sec. 3.08. **Equity Adjustments.**

- (a) A state agency is authorized to adjust the salary rate of an employee whose position is classified under the position classification plan to any rate within the employee's salary group range as necessary to maintain desirable salary relationships:
 - (1) between and among employees of the agency; or
 - (2) between employees of the agency and employees who hold similar positions in the relevant labor market.
- (b) In determining desirable salary relationships under Subsection (a), a state agency shall consider the education, skills, related work experience, length of service, and job performance of agency employees and similar employees in the relevant labor market.

PART 4. EMPLOYMENT POLICIES AND PROVISIONS

Sec. 4.01. **Method of Salary Payments.** All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the chief administrator of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.

Sec. 4.02. **Exception - Contracts Less Than 12 Months.** Facilities of the Texas Youth Commission in Article V or institutions of higher education or the schools for the blind or deaf in Article III of this Act that make contracts for less than a twelve-month period may pay salaries in equal monthly payments for the period of the contract.

Sec. 4.03. **Matching Retirement and Certain Insurance.** In each instance in which an operating fund or account is created and named by statute, the responsible officials of the state may transfer into the operating fund or account sufficient monies from treasury funds, local, institutional, or federal funds to pay proportionally the costs of matching state employees' retirement contributions and the state's share of Old Age and Survivors Insurance.

PART 5.

TRAVEL REGULATIONS

Sec. 5.01. Travel Definitions.

The definitions established by § 660.002, Government Code, apply to Part 5 of this Article, unless another meaning is clearly provided. In Part 5 of this Article:

- (1) "Council of governments" includes:
 - (A) a council of governments created under Chapter 391, Local Government Code;
 - (B) a regional planning commission created under Chapter 391, Local Government Code; or
 - (C) a regional planning agency created under Chapter 391, Local Government Code.
- (2) "State agency" includes the entities within the definition of § 660.002(19), Government Code, and also includes a council of governments, a local workforce development board, or a MHMR community center, that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees.

Sec. 5.02. General Travel Provisions. The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses is the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller's Rules.

Sec. 5.03. Failure to Comply.

- (a) If the State Auditor determines that the travel for which payment was made out of appropriated funds is not in compliance with Chapter 660, Government Code, the State Auditor shall so certify to the Comptroller. The Comptroller shall reduce the appropriation of the state agency that paid the travel expenses by an amount equal to the entire amount paid by the state agency for that individual for that travel occurrence.
- (b) The Comptroller shall prepare an annual report indicating the appropriation reductions, by state agency, made pursuant to this section for the previous fiscal year. The Comptroller shall submit the report to the Legislative Budget Board not later than December 1.

Sec. 5.04. Transportation Expenses. For a state employee's use of a personally owned or leased motor vehicle, the mileage reimbursement rate for travel equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as announced by the Comptroller.

Sec. 5.05. Transportation in Personally Owned or Leased Aircraft.

- (a) The rate of reimbursement to be paid to a key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is:
 - (1) 40 cents per highway mile when traveling in single-engine aircraft;
 - (2) 55 cents per highway mile when traveling in twin-engine aircraft; and
 - (3) one dollar per highway mile when traveling in turbine-powered or other aircraft.
- (b) The rate of reimbursement for a state employee when the employee travels in the employee's personally owned or leased aircraft, either within or without the boundaries of this state, is:
 - (1) 40 cents per highway mile when traveling in single-engine aircraft; or
 - (2) 50 cents per highway mile when traveling in twin-engine, turbine-powered, or other aircraft.

TRAVEL REGULATIONS (Continued)

Sec. 5.06. **Travel Meals and Lodging Expenses.**

- (a) A state employee who travels within this state shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed \$85 per day per location for lodging and \$36 per day for meals.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.
- (c) A state employee who travels outside of this state but within the continental United States shall be reimbursed for the employee's actual expenses for lodging and meals. However, the reimbursement may not exceed the maximum out-of-state meals and lodging rates, based on the federal travel regulations, issued by the Comptroller unless the agency head or the designee of the agency head determines that local conditions necessitate a change in the lodging rate for a particular location. If an employee travels to a location where an allowance has not been set by the Comptroller, the Comptroller shall establish a rate for that location.
- (d) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (e) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with § 660.206, Government Code.

Sec. 5.07. **Special Provisions Regarding Travel Expenses.** Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in § 5.06 of this Article.

Sec. 5.08. **Limitation on Travel Expenditures.**

- (a) In this section "travel" refers only to travel outside the state of Texas, except as provided by Subsection (k) of this section.
- (b)
 - (1) None of the funds appropriated by this Act may be expended, without the prior approval of the Legislative Budget Board, for travel purposes if such expenditure would cause the agency's or institution's travel expenditures for that fiscal year to exceed the greatest of:
 - (A) 125 percent of that agency's or institution's fiscal year 2000 amount of travel expenditures; or
 - (B) 100 percent of that agency's or institution's fiscal year 2000 amount of travel expenditures plus \$10,000; or
 - (C) 100 percent of that agency's or institution's fiscal year 2000 amount of travel expenditures plus any excess travel expenditure amounts approved by waiver.
 - (2) The general limitations provided by this subsection apply in addition to the limits of any additional agency specific limitation.
 - (3) In the event that a state agency or institution had, as determined by the Comptroller, no expenditures for travel outside the state of Texas during fiscal year 2000, the general limitations provided by Subsection (b)(1) shall not apply, but out-of-state travel spending may not exceed in either year of the biennium the amount spent for that purpose in the last state fiscal year in which out-of-state travel occurred.

TRAVEL REGULATIONS (Continued)

- (c) The Legislative Budget Board may consider requests from agencies which demonstrate circumstances which would make such reductions in actual travel impractical or inefficient in accomplishing the goals and strategies contained in their appropriations pattern. Such circumstances may include: new or expanded programs, law enforcement, tax collection activities, statutorily mandated travel, or other pressing public purposes.
- (d) The Comptroller shall prescribe accounting procedures and reporting requirements to administer this section and to ensure that expenditures for travel by all state agencies and institutions of higher education are properly reported and monitored.
- (e)
 - (1) Upon notification by the Comptroller that a state agency or institution of higher education has exceeded the travel cap limit as specified in Subsection (b) of this section for two consecutive fiscal years without the written approval of the Legislative Budget Board, the state agency or institution of higher education may not pay or reimburse with funds appropriated by this Act, a travel expense for travel to conventions, conferences, or seminars except as provided by this Subsection (e).
 - (2) The Comptroller may allow a state agency or institution of higher education to reimburse or pay a travel expense incurred by an employee on or after the date the agency or institution receives notice of its exceeding the limits if:
 - (A) the expense is incurred while the employee is returning to the employee's designated headquarters;
 - (B) the reimbursement or payment is necessary to prevent unreasonable hardship to the employee; or
 - (C) the expense is incurred while the employee is completing official state business that the agency or institution deems critical to fulfillment of the agency's or institution's constitutional or statutory duties.
 - (3) The Comptroller shall notify the Legislative Budget Board if the Comptroller allows such a payment or reimbursement. The notification must include the reason that the payment or reimbursement is allowed. The Legislative Budget Board may then direct the Comptroller to reduce the agency's or institution's appropriation by the amount of the payment or reimbursement if in the Legislative Budget Board's opinion the payment was the result of an agency failing to comply with the notification by the Comptroller.
- (f) All documents filed by an appointed officer under this section are public information. In this section, the term "public information" has the meaning provided by Chapter 552, Government Code.
- (g) In this section "appointed officer" includes all persons included under the definition provided by Chapter 572, Government Code, except that for the purposes of the definition of "appointed officer," the term "state agency" also includes a council of governments, a local workforce development board, or a mental health mental retardation community center that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees or officials. For the purpose of this provision, the term "council of governments" shall include a council of governments, a regional planning commission, or similar regional planning agency created under Chapter 391, Local Government Code.
- (h) An appointed officer may not receive reimbursement from funds appropriated by this Act for expenses related to travel before filing with the Texas Ethics Commission copies of all documents that will be submitted to the Comptroller and Legislative Budget Board in support of the travel expense claim.
- (i) Funds appropriated by this Act may not be used to pay expenses for a trip to foreign countries, except for Canada or Mexico, unless the board or commission of each state agency and institution of higher education has approved the travel before departure. A copy of the approval must be attached to each travel voucher submitted to the Comptroller. By October 1 of each year, each agency and institution of higher education must submit a report on all foreign travel with required approvals to the Governor and the Legislative Budget Board.

TRAVEL REGULATIONS

(Continued)

- (j) In implementing this rider, state agencies shall review their travel policies in order to ensure that travel which is critical to the delivery of services consistent with the mission of the agency is not affected.
- (k) Travel expenses incurred within the Washington, D.C. area by the Office of State-Federal Relations (OSFR) and by state agencies and institutions of higher education that are represented by their employees in the Washington, D.C. office of OSFR shall be considered in-state travel for the purpose of calculating the agencies' compliance with out-of-state travel limitation provisions.

Sec. 5.09. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by § 659.032, Government Code, the per diem of state board and commission members consists of:
 - (1) compensatory per diem, if specifically authorized by law, at \$30 per day; and
 - (2) at the rates provided by this Act for state employees, expense per diem, which includes:
 - (A) reimbursement of actual expenses for meals, at the rates provided by this Act for state employees;
 - (B) lodging at the rates provided by this Act for state employees;
 - (C) transportation at the rates provided by this Act for state employees; and
 - (D) incidental expenses.
- (b) If a law enacted after former Article 6813f, VTCS, (September 1, 1983), authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 5.10. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by § 2110.001, Government Code.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are:
 - (1) specifically authorized by this Act; or
 - (2) approved by the Governor and the Legislative Budget Board subsequent to the effective date of this Act.
- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.
- (f) Unless otherwise specifically provided for in this Act or by the written authorization of the Legislative Budget Board and Governor, and pursuant to Government Code, § 2110.004, total amounts expended in each fiscal year of the biennium for reimbursement of expenses for an

advisory committee authorized to be reimbursed elsewhere in this Act by agencies and institutions, out of funds appropriated to those entities, may not exceed one hundred and twenty-five percent (125%) of total expenditures for reimbursement of the same advisory committee by the agency or institution in fiscal year 2003.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. **Definitions.** In this Act “unexpended balance” or the abbreviation “UB” means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to “unexpended balance” or “UB” is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2008, unless another meaning is clearly indicated.

Sec. 6.02. **Interpretation of Estimates.** In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. **Excess Obligations Prohibited.**

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Texas Building and Procurement Commission may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Texas Building and Procurement Commission under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to § 10, Article XVI, Texas Constitution.

Sec. 6.04. **Interpretation of Legislative Intent.** Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. **Comptroller’s Duty to Pay.** The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. **Last Quarter Expenditures.**

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. **Employee Benefit and Debt Service Items.**

- (a) Funds appropriated in the various Articles of this Act for “Employees Retirement System,” “Social Security State Match,” “Benefit Replacement Pay,” “Texas Public Finance Authority-G.O. Bond Debt Service Payments,” and “Lease-Payments to the Texas Public Finance Authority” may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. **Benefits Paid Proportional by Fund.**

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including “local funds” and “education and general funds” as defined in § 51.009 (a) and (c), Education Code, shall be proportional to the source of funds.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source other than the General Revenue Fund. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (c) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor’s Office, shall develop rules to provide for the administration of this section.
- (d) Each agency or institution of higher education (including a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor’s Office. The State Auditor shall at least biennially review agency and institution (including a community or junior college) compliance with the requirements of this section if the agency or institution (including a community or junior college) receives funds appropriated under Articles II, III, or VI of this Act. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.

Sec. 6.09. **Appropriations from Special Funds.** Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

Sec. 6.10. **Limitation on State Employment Levels.**

- (a) Without the written approval of the Governor and the Legislative Budget Board, a state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution.
- (b) A request by a state agency or institution of higher education to exceed or reduce the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education and must include at a minimum:
 - (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed or reduce the limitation;
 - (3) the source of funds to be used to pay any additional salaries; and
 - (4) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) For the purpose of Subsection (a), the number of FTEs employed by a state agency (not including an institution of higher education or an affiliated entity, the State Preservation Board, Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and Texas Commission on Environmental Quality) for a fiscal quarter:
 - (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
 - (2) shall include only employees paid with funds appropriated through this Act;
 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (d) For the purpose of Subsection (a), the number of FTEs employed by the State Preservation Board, Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, or an institution of higher education or an affiliated entity, for a fiscal year:
 - (1) shall be determined in accordance with the reports filed pursuant to § 2052.103, Government Code;
 - (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include only employees paid with funds appropriated through this Act;
 - (4) shall not include overtime hours; and
 - (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract

workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.

- (e) This section shall not apply to appropriations made by this Act to the:
 - (1) Office of the Governor; or
 - (2) Comptroller when that agency has determined by a cost/benefit analysis that an outsourcing or contracting arrangement provides savings to this State.
- (f) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (g)
 - (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
 - (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
 - (2) With regard to the exemption from the FTE limitations provided by this Subsection (g), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
 - (3) This Subsection (g) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
 - (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (g).
- (h) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.

Sec. 6.11. **Purchases of Postage.**

- (a) If the expenditures for postage by an agency, other than the Legislature or an institution of higher education, exceed \$4,000 for a fiscal year, the agency shall purchase postage only in accordance with § 2113.103(c), Government Code.
- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is hereby appropriated to the agency for postage use.

Sec. 6.12. **Construction Policy.** A state entity receiving an appropriation under this Act may not establish a rule or policy that is inconsistent with the legislative intent that funds appropriated by this Act for construction projects be expended only pursuant to state entity policies that provide the greatest competitive advantage to the state allowable under Chapter 2258, Government Code.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.13. Expenditures for State-Federal Relations.

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to the Washington, D.C. area, including any trip with a destination to the Reagan-National, Dulles, or Baltimore Washington International airports, state agency personnel shall inform the Office of State-Federal Relations regarding:
 - (1) the timing of the trip;
 - (2) the purpose of the trip; and
 - (3) the name of a contact person for additional information.
- (c) Under Subsection (b) the term “travel” is limited to only activities:

- (b) In order to avoid duplication, a state agency, excluding an institution of higher education, may not expend funds appropriated by this Act to conduct or support policy research on a subject within the statutory jurisdiction of another agency without providing prior written notification, to the agency that has the statutory jurisdiction, concerning a work plan and the coordination of resources.

Sec. 6.15. Performance Rewards and Penalties.

- (a) It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:

Only classified employees (including classified employees of institutions of higher education) are eligible for enhanced compensation, and this award shall not exceed 6.8 percent of an employee's annual base pay. To be eligible for this provision, an agency or institution must:

Sec. 6.17. **Accounting for State Expenditures.**

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of funds appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, Skiles Act Debt Service, or "local funds" defined in § 51.009, Education Code, except for tuition and lab fees.

Sec. 6.18. **Fee Increase Notification.** None of the funds appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.

Sec. 6.19. **Consolidated Funds.** Contingent on the enactment of legislation relating to the dedication of funds, the Comptroller, on approval of the Legislative Budget Board, may change an applicable agency's method of financing source name as provided in this Act to reflect changes made by the other legislation that affects the status of the funding source. No change in the amount of the appropriation would be affected by this change.

Sec. 6.20. **Demographic and Statistical Studies.** Before expending funds appropriated by the Act for the purpose of contracting for a consultant or other private assistance in performing a study required by the Legislature that includes statistical or demographic analysis of data, the agency conducting the study shall determine if the resources of the Texas Legislative Council or the Office of the State Demographer and the Texas State Data Center at The University of Texas at San Antonio are available to assist the agency in designing or conducting that component of the study.

Sec. 6.21. **Cost Allocations.** For the purpose of more effective and efficient identification and allocation of costs, and to effect timely payments to employees and vendors, agencies may temporarily charge salary and/or operating costs to appropriations most applicable for the expense being incurred. Upon receipt of more specific information such as personnel-time allocation information for payrolls, or allocation of office supplies or other goods and services, agencies may reimburse the original paying appropriations by transfer from the appropriation to which the expenditure should have been charged. Such transfers must be accomplished within twelve months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation. These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

Sec. 6.22. **Use of Appropriations to Contract for Audits.**

- (a) Notwithstanding any other law, or other sections of this Act, none of the funds appropriated in this Act shall be used by the agencies or institutions of higher education to enter into a contract with an independent audit entity for audit services, except as specified by this section.

Sec. 6.25. **Limitations on Use of Appropriated Funds.** Funds appropriated by this Act, other than those appropriated to an institution of higher education, may be expended only for items set out in the expenditure classifications of the Comptroller's Manual of Accounts insofar that an agency expending the appropriated funds has existing statutory authority for making the expenditures and the expenditures are not otherwise limited or prohibited in this Act.

Sec. 6.26. **Definition, Appropriation, Reporting and Audit of Earned Federal Funds.**

- (a) **Definition.** Earned Federal Funds are defined as all monies received in connection with each entitlement period of a federally funded contract, grant or program, excluding reimbursements under Section 8.02(c) of this Article which are not required by the governing agreement to be distributed thereon. Typically, EFF arise from recoveries of costs previously paid from a nonfederal fund source, indirect cost allocations, interest earned on federal funds, and minor sources such as the sale of fixed assets purchased with federal funds. These funds are received in connection with a federally funded program but are not required by the governing agreement to be distributed on that program. For state accounting purposes, Earned Federal Funds are defined as revenues collected and deposited into the state General Revenue Fund (70000) as Comptroller revenue object codes 3702, 3726, 3750, 3773, 3851, and 3971.
- (b) **Collected Revenue.** General Revenue in the amounts specified by year below is appropriated in agency bill patterns elsewhere in this Act and is contingent on collection of Earned Federal Fund revenues by the following agencies:

 - (2) “Quality Assurance Team” and “QAT” means the quality assurance team established under § 2054.158, Government Code.
- (b) A state agency may not request appropriations for information technology unless the information technology is in a plan approved by the Legislative Budget Board.
- (c) Prior to amending a contract for development of a major information technology project, when the amendment constitutes a 10 percent or greater change, the agency shall notify the Governor, Lieutenant Governor, Speaker of the House, Senate Finance Committee, House Appropriations Committee, and the QAT. For contracts having a total value in excess of \$1.0 million an amendment to the contract that changes the total value of the contract or any element of the contract by more than 10 percent of the total value of the contract is not valid without QAT approval.

Sec. 9.02. Quality Assurance Review of Major Information Resources Projects.

- (a) In this section:
 - (1) “Major information resources project” has the meaning provided by § 2054.003, Government Code.
 - (2) “Quality Assurance Team” and “QAT” means the quality assurance team established under § 2054.158, Government Code.
- (b) A state agency may not expend appropriated funds for a major information resources project unless the project has been reviewed and approved by the Legislative Budget Board in the agency’s biennial operating plan and the QAT. The QAT shall determine approval based on an analysis of the project’s risk. The QAT may request any information necessary to determine a project’s potential risk. The QAT may waive the project review requirements for a project.
- (c) The QAT may require independent project monitoring, project status reporting, project expenditure reporting, or any additional information necessary to assess a project’s on-going potential for success. After a project has been completed, the QAT may also require an agency to submit a project post-implementation evaluation report to determine if the project met its planned objectives. The QAT may take any additional actions or request information as specified in § 2054.1181, Government Code.
- (d) On request by the QAT, the State Auditor’s Office shall provide audit and review of the projects and the information provided by the agencies.
- (e) The QAT may request the assistance of the Comptroller in regard to the accuracy of project expenditures and compliance with this Act.
- (f) The QAT shall provide an annual report to the Governor, Lieutenant Governor, Speaker of the House, the House Appropriations Committee, and Senate Finance Committee on the status of projects under its review by December 1.

 - (2) send the evaluation to the Legislative Audit Committee.
- (h) The Legislative Budget Board may issue guidelines for software development, quality assurance, and the review of major information resources projects.

INFORMATION RESOURCES PROVISIONS (Continued)

- (i) Unless waived by the Legislative Budget Board the QAT shall require each affected agency to:
 - (1) quantitatively define the expected outcomes and outputs for each major information resource project at the outset;
 - (2) monitor cost; and
 - (3) evaluate the final results to determine whether expectations have been met.

Sec. 9.03. **Biennial Operating Plan and Information Resources Strategic Plan Approval.** It is the intent of the Legislature that agencies and institutions of higher education receiving appropriated funds for the acquisition of information technology must have a current Information Resources Strategic Plan and a Biennial Operating Plan including any amendments as approved by the Legislative Budget Board prior to expending any funds for information technology. Information Technology items identified in the Capital Budget Rider must be included and approved in the Biennial Operating Plan or a subsequently approved amendment of the Biennial Operating Plan. The Legislative Budget Board may direct the Comptroller to deny the agency or institution of higher education access to information technology appropriations for non-compliance.

Sec. 9.05. **TexasOnline Project: Occupational Licenses.** Each licensing entity not otherwise authorized to increase occupational license fees elsewhere in this Act is authorized to increase the occupational license or permit fees imposed on the licensing entity's licensees by an amount sufficient to cover the cost of the subscription fee charged by the TexasOnline Project to the licensing entity pursuant to Chapter 2054, Government Code. Each licensing entity provided by Chapter 2054, Government Code and not otherwise authorized to increase occupational license fees elsewhere in this Act is hereby appropriated the additional occupational license or permit fees in excess of the Comptroller's biennial revenue estimate 2008-09 for the sole purpose of payment to the TexasOnline contractor subscription fees for implementing and maintaining electronic services for the licensing entities. Each agency, upon completion of necessary actions to access or increase fees, shall furnish copies of board meeting minutes, an annual schedule of the number of license issuances or renewals and associated annual fee total, and any other supporting documentation to the Comptroller. If the Comptroller finds the information sufficient to support the projection of increased revenues, a notification letter will be issued and the contingent appropriation made available for the intended purposes.

Sec. 9.06. **Texas Online Project: Cost Recovery Fees.** Any cost recovery fees, excluding subscription fees as defined in Subchapter I, Chapter 2054, Government Code, approved by the Department of Information Resources in relation to the TexasOnline Project as authorized under Chapter 2054, Government Code, are hereby appropriated to that agency from the fund to which the fee was deposited for the purpose of paying the costs associated with implementing and maintaining electronic services. - (b) In the event that an agency obtains a lease at a rate lower than existing lease amounts, subsequent to the passage of the Act, the Comptroller shall reduce funds appropriated to each affected agency by an amount equal to the lease costs that would have been incurred for the remainder of the 2008–09 biennium, as determined by the Comptroller. If obtaining a reduced lease rate requires the agency to move its location, the Comptroller shall reduce the agency's appropriations less costs the agency incurs for moving the agency's tenant finish-out expenses as defined by the Texas Building and Procurement Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space in fiscal year 2008 may be paid from fiscal year 2009 appropriations as necessary to facilitate the move.

The recovered funds are hereby appropriated to the agency for its use.
- (c) Agencies that provide employee housing shall report to the Legislature annually all employees who receive agency housing, the fair market rental value of housing supplied by the agency, and the amount of revenue recovered to meet the mandated goals.
- (d) Unless specifically authorized by this Act, a person may not receive housing below the rate established by this section. Individuals authorized by this Act for reduced rate housing are absolutely critical to safe operation of a facility.
- (e) Funds may not be expended to construct additional employee housing.

- (b) At least one year before an agency's lease expires, an agency must notify the Texas Building and Procurement Commission in writing of its intent to renew its existing lease or relocate its offices.

- (d) If an agency notifies the Texas Building and Procurement Commission in writing one year prior to a lease expiration in accordance with Chapter 2167, Government Code, and the Texas Building and Procurement Commission fails to renew/initiate a lease agreement for the agency by the lease expiration date, and an agency is forced to initiate an emergency lease agreement, the Texas Building and Procurement Commission shall have its appropriation reduced in each fiscal year in which the affected agency is in an emergency lease agreement by the dollar amount charged to the agency in addition to the agency's base level rent.
- (e) The Comptroller will make all necessary reductions established in this provision each month of an emergency lease agreement. Funds lapsed by agencies for violation of this provision shall be deposited into the fund in the State Treasury from which they were originally appropriated.
- (f) Additionally, the Texas Building and Procurement Commission shall provide quarterly reports to the Legislative Budget Board and the Governor detailing the number of state agencies holding emergency leases, and providing the status on the progress of terminating the emergency lease agreement.

- (b) A report regarding the amount of savings realized as a result of an early payment discount shall be provided to the Legislative Budget Board by TBPC no later than 30 days subsequent to the date of the duly executed agreement with the landlord. After approval by the Legislative Budget Board, the Comptroller shall reduce the appropriations of the affected agency for each year of the biennium in an amount identified by TBPC and submitted to the Comptroller.

Sec. 11.08. Equipment Maintenance Cost Reductions.

- (a) It is the intent of the Legislature that all state agencies participate in a cooperative effort with the Texas Building and Procurement Commission (TBPC) to reduce equipment maintenance costs. If the TBPC enters into a contract for consulting services related to reducing equipment maintenance costs, each state agency shall use the services provided under the contract to the greatest extent possible.
- (b) By October 1 of each fiscal year TBPC shall report to the Legislative Budget Board and the Governor's Office any savings achieved by agencies or institutions of higher education through use of TBPC procurement services and maintenance services contracts.

The interoperable communications equipment shall be subject to guidelines established by the United States Department of Homeland Security, Office of Domestic Preparedness.
- (d) Except as provided by Subsection (e) of this section, after the establishment of a interoperable communications system by all seven of the state agencies listed under Subsection (b) of this section, no federal communications interoperability grants or funds provided to the State of Texas for distribution to local, county, or municipal government agencies shall be spent by those local, county, or municipal government agencies for new radio equipment purchases unless such funds are first used for equipment to connect to an interoperable system established by the state agencies. The interoperable communications equipment shall be subject to guidelines established by the United States Department of Homeland Security, Office of Domestic Preparedness.

PART 13. OTHER PROVISIONS

Sec. 13.01. **Employee Meal Authorization.** State agencies providing institution-based services, including the Texas Department of Criminal Justice, the Department of Aging and Disability Services, the Department of State Health Services, the Texas Youth Commission, the Texas School for the Blind and Visually Impaired, and the Texas School for the Deaf, may provide meals to employees working in institutional settings and may charge a fee at costs established by the agencies that does not exceed the direct and indirect costs of preparation.

Sec. 13.02. **Bank Fees and Charges.** From interest income appropriated by this Act, amounts may be used for the purpose of paying bank fees and charges as necessary.

Sec. 13.03. **Appropriation: Temporary Assistance for Needy Families (TANF) Federal Funds.**

- (a) For the biennium beginning September 1, 2007, in addition to sums appropriated elsewhere by this Act, the balance of all available TANF federal funds allocated to the State is hereby appropriated for the purposes for which the TANF block grant is made. In the event of an expenditure requirement related to fiscal penalties, caseload growth, or other program needs (such as meeting work participation targets or increasing the capacity to serve TANF recipients facing time-limited benefits), the funds appropriated by this provision and/or the balance of all available TANF federal funds appropriated elsewhere by this Act may be expended and/or transferred as appropriate by the Single State Agency for TANF, subject to the written prior approval of the Governor and the Legislative Budget Board.

- (b) The expenditure of TANF federal funds is hereby limited to those amounts specifically identified and appropriated by this Act, unless specific written approval is made by the Legislative Budget Board and Governor.

Sec. 13.04. **Incentive and Productivity.**

- (a) Net annual savings or revenues realized from employee suggestions implemented by a state agency under rules promulgated by the State Council on Competitive Government must be allocated by the state agency as follows:
 - (1) An amount not to exceed \$5,000 or 10 percent of the annual net savings or revenues attributable to a suggestion implemented by a state agency shall be available for the payment of employee awards under an employee awards program.
 - (2) The remaining amount, equal to at least 90 percent of the original annual net savings or revenues from amounts appropriated to the agency in the fiscal year(s) in which the savings or revenues were realized, shall be retained by the agency to pay for agency operations.

- (b) The net savings or revenues realized in a fiscal year are to be considered encumbered by the agency implementing the suggestion for purposes of carrying out the allocation of funds listed in Subsection (a). The amounts encumbered shall be accounted for in the following manner:
 - (1) Upon implementation of an approved employee suggestion, an agency shall establish a Savings Measurement Account for that suggestion and transfer into this account the share of the projected net first-year savings or revenues attributable to the suggestion during that fiscal year. All balances in these accounts as of August 31, 2007, are appropriated for fiscal year 2008, and all balances in these accounts as of August 31, 2008, are appropriated for fiscal year 2009. At the beginning of the following fiscal year, the agency shall transfer into the Savings Measurement Account the remaining share of the projected net savings or revenues for each approved suggestion.

OTHER PROVISIONS

(Continued)

- (2) At the conclusion of the implementation period for an approved and implemented suggestion, the amount of net savings or revenues certified by the agency and the State Council on Competitive Government shall be compared with the balance in the Savings Measurement Account for that employee suggestion. If the certified net savings or revenue amount exceeds the balances in the Savings Measurement Account, the additional funds shall be derived from that agency's current year appropriations. If the certified net savings or revenue amount is less than the balance in the Savings Measurement Account, the excess amount deposited is available to the agency for expenditures in the current fiscal year for the same purposes as the original source appropriations. The certified net savings or revenues shall be transferred in accordance with Subsection (a).
- (c) In the event that agencies identify statutory, federal or constitutional restrictions on the use of funds in accounts where savings or revenues were generated by approved employee suggestions, agencies are authorized to substitute other funding and appropriation sources for the \$5,000 or 10 percent employee award portion under Subsection (a). All such substitutions for statutory, federal, or constitutional restrictions shall be reviewed and approved by the Comptroller before the substitution of \$5,000 or 10 percent from other funds is adopted.
- (d) The Comptroller and the State Council on Competitive Government shall jointly develop rules for the above provisions of this section.

Sec. 13.05. **Appropriations from State Tax Revenue.** The appropriations from state tax revenue not dedicated by the Constitution for the 2008–09 biennium shall not exceed the Texas Constitution's Article VIII, § 22 limit of \$62,829,000,336 established by the Legislative Budget Board pursuant to § 316.002, Government Code. The limit on appropriations that can be made for the 2008–09 biennium is subject to adjustments resulting from revenue forecast revisions or subsequent appropriations certified by the Comptroller to the 2006–07 biennial appropriations from state tax revenue not dedicated by the Constitution. The Comptroller may adjust the composition of fund and account balances without any net change in balances or change in appropriations so as to ensure compliance with the limit set forth in Article VIII, § 22 of the Texas Constitution.

Sec. 13.06. **Contingency Rider.** It is the intent of the Legislature that appropriations made in this Act be expended only for purposes and programs specifically funded in the Act, and contingency appropriations made for legislation adopted by the Eightieth Legislature be the sole source of funding for implementation of that legislation. No state agency or institution of higher education is required to reallocate or redistribute funds appropriated in this Act to provide funding for programs or legislation adopted by the Eightieth Legislature for which there is not specific appropriation or contingency provision identified in this Act.

Sec. 13.07. **Informational Items.** Object of expense (OOE) listings contained in this Act, and other informational listings are not appropriations, and are merely informational listings that are intended to qualify or direct the use of funds appropriated in agency strategies, or are incidental to the appropriation made in the agency strategies.

Sec. 13.08. **Strategic Sourcing.** Out of funds appropriated elsewhere in this Act, the Texas Building and Procurement Commission and the Department of Information Resources shall implement strategic sourcing initiatives that result in better value for the state for commonly purchased goods and services. A quarterly report on the progress of implementing strategic sourcing initiatives shall be submitted to the Governor and Legislative Budget Board beginning December 1, 2007. A report, in a format prescribed by the Legislative Budget Board, of the savings resulting from strategic sourcing should be submitted to the Governor and Legislative Budget Board before October 1, 2008 and quarterly thereafter.

- (a) Contained in appropriations made to certain agencies by this Act are amounts identified as the “Capital Budget.” Except as provided under this section, none of the funds appropriated by this Act, in excess of amounts restricted to capital budget purposes, may be expended for capital budget purposes without the prior approval of the Governor and Legislative Budget Board.

- (g) Appropriations restricted to capital budget purposes and not identified in a “Capital Budget” as being for lease payments to the master lease purchase program (MLPP) or for other lease-purchase payments may be utilized to make lease payments under MLPP or for other lease or installment payments only if the agency to which the appropriation is made provides a report to the Comptroller specifying the sum of the lease payments to be made during the biennium for the Capital Budget item being acquired. The Comptroller shall reduce the appropriation made by this Act for the Capital Budget item in an amount equal to the difference between the appropriated amount and the sum of the lease payments for the biennium and deposit that amount into the unappropriated balance of the original funding source. In the event that the Comptroller cannot determine the amount appropriated for a specific Capital Budget item, the amount shall be determined by the Legislative Budget Board.

- (h) Funds restricted to “Acquisition of Information Resource Technologies” may also be used to purchase or contract for computer time, facility resources, maintenance, and training.

- (i) (1) An agency may transfer appropriations:

- (b) **Health and Human Services Agencies:** For a health and human services agency listed in Chapter 531, Government Code, that directly responds to the disaster, the Commissioner of Health and Human Services is authorized to transfer funds from another health and human services agency listed in Chapter 531, Government Code to the responding agency, and may transfer funds between the strategies of each agency for the purpose of funding the disaster response subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g).
- (c) **Other Agencies:** An agency other than a health and human services agency listed in Chapter 531, Government Code that directly responds to a disaster may transfer appropriations within the agency, without regard to any limits on transfer of appropriations between strategies, subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g).

From information provided by the Texas Workforce Commission, the Comptroller shall determine the proportionate amount of the reimbursement or payment due from funds other than General Revenue and transfer such funds to the Unemployment Compensation Special Administration Account No. 165. The amounts reimbursed from local funds pursuant to this subsection are hereby appropriated to the Unemployment Compensation Special Administration Account No. 165 for the purpose of reimbursing the Unemployment Compensation Benefit Account No. 937. Such transfers and payments as are authorized under law shall be made not later than the 30th day after the date of receipt of the statement of payments due.

Sec. 15.02. **Payments to the State Office of Risk Management (SORM).**

- (a) In this section:
 - (1) "Agency" includes a state agency as defined under § 2151.002, Government Code, which includes an institution of higher education (except a public junior college) as defined under § 61.003, Education Code, and may also include any other unit of state government as defined by the rules of the SORM, which participates in cost allocation plan provided under this section;
 - (2) "Assessment" means the amount of the workers' compensation assessment placed on an agency by SORM as provided by this section and other relevant law; and
 - (3) "SORM" means the State Office of Risk Management.
- (b) At the beginning of each fiscal year, the SORM shall prepare a statement reflecting the assessments due from all agencies and present it to the Comptroller.
- (c)
 - (1) Notwithstanding other provisions in this Act, agencies shall transfer to SORM seventy-five percent (75%) of their assessed allocation amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts.
 - (2) Not later than May 1 of each fiscal year, SORM shall determine, based on actual costs since the beginning of the fiscal year and other estimated costs, the remaining assessment due from each agency. - (h) Amounts not to exceed 2 percent in total of workers' compensation annual expenditures may be awarded to agencies by SORM for the purposes of risk management and loss prevention. In the event that Strategy A.1.1, Workers' Compensation Payments, funded by the annual assessments to agencies, exceeds 110 percent of the expected annual payments, the portion of the excess over 110 percent funded from all funding sources shall be returned to agencies. The excess returned to the agencies by SORM is appropriated to the agencies for expenditures consistent with the original funding source. An all funds excess of 10 percent or less will be used to lower the cumulative assessments to agencies the following year.
- (i) In the event the total assessments in any year prove insufficient to fund expenditures, SORM may, with the approval of the Legislative Budget Board, temporarily utilize additional general revenue in an amount not to exceed 20 percent of the cumulative assessments for that fiscal year. Any additional general revenue funds will be utilized only for the purpose of temporary cash flow and must be repaid upon receipt of the following year's assessments in accordance with procedures established by the Comptroller. All transfers from and repayments to the General Revenue Fund shall be reported by SORM to the Legislative Budget Board.
- (j) The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.

- (m)
 - (1) None of the money paid to a state governmental entity (as a result of a settlement of litigation, or other arrangement providing revenues or financial benefits as a result of litigation) may be expended by any state government entity unless the Legislative Budget Board is notified in writing by the Attorney General regarding the terms of the settlement or other arrangement and by the state governmental entity receiving the money regarding the plans for the use of the money.  - (2) where it is specifically provided in an item of appropriation that the funds thereby appropriated or expenditures therein authorized may be used for the payment of such judgments or settlements.
- (b) The authorization provided by this subsection does not apply in those cases where the judgment order of the trial court was entered, or a settlement agreement was executed, prior to September 1, 1995.  - (4) the payment of the settlement or judgment would not cause the total amount of payments made by the payer agency for that fiscal year to exceed 10 percent of the total amount of funds available for expenditure by that agency for that fiscal year; and
 - (5) the payment of a settlement or judgment may be made only with a complete release from any and all related claims and causes against the State, and in the case of a judgment, the payment may be made only in full satisfaction of that judgment.
- (c)
 - (1) A state agency shall report a claim for property damage to the Attorney General not later than the second working day after the date the agency receives the claim.

LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

(Continued)

- (2) A state agency shall prepare a voucher for payment of a claim not later than the 10th working day after the date an agreement to settle the claim has been reached.
- (d) Payment of all judgments and settlements prosecuted by or defended by the Attorney General is subject to approval of the Attorney General as to form, content, and amount, and certification by the Attorney General that payment of the judgment or settlement is a legally enforceable obligation of the State. This subsection applies equally to funds appropriated for expenditure through the state treasury, as well as funds appropriated for expenditure from funds held in local banks.

On verification that an agency has not obtained the Attorney General's approval prior to payment of a judgment or settlement, the State Auditor may certify such fact to the Comptroller. The Comptroller may withhold all appropriations for administrative expenses for the involved agency, until the Legislative Audit Committee notifies the Comptroller that the agency's non-compliance has been reviewed and necessary recommendations or changes have been made.

Sec. 16.03. **Expenditures for Representatives of Grievants Prohibited.**

- (a) The funds appropriated by this Act may not be used to pay expenses for salary, travel, or per diem of a public employee who represents grievants in the presentation of grievances concerning wages, hours of work, or conditions of work.

Sec. 17.03. **Grant Restriction.** Funds appropriated by this Act may not be expended for a grant to a law enforcement agency regulated by Chapter 1701, Occupations Code, unless:

Distribution of the grant funds is subject to § 403.071, Government Code.

Sec. 17.05. **Grants for Political Polling Prohibited.** None of the funds appropriated by the Act may be granted to or expended by any entity which performs political polling. Reduction in the Number of Full-time-equivalent (FTE) Positions. The FTE limit shown in the bill patterns of state agencies appropriated funds under this Act are hereby reduced by the amounts shown above for a total of 561.9 FTEs each fiscal year of the biennium.

Employee Benefits. Amounts appropriated in Articles I through VIII of this Act for employee benefits (Social Security, Retirement and Group Insurance) shall be reduced proportionally in accordance with the number of full-time-equivalent positions that are reduced from agency bill patterns (\$12,547,460 in All Funds including \$5,788,975 in General Revenue-related Funds). The Comptroller shall make reductions as follows:

Social Security shall be reduced by \$1,295,666 in General Revenue, by \$269,751 in General Revenue–Dedicated, by \$522,526 in Other Funds, and by \$1,305,060 in Federal Funds for a total of \$3,393,003 in All Funds for the 2008–09 biennium.

Retirement shall be reduced by \$1,092,425 in General Revenue Funds, by \$227,437 in General Revenue–Dedicated Funds, by \$440,561 in Other Funds, and by \$1,100,345 in Federal Funds for a total of \$2,860,768 in All Funds for the 2008–09 biennium.

Group Insurance shall be reduced by \$2,403,334 in General Revenue, by \$500,362 in General Revenue–Dedicated, by \$969,235 in Other Funds, and by \$2,420,758 in Federal Funds for a total of \$6,293,689 in All Funds for the 2008–09 biennium.

Capital Budgets. In addition to amounts authorized elsewhere in this Act, the agencies identified above are authorized to expend the amounts identified above for capital budget items. These capital budget expenditures shall be categorized as “Data Center Consolidation.” In addition, to provide for unanticipated shortages in appropriations made for fiscal year 2008 for the payment of data center consolidation costs, amounts identified above in fiscal year 2009 may be transferred to fiscal year 2008 to pay data center contract costs.

Sec. 18.06. **Redirection of Resources to Address Frew v. Hawkins.** Contingent upon significant funding demands resulting from any required actions of the Frew case, during the 2008–09 biennium, the Health and Human Services Commission shall develop a plan to redirect appropriated General Revenue funds from the Medicaid program to address such funding demands. The plan shall be submitted to the Legislative Budget Board and the Governor and shall include a timeline for action, an estimate of the gross funding need, and an estimate of the transfers (to and from strategies) and other actions needed to implement the plan. Analysis should be prepared at the summary and strategy levels and include all elements requested by the Legislative Budget Board, including method of financing, FTEs, and relevant performance data (including recipient months and average cost). The plan may not be implemented without specific budget execution action by the Legislative Budget Board and the Governor, as provided for under Government Code, Chapter 317.

If the unanticipated funding demands exceed the Health and Human Services Commission plan, the Legislative Budget Board shall also identify other areas of General Revenue spending which could be reduced to address the demand.

Sec. 18.07. **Physical Fitness Standards.** Out of funds appropriated to them, the Department of Public Safety, the Texas Parks and Wildlife Department, and the Texas Alcoholic Beverage Commission shall develop criteria that include fitness and appearance standards for commissioned peace officers employed by each agency. and General Revenue–Dedicated Funds by September 15, 2007 for fiscal year 2008 and by September 15, 2008 for fiscal year 2009.

- (c) Additionally, the number of full-time-equivalent employees (FTEs) in Article I through Article X of this Act is reduced in an amount necessary to implement the reduction of funds in Subsection (a).
