

## COMMERCIAL AND LARGE RESIDENTIAL DEVELOPMENT CODE AND REGULATIONS CHECKLIST FOR DEVELOPMENT PERMITS

In addition to County Code, development permit applicants are expected to comply with other applicable public health and safety laws and regulations prior to approval of a Travis County development permit. Please complete and sign the checklist below to determine which additional requirements may be applicable to your commercial or large residential project, using the guidance information on Pages 3-8, and Attachment A on Pages 9-12 for industrial activities. Some items below, if applicable to your project, will require you to provide specific written documentation of compliance prior to issuance of a County permit, as described and underlined on Pages 3-8. This list is just a minimum and TNR reserves the right to request additional information if necessary. **Please answer each of the following questions by writing yes or no in the space provided:**

### **Storm Water Pollution Prevention Plan (SWP3), Floodplain, Municipal Extra-Territorial Jurisdiction (ETJ)**

1. Will project construction disturb one acre or more, or is it part of a common or phased plan of construction which will disturb one acre or more (total disturbed areas - utilities, landscaping, staging, etc.)? \_\_\_\_\_
2. Is the project within the Extra-territorial Jurisdiction (ETJ) of a City (Austin, Bee Cave, etc.)? \_\_\_\_\_
3. Is the project a commercial development or a residential development 20 acres or greater outside any Municipal ETJ? \_\_\_\_\_
4. Is the project located in the Edwards Aquifer Recharge Zone or Contributing Zone (Precinct 3)? \_\_\_\_\_
5. Is the project located in the Lake Travis Watershed west of the Austin 5 mile ETJ (Precinct 3)? \_\_\_\_\_
6. Will the project permanently alter a Federal Emergency Management Agency (FEMA) 100-year floodplain? \_\_\_\_\_
7. Will the project permanently alter or disturb within a natural creek channel (1/10 acre or more)? \_\_\_\_\_
8. Will the project include a new dam (water impoundment) or alteration of an existing dam? \_\_\_\_\_
9. If the project is located on a lake or river, is a boat dock or pier proposed? \_\_\_\_\_

### **Public Right-of-way, Driveways, Americans with Disabilities Act (ADA)**

10. Will the project require a new or improved driveway access onto a Travis County roadway? \_\_\_\_\_
11. Will the project require cutting into the pavement or the roadside of a Travis County roadway, such as for the installation of utility lines (gas, telephone, cable, electric, etc.)? \_\_\_\_\_
12. Will the project disturb any trees greater than 6" in diameter within County Right-of-way? \_\_\_\_\_
13. Will the project require a new or improved driveway access onto a state roadway? \_\_\_\_\_
14. Does the project includes construction in the county right-of-way of new or remodeled facilities for pedestrian use, such as sidewalks or trails >1:20 slope, parking areas, or buildings w/associated appurtenances? \_\_\_\_\_

### **Balcones Canyonlands Preserve - (west Travis County only)**

15. For projects located west of Mopac Blvd, have you received and understand the attached Informational handout and Application for the Balcones Habitat Conservation Plan (BCCP)? \_\_\_\_\_

**Wastewater, On-Site Sewage Facilities (OSSF)**

- 16. Is there an existing OSSF septic system, or will a new septic system be required? \_\_\_\_\_
- 17. Will the project generate 5,000 gallons or more of waste water per day? \_\_\_\_\_

**Water Wells and Water Supply**

- 18. Will the project require drilling a well for drinking water supply? \_\_\_\_\_
- 19. Will the project require a drinking water supply of 15 connections or more, or serve 25 people or more at least 60 days per year? \_\_\_\_\_

**Quarry and Pit Safety Act**

- 20. Will the project or parcel of land include a new or active (or inactive since 1991), open pit or quarry 5' or deeper within 200 feet of a public (county, state) roadway? \_\_\_\_\_

**Commercial Development** (Only commercial projects are required to fill out items 21-26 below)

- 21. Is the project a non-residential development? \_\_\_\_\_
- 22. Will the project include a Commercial Building, or apartments or condominiums? \_\_\_\_\_
- 23. Will the project include construction and use of a non-residential pool or spa? \_\_\_\_\_
- 24. Will the commercial operations include a new or remodeled food establishment? \_\_\_\_\_
- 25. Will the commercial business serve alcohol? \_\_\_\_\_
- 26. Will the commercial business be a sexually oriented business? \_\_\_\_\_

**Industrial Operations** (Only commercial projects with industrial operations must fill out items 27-34 below)

- 27. Will planned commercial operations fall into one of the Standard Industrial Classification (SIC) Codes on ATTACHMENT A, Page 8-11? \_\_\_\_\_
- 28. Will planned commercial operations include solid waste management, processing, or disposal? \_\_\_\_\_
- 29. Will planned commercial operations have air emissions subject to TCEQ Air Quality Rules? \_\_\_\_\_
- 30. Will the project be an auto salvage yard or operate auto salvage operations? \_\_\_\_\_
- 31. Will site operations include permanent underground storage of any amount, or aboveground storage of more than 1100 gallons, of fuel or hazardous chemicals? \_\_\_\_\_
- 32. Will site operations include aboveground storage of more than 1320 gal.of petroleum products? \_\_\_\_\_
- 33. Will site operations include storage of greater than 10,000 lbs. of hazardous materials? \_\_\_\_\_
- 34. Will site operations generate over 220 lbs./month of hazardous waste or Class I non-hazardous waste? \_\_\_\_\_

Certification: I understand any items above I have indicated applicable to my Permit Application must be addressed as described herein in order for Travis County to issue a Development Permit. I understand misrepresentation can constitute grounds for Travis County to withhold or revoke Development Permit approval.

Signature of Permit Applicant: \_\_\_\_\_ Date: \_\_\_\_\_

**Storm Water Pollution Prevention Plan (SWP3), Floodplain, Municipal Extra-Territorial Jurisdiction (ETJ) – Items 1.-9.**

1. If total project construction disturbs one acre or more (including all disturbed areas), or is part of a common or phased plan of development or lots that will do so, you must implement a **Storm Water Pollution Prevention Plan (SWP3)** that includes **erosion and sediment controls**, to comply with state **General Permit TXR150000**, administered by the Texas Commission for Environmental Quality (TCEQ). If your project requires an SWP3, please provide TNR a copy of the TCEQ **Construction Site Notice – CSN** (1-5 acre projects) or **Notice of Intent – NOI** (5 acres and up). The CSN/NOI must be filled out and signed by the Construction Site Operator. It must include the County Development Permit Number and be posted on the site with other permits:
  - Projects starting construction within 30 days of County permit issuance must provide a copy of the **CSN** or **NOI** prior to issuance of a County Development Permit.
  - Projects starting construction 30 days after permit issuance must send or fax (512-854-4649) a copy of the **CSN** or **NOI** to the TNR Permit Office no later than seven (7) days prior to the start of construction.

Construction sites less than one acre are still required to use **temporary and permanent erosion and sediment controls** when necessary to prevent off-site storm water runoff impacts and permanently stabilize the site, even when an SWP3 plan is not required. This includes most areas of Travis County under existing LCRA, Edwards Aquifer, Austin and other Municipal ETJ rules. For guidance on SWP3s or erosion and sediment controls, please consult with TNR staff or contact the TCEQ Storm Water Team, 512-239-4671, concerning SWP3 requirements.

2. If the project is within the **Extra-Territorial Jurisdiction (ETJ) of a City** (Austin, Bee Cave, etc.), it is the applicant's responsibility to contact the municipality and any utility providers to find out what additional permits are required. Subdivisions in the City of Austin 5 mile ETJ are subject to the County Code Chapter 30 combined County – City of Austin Code. Permits in ETJs must provide a signature approval or permit from the municipal jurisdiction prior to final issuance of a County Development Permit.
3. If the project is a commercial project, or a residential project of 20 acres or more, and is located *outside any municipal ETJs*, development will be required to comply with the **Travis County Interim Water Quality Rules, County Code Chapter 82**, adopted in 2005 by the Commissioners' Court. These rules require SWP3 runoff controls for construction, Buffer Zones setbacks, permanent water quality measures, cut and fill limitations. Please contact the Travis County TNR Permit office at 512-854-4215 for more information.
4. In Precinct 3, if a project is located in the Edwards Aquifer Recharge Zone, or is located in the Edwards Aquifer Contributing Zone and is 5 acres or more, you may be subject to the **TCEQ's Edward Aquifer Rules TAC 30, Chapter 213**. City ETJ and General Permit SWP3 (Item 1. above) can overlap some Edwards requirements, but it is the responsibility of the applicant to address any additional items required. Please contact the TCEQ Edwards Program, at 512-339-2929, for information. Permit Applicants in the Edwards Zone must provide one of the following prior to final issuance of a County Development Permit:
  - A TCEQ Approval Letter for a Water Pollution Abatement Plan (WPAP) in the Recharge Zone, a Contributing Zone Plan (CZP) in the Contributing Zone, an Exception Request, or
  - Written documentation showing that the project is an exempted activity under the Edwards Rules, or
  - A Texas Registered Professional Engineer's Letter stating the project is not applicable.

5. Precinct 3, if the project located in the Lake Travis Watershed west of the City of Austin 5-mile ETJ and west of the Edwards Aquifer Zone, you are subject to the **Lower Colorado River Authority's (LCRA) Highland Lakes Watershed Ordinance (HLWO)**. ALL projects must use temporary and permanent erosion controls for construction, regardless of whether an individual LCRA permit is required. Please contact the LCRA HLWO Administrative Office, at 512-473-3200, Ext. 2324. Non-residential Permit Applicants must provide one of the following prior to final issuance of a County Development Permit:
  - An LCRA HLWO Permit, or
  - An LCRA HLWO “No Permit Required Notification” Form
6. If a project will alter the **Federal Emergency Management Agency’s (FEMA) 100-year floodplain** as shown on the Flood Insurance Rate Map for Travis County, a Conditional Letter of Map Revision from FEMA must be obtained prior to issuance of a County development permit. For more information on FEMA Letter of Map Changes, please contact FEMA’s Map Assistance Center at 1-877 FEMA Map or [www.fema.gov/fhm](http://www.fema.gov/fhm).
7. If the construction project permanently alters or disturbs more than 1/10 acre within the channel bottom of a natural creek or stream, you may be subject to the **U.S. Army Corps of Engineers (USACOE) Section 404 Regulations** for waterways and wetlands. Natural creek channels, whether flowing or dry, should remain undisturbed as much as possible and must remain free of any improvements that cause drainage flow obstructions. Contact the USACE Ft. Worth District Regulatory Branch, at (817) 886-1731, for further information. Non-residential Permit Applicants must provide one of the following prior to final issuance of a County Development Permit:
  - Pre Construction Notification (PCN) Letter to the Corps, or
  - an Authorization Letter (response to the PCN Letter) from the Corps, or
  - A Texas Registered Professional Engineer's Letter stating the project is not applicable
8. New dam construction, or alteration of an existing water impoundment dam structure 6 feet or higher with a maximum storage capacity of 50 acre feet or more may be subject to the dam safety regulations of the state TCEQ, under TAC 30, Chapter 299. Please note new impoundments of any size cannot be built on natural stream tributaries without compliance with 404 regulations outlined in #7 above. Contact the TCEQ Dam Safety Program at 512-239-0400 for further information.
9. Boat docks on the Pedernales River or Lake Travis outside the Austin ETJ follow LCRA standards - contact the LCRA Marina Program at 512-473-3200. Boat docks in the Austin ETJ follow City of Austin standards and permitting – contact the City of Austin Watershed and Development Review Dept, at 512-974-6370, or visit their web site at <http://www.ci.austin.tx.us/development/packets.htm>.

**Public Right-Of-Way, Driveways, ADA. Guidance Information – Items 10-14.**

10. If a new driveway approach onto a Travis County road will be constructed, or an existing driveway approach improved, a **Travis County Driveway In Right of Way Permit application** must be submitted and approved prior to issuance of a County development permit. All new/improved driveway approaches must be constructed to current County standards. Please contact the Travis County TNR Permit office at 512-854-4215 for more information.
11. Any construction in a Travis County Right of Way in addition to driveway approaches, will require a **Travis County Utility Installation Permit**. The contractor who will be doing the work within the Right of Way must obtain this permit prior to any construction in a County Right of Way. Please contact the Travis County TNR Permit office at 512-854-4215 for more information.

12. Disturbance or removal of any trees in existing county right-of-way 6” in diameter of greater must comply with the standards in **County Code Chapter 108, Tree Preservation**, which requires tree protection design measures and tree replacement for significant trees removed. Please contact the Travis County TNR Permit office at 512-854-4215 for more information.
13. When driveway access is onto a state right-of-way (FM, RR, RM, State or US highway, Interstate, etc.) a **Texas Department of Transportation (TxDOT) driveway permit** will be required prior to issuance of a County development permit. For information, please contact TxDOT at 512-832-7112.
14. If yes, the project must comply with Americans with Disabilities Act (ADA) accessibility standards, such as handicapped parking, curb ramps, accessible pedestrian routes, and building standards for doors, stairs, bathrooms, signage, etc. Please contact U.S. Dept. of Justice 800-514-0301, TTY 800-514-0383. Texas Department of Licensing and Regulation 512-463-3211

**Balcones Canyonlands Preserve (BCP) Guidance Information – Item 15.**

15. It is the responsibility of the landowner to comply with the **Federal Endangered Species Act** if it applies to their property. West of Mopac Blvd., landowners can voluntarily participate in the local Balcones Canyonlands Conservation Plan (BCCP) instead of federal permits. Please contact Jennifer Brown, 512-854-7213, or Kevin Connally, 854-7213, with the Travis County BCCP for information. You may also contact the local U.S. Fish and Wildlife Office, at 512-490-0057.

**Wastewater and Septic/On-Site Sewage Facility (OSSF) Guidance Info – Items 16, 17.**

16. If an on-site sewage facility (OSSF) is required to be installed or upgraded, a **Permit to Construct an OSSF** is required to be issued prior to issuance of a County development permit. An exception may be made if the permit applicant agrees in writing to take full responsibility for the OSSF placement. In no case will a County development permit be issued prior to the receipt of a completed OSSF application. Please contact the Travis County TNR Permit office at 512-854-4215 for info. Also, projects located in the areas described below must obtain OSSF approval from the other jurisdictions listed instead of Travis County:
  - OSSF projects within Travis County and within 2,000 feet of Lake Travis (2000 feet from the 691’ contour) are subject to the Lower Colorado River Authority’s (LCRA) review instead of Travis County- Please contact the LCRA OSSF Program, at 512-473-3216.
  - OSSF projects within any City of Austin’s *Limited Purpose City Limits* areas (within their ETJ) are subject to Austin’s OSSF review. If your project is in this area, contact George Smith of the Austin Water Utility’s Utility Development Services Section at 512-972-0267 for more information.
  - For projects with OSSFs in LCRA or the City of Austin’s jurisdiction, proof of application to the appropriate jurisdiction is required prior to the issuance of a County Development Permit.
17. If the project generates more than 5,000 gpd of waste water it is too large to qualify for an OSSF permit and is subject to **TCEQ’s Design Criteria for Sewerage Systems, TAC 30 Chapter 317**. It is the responsibility of the Applicant to design/obtain permits for wastewater treatment facilities or obtain wastewater utility service for any project requiring a development permit from Travis County. Commercial and Residential developments over 20 acres outside ETJs must provide a signed letter of intent for wastewater utility service prior to final approval of a Travis County Development Permit. Contact TCEQ Waste water permits section for further info, James McCain 512-239-4777.

**Water Well and Water Supply Guidance Information – Items 18, 19.**

18. All water wells must be completed by a state-licensed drilling contractor (state water well drilling license). Also, if you are located within The Barton Springs Edwards Aquifer Groundwater Conservation District (BSEACD) in southwest Travis County, you must receive approval from the

District prior to drilling and utilizing water wells or public water supplies. Please contact John Dupnik of the BSEACD, at 512-282-8441.

19. Projects providing public water supply of 15 connections or more, or to 25 people or more for 60 days/year, are required to comply with **30 T.A.C., Chapter 290, requirements for Public Water Supply**. Contact the TCEQ Utility and District Section for Public Water Supply requirements, at 512-239-6947. It is the responsibility of the Applicant to obtain adequate drinking water supply for any project requiring a development permit from Travis County. Commercial developments and residential developments over 20 acres outside ETJs must provide a signed letter of intent for water utility service, and any proposed groundwater supplies must prove adequate capacity according to TCEQ 30 T.A.C., Chapter 230.

**Quarry and Pit Safety Act Guidance Information, Item 20.**

20. If the site or land parcel includes a new or active (or inactive since 1991), open pit or quarry which is 5 feet or deeper and within 200 feet of the edge of a public road, compliance with the **Texas Quarry and Pit Safety Act TAC 16, Part 1, Chapter 11, SB. E** is required. If so, a Safety Certificate approved by the Texas Department of Transportation (TXDOT) a minimum of sixty days before the use of the pit is required before final issuance of a County Development Permit. Please contact the TXDOT Maintenance Division, Pits and Quarries Section, Program Administrator, at 512-416-3076.

**Commercial Development Guidance Information, Items 21-26.**

21. The Travis County Commissioners Court adopted **public notice requirements** for all non-residential developments on October 30, 2007. Prior to issuance of a Development Permit, the permit applicant must send notice to all homeowners associations and neighborhood associations within 1000 feet of the property where the project is to be constructed. Applicants must also send the notice to the Travis County Fire Marshal and the local Emergency Service District. The notice and mailing list must be pre-approved TNR staff. It must be sent by certified mail-return receipt requested. It must include the type of development, proposed use and a site location map. It must also include contact information for the permit applicant or representative and the TNR case manager. The applicant is responsible for providing proof that the notice was sent to the appropriate parties and for informing the TNR case manager of any comments received due to the notice. In no case will the Development Permit be issued prior to 10 working days after the date the notice was sent. For more information on the **public notice requirements**, Please contact the Travis County TNR Permit office at 512-854-4215 for more info.
22. All commercial site and building plans shall be submitted for review, and the construction inspected for compliance with, the requirements of the Travis County Fire Code, by the Travis County Fire Marshal's Office. Please contact the Fire Marshal's Office directly at 512-854-4621 concerning the specific requirements of your project.
23. Non-residential pools and spas must comply with **Texas Health and Safety Code Chapter 265**, enforced by the Austin/Travis County Health and Human Services Department (ATCHHSD). Please contact ATCHHSD at 512-972-5600.
24. Food Establishments must comply with **Travis County Code Chapter 47**, enforced by the Austin/Travis County Health and Human Services Department (ATCHHSD). Please contact ATCHHSD at 512-972-5600.
25. Alcohol/Liquor sales and businesses must comply with the **Texas Alcoholic Beverage Code** and must be reviewed and licensed by the Texas Alcoholic Beverage Commission (TABC), as well as several Travis County departments, including the County Clerk, Austin/Travis County Health and Human Services Department (ATCHHSD), County Judge, and Tax Assessor. Please contact the

Austin District of the TABC, at 512-451-0231 for information on how to apply for this review and licensing process.

26. Sexually oriented business must comply with **Travis County Code Chapter 50 and 51**. Please contact the Wayne Samson with Travis County Sheriff's Department, at 512-854-6440, to secure permits before the final issuance of a county development permit.

**Commercial Development – Industrial Operations Guidance Information, Items 27.-34.**

27. If site operations fall into one of the Standard Industrial Classification (SIC) Codes on ATTACHMENT A, on pages 8-11, you may be subject to **TCEQ's TPDES General Permit TXR050000 for industrial sites** that discharge storm water associated with industrial activities. Please contact the TCEQ Water Quality Division, Storm Water and General Permits Program, at 512-239-4671, for information. Applicable industrial operations must provide the following prior to issuance of a County development permit:
- a. An TCEQ NOI and SWP3 in compliance with the Industrial General Permit, or
  - b. A TCEQ "No Exposure" Certificate, with a letter from Texas Registered Professional Engineer stating the project will not have a discharge ("no exposure") from site industrial activities.
28. If site operations include solid or liquid waste processing or disposal, a Solid Waste Notification, Registration, or Permit must be issued by TCEQ as required under **TCEQ Municipal Solid Waste Rules TAC 30, Chapter 330**, or Chapters 312 (Sludge Use, Disposal, Transportation), or 332 (Composting). Applicable County Code solid waste requirements (Chapter 64.070-071) must also be met before final issuance of a county development permit. Contact TCEQ Municipal Solid Waste Permitting, at 512-239-6671, or 512-239-2334.
29. If site operations are subject to **TCEQ Air Quality Rules TAC 30, Chapters 101-122**, a TCEQ Permit By Rule (PBR) Approval Letter, or TCEQ Air Quality Permit is required prior to final issuance of a county development permit. Please contact the TCEQ air quality permit section for information, at 512-239-1250.
30. Auto salvage yards must comply with **Travis County Code Chapter 49**, enforced by the Austin/Travis County Health and Human Services Department (ATCHHSD). Please contact ATCHHSD at 512-972-5600.
31. If site operations include permanent underground storage of any amount of fuel or hazardous chemicals, or aboveground storage of more than 1100 gallons, it is the responsibility of the applicant to ensure compliance with **TCEQ's Underground and Aboveground Storage Tank Rules, TAC 30, Chapter 334**. Please provide a signed and issued TCEQ Petroleum Storage Tank (PST) Construction Notification or TCEQ letter of receipt of such before final issuance of a county development permit. Please contact the TCEQ PST Division, at 512-239-2200. PST construction in the Edwards Aquifer Recharge Zone will require a TCEQ UST or AST Facility Plan in addition to the above. Please also check with the Travis County Fire Marshall at 512-854-4621 for any requirements under the Travis County Fire Code (see item 22. above). NOTE: Temporary fuel/oil tanks over 250 gallons used during site construction do not require a TCEQ permit if used less than 12 months, but these tanks must be addressed in the site's SWP3 Plan.
32. If site operations include aboveground storage of more than 1320 total gallons of petroleum products, it is the responsibility of the applicant to prepare a Spill Prevention Control and Countermeasures (SPCC) Plan per **40CFR, Part 112**. Travis County will not delay final issuance of

a development permit, but an SPCC Plan must be prepared by a Registered Professional Engineer within six months of beginning operations. Contact EPA Region 6 in Dallas for SPCC information, at (214) 665-2273.

33. If site operations include aboveground annual storage of greater than 10,000 lbs. of federally listed hazardous substances, or greater than 500 lbs. of 365 listed extremely hazardous substances, compliance with the Tier II reporting of the **Federal Emergency Planning and Right-to-Know Act (EPCRA)** is required. Travis County will not delay final issuance of a development permit, but it is the responsibility of the applicant to submit a Tier II Annual Report to the Texas Department of Health (TDH) by March 1<sup>st</sup> of the calendar year for the previous year. This information is copied to the Travis County Local Emergency Planning Committee (LEPC) for public information and emergency response purposes. For information on Tier II and EPCRA requirements, please contact the TDH Hazard Communication Branch, at (800) 452-2791, or (512) 834-6603.
34. If site operations generate over 220 lbs./month of hazardous waste or Class I non-hazardous waste, the site qualifies as a Small Quantity Generator under **TCEQ's Industrial and Hazardous Wastes Rules, TAC 30, Chapter 335**. The County will not delay final issuance of a development permit, but it is the operator's responsibility to register with TCEQ at least 90 days prior to commencing these site activities. Please Contact the TCEQ Industrial and Hazardous Waste Registration and Reporting Division, at 512-239-6413.

| 3281       | Cut Stone and Stone Products   |
| 3297       | Non-Clay Refractories  |
| 3271- 3275 | Concrete, Lime, Gypsum and Plaster Products  |
| 3291, 3292 | Asbestos Products  |
| 3295       | Minerals and Earth's, Ground, or Otherwise Treated                                       |
| 3296       | Mineral Wool   |
| 3299       | Nonmetallic Mineral Products, Not Elsewhere Classified                                   |

### **SECTOR F: PRIMARY METALS**

| <b>SIC Code</b> | <b>Description of Industry Sub-sector</b>                    |
|-----------------|--|
| 3312-3317       | Steel Works, Blast Furnaces, and Rolling and Finishing Mills |
| 3321-3325       | Iron and Steel Foundries                                     |
| 3331-3339       | Primary Smelting and Refining of Nonferrous Metals           |
| 3341            | Secondary Smelting and Refining of Nonferrous Metals         |
| 3351-3357       | Rolling, Drawing, and Extruding of Nonferrous Metals         |
| 3363-3369       | Nonferrous Foundries (Castings)                              |
| 3398,3399       | Miscellaneous Primary Metal Products                         |

### **SECTOR G: METAL MINING (ORE MINING AND DRESSING)**

| <b>SIC Code</b> | <b>Description of Industry Sub-sector</b> |
|-----------------|---|
| 1011            | Iron Ores                                 |
| 1021            | Copper Ore Mining and Dressing            |
| 1031            | Lead and Zinc Ores                        |
| 1041,1044       | Gold and Silver Ores                      |
| 1061            | Ferro alloy Ores, Except Vanadium         |
| 1081            | Metal Mining Services                     |
| 1094,1099       | Miscellaneous Metal Ores                  |

### **SECTOR H: COAL MINES AND COAL MINING RELATED FACILITIES**

| <b>SIC Code</b> | <b>Description of Industry Sub-sector</b>     |
|-----------------|---|
| 1221-1241       | Coal Mines and Coal Mining-Related Facilities |

### **SECTOR I: OIL AND GAS EXTRACTION FACILITIES**

| <b>SIC Code</b> | <b>Description of Industry Sub-sector</b> |
|-----------------|---|
| 1311            | Crude Petroleum and Natural Gas           |
| 1321            | Natural Gas Liquids                       |
| 1381-1389       | Oil and Gas Field Services                |
| 2911            | Petroleum Refineries                      |

### **SECTOR J: MINERAL MINING AND DRESSING FACILITIES**

| <b>SIC Code</b> | <b>Description of Industry Sub-sector</b>        |
|-----------------|--|
| 1411            | Dimension Stone                                  |
| 1422-1429       | Crushed and Broken Stone, Including Rip Rap      |
| 1442,1446       | Sand and Gravel Mining                           |
| 1455,1459       | Clay, Ceramic, and Refractory Materials          |
| 1474-1479       | Chemical and Fertilizer Mineral Mining           |
| 1481            | Nonmetallic Minerals, Except Fuels               |
| 1499            | Miscellaneous Nonmetallic Minerals, Except Fuels |

### **SECTOR K: HAZARDOUS WASTE TREATMENT, STORAGE, OR DISPOSAL FACILITIES**

| <b>Activity Code</b> | <b>Description of Industry Sub-sector</b>      |
|----------------------|--|
| HZ                   | Limited to Hazardous Waste Storage or Disposal |

### **SECTOR L: LANDFILLS AND LAND APPLICATION SITES**

| <b>Activity Code</b> | <b>Description of Industry Sub-sector</b> |
|----------------------|---|
|----------------------|---|

|  |   |
|--|---|
| LF   | Limited to Landfills, Land Application Sites , and Open Dumps that Receive or Have Previously Received Industrial Waste, including sites subject to regulation under Subtitle D of the Resource Conservation and Recovery Act (RCRA). |
| <b>SECTOR M: AUTOMOBILE SALVAGE YARDS</b>  |   |
| <b>SIC Code</b>  | <b>Description of Industry Sub-sector</b>   |
| 5015   | Automobile Salvage Yards  |
| <b>SECTOR N: SCRAP AND WASTE RECYCLING FACILITIES</b>                                      |   |
| <b>SIC Code</b>  | <b>Description of Industry Sub-sector</b>   |
| 5093   | Scrap Recycling Facilities (Scraps include metals, paper, plastic, cardboard, glass, animal hides, used oil, antifreeze, mineral spirits, industrial solvents and other materials)  |
| <b>SECTOR O: STEAM ELECTRIC GENERATING FACILITIES</b>                                      |   |
| <b>Activity Code</b>   | <b>Description of Industry Sub-sector</b>   |
| SE   | Limited to Steam Electric Generating Facilities   |
| <b>SECTOR P: LAND TRANSPORTATION AND WAREHOUSING</b>                                       |   |
| <b>SIC Code</b>  | <b>Description of Industry Sub-sector</b>   |
| 4011,4013  | Railroad Transportation   |
| 4111-4173  | Local and Highway Passenger Transportation  |
| 4212-4231  | Motor Freight Transportation and Warehousing  |
| 4311   | United States Postal Service  |
| 5171   | Petroleum Bulk Stations and Terminals   |
| <b>SECTOR Q: WATER TRANSPORTATION</b>  |   |
| <b>SIC Code</b>  | <b>Description of Industry Sub-sector</b>   |
| 4412-4499  | Water Transportation  |
| <b>SECTOR R: SHIP AND BOAT BUILDING OR REPAIRING YARDS</b>                                 |   |
| <b>SIC Code</b>  | <b>Description of Industry Sub-sector</b>   |
| 3731,3732  | Ship and Boat Building or Repairing Yards   |
| <b>SECTOR S: AIR TRANSPORTATION</b>  |   |
| <b>SIC Code</b>  | <b>Description of Industry Sub-sector</b>   |
| 4512-4581  | Air Transportation Facilities   |
| <b>SECTOR T: TREATMENT WORKS</b>   |   |
| <b>Activity Code</b>   | <b>Description of Industry Sub-sector</b>   |
| TW   | Treatment Works   |
| <b>SECTOR U: FOOD AND KINDRED PRODUCTS FACILITIES</b>                                      |   |
| <b>SIC Code</b>  | <b>Description of Industry Sub-sector</b>   |
| 2011-2015  | Meat Products   |
| 2021-2026  | Dairy Products  |
| 2032-2038  | Canned, Frozen and Preserved Fruits, Vegetables and Food Specialties  |
| 2041-2048  | Grain Mill Products   |
| 2051-2053  | Bakery Products   |
| 2061-2068  | Sugar and Confectionery Products  |
| 2074-2079  | Fats and Oils   |
| 2082-2087  | Beverages   |
| 2091-2099  | Miscellaneous Food Preparations and Kindred Products  |
| 2111-2141  | Tobacco Products  |
| <b>SECTOR V: TEXTILE MILLS, APPAREL, AND OTHER FABRIC PRODUCT MANUFACTURING FACILITIES</b> |   |
| <b>SIC Code</b>  | <b>Description of Industry Sub-sector</b>   |
| 2211-2299  | Textile Mill Products   |

|   |   |
|---|---|
| 2311-2399   | Apparel and Other Finished Products Made From Fabrics and Similar Materials               |
| 3131-3199   | Leather and Leather Products, except Leather Tanning and Finishing                        |
| <b>SECTOR W: FURNITURE AND FIXTURES</b>   |   |
| <b>SIC Code</b>   | <b>Description of Industry Sub-sector</b>   |
| 2434  | Wood Kitchen Cabinets   |
| 2511-2599   | Furniture and Fixtures  |
| <b>SECTOR X: PRINTING AND PUBLISHING</b>  |   |
| <b>SIC Code</b>   | <b>Description of Industry Sub-sector</b>   |
| 2711-2796   | Printing, Publishing, and Allied Industries   |
| <b>SECTOR Y: RUBBER, MISC. PLASTIC PRODUCTS, AND MISC. MANUFACTURING FACILITIES</b>                     |   |
|   | <b>SIC Code Description of Industry Sub-sector</b>  |
| 3011  | Tires and Inner Tubes   |
| 3021  | Rubber and Plastics Footwear  |
| 3052,3053   | Gaskets, Packing, and Sealing Devices and Rubber and Plastics Hose and Belting            |
| 3061,3069   | Fabricated Rubber Products, Not Elsewhere Classified                                      |
| 3081-3089   | Miscellaneous Plastics Products   |
| 3931  | Musical Instruments   |
| 3942-3949   | Dolls, Toys, Games and Sporting and Athletic Goods  |
| 3951-3955 (except 3952)   | Pens, Pencils, and Other Artists' Materials SIC 3952 See Sector                           |
| 3961, 3965  | Costume Jewelry, Costume Novelties, Buttons, and Misc. Notions, Except Precious Metal     |
| 3991-3999   | Miscellaneous Manufacturing Industries  |
| <b>SECTOR Z: LEATHER TANNING AND FINISHING</b>  |   |
| <b>SIC Code</b>   | <b>Description of Industry Sub-sector</b>   |
| 3111  | Leather Tanning and Finishing   |
| <b>SECTOR AA: FABRICATED METAL PRODUCTS FACILITIES</b>  |   |
| <b>SIC Code</b>   | <b>Description of Industry Sub-sector</b>   |
| 3411-3499   | Fabricated Metal Products, Except Machinery and Transportation Equipment                  |
| 3911-3915   | Jewelry, Silverware, and Plated Ware  |
| <b>SECTOR AB: TRANSPORTATION EQUIPMENT, INDUSTRIAL OR COMMERCIAL MACHINERY MANUFACTURING FACILITIES</b> |   |
| <b>SIC Code</b>   | <b>Description of Industry Sub-sector</b>   |
| 3511-3599<br>(except 3571-3579)   | Industrial and Commercial Machinery (except Computer and Office Equipment, see Sector AC) |
| 3711-3799<br>(except 3731,3732)   | Transportation Equipment (except Ship and Boat Building and Repairing, see Sector R)      |
| <b>SECTOR AC: ELECTRONIC, ELECTRICAL, PHOTOGRAPHIC, AND OPTICAL GOODS</b>                               |   |
| <b>SIC Code</b>   | <b>Description of Industry Sub-sector</b>   |
| 3571-3579   | Computer and Office Equipment   |
| 3612-3699   | Electronic, Electrical Equipment and Components, except Computer Equipment                |
| 3812-3873   | Measuring, Analyzing and Controlling Instrument; Photographic and Optical Goods           |
| <b>SECTOR AD: MISCELLANEOUS INDUSTRIAL ACTIVITIES</b>   |   |
| <b>SIC Code</b>   | <b>Description of Industry Sub-sector</b>   |
| Not applicable  | Miscellaneous Industrial Activities Designated by the Executive Director                  |
