Fno	SIGNAL HILL, TEX - USGS 7.5 angered Species Habitat and F		e Svstem	Golden-cheeked Warbler -	LEGEND Zone 1 E	lack-capped Vireo Habitat		NONL	
	This map is based on property data from the Travis Central Appr data available prior to September 1996. The biological data is to for particulate in the Beaper Construction of the Section 2010 and 1000 and 1000 and 1000 and 1000 and 1000 and	alsal District and general biological be used solely to calculate costs		(Confirmed habitat) Golden-cheeked Warbler-		CP Preserve Area (proposed	1)	SCANVONLANDS :	Ņ
	This map is based on the Spectra of the second seco	(BCCP), and not to calculate "take" The potential preserve boundary, have been verified by teh USFWS. ity for participation in the BCCP or but the BCCP.	l	(Unconfirmed habitat)		ndangered Cave Species Ha arst Zones 1 & 2	bitat		ţ
	to change based on available information and concurrence of the committee. Any such changes will go into effect on March 1st of	USFWS and the BCCP coordinating the years specified by the USFWS.		Golden-cheeked Warbler - (Not known to be habitat)		alcones Canyonland Wildlife	Refuge (proposed)		Λ

for participation in the Balcones Canyonlands Conservation Plan (BCCP), and not to calculate "take"
as determined by the U.S. Fish and Wildlife Service (USFWS). The potential preserve boundary,
endangered species habitat, and karst data depicted on this map have been verified by teh USFWS.
The delineation for karst does not identify cave locations. Eligibility for participation in the BCCP
will be determined by the proximity to caves identified for protection by the BCCP. The map is subject
to change based on available information and concurrence of the USFWS and the BCCP coordinating
committee. Any such changes will go into effect on March 1st of the years specified by the USFWS.
While every effort has been made to ensure the accuracy of the data, neither Travis County, the City
of Austin, nor the USFWS are liable for any errors in the data. Errors brought to our attention will be
researched and corrected.

Preserve and Refuge are not within the BCCP permit area. Please contact the US Fish and Wildlife Service for development information.

- Karst Zones 1 & 2
 - Balcones Canyonland Wildlife Refuge (proposed)
- DATA SOURCES Habitat: U.S. Fish and Wildlife Service H Preserve Area: City of Austin/Travis County R Hydrography: U.S. Geological Survey C
 - Highways & Roads: City of Austin, Travis County TNR Railroads: U.S. Census Bureau County Boundary: Travis County TNR
