Section A: Is the Vessel New or Used?

- 'New' is defined as: Brand new vessels purchased from a Dealer, Distributor, or Manufacturer; or a newly built homemade vessel. Typically, these vessels have not been used other than in a demonstration by the Dealer, Distributor or Manufacturer.
- 'Used' is defined as: Any vessel with an existing TPWD title or registration record, any vessel that is recorded in another state or country, any USCG documented vessel, or any vessel that is not currently on record and does not have a Manufacturers Statement of Origin or is not newly homemade.

Section B: Is the Vessel From Out of State or USCG Documented?

1. If the vessel is coming from another state or country, check "yes," attach completed PWD 504, and enter the name of the state or country. Enter the title or registration number or if the vessel was not registered or titled, leave the "title/registration number" box blank. **If the vessel is titled in another state, you must submit the original out-of-state title with this application (form PWD 143). If the vessel is registered in another state that does not title vessels, you must submit the original out-of-state registration certificate with this application (form PWD 143).**
2. If the vessel is United States Coast Guard (USCG) documented, check "yes" and enter the USCG documentation number, vessel name, and the hailing port city and state.
3. If the vessel is coming from out of state or is USCG documented, check the box to indicate whether the ownership documentation is in the name of the applicant or the previous owner's name.

- Enter the vessel serial/hull ID number in the space provided. This is REQUIRED information and is typically found at the back of the boat on the transom. The vessel serial/hull ID number can also be found on the title and Certificate of Number ID Card.
- If the vessel is currently recorded with TPWD enter the Texas registration number in the space provided. This number should be displayed on both sides of the bow. Example: TX-0123-AB. The vessel registration number can also be found on the Certificate of Number ID Card and on the title. If you do not have this number, leave this space blank.

- If the vessel was acquired from a Dealer, Distributor or Manufacturer from outside of Texas, check the box. If it was not, leave this box blank.
- If a Game Warden inspection is required, check the box. If the vessel is newly homemade, or if the vessel is manufactured but has no serial number, a Game Warden inspection is required. Contact the nearest TPWD law enforcement office to review documents and make arrangements for an inspection. Attach a completed PWD 736.

Section D: How Did You Acquire this Vessel?

- Make one selection that best describes how the applicant acquired the vessel.

Section E: Select the Type of Transaction You are Requesting.

Select one of the transaction options listed:

- **Title and Registration** – Titling a vessel provides a Certificate of Title, which is the legal documentation of ownership. Registration of a vessel is required when you want to use this vessel on Texas public waters such as lakes, rivers, creeks or coastal waters. Sailboats less than 14 feet, canoes, kayaks, punts, rubber rafts and rowboats when they are paddled, poled, oared or windblown are not required to be registered. Registration provides a set of decals for display on the vessel and expires after two years. Once registered, you will receive a registration renewal notice prior to expiration. **If you are transferring ownership of a titled vessel, you must submit the original title along with this application (form PWD 143).**
Note: If a title correction is needed or if the applicant wishes to obtain extra Certificate of Number ID Card(s) for a vessel that has already been titled and registered in the applicant's name in the state of Texas, please use Vessel/Boat Records Maintenance (PWD 143M).
- **Title only** – Titling a vessel provides a Certificate of Title, which is the legal documentation of ownership. Selecting this option will not add or renew registration on a vessel. If the vessel has never been registered, no registration will be provided. If a vessel has been previously registered, the registration will remain in effect.
- **Registration for USCG Documented Vessel** – Effective 1/1/2004, vessels 115 feet or less in length that are documented with the United States Coast Guard are required to be registered if used on Texas public waters such as lakes, rivers, creeks or coastal waters. USCG documented commercial vessels engaged in coastal shipping (tugs, crew boats, pilot boats) are exempt from registration. Registration provides a set of decals for display on the vessel and expires after two years. Once registered, you will receive a registration renewal notice prior to expiration.
Note: The purchaser of a vessel that is 65 feet or less in length is required to pay boat sales tax (6.25%) to TPWD. The purchaser of a vessel longer than 65 feet is required to pay sales and use tax to the Texas State Comptroller. Taxes are due within 20 working days from the date of delivery. If payment for tax has already been made, verification of payment must be provided at the time of registration. Boat sales tax has been a state law since 10/1/1991.
- **Pay Sales Tax Only** – This applies when the vessel is exempt from titling and registration or you have a qualifying reason to pay sales tax only. A qualifying reason must be chosen from the list provided. The seller must fill in the date of sale and sales price under the Tax Affidavit Section N items 1-3 and sign Section O.

Section F: Purchaser/Applicant – This Should Be the Name and Address of the Primary Owner.

- Provide the name, address, phone number, and citizenship information for the primary owner to whom the vessel will be registered/titled or who is paying Sales Tax Only. If the applicant is a business, or another entity other than an individual, list the citizenship status for the individual who is financially responsible for the business or entity.

Section G: Co-Owner(s).

- If there are additional owners, provide the name, address, phone number and citizenship information for the co-owner(s) of the vessel.
- **Rights of Survivorship** – Indicates that both the owner and the co-owner(s) agree that the ownership of the vessel is to be held jointly and in the event of the death of any party the ownership of the vessel will belong to the survivor(s). To make this selection, check the Rights of Survivorship box on the application and attach a completed Rights of Survivorship Ownership Agreement for a Boat and/or Outboard Motor (PWD 790).

Section H: Lien Holder(s).

- If you have financed the purchase of this vessel, provide the name, address, phone number, and the date the lien was issued for the first lien holder of the vessel. If there is a second lien holder, check the box and attach another sheet to the application that includes the lien holder name, address and the date the lien was issued.
