

Under the provisions of Section 413.031 of the Texas Workers' Compensation Act, Title 5, Subtitle A of the Texas Labor Code, effective January 1, 2002 **or January 1, 2003** and Commission Rule 133.305 and 133.308 titled Medical Dispute Resolution by Independent Review Organizations, the Medical Review Division assigned an IRO to conduct a review of the disputed medical necessity issues between the requestor and the respondent.

The Medical Review Division has reviewed the IRO decision and determined that **the requestor prevailed** on the issues of medical necessity. Therefore, upon receipt of this Order and in accordance with §133.308(r)(9), the Commission hereby orders the respondent and non-prevailing party to **refund the requestor \$650.00** for the paid IRO fee. For the purposes of determining compliance with the order, the Commission will add 20 days to the date the order was deemed received as outlined on page one of this order.

In accordance with §413.031(e), it is a defense for the carrier if the carrier timely complies with the IRO decision.

Based on review of the disputed issues within the request, the Medical Review Division has determined that **medical necessity was the only issue** to be resolved. The treatment/service rendered 3-7-02 was found to be medically necessary. The respondent raised no other reasons for denying reimbursement for these charges.

On this basis, and pursuant to §§402.042, 413.016, 413.031, and 413.019 of the Act, the Medical Review Division hereby ORDERS the respondent to pay the unpaid medical fees in accordance with the fair and reasonable rate as set forth in Commission Rule 133.1(a)(8) plus all accrued interest due at the time of payment to the requestor within 20 days of receipt of this order. This Order is applicable to date of service 3-7-02 in this dispute.

The respondent is prohibited from asserting additional denial reasons relative to this Decision upon issuing payment to the requestor in accordance with this Order (Rule 133.307(j)(2)).

This Order is hereby issued this 10th day of June 2003.

Dee Z. Torres

NOTICE OF INDEPENDENT REVIEW DECISION

Date: March 26, 2003

Requester/ Respondent Address: Rosalinda Lopez
TWCC
4000 South IH-35, MS-48
Austin, Texas 78704-7491

RE: MDR Tracking #: M5-03-0346-01
IRO Certificate #: 5242

___ has been certified by the Texas Department of Insurance (TDI) as an independent review organization (IRO). The Texas Workers' Compensation Commission (TWCC) has assigned the above referenced case to ___ for independent review in accordance with TWCC Rule §133.308 which allows for medical dispute resolution by an IRO.

___ has performed an independent review of the proposed care to determine if the adverse determination was appropriate. In performing this review, relevant medical records, any documents utilized by the parties referenced above in making the adverse determination and any documentation and written information submitted in support of the appeal was reviewed.

The independent review was performed by an orthopedic surgeon/physician reviewer who is board certified in orthopedic surgery. The orthopedic surgeon/physician reviewer has signed a certification statement stating that no known conflicts of interest exist between him or her and any of the treating physicians or providers or any of the physicians or providers who reviewed the case for a determination prior to the referral to for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to this case.

Clinical History

Claimant underwent a decompressive multi-level laminectomy and instrumentation and fusion on 03/07/02. Intraoperatively, somatosensory evoked potential (SSEP) monitoring was performed.

Requested Service(s)

Intraoperatively, somatosensory evoked potential (SSEP) monitoring.

Decision

I disagree with the insurance carrier and find the services medically necessary.

Rationale/Basis for Decision

Intraoperative monitoring of SSEP during spinal surgery is deemed to be medically necessary and within accepted standards of care. The opinion rendered as to the medical necessity of

SSEP's in this case is not intended to address the reasonableness of the coding documentation per se.

This decision by the IRO is deemed to be a TWCC decision and order.

In accordance with Commission Rule 102.4(h), I hereby verify that a copy of this Independent Review Organization (IRO) Decision was sent to TWCC via facsimile or U.S. Postal Service from the office of the IRO on this 27th day of March 2003.
