Dates of Service		CPT Code(s) or Description	Amount in Dispute	Amount Due
From	To			
10-6-03	10-9-03	Inpatient Hospitalization	\$50,832.34	\$0.00

PART III: REQUESTOR'S POSITION SUMMARY

M – Code used improperly to designate reimbursement pursuant Acute In-Patient Stop Loss per Fee Guideline.

PART IV: RESPONDENT'S POSITION SUMMARY

The surgical procedure performed required the use of implantables. The total amount billed for the implantables was \$38,888, leaving a balance of \$66,383.74 for the other hospital services. The implantables are to be reimbursed at cost + 10%...The Requestor has yet to submit the cost invoices for the implantables. The Respondent properly paid \$26,903.97 based upon the documentation submitted by the Provider, and correctly coded its denial "M" – no Maximum Allowable Reimbursement per Fee Guidelines.

PART V: MEDICAL DISPUTE RESOLUTION REVIEW SUMMARY, METHODOLOGY, AND/OR EXPLANATION

This dispute relates to inpatient services provided in hospital setting with reimbursement subject to the provisions of Rule 134.401 (Acute Care Inpatient Hospital Fee Guideline). The hospital has requested reimbursement according to the stop-loss method contained in that rule. Rule 134.401(c)(6) establishes that the stop-loss method is to be used for "unusually costly services." The explanation that follows this paragraph indicates that in order to determine if "unusually costly services" were provided, the admission must not only exceed \$40,000 in total audited charges, but also involve "unusually extensive services."

The discharge summary indicates that "Postoperatively, the patient did well."

After reviewing the documentation provided by both parties, it does **not** appear that this particular admission involved "unusually extensive services." Accordingly, the stop-loss method does not apply and the reimbursement is to be based on the per diem plus carve-out methodology described in the same rule.

The total length of stay for this admission was 3 days (consisting of 3 days for surgical). Accordingly, the standard per diem amount due for this admission is equal to \$3354.00(3 times \$1,118.00). In addition, the hospital is entitled to additional reimbursement for (implantables/MRIs/CAT Scans/pharmaceuticals) as follows:

Invoice \$8573.00 + 10% = \$9430.30.
TMC Orthopedic \$1025.00 + 10% = \$1127.50.

TOTAL of Invoices = \$10,557.80

TOTAL of Invoices and Per Diem/ Surgery \$10,557.80 + \$3354.00 = \$13,911.80

The insurance carrier paid \$25,878.97 for the inpatient hospitalization based upon "M – No MAR." Per Rule 134.401(c)(5) this admission did not qualify as a fair and reasonable reimbursement methodology. Implants are to be paid at cost + 10% per Rule 134.401(c)(4).

Considering the reimbursement amount calculated in accordance with the provisions of rule 134.401(c) compared with the amount previously paid by the insurance carrier, we find that additional reimbursement is not due for these services.

PART VI: COMMISSION DECISION

Based upon the review of the disputed healthcare services, the Medical Review Division has determined that the requestor is **not** entitled to additional reimbursement.
