Carrier further failed to audit according to TWCC Rule 134.401(C)(6)(A)(v).

PART IV: RESPONDENT'S POSITION SUMMARY

Requestor billed a total of \$47,354.81. The Requestor asserts it is entitled to reimbursement in the amount of \$35,516.11, which is 75% of the total charges. Requestor has not shown entitlement to this alternative, exceptional method of calculating reimbursement and has not otherwise properly calculated the audited charges.

PART V: MEDICAL DISPUTE RESOLUTION REVIEW SUMMARY, METHODOLOGY, AND/OR EXPLANATION

This dispute relates to inpatient services provided in hospital setting with reimbursement subject to the provisions of Rule 134.401 (Acute Care Inpatient Hospital Fee Guideline). The hospital has requested reimbursement according to the stop-loss method contained in that rule. Rule 134.401(c)(6) establishes that the stop-loss method is to be used for "unusually costly services." The explanation that follows this paragraph indicates that in order to determine if "unusually costly services" were provided, the admission must not only exceed \$40,000 in total audited charges, but also involve "unusually extensive services."

After reviewing the documentation provided by both parties, it does **not** appear that this particular admission involved "unusually extensive services." Accordingly, the stop-loss method does not apply and the reimbursement is to be based on the per diem plus carve-out methodology described in the same rule.

The total length of stay for this admission was 8 days (consisting of 8 days for surgical). Accordingly, the standard per diem amount due for this admission is equal to \$4472.00 (4 times \$1,118). The claimant was admitted through the Emergency room with high fever. Claimant had undergone spinal surgery on 9-2-03. On 9-22-03, debridement of lumbar wound down to bone was done. The final four days were denied based upon not preauthorized. The medical records do not support a medical emergency per rule 134.600; therefore, preauthorization was required for final four days.

The insurance carrier paid \$4472.00 for the inpatient hospitalization.

Considering the reimbursement amount calculated in accordance with the provisions of rule 134.401(c) compared with the amount previously paid by the insurance carrier, we find that no additional reimbursement is due for these services.

PART VI: COMMISSION DECISION

Based upon the review of the disputed healthcare services, the Medical Review Division has determined that the requestor is **not** entitled to additional reimbursement.
