## PART III: REQUESTOR'S POSITION SUMMARY

Requestor did not submit a Position Summary; however, the Requestor's rationale on the Table of Disputed Services states that per TWCC contract total charges exceed \$40,000 are reimbursed @ 75%. Audited charges are patient convenience items and non-covered charges.

## PART IV: RESPONDENT'S POSITION SUMMARY

Position Summary states in part, "...Here, the initial \$40,000 threshold has not been exceeded.. The "total charges" less "deducted charges" (including personal items, undocumented services, services unrelated to the compensable injury, duplicative charges, upcoded services unbundled services, implantables, orthotics, prosthetics and pharmaceuticals in excess of \$250 per does), results in "audited charges" which do not exceed \$40,000. Cost-plus reimbursement for the above-referenced services is applicable as such are included in "deducted charges"..."

## PART V: MEDICAL DISPUTE RESOLUTION REVIEW SUMMARY, METHODOLOGY, AND/OR EXPLANATION

This dispute relates to inpatient services provided in hospital setting with reimbursement subject to the provisions of Rule 134.401 (Acute Care Inpatient Hospital Fee Guideline). The hospital has requested reimbursement according to the stop-loss method contained in that rule. Rule 134.401(c)(6) establishes that the stop-loss method is to be used for "unusually costly services." The explanation that follows this paragraph indicates that in order to determine if "unusually costly services" were provided, the admission must not only exceed \$40,000 in total audited charges, but also involve "unusually extensive services."

After reviewing the documentation provided by both parties, it does **not** appear that this particular admission involved "unusually extensive services." Accordingly, the stop-loss method does not apply and the reimbursement is to be based on the per diem plus carve-out methodology described in the same rule.

The total length of stay for this admission was 4 days (consisting of 4 days for surgical). Accordingly, the standard per diem amount due for this admission is equal to \$4,472.00 (4 times \$1,118). In addition, the hospital is entitled to additional reimbursement for (implantables/MRIs/CAT Scans/pharmaceuticals) as follows:

EIB Invoice:	\$ 7,376.00
Blood & Tissue Center Invoice:	<u>2,450.00</u>
Total Implantables	\$ 9,826.00
10%	<u>982.60</u>
Cost + 10% Total:	\$10,808.60
4 days Per Diem:	<u>4,472.00</u>
Total Reimbursement:	\$15,280.60
Less Carrier payment:	<u>(12,960.25)</u>
Reimbursement Due:	\$ 2,320.35

Based on the facts of this situation, the parties' positions, and the application of the provisions of Rule 134.401(c), we find that the health care provider is entitled to a reimbursement amount for these services equal to \$2,320.35.

**PART VI: COMMISSION DECISION AND ORDER**

Based upon the review of the disputed healthcare services, the Medical Review Division has determined that the requestor is entitled to additional reimbursement in the amount of \$2,320.35. The Division hereby **ORDERS** the insurance carrier to remit this amount plus all accrued interest due at the time of payment to the Requestor within 20-days of receipt of this Order.
