PART III: REQUESTOR'S POSITION SUMMARY

Carrier remitted to the provider \$5,313.80 for an uninterrupted inpatient stay. The rule states that such an uninterrupted inpatient stay as this if over \$40,000.00 qualifies for a stoploss reimbursement. The carrier ignored the rule 134.401(6) and deemed as reimbursement as fair and reasonable. Further the criteria the carrier has set out for stoploss reimbursement is not required by rule 134.401(6). Provider therefore, seeks an order from the commission for the carrier to pay the amount in dispute.

PART IV: RESPONDENT'S POSITION SUMMARY

Position statement was not submitted.

PART V: MEDICAL DISPUTE RESOLUTION REVIEW SUMMARY, METHODOLOGY, AND/OR EXPLANATION

This dispute relates to inpatient services provided in hospital setting with reimbursement subject to the provisions of Rule 134.401 (Acute Care Inpatient Hospital Fee Guideline). The hospital has requested reimbursement according to the stop-loss method contained in that rule. Rule 134.401(c)(6) establishes that the stop-loss method is to be used for "unusually costly services." The explanation that follows this paragraph indicates that in order to determine if "unusually costly services" were provided, the admission must not only exceed \$40,000 in total audited charges, but also involve "unusually extensive services."

After reviewing the documentation provided by both parties, it does **not** appear that this particular admission involved "unusually extensive services." Accordingly, the stop-loss method does not apply and the reimbursement is to be based on the per diem plus carve-out methodology described in the same rule.

The total length of stay for this admission was 2 days (consisting of 2 days for surgical). Accordingly, the standard per diem amount due for this admission is equal to \$2236.00 (2 times \$1,118). In addition, the hospital is entitled to additional reimbursement for (implantables/MRIs/CAT Scans/pharmaceuticals) as follows:

Based on a reimbursement of \$3077.80, it appears that the carrier found that the cost for the implantables was \$2,798.00 (reimbursed amount divided by 110%). Cost invoices to support additional reimbursement per Rule 134.401(c)(4) were not submitted.

The insurance carrier paid \$5,313.80 for the inpatient hospitalization.

Considering the reimbursement amount calculated in accordance with the provisions of rule 134.401(c) compared with the amount previously paid by the insurance carrier, we find that no additional reimbursement is due for these services.

PART VI: COMMISSION DECISION

Based upon the review of the disputed healthcare services, the Medical Review Division has determined that the requestor is **not** entitled to additional reimbursement.
