PART III: REQUESTOR'S POSITION SUMMARY

IC failed to pay per TWCC Rule 134.401 Acute Care Inpatient Hospital Fee Guideline and SOAH decision 453-04-3600.M4...Per TWCC Rule 134.401(c)(6)...claim pays @ 75% of total charges as charges exceed \$40,000.00 stop-loss threshold. Carrier further failed to audit according to TWCC Rule 134.401(C)(6)(A)(v).

PART IV: RESPONDENT'S POSITION SUMMARY

After auditing of the bill by the Carrier in accordance with the Rules, the total bill was \$38,938.21. The bill did not meet the threshold for stop-loss reimbursement. Consequently, the Carrier reimbursed the Provider a total of \$7,768.72. Reimbursement was based on the surgical per diem multiplied by the two day inpatient stay plus reimbursement of the implantables at cost plus 10%.

PART V: MEDICAL DISPUTE RESOLUTION REVIEW SUMMARY, METHODOLOGY, AND/OR EXPLANATION

This dispute relates to inpatient services provided in hospital setting with reimbursement subject to the provisions of Rule 134.401 (Acute Care Inpatient Hospital Fee Guideline). The hospital has requested reimbursement according to the stop-loss method contained in that rule. Rule 134.401(c)(6) establishes that the stop-loss method is to be used for "unusually costly services." The explanation that follows this paragraph indicates that in order to determine if "unusually costly services" were provided, the admission must not only exceed \$40,000 in total audited charges, but also involve "unusually extensive services."

After reviewing the documentation provided by both parties, it does **not** appear that this particular admission involved "unusually extensive services." Accordingly, the stop-loss method does not apply and the reimbursement is to be based on the per diem plus carve-out methodology described in the same rule.

The total length of stay for this admission was 2 days (consisting of 2 days for surgical). Accordingly, the standard per diem amount due for this admission is equal to \$2,236.00(2 times \$1,118). In addition, the hospital is entitled to additional reimbursement for (implantables/MRIs/CAT Scans/pharmaceuticals) as follows:

Carrier paid \$5473.97 for implantables based upon cost +10%.

TOTAL of Invoices and Per Diem/ Surgery \$5473.97 + \$2236.00 = \$7,709.97

The insurance carrier paid \$7768.72 for the inpatient hospitalization.

Considering the reimbursement amount calculated in accordance with the provisions of rule 134.401(c) compared with the amount previously paid by the insurance carrier, we find that no additional reimbursement is due for these services

PART VI: COMMISSION DECISION

Based upon the review of the disputed healthcare services, the Medical Review Division has determined that the requestor is **not** entitled to additional reimbursement.
