#### PART II: MEDICAL DISPUTE RESOLUTION REVIEW SUMMARY, METHODOLOGY, AND/OR EXPLANATION

Texas Labor Code 413.011(a-d) titled *Reimbursement Policies and Guidelines* and Division Rule 134.202 titled *Medical Fee Guideline*, effective August 1, 2003, sets out reimbursement guidelines. The Division will resolve medical fee disputes according to Rules 133.305, 133.307, 134.801 (c)(2) and other rules.

- 1. This dispute relates to procedures/services that were billed under CPT codes 99213 and 99080-73 rendered on 4-19-06 that were denied reimbursement by the insurance carrier based upon "29-The time limit for filing has expired; and 731 134.801 & 133.20 provider shall not submit a medical bill later than the 95<sup>th</sup> day after the date of service, for service on or after 9/1/05" according to Rule 133.250(c)(1).
- 2. Rule 102.4(h), titled <u>General Rules for Non-Commission Communication</u>, states "Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on:
  - (1) the date received, if sent by fax, personal delivery or electronic transmission or,
  - (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent shall be the next previous day which is not a Sunday or legal holiday."
- 3. Section 408.027(a) of the Labor Code states, "A health care provider shall submit a claim for payment to the insurance carrier not later than the 95th day after the date on which the health care services are provided to the injured employee. Failure by the health care provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment."
- 4. The Requestor did not submit convincing evidence to support position that CMS-1500s were submitted timely to the Respondent per Section 408.027(a). The Requestor originally submitted the CMS-1500 with CPT code 99214 to the Respondent on 5-11-06. The Respondent denied reimbursement for CPT code 99214 based upon the documentation did not support level of service billed; therefore, the Requestor re-billed the office visit with CPT code 99213. This billing of CPT code 99213 constitutes a new bill. The Requestor noted on this CMS-1500 that it was a corrected claim but dated it 5-18-06, the same is the original. The Division considers that the correct date for this new bill was around 8-11-06, the date of the letter the requestor wrote the carrier appealing the lack of payment.
