Section §413.011(a-d) titled, *Reimbursement Policies and Guidelines*, and Division Rule 134.202 titled, *Medical Fee Guideline* effective August 1, 2003, set out the reimbursement guidelines.

1. This dispute relates to CPT code 99214 and Respondent's denial based upon denial reasons:
 - "105 – Additional information needed to review charges.
 - W1 – Workers' Compensation State Fee Schedule adj.
 - 18 – Duplicate claim/Service.
 - R1 – Duplicate billing.
 - W4 – No additional payment allowed after review.
 - Documentation as submitted does not contain enough information to support the level of visit billed.
 - 99214-Established patient or other outpatient visit does not meet the required documentation for this office visit per 1995 E&M guidelines."

2. Per Rule 134.202(b), CPT code 99214 is defined as "Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three key components: a detailed history; a detailed examination; medical decision making of moderate complexity. Counseling and/or coordination of care with other providers or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Physicians typically spend 25 minutes face-to-face with the patient and/or family."

3. Per Rule 133.1(D)(E)(i), Documentation submitted does not support the level of service billed; therefore, reimbursement is not recommended.
