**PART II: REQUESTOR'S POSITION SUMMARY AND PRINCIPLE DOCUMENTATION**

The Requestor has not submitted a Position Summary; however, the Requestor's rationale on the Table of Disputed Services states, "E/M level is coded appropriately – See attached documentation."

Principle Documentation:

2. CMS 1500(s)

**PART III: RESPONDENT'S POSITION SUMMARY AND PRINCIPLE DOCUMENTATION**

Respondent's Position Summary: "The requestor reports using the AMA's 1995 E&M Documentation Guidance as a basis for determining which level of E&M service to code for the disputed date of service. Those same guidelines indicate that for an extended E&M service, i.e. code 99214, an extended review of systems must be documented. The requestor's documentation reflects the examining physician did document a review of the claimant's health history but does not document when that review was done as required by the 1995 E&M Documentation Guidelines. Since the claimant's health history has not been documented as reviewed, the documentation of this E&M level of service is incomplete."

Principle Documentation:

1. Response to DWC 60

**PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION**

Section §413.011(a-d) titled, *Reimbursement Policies and Guidelines*, and Division Rule 134.202 titled, *Medical Fee Guideline* effective August 1, 2003, set out the reimbursement guidelines.

1. This dispute relates to CPT code 99214 and Respondent's denial based upon denial reasons:
  - "150 – Payment adjusted because the payer deems the information submitted does not support this level of service.
  - 890 – This level of service is being disputed as it does not meet the-components as defined in the CPT book.
  - 891 – The insurance company is reducing or denying payment after-reconsideration.
  - W4 – No additional reimbursement allowed after review of appeal/reconsideration."
  
2. Per Rule 134.202(b), CPT code 99214 is defined as "Office or other outpatient visit for the evaluation and management of an established patient, which requires at least two of these three key components: a detailed history; a detailed examination; medical decision making of moderate complexity. Counseling and/or coordination of care with other providers or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are of moderate to high severity. Physicians typically spend 25 minutes face to face with the patient and/or family."
  
3. Per Rule 133.210, documentation submitted does not support the level of service billed; therefore, reimbursement is not recommended.
