1. All meeting dates subject to change due to holidays and special meetings
2. Schedule typically follows the above dates. However, an item can be tabled by the Commission or the Council for a specified period of time.
3. Zone Changes require approval of an ordinance by two separate readings of the ordinance at two separate City Council Meetings.
4. The Planning and Zoning Commission makes recommendations to the City Council on all Zoning matters. The Tomball City Council is solely responsible for approval or denial of all requests, with exception to cases heard by the Board of Adjustments.
