

Guadalupe River

State Park

Spend the day on a beautiful Texas river.

Guadalupe River State Park

Limestone bluffs and huge bald cypress trees cling to the banks of the Guadalupe River, the focal point of this beautiful park. The river's sparkling waters attract people who come to swim, wade, tube, canoe and fish. Tubers especially enjoy the four areas of rapids in the river. Nature lovers with sharp eyes may catch a glimpse of a rare golden-cheeked warbler or one of the park's many other wild inhabitants.

Camping: campsites with water only or water/electricity.

Picnicking: day-use area with tables overlooking river.

Fishing: from the river bank.

Swimming: at your own risk in the river. Also canoeing and tubing.

Birdwatching: numerous permanent residents and seasonal migrants, including sightings of the endangered golden-cheeked warbler.

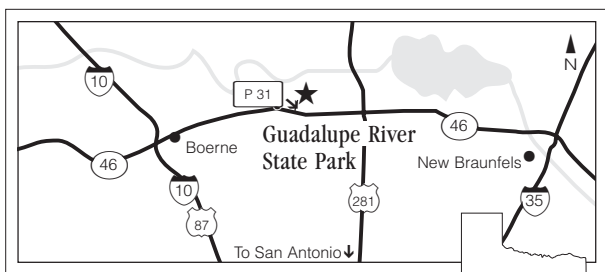

Interpretive Nature Programs: call ahead for times.

Hiking: two-mile trail winding along the river.

Texas State Parks Store: unique gifts, books, etc.

Located in Comal and Kendall counties, 30 miles north of downtown San Antonio, 13 miles east of Boerne on Texas 46, or eight miles west of U.S. 281 on Texas 46, then three miles on Park Road 31.
