

Request for Volunteer Electric POLRS for 2009-2010

Pursuant to PUC Substantive Rule 25.43 the Public Utility Commission of Texas is requesting voluntary POLR providers (VREPs) for the remainder of the 2009-2010 term. A Preliminary list of Retail Electric Providers that are considered qualified to volunteer to provide POLR service in specific market areas has been filed in Project No. 36967 and has also been posted to Electric Projects - <http://www.puc.state.tx.us/electric/projects/36967/36967.cfm>.

Voluntary designations should be filed in Project No. 36967 no later than July 31, 2009. Portions of the information submitted by the VREP may be filed as confidential. However, once finalized, aggregate information will be posted for each market area. Any questions on this matter may be directed to John Costello or Christine Wright of the Commission Staff.
