

Date & Time of Contact	Employee Contacted	Brief Description of Contact	Registered Lobbyist's Name	Registered Lobbyist's Title	Firm or Organization	Client
Tuesday 6/2; 5:26pm	Steve Meacham, Senior Staff Associate	NSF responded to a 5/29 email from the lobbyist in which he had requested an appointment for two members of a university's senior management team to meet with NSF staff to discuss their ideas for ARI-R2 and MRI-R2. In its response, NSF noted that ARI-R2 proposals will be subjected to merit review by experts drawn from outside NSF and that NSF would not be able to provide feedback on the merits of particular proposal ideas. NSF suggested that instead of a visit, the university staff submit by email any questions seeking clarification of the meaning of language in the ARI-R2 solicitation.	Joel M. Widder	Partner	Oldaker, Belair & Whittie	University of Chicago
