

lands, much of it derived from these energy and mineral development reports. As EMDP projects produce reports with large amounts of raw and processed data, analyses and assays, DEMD requires that deliverable products be provided in digital format, along with printed hard copies.

Reports can be provided in either Microsoft Word or Adobe Acrobat PDF format. Spreadsheet data can be provided in Microsoft Excel, Microsoft Access, or Adobe PDF formats. All vector figures should be converted to PDF format. Raster images can be provided in PDF, JPEG, TIFF, or any of the Windows metafile formats.

- **Number of Copies.** When a tribe prepares a contract for energy and mineral development, it must describe the deliverable products and include a requirement that the products be prepared in standard format (see format description above). Each energy and mineral development contract will provide funding for a total of six printed and six digital copies to be distributed as follows:

(a) The tribe will receive two printed and two digital copies of the EMDP report.

(b) DEMD requires four printed copies and four digital copies of the EMDP report. DEMD will transmit one of these copies to the tribe's BIA Regional Office, and one copy to the tribe's BIA Agency Office. Two printed and two digital copies will then reside with DEMD. These copies should be forwarded to the DEMD offices in Lakewood, Colorado, to the attention of the "Energy and Mineral Development Program."

All products generated by EMDP studies belong to the tribe and cannot be released to the public without the tribe's written approval. Products include all reports and technical data obtained during the study such as geophysical data, geochemical analyses, core data, lithologic logs, assay data of samples tested, results of special tests, maps and cross sections, status reports, and the final report.

J. Requests for Technical Assistance

DEMD staff may provide technical consultation (*i.e.*, work directly with tribal staff on a proposed project), provide support documentation and data, provide written language on

specialized sections of the proposal, and suggest ways a tribe may obtain other assistance, such as from a company or consultant specializing in a particular area of expertise. However, the tribe is responsible for preparing the executive summary, justification, and scope of work for their proposal.

The tribe must notify DEMD in writing that they require assistance, and DEMD will then appoint staff to provide the requested assistance. The tribe's request must clearly specify the type of technical assistance desired.

Requests for technical assistance should be submitted well in advance of the proposal deadline established in the **DATES** section of this solicitation to allow DEMD staff time to provide the appropriate assistance. DEMD will not accept requests for technical assistance that are received after May 27, 2010. Tribes not seeking technical assistance should also attempt to submit their EMDP proposals well in advance of the deadline to allow DEMD staff time to review the proposals for possible deficiencies and allow time to contact the tribe with requests for revisions to the initial submission.

[Docket No. MMS-2008-MRM-0018]

Major Portion Prices and Due Date for Additional Royalty Payments on Indian Gas Production in Designated Areas Not Associated With an Index Zone

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of major portion prices for calendar year 2008.

SUMMARY: Final regulations for valuing gas produced from Indian leases, published August 10, 1999, require MMS to determine major portion prices and notify industry by publishing the prices in the **Federal Register**. The regulations also require MMS to publish

a due date for industry to pay additional royalties based on the major portion prices. This notice provides major portion prices for the 12 months of calendar year 2008.

DATES: The due date to pay additional royalties based on the major portion prices is June 28, 2010.

FOR FURTHER INFORMATION CONTACT: John Barder, Manager, Team B, Western Audit and Compliance, Minerals Revenue Management; telephone (303) 231-3702; fax number (303) 231-3755; e-mail *John.Barder@mms.gov*; or Mike Curry, Team B, Western Audit and Compliance, Minerals Revenue Management; telephone (303) 231-3741; fax (303) 231-3755; e-mail *Michael.Curry@mms.gov*. Mailing address: Minerals Management Service, Minerals Revenue Management, Western Audit and Compliance Management, Team B, P.O. Box 25165, MS 62220B, Denver, Colorado 80225-0165.

SUPPLEMENTARY INFORMATION: On August 10, 1999, MMS published a final rule titled "Amendments to Gas Valuation Regulations for Indian Leases" at 64 FR 43506 with the effective date January 1, 2000. The gas regulations apply to all gas production from Indian (tribal or allotted) oil and gas leases, except leases on the Osage Indian Reservation.

The rule requires that MMS publish major portion prices for each designated area not associated with an index zone for each production month beginning January 2000, along with a due date for additional royalty payments. See 30 CFR 206.174(a)(4)(ii) (2009). If additional royalties are due based on a published major portion price, the lessee must submit an amended Form MMS-2014, Report of Sales and Royalty Remittance, to MMS by the due date. If you do not pay the additional royalties by the due date, MMS will bill you late payment interest under 30 CFR 218.54. The interest will accrue from the due date until MMS receives your payment and an amended Form MMS-2014. The table below lists the major portion prices for all designated areas not associated with an index zone. The due date is 60 days after the publication date of this notice.

National Conservation Training Center Logo

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce our adoption of a representation logo for the Fish and Wildlife Service’s National Conservation Training Center (NCTC, Center) in Shepherdstown, West Virginia. We will use this new logo as the Center’s official graphic representation, for the specific purpose of providing a unified, consistent visual image for the Center’s training products and other items, including course

materials, hospitality products, artwork, and other promotional materials that identify the Center and support its mission.

DATES: Effective April 27, 2010.

FOR FURTHER INFORMATION CONTACT:

Richard DeVries; telephone: 304/876-7656; fax: 304/876-7241; e-mail: Richard_DeVries@fws.gov.

SUPPLEMENTARY INFORMATION: We

designate the indicated graphic depiction of the National Conservation Training Center’s “Entry-Auditorium” building and the words “National Conservation Training Center” as the official logo of NCTC in Shepherdstown, West Virginia.

We establish this logo for use on any training course materials, hospitality products, artwork, or other promotional materials related to the training curriculum, operations, and mission of the National Conservation Training Center. The logo is for the express use of NCTC’s management and staff for uses including course notebooks, guest room writing tablets and envelopes, beverage containers, on-campus signs and banners, and studio-set artwork for distance-learning television broadcasts. No one outside of the FWS may use the logo “without” the approval of the Director of the FWS. Any unauthorized use of the logo will constitute a violation 18 U.S.C. 701 and subject the violator to possible fines and imprisonment. Examples of approved uses by outside groups could include, but are not limited to, stationery,

calendars and postcards, clothing, and coffee mugs.

The NCTC logo will be used as standalone artwork and will not be used with the official Department of the Interior seal, the Fish and Wildlife Service seal, or any other Federal department or agency logos.

The NCTC logo may not be mechanically or electronically altered, cut apart, separated, or otherwise distorted in perspective or appearance, including the removal or redesign of the words “National Conservation Training Center.” No text will be shown in conjunction with this logo except for the approved words “National Conservation Training Center.”

The NCTC logo will always be presented as a single solid color, without gradients or other variant graphical treatments, with noticeable contrast to the background on which it is presented. The preferred color for the NCTC logo is “NCTC Green” (PMS 5555 or C56/M35/Y46/K5 or R119/G140/B133). Secondary preferred colors are “NCTC Red” (PMS 7428 or C0/M80/Y45/K55 or R132/G43/B55) or 100 percent Black.

The NCTC logo will not be reproduced smaller than 1 inch wide or with a font size smaller than 4.5 points.

The Graphic Design and Publishing Branch of the National Conservation Training Center is solely responsible for the management and use of the NCTC logo, and for guaranteeing adherence to requirements governing the use of this logo, including communicating logo
