

### Table 3. Resident Population Projections: 2009 to 2050

[307,212 represents 307,212,000. As of July 1. Projections are based on assumptions about future births, deaths, and net international migration. More information on methodology and assumptions is available at <<http://www.census.gov/population/www/projections/methodstatement.html>>]

Year	Number (1,000)	Percent change <sup>1</sup>	Year	Number (1,000)	Percent change <sup>1</sup>	Year	Number (1,000)	Percent change <sup>1</sup>
2009 . . . . .	307,212	1.0	2023 . . . . .	351,018	0.9	2037 . . . . .	395,961	0.8
2010 . . . . .	310,233	1.0	2024 . . . . .	354,235	0.9	2038 . . . . .	399,184	0.8
