Table 563. Number of Emergency and Transitional Beds in Homeless Assistance Systems Nationwide: 2007

units

prevent illness or death due to the weather.

IData include beds located in Puerto Rico, Guam, and the Virgin Islands, Data are based on a nationally representative sample of 80 jurisdictions that collect data from emergency shelters and transitional providers. The data estimate homeless persons who used emergency shelters or transitional housing from January 1 through June 30, 2007. As a compliment to the survey a "Con-

tinuum of Čare" community was derived from each jurisdiction in order to estimate the number of unsheltered homeless persons and the number of emergency shelter and transitional housing beds available on a single night in January 2007. The data do not include homeless individuals living outside a sampled jurisdiction or homeless individuals not using an emergency shelter or a transitional housing program. For more information on data collection and methodology, see Appendix B of source]

Emergency shelters Transitional housing Total inventory Permanent supportive housing	34,621 64,570	98,287 111,368 209,655 72,481	113,164 99,837 213,001 116,155	211,451 211,205 422,656 188,636	(NA) 21,025	36,477 (NA) 36,477 (NA)				
NA Not available. 1 Year-round beds are available for use throughout the year and are considered part of the stable inventory of beds for homeless persons. 2 Seasonal beds are typically available during particularly high-demand seasons of the year (a) winter months in the Squitble to recommendate increased need for emperagency shelters to										

year (e.g. winter months in the North or summer months in the South) to accommodate increased need for emergency shelters to prevent illness or death due to the weather.

3 Overflow beds are typically used during unanticipated emergencies

beds

beds round beds

(e.g., precipitous temperature drops or a natural disaster that displaces residents). Voucher beds are made available in a hotel or motel, and often function like overflow beds. Source: U.S. Department of Housing and Urban Development, The Second Annual Homeless Assessment Report to

Congress (released March 2009). See also http://www.hudhre.info/documents/2ndHomelessAssessmentReport.pdf>,
