DENR ARRA-funded programs:

Clean Water State Revolving Fund (CWSRF)

- The Department of Environment and Natural Resources, Division of Water Quality, Construction Grants & Loans Section (CG&L) is administering \$70,729,100 to fund wastewater system improvements.
- \$68,641,807 awarded to 51 projects in 32 counties.
- The program will create or retain an estimated 636 jobs.

Drinking Water State Revolving Fund (DWSRF)

- The Department of Environment and Natural Resources, Division of Environmental Health, Public Water Supply Section is administering \$65,625,000 to fund drinking water infrastructure projects.
- \$64,285,048 awarded to 65 projects in 41 counties.
- The program will create or retain an estimated 590 jobs.

Underground Storage Tank Funds

- The Department of Environment and Natural Resources, Division of Waste Management, Underground Storage Tank Section is administering \$7,554,000 to fund assessment and cleanup of contamination from approximately 172 “orphan” high-risk underground storage tank sites.
- Contracts will be awarded to as many as four contractors and two laboratory service providers.
- The state will hire two hydrogeologists to direct and oversee the work.
- The program will create or retain an estimated 46 jobs.

Wildfire Management Funds

- The Department of Environment and Natural Resources, Division of Forestry Resources is administering \$4,666,000 to fund hazardous fuels reduction, forest health and ecosystem improvement activities on State and private lands.
- The state will create or retain 4.5 jobs to manage the program.

Clean Diesel Funds

- The Department of Environment and Natural Resources, Division of Air Quality is administering \$1,730,000 to fund two programs. The first program will award a subgrant to one organization to administer a rebate program for Auxiliary Power Unit or Heavy-Duty Diesel replacements for long haul trucks. The second program and the bulk of the grant (\$1.1M) selects projects to reduce mobile emissions from diesel engines.
- These programs will create or retain an estimated 30 jobs.

Water Quality Management Funds

- The Department of Environment and Natural Resources, Division of Water Quality is administering \$714,000 to fund water quality planning, monitoring, assessment and reporting for watershed restoration programs.
- The state will create or retain one job.
- The program will support operational expenses for 10 jobs plus additional jobs in communities that receive pass-through funds.
