

Section 15: Community Service Block Grant (CSBG)

10/09/2009

CSBG funds are to be used in a wide variety of anti-poverty activities. Local nonprofits, called Community Action Agencies, are the agencies administering the CSBG funds within communities. Per federal requirements, the amount of funding a particular community action agency receives is based on the amount of funding the same agency received in previous years. At the state level, CSBG is administered by the Office of Economic Opportunity, within the Department of Health and Human Services.
