Project Abstract: The Child and Family Services Division is mandated by both state and federal laws to provide protective services to children who are abused, neglected, or abandoned. This includes receiving and investigating reports of child abuse and neglect and helping families stay together or reunite, and finding placements in foster or kinship homes. ARRA funding will result in a higher federal contribution for these services.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project ID: 690100000000008 **Project Name:** Weatherization **Project Category:** Energy and Weatherization **Sub Class:** 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5706000014 **Project Name:** Big Hole Spring Creek **Project Category:** Water and Environment **Sub Class:** 540W6

Project Abstract: The Beaverhead Conservation District Big Hole Spring Creek and Water Quality Enhancement Project proposes to rehabilitate three spring creek sources and direct them into one new channel. The new channel, which follows a historic channel, will flow into the Big Hole River at year-round at temperatures between 45 and 52 degrees Fahrenheit. The existing slough provide sub-irrigation to adjacent pastures along the river bottom without the damaging effects of thermal loading to the Big Hole River.

Project ID: 5706000029 **Project Name:** E. Bench ID Canal Lining **Project Category:** Water and Environment **Sub Class:** 540W6

Project Abstract: The East Bench Irrigation District (EBID) is located near Dillon, MT in Beaverhead County and serves about 22,960 acres and 155 farms or ranches on a 53-mile-long canal. EBID identified approximately 4,320 feet of the main canal as having significant seepage problems, but only the most critical 2,000 feet were selected for lining by this project. The lining of the canal will significantly reduce seepage, improve the canal bank stability, and save about 3,600 acre-feet of water annually. The water savings will be used to increase crop production and reduce damage to adjacent property.

Project Abstract: These funds will be used to support the needs of food banks throughout the state and could potentially purchase 300,000 to 500,000 pounds of food. Food pantries throughout Montana have experienced increased demands by the growing numbers of low income families needing food bank assistance. This funding is intended to purchase additional food items to meet the need to have food on the pantry shelves for those that need it.

SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will be used to continue cash asst for Montanans at the present level & offer a subsidized employment program. TANF cash asst is a program providing temp financial asst to needy families. TANF currently provides \$1.3 million per month in benefits to over 3,300 families. The TANF program allows support of subsidized employment for TANF eligible individuals. Through ARRA, 80 % of expenditures in this area can be recovered. Supported employment placements will be developed through WoRC contractors & will be available for up to six months starting July 1, 2009 thru Sept 30, 2010

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: Montana DEQ, in Partnership with Decker Coal Company, under ARRA of 2009. This project will repower 4 non-road coal hauling and dump truck engines in the state of Montana. These vehicles are owned and operated by Decker Coal Company. This funding will pay for 75% of the cost of the engines repowers. Decker Coal Company is responsible for contributing the remaining 25% of the cost of each engine repower. The primary goal of the project is to reduce exposure to toxic emissions from diesel exhaust. This project will also aid in the creation and/or retention of approximately 9.3 jobs.

Project Abstract: The Big Horn Conservation District is required to manage beneficial use of the water reservation granted to the Big Horn Conservation District. Currently, the district has allocated 46 percent of the acre-feet allocation, 40 % of the acres, and 77 % of the flow rate. This project will review and correct allocations in order to ensure that irrigation water continues to be available for future use. Big Horn CD will hire a contractor to complete a review of each reserved water allocation. The contractor will meet with the landowner at the irrigation site to complete a field inspection.

Project Abstract: The ARRA provides a one time appropriation of \$100 million nationally for equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Competitive awards are intended to help SFAs purchase, renovate, or replace equipment used in the National School Lunch Program. As required by the program, priority was given for SFAs having at least 50% of students eligible for free or reduced-priced meals. Montana's allocation is \$225,000.

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project ID: 690100000000008 **Project Name:** Weatherization **Project Category:** Energy and Weatherization **Sub Class:** 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5301EDERA000001		Project Name: DERA - Clean Diesel Grant			Project Category: Energy and Weatherization			Sub Class: 420W4					
Project Abstract: This request for applications (RFA) is intended to develop a list of potential candidates (private schools and public school districts) interested in replacing their existing diesel-powered school buses with new ones under the MT-SBR Project. MT-DEQ will review and rank the applications in order to select those most appropriate for funding under the DERA guidelines. A new school bus with fuel-operated heaters and safety equipment meeting EPA's2007 or 2010 emissions control standards is estimated to cost from \$50,000 to \$100,000 without

Project Abstract: These funds will be used to support the needs of food banks throughout the state and could potentially purchase 300,000 to 500,000 pounds of food. Food pantries throughout Montana have experienced increased demands by the growing numbers of low income families needing food bank assistance. This funding is intended to purchase additional food items to meet the need to have food on the pantry shelves for those that need it.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: These funds will be used to support the needs of food banks throughout the state and could potentially purchase 300,000 to 500,000 pounds of food. Food pantries throughout Montana have experienced increased demands by the growing numbers of low income families needing food bank assistance. This funding is intended to purchase additional food items to meet the need to have food on the pantry shelves for those that need it.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 69010000000003			Project Name: Comm Services Block Grant			Project Category: Health and Human Services		Sub Class: 855WB					
Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project ID: 35010000012 **Project Name:** ARRA Title I Part A **Project Category:** Education **Sub Class:** 160W2

Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) provides \$10 B nationally in additional FY 2009 Title I, Pt A funds for schools that have high concentrations of students from families that live in poverty in order to help improve teaching and learning for students most at risk of failing to meet state academic achievement standards. The funds create an unprecedented opportunity for educators to implement innovative strategies in Title I schools that improve education for at-risk students and close achievement gaps while stimulating the economy. Montana's allocation \$34.65 M.

Public Health and Human Services

Report Period Mar_11

Project ID: 69010000000013

Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 69010000000013

Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project ID: 69010000000008 **Project Name:** Weatherization **Project Category:** Energy and Weatherization **Sub Class:** 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: The Fort Shaw Irrigation District (FSID) is the second largest irrigation project on the Sun River. The district distributes water to approximately 11,600 acres on 177 farms between Simms and Sun River. This aging system has 12 miles of canal, 89 miles of laterals, hundreds of turnouts, and cement structures that need repair. The project will replace two turn-outs with precasted concrete, replace 2,800 feet of open canal to reduce erosion and to conserve 180 acre-feet/year; and line 1,400 feet of canal to conserve 1,080 acre-feet/year.

Project Abstract: The ARRA provides a one time appropriation of \$100 million nationally for equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Competitive awards are intended to help SFAs purchase, renovate, or replace equipment used in the National School Lunch Program. As required by the program, priority was given for SFAs having at least 50% of students eligible for free or reduced-priced meals. Montana's allocation is \$225,000.

Project ID: 690100000000007 **Project Name:** Temp Emerg Food Asst Pgr **Project Category:** Health and Human Services **Sub Class:** 855WE

Project Abstract: This program provides funds for the receiving, storing, distribution and delivery of the additional 339,930 pounds of commodity foods that will be purchased to replenish the empty food pantry shelves in Montana. The Montana Food Bank will receive 40% of the administration funds made available, which is \$28,887.60 in 2009 funds.

Project ID: 690100000000008 **Project Name:** Weatherization **Project Category:** Energy and Weatherization **Sub Class:** 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Report Period Mar_11

Project ID: 69010000000013 Project Name: Aging Services Program Project Category: Health and Human Services Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project ID: 690100000000005			Project Name: Supp Nutrition Asst Program			Project Category: Health and Human Services			Sub Class: 855WF				
Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project ID: 690100000000008 **Project Name:** Weatherization **Project Category:** Energy and Weatherization **Sub Class:** 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project ID: 690100000000008			Project Name: Weatherization			Project Category: Energy and Weatherization			Sub Class: 855WW					
Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 690100000000008			Project Name: Weatherization			Project Category: Energy and Weatherization			Sub Class: 855WW				
Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 690100000000008			Project Name: Weatherization			Project Category: Energy and Weatherization			Sub Class: 855WW					
Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5706000044			Project Name: North Baker WW System			Project Category: Water and Environment		Sub Class: 540W6					
Project Abstract: Fallon County formed the Fallon County North Baker Water and Sewer District in May 2004. The district comprises six residential and 22 commercial users. North Baker has no sanitary sewer system. Residents rely on septic tanks with drainfields or holding tanks. Failures of septic tank drainfields with sewage surfacing on the ground have been reported. The District proposed to install a conventional gravity wastewater collection system with connection to Baker. The city's existing treatment facility is capable of containing all of North Baker expansion.

Project ID: 690100000000005			Project Name: Supp Nutrition Asst Program			Project Category: Health and Human Services			Sub Class: 855WF				
Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will be used to continue cash asst for Montanans at the present level & offer a subsidized employment program. TANF cash asst is a program providing temp financial asst to needy families. TANF currently provides \$1.3 million per month in benefits to over 3,300 families. The TANF program allows support of subsidized employment for TANF eligible individuals. Through ARRA, 80 % of expenditures in this area can be recovered. Supported employment placements will be developed through WoRC contractors & will be available for up to six months starting July 1, 2009 thru Sept 30, 2010

Project ID: 69010000000008		Project Name: Weatherization			Project Category: Energy and Weatherization			Sub Class: 855WW					
Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5706000039				Project Name: Lewistown WW System	Project Category: Water and Environment	Sub Class: 540W6							
Project Abstract: Lewistown's wastewater facility serves 6,100 Montanans and 2,785 households. Hydraulically, the wastewater treatment plant receives an average additional flow of 730,000 gallons per day due to infiltrating groundwater. This flow decreases the growth capacity of the existing treatment system and inhibits the city's ability to meet anticipated future phosphorus levels. Lewistown proposed to rehabilitate or replace sewer mains to reduce inflow to the system. Thirteen blocks of particularly critical old sewer mains are proposed for replacement under this project.

Project ID: 5706000055		Project Name: Winifred WW System			Project Category: Water and Environment			Sub Class: 540W6						
Project Abstract: Winifred has a conventional gravity sewer collection system, mostly vitrified clay pipe. TV inspection of a portion of the collection system determined that it has considerable infiltration and inflow problems, most likely due to the age and condition of the facility and sump pumps. Excessive infiltration and inflow into the collection system and outfall piping create hydraulic overloading of the treatment facility. The project goals are to replace or rehabilitate sewer lines and eliminate groundwater pollution in town and reduce surface water degradation associated with the lagoon.

Project Abstract: The ARRA provides a one time appropriation of \$100 million nationally for equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Competitive awards are intended to help SFAs purchase, renovate, or replace equipment used in the National School Lunch Program. As required by the program, priority was given for SFAs having at least 50% of students eligible for free or reduced-priced meals. Montana's allocation is \$225,000.

Report Period Mar_11

Project ID: 690100000000013 **Project Name:** Aging Services Program **Project Category:** Health and Human Services **Sub Class:** 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project ID: 690100000000003 **Project Name:** Comm Services Block Grant **Project Category:** Health and Human Services **Sub Class:** 855WB

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project ID: 690100000000030			Project Name: Food for Food Banks			Project Category: Health and Human Services			Sub Class: 855W2				
Project Abstract: These funds will be used to support the needs of food banks throughout the state and could potentially purchase 300,000 to 500,000 pounds of food. Food pantries throughout Montana have experienced increased demands by the growing numbers of low income families needing food bank assistance. This funding is intended to purchase additional food items to meet the need to have food on the pantry shelves for those that need it.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5706000054		Project Name: Whitefish WW System			Project Category: Water and Environment			Sub Class: 540W6					
Project Abstract: The Whitefish sanitary sewer system experiences an estimated 78 million gallons per year of clear water infiltration through leaking sewer pipes and appurtenances. These flows contribute to overflows of raw sewage to the Whitefish River and also reduce treatment system efficiency. Whitefish will replace or rehabilitate about 10,325 lineal feet of sanitary sewer mains, rehabilitate up to 44 manholes, and construct a UV disinfection facility. This will reduce energy consumption by an estimated 3,500 kWh per year.

Project ID: 350100000001			Project Name: Schl Nutrition Equip Grants			Project Category: Education			Sub Class: 160W1				
Project Abstract: The ARRA provides a one time appropriation of \$100 million nationally for equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Competitive awards are intended to help SFAs purchase, renovate, or replace equipment used in the National School Lunch Program. As required by the program, priority was given for SFAs having at least 50% of students eligible for free or reduced-priced meals. Montana's allocation is \$225,000.

Public Health and Human Services

Report Period Mar_11

Project ID: 690100000000013		Project Name: Aging Services Program			Project Category: Health and Human Services			Sub Class: 895W1									
Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project ID: 690100000000003		Project Name: Comm Services Block Grant			Project Category: Health and Human Services			Sub Class: 855WB									
Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project Abstract: These funds will be used to continue cash asst for Montanans at the present level & offer a subsidized employment program. TANF cash asst is a program providing temp financial asst to needy families. TANF currently provides \$1.3 million per month in benefits to over 3,300 families. The TANF program allows support of subsidized employment for TANF eligible individuals. Through ARRA, 80 % of expenditures in this area can be recovered. Supported employment placements will be developed through WoRC contractors & will be available for up to six months starting July 1, 2009 thru Sept 30, 2010

Project ID: 690100000000008			Project Name: Weatherization			Project Category: Energy and Weatherization		Sub Class: 855WW					
Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 510200000000031			Project Name: MSU Energetic Consequences			Project Category: Education		Sub Class: WR122						
Project Abstract: The project will focus on the dynamical response following magnetic flux transferred by small scale-topological changes known as magnetic reconnection. The response is expected to propagate away from the flux transfer site, releasing energy stored throughout the large-scale magnetic field.

Project ID: 510200000000087			Project Name: MSU Networking Research			Project Category: Education			Sub Class: WR135				
Project Abstract: The Networking Research Resource Across American grant has formed a Consortium, Eagle-I, which will seek to identify existing research resources to create an easily searchable and consistent database including animal models, tissue banks, reagents and human health study protocols. The purpose of the inventory and database is to connect scientists with materials and technologies related to their research interests.

Project ID: 510200000000015			Project Name: MSU Quantitative Proteomics			Project Category: Education		Sub Class: WR102						
Project Abstract: Rotaviruses are the major cause of acute vomiting and diarrhea in children under 5 years of age. In developing countries, approximately 2 million children die of dehydrating diarrhea every year and nearly half of these are due to Rotavirus infection. This project will research mechanisms utilized by viruses to evade cellular antiviral responses and investigate viral-host interactions during Rotavirus infection.

Project ID: 510200000000019			Project Name: MSU Viral Infection Research			Project Category: Education		Sub Class: WR107					
Project Abstract: Research at MSU to test the hypothesis that the prion agent can be shed from olfactory neurons into nasal secretions and the amount of prion infectivity released will be enhanced under conditions that promote disruption of the of the olfactory epithelium. These studies can determine the role of olfactory neurons in prion shedding into nasal secretions and determine whether the ability of a common insult to the nasal epithelium to promote prion agent shedding could represent a novel mechanism to enhance prion transmission.

Project ID: 5706000042			Project Name: Manhattan Water System			Project Category: Water and Environment		Sub Class: 540W6					
Project Abstract: Manhattan's original water system, consisting of a developed spring 3.5 miles south of town and wood stave transmission and distribution system piping, dates to 1912. This project will replace about 2,000 feet of asbestos cement water main with pvc water main along a new alignment under the South Manhattan Road Interstate underpass. The project is part of a major capital improvements project that includes a water storage tank, water meters, a new water supply well, and installation of back-up power.

Report Period Mar_11

Project ID: 69010000000013 **Project Name:** Aging Services Program **Project Category:** Health and Human Services **Sub Class:** 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project ID: 69010000000003 **Project Name:** Comm Services Block Grant **Project Category:** Health and Human Services **Sub Class:** 855WB

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project ID: 690100000000030			Project Name: Food for Food Banks			Project Category: Health and Human Services			Sub Class: 855W2				
Project Abstract: These funds will be used to support the needs of food banks throughout the state and could potentially purchase 300,000 to 500,000 pounds of food. Food pantries throughout Montana have experienced increased demands by the growing numbers of low income families needing food bank assistance. This funding is intended to purchase additional food items to meet the need to have food on the pantry shelves for those that need it.

Project ID: 690100000000008 **Project Name:** Weatherization **Project Category:** Energy and Weatherization **Sub Class:** 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 35010000012			Project Name: ARRA Title I Part A			Project Category: Education		Sub Class: 160W2					
Project Abstract: The American Recovery and Reinvestment Act of 2009 (ARRA) provides \$10 B nationally in additional FY 2009 Title I, Pt A funds for schools that have high concentrations of students from families that live in poverty in order to help improve teaching and learning for students most at risk of failing to meet state academic achievement standards. The funds create an unprecedented opportunity for educators to implement innovative strategies in Title I schools that improve education for at-risk students and close achievement gaps while stimulating the economy. Montana's allocation \$34.65 M.

Project ID: 69010000000013

Project Name: Aging Services Program

Project Category: Health and Human Services

Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project ID: 690100000000030		Project Name: Food for Food Banks			Project Category: Health and Human Services			Sub Class: 855W2					
Project Abstract: These funds will be used to support the needs of food banks throughout the state and could potentially purchase 300,000 to 500,000 pounds of food. Food pantries throughout Montana have experienced increased demands by the growing numbers of low income families needing food bank assistance. This funding is intended to purchase additional food items to meet the need to have food on the pantry shelves for those that need it.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5706000021	Project Name: Cut Bank Water System	Project Category: Water and Environment	Sub Class: 540W6
Project Abstract: Cut Bank is implementing a program of annual distribution pipe upgrades to address aging pipe and fire flow deficiencies. Within Cut Bank, approximately 98,000 linear feet of pipe are over 100 years old and approximately 48,000 linear feet of pipe are undersized. In addition, the water distribution system leaks an average of 90 million gallons per year. This project replaces 6,000 feet of water main, and installs fire hydrants and gate valves.

Project Abstract: The ARRA provides a one time appropriation of \$100 million nationally for equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Competitive awards are intended to help SFAs purchase, renovate, or replace equipment used in the National School Lunch Program. As required by the program, priority was given for SFAs having at least 50% of students eligible for free or reduced-priced meals. Montana's allocation is \$225,000.

Project ID: 69010000000013 **Project Name:** Aging Services Program **Project Category:** Health and Human Services **Sub Class:** 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds will be used by local communities to support employment, food, housing and healthcare efforts. CSBG funds are utilized by the state's ten (10) Human Resource Development Councils (HRDCs) to provide projects and services in local communities including: child care, education and job training, provision of food, weatherization and energy assistance, and resource and referral services. The program assists approximately 35,000 households annually. ARRA funding will allow the HRDC network to expand existing activities and provide services for up to 15,000 additional households.

Project ID: 690100000000022			Project Name: IV-E Subsidized Adopt Paymnts			Project Category: Health and Human Services			Sub Class: 860W4				
Project Abstract: Children who are available for adoption through the Child and Family Services Division of the Montana Department of Public Health and Human Services have been removed from their own families because of abuse and neglect, or abandonment, and cannot safely remain at home. The rights of their parents have been terminated making the children available for adoption. Subsidies may be negotiated to help maintain the permanency of the adoption. ARRA funding will result in a higher federal contribution for these services.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will be used to continue cash asst for Montanans at the present level & offer a subsidized employment program. TANF cash asst is a program providing temp financial asst to needy families. TANF currently provides \$1.3 million per month in benefits to over 3,300 families. The TANF program allows support of subsidized employment for TANF eligible individuals. Through ARRA, 80 % of expenditures in this area can be recovered. Supported employment placements will be developed through WoRC contractors & will be available for up to six months starting July 1, 2009 thru Sept 30, 2010

Project ID: 690100000000008 **Project Name:** Weatherization **Project Category:** Energy and Weatherization **Sub Class:** 855WW

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project Abstract: The Child and Family Services Division is mandated by both state and federal laws to provide protective services to children who are abused, neglected, or abandoned. This includes receiving and investigating reports of child abuse and neglect and helping families stay together or reunite, and finding placements in foster or kinship homes. ARRA funding will result in a higher federal contribution for these services.

Project Abstract: Children who are available for adoption through the Child and Family Services Division of the Montana Department of Public Health and Human Services have been removed from their own families because of abuse and neglect, or abandonment, and cannot safely remain at home. The rights of their parents have been terminated making the children available for adoption. Subsidies may be negotiated to help maintain the permanency of the adoption. ARRA funding will result in a higher federal contribution for these services.

Project ID: 69010000000005													Project Name: Supp Nutrition Asst Program		Project Category: Health and Human Services			Sub Class: 855WF					
Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5706000032		Project Name: Granite Co SW Improvements			Project Category: Water and Environment			Sub Class: 540W6					
Project Abstract: The Granite County Solid Waste District operates two roll-off solid waste container sites, one in Philipsburg, MT and one in Drummond, MT. The district serves 2,460 residential and commercial customers throughout Granite County. The district will upgrade container sites at Philipsburg, MT and at Drummond, MT with equipment that will enable it to convert from a volume-based method of estimating weight to actually weighing materials as they are disposed of at the container sites.

Project ID: 5706000045		Project Name: Philipsburg WW System			Project Category: Water and Environment			Sub Class: 540W6					
Project Abstract: Philipsburg's wastewater infrastructure serves 951 persons through 550 connections, and consists of gravity sewers and a two-cell facultative lagoon from the 1960s. Effluent discharges to Flint Creek. Lagoon deficiencies include severe leakage to groundwater and capacity less than half of what is required. Philipsburg will construct a UV disinfection system, slip line the lagoon transmission line, and remove and dispose sludge from the lagoons.

Project Abstract: These funds will be used to support the needs of food banks throughout the state and could potentially purchase 300,000 to 500,000 pounds of food. Food pantries throughout Montana have experienced increased demands by the growing numbers of low income families needing food bank assistance. This funding is intended to purchase additional food items to meet the need to have food on the pantry shelves for those that need it.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5301EDERA000001			Project Name: DERA - Clean Diesel Grant			Project Category: Energy and Weatherization			Sub Class: 420W4					
Project Abstract: This request for applications (RFA) is intended to develop a list of potential candidates (private schools and public school districts) interested in replacing their existing diesel-powered school buses with new ones under the MT-SBR Project. MT-DEQ will review and rank the applications in order to select those most appropriate for funding under the DERA guidelines. A new school bus with fuel-operated heaters and safety equipment meeting EPA's2007 or 2010 emissions control standards is estimated to cost from \$50,000 to \$100,000 without

Project Abstract: The ARRA provides a one time appropriation of \$100 million nationally for equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Competitive awards are intended to help SFAs purchase, renovate, or replace equipment used in the National School Lunch Program. As required by the program, priority was given for SFAs having at least 50% of students eligible for free or reduced-priced meals. Montana's allocation is \$225,000.

Project ID: 69010000000013 Project Name: Aging Services Program Project Category: Health and Human Services Sub Class: 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5301EDERA000001			Project Name: DERA - Clean Diesel Grant			Project Category: Energy and Weatherization			Sub Class: 420W4				
Project Abstract: This request for applications (RFA) is intended to develop a list of potential candidates (private schools and public school districts) interested in replacing their existing diesel-powered school buses with new ones under the MT-SBR Project. MT-DEQ will review and rank the applications in order to select those most appropriate for funding under the DERA guidelines. A new school bus with fuel-operated heaters and safety equipment meeting EPA's2007 or 2010 emissions control standards is estimated to cost from \$50,000 to \$100,000 without

Project Abstract: The Child and Family Services Division is mandated by both state and federal laws to provide protective services to children who are abused, neglected, or abandoned. This includes receiving and investigating reports of child abuse and neglect and helping families stay together or reunite, and finding placements in foster or kinship homes. ARRA funding will result in a higher federal contribution for these services.

Project ID: 69010000000005		Project Name: Supp Nutrition Asst Program				Project Category: Health and Human Services			Sub Class: 855WF				
Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project ID: 690100000000008			Project Name: Weatherization			Project Category: Energy and Weatherization			Sub Class: 855WW					
Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5706000020													Project Name: CSKT Upper Jocko S Lining		Project Category: Water and Environment		Sub Class: 540W6	
Project Abstract: The Confederated Salish and Kootenai Tribes are improving irrigation infrastructure to decrease seepage to adjacent property, conserve water resources, increase instream flows available to the threatened bull trout, and increase crop yields. The irrigation system infrastructure was completed before 1940 and has deteriorated over time. The irrigation canals leak, resulting in less water available for instream flows and irrigation. The tribes will install Pond-Gard liner for 4,000 feet of the Jocko Upper S-1 Canal Reach.

Project Abstract: The Flathead Joint Board of Control (FJBC) is headquartered in St. Ignatius in Flathead County. The Jocko K Canal is part of an irrigation project serving 134,788 acres, with approximately 6,000 acres served by the Jocko K Canal. The project will line 4,000 feet of the Jocko K Canal with a Pond-Gard geomembrane liner. This will significantly reduce seepage, improve canal bank stability, and save about 3,600 acre-feet of water annually which will be used to provide additional instream flow for bull trout restoration

Project ID: 5706000035 Project Name: Jette Meadows Water Sys. Project Category: Water and Environment Sub Class: 540W6														
Project Abstract: The Jette Meadows Water and Sewer District is about five miles northwest of Polson and east of U.S. Highway 93 in Lake County. The existing water supply and distribution system serves 120 residential users. This project includes construction of a new 250,000-gallon above-ground storage tank, a transmission main to connect the new tank to the distribution system, an upsized main from the tank transmission main tie-in to the location of a proposed fire station, fire hydrants along the upsized main, and looping of dead-end mains in three critical areas of the distribution system.

Project ID: 5706000038		Project Name: Lake County LiDAR Map			Project Category: Water and Environment			Sub Class: 540W6						
Project Abstract: Lake County has identified the need for more accurate data to improve flood hazard mapping, identify steep slopes and environmentally sensitive areas, and better protect and restore riparian buffer areas. This project would use LiDAR technology to obtain two-foot contour elevation data for portions of the Flathead Basin, specifically Flathead and Swan lakes. The proposed project area includes 100 square miles of Lake County, primarily Flathead Lake shoreline, Flathead River, Swan Lake shoreline, the Swan River, the city of Polson, and smaller town sites.

Project ID: 350100000001		Project Name: Schl Nutrition Equip Grants				Project Category: Education		Sub Class: 160W1					
Project Abstract: The ARRA provides a one time appropriation of \$100 million nationally for equipment assistance to school food authorities (SFAs) participating in the National School Lunch Program (NSLP). Competitive awards are intended to help SFAs purchase, renovate, or replace equipment used in the National School Lunch Program. As required by the program, priority was given for SFAs having at least 50% of students eligible for free or reduced-priced meals. Montana's allocation is \$225,000.

Public Health and Human Services

Report Period Mar_11

Project ID: 690100000000013 **Project Name:** Aging Services Program **Project Category:** Health and Human Services **Sub Class:** 895W1

Project Abstract: Aging Services provides meal assistance. Meals on Wheels provides homebound seniors and adults with disabilities a hot lunch to meet their nutritional needs. The meal is delivered to their home through the Area Agencies on Aging and your local Senior Center. Meals are prepared under direction of a registered dietician. Special diets, such as diabetic, low salt and individual preferences, are usually accommodated.

Project Abstract: These funds will increase SNAP benefits 13.6 percent and provides funding for administrative costs. SNAP benefits provide eligible households an opportunity to obtain a more nutritious diet by supplementing their food budget. Additional benefits start at \$24 and increase depending upon the number of individuals in the household. There is also a rule change for individuals in the Able-bodied Adults Without Children category that removes the time limited benefit policy. The additional administrative funding is considered one-time-only.

Project Abstract: These funds will provide grants for local HRDC's. The Weatherization Program's mission is to increase the energy efficiency of homes occupied by low-income individuals, thereby reducing their energy costs. The program has reduced the annual heating costs of recipient households by an average of approximately 32%. It serves approx 2,000 high energy burden households each year. ARRA funding will allow the Weatherization Program to serve at least 2,500 more families & to double the average labor & materials expenditure per dwelling for cost-effective energy conservation measures.

Project ID: 5301EDERA000001 Project Name: DERA - Clean Diesel Grant Project Category: Energy and Weatherization Sub Class: 420W4

Project Abstract: This request for applications (RFA) is intended to develop a list of potential candidates (private schools and public school districts) interested in replacing their existing diesel-powered school buses with new ones under the MT-SBR Project. MT-DEQ will review and rank the applications in order to select those most appropriate for funding under the DERA guidelines. A new school bus with fuel-operated heaters and safety equipment meeting EPA's2007 or 2010 emissions control standards is estimated to cost from \$50,000 to \$100,000 without

Project ID: 5706000034	Project Name: Helena Valley ID Canal Lin.			Project Category: Water and Environment			Sub Class: 540W6						
Project Abstract: The Helena Valley Irrigation District (HVID) is between the Missouri River and the City of Helena and consists of about 17,000 irrigated acres serving 120 farms and ranches. The HVID Helena Valley Unit also supplies some drinking water to Helena. The HVID has 64.8 miles of canals and laterals; 12.9 miles have been lined or put into pipe. This project is part of an ongoing effort to improve the HVID's delivery efficiency in the irrigation system by installing a Pond-Gard liner through a 2,640-foot section of canal.

Project Abstract: Spring Meadow Lake State Park is an urban (Helena) state park with 85,000 visitors annually. The park is adjacent to the Montana Wildlife Shelter. Both the park and the shelter are contaminated with lead and arsenic, residuals from milling and tailings disposal during the World War I era. The Spring Meadow Lake Reclamation Project would remove these hazardous substances and transport them to the Luttrell Pit Repository. They will be encapsulated with wastes removed from mining sites in the Basin Creek and Tennile Creek National Priorities List Superfund sites.

Project ID: 5706000056 **Project Name:** Wolf Creek WW System **Project Category:** Water and Environment **Sub Class:** 540W6

Project Abstract: The Wolf Creek County Water and Sewer District is along Interstate 15 about 35 miles north of Helena. The area has no community water and sewer systems so each building is served by a private well and septic system. The water and sewer district will install a new gravity sewer collection system with one lift station, a moving bed bioreactor (MBBR) treatment facility, wastewater disinfection using ultraviolet (UV) light, and a direct discharge to Little Prickly Pear Creek. Existing private septic systems will be abandoned and district customers will be required to connect to the new system.
