Password

For assistance please contact AskITDS@dhs.gov

[Forgot password?](#)

On the login screen that displays, type your government email address in the User ID field.

Do you know your password?

- If yes, type it in the password field. For first time access, click on the link provided in the initial system generated email from the PGA Resource Center to establish a password.
- If no, click "**Forgot Password?**" and the PGA Resource Center will email you a link to reset your password.

Note: You must login to the PGA Resource Center within 24 hours of receiving the introductory email to set up your password. If your login has expired, use the **Forgot Password?** link.

Please note that you must close the PGA Resource Center browser before clicking on the link in the system generated email to reset your password.
